instructional context; bilingual special education; developmental disabilities; academic engaged behaviors; teacher behaviors; classrooms: elementary-level school; student behaviors, 17749
language learning task; high ability students; average ability students; instructional outcomes; Spanish language, 8978
language minority students; nonverbal tests; intellectual assessment; school psychologist; cognitive ability, 5791
second language learning; sign language as second language; kindergarten students; bilingual achievement; language development, 2689
special education system; cultural interpretations; disability conditions; developmental delays; cultural background; immigrants; bilingual education, 17756
Bilingualism—Serials
acquired language impairment; French; English; functional left hemispherectomy; Rasmussen syndrome; bilingualism; written communication; oral communication; linguistics; adolescent, 8649
age of acquisition; language exposure; cerebral activation; lexical retrieval; bilinguals; Spanish; Catalan; fluency; word retrieval; verbal fluency, 644
ambiguous sentences; english speakers; syntactic ambiguity resolution; processing strategies; parsing strategies; self-paced reading; english sentences; spanish speakers; bilinguality, 13119
beliefs; maintenance; minority language; Hispanic teenagers; Spanish; language proficiency, 15951
bicultural education; educational anthropology; Anthropologists education; multiculturalism; bilingualism; biculturalism; anthropology goals, 23833
bilingual children; attention; inhibition; monolingualism; neuropsychological assessment, 24933
bilingual children; grammatical development; preschool children; language impairment, 35162
bilingual children; literacy experiences; culture-sensitive pedagogy; literacy learning; teacher's cultural beliefs; Chinese-English speakers; kindergarten students, 14650
bilingual children; reading disability; nonbilingual children; second language acquisition; working memory; pseudoword reading; language proficiency; phonological memory; short term memory; reading, 13212
bilingual children; regular plurals; novel compound nouns; monolingual English; compound nouns; lexical creativity; bilingual acquisition; level-ordering, 932
bilingual development; language behavior; language development; socialization; children, 15954
bilingual memory; language organization; language knowledge; mechanisms; interactive-activation models; connectionist models; memory processes, 27538
bilingual thinking; bilingual acting; social meaning; psychological bilingualism, 15860
bilingualism; age differences; inhibitory mechanisms; Stroop test, 21980
bilingualism; aging; cognitive control; Simon task; older adults; executive function, 25085
bilingualism; constraints; identities; social phenomena; language maintenance; code switching, 15855
bilingualism; English as an additional language; language skill assessment; children, 5827
bilingualism; phonological awareness; Cantonese-speaking children; Mandarin-speaking children; monolingual speakers; bilingual speakers; Chinese children; tone awareness; age differences, 13169
bilinguals; memory; language; self construal; emotion; individualism; collectivism; biculturalism, 30725
Broca's area activation; inferior frontal gyrus; spoken language; sign language; cytoarchitectonic mapping; PET analysis; language production; bilinguals; complex movements, 3652
children; first words; bilingual environments; English; Mandarin Chinese; verb production; noun production, 15965
chronic pain; bilingual community; individual pain experiences; bilingual speakers, 6484
code switching; lexicon; compound nouns; plural nouns; multimorphemic elements; embedded language; matrix-language clauses; multimorphemic lexical units; bilingual code-switching data, 10095
cross-language masked priming; Korean-English bilinguals; semantics; phonology, 4046
differential bilingual laterality; age; environment; language acquisition; bilinguals, 9871
dual tasks; language perception; word perception; native language; second language; foreign language; event related potentials, 24733
English words; Chinese characters; Chinese bilinguals; semantic processing; brain activity; language; word frequency; visual evoked potentials, 3790
event-related potentials; beginning bilingual students; foreign language learning, 4027
event-related potentials; physiological correlates; receptive language-switching task; bilingual speakers; parietal areas; frontal area, 24683
expressive language assessment; children; Pakistani heritage background; bilingualism; test development, 3152
false memory; language processing; false recognition; list learning; independence-interdependence; Japanese; English; bilingual students; words; list language; test language, 21967
interlingual homophones; bilingual auditory word recognition; word identification; language membership decisions, 4056
language changes; bilingual children; Punjabi; English; language assessment, 14626
language changes; bilingual children; Punjabi; English; language assessment, 5828
language development; bilingual children; language impairement; age; Swedish-Arabic children; language impaired children; normally developed children; preschool children, 8098
language interaction; narratives; Spanish language; Nahuatl language; code mixing; story-telling; Spanish monolingualism shift; bilingual speakers, 13175
lexical access; bilingual speech production; language switching; proficient bilinguals, 27983
lexical richness; bilinguals; spontaneous speech, 4032
linguistic acculturation; polydrug use; Hispanic adolescents; bilingual students; parent child interaction, 13736
linguistic bands; Spanish language shift; English language shift; bilingualism; linguistic diversity; English; Spanish; Latinos; educational equity; social justice; parents; children, 34220
linguistic experience; hemispheric processing; lexical tone; hemispheric lateralization; Mandarin tone; bilinguals; Norwegian tone, 30884
literacy development; deaf students; bilingual teaching; bilingual learning; teaching strategies; learning strategies; American Sign Language; English as second language, 36212
literacy related difficulties; language backgrounds; phonological skills; developmental dyslexia; monolingual children; biligual children, 32020
masked translation priming; semantic priming; bilingual lexical processing; bilingual lexicon; lexical decision; semantic categorization, 24876
metacognition; paired-associate items; judgments of learning; Swahili-English translation, 18351
morphology; agrammatism; verb tense, 19830
morphosyntactic gender features; bilingual language processing; linguistic representations; models, 28014
multicultural multilingual students; language based curriculum; thematic bilingual curriculum; functional communication; group therapy; children; speech-language pathologist; special education teacher, 26988
naming; semantic representation; lexical access; bilinguals; language, 27987
number words; bilingualism; number translation; cognitive processing speed; semantic mediation; contextual association; Dutch; French, 33787
phonetic change detection; vowel difference; Finnish vs Hungarian language context; bilingualism; speech processing; event related potentials; deviance detection; mismatch negativity, 7084
phonological awareness; low-income children; bilingual preschool children; literacy acquisition; cross-language transfer; receptive vocabulary, 31141
phonology; assessment; Swedish-Arabic children; language impairment; bilingualism, 4816
positron emission tomography; bilinqual mental lexicon; congates; non-cognates; phonological retrieval, 559
proficient bilinguals; phonological priming; priming effect; balanced bilinguals; priming paradigm; target word, 18859
reading comprehension; metacognitive knowledge; developmental perspective; linguistic knowledge; speed components; processing speed; reading skills; first language; second language reading; components, 13214
reading development; English as a second language; bilingualism; at risk for reading problems; reading ability; spelling ability; verbal ability; verbal memory, 2788
repetition priming; picture naming; translation; bilingualism; picture identification; word retrieval; dominant vs nondominant languages, 370
sound; meaning; language proficiency; bilingual consumer environments; bilingual information, 33335
Spanish derivational morphology; native language; vocabulary acquisition; language proficiency, 12153
spanish-english bilinguals; phonological similarity; spoken word recognition; bilingual lexical activation; acoustic-phonetic information, 24402
speech-language pathologists; training; confidence; Spanish-English bilingual children; urban areas; rural areas; diversity, 20671
strategic responses; monolinguals; bilinguals; English speakers; German speakers; backchannel responses; Communication Accomodation Theory; backchannel responses; conversation, 849
supervision; bilingual counseling; service delivery; counselor training; research consideration; multicultural counseling, 23682
syntax; language; syntactic information; syntactic priming; Spanish-English bilingual language; shared lexical information, 24880
taboo words; emotional expressions; autonomic reactivity; English as a second language; Turkish-English bilinguals; psychophysiology; skin conductance, 3846
teacher efficacy; Mexican teachers; ethnic identity; personality traits; interests; occupational activity; interpersonal style; moral worth; self efficacy; bilingual teacher preperation, 23784
testing; assessment; counseling; Spanish-English bilingual Latinos, 18078
tip-of-the-tongue states; cognates; noncognates; translation effects; Spanish-English bilinguals; Tagalog-English bilinguals, 9651
tutoring programs; English reading development; phonics instruction; repeated reading; Spanish-dominant students; bilingual students; reading intervention, 36104
user modelling; news Web sites; word sense based techniques; bilingual sites, 33391
Bilingualism—Chapters
Bilingual visual word recognition: Evidence form masked phonological priming, 15307
Bilingualism and literacy, 23073
Differential use of cerebral mechanisms in bilinguals, 15996

Masked priming across languages: An insight into bilingual lexical processing, 15309
The phonetic systems of bilinguals, 15993
Binge Eating—Serials
anticipatory effects; food exposure; Bulimia Nervosa; binge; cephalic phase response, 35147
behavioral models; binge type eating; construct validity; animal models, 30814
binge eating disorder; cognitive-behavioural therapy; management; obesity, 5201
binge eating; age of onset; affective antecedents; affective consequences; anxiety; depression, 22759
binge eating; eating disorder; emotional factors; physiological factors; antecedents; sequelae, 22767
binge eating; melanocortin 4 receptor gene mutations; obesity; gene phenotype, 8085
binge eating; negative self-awareness; depression; avoidance coping; female undergraduate students; substance use, 19823
binge eating; psychological distress; ethnically diverse undergraduates; alexithymia; depression; anxiety, 32055
binge eating; women; binge eating disorder; rural Fiji; indigenous populations; prevalence; culture; dieting; attitudes; body shape; body image; weight, 4798
binge-eating disorder; zonisamide; drug therapy; flexible dosages; efficacy, 17061
body dissatisfaction; nonobese patients; bulimia nervosa; obese patients; binge eating disorder; drive for thinness; maturity fears; depression; comorbidity, 1729
bulimia nervosa; topiramate; binge; purge; antiepileptic drug; outcomes, 11502
clinical perfectionism; binge eating disorder; psychopathology; cognitive-behavioral analysis, 32317
comorbid bulimia; binge eating; impulsivity; reward sensitivity; alcohol abuse/dependence; bulimic women; Card Arranging Reward Responsiveness Objective Test; validity; etiology, 10708
diabetic females; recurrent binge eating; bulimia nervosa; integrated inpatient therapy, 1351
DSM-IV criteria diagnostic efficiency; obsessive compulsive personality disorder; binge eating disorder patients; adult patients; positive predictive power; negative predictive power, 16463
eating disorder; psychopathology assessment; obese children; obese adolescents; binge eating; interview; self report questionnaire, 24237
eating disorders; anorexia nervosa; bulimia nervosa; binge eating disorder; resources; patients with eating disorders; recognition; treatment; prevention; research, 28959
eating disorders; binge eating; eating behavior; distracting behaviors, 28948
eating disorders; bulimia nervosa; eating disorder professionals; food amount; binge eating, 13834
Eating disorders; depression; bulimia; weight control strategies,, 4536
eating disorders; research; Bulimia Nervosa; treatment; nosology; genetic factors; brain imaging; behavioral disturbance; anorexia nervosa; binge eating disorder, 35156
ego-state therapy; binge eating disorder; hypnotherapy, 5385
interrater reliability; test-retest reliability; Eating Disorder Examination; binge eating disorder, 9459
latent structure of DSM-IV eating disorder symptoms; anorexia; bulimia; binge eating disorder; eating disorder not otherwise specified; factor analysis; taxometric analysis, 26001
neuroactive steroids; binge eating disorder; obesity; plasma levels; dehydroepiandrosterone; DHEA sulphate; bulimia; malnutrition; tetrahydroprogesterone; cortisol, 4807
night time eating; binge eating disorder, 19812
nutrition expertise; eating disorders; anorexia nervosa; bulimia nervosa; binge eating disorder; medical nutrition therapy; education; subclinical eating disorders; obesity; dieting, 32049
obese binge eaters; binge eating disorder prevalance; sleep qualities; psychopathological features; treatment-seeking obese patients, 16570
obesity; children; adolescents; binge-eating disorder; BED; weight-loss treatment; objective bulimic episodes; bulimia, 4800
personality characteristics; restricting anorexia nervosa; binging purging anorexia; purging bulimia nervosa; eating disorder patients, 11117
prevalence; DSM-IV personality pathology; bulimia nervosa; binge eating disorder; obesity, 7772
primary care physicians; binge eating treatment practices; obesity treatment practices; physician knowledge; treatment recommendations, 23650
psychometric properties; Eating Disorders Inventory; binge eating disorder; bulimia nervosa; treatment, 172
psychopathological differences; morbidly obese; binge eating; bariatric surgery, 13835
restrictive anorexia nervosa; fasting ghrelin levels; binge eating; purging anorexia nervosa, 25999
serotonin; binge eating; transporter binding; treatment, 5354
serum cholesterol; suicidality; anorexia nervosa; self-injurious behavior; binge eating, 32053
weight loss; binge eating disorder; eating behavior; eating disorders, 22763
Binge Eating—Chapters
Eating disorders, 1970
Binocular Vision—Serials
3-D motion perception; accuracy; precision; observers; binocular vision; binocular cues; depth information; 3-dimensional motion trajectories; errors; estimation, 335
ambiguous figure; binocular rivalry; visual consciousness; perceptual alternation; visual awareness; gamma distribution, 6516
Bela Julesz; obituary; binocular vision; visual ability; texture; neuroscience; psychologists, 35954
binocular cues; prehension; binocular disparity; angle of convergence; binocular view; bi-ocular view; monocular view; performance, 18276
binocular depth inversion illusion; regular cannabis users; cognitive impairment; executive functioning; memory; personality, 1667
binocular input; local stereopsis; spatial frequency; fractal images, 9583
binocular summation; luminance contrast; binocular visual system; visual reaction time; chromatic changes; stereopsis; chromatic contrast, 6505
computational model; neural representation; multiple disparities; visual system; motion direction; same region; image; multiple surfaces; glass; stereopsis; transparency, 6164
dichoptic stimulus alternation; ayahuasca; binocular rivalry; hallucinogenic beverages, 27882
dominance in binocular rivalry; attention; object-based attention; object-based selection; awareness; stimuli discrimination, 24367
dyslexia; binocular vision; motor dissociated phorias; sensory adaptations; dyslexic symptoms; motor deviations; reading problems; writing problems; dyslexic readers; binocular anomalies, 1713
eye responses; dorsal lateral geniculate nucleus; cat; binocularity; postsynaptic potentials, 12905
inferior temporal cortex; horizontal disparity; stereoscopic vision; depth perception; visual pathway; neurons; visual images; false binocular matches; stereopsis; primates; humans, 15217
luminance gratings; disparity gratings; shading; stereopsis; binocular disparity; spatial frequency; spatial cues; depth cues, 18302
microsaccades; eye balance; eye fixation; eye movements; binocular coordination, 24385
midline binocular integration; corpus callosum; motion perception; dichoptic stimulation; congenital agenesis; callosotomy, 8299
monocular viewing conditions; spatial frequency thresholds; contrast levels; peripheral visual field; binocular summation; binocular viewing; fovea; eccentric retinal location, 21288
neural substrates; stereodepth perception; stereoscopic processing; human brain; binocular luminance rivalry; regional cerebral blood flow, 6889
normal visual input; monocular deprivation; binocular input; deprivation-induced acuity loss; central visual pathway; visual cortex; kittens, 12938
part structure; binocular disparity; contour curvature; convex regions, 30592
perceived distance; distance distortions; distance perception; binocular vision, 18275
pictorial relief; spatial orientation; picture surface; viewing conditions; frontal views; oblique views, 33719
quantitative depth; da vinci stereopsis; contralateral eye; monocular object; apparent depth; panum's limiting case; occlusion zones, 12596
right eye; left eye; object size; visual field; handedness; visual perception, 33722
stereo cues; motion cues; perceived shape judgements; binocular disparity; motion parallax; visual system; viewing distance, 27450
visual perception; binocular disparities; visual images; coarse-scale-to-multiscale progression; fine-scale-to-multiscale progression; systems learning; simulations, 6152
visual perception; trajectory direction; binocular vision; motion-in-depth; depth perception, 30630
Binocular Vision—Chapters
Callosal axons and their development, 15624
Binomial Distribution—Serials
success rate bias; binomial effect size display; overestimation, 18214
Bioavailability—Serials
bioequivalence; therapeutic efficacy; generic psychoactive drugs; branded psychoactive drugs, 8486
gabapentins; GBP; anti-epileptic drugs; high dose escalation; L-amino acid transport system; serum concentrations; pharmacokinetic; PK; epilepsy patients; bioavailability; hepatic enzyme; saliva, 5265
loratadine; ambroxol hydrochloride; tablet formulations; pharmacokinetic properties; throat soreness; cough; respiratory conditions; combination therapy; bioavailability; adult males, 7274
psychopharmacology; atypical antipsychotic drugs; conventional antipsychotic drugs; drug administration methods; risperidone; pharmacokinetics; pharmacodynamics; bioavailability, 7179
risperidone; pharmacokinetics; schizophrenia; tolerability, 32432
Biochemical Markers [See Biological Markers]
Biochemistry [See Also Neurochemistry]—Serials
androgen physiology; androgen insufficiency; androgen replacement; androgen assays; androgen biochemistry, 30920
arachidonic acid cascade; affective disorders; mood stabilizers; antidepressants; prostaglandins; neurotransmission; mood disorders; bipolar disorder; depression; depression; essential fatty acids, 28672
biochemical alterations; behavioral alterations; immunohistochemical manifestations; mice; methyl-phenyl-tetrahydropyridine hydrochloride; mouse models; Parkinsons disease, 24822
brain biology; psychiatric nursing; human brain; anatomy; biochemistry; connections; psychobiology, 14372
corticosterone radioimmunoassay; plasma; fecal samples; oldfield mouse; biochemical validation; physiological validation, 7096
diet-induced obesity; genetic vulnerability; metabolic syndrome; signal transduction; biochemical changes; molecular aspects; C57BL/6J mouse; catecholamine signaling; adipose tissue, 24612
ecstasy; MDMA; long-term effects; behavioural changes; cerebral dopamine; dopamine system; acute effects; biochemistry; dopamine neurotoxin; 3,4-methylenedioxymethamphetamine, 25869
frontotemporal dementia; biochemical classification; structural abnormalities; biochemical studies; Picks disease; neuropathology; 4R-T Tauopathies; motor neuron diseases, 5039
hemispheric dominance; isoprenoid pathway; digoxin synthesis; neurotransmitter patterns; neoplasms; neurogenetic disorders; Huntington's disease; trisomy 21; glioblastoma multiforme; lymphoma, 16609
hemispheric dominance; myalgic encephalomyelitis; chronic fatigue syndrome; isoprenoid pathway; hypothalamic digoxin, 16610
hypothalamic digoxin; hemispheric chemical dominance; Tridosha theory; Ayurveda; biochemical differences, 17106
Parkinson's disease; methylation; prenylcysteine analogs; S-adenosylmethionine; movement deficits; tremor; prenylation; animal model; rats; biochemistry, 7219
pharmacology; biochemistry; behavior, 30817
red blood cells; mental disorders; biochemical alterations; erythrocyte membrane; psychopathology; schizophrenia; depression; bipolar disorder, 10717
Biodata [See Biographical Data]
Bioequivalence [See Bioavailability]
Bioethics—Serials
advance directives; medical ethics; patient participation; geriatricians; euthanasia, 8974
bioethics; biomedical science; political distortion; stem cell research, 36027
bioethics; medical science; politics, 36018
bioethics; medical science; politics; stem cell research, 36022
bioethics; politics; biomedical science; stem cell research, 36017
cooperation despite disagreement; healthcare; health care providers; health care patients; conflict resolution; bioethics; politics; morality; health care policy, 14615
Declaration of Helsinki; World Medical Association; US Food and Drug Administration; placebo controls; randomized trials; pharmaceuticals; bioethics; beneficial treatment; effective therapy, 14607
discursive psychology; bioethics; patient expectations; false beliefs; unrealistic expectations; information-processing; discursive processing; medical treatment; patient report interpretation, 23746
doctor-patient relationship; informed consent process; medical decision-making; prognostic disclosure; patient involvement; terminally ill patients; oncologist; cancer patients; client education, 14604
embryonic stem cells; medical research; bioethics; human embryos, 36024
end-of-life care; occupational background; end-of-life decisions; hospice care; biomedical interventions; bioethical laws; education level, 8802
ethical conduct; professional conduct; medical students; medical education; assessment measures, 32968

ethical problems; evidence based medicine; complementary medicine; alternative medicine, 32970
ethics; evidence based surgery; surgical practice, 32990
government; politics; Controlled Substances Act; Partial Birth Abortion Ban Act; stem cell research; bioethics, 36037
health care decisions; clinical medicine; subjective medicine; patient autonomy; patient-centered outcomes; bioethics; patients value; medical care; quality of life, 23526
health care; ethics; medical decision making; resource allocation; physician attitudes; policy makers, 32991
medical futility; paternalism; Hippocratic tradition; medical ethics; conflict mediation; life saving treatment; physicians; doctor patient relationship; individual autonomy; abandonment, 36021
medical malpractice; malpractice law; personal-injury law; care standards; malpractice litigation; unsafe practices; negligence compensation, 14611
neuroethics; historical trends; emerging trends; neuroimaging; functional magnetic resonance imaging; neurosciences, 21600
palliative care service; Euthanasia; ethics task force, 8748
quality of care; ethics outcome; quality improvement program; depression; primary care; patient centeredness, 29619
request for euthanasia; clinical practice guideline; health care laws; ethics, 32972
research ethics; experimental design; research samples; population diversity; minorities; quantitative research; qualitative research, 32964
research ethics; health care; developing countries; bioethics; care standards, 32983
Sri Lanka; cross-cultural research; capacity building; multidisciplinary research; bioethics; collaboration; multi-disciplinary team efforts, 6461

Biofeedback [See Also Biofeedback Training]—Serials

baroreceptor sensitivity; cardiovascular health; cardiac reflex function; biofeedback; blood pressure, 34126
behavioral management; respiratory dysfunction; phonatory dysfunction; dysarthria; biofeedback; device utilization; physiologic variables, 16581
biofeedback; heart rate variability; vagal baroreflex gain; pulmonary function; peak expiratory flow; neuroplasticity, 683
bruxism; relaxation; nocturnal alarm; nocturnal teeth grinding; biofeedback; electromyographic activity, 26449
chronic obstructive pulmonary disease; heart rate variability intervention; self-reported disability; spontaneous breathing; daily home practice; biofeedback, 26450
EEG biofeedback; placebo treatment; attention-deficit hyperactivity disorder; ADHD; behavioral symptomatology, 4768
evidence-based practice; biofeedback; neurofeedback; health services delivery, 35762
individual adjustment; heartbeat perception; discrimination task; perception tasks, 9942
migraine headache; biofeedback-assisted relaxation; cerebral blood flow; middle cerebral artery; anxiety; depression, 17135
neurofeedback; technology; psychology; efficacy, 5393
panic disorder; respiratory feedback; breathing training method; respiratory biofeedback, 14209
primary care setting; treatment patients; treatment time; medical costs; psychophysiological treatment; irritable bowel syndrome; biofeedback therapist; noncardiac chest pain; complete treatment, 26460
somatoform disorders; biofeedback therapy, 20421

Biofeedback [See Also Biofeedback Training]—Chapters

Use of imagery in the treatment of cardiovascular disorders, 23356

Biofeedback Training—Serials

biofeedback-assisted relaxation; cerebral palsy; progressive relaxation exercises; musculoskeletal problems; physiological changes; self-reported pain; chronic pain, 26447
galvanic skin response; biofeedback training; adult epilepsy; seizure reduction; seizure frequency; treatment-resistant epilepsy, 23399
panic disorder; respiratory feedback; breathing training method; respiratory biofeedback, 14209
thought translation device; slow cortical potentials; spelling accuracy; severely paralyzed patients; communication; brain-computer interface; feedback training; EEG classifications, 5006
verbal communication; movement imagery; severe cerebral palsy; electroencephalography-brain-computer interface; paralysis; EEG feedback training; motor impairment; event related synchronization, 5667

Biographical Data—Serials

biographical data; biodata measure; situational judgment inventory; college student performance; college entrance tests; Big Five personality constructs; racial subgroups scores; student selection, 15106
electronic resumes; paper resumes; job applicants; attributes, 27041
Max Friedrich; experimental psychology; Wilhelm Wundt; family background; life experiences; teacher; mathematics, 30348
memory distortion; fictional adolescent; biographical sketching; subjective past; subjective present; personality change; autobiographical memory, 18394
semantic memory; biographical knowledge; face recognition, 29124
Veterans Affairs administrative data; patient self report; race; ethnicity; American patients; Asian patients; Pacific Islander patient, 13308

Biography [See Also Autobiography]—Serials

Bertrand Russell; cognitive therapy; psychological problems; painful emotions; emotional problems; cognitive solutions, 16985
Georg von Bekesy; auditory system research; psychoacoustics; inner ear; sensory inhibition; Nobel Prize winner; biography, 344
Lopez Pinero; medical historiography; scientific communication; medical school professor; journal information, 39
physical mediums; Francis Ward Monck; parapsychologists; human nature; fraud accusation; deception, 33897
power; human heart; presentation; Trisha Meili; Central Park Jogger; Jon Kabat-Zinn, 33893
scholarly biography; counselor educators; R. Vance Peavy; counsellor education; life experiences, 24154

Biography [See Also Autobiography]—Chapters

George Alexander Kelly: The man and his theory, 16329

Biological Clocks (Animal) [See Animal Biological Rhythms]

Biological Family—Serials

adolescent problem behavior; psychological adjustment; adopted adolescents; adoptive families; adopted persons; search; openness; adolescent; family, 7445
adoption; counseling psychologists; legal developments; history; adoptees; birthparents, 2023
adoptive families; counseling psychology; familial functioning; parent-child communication, 1120
biological families; foster children; family status; acute illness; weight gain; marital status; foster care; acute refugee crisis, 10392
child behavior reports; parents; teachers; foster parents; behavior problems; depressive symptoms, 4709
counseling psychology; adoption; adopted persons; adoptive family; birth-family members; interracial adoption, 1988
genetic linkage; chromosomes; genotype; parent of origin; schizophrenia; bipolar affective disorder, 28670
graphesthesia task performance; biological relatives; schizophrenia; somatosensory processing task, 28690
infant adoption; open adoptions; adoptive parents; parental feelings, 7557
negative cognitions; emotional problems; traumatic grief; depression; anxiety; bereavement; symptom severity; loss of first degree relative; adults, 1366
new genetics; family kinship; United States; biomedicine anthropology; medicalization; genetic inheritence; ethical dilemmas; future health; disease alleviation; longevity; medical genetics, 540
openness in adoption; adoption policy; adoptees-rights movement; adoption policy changes; adoptive parents; birth parents, 29701

Biological Markers—Serials

acute stress; gender; isatin; serum; heart tissue; brain; rats, 18665
adolescent cigarette smoking; self-report verification; biochemical measurements, 13236
Alzheimer's disease; amyloid; phosphorylated tau; biochemical markers; cerebrospinal fluid biomarkers; dementia, 8217
Alzheimers disease; mild cognitive impairment; biomarkers; drug development; screening; neuroimaging; therapeutic trials, 8245
amyloid peptides; cerebrospinal fluid; biomarkers; Alzheimer's disease, 20014
animal welfare assessment; Quality of life; chronic pain; animal welfare; biochemical markers, 6252
antidepressant response; antidepressant drugs; psychological predictors; biological predictors; drug therapy; treatment outcomes, 29323
biochemical properties; toxicological properties; alcohol metabolism; CYP2EI; oxidative stress; pharmacology; human heptoma; HepG2; toxicity, 24793
bioelectrical impedance; hydration status; behavioral medicine research; psychophysiology, 662
bioethics; early intervention; schizophrenia; genetic markers; risk factors; ethics frameworks; conceptualization of disease; scientific uncertainty; risk factor ethics, 12062
biological markers; psychophysiological methods; long term response predictors; fluoxetine treatment; dexamethasone, 26362
bipolar affective disorder; schizophrenia; linkage; chromosome 3q29; genome; genotyped markers; family, 19342
bipolar disorder; psychomotor performance; healthy first-degree relatives; excecutive cognitive functioning; serotonergic vulnerability; L-tryptophan; trait marker; attention; memory; learning, 10044
bipolar disorder; psychomotor performance; healthy first-degree relatives; excecutive cognitive functioning; serotonergic vulnerability; L-tryptophan; trait marker; attention; memory; learning, 10027
cavum septi pellucidi; schizophrenia; alcoholism; prior head trauma; morphological differences, 31663
cerebral glucose metabolism; frontotemporal dementia; metabolic deficit; caudate nuclei; glucose uptake, 32153
cognitive impairment; neuropsychology; Hispanic women; immunity; macrophage; fingerprinting; monocyte-derived macrophages; MDM; HIV-1-associated dementia; HAD; biological markers, 1806
course of depression; major depressive episode; suicidality; history of attempted suicide; serum cholesterol concentrations; serum lipid concentrations, 10739
cystatin C; cerebrospinal fluid; biomarker; dorsal horn; obstetrical patients, 22830
degenerative dementias; nincds-adrda criteria; tau concentrations; diagnostic methods; CSF assay; alzheimer disease; biological markers, 8324
emotions; feelings; electrophysiological markers; frontal electroencephalogram alpha activity; neurophysiology, 34087
endophenotypes; psychiatric disorders; biological markers; genotypes; phenotypes, 19312
fragile X disorder; fragile X mental retardation protein; biological markers; cognitive impairment; executive function; sex differences; mutation vs premutation; genotype; phenotype, 1783
frailty; frail older patients; health care outcomes; rehabilitation; clinical markers; cognitive impairment; affective disorders; health outcome; functional status; prognostic factors; comorbidity, 23598
genes; bipolar disorder; genetic markers; genomic interaction; chromosomes, 7837
genetic marker; corticotropin-releasing hormone; behavioral inhibition; anxiety disorders; phenotype, 7947
growth hormone; growth hormone releasing hormone; clonidine; secretagogue stimulation response; anxiety disorder; depressive disorder; biological markers; blunted GH response; behavioral inhibition, 705
head injury; biochemical markers; disability; serum level; serum marker protein; brain damage, 23011
head injury; biochemical markers; disability; serum level; serum marker protein; brain damage, 23019
hepatitis C; white matter; N-acetylaspartate; methamphetamine dependency; choline; myo-Inositol; creatine; phosphocreatine; neuronal injury; comorbidity, 10682
HIV-associated dementia; etiology; autoimmune markers; antibrain antibodies, 16820
human motion estimation; motion tracking; biomechanical model; virtual markers; spatial reconstruction, 6491
inflammation markers; cognition; healthy aging population; cognitive performance; serum inflammatory protein levels, 3836
insulin sensitivity; fat oxidation; high fat meal; familial weight; normal body weight; familial predisposition; overweight; energy expenditure; lipid oxidation; postprandial abnormalities, 7095
Japanese macaques; mother-infant relationships; estrogen metabolites; rhesus macaques; captive social groups; maternal behavior; metabolite levels; perinatal period; peripartum period; pregnancy, 15382
lymphocytes; psychiatric disorders; central nervous system; genetic probe, 18537
major depression; nitric oxide; plasma concentrations; endothelial cell; asymmetric dimethylarginine concentrations, 25593
mean corpuscular volume; aldehyde dehydrogenase-2 genotype; alcoholism; acetaldehyde, 11031
memory disorders; radial arm; prefrontal cortical areas; receptor autoradiography; cardiovascular disease; central nervous system; cholinergic function; memory performance; cholinergic marker, 21594
mild cognitive impairment; cerebrospinal fluid; dementia with lewy bodies; Alzheimeer's disease; neurodegeneration; dementia therapy; biochemical markers; total tau; beta-amyloid, 8251
mismatch negativity; schizophrenia; cortical activity; auditory stimuli; marker of genetic vulnerability, 19426
mitochondrial dysfunction; autistic patients; inverted duplication; chromosome; mitochondrial enzyme assay; perinatal courses; respiratory chain block, 16530
neonatal brain damage; non protein bound iron; pathophysiological mechanisms; brain injury; foetal oxidative stress; neurodevelopmental outcome; free radicals; at risk populations, 22915
neural response patterns; emotive stimuli; symptom dimensions; obsessive-compulsive disorder; neurobiological markers; neural system abnormalities; emotion perception, 34919

neurological soft signs; nonverbal memory performance; obsessive-compulsive disorder, 4663
neuronal expression; glial fibrillary acidic protein; Alzheimers disease; GFAP splice forms; biomarker; glia; neurons; hippocampus, 13956
nondiabetic Asian Indians; insulin sensitivity; insulin clearance; raised leptin; Caucasian subjects; Chinese subjects; ethnic groups, 7100
phenylthiocarbamide tasting; family history; depression; vulnerability, 22498
plasma homocysteine levels; CNS disease risk factor index; schizophrenia, 31763
platelet serotonergic markers; psychopathological scales; diagnostic screening; psychotic disorder; depressive disorder; differential diagnosis; psychiatric disorders, 10719
polymorphism; dopamine D4 receptor gene; attention-deficit hyperactivity disorder; ADHD; biological markers, 4771
positron emission tomography; single-photon emission computed tomography; biological markers; disease course; Parkinsons disease; neuroprotection, 20461
postictal serum levels; antiepileptic drugs; medication noncompliance; indicator; biological marker; epileptic seizures; epilepsy; detection; drug therapy; serum concentration, 2320
recidivists; biological markers; personality traits; psychopathy; antisocial behavior; hypothalamic-pituitary-thyroid axis; forensic psychiatric evaluation; triiodothyronine; thyroxin; platelet MAO, 11058
salivary cortisol; self-reported stress; mental stress; biomarker, 21784
salivary testosterone; biomarkers; gender differences; serum-saliva association; pubertal development; individual differences; biosocial research, 34153
sigma 1 receptor gene; schizophrenia; disorder susceptibility; genetic polymorphism; biological markers, 34885
spatial working memory ability; marker; risk-for-psychosis; cognitive deficit; schizophrenia; onset; ultra high-risk individuals; negative symptoms, 7918
speech processing; handedness; anatomical markers; planum temporale; hemispheric specialization; functional variability, 9848
spit tobacco; chewing tobacco; nicotine absorption; nicotine exposure; cotinine; biomarkers; tobacco juice swallowing, 13396
stress recovery; ocean boat race; catabolism; anabolism; testosterone, 35369
stress; endocrine measures; self rated health; predictive validity, 1769
sulfatide level; brain metabolism; biochemical marker; Alzheimer disease; AD; mild dementia; cerebrospinal fluid; (CSF); CSF sulfatide; phosphatidylinositol levels; AD diagnosis, 2297
temporal horn; alzheimer's disease without cerebrovascular disease; medial temporal lobe atrophy; markers; CT-based measurement; validation; accuracy; sensitivity; diagnosis, 27342
tumor necrosis factor-a; genes; polymorphisms; chronic schizophrenia; cytokines; genetic markers; genotypes; alleles; risk factors, 7906

Biological Markers—Chapters

Advances in early diagnosis and differentiation of the dementias, 16861
Human aggression: biological correlates and environmental influences, 16494

Biological Psychiatry—Serials

biological psychiatry; 59th Annual Meeting of the Society of Biological Psychiatry; psychiatric disorders; brain; morphology; neurotransmitters, 22395
biological psychiatry; pediatric neuroscience; genetics; clinical trial, 29214

Biological Rhythms [See Also Animal Biological Rhythms, Human Biological Rhythms, Sleep Wake Cycle]—Serials

circadian behavioral rhythm; behavioral rhythmicity; central circadian pacemaker; genetically arrhythmic mice; circadian rhythmicity; suprachismatic nucleus graft; peripheral circadian clockworks; SCN, 3835
circadian rhythms; circadian clock; naturally occurring variation; adaptive significance; plant fitness, 6807
endogenous biological rhythms; suprachiasmatic nucleus; retinal ganglion cells; retinal mechanisms; hypothalamus; mammalian photoentrainment; retinal proteins; melanopsin; photoreceptors; photopigment, 15220
environmental influences; environmental factors; molecular mechanisms; circadian clocks; entrainment; light; temperature; neurospora; circadian rhythms, 15692
learning objectives; undergraduate medical education; medical school curricula; sleep; circadian rhythms, 5782
mental walking; time production task; mental imagery; imagery tasks; arousal level; internal clock speed; temporal homology; sound stimuli, 33815

Biological Symbiosis—Serials

Braconid wasps; hymenopteran parasitoids; complex odor bouquets; associative learning; odor perception; parasitoid host location, 15377
brood parasitism; brain size; cuckoos; functional relationships; phylogeny, 21606
conspecific brood parasitism; kin selection; kin recognition system; common goldeneye; precocial birds; Bucephala clangula; host-parasite relatedness, 21481
foraging decisions; wasps; parasitoid foraging; host vibrations; host-parasitoid interaction, 18478
life expectancy; Mastrus ridibundus; host encounter rate; brood size; laboratory conditions; insect parasitoids; field conditions, 12746
nestling brown-headed cowbirds; host offspring; rearing; interspecies interaction; mortality; host tolerance; brood parasite species; symbiosis; nests, 507
parasitic eggs rejection; egg appearance; magpies; egg discrimination, 24577
prey species; bivalve feeder; polychaeta; toxic mucus; dependency predation; foraging experience; Halla Okudai, 6734
reproductive success; hatching success; shiny cowbird; parasitized nests; parasite eggs; parasite chicks; egg punctures, 6722
social parasitism; male-producing reproductive workers; eusocial insect; extreme cooperation; worker caste; reproduction; eusocial Hymenoptera; male offspring; bumble bee; Bombus terrestris; colonies, 30798
tree-killing species; scolytidae; beetles; bore galleries; postlanding behaviors; on-bark behavior, 27644

Biology [See Also Botany, Neurobiology, Sociobiology]—Serials

alcoholism treatment outcomes; alcohol drinking; psychosocial variables; biological variables; indicators of change, 20642
biohistory; ethical guidelines; genetics; research; bioanalysis; historical figures, 26847
biologic perspective; erotic development; infants; toddlers; prepubescent children; sexual activity; sexuality; sexual development; well-being; life satisfaction, 31267
bioscope; living matter; light source; sensor; photodetector; environmental temperature; physiological states, 18223
biotechnology; scientific literacy; mass media, 27687
childrens misconceptions; biological concepts; life; aging; reproduction; illness; death; children knowledge, 34289
chimerism; mosaicism; cultural construction; kinship; xenotransplantation; biological mechanisms, 25267
cognitive system; symbols; constituent processing; distributed representation; sub-symbolic representation; integrated approach; cognition; biology; Adaptive Character of Thought Rational, 9660
conservation biology; comparative psychology; animal communication, 3455
depression; female adolescents; adolescent development; social development; biology, 19378
gender differences; unipolar depression; biology; gonadal hormones, 19392
high school biology; World Wide Web; WWW; atomic force microscope; student knowledge; viruses, 17646
impulsive choice; mice; sooner smaller choice; later larger choice; biological factors; genetic factors, 27627
molecular biology; human circadian rhythm syndrome; circadian rhythms; clock genes; sleep disorders; suprachiasmatic nucleus, 11137
nocturnal panic; nocturnal panic disorder; panic attacks; biology; psychopathology, 10831
preadolescents; learning transfer; induction; biology; naive theory, 34298
procedural knowledge; molecular biology; perceptual-motor skills; cognitive skills; prepositional knowledge; knowledge acquisition, 9680
questionnaires; academic disciplines; psychology; biology; learning style; study processes; academic disciplines, 23891
race; brain size; IQ; biology; reductionism; determinism; cognitive ability, 18355
research; bioecology; human potential, 12572
research; bioecology; human potential, 305
social learning; imitation; psychology; biology, 33925
sociology; biology; body; emotion; health, 22155

Biology [See Also Botany, Neurobiology, Sociobiology]—Books

Chaos and life: Complexity and order in evolution and thought, 7514
Chase, chance, and creativity: The lucky art of novelty, 3111
Chronobiology: Biological timekeeping, 538

Biology [See Also Botany, Neurobiology, Sociobiology]—Chapters

The biology of puberty: New developments in sex differences, 10158
Lessons learned from blended biology classes, 2763
Molecular biology of circadian pacemaker systems, 664

Biopsy—Serials

distress; coping; perceived personal risk of positive biopsy finding; breast cancer; screening; demographic variables; women, 4935

Biopsychosocial Approach—Serials

adaptationism; biopsychosocial approach; Darwinian psychiatry; Evolutionary Psychology; evolutionary psychopathology; psychopathology, 4509
alcohol expectancies; antecedents; risk factors; protection factors; expectancy mediation; common expectancy factors; unique expectancy factors; models; biopsychosocial risk, 10976
anger; pain; anger research; biopsychosocial mechanisms; anger-pain relationships; chronic low back pain; chest pain; pain following spinal cord injury; cancer pain; clinical studies; treatment, 16600
biopsychosocial domains; medical interview; primary care; construct validity; Verona Medical Interview Classification System; patient characteristics; physician-patient interaction, 27349
biopsychosocial model; health psychology; behavioral medicine, 14231
biopsychosocial model; psychological treatments; psychosomatic conditions; noncardiac chest pain, 20452
challenging behaviour; intellectual disability; behavioural approaches; psychiatric illness; behavior management; biobehavioral approach, 1923
disordered eating; muscularity; adolescent boys; associated factors; leanness; biopsychosocial model; risk factors, 13839
family functioning; medical residency; family relations; psychiatric illness; recovery patterns; biopsychosocial treatment; family coping; graduate medical education competency; Psychiatric training, 32916
health psychology; trends; future; contextual competency; psychosocial interventions; technological advances; biopsychosocial model; health care costs, 14225
independent predictors; cancer-related fatigue; clinically significant fatigue; biopsychosocial model; independent variables; cancer patients; fatigue severity, 8179
mind; contemporary hospital treatment; length-of-stay; inpatient treatment program; biopsychosocial approach, 5662
mood changes; pregnancy; postpartum period; human females; biopsychosocial model development, 27843
motivation; schizophrenia; biopsychosocial understanding; personal experiences, 16426
multiple sclerosis; health care needs; needs assessment; patients; health care utilization; biopsychosocial case complexity, 20532
pain; traumatic injuries; mind-body dualism; biopsychosocial assessment; theories; disability attitudes; models, 29223
physiological psychology; psychological processes; comparative psychology; physiological studies; biopsychology, 12956
premenstrual dysphoric disorder; biopsychosocial approach; epidemiology; etiology; treatment, 1443
psychiatric disorders; nonpsychiatric disorders; mind body relations; etiology; biopsychosocial approach; medication; psychotherapy, 7756
psychiatric disorders; psychiatric evaluation; therapeutic context; treatment plan; diagnosis, 29626
psychiatric residents; family functioning; psychiatric illness; graduate medical education; competency requirements; knowledge level; attitude; recovery; biopsychosocial treatment, 32905
psychooncology; psychosocial interventions; biopsychosocial oncology; Bernard H. Fox; research; randomized clinical trials, 32250
racial patterns; ethnic patterns; parental beliefs; etiological explanations; youth problems; biopsychosocial beliefs; mental health problems, 28619
research; psychosomatic medicine; biopsychosocial medicine, 29465
self-esteem; self-doubt; cardiovascular reactions; self-esteem stability; biopsychosocial model; performance feedback; failure condition; success condition; relative threat; relative challenge, 28507

Biopsychosocial Approach—Chapters

Health counseling: Assessment and intervention, 16951
Links between traumatic family violence and chronic pain: Biopsychosocial pathways and treatment implications, 5154
Menopause and the lives of midlife women, 16967
Psychologists promote biopsychosocial health for families, 20446
Psychophysiological disorders, 2280
Through the eye of the needle: The emerging adolescent, 16047
Women and sexually transmitted diseases: A biopsychosocial perspective, 16222

Biopsychosocial Model [See Biopsychosocial Approach]

Biosynthesis—Serials
inhibition effect; serotonin biosynthesis inhibition; antinociception; antinociceptive activity; nonsteroidal anti-inflammatory drugs; mice; intraperitoneal p-chlorophenylalanine, 3945
protein synthesis inhibition; acrobatic motor skill; motor skill learning; adult rats; cycloheximide, 34046
synaptic plasticity; translation initiation; protein synthesis; mRNA; synaptic strength; signaling pathways; neurotransmitter & neurotrophin receptors, 34037
Bipolar Affective Disorder [See Bipolar Disorder]
Bipolar Disorder [See Also Cyclothymic Personality]—Serials
5HT2A receptors; platelets; bipolar; schizoaffective; lithium, 5327
abnormal frontal white matter tracts; bipolar disorder, 28621
acute mania; treatment; bipolar disorders; depressive; manic episodes; mood stabilisers; antipsychotics; electroconvulsive therapy; monotherapy; psychopharmacology; treatment guidelines, 20125
adolescent offspring; parents; bipolar disorder; psychometric properties; General Behavior Inventory, 24180
affective disorders; bipolar probands; bipolar disorder; first-degree relatives; genetic factors, 28646
affective disorders; older inpatients; age differences; major depression; treatment duration; delusions; cognitive impairment; physical disease; comorbidity, 25605
age of onset; DSM-IV syndromal and subsyndromal comorbity; bipolar disorder; attention-deficit/hyperactivity disorder; ADHD; early adolescents, 4541
alcohol craving; alcohol use; bipolar disorder; cocaine dependence; quetiapine; mood, 11524
amygdala volume; hippocampus volume; bipolar disorder; medial temporal lobe, 10735
anger attacks; prevalence; bipolar depression; unipolar depression; major depressive disorder; depressive episode, 22511
animal models; bipolar disorders; mania; depression; euthymia; mixed states; neurobiology; genetics approaches; clinical characteristics; pharmacological responses; mood cyclicity, 13595
antibipolar drugs; bipolar disorder; epidemiology; prevalence; bipolar disorder pharmacology; bipolar spectrum disorders, 23215
antidepressant discontinuation; antidepressant continuation; acute bipolar depression remission; depressive relapse; mood stabilizer regimen; acute depressive episode, 29307
antidepressant discontinuation; antidepressant continuation; acute bipolar depression remission; depressive relapse; mood stabilizer regimen; acute depressive episode, 29389
antidepressant efficacy trials; inclusion criteria; exclusion criteria; major depressive disorder; bipolar depression; drug therapy, 17095
antipsychotic drugs; bipolar disorder; acute psychotic; olanzapine, 14188
antipsychotic drugs; bipolar disorder; mania; maintenance treatment, 5275
apoptosis; neuronal pathology; schizophrenia; bipolar disorder, 25502
arginine-nitric oxide pathway; bipolar affective disorder; psychiatric disorders; arginase; nitric oxide; manganese; nitrite levels; pathogenesis, 19410
autobiographical memory; remitted bipolar depression; unipolar depression; imagery; memory; bipolar affective disorder, 25574
bipolar affective disorder; disease course; disease onset, 4608
bipolar affective disorder; schizophrenia; linkage; chromosome 3q29; genome; genotyped markers; family, 19342
bipolar depression management; unipolar depression; selective serotonin reuptake inhibitors; bupropion; tricyclic antidepressants; monoamine oxidase inhibitors; monotherapy; mood stabiliser, 5311
bipolar depression; methodology; tricyclic antidepressants; lamotrigine; placebo-controlled acute trials; paroxetine, 20279
bipolar depression; methodology; tricyclic antidepressants; lamotrigine; placebo-controlled acute trials; paroxetine, 20296
bipolar depression; methodology; tricyclic antidepressants; lamotrigine; placebo-controlled acute trials; paroxetine, 5321
bipolar depression; suicide; correlates; lithium treatment; bipolar disorder; risk factors, 31730
bipolar depression; treatment, 31724
bipolar depression; unipolar depression; psychiatric patients; bipolar disorder; suicide; mania, 25565
bipolar disorder-manic episode; prolactinoma; risperidone; drug therapy, 17063
bipolar disorder; antidepressant treatment; manic episode; medications, 14135
bipolar disorder; assessment; risk; prevention; drug therapy; ECT; manic depressive disorder; therapeutic interventions; psychosocial treatment; protective factors; suicidal behavior, 1622
bipolar disorder; brain-derived neurotrophic factor; allele; Val66Met polymorphism; bipolar disorder phenotype, 34826
bipolar disorder; comorbidity; rational treatment selection; multimodal treatment; polypharmacy; heuristic modeling, 35548
bipolar disorder; computer-based system; longitudinal course; data collection; electronic assessment; ChronoRecord software, 10772
bipolar disorder; depression; mania; mood stabilizers, 26855
bipolar disorder; developmental disabilities; rating scale; tracking instruments, 13793
bipolar disorder; divalproex sodium; pediatrics; adolescents; lithium; juveniles, 20324
bipolar disorder; gender differences; female reproductive cycle; clinical features; disease course; treatment, 1406
bipolar disorder; historical perspective; diagnostic boundaries; new-onset psychosis; second generation antipsychotics; shared symptoms, 10680
bipolar disorder; illness; family history; treatment response; lithium; lamotrigine monotherapy; anxiety-panic disorder, 25545
bipolar disorder; intermittent explosive disorder; posttraumatic stress disorder; clozapine; agranulocytosis; neutropenia; weight gain; drug dosages; concomitant antidepressants; polypharmacy, 23251
bipolar disorder; lamotrigine; mood stabilizers; anticonvulsive medication, 2181
bipolar disorder; lamotrigine; olanzapine; methodological guidelines; psychotherapy; disorder recurrence; maintenance treatment, 32221
bipolar disorder; left hemisphere; white matter; twins; gray matter; cerebrospinal fluid volumes; magnetic resonance imaging; genetic risk, 7830
bipolar disorder; lithium prophylaxis; bipolar patients; rapid cycling; non-rapid cycling, 10748
bipolar disorder; lithium; putative treatments; atypical antipsychotics; mood stabilizers; adverse effects; anti-suicidal properties, 2166
bipolar disorder; major depression; risk of recurrence; lifelong course; comorbidity, 1405
bipolar disorder; major depressive disorder; cyclic adenosine monophosphate; phosphorylated CREB; amygdala, 19412
bipolar disorder; management; prevalence; mood disorder; pharmacotherapy; lithium; antipsychotics; mania; depression, 31751
bipolar disorder; mania, 25599
bipolar disorder; mania; elderly patients; pharmacological treatment; maintenance treatment; lithium toxicity; anticonvulsants; antipsychotic agents; benzenzodiapines; side effects, 29406
bipolar disorder; Mood Disorder Questionnaire; medical diagnosis, 33555
bipolar disorder; mood stabilizers; lithium; mania; valproate; lamotrigine, 5269
bipolar disorder; mood stabilizers; lithium; mania; valproate; lamotrigine; anticonvulsants; antipsychotics; antidepressants; methodology; side effects, 5283
bipolar disorder; obesity; pharmacotherapy; weight gain; mood disorders, 11509
bipolar disorder; patient; dronabinol; medications; sexual dysfunction; psychotropic medications, 35651
bipolar disorder; personality disorders; depression; hypomania; mania; manic depressive symptoms; suicidal; comorbid patients, 19296
bipolar disorder; phenomenology; treatment; pathophysiology, 25550
bipolar disorder; pregnancy; lactation; pregnant women; counseling; teratogenic drugs; lithium; valproate; carbamazepine, 20126
bipolar disorder; prophylactic treatment; therapeutic choice; disease prognosis; bipolar depression; mania; symptoms; disease history; pharmacotherapy; comorbid illnesses, 20340
bipolar disorder; psychiatric diagnosis; age differences; racial differences, 34832
bipolar disorder; psychomotor performance; healthy first-degree relatives; excecutive cognitive functioning; serotonergic vulnerability; L-tryptophan; trait marker; attention; memory; learning, 10027
bipolar disorder; psychomotor performance; healthy first-degree relatives; excecutive cognitive functioning; serotonergic vulnerability; L-tryptophan; trait marker; attention; memory; learning, 10044
bipolar disorder; psychotherapy; psychological interventions; psychoeducation; cognitive-behavioural therapy; interpersonal therapy; social rhythm therapy; psychoanalytic therapy, 26244
bipolar disorder; quetiapine; atypical antipsychotic; mood lability; irritability; psychosis, 26436
bipolar disorder; schizophrenia patients; schizotypal features; functional psychosis; genetic linkage; bipolar disorder, 6295
bipolar disorder; schizophrenia; cigarette smoking; comorbidity; drug dependency, 34781
bipolar disorder; schizophrenia; gamma aminobutyric acid interneurons; NMDA; N-methyl-D-aspartate; glutamic acid decarboxylase; anterior cingulate cortex; cerebral cortex, 28618
bipolar disorder; schizophrenia; genes; phosphoinositide; lipid metabolism, 25538
bipolar disorder; schizophrenia; genetics; affective disorders, 10712
bipolar disorder; social adjustment; self-esteem, 22482
bipolar disorder; sodium channels; anticonvulsants; atypical antipsychotics; mood stabilizers; valproate; lamotrigine; carbamazepine; oxcarbazepine; glutamate release, 32472
bipolar disorder; sodium pump; intracellular sodium; ethacrynic acid; lymphoblastoid cell lines; cell treatment; calcium, 22502
bipolar disorder; somatic treatment; mood stabilizers; antidepressants; ECT; anticonvulsants; children; antipsychotics; calcium channel blockers; adolescents; omega 3 fatty acids, 20408
bipolar disorder; subsyndromal symptoms; risk of relapse; occupational functioning; social functioning, 31747
bipolar disorder; suicide; Virginia Woolf; diaries; letters, 25553
bipolar disorder; symptoms; clinical features; genetics; drug therapy; lithium; pathophysiology; neurochemistry; neuroanatomy; neuroimaging, 31721
bipolar disorder; treatment strategies; emotional disorders; behavior disorders; child maltreatment; at risk population, 25806
bipolar disorder; treatment; pharmacologic treatment, 35507
bipolar disorder; unipolar depression; dysfunctional attitudes; patients, 22501
bipolar disorder; unipolar depression; Mood Disorder Questionnaire; Structured Clinical Interview for DSM-IV, 1409
bipolar disorders; head injury; traumatic brain injury; causal association, 31664
bipolar disorders; personality disorders; treatment; comorbidity; USA; Europe, 19345
bipolar disorders; scientific communication, 35928
bipolar I disorder inmates; criminality; criminal arrest; criminal offending; illness factors; criminality; psychiatric treatment history; bipolar arrestees, 19394
bipolar I disorder; mania; major depression; mild depression; mood disorders; bipolar II disorder; medication; aggressive behavior; family history, 28625
bipolar I disorder; phenomenology; state mental health system; therapeutic interventions; symptoms; treatment; adults; adolescents; age differences, 22497
bipolar I disorder; remission; insight, 13619
bipolar mania; manic symptoms; depression treatment; central nervous system disorders; mania treatment; transcranial magnetic stimulation, 17111
bipolar outpatients; actigraphy; sleep parameters; naturalistic setting, 25576
bipolar patients; lithium inhibitable enzymes; pathophysiology; postmortem brains; inositol monophosphatases; phosphatidylinositol; glycogen synthase kinase; frontal cortex; occipital cortex, 4581
bipolar pedigrees; susceptibility locus; linkage analysis; bipolar disorder; chromosome; polymorphic markers; affective disorder, 28647
bipolar schizoaffective disorder; hypomaniac episodes; ziprasidone; drug therapy; drug side effects; erectile dysfunction, 17033
bipolar-panic disorder; comorbidity; bipolar disorder families; siblings, 28593
borderline personality disorder; bipolar disorder; comorbidity; lamotrigine; anticonvulsive, 22513
borderline personality disorder; bipolar disorder; psychiatry; diagnostic schema; cognitive neurosciences; functional neuroimaging; molecular neurogenetics, 31687
borderline personality disorder; bipolar spectrum disorders; bipolar disorder; borderline pathology, 31845
borderline personality disorder; bipolar spectrum disorders; neurobiology; phenomenology; pharmacological management; borderline patients, 31846
brain gray matter; gray matter density; bipolar disorder; brain anatomy; bipolar disorder patients, 28653
brain metabolic alterations; bipolar disorder; neurobiology; brain chemistry, 24665
breakthrough depressive episodes; recurrent bipolar depression; major depression; differneital diagnosis; symptomatology; treatment; drug therapy, 31743

brief bipolar disorder scale; bipolar disorder; test development; psychometrics; symptom severity; Texas Medication Algorithm Project, 30440
candidate gene; bipolar disorder; intron; polymorphism, 31754
caudate nuclei volume; bipolar patients; early onset; late onset; MRI; elderly, 19361
cell adhesion molecule; immunoreactivity; anterior cingulate cortex; bipolar disorder; inflammatory response; affective disorders; schizophrenia, 19403
cell proliferation; rat hippocampus; antidepressant treatment; dentate gyrus; major depression; bipolar disorder; electroconvulsive treatment; animal models; neurobiology, 3731
childhood bipolar disorder; Cambridge Neuropsychological Test Automated Battery; neuropsychological performance; pediatric onset; cognitive functioning; adult onset, 10740
children; bipolar disorder; onset; prevalence; antidepressants; treatment; stimulants; depression; attention deficit hyperactivity disorder; US; Netherlands; genetic risk, 13608
cholinergic muscarinic receptors; anterior cingulate cortex; schizophrenia; bipolar disorder; major depression disorder; deep laminae; receptor density; receptor binding; postmortem brain tissue, 18627
chromosomal abnormality; bipolar affective disorder; Prader-Willi Syndrome; hypometabolism; psychiatric disorders; bipolar psychosis, 28667
cingulate gray matter density; brain abnormalities; bipolar illness; poor outcome; memory function; verbal learning, 19368
clinical correlates; childhood adjustment; adolescent adjustment; psychosocial adjustment; adult patients; bipolar disorder; premorbidity; drug abuse; alcohol abuse; suicide attempts, 19314
clinical management; obsessive-compulsive-bipolar disorder; comorbidity, 28778
cognitive generation; bipolar depression affect; mood functional substrates; functioning magnetic resonance imaging; picture stimuli; bipolar affective disorder; cognitive generation, 34837
cognitive impairment; euthymic bipolar patients; verbal learning; memory, 28657
cognitive style; bipolar disorder; self esteem; dysfunctional attitudes; personality style; unipolar disorder, 1445
cognitive-behavioral therapy; family therapy; child therapy; pediatric bipolar disorder; treatment effectiveness evaluation; treatment integrity; treatment adherence; parent satisfaction, 29285
comorbidity; anorexia nervosa; bipolar disorder; adolescence, 34772
comorbidity; bipolar disorder; obsessive compulsive disorder; children; adolescents, 16384
computerized assessment; treatment guidelines; bipolar disorder; patients; bipolar disorder; clinician adherence, 18122
controlled lithium discontinuation; bipolar patients; lithium prophylaxis; disorder recurrence, 25607
cortical asymmetry; bipolar disorder; motor disturbances; perceptual disturbances; cognitive disturbances; right hemisphere dysfunction; depression; manic subjects; medication type, 28633
CpG islands; brain-expressed candidate region; chromosome 18q; bipolar disorder; genomic sequences; mutation analysis; single nucleotide polymorphisms, 13591
decision-making abilities; mental illness; impaired cognition; bipolar disorder; consent capacity; mania, 25577
depression; mania; thyroid stimulating hormone; bipolar affective disorder; mood changes, 28651
depression; mood stabilisation; clinical management; bipolar disorder; lamotrigine; antidepressants; antipsychotics; side effects; mania, 26345
depressive features; pharmacological treatments; bipolar affective disorder; depressive symptoms; at risk populations; maniform switch, 14128
depressive symptomatology; major depressive disorder; psychometric properties; bipolar disorder; test validity; internal consistency; depression inventories, 15054
depressive symptoms; affective disorders; bipolar disorder; hypomania; major depression; cognitive function, 28624
depressive symptoms; lifetime patterns; anxiety symptoms; bipolar depression; community respondents; primary care attenders, 4575
developmental disabilities; developmental disability; bipolar disorder; tracking system, 13800
diagnostic issues; bipolar disorder; bipolar I disorder; bipolar II disorder; recurrent depression; hypomania; mania; differential diagnosis, 19355
discharge medications; tertiary care psychiatric facility; antipsychotic utilization; drug therapy; schizophrenia; schizoaffective disorder; bipolar disorder; psychosis; antipsychotic polypharmacy, 17079
disease management; bipolar disorder; long-term maintenance treatment; diseased patients, 7840
divalproate; mania; bipolar disorder; drug effectiveness, 26342
divalproex sodium; bipolar disorder; acute manic episode; drug therapy; olanzapine; efficacy; safety; tolerability; weight change, 5364
divalproex sodium; bipolar disorder; acute manic episode; drug therapy; olanzapine; efficacy; safety; tolerability; weight change, 5359
divalproex; valproate; patient compliance; treatment efficacy; relapse rate; drug side effects; bipolar disorder type I, 20338
drug dosages; olanzapine; neutropenia; drug side effects; drug therapy; bipolar disorder; major depression with psychotic features, 20319
drug dreams; outpatients; bipolar disorder; cocaine dependence; triggers; drug abuse treatment, 19353
drug efficacy; drug tolerability; quetiapine; bipolar disorder; mood stabilizers, 5260
drug therapy; donepezil; postoperative delirium; bipolar disorder; arthroplasty, 35629
early onset; mood symptoms; bipolar disorder; bipolar treatment program, 23515
early-onset bipolar disorder; child and adolescent psychiatry; indian children; lithium; thymoleptic; neuroleptics; treatment, 20381
elderly people; bipolar disorder; vehicle crashes; impaired memory; slow reaction times; elderly adults, 35526
electroconvulsive therapy; antipsychotics; bipolar disorder; neuroleptic malignant-like syndrome; quetiapine; drug effects, 8485
emotion-focused treatment; unipolar mood disorders; bipolar mood disorders; SPAARS approach; emotion; emotional disorders; cognitive behavioral therapy; theories, 16986
episodic memory impairment; bipolar disorder; obsessive-compulsive disorder; memory strategies, 28590
ethanolamine; phosphoethanolamine; mitochondrial function; mitochondrial dysfunction hypothesis; depression; bipolar disorder; phospholipid metabolism; rats; animal models, 12776
euthymic bipolar patients; familial vulnerability; schizophrenic patients; executive dysfunction; Stroop test; probands; unaffected relatives, 10730
family history of psychosis; cognitive ability; bipolar disorder; schizophrenia; genetics, 4576
family history; unipolar major depressive disorder; family history screen; bipolar II disorder; bipolar II major depressive episode, 19358
fatty acids; bipolar disorder; schizophrenia; vasodilation; methylnicotinate-induced; skin flush, 1488
folie a deux; bipolar affective disorder; schizophrenia; monozygotic twins; delusional disorder, 28665
gene polymorphism; tumor necrosis; bipolar I disorder; genotype; allele distribution, 16412
genes; bipolar disorder; genetic markers; genomic interaction; chromosomes, 7837
genetic linkage; chromosomes; genotype; parent of origin; schizophrenia; bipolar affective disorder, 28670
glial density reduction; amygdala; major depressive disorder; astrocytes; oligodendrocytes; microglia; bipolar disorder, 19377
glial fibrillary acidic protein; cerebellum; major depression; schizophrenia; bipolar disorder, 28594
glutamatergic neurotransmission; familial bipolar disorder; glutamate receptor; mood disorders; ADARB1 gene; sequence analysis; genes; genetics, 28623
glycogen synthase kinase-3; bipolar disorder; novel therapeutic agents; signaling pathways; cellular resilience; neuronal plasticity; lithium; molecular targets; drug therapy, 17045
gray matter density; white matter density; bipolar I disorder; voxel-based morphometry; frontal lobe; magnetic resonance imaging, 19385
growth hormone; prolactin; apomorphine; bipolar depression; unipolar depression; drug sensitivity, 5312
head injury; risk factor; bipolar affective disorder, 4527
herpes simplex virus; cognitive deficits; bipolar disorder; cognitive functioning, 19367
high-density lipoprotein cholesterol; polyunsaturated fatty acids; bipolar depressed patients; family members, 16417
impulsivity; bipolar disorder; substance abuse; treatment outcome; suicide risk, 28573
inositol monophosphatase; lithium treatment; bipolar disorder; enzyme activity, 20342
irritability; dyscontrol; major depression; manic symptoms; parent ratings; bipolar children; disease progression; early onset, 4591
irritable bowel syndrome; depression; mood; symptom severity; bipolar disorder, 1322
lamotrigine & lithium maintenance treatment; recently depressed patients; bipolar disorder; tolerability; efficacy; mood episodes; concomitant drugs; prevention; anticonvulsants, 2151
lamotrigine efficacy; lithium efficacy; placebo; maintenance treatment; bipolar I disorder; manic patients; depressive patients, 20297
lamotrigine therapy; treatment-resistant menstrually-related rapid cycling bipolar disorder; follicular phase depressive symptoms; luteal phase mood elevation symptoms, 35506
lamotrigine; bipolar depression treatment; drug efficacy; treatment outcome, 20358
lamotrigine; bipolar disorder; anticonvulsant agent, 29333
lamotrigine; depression mood stabiliser; mood baseline; bipolar depression; anticonvulsants; maintenance therapy, 26378
level of functioning; hypomania; bipolar disorder, 34815
levetiracetam; bipolar spectrum disorders; add-on therapy; cyclothymic disorder; mania; borderline personality disorder; neuroleptics; benzodiazepines, 32423
light therapy; serotonin transporter; functional polymorphism; serotonergic drug; sleep deprivation; drug treatments; bipolar depressed inpatients; polymerase chain reaction; antidepressant response, 2247
lithium chloride; sodium valproate; calcium ion; dextroamphetamine; therapeutic mechanisms; intracellular calcium; bipolar disorder; platelet calcium; mood stabilizer; second-messenger pathways, 23305
lithium toxicity; side effects; renal insufficiency; bipolar disorder; hypercalcemia; food & water aversion, 11467
lithium treatment; maintenance therapy; bipolar disorder; lamotrigine bipolar trials; disease subtype; treatment adherence; drug tolerability; dose uncertainty, 20330
lithium; auditory gating; bipolar disorder; schizophrenia; psychosis; animal model, 761
lithium; clinical efficacy; bipolar disorder; recurrent affective episodes; gene expression; protein kinase C; glycogen synthase kinase-3; signal transduction pathways, 14157
lithium; divalproex sodium; thyrotropin; thyroid-stimulating hormone; bipolar disorders; risk factors; lithium-induced hypothyroidism; bipolar youths, 14145
lithium; mood disorders; neurologist; headaches; child psychiatrist; bipolar disorder; pseudotumor cerebri, 14150
lithium; valproic acid; treatment effects; brain chemistry; bipolar disorder; gray matter lactate; glutamate; glutamine; gamma aminobutyric acid, 35529
magnetic resonance imaging; corpus callosum abnormalities; bipolar disorder; brain size, 6216
maintenance treatment; bipolar disorder; olanzapine; drug therapy; valproate; drug dosages, 32419
major depressive episode; hypomania; depressive mixed state; bipolar II disorder, 28630
mania; bipolar I disorder; hedonism; depressive symptoms; dysphoria; psychosis; activation; factor dimensions, 34827
mania; components; symptoms; bipolar disorder; depression, 4593
mania; electroconvulsive therapy; manic inpatients; bipolar illness, 22518
manic depression; cycles; Eliot Slater; bipolar disorder; Emil Kraepelin; illness course; Slater's Fallacy; periodicity; wellness intervals, 13604
manic depression; pretreatment episode count; prediction; lithium therapy response; course of illness, 5270
manic state; pure mania; depressive mania; social phobia; suicide; intra-episodic social phobia; panic disorder; intra-episodic panic disorder; major depressive disorder; mania; suicidality, 7741
manic symptoms; bipolar disorder; olanzapine; drug therapy, 35584
manic-depressive illness; childhood depression; Theodor Ziehen; psychiatrist; childhood mania; child psychiatry, 28627
melancholic major depression; bipolar II disorder; unipolar major depressive disorder; outpatients, 19357
menstruation; symptom changes; treatment-responsive bipolar disorder; euthymic females; premenstrual dysphoric disorder, 28648
mineralocorticoid receptor expression; messenger ribonucleic acid; prefrontal cortex; schizophrenia; bipolar disorder; affective disorders; hypothalamic-pituitary-adrenal axis, 25542
missense polymorphism; brain-derived neurotrophic factor; genetics; single nucleotide polymorphism; bipolar disorder; Val66Met, 34834
mixed vs manic bipolar disorder; demographic characteristics; symptoms; treatment, 25594
mood disorders; polymorphism; cytosolic phospholipase gene; major depressive disorder; bipolar disorder, 25586
mood disorders; unipolar major depressive disorder; family history; structural brain changes; outpatients; mood disorder; disease onset; risk factors; family history, 31722
mood regulation; bipolar disorder; blood flow differences; state influences; trait influences; brain, 7831
mood stabilizers; bipolar disorder; anticonvulsant agents; valporate; lithium; brain, 26343

mood-stabilizer medication; remitted bipolar patients; antipsychotic medication; combined drugs; combined medication; patients in remission; antipsychotic drug continuation; placebo taper; outpatients, 26425
N-methyl-D-aspartate receptor gene; bipolar disorder susceptibility; polymorphisms; genes; chromosome linkage disequilibrium, 13602
natural history; adolescent bipolar disorder; minor depression; mania; dysthymia, 25557
negative cognitions; disease course; bipolar depression; mania; cognitive interventions; bipolar disorder; treatment, 34828
neural cell adhesion molecule 1; gene polymorphisms; bipolar affective disorder; Japanese individuals; mood disorders, 28626
neuroanatomical sites; apolipoprotein D; bipolar disorder; schizophrenia; brain regions; dorsolateral prefrontal cortex; neuropathology, 13577
neurobiological deficits; gray matter volume; bipolar disorder; adolescents, 31757
neurobiology; emotion processing; schizophrenia; bipolar disorder; major depressive disorder; emotional states, 1390
neurocognitive functioning; long-term lithium treatment; neuropsychiatric disorders; adult neurogenesis; bipolar disorder; drug treatments, 11466
neuroimaging; white matter hyperintensities; affective disorders; bipolar disorder; unipolar disorder; MRI; illness severity, 7843
neuropeptide Y; euthymic lithium; bipolar disorder; women; immunoreactivity; platelet cyclic AMP activity; plasma, 34831
neuropsychological endophenotypes; genes; bipolar affective disorder, 28638
neuropsychological functioning; diagnosis; clinical status; schizophrenia; bipolar disorder; psychosis; general cognition; attention; memory; executive functioning; early onset, 22460
neuropsychological functioning; sustained attention deficit; bipolar disorder; target detection; vigilance, 28636
neurotrophic factor; cAMP-dependent protein kinase; bipolar affective disorder; lymphoblast, 22499
novel antipsychotics; bipolar mania; schizoaffective mania, 29358
olanzapine; hypothermia; bipolar disorder; drug therapy; body temperature, 20283
olanzapine; obsessive-compulsive symptoms; bipolar disorder; topiramate; compulsive mental acts, 35559
oligodendroglial density; prefrontal cortex; schizophrenia; mood disorders; bipolar disorder; oligodendroglial cells; major depression, 22473
organizational function; visual memory; schizophrenia; bipolar psychosis; Rey-Osterrierth Complex Figure; duration of illness, 4572
oxcarbazepine; adjunctive therapy; bipolar disorder; manic episode; mixed episode, 23216
oxcarbazepine; risperidone; atenolol; overdose; bipolar disorder, 4737
oxidative stress; oxidative cell damage; pathophysiology; antioxidant defense enzymes; lipid peroxides; polyunsaturated fatty acids; schizophrenia; bipolar mood disorder, 7794
paediatric bipolar disorder; diagnosis; treatment, 4584
pediatric bipolar disorder; psychotic symptoms; phenomenology; age differences; treatment outcomes; longitudinal course; family history; pediatric schizophrenia, 22507
personal narrative; discontinuity; patient perspectives; bipolar disorder; incipient schizophrenia; dissociative disorder, 19349
personality characteristics; bipolar depressed subjects; comparator group selection, 28663
personality traits; major depressive disorder; hypomanic symptoms; bipolar disorder, 19359
personality traits; treatment outcome; bipolar II disorder; major depression; drug therapy; bulimia nervosa, 25521
placebo; lithium; lamotrigine; maintenance treatment; monotherapy bipolar I disorder; depression; mania; mood episode, 23242
polycystic ovary syndrome; antiepileptic drugs; epilepsy; bipolar disorder, 26211
postpartum psychosis; bipolar disorder; prophylactic treatment; etiology; comorbidity, 10738
pramipexole; bipolar II depression; dopamine agonists; treatment effectiveness evaluation, 29409
prefrontal cortex pyramidal neurons; density; size; distribution; morphology; bipolar disorder; major depression; schizophrenia, 4566
prevalence; bipolar disorder; isolated island community; Ethiopia, 22489
protein kinase A; platelets; bipolar disorder, 4606
psychoeducation efficacy; bipolar disorders; risk of relapse; psychological interventions, 1981
psychological treatment; depressive relapses; social adjustment; stress; severe mental disorders; psychotherapy; bipolar disorders; hospitalizations, 29249
psychopathology; adolescent offspring; prevalence; incidence; bipolar parents, 13609
psychopharmacologic treatment; bipolar affective disorders; pharmacological treatment; etiological factors; advanced practice nurses; neurobiology, 14165
psychopharmacology; school behavioral management; disruptive behavior; attention deficit hyperactivity disorder; learning disorders; bipolar disorder; mood disorder, 23290
psychosis; super-ego; bipolar disorder; infantile helplessness; infantile dependency, 16419
psychosocial interventions; early onset; bipolar spectrum disorder; disordered children, 26707
psychosocial service utilization; bipolar disorder; comorbidity; Systematic Treatment Enhancement Program, 20539
psychotropic drugs; drug effects; subjective sensations; pharmacological treatment; bipolar disorder; Argentinian patient survey; neuroleptic drugs; subjective sensations; bipolar patients, 8547
quetiapine; lithium; divalproex; treatment; bipolar mania; tolerability; combination therapy, 29378
rapid cycling affective disorder; challenging behavior; mild learning disability, 32025
rapid cycling; bipolar illness; age; gender; bipolar patients; nonrapid cycling; rapid cyclers; age of onset; duration of illness; demographics; current or lifetime history or rapid cycling, 22520
rapid cycling; potential differences; ultrarapid cycling; bipolar disorder; episode duration; cycling patterns; single episode; mood disorders, 1448
rapid-cycling bipolar disorder; obsessive-compulsive disorder; akathisia; quetiapine, 2226
recall; recognition confabulation; schizophrenia; psychotic diorder; bipolar disorders; symptomatology; cognitive domains; computed tomography; auditory event-related potentials; schizoexecuphrenic, 31710
recurrence risk; depressive disorders; bipolar disorders; affective episodes, 28649
repetitive transcranial magnetic stimulation-induced mania; antidepressants; bipolar disorder, 35593
resistant bipolar disorder; Behcet syndrome, 28622
rhabdomyolysis; bipolar disorder; quetiapine overdose, 26432
riluzole augmentation therapy; treatment-resistant bipolar depression; lamotrigine; drug side effects, 29386
risk factors; affective disorders; increased risk; bipolar disorder; etiology, 10754
salivary cortisol levels; adolescent offspring; bipolar disorder; HPA axis, 7823
schizoaffective disorder; bipolar type; psychiatrists; psychopharmacologic treatment; psychotherapy, 19304
schizoaffective disorder; nosologic boundaries; schizophrenia; bipolar disorder; diagnostic categories; DSM-IV, 28581
schizoaffective mixed states; bipolar affective disorder, 28609
schizophrenia; bipolar disorder; endoplasmic reticulum stress response; risk factors; genetic polymorphism; protective factors, 34794
schizophrenia; bipolar disorder; schizoaffective disorder; epidemiology; rural environments; socioeconomically homogeneous population; ethnically homogeneous population; morbid risk, 22467
schizophrenia; mood; cognition; schizoaffective disorder; affective symptomatology; diagnosis; mood-incongruent psychotic mania; mood-incongruent psychotic mixed-mania; symptomology, 16439
selective attention; schizoaffective disorder; psychotic bipolar disorder; Stroop interference, 22438
self-reported participation; nonpharmacologic treatment; bipolar disorder; alternative therapies, 19365
semistructured interview; bipolar II disorder; Structured Clinical Interview; major depressive episode, 1411
serotonin receptors; 5-HT1A; 5-HT1B; 5-HT2A; mRNA expression; major depression; bipolar disorder; schizophrenia; hippocampus; dorsolateral prefrontal cortex, 19291
serotonin receptors; 5-HT1A; 5-HT1B; 5-HT2A; mRNA expression; major depression; bipolar disorder; schizophrenia; hippocampus; dorsolateral prefrontal cortex, 13566
serotonin reuptake inhibitors; bipolar disorder; anti-depressants; lithium; anti-convulsants; anti-psychotics; electroconvulsive therapy; benzodiazepine; dopamine agonist; sleep-deprivation, 26429
short-term efficacy; quetiapine; mood stabilizers; acute bipolar disorder; drug therapy; acute mania, 23209
sociodemographic characteristics; neurological soft signs; bipolar I disorder, 25582
stress; coping; fathers; children's problems; bipolar disorder; drug problem; sudden crying, 25170
subcortical neural responses; prefrontal cortical neural responses; facial expressions; bipolar disorder; major depressive disorder; mood; emotional processing, 19384
subgenual prefrontal cortex; familial bipolar disorder; brain scans; positive family history; bipolar disorder; grey matter; prefrontal cortex volume; magnetic resonance; structural changes; brain, 7845
substance dependence; bipolar disorder; comorbid; perceived symptom improvement; integrated group therapy, 22475
suicide attempts; suicidal behavior; bipolar patients; impulsivity; hostility; aggression, 25575
tardive dyskinesia; antipsychotic agent; quetiapine; bipolar affective disorder; dysphagia, 17054
temperament characteristics; bipolar offspring; children; adolescents; at risk populations, 4587
thalamus; schizophrenia; bipolar disorder; N-Methyl-D-Aspartate receptor; glutamatergic dysfunction, 28586
thought disorder; bipolar affective disorder; emotionally salient material; manic patients; depressed patients; emotional salience; thought; language; communication, 34849
thrombocytopenia; valproic acid treatment; new-onset bipolar disorder; platelet function, 2152
thyroid dysfunction; thyroid hormone supplementation; hormone treatment; bipolar disorder, 23289
total life events; attention-deficit hyperactivity disorder; early adolescent bipolar disorder phenotype; mania symptoms, 1355
treatment guidelines; panic disorder; agoraphobia; depression; bipolar disorder; cognitive behaviour therapy; drug treatment; psychotherapy; psychiatry, 35386
treatment guidelines; panic disorder; agoraphobia; depression; bipolar disorder; cognitive behaviour therapy; drug treatment; psychotherapy; psychiatric practice; cognitive behavioural therapy, 35357
treatment-resistant psychosis; clozapine; treatment outcomes; neuroleptic-refractory patients; schizophrenia; bipolar disorder; schizoaffective disorder, 35519
treatment; suicide risks; affective disorders; suicidal behavior; mood disorders; bipolar disorder; pharmacotherapy, 2143
trichotillomania; lithium; comorbidity; bipolar disorder, 2144
unmet needs; bipolar disorder; depression; diagnosis; treatment; children; adolescents; Depression and Bipolar Support Alliance Consensus Statement; health care delivery; provider training, 5530
unmet needs; bipolar spectrum disorders; diagnosis; depression; treatment options; lamotrigine; antidepressants, 31735
unrecognized bipolar disorder; treatment patterns; antidepressant treatment; depression; medical costs, 5102
vasodilatory response; methylnicotinate; schizophrenia; laser Doppler flowmetry; bipolar disorder; phospholipid metabolism; vasodilations, 31783
visual backward masking performance; offspring; parents with bipolar disorder; euthymic patients; family history; cognitive dysfunction, 34836
weight gain; extrapyramidal symptoms; mood stabilization; bipolar disorder; manic symptoms; quetiapine; bipolar patients; weight gain; lithium, 13606
work; recovery process; contributing factors; bipolar disorder; patient advocacy, 16409
Young Mania Rating Scale; diagnosis; children; adolescents; assessment; bipolar disorder; depressive disorder; clinician reports; parent report; diagnostic group; mania assessment; disruptive behavior, 6335
ziprasidone; bipolar mania; tolerability; efficacy, 35567
ziprasidone; bipolar-associated catatonia; lorazepam; intramuscular ziprasidone; antipsychotic drugs, 29353
ziprasidone; mania; schizoaffective disorder; bipolar disorder, 20277

Bipolar Disorder [See Also Cyclothymic Personality]—Books

The ups and downs of raising a bipolar child: A survival guide for parents, 1456

Bipolar Disorder [See Also Cyclothymic Personality]—Chapters

Brain development: the clinical perspective, 16387
Mood disorders: Bipolar disorders, 22523

Bipolar Mood Disorder [See Bipolar Disorder]

Biracial Children [See Interracial Offspring]

Birth [See Also Natural Childbirth, Premature Birth]—Serials

animal social & maintenance behaviour; adrenal activity; parturition; multiparous cows; animal environment; adrenocorticotropic hormone; primiparous cows; animal welfare, 9786
birth outcomes; antenatal care; caesarean delivery; health facilities; premature birth; baby size; pregnancy; family planning; health facilities, 35689

birth outcomes; maternal morbidity; pregnant women; health insurance; partner abuse; maternal health; infant health; prenatal care; domestic violence; medical records; marital status; pregnancy, 10923
birth preparedness; safe motherhood programs; program evaluation; behavior change interventions; pregnant women; methodological issues; measurement, 30570
birth size; postnatal growth; females; educational achievement; child undernutrition, 23767
bulimia nervosa; childbirth; major depression; eating disorders; increased risk; cognitive behavior therapy; psychopathology, 1731
caesareans; childhood asthma; allergic diseases; caesarean birth, 29024
cesarean section; Chinese; life events; obstetric delivery; physicians' determination; patients' attitudes; cultural beliefs; expectant mother, 2309
clinical depression; childhood experience; lifetime depression; close relationships; adverse childhood; adverse pregnancy; marital problems; pregnancy experiences; live births; non-live births, 16392
epidural use; childbirth beliefs; fear; locus of control; childbirth participation; pain control choices; mothers, 7552
handedness; birth season; male professional baseball players, 36415
health care marketing; in vitro fertilization; assisted reproduction; clinics; patients; a la carte programs; money back guarantee programs; live-birth delivery, 14398
home birth; Swedish women; alternative birth care; antenatal care, 15112
human genetics; religious frameworks; genetic variation; health; birth; health promotion, 29455
insulin; growth hormone; growth factors; birth complications; schizophrenia; fetal development; pre-adult development, 22540
marsupial births; behavioral development; opossums; possums; kangaroos; urogenital sinus; pouch; umbilical cord; placenta, 21475
maternal behavior; parturient rats; central oxytocin receptor system; OTR system; Fos activation; FosB activation, 3669
maternal experience; olfactory recognition; newborn ewes; parturition; maternal behavior; sheep; lambs; suckling; visual cues; auditory cues, 506
midwifery care; Guatemala; infant morbidity; maternal morbidity; developing countries; traditional birth attendants training; health care systems; maternity care; care quality; women; pregnancy care, 23499
mother-to-child transmission; HIV transmission; human immunodeficiency virus; sub-Saharan Africa; clinical trial; nevirapine; zidovudine, 29052
national leaders; medical intervention; policy alternatives; political will; safe motherhood; childbirth; maternal mortality; Indonesia, 16099
northern hemisphere; schizophrenia; seasonal variations; season of birth; epidemiology, 4621
oxytocin; neurosteroid modulation; supraoptic nucleus; GABA receptors; rats; allopregnanolone, 21615
parent child separation; birth; adulthood depression; risk factor; gender differences; psychological development, 19406
parenthood age; first birth; timing of parenthood; ethnicity; race; education level; religion; marital status; socioeconomic status; South Africa, 13342
parturient position; labor pain intensity perception; cervical dilatation, 21252
postpartum-onset major depression; depression reccurence; reccurence timing, 16420
posttraumatic stress disorder; psychological trauma; childbirth; pain; social support; self efficacy; internal locus of control; coping; attitudes, 16458
principal components analysis; Perceptions of Labour and Delivery Scale; component structure, 30364
psychoanalytic theory; mothering orientation; antenatal prediction; postnatal depression; motherhood; childbirth, 25432
psychosocial predictors; child delivery; unexplained recurrent spontaneous abortions; pregnancy, 29019
rapid HIV testing; HIV-infected mothers; HIV counseling program; HIV mothers; birth HIV status; childbirth; US hospitals; testing during delivery, 29435
schizophrenia; season of birth; geomagnetic storms; risk factors, 10796
season of birth; schizophrenia; siblings; risk factor, 10809
season of birth; school achievement; specific learning disabilities; school retention; rates of diagnosis, 30083
welfare reform; teenage pregnancy; childbirth; school dropouts; adolescent behavior; social influences, 28105
women's health movement; pregnancy loss; birth scenarios; natural childbirth movement; reproductive disaster stories; toxically assaulted communities; US; miscarriage, 19080

Birth [See Also Natural Childbirth, Premature Birth]—Chapters
Pregnancy, childbirth, and postpartum outcomes: Selected issues and implications for counseling intervention, 16978
Birth Control [See Also Contraceptive Devices]—Serials
adolescent sexuality; reproductive health; sexual intercourse; sexual initiation; pregnancy; contraception, 31224
contraception; fallow deer; fertility control; porcine zona pellucida, 9745
contraceptive counseling; abortion clients, 20560
contraceptive distribution system; teenage pregnancy prevention; school based clinics, 11738
contraceptive needs; teenage pregnancy; sexually active teens; contraceptive methods; nursing, 23503
contraceptive self-efficacy; adolescents boys; adolescents girls; contraceptive use, 16023
contraceptive use; pregnancy; dual method use; condoms; age differences; intrapersonal factors; relationship characteristics, 25218
golden-headed lion tamarins; sexual maturity; sibling rearing; dominant female aggression; contraception; interbirth interval; cooperative rearing; socio-sexual interactions; Callitrichid primates, 6697
husband involvement; contraception; intrauterine device usage; wives; rural Vietnam; decision making; self-efficacy; transtheoretical model; stages of change, 13381
knowledge scores; oral contraceptives; communication about contraception; high school students; gender, 986
natural family planning; pregnancy prevention; marital relationships; couples; relationship enhancements, 2355
population growth; carrying capacity; conflict; population growth model; multitrajectory model; reproductive behavior; population behavior, 13282
pregnant teens; contraceptive use; school based intervention; parenting teens; desire for more children; family planning., 28096
sexual behavior; teenage pregnancy rates; high school students; sexual experience; contraceptive use; adolescent attitudes, 34361
Birth Control Attitudes [See Family Planning Attitudes]
Birth Injuries—Serials
fetal brainstem injury; intrauterine hypoxemia; hypoxemia induced damage; human pregnancy; placental insufficiency; blood vessel morphology; medulla volume; neuropil, 15591
maternal adjustment; obstetrical brachial plexus injuries; risk factors; resistence factors; disabled children, 32097
sudden infant death syndrome; infant injuries; death certifier; death investigation; suspicious death; personnel training, 35214
Birth Order—Serials
birth-order effect; social learning mechanisms; modeling; opportunity; telescoping; smoking onset; siblings, 10431
client birth order; clinical judgment; family experiences; judgment bias; clinicians attitudes, 26845
social interest development; young adults; gender; birth order; family functioning; Self-Report Family Inventory; Social Interest Scale, 990
symbolic play; long day child care centres; free play sesions; older peers; first born advantage; mixed age free play, 34340
Birth Parents [See Biological Family]
Birth Rate—Serials
birth rate; conception change; family formation aspirations; youth views; partnering; parenting, 7540
dizygotic twinning rates; triplet rates; zygosity; monozygotic twinning rates; European countries; ovulation-inducing hormones; in vitro fertilization; human fertility, 16166
Birth Trauma—Serials
attention deficit hyperactivity disorder; demographic variables; fetal stress; induced labor; selected physiological variables, 26026
healing; prenatal trauma; perinatal trauma; eye movement desensitization and reprocessing; therapeutic methods; transpersonal dimensions, 11586
trauma; prenatal period; perinatal period; women; Soviet Union; abortion; stress; parents; premature infants; low birth weight infants; eye movement desensitization therapy, 10137
Birth Weight—Serials
adverse pregnancy outcomes; role stress; African-American women; infant mortality; low birthweight; sociopsychophysiological model, 7553
birthweight; intrauterine environment; adiposity; fat distribution; later life; body mass index; obesity, 7555
cigarette smoking; pregnancy; maternal body weight; newborn size; birth weight; birth mode; Caesarean section; nicotine, 17121
ethnic groups; socioeconomic variables; health care delivery; maternal health; birth outcomes; pregnancy indices; birth weight, 18999
extended households; life course; young mothers; premature babies; low birth weight babies; schooling; employment; parenting competence, 31106
gender differences; parental reactions; premature low birth weight infants; stress responses; mothers; fathers, 10401
health outcomes; home visit; public health nurses; pregnant clients; hemoglobin; birthweight; breastfeeding, 11779
low birth weight; premature; early intervention; mother infant interaction; developmental difficulties, 32233
low birth weight; psychosocial variables; pregnant women, 28053
low birthweight; school performance; neurological impairment; non-verbal intelligence; obstetric risk, 7406
magnetic resonance imaging; functional deficits; right ventral extrastriate cortex; cortical anomalies; visiospatial processing deficits; preterm adolescents; neurology; low birth weight, 15906
maternal support; delivery room support; very low birthweight; African-American Women, 29440
maternal tactile stimulation; neurodevelopment; low birth weight infants; caregiving behavior; visual-motor skills; motor development; neurosensory deficits, 22009
maternal warmth; birth weight; attention deficit hyperactivity disorder; ADHD symptoms; IQ; twins, 16541
neonatal factors; maternal factors; premature birth; low birthweight; Australia; risk factors; age; gestational age; gender; ethnicity; Aboriginal; parity; smoking; hypertension; marital status, 16618
perinatal predictors; growth patterns; children born small; gestational age, 10133
persistent ductus arteriosus; preterm infants; low birth weight; neonates; diastolic left ventricular function, 28058
preterm infants; diastolic left ventricular function; birth weight; signal expression, 28059
sudden infant death syndrome; normal birth weight; oxygen transfer capability; placentae; oxygen diffusive conductance, 28980
umbilical cord inflammation; periventricular leukomalacia; low birth weight infants; chorioamnionitis; placental samples, 32117
very low birth weight infants; individualized developmental care; medical effects; neurodevelopmental effects; parenting; caregiving, 10123
very low birth weight; neuropsychological development; child development; adolescent development; cognitive development; perceptual-motor development, 18941
very low birth weight; prematurity; event related potentials; attention deficit disorder with hyperactivity; attention deficit disorder without hyperactivity, 13794
visual-motor-coordination; low birth weight; children, 13198
Bisexuality—Serials
activism; gay; lesbian; bisexual; transgender; media tools; activists, 28034
adolescents; gays; lesbians; bisexuals; harm reduction; school environment; gender identity; at risk populations; mental disorders, 14631
alcohol use; HIV seropositive gay & bisexual men; sexual risk taking, 32123
behavioral clinical psychology programs; doctoral training programs; sexual orientation; bisexuality; homosexuality; lesbianism; student perspectives, 12012
biracial identities; bisexual identities; human females; counseling; professional change; social transformation, 22152
biracial lesbian; bisexual women; multiple minority identities; sexual identity, 22165
bisexual women; overweight; obesity; exercise frequency; lesbian women;attitude differences; ethnicity; cohabitation, 8700
brothers; sisters; lesbians; gay men; bisexuals; social change; social issues; sexual orientation; demographic comparison; methodology, 34567
building community; lesbian; gay; bisexual; transsexuals; youth; social services, 28176
building community; rural settings; gay; lesbian; bisexual; transgender; youth & adult alliance; gay-straight alliance; community based program, 28361
campus climate; student investigators; gays; lesbians; bisexuals; transgendered; self-perception; self-awareness; sexual identity, 36180
coping effectiveness training; intervention; AIDS; HIV; distress; gay men; bisexual men; self-efficacy; group coping intervention, 8446
counselor competencies; lesbian, gay, and bisexual clients, 20757
counselor education; bisexual issues; information-based intervention; attitude-based interventions; counselor trainees; trainee attitudes; lesbians; gays, 35977
feminism; internalized heterosexism; lesbians; bisexual women, 34531

gay men; bisexual men; Acquired Immune Deficiency Syndrome; helpfulness related loss; coping behavior, 29047
health service; social service; gay population; lesbian population; bisexual population; rights; quality of life; social networks; health; well-being, 29670
heterosexuality; feminism; monogamy; sexual freedom; gay; lesbian; bisexuals, 28339
internalized heterosexism; lesbian; bisexual women; feminist dimensions; feminist identity development; feminist ideologies; feminism, 34534
interviews; lesbian; gay; bisexual trainee teachers; sexual orientation; sexual attitudes; sexuality; gender; idealism, 36092
men who have sex with men; sexual desire; bisexuality; Latino men; sexual activity; bisexual activity, 28353
online experiences; sexual compulsivity; gays; bisexuals; men who have sex with men; Internet; grounded theory; sexual addiction, 10889
organizing for change; gay rights; lesbian rights; bisexual rights; transgender rights, 28335
psychodynamic themes; treatment; bisexual patients; androgynous transference; pregnancy fantasy; dream interpretation; normal sexual behavior; heterosexuality; homosexuality, 32293
public health; US Defense of Marriage Act; lesbian; bisexual women; suicidality; behavioral difficulties; psychiatric treatment; sexual orientation; female relationship status; same-sex marriages, 28350
same-sex marriage; Christian community; homosexual orientation; lesbian; gay; bisexual; life experiences, 28368
sexual behavior; risk factors; bisexuals; male homosexuality; sexual risk taking; Latino men, 25206
sexual ideologies; same sex marriages; LGBT communities; United States, 10430
sexual orientation; life stressors; sexual minority suicidality; adolescent psychology; suicide attempters; males; bisexuals; gay youth, 1615
sexual politics; team members; bisexual men; gay men; hetrosexism; rugby club; gender order; sports; sexuality; social exclusion, 1149
substance abuse; Human Immunodeficiency Virus; bisexual men; gay men; club drug use; unsafe sex, 28862
suicide attempts; psychosocial correlates; men who have sex with men; homosexuality; bisexuality; epidemiology, 16482
suicide attempts; psychosocial correlates; men who have sex with men; homosexuality; bisexuality; epidemiology, 16484
treatment counselor's attitudes; lesbian; gay; bisexual; transgendered; clients; urban settings; rural settings; counselor competence; homophobia, 23723

walking patterns; African Americans; Native Americans; Caucasians; women; cross-cultural differences, 30653
white identity; identity development; teacher educators; racial identity; identity theory; antiracism; race issues; antiracism; intrarace relations, 23779
womanist therapy; African American women; womanist perspective; psychological intervention; acquired disabilities; therapeutic context; recommendations, 1941

Blacks—Books

Black families in therapy: Understanding the African American experience (2nd ed.), 11442
Disability and the Black community, 4547
Soothe your nerves: The Black woman's guide to understanding and overcoming anxiety, panic, and fear, 1955

Blacks—Chapters

African centered family healing: An alternative paradigm, 5634
The context of religiosity, social support and health locus of control: Implications for the health-related quality of life of African-American hemodialysis patients, 5472
Control, resistance, and empowerment in raced, gendered and classed work contexts: The case of African American women, 17906
Cultural modeling: CHAT as a lens for understanding instructional discourse based on African American English discourse patterns, 2806
Help-seeking and risk-taking behavior among Black street youth: Implications for HIV/AIDS prevention and social policy, 5516
A model program for African American children in the foster care system, 4248

Motivated but fearful: Welfare reform, disability, and race, 4196
Parent-adolescent interaction: Influence on the academic achievement of African American adolescent males, 5918
The state of mental health services for children and adolescents: An examination of programs, practices and policies, 5585
A study of the influence of protective factors as a resource to African American males in traditional batterer's interventions, 5209
Toward the inclusiveness and career success of African Americans, 2884
Blacky Pictures Test [See Projective Personality Measures]
Bladder—Serials
anaesthetised cat; urinary bladder; sympathetic vasoconstrictor neurones; pain; hyperalgesia; visceral afferents; skeletal muscle; bladder distension stimuli; vesico-sympathetic reflexes, 12841
Caucasian women; urinary bladder; abnormality; malformation; bladder extrophy, 7735
Kings Health Questionnaire; overactive bladder patients; health related quality of life; psychometric properties evaluation; reliability; validity, 21174
Blame—Serials
attribution of responsibility; self-blame; other-blame; acute stress disorder; burn victims, 19541
attribution-of-blame model; judgments; injustice, 7639
blame; anger; agreeableness, 25372
counterfactual thinking; blame assignment; rape victims; well being; self blame, 7964
disruptive behaviors; maternal responsibility; stigma; self blame; children behavior, 31376
empathic concern; gender differences; blame attribution; product harm crisis; perceived vulnerability, 12339
gender; sexuality; judgement; victim blame; rape myth acceptance; male rape; gay men, 1571
mental health clinicians; addiction clinicians; clinicians' attributions; blame; control; model, 8948
moral responsibility; deviance; blame; praise; attribution; causal deviance, 4401
need for cognitive closure; political attitudes; voting; attributional style; person blame dimension; system blame dimension, 31398
organizational learning; caution; blame; emotion; learning; organizing; organizational dynamics; organizational politics; political aspects; organizational communication; reflection, 33307
sense-making; September 11th; lay understandings; social perceptions; belief in a just world; right-wing authoritarianism; perceived causes; terrorism, 31535
sexual coercion; religious orientation; high school students; SES; predictors; prevention; high school students; date rape; multiethnic society; victim blaming; attitudes, 19599
shame; guilt; immunological effects; self-blame; proinflammatory cytokine activity; cortisol; emotions, 15714
stranger rape; acquaintance rape; benevolent sexism; perpetrator blame; sentence length; rape myths; hostile sexism, 25935
Blind [See Also Deaf Blind]—Serials
blind mole-rat; physical properties; underground obstacles; animal behavior, 6682
blind participants; sighted participants; working memory; memory task; letter recognition; recognition performance, 20081
blind; auditory recognition; efficiency of encoding strategies; age at onset; intersensory compensation; false memory; physical encoding; semantic encoding, 1898
blindness; brain plasticity; mental imagery; visual cortex, 26184
blindness; smoking; macular degeneration; smoking cessation, 35344
blindsight; blindness, 26181
childhood autism; developing effective programs; sensory intergration; intervention programs; visual impairment; blindness, 36218
emotional facial expressions; congenitally blind & sighted children; social influences, 1893
enhanced processing; speech sounds; blind individuals; perceptual sensitivity; attentional sensitivity, 20086
haptic perceptual selectivity; late-blindness; congenital blindness; very-low-vision; blindfolded sighted, 5094
international; interdisciplinary; blindness; visual impairment, 29200
parental support; peer support; adolescent well-being; visual impairment; blind, 35343
pitch discrimination; early blind; infant blindedness; listening skills; cerebral plasticity; auditory spatial localization, 32204
spared calcarine cortex; lateral occipital cortex; human hemianopes; visual motion; perimetrically blind patients; cortical lesions; primary visual cortex; residual vision, 19872
spatial organization skills; blind people; large outdoor places; environment visualization; spatial perception, 14028
technology; blind travelers; wayfinding; navigation, 14024
travelling skills; blind; visually impairment; children, 14029
visual cortex activity; sensory discriminations; brain imaging studies; language tasks; blind people; functional magnetic resonance imaging; nonverbal tasks, 23046
visual images; distance estimation; spatial tasks; mental displacement task; visual map memorization; haptic exploration; mental estimation, 8333
visuo-spatial memory; blindness; mental representation; strategies; visuo-spatial ability; visuo-spatial memory; mental imagery, 27523
vividness of visual imagery; congenitally blind; mental imagery; sensory modalities; imaging capacity; sighted people, 29194
Blink Reflex [See Eyeblink Reflex]
Blood [See Also Blood Plasma]—Serials
anorexia nervosa; self-phlebotomy; purging, 13832
anterior cingulate cortex; striatum; orbitofrontal cortex; decision making; blood oxygenation level dependent responses, 18697
autonomic dysfunction; chronic fatigue syndrome; erythropoietin levels; red blood cell indices, 19899
blood homocysteine levels; genes; Alzheimers disease; pathogenesis; polymorphism; genetic factors, 35331
blood oxygen level-dependent hemodynamic response; positive and negative voxels; healthy aging; visual regions; motor regions; functional magnetic resonance imaging; fMRI; elderly, 24609
brain function; neurophysiological correlates; cerebral blood flow; blood-oxygen level-dependent signals; functional neuroimaging; neural activity; afferent function, 21623
cord-blood transplants; unrelated donors; myeloablative preparative regimen; Hurler's syndrome; engraftment, 32110
cord-blood transplants; unrelated donors; myeloablative preparative regimen; Hurler's syndrome; engraftment, 32083
cord-blood transplants; unrelated donors; myeloablative preparative regimen; Hurlers syndrome; engraftment, 26065
electrophysiology; human somatosensory cortex; somatosensory evoked potential; contralateral median nerve; electrical stimulation; blood oxygen level dependent, 7029
factitious disorder; menstrual blood; otolaryngology clinic; psychiatric consultation; fluoxetine, 34812
human blood lymphocytes; granulocytes; substance P; peptide; brain; receptor antagonists, 33986
postintoxication effects; alcohol ingestion; flight performance; blood alcohol levels, 21026
S-100 protein subunit B; glial fibrillary acidic protein; neuron-specific enolase; myelin basic protein; cerebrospinal fluid; neurological disorders; cerebrospinal fluid; blood; brain damage, 8267
schizophrenia; cardiac blood levels; postmortem; antemortem; clozapine, 11478
water intake; blood parameters; thermal dehydration; plasma osmolality; sodium concentration; age differences; rats, 27836
whole blood serotonin levels; pretrial murder defendants; serotonergic dysfunction; violent behavior; human males, 11048
Blood Alcohol Concentration—Serials
alcohol intake; blood alcohol concentrations; contingent negative variation; personality profile, 34146
alcohol-induced sedation; blood alcohol concentration; alcohol consumption; mood states, 19091
blood ethanol concentration profiles; Sprague-Dawley rats; mice; ethanol induced injury, 15768
brain alcohol detectability; alcoholism; paternal history, 19650
breath alcohol levels; sleepiness; driving impairment; sleep-related fatal road crashes, 34134
collegiate drinking behavior; binge drinking; blood alcohol concentration; college campus; behavioral outcome; prevention, 31440
red wine effect; coagulation pathway; healthy men; cardiovascular events; arrhythmias; alcohol; fibrinolysis; binge drinking; blood pressure; thrombin-antithrombin complexes; thrombocytes, 16236
Blood and Lymphatic Disorders [See Also Anemia, Hemophilia, Leukemias, Malaria, Porphyria, Sickle Cell Disease]—Serials
clozapine; manic; topiramate leukopenia; mood stabilizers; mania, 20278
depressive symptoms; quality of life; b-thalassaemia; Mediterranean countries, 19871
drug dosages; olanzapine; neutropenia; drug side effects; drug therapy; bipolar disorder; major depression with psychotic features, 20319
megakaryocyte progenitors; preterm neonates; post conceptional age; megakaryocytopoiesis, 35210
pain perception; bone marrow puncture; anxiety; hematological oncology; fear; depressive tendency, 35644
panic disorder; blood-injury phobic avoidance; drug treatment; retrospective study; chart analysis; comorbidity; pharmacotherapy; agoraphobia; treatment-outcome; experimental replication, 17074
psychosocial burden; thalassaemia; anemia; blood transfusions; affected children; affected adults; parents; developing countries; blood disorder; iron chelation, 22792
quality of life; hereditary blood coagulation disorders; hemophilia; test reliability; test validity, 27369
thrombotic thrombocytopenic purpura; patient history; neuroleptics; catatonia, 29040
Blood Brain Barrier—Serials
affective disorder; blood-brain barrier; mice; hypothalamic-pituitary-adrenocortical system; multidrug-resistance gene 1-type P-glycoproteins, 7237
amisulpride; clozapine; N-desmethylclozapine; permeation; atypical antipsychotics; blood-brain barrier; blood-cerebrospinal fluid, 7196
drug entry; bradykinin receptor; Cereport; RMP-7; pharmacological treatments; neuroprotective effects; central nervous system; therapeutic efficacy; blood brain barrier; permeation; receptor, 3606
glycoprotein; membrane protein; central nervous system; pharmacokinetics; amitriptyline metabolites; blood-brain barrier, 21845
kynurenic acid; glucosamine-kynurenic acid; blood-brain barrier; behavior; rats; somatosensory-evoked cortical potentials; NMDA receptor inhibitor; field excitatory postsynaptic potentials, 12998
lazaroid U-83836E; traumatic brain injury; blood brain barrier; edema; ATPase; rats, 21825
mosquito repellents; pyrethroids; blood-brain barrier; rat brain; early developmental stages; neurotoxicity, 34179
multiple drug resistance; P-glycoprotein, mice knockout; blood-brain barrier; antidepressive agents; venlafaxine; paroxetine; mirtazapine; doxepin, 792
olanzapine distribution; P-glycoprotein tissues; controlling gene; brain access; dose requirements, 18813
P-glycoprotein deficiency; blood-brain barrier; brain penetration; methadone; enatiomers; mice; oxidative metabolite, 27954
pentylentetrazol; convulsions; cerebrovascular integrity; chronic nicotine; seizures; blood-brain barrier; nicotine pretreatment; rats, 27949
rat blood-brain barrier; forebrain astrocytes; microvascular endothelial cell; nucleoside efflux; adenosine permeation; metabolite inosine; vitro cell culture, 6962
stress; corticotropin-releasing factor; blood brain barrier; microvessel endothelial cells; cAMP, 15685
tolerance development; rats; hypothermic effects; anticataleptic effects; neurotensin analog; blood-brain barrier, 12978
Blood Cells [See Also Erythrocytes, Leucocytes]—Serials
interferon-y; IFN-y; interferon production; rabbits; behavioral correlates; endocrine correlates; exogenous testosterone; peripheral blood mononuclear cells; season; social rank; plasma corticosterone, 21765
monocytic function; major depression; dysthymia; monocyte count; monocyte subsets; respiratory burst activity; phagocytic index; interleukin; tumor necrosis factor production; depressed patients, 16415
pregnant women attitudes; cord blood stem cell; gene therapy; blood bank; malignant disease; cord blood transplant programs, 16163
quality of life; peripheral blood stem cell transplantation; symptom severity; cancer, 17163
social stress; blood T cells distribution; lymphoid organs; body tissues; social confrontation stress; male Fischer rat, 15719
Blood Circulation—Serials
cardiac output; cerebral blood flow; skin blood flow; peripheral vasoconstriction; total peripheral resistance; cerebrovascular resistance; mean arterial pressure; cold face stimulation; diving reflex, 669
cats; visual cortex; blood supply; postnatal development; histochemistry; capillary endothelial cells, 27800
endothelial vasodilatory function; cigarette smoking; smokers; forearm blood flow; human forearm; metacholine infusion; sodium nitroprusside, 3933
Blood Coagulation—Serials
coagulation disorders; menorrhagia; dysfunctional uterine bleeding, 35195
depressive symptoms; anxiety; hemostatic responses; acute mental stress; recovery; elderly, 25540
red wine effect; coagulation pathway; healthy men; cardiovascular events; arrhythmias; alcohol; fibrinolysis; binge drinking; blood pressure; thrombin-antithrombin complexes; thrombocytes, 16236
Blood Disorders [See Blood and Lymphatic Disorders]
Blood Donation [See Tissue Donation]

Blood Flow [See Also Cerebral Blood Flow]—Serials
blushing; vasodilation; generalized social phobia; methyl nicotinate; vasodilatory response; blood flow, 1522
pressure aberrations; spinal canal; cervical spine; rear end impacts; soft tissue injuries, 1790
Blood Glucose [See Blood Sugar]
Blood Groups—Serials
homicide rates; suicide rates; blood types, 34984
Blood Plasma [See Also Blood Serum]—Serials
Alzheimer disease; methionine synthase; risk factor; metabolic pathways; plasma levels; enzymatic alterations; pathogenesis; methionine synthase allele, 8215
antidepressant treatment; 3-methoxy-4-hydroxyphenylglycol; plasma level; noradrenergic neurons; central noradrenergic activity; depression; psychomotor retardation, 35582
arterial nicotine plasma concentrations; cigarette smoking; abstinent smokers; cigarette craving, 34155
behavioral sensitivity; corticosterone; juveniles; wall lizard; stressful conditions; plasma level; lizard behavior; locomotor activity; thermoregulation, 21812
carbamazepine; steady-state plasma concentration; haloperidol; schizophrenia, 2239
cerebrospinal fluid; stereoselective metabolism; citalopram; plasma; depressive patients, 26409
chronic alprazolam treatment; lorazepam; anxiety; depression; plasma cortisol; drug administration; memory assessment; parallel design; chronic effects; cortisol levels, 20379
corticosterone radioimmunoassay; plasma; fecal samples; oldfield mouse; biochemical validation; physiological validation, 7096
ecstasy users; 3,4-methylenedioxymethamphetamine; drug dependency; plasma; adrenocorticotropic hormone; cortisol; growth hormone, 1651
estuarine pufferfishes; sea water; ebb tide; osmoregulatory behaviour; hyposalinity; plasma osmolality, 33967
GABA plasma levels; prediction; acute posttraumatic stress disorder; road traffic accident victims, 13675
green odor; plasma adrenocorticotropic hormone; body temperature; stress; rats, 12939
light therapy; biopterin; neopterin; tryptophan; seasonal affective disorder; plasma; depression, 2252
lipids; immune cells; exercise; mental stress; coronary artery disease; adjustment; plasma volume, 16716
major depression; nitric oxide; plasma concentrations; endothelial cell; asymmetric dimethylarginine concentrations, 25593
major depression; plasma glycine; plasma serine; schizophrenia; negative symptoms, 19493
neuroactive steroids; binge eating disorder; obesity; plasma levels; dehydroepiandrosterone; DHEA sulphate; bulimia; malnutrition; tetrahydroprogesterone; cortisol, 4807
nitric oxide; paroxetine; cardiovascular risk factors; paroxetine discontinuation; antidepressants; major depression comorbidity; side effects, 7220
NK activity suppression; plasma factors; glucocorticoid involvement; rats; surgery; immunosuppression, 15453
olanzapine; plasma concentration; drug dosage; co-medication; schizophrenic patients; antipsychotic drugs, 23217
paroxetine plasma concentrations; major depression, 26410
plasma clozapine concentration; cigarette smoking; metabolic activity; age; sex; dose, 11548
plasma concentrations; anxiolytic neurosteroids; anxiety; human male; pregnenolone; progesterone; allopregnanolone; tetrahydrodeoxycorticosterone, 24652
plasma homocysteine levels; CNS disease risk factor index; schizophrenia, 31763
plasma homocysteine levels; schizophrenic patients, 31758
plasma testosterone; corticosterone levels; simulated territorial challenge; male great tits; hormones; animal behavior; egg-laying; incubation; nestling; animal breeding, 27681
self-reported adherence; plasma protease inhibhitor concentration; PPIC; HIV-infected patients; non-adherence detection; self-administered questionnaires, 6355
stress reactions; plasma homocysteine; acute stressor-selective effect; cardiovascular disease; swimming; restrain; cold exposure; novelty; hypothalamic-pituitary-adrenal axis; physiological responses, 12949
stressful training changes; endogenous neurotransmitters; human plasma; homeostasis; stressor; dopamine, 34130
vaginal bleeding; plasma proteins; selective serotonin-reuptake inhibitors; sertraline; anticoagulative drugs; geriatric population, 23282
water intake; blood parameters; thermal dehydration; plasma osmolality; sodium concentration; age differences; rats, 27836
Blood Platelets—Serials
cyclic adenosine monophosphate; pathway abnormalities; serotonin; platelets; panic disorder; inhibitory adenylyl cyclase, 25704
diagnostic group differences; within-group distributions; clinical correlates; platelet serotonin levels; pervasive developmental disorders; mental retardation; autism; Asperger syndrome, 19762
escitalopram; human serotonin transporter; racemic citalopram; blood platelets; transport inhibition, 18787
peripheral-type benzodiazepine receptors; receptor binding; platelets; aggressive behavior; homicidal history; schizophrenia, 4647
platelet abnormalities; platelet aggregation; cocaine-dependent patients; regional cerebral blood flow; hypoperfusion; abstinence; aspirin treatment, 10998
platelet activation; platelet aggregation; ischemic heart disease; 5-HT receptor; depressive symptoms; major depressive disorder; serotonin; calcium; risk factors, 1444
platelet hyperactivity; clinical depression; antidepressant drug treatment; coronary artery disease; risk factors, 32479
platelet monoamine oxidase; tobacco; smoking behavior; behavioral phenotypes, 14326
platelet receptor function; long-term imipramine treatment; endogenous depression; antidepressants; serotonin, 29334
platelet serotonin uptake sites; treatment outcome African-American cocaine dependent individuals; platelet tritiated paroxetine binding; outpatient treatment, 2517
platelet serotonin; personality-disorder; aggression; hostility; impulsivity, 22604
post-stroke depression; stroke patients; platelet serotonin transporter; serotonin transport inhibitors, 23404
suicidal behavior; attempted suicide; serotonergic platelet markers; platelet serotonin transporters; drug effects, 22643
thrombocytopenia; valproic acid treatment; new-onset bipolar disorder; platelet function, 2152
venous thromboembolism; antipsychotic drugs; dopamine antagonists; hyperprolactinemia; platelets; prolactin, 2237
Blood Pressure [See Also Diastolic Pressure]—Serials
anger management style; blood pressure reactivity; pain sensitivity; trait situation models, 25326
anger response styles; social support seeking; ambulatory blood pressure; aggression; assertion; diffusion; avoidance; rumination; risk factors; cardiovascular health; hypertensive patients; gender, 11213
autonomic nervous system dysfunction; severe tetanus; heart rate; blood pressure; sympathetic control, 11140
autonomic nervous system patterning; emotion; affective space; blood pressure; skin conductance; electrocardiogram, 12948
baroreceptor sensitivity; cardiovascular health; cardiac reflex function; biofeedback; blood pressure, 34126
binge cocaine administration; cardiovascular responses; mean arterial pressure; heart rate; vasoactive substances; rats, 3911
blood pressure; adult age; memory search; visual search, 13191
blood pressure; circadian rhythms; sloths; systolic blood pressure; diastolic blood pressure, 21754
blood pressure; cognitive impairment; memory impairment; elderly; rural population, 8288
blood pressure; emotional response; physical pain; psychosocial stressors; stimuli; neurocirculatory control, 30953
blood pressure; mood; work; leisure; overtime; job stress, 30194
blood pressure; socioeconomic status; occupational status; job strain; male workers; income level; educational level, 17896
cardiovascular disease risk; diastolic blood pressure; heart rate; spinal cord injuries; hypertensive rats, 6812
cardiovascular mortality; blood pressure variability; panic disorder; anxiety; heart rate; blood pressure time series; chaos, 19563
cardiovascular reactivity; blood pressure; hypertension; work stress, 32098
cardiovascular reactivity; left ventricular mass; blood pressure reactivity; cardiovascular morbidity; ventricular hypertrophy; methodology; mortality; stress, 9554
cardiovascular responses; daily activities; blood pressure; nocturnal nondippers; physical activity level; posture; location; mental activity; interpersonal interaction; mood; civil servants, 20439
carotid atherosclerosis; ambulatory blood pressure; demand; control; stress, 11214
cognitive performance; blood pressure; verbal learning; attention; systolic blood pressure, 24771
depressive symptoms; ambulatory blood pressure; family history; hypertension; norepinephrine; cortisol; parental history; depressed mood, 16358
diastolic blood pressure; systolic blood pressure; trends; children; adolescents; overweight; hypertension, 26115
dietary caffeine; blood pressure; cardiovascular health, 16719
effort-reward imbalance; work overcommitment; cortisol; blood pressure; biological correlates; work stress, 24769
gamma-band EEGs; autonomic responses; mental arithmetic; heart rate; blood pressure; lung flow; voice response; mental arithmetic task; MAT, 12927
heart rate variability, blood pressure variability; baroreflex sensitivity; anxiety; hostility, 688
hemodynamic changes; blood pressure; heart rate; meditation; males, 34129
hostility; anger expression; blood pressure dipping; ethnic differences, 24772
hostility; interpersonal interactions; ambulatory blood pressure; health; systolic blood pressure; diastolic blood pressure, 7119
hypertension; ambulatory blood pressure; perceived racism; anger inhibition; anger expression; African Americans, 686
John Henry hypothesis; John Henryism active coping; education; blood pressure; urban Blacks; psychosocial stressors; socioeconomic resources, 28767
methamphetamine; blood pressure; anxiety; heart rate; stress; distress; rats; humans, 3980
migraine headaches; disabling headaches; autonomic nervous system function; cardiovascular reactivity; diastolic blood pressure; systolic blood pressure; heart rate variability; Valsalva maneuver, 8147
osmotic-release methylphenidate; blood pressure; heart rate; children; attention-deficit/hyperactivity disorder, 11577
parental history; hypertension; diastolic blood pressure; systolic blood pressure; coping; reactivity; racism; black college students, 8187
posttrauma cardiovascular levels; motor vehicle accident; posttraumatic stres disoder; heart rate; blood pressure, 34895
pressure aberrations; spinal canal; cervical spine; rear end impacts; soft tissue injuries, 1790
psychophysiology; orthostatic panic; Cambodian refugees; heart rate; blood pressure; dizziness responses, 34909
rats; central hypocretin-1 administration; hemodynamic responses; sympathoadrenal effects; young adult vs middle aged rats; blood pressure; heart rate; plasma catecholamines; norepinephine release, 7201
resting blood pressure; adaptive defense; age differences; diastolic blood pressure; systolic blood pressure; psychosomatic medicine, 7132
smoking habits; blood pressure; normotensive Japanese men; drug dosage, 28372
socioeconomic status; systolic blood pressure; school children; childhood factors; adulthood factors; diastolic blood pressure, 19933
subjective stress; blood pressure reactivity; coping resources; Black college students; life events, 1239
supraoptic nucleus; angiotensin II; septal area; water intake; sodium intake; arterial blood pressure; rats, 27936
systolic blood pressure; cognition; depression; orthostasis; cerebral hypoperfusion; cell damage; neuropsychological function; pulse pressure; verbal memory; prospective memory; African Americans, 22894
systolic blood pressure; diastolic blood pressure; mental stress; socioeconomic position; reactivity; age; sex, 7121
white matter hyperintensities; blood pressure; episodic memory; cognitive tasks; aging, 3834
work stress; hypertension; blood pressure, 30951
Blood Pressure Disorders [See Also Hypertension, Hypotension, Syncope]—Serials
breathing training; anxiety state reduction; hypertension; angina; functional chest disorder; chronic obstructive pulmonary disease; cardiac rehabilitation; optimal breathing pattern; breathing volume, 2275
Blood Proteins [See Also Hemoglobin, Immunoglobulins]—Serials
protein kinase; spinal cord microglial; dorsal root ganglion; neuropathic pain; spinal nerve ligation; p38 mitogen activated protein kinase; rats, 21608
trauma induced brain death; traumatic brain injury; S-100b serum protein; predictive value; injury severity; S-100b blood serum levels, 13940
Blood Serum—Serials
alexithymia; serum levels; cytokines; interleukin; psychiatric symptoms; age difference, 16379
alexithymia; serum levels; interleukin-4; interleukin-1; interleukin-2; interleukin-3; feelings; healthy women, 24751
blood iron levels; tardive dyskinesia; peripheral iron indices; schizophrenia, 19843
chronic lithium treatment; rats; brain; serum levels; dehydroepiandrosterone; dehydroepiandrosterone-sulphate, 18766
epilepsy; serum trace concentrations; nail trace concentrations; zinc; copper; manganese, 11258
head injury; biochemical markers; disability; serum level; serum marker protein; brain damage, 23019
head injury; biochemical markers; disability; serum level; serum marker protein; brain damage, 23011

interferon-inducible protein-10; monocyte chemotactic protein-1; cerebrospinal fluid; serum samples; Alzheimers disease patients; chemokines, 22935
nicotine infusion; serum nicotine concentrations; peak arterial concentrations; nicotine self-administration; rats; nicotine replacement therapy, 10015
pathological manifestations; neonatal hyperbilirubinemia; seasonal pattern; oxidative damage; neonatal period; phototherapy; newborn infant; serum bilirubin level, 23309
polyunsaturated fatty acids; seizure control; cortisol levels; ketogenic diet; epileptic children; metabolites; beta-hydroxybutyrate; blood serum, 13942
posticta serum levels; antiepileptic drugs; medication noncompliance; indicator; biological marker; epileptic seizures; epilepsy; detection; drug therapy; serum concentration, 2320
pregnancy; spike wave discharges; serum concentrations; ovarian steroid hormones; absence seizures; progesterone; estradiol; rats, 27835
residential treatment; smokeless tobacco use; tobacco use cessation; behavioral therapy; serum nicotine concentrations, 29781
schizophrenia; infectious agents; psychiatric disease; antibodies; blood serum; cerebral spinal fluids; cytomegalovirus; taxoplasma gondi; herpesvirus, 19468
serum basic fibroblast growth factor levels; Japanese men; overweight; exercise education; vascular endothelial growth factor; body mass index, 8691
serum cholesterol; precursors; cholesterol metabolites; cognitive performance; aging population, 3716
serum cholesterol; suicidality; anorexia nervosa; self-injurious behavior; binge eating, 32053
serum leptin levels; weight gain; weight loss; anorexia nervosa, 28950
serum levels; negative symptoms; schizophrenia; astroglial cells; calcium binding protein; paracrine; autocrine; neurons, 25671
serum prolactin levels; nonepileptic seizures; epileptic seizures; differential diagnosis, 35325
trauma induced brain death; traumatic brain injury; S-100b serum protein; predictive value; injury severity; S-100b blood serum levels, 13940

Blood Sugar—Serials

blood glucose estimation; blood glucose levels; diabetes; growth curve modeling; children; estimation accuracy, 24927
classical conditioning; insulin; classical conditionability; glucose injections; blood glucose; conditioned stimulus, 24770
clonazepam; gamma-aminobutyric acid; GABA; diabetes; striatal extracellular glucose; fasting; glucose overload; streptozotocin; rats; microdialysis; blood glucose, 7188
glucose lowering effect; neonatal mice; neurophysiological changes; blood glucose; neural cell; brain histology; phenylpyruvate; phenylketonuria; neurodegenerative changes, 21838
metabolic measure; mental effort; cardiovascular variables; heart rates; blood glucose, 21779
nondiabetic Asian Indians; insulin sensitivity; insulin clearance; raised leptin; Caucasian subjects; Chinese subjects; ethnic groups, 7100
perospirone; obesity; diabetes mellitus; schizophrenia; blood sugar, 35553

Blood Transfusion—Serials

pregnant women attitudes; cord blood stem cell; gene therapy; blood bank; malignant disease; cord blood transplant programs, 16163

Blood Vessels [See Also Arteries (Anatomy)]—Serials

endothelial vasodilatory function; cigarette smoking; smokers; forearm blood flow; human forearm; metacholine infusion; sodium nitroprusside, 3933
schizophrenia; obsessive-compulsive symptoms; diffuse brain vessel malformation; cavernoma; developmental defect, 25470
St John's wort; amitriptyline; autonomic responses; blood vessels; sweat glands, 10042

Blood Volume—Serials

drinking; median preoptic nucleus; noradrenaline; hypovolemia; water intake; body fluids; rats, 3683
multichannel near-infrared spectroscopy; depression; schizophrenia; hemoglobin concentrations; cerebral blood volume; cognitive brain activation, 19344

Blue Collar Workers [See Also Skilled Industrial Workers]—Serials

carpal tunnel syndrome; continuous exposure data; occupational risk factors; personal risk factors; fish processing operators, 22787
discourse analysis; working class women; talk; physical aggression; female aggression; violence, 22243
individualism; collectivism; perceived task interdependence; teamwork attitudes; Irish blue-collar employees; employee attitudes, 36349
low back disorders; biomechanics; personal characteristics; psychosocial characteristics; motor control; physiology; heavy industry workers, 24033
physical activity intervention; blue-collar employees; peer leaders; professional leaders; energy expenditure; self-efficacy, 8666
stress-vulnerability model; manufacturing company; repeated downsizing; blue-collar workers; white collar workers; health problems; role ambiguity; job security, 30192
suicide rate; annual total sunshine; occupation; occupational types; primary & secondary & tertiary industries, 10931

Body Art [See Cosmetic Techniques]

Body Awareness—Serials

anosognosia; plegia; bodily unawareness; hemiplegia; plegia of unawareness; hemiplegic stroke patients, 20017
attentional strategy; self orientation; perception; body tilt; gender differences; morphological horizon, 30626
bodily strangeness; women's experiences; stroke; feminist study; stroke survivors, 4948
Body Awareness Scale-Health; quality of movements; movement behaviour; inter rater reliability; test retest reliability; prolonged musculoskeletal pain; psychiatric care; eating disorders, 30443
body checking; avoidance; eating disorder; female patients, 11114
body consciousness; consumer awareness; consumer expectations; expectation of liking; food appearance; raw product; cooked product, 14832
body counter-transference; body concepts; psychotherapy; touch, 2663
body counter-transference; body concepts; psychotherapy; touch, 2664
body orientation; somatosensory system; perception; subjective visual vertical; somesthetic cues; body tilt; A-effect; Aubert, 6485
body satisfaction; physical activity; sedentary activities; weight-related disorders; sex differences, 28123
Eating Disorders Inventory; clinical assessment; eating disorder; anorexia; bulimia; body dissatisfaction; perfectionism; distrust; maturity fears, 18171
femininity; muscularity; female body builders; training; motivation; social pressure; Western cultural pressure, 24046
gender differences; self-objectification; priming; American culture; women views; observers views; body competence; objectifying media, 28317
magazine preference; awareness levels; sociocultural appearance standards; eating-disorders; college women; media images; female body types, 25995
mental distress; obesity; body weight; Rorschach personality aspects; anxiety; major depression; body concern, 22803
mind body relationship; self & intersubjective psychoanalytic psychotherapy; body awareness; body preoccupation; somatization; treatment; therapeutic techniques, 5257
physical disability; muscular strength; obesity; body composition indexes; healthy elderly women, 29577

Body Dysmorphic Disorder—Serials

body dysmorphic disorder; anorexia nervosa; disturbed body image; differential diagnosis; comorbidity, 22407
body dysmorphic disorder; patient background; art occupation; art education; aesthetics, 25533
body dysmorphic disorder; prevalence; patient characteristics; cosmetic surgery applicants; defects, 10693
clinical correlates; dysmorphic concern; cosmetic enhancement; body dysmorphic disorder, 25505
emotion recognition deficits; body dysmorphic disorder; obsessive compulsive disorder; facial expressions, 16378
obsessive compulsive disorder; body dysmorphic disorder; insight; global insight; symptom severity; adult outpatients, 10702
psychosocial functioning; quality of life; body dysmorphic disorder; fluoxetine; mental health, 35560
somatoform disorders; pharmacologic treatment; pharmacotherapy; hypochondriasis; body dysmorphic disorder, 23370
spontaneous images; early memories; body dysmorphic disorder; stressful memories, 25736

Body Dysmorphic Disorder—Chapters

Cognitive-behavioral therapy for obsessive-compulsive disorder and body dysmorphic disorder, 5210

Body Fluids [See Also Amniotic Fluid, Blood, Cerebrospinal Fluid, Saliva, Sweat, Urine]—Serials

neuroendocrine control; body fluid homeostasis; atrial natriuretic peptide; ANP; angiotensin II; water intake; salt intake, 21762
stretch-sensitive ion channels; gadolinium; thirst; sodium intake; osmoreceptors; baroreceptors, 3955

Body Height—Serials

body mass index; asthma; Mexican adults; obesity; measured weight; measured height, 7798
Flynn effects; secular trends; mean intelligence; test scores; language scores; mathematics scores; general ability scores; standing height; Norwegian conscripts, 33831
patrilineal joint family; family planning; family values; son preference; variations in stature; height; family composition; sons; daughters; siblings; first-graders, 13346
physical height; career success relationship; theoretical model; leader emergence; preliminary test; performance; success; social esteem; literature meta-analysis; gender differences; personal income, 23974
self-reported values; body weight; body height; adolescent attitudes, 24898
sequential lineup; simultaneous lineup; discriminability enhancement; witnesses; relative decision strategy; bias affect; absolute decision strategy; height encoding; transfer-appropriate processing, 18018
sexual maturation; growth; risperidone; children; disruptive behavior disorders, 26357
smoking habits; body mass index; BMI; Swedish men; Swedish women; long-term smoking effects; Swedish cohort; age-matched differences, 1161

Body Image [See Also Body Image Disturbances]—Serials

adolescent development; depression; body image, 4594
appearance management; body image management; thematic analysis; clothing choices; cultural ideals; men, 10414
bariatric surgery; gastric banding; morbid obesity; therapy outcome; body image; new eating habits, postoperative complications; weight loss; quality of life; self esteem, 5427
beauty and thinness messages; children's media; young; body image concerns; desire for thinness; avoidance of obesity; body preferences and stereotypes, 28106
biopsychosocial factors; body image; body change strategies; child attitudes; weight loss; gender differences; body mass index; muscle development; dieting; self-esteem; body dissatisfaction, 1008
body attitudes; body image; genetic epidemiology; women; environmental epidemiology; risk factors; twins; body mass index; measurement, 6280
body dissatisfaction; adolescent; gender differences; age differences; dieting, 4128
body dissatisfaction; body image; human males; psychological adjustment; eating disorder; steroid use; exercise; health behavior, 28493
body dissatisfaction; eating disorder symptomatology; disordered eating, 16569
body fat ideals; body fat perception; men; eating disorders; anorexia nervosa; bulimia nervosa, 11113
body fat; leanness; bench press performance; strength; body image; athletic competence; self-esteem; psychological esteem; high school football players, 998
body image satisfaction; body image measurement; computer digital imaging; computer manipulation, 34707
body image; adolescent girls; boys; social factors; psychological factors; biological factors; body dissatisfaction; internalized appearance ideals; body mass; social comparison, 31206
body image; associated psychological traits; self esteem; muscularity; depression; eating disorder symptoms; body dissatisfaction, 28498
body image; eating disorder variables; smoking severity; gender differences; nicotine dependence; depression; anxiety, 13408
body image; females; sociocultural ideals; beauty standards; race; physical appearance; popular culture; Latino body; adolescents, 34317
body image; interpersonal functioning; adult attachment; social anxiety; fear of intimacy; gender, 16282
body image; male body image; social psychological studies; methodological guidelines; assessment; Drive for Muscularity Scale; somatomorphic matrix, 9384
body image; pregnancy; bodily changes; motherhood; first time mothers; mothers to be, 22344
body image; self-esteem scores; eating disorder; dieting; beauty pageant contestants; pageant participation; competition; surveys, 4810
body image; self-esteem; menopause attitudes; menopausal symptoms; estrogen level; premenopause; postmenopause, 7457
body image; self-esteem; menopause attitudes; menopausal symptoms; estrogen level; premenopause; postmenopause, 7458
body image; self-esteem; menopause attitudes; menopausal symptoms; estrogen level; premenopause; postmenopause, 7455
body satisfaction; physical activity; sedentary activities; weight-related disorders; sex differences, 28123
body satisfaction; women; husbands role, 34691
body uneasiness; body image; eating disorders; overweight; obesity; weight-loss treatment; Italian women, 13461
body weight; attractiveness; female figures; body shape characteristics; hips; waist; body image; female undergraduates, 10583

body weight; body shape; physical attractiveness ratings; female line drawings; restrained eaters; nonrestrained eaters, 31568
cognitive-behavioral therapy; body image assessment; body image disturbances, 34921
disability theory; reductive conceptions of disability; habitus concept; disabled people; social inequalities; corporeal identities; bodies; Bordieu; symbolic violence, 16593
disordered eating; muscularity; adolescent boys; associated factors; leanness; biopsychosocial model; risk factors, 13839
early adolescents experiences; feminine sexualized image; Barbie dolls; self-concept; body image, 25031
eating concerns; measurement; Eating Disorders Inventory; Black girls; body dissatisfaction; emotional distress; ethnic backgrounds; White girls, 18084
eating disorder; symptomatology; multidimensional model; eating disturbances; structural equation modeling; sociocultural variables; personal variables; relational variables, 28964
eating disorders; cultural influences; ethnic groups; epidemiology; body image ideals; health perceptions; illness perceptions, 28953
eating; body image; body weight; obesity; African Americans; Hispanics; girls, 32059
ethnic differences; body-self-dissatisfaction; Whites; Asian Subgroups; Pacific Islanders; African-Americans; body mass index, 23475
exploratory factor analysis; factorial validity; Drive for Muscularity Scale; reliability; gender differences; men; women, 9401
exposure to the thin-ideal media image; women; affect; self-esteem; body satisfaction; eating disorder symptoms; level of internalization of the thin-ideal, 28949
female breast cancer outpatients; coping; body image; racial differences; self efficacy in coping, 4937
figure presentation method; figure rating scales; body image assessment; body sizes, 9531
gender differences; age differences; eating attitudes; food preoccupation; body image; social pressure; eating disorders, 23438
gender differences; self-objectification; priming; American culture; women views; observers views; body competence; objectifying media, 28317
global self-esteem; body image satisfaction; eating attitudes; eating behavior; life-skills promotion program; program evaluation, 26536
health care professionals; cardiovascular disease; CVD; eating disorder attitudes; females; thinness drive; body dissatisfaction; CVD risk; primary prevention, 22770
heterosexual; homosexual; body dissatisfaction; eating motivations; sexual orientation; eating behaviors; gender; sexuality; body image, 29512
impression management; embodied experience; information sharing; study participants; socially charged issues; qualitative design, 22304
Latina women; food choices; body image perceptions; health consequences; nutrition education; childhood obesity; young children; body mass indexes; overweight children; healthful food choices, 8665
life satisfaction; sexual attractiveness; physical condition; middle-aged women; body satisfaction; weight concern; adult women; body image; happiness, 11616
lifespan approach; women; appearance concern; body control; exercise; food regulation, 22345
magazine preference; awareness levels; sociocultural appearance standards; eating-disorders; college women; media images; female body types, 25995
major depression; bulimia; pathology; preventive intervention; adolescent girls; cognitive-behavioral intervention; body dissatisfaction; negative affect; dieting; symptoms, 8427
media exposure; body dissatisfaction; disordered eating; magazine reading; television viewing, 13843
media exposure; male body image; mass media; physical appearance; ideal male images, 16278
mirror asomatognosia; right lesions; stroke victims; mirror-induced disorders; body image, 19935
mirror cognitions; mirror behaviours; body shape; women; body image, 25340
misperception; gender differences; overweight reduction; body mass index; obese status; weight status, 8679
model body size; body-focused anxiety; advertising effectiveness; women, 16289
mood-induced body image; subjective mood; cognitive priming; disparagement effect; enhancement effect, 22363
muscle appearance attitude measures; body image; muscularity; body fat; validity, 30395
obese adolescents; body image; self esteem; worries; weight loss camp, 17265
organ transplant donor card; personality; individual differences; Israeli university students; fear of death; body image perception; authoritarianism; organ donor, 25322
physical appearance; cosmetic breast augmentation surgery; body image dissatisfaction; sociocultural influences; sexual satisfaction; sexual functioning; surgery motivation, 8611
physical education; curriculum; girls' bodies; poststructural feminist theory; high school classes, 30010
physical fitness; high school students; Physical Self-Description Questionnaire; construct validity; French translation; physical fitness, 18109
physical self-perception; physical self-perception profile-children's version; model generalizability; cultural differences; self-esteem; physical self-worth, 94
physique slides; self-physique; model-physique; affective responses; drive for thinness; women, 16291
psychosocial functioning; psychological distress; body image; bilateral prophylactic mastectomy, 14283
reliability assessment; somatomorphic matrix; muscularity, 21081
self perceptions; women; Blacks; Whites; physical appearance; physical fitness; eating habits; body weight; perceived health, 11701
self-determination; sociocultural influences; body image; risk factors; bulimic symptoms; women, 16564
self-esteem; body satisfaction; body build; cathexis; elementary school students; high school students; university students; gender differences, 28103
self-presentational efficacy; social anxiety; exercising; exercisers; physical activity; body image; physique; physical appearance, 25346
social comparison processes; magazine advertisements; thin-idealized female beauty; mood; body dissatisfaction; women, 16301
social comparison; body esteem; self satisfaction; physical attractiveness; self evaluation; advertisements; idealized images; African American vs Caucasian models; African Americans, 7632
sociocultural idealization; body shapes; body image; eating disorders; thin female body, 16565
sociocultural influences; weight & eating attitudes; natural experiment; body image; children, 22008
Sociocultural Internalization of Appearance Questionnaire; body dissatisfaction; eating disturbances; test validity; internalization; societal norms; sociocultural factors; risk factors; body image, 21118
Somatic Inkblot Series; psychosexual disorders; body imagery; psychotherapy; sex education; medical intervention, 32077
teachers; prevention of eating disorders; school staff; constructive interactions; body image; eating disorders; students, 28958
thin ideals; women; music television; social comparison; body dissatisfaction, 10122
training champions; competitor types; artistic roller and figure skating; Olympic Games in Nagano (Japan) 1998 and Salt Lake City (USA) 2002; self-concept; body-concept; mood, 36418
unmitigated communion; breast cancer; physical functioning; mental functioning; cognitive adaptation; adjustment; body image, 11198
womens self-perceived attractiveness; self-esteem; body-esteem; sexual attractiveness; physical attractiveness, 34729

Body Image [See Also Body Image Disturbances]—Chapters

Puberty and body image, 10164
Treatment of adolescent eating disorders, 16953

Body Image Disturbances [See Also Phantom Limbs]—Serials

body dissatisfaction; perfectionism; self esteem; bulimic pathology development; etiologic models, 26004
body dysmorphic disorder; anorexia nervosa; disturbed body image; differential diagnosis; comorbidity, 22407
body image dissatisfaction; appearance culture; adolescent attitudes; friend conversations; peer criticism; appearance magazine exposure; appearance ideals; internalization, 22077
clinical correlates; dysmorphic concern; cosmetic enhancement; body dysmorphic disorder, 25505
cognitive-behavioral therapy; body image assessment; body image disturbances, 34921
disordered eating; body dissatisfaction; body mass index; ideal weight; depression; college women; sorority women, 22758
eating disorder symptoms; body image disturbance; eating disorders; Body Positive; cognitive behavioral conceptualization, 5204
eating disorders; adolescent attitudes; body weight; body image; Short Screening Questionnaire; Eating Attitude Test, 33502
negative self-imagery; social anxiety; social interactions; social phobia; memories; social situations, 25717
phantom battle phenomena; apparitional phenomena; ghostly experiences, 33902
risk factors; body image; body dissatisfaction; eating disturbance; interpersonal teasing; media internalization, 19824
self-perception; body dissatisfaction; body weight; body mass index; risk factors; slim women; lifestyle; health, 22768
spontaneous images; early memories; body dysmorphic disorder; stressful memories, 25736
weight training; body satisfaction; body image disturbances; health; wellness; college women; eating disorder implications, 35589

Body Image Disturbances [See Also Phantom Limbs]—Chapters

Theory and research on eating disorders and disturbances in women: Suggestions for practice, 16572
Thirty-three cases of body dysmorphic disorder in children and adolescents, 1396

Body Language—Serials

body partitioning; real-space blends; American Sign Language; mental space; perceptual processes; speech articulation, 31062
gender differences; bodily feedback; forceful behavior; power associations; physical coercion; bodily force; making fist, 28504

Body Language—Books

Hearing gesture: How our hands help us think, 4087

Body Rotation [See Rotational Behavior]

Body Size [See Also Body Height, Body Weight]—Serials

African Americans; men's perceptions; physical attractiveness; smaller vs larger women figures; acculturation; traditionally white university, 7712
birth outcomes; antenatal care; caesarean delivery; health facilities; premature birth; baby size; pregnancy; family planning; health facilities, 35689
body type; body size; female models; advertisements; attractiveness; need for cognition; gender differences; instructional frame, 27173
body weight; attractiveness; female figures; body shape characteristics; hips; waist; body image; female undergraduates, 10583
dominance hierarchy formation; theoretical models; prior aggressive experience; body size; intrinsic traits; hierarchy linearity; within-group variance; winner/loser effect, 9778
facial features; body features; social conditions; economic conditions, 34432
female pollinating fig wasps; oviposition site defence; size; reproductive success; Platyscapa awekei, 12753
female preferences; sailfin mollies; body size; mating preference; sexually receptive females; sensory bias; Poecilia latipinna, 30799
female size; mate choice; promiscuous mating system; male color patterns; mate preferences; male guppies, 33955
femininity; muscularity; female body builders; training; motivation; social pressure; Western cultural pressure, 24046
figure presentation method; figure rating scales; body image assessment; body sizes, 9531
garter snakes; selection; Thamnophis sirtalis parietalis; mating balls; female mimicry; body size; courtship mistakes; sex recognition; courting males, 12767
global self-esteem; physical self-concept; body size; primary school children, 28114
health status; ziprasidone; prior antipsychotic medication; olanzapine; risperidone; extrapyramidal side effects; conventional antipsychotic; prolactin levels; body weight; health improvement indices, 8557
health; height; longevity; life expectancy; human development, 22005
identical twins; intrapair differences; eating behavior; eating attitudes; environmental effect; monozygotic twins; body size; food intake, 34663
leptin; topiramate; fat reduction; lean mice; obese mice; body composition; food intake; body weight, 13026
male body size; female body size; female mate choice; female presence; sperm priming; sailfin mollies; sperm availability, 33949
male mate choice; guppy; male preference; male paternity; female body length, 27655
male orb web spiders; Metellina segmentata; mate guarding; seasonal morphology changes; size; exclusion; male-male competition, 12761
male ornaments; northern cardinals; sexual selection; body size; health; level of paternal care; reproductive success, 27656
model body size; body-focused anxiety; advertising effectiveness; women, 16289
perceptions; body image; Japanese children; Croatian children; preschool age; sex differences; body size, 34261
predation risk; predator attacks; body mass; antipredatory behavior; physiological stress; Psammodromus algirus; foraging efficiency; feeding rate; escape performance, 18513

sex differences; body size dimorphism; Halichoerus grypus grey seal; diving behavior, 3815
sexual selection; simultaneous hermaphrodite; hypodermic insemination; body size; sex allocation; mating patterns; female investment; egg production; sea slugs; paternity; sperm transfer, 485
slimness; sexual intercourse; masturbation; sexual activity; noncoital partnered sex; sex therapy, 28329
socioeconomic gradient; body size; obesity; women: dietary restraint; hunger; psychological eating behaviour; disinhibition, 28946
sperm motility; male mice; social dominance; developmental change; reproductive organs; body size, 7099
tail streamers; red-tailed tropicbirds; filamentous central rectrices; culmen length; aerial courtship; Phaethon Rubricauda, 6748
weight loss; binge eating disorder; eating behavior; eating disorders, 22763
yellow dung fly; heritability; condition surrogates; handicap sexual selection; heritable condition; fluctuating asymmetry; lipid reserves; body size, 3579

Body Sway Testing—Serials
hand contact; fingertip contact; additional support; human balance; movable surfaces; stationary surfaces; sagittal sway; standing, 6564
phobic postural vertigo; body sway; vibratory proprioceptive stimulation; stance regulation; torque variance; visual information, 8132

Body Temperature [See Also Skin Temperature, Thermoregulation (Body)]—Serials
animal model; psychological stress; role of interleukin-6; emotional behaviour; body temperature; hyperthermia; open field behavior; mice, 670
butyrolactone; butanediol; mice; dose-response; locomotor activity; body temperature, 27873
circadian body temperature; activity rhythms; cholecystokinin-octapeptide; prostaglandin; restrained rats; hyperthermia, 27833
circadian rhythms; core body temperature; alcohol intoxication; alcohol consumption; social drinkers, 713
cognition; hemispheric activation; tympanic membrane thermometry; ear temperature, 21560
gamma aminobutyric acid receptors; cannabinoids; hypothermia; thermoregulation; rats, 24843
green odor; plasma adrenocorticotropic hormone; body temperature; stress; rats, 12939
habituation to temperature taking procedure; emotional fever; body temperature; stress; group housing; rats, 3837
haloperidol; thermogenic activation; orexin A; sympathetic activation, 3946
methamphetamine; body temperature; motor activity; peripheral immune challenge; mice; neurotoxicity; lipopolysaccharide; acute doses; behavioral effects; endotoxemia; lipopolysaccharide, 13074
modulatory role; testosterone; alarm pheromone; male rats; evoked behavioral responses; behavioral changes; body temperature, 21861
newborn rabbits; sibling presence; thermal benefits; littermates; thermal efficiency; body temperature, 487
nycthemeral variation; physical vigor; fitness club members; intra-aural temperature; memory task performance; strength-training machine; Circadian rhythm, 21768
olanzapine; hypothermia; bipolar disorder; drug therapy; body temperature, 20283
prostaglandin E2; EP receptor; body temperature; preoptic area; agonists; rats, 15695
serotonin agonist flesinoxan; temperature; adrenocorticotropic hormone; cortisol; prolactin, growth hormone; cortisol; prolactin; indolol pretreatment; ritanserin pretreatment, 18785
social buffering; partner stress status; body temperature changes; behavioral responses; rats, 30796
state-dependent action; cocaine effects; rats; brain temperature; movement activity; movement sensitization, 27858
synaptic activity; caenorhabditis elegans; thermotactic memory; ambient temperature; neural circuit; thermotactic behavior; temperature memory, 12959
temperature differences; fullterm neonates; preterm neonates; brain dismaturity; sleep state; post-conceptional ages; healthy preterm neonates, 4083

Body Types [See Somatotypes]

Body Weight [See Also Birth Weight, Obesity, Underweight]—Serials
5-HT2c gene; body mass index; anorexia nervosa; psychiatric disorder; postmenarcheal female; amenorrhea; eating disorder; serotonin, 16561
abdominal fat reduction; exercise induced weight loss; young obese men; body fat; fat free mass; fat mass, 23453
activity-based anorexia; anorexia development; recovery; female rats; animal model; food intake; wheel running; body weight; estrous cycle, 7088
acyl-estrone; pharmacological treatment; body lipids; food intake; body weight; obese rats; Wistar rats; Zucker rats; Goto-Kakizaki rats, 15773
ad lib wheel access; wheel running; weight gain; feeding suppression; drinking; body weight; amount of running; young adult male rats, 3812
adrenergic receptor; G-Protein; genes; polymorphisms; weight gain; clozapine treatment; patient compliance, 26439
amisulpride; weight gain; atypical antipsychotic drugs; drug side effects; drug therapy, 29352
anabolic neuropeptides; neuropeptide Y; melanin-concentrating hormone; food intake; body weight; orexins; homeostasis, 24628
angiotensin-converting enzyme; enzyme inhibition; body composition; physical performance; rats; enalapril; body fat mass, 30966
animal model; antipsychotic drugs; weight gain; olanzapine; food consumption; gross motor activity; macronutrient choice; rats, 24779
anorexia nervosa; chronic psychiatric disorder; osteoporosis; cardiac arrhythmia; primary care provider; body weight restoration; refeeding complications, 16563
anorexia nervosa; outpatient treatment; body weight; inpatient treatment, 35786
anorexia nervosa; psychopathology; body weight; physical state, 35148
anorexia nervosa; weight loss; young women; William Gull; eating disorders; medicine; psychiatry, 13836
anorexia nervosa; weight restoration; objective sleep quality; subjective sleep quality, 22772
attention deficit hyperactivity disorder; cyproheptadine; stimulants; weight loss; treatment compliance; weight gain stimulation, 23231
atypical antipsychotic drugs; weight gain; pathophysiology of weight gain; management of weight gain; schizophrenia, 29308
behavioral modification; parental involvement; family problem; teen obesity; teen weight loss program; body mass index; parent teen relation; obesity program, 14317
body composition; weight loss; exercise prescription; treatment effects; strength training; obesity prevention; fat-free mass; women, 5505
body fat ideals; body fat perception; men; eating disorders; anorexia nervosa; bulimia nervosa, 11113
body fat; excess accumulation; dyslipidemia; hypertension; cardiovascular risk factor; obesity, 29003
body mass index; asthma; Mexican adults; obesity; measured weight; measured height, 7798
body mass index; BMI; dementia risk; dementia incidence, 5042
body mass index; Japanese women; eating rate; dietary fibre intake; macronutrient, 8689
body mass index; self-esteem; suicide risk; clinical depression; African American females; White American females, 1438
body mass; working boys; household income; maternal stature; child's monthly income; regression analysis, 13152
body weight changes; risk factor; functional impairment; weight gain, 29527
body weight loss; phentermine; fenfluramine; calorie diet; outpatient obesity center, 11822
body weight perception; weight status; Bahraini adolescents; parents' opinions; peers' opinions; males; females, 24992
body weight; attractiveness; female figures; body shape characteristics; hips; waist; body image; female undergraduates, 10583
body weight; body shape; physical attractiveness ratings; female line drawings; restrained eaters; nonrestrained eaters, 31568
body weight; health; religion; religious affiliation; religiosity, 16274
body weight; rats; wheel-running reinforcement; sucrose reinforcement, 15371
body weight; restrictive anorexia nervosa; triiodothyronine levels; weight loss; hyperthyroidism, 4804
body weight; short term prefeeding; wheel running; physical activity; food supply; motivation; rats, 27604
bulimia nervosa; cognitive-behavior therapy; weight change; body mass index, 25988
cardiac hypertrophy; diastolic function; obese men; patients, 7800
cardiovascular disease; abdominal fat; risk factor; normal-weight; sex differences, 29089
cardiovascular morbidity; coronary heart disease; body mass index; overweight; obesity; Asian-ethnic groups, 8089
child obesity; development; parental obesity; body weight; obesity prediction, 15911
childhood obesity; sedentary behavior; physical activity; dietary intake; demographics; anthropometrics; parental characteristics; military dependents; sedentary time, 10220
childhood overweight; Hong Kong children, 8087
clozapine therapy; body weight; antipsychotic medication; resting metabolic rate; weight gain, 14179
clozapine; weight gain; antipsychotic medications; schizophrenia; medical illnesses; obese, 29319
depressive disorder severity; low weight patients; anorexia nervosa; causal factors; mean body mass index; eating disorder features; symptoms, 16559
diet change; physical activity; body weight; self efficacy; alcohol consumption; life transitions; females; college freshmen; relocation; diet quality, 35664
dietary intake; eating behavior; physical activity; rural communities; body mass index levels; BMI; body mass index; lifestyle variables, 17240
divalproex sodium; bipolar disorder; acute manic episode; drug therapy; olanzapine; efficacy; safety; tolerability; weight change, 5359
divalproex sodium; bipolar disorder; acute manic episode; drug therapy; olanzapine; efficacy; safety; tolerability; weight change, 5364
drug therapy; open-label switch; ziprasidone; atypical antipsychotics; maladaptive behavior; body weight; lipid levels; autistic disorder, 17035
Eastern Europe; weight satisfaction; teenagers; self-esteem, 13252
eating behaviors; body weight changes; food intake; sex differences, 7089
eating disorders; adolescent attitudes; body weight; body image; Short Screening Questionnaire; Eating Attitude Test, 33502
energy intake; physical activity; short-term smoking abstinence; postmenopausal women; weight gain, 32757
environmental factors; undue influence; gender differences; weight; self-evaluation; genetic factors; twins, 19822
environmental factors; undue influence; gender differences; weight; self-evaluation; genetic factors; twins, 19820
ethnic-specific; body mass index; overweight; obesity; ethnic group; Asian, 8091
famotidine; olanzapine-induced weight gain; first-episode schizophrenia patients; placebo; weight gain, 29367
female farm mink; genetic transmission; fertility; body weight; stereotypies, 33998
female sexual attractiveness; female beauty; waist-to-hip ratios; body fat; body weight; cross cultural differences, 16258
female weight management; print media; women's magazines; female body; advertising; symbolic convergence theory, 30256
food deprivation induced intake; opioid antagonists; antisense oligideoxynucleotide; rats; body weight changes; glucoprivation; lipoprivation, 13008
gender-stereotyped imagined dates; weight concerns; sixth-grade girls; dating experience; SCRIPTS, 25021
ghrelin; food intake; weight gain; drug therapy; schizophrenia; olanzapine; risperidone, 20404
glucocorticoid response; novel stress; restraint stress; weight loss; chronic stress; corticosterone release; adrenal response; rats, 27895
group-based smoking cessation treatment; major depressive disorder; abstinence; post-cessation weight gain gain; women; prevalence; depressive symptoms; history of depression, 5691
gustation; ingestion; sweet emulsions; fat emulsions; rat; caloric intake; body weight; Gerard P. Smith, 30938
H1 histamine receptors; weight gain; atypical antipsychotic drugs, 11493
H1 histamine receptors; weight gain; atypical antipsychotic drugs, 11515
health-related quality of life; body weight; obesity; anthropometric variables; blood pressure; physical functioning, 16061
healthy weight; body weight; bulimia; obesity; public health, 29508
high-fat diet; adiposity; mice; dopamine receptor gene; body weight; food intake regulation; body fat, 30823
imipramine; fluoxetine; weight changes; leptin; body mass index; tricyclic antidepressants; depressed female patients; insulin; fasting blood; diabetes risk; glucose; free fatty acids; lipids; glucose, 8531
insulin sensitivity; fat oxidation; high fat meal; familial weight; normal body weight; familial predisposition; overweight; energy expenditure; lipid oxidation; postprandial abnormalities, 7095
interdisciplinary approach; obesity; cognitive-behavioral-nutritional therapy; physical exercise; body weight; relaxation; psychosocial difficulties, 23167
interhemispheric brain electrical asymmetries; haptic perception; theta frequency; anorexia nervosa; weight gain, 32054
lamotrigine vs valproate; weight change; adolescents; children; epilepsy; obesity; antiepilepsy drugs, 5411
Latina women; food choices; body image perceptions; health consequences; nutrition education; childhood obesity; young children; body mass indexes; overweight children; healthful food choices, 8665
leptin; hunger; body weight; gender differences; tobacco smoking; smoking abstinence, 31447

leptin; topiramate; fat reduction; lean mice; obese mice; body composition; food intake; body weight, 13026
lifestyle changes; obese adolescents; whole-body protein turnover; protein metabolism abnormality; cardiovascular risk factors; body mass index; fat mass; body weight; resting energy expenditure, 14310
long-term side effects; selective serotonin reuptake inhibitors; SSRIs; sexual dysfunction; weight gain, 11500
marital status; body weight changes; obesity, 23466
meal size; body size; individual impressions; body weight; physical attraction, 31585
menopause; physical activity; diet; risk factors; weight gain; weight loss; cardiovascular disease; cardiovascular health; health behavior; body composition; lifestyle intervention, 11739
mepyramine; metergoline; cyproheptadine; SB 242084; serotonin; histamine; antipsychotic; rat; hyperphagia, 3822
metabolic syndrome; antipsychotic therapy; mental illness; weight gain; blood glucose, 23237
misperception; gender differences; overweight reduction; body mass index; obese status; weight status, 8679
muscle appearance attitude measures; body image; muscularity; body fat; validity, 30395
neighborhood conditions; index of chronic community stress; pregnant women; demoralization; body mass index; social signal transduction; ICCS; household economics, 17266
neonatal Borna disease virus; neurobehavioral consequences; postnatal weight gain inhibition; rats, 6875
neuropeptide y; leptin; antipsychotic medication; weight gain; estrogen; schizophrenia; gonadal steroid production; testosterone, 2161
nicotine use; tobacco smoking; body weight; hookah use; young smokers; smoking cessation; nicotine patches; treatment withdrawal, 31439
nicotine; body weight set point; rats; weight threshold, 3896
nicotine; respiratory quotient; energy expenditure; metabolic changes; body weight, 12932
norepinephrine turnover; white adipose tissue; brown adipose tissue; partial lipectomy; body fat; sympathetic nervous system; lipolysis; thermogenesis; Siberian hamsters, 24748
nurse-led services; antipsychotic treatment; drug side effects; weight gain, 29648
nutritional deficiencies; adolescent anorexia nervosa; refeeding; short-term weight recovery, 19807
overweight-related behaviors; Hispanic US immigrants; adolescent health; acculturation; diet; smoking; family income; maternal education, 11108
parental history; coronary heart disease; risk factors; obesity; lifestyle; weight; height; demographic characteristics; discharged military personnel, 4514
perceived weight controllability; attributions; prejudice; heavyweight women; personal beliefs; stigma; overweight, 29504
peripheral neuropathy; excessive weight loss; hypovitaminosis, 32444
physical activity; overweight preschool children; nonoverweight preschool children; weight-related differences; parental influences; child physical activity behavior, 7371
potassium level; bulimia nervosa; anorexia nervosa; weight-regulating practices, 35141
preference development; body shapes; body weight; attractiveness, 34315
primary care practice; moderate weight; success rate; weight loss; Orilstat; clinical reality, 8631
psychological factors; biological factors; physical activity; exercise behavior; Filipino students; motivational orientation; gender differences; body weight, 20518
purchased eating food; body mass index; dietary records, 28963
racial differences; glucagon-like peptide concentration; insulin dynamics; glucose tolerance test; obese subjects, 8093
schizophrenia; morbidity; mortality; cardiovascular disease; antipsychotic-induced weight gain; metabolic abnormalities, 26347
self-perception; body dissatisfaction; body weight; body mass index; risk factors; slim women; lifestyle; health, 22768
self-reported values; body weight; body height; adolescent attitudes, 24898
self-reported weight; perceptual biases; motivated distortions; estimation accuracy; motivated-distortion hypothesis, 25392
serum basic fibroblast growth factor levels; Japanese men; overweight; exercise education; vascular endothelial growth factor; body mass index, 8691
serum leptin levels; weight gain; weight loss; anorexia nervosa, 28950
serum triglyceride; antipsychotics; antipsychotic efficacy; weight gain; olanzapine; risperidone; drug therapy; drug side effects, 8505
sitting time; work patterns; overweight; obesity; Australian adults; body mass index; physical activity, 8661
smoking habits; body mass index; BMI; Swedish men; Swedish women; long-term smoking effects; Swedish cohort; age-matched differences, 1161
social comparison; self-evaluation; self other comparisons; body weight satisfaction, 16280
social engagement; dining location; nutritional intake; body mass index; nursing home residents; energy intake; micronutrients, 2468
stimulatory effect; green tea; caffeine; locomotor activity; SKH-1 mice; oral administration; muscle layer thickness; muscle mass; fat stores; brain monoamines, 10025
susceptibility; weight gain; homeostatic risk factors; hedonic risk factors; overconsumption, 30910
television viewing; body fat change; preschool age; early adolescence, 7368
temperament; nonresting energy expenditure; body composition; physical activity; girls, 28097
treatment options; obesity; weight change patterns, 28957
uremic patients; blood urea nitrogen; serum potassium; serum phosphorus; interdialytic weight gain; health-related behavior; self efficacy; hemodialysis; stress coping, 8164
vertebrate eyes; eye axial length; body weight; animal groups; visual perception, 30819
weight change; age; gender; White Americans; Black Americans, 15701
weight change; antipsychotic efficacy; weight loss; excessive weight gain; olanzapine; quetiapine; schizophrenia; schizoaffective disorder; bipolar disorder; major depression; psychosis, 32440
weight change; body mass index changes; work environment; psychological factors; job insecurity; background variables; occupational factors; Danish National Work Environment Cohort Study; age, 20959
weight change; leptin change; risperidone; autism; developmental impact; temporal characteristics; drug dosage, 32460
weight gain; elderly patients; risperidone-treated patients; schizoaffective disorder; olanzapine treatment; metabolic changes; smoking status, 14156
weight gain; extrapyramidal symptoms; mood stabilization; bipolar disorder; manic symptoms; quetiapine; bipolar patients; weight gain; lithium, 13606
weight gain; leptin levels; negative syndrome scale; schizophrenic patients; olanzapine treatment; leptin; nizatidine; quetiapine; weight gain, 14124
weight gain; long term treatment; olanzapine; outpatients; schizophrenia; schizoaffective disorder; drug therapy, 32441
weight gain; postpartum women; weight control; minority women; risk factors; adult women, 2334
weight gain; weight recovery; rehospitalization predictors; anorexia nervosa, 25989
weight loss strategy; anorexia nervosa; sauna use, 22777
weight loss; intellectual disabilities; Down syndrome adults; dementia; nutrition; Alzheimer's disease, 13816
weight regulation; fruit intake; vegetable intake; body mass index; age; height; activity; children; adolescents; United States, 7092
young adults; tobacco use; coping style; weight concerns; exercise level; undergraduates; depressive symptoms; psychological correlates; risk factors, 1451

Bonding (Emotional) [See Attachment Behavior]

Bone Disorders [See Also Osteoporosis]—Serials
anticonvulsant drug; bone disease; treatment; bone remodeling; osteopenia; osteoporosis, 20465
antiepileptic drugs; reduced bone mineral density; management, 26477
bone loss; anticonvulsant therapy; metabolic bone disease; low bone mineral density; hepatic cytochrome enzyme system, 20468
epilepsy; bone health; antiepileptic drugs; medications; bone disorders, 19857
female athlete triad; educational program; menstrual dysfunction; female athletes; eating disorders; secondary amenorrhea; loss of bone density; disordered eating attitudes; risk factors, 10672
hormone replacement therapy; HRT; physician counseling; bone loss; sociodemographic factors; racial characteristics; menopausal women; estrogen, 2314
metabolic bone diseaes; anticonvulsant medication; divalproex sodium; ostenopenia; sexual disorder, 26398
quetiapine therapy; Parkinson disease; pancytopenia, 5430
selective serotonin reuptake inhibitors; hyperprolactinemia; antipsychotics; prolactin; dopamine receptor; fertility; breast cancer; bone density; galactorrhea, 26358

Bone Marrow—Serials
bone marrow transplantation; hematopoietic stem cell transplantation; chronic myelogenous leukemia; pretransplant predictors; survival, 35621
bone marrow transplantation; parents coping strategy; children, 32541
illness intrusiveness; self concept; engulfment; bone marrow transplant patients, 4928
maternal beliefs; child bone marrow transplantation; prior trauma; negative life events; life stress; self-worth; world view, 35648
quetiapine therapy; Parkinson disease; pancytopenia, 5430

Bones—Serials
alcohol consumption; calcium; bones; pregnancy; rats, 10008
alcohol; gene expression; protein synthesis; bone mineralization; human bone marrow; mesenchymal stem cells; osteogenic differentiation, 34151
anorexia nervosa; risk factors; bone mass; osteoporosis, 26007
antiepileptic drugs; reduced bone mineral density; management, 26477
appendicular fractures; nontraumatic fracture; developmental disabilities; institutionalized adults; risk factors; bone mineral density, 1696
bone health; pediatric epilepsy; skeletal mineralization; osteoporosis, 20055
bone mass; antiepileptic drugs; osteoporosis; osteoporotic fractures; bone mineral density; fracture risk; osteopenia; treatment, 20466
bone mineral density; prolactin; chronic schizophrenia; gonadal hormones; testosterone; estradiol; typical neuroleptics; rsiperidone; clozapine, 10791
bone thickness; anisotropy; inhomogeneity; electroencephalogram scalp potentials; event-related potentials, 27810
depressive symptoms; bone mineral density; risk factors; older men, 25606
dual X-ray absorptiometry scans; osteoporosis screening; primary care; at risk populations; bone mineral density, 5509
epilepsy; bone health; antiepileptic drugs; osteopenia; osteoporosis; bone metabolism, 20481
genotypes; structural equation models; female twins; vitamin D receptor; gene polymorphism; bone mineral density; environmental factors; age; latent genetic factors, 27707
homosexuals; heterosexuals; early hormone exposure; sex steroids; male typical sexual orientation; bone morphology; estrogens; androgens; sexual dimorphism; skeletal size; steroid exposure, 16218
jaw swelling; mandibular sarcoma; chondroblastic osteogenic sarcoma; periodontal ligament space; lamina dura; paranasal sinuses; labial; canine; maxillofacial region; bone tumor, 13899
lifestyle factors; bone mass; Japanese women; calcium intake; Caucasians; life stages; exercise; nutrition; aging, 11716
maternal ethanol consumption; fetal growth; skeletal development; fetal calcium homeostasis; maternal calcium homeostasis, 33908
peripheral opioids; bone cancer pain; analgesics; mice; morphine; thermal hyperalgesia, 15781
plasma lipids; bone mineral density; cognitive function; soy protein containing isoflavones; healthy elderly postmenopausal women, 27909
prolactin-raising effects; antipsychotic medication; bone mineral density; schizophrenia patients; osteoporosis, 32461
reduced bone mineral density; osteoporosis; schizophrenia; antipsychotic medication; hyperprolactinaemia-induced hypogonadism, 14166
skeletal fractures; epilepsy; antiepileptic drugs; seizures; ataxia; neurological deficits, 20476
soy isoflavones; dietary supplements; genistein; daidzein; phytoestrogens; serum lipids; bone metabolism; cognition; lipid metabolism; osteoblasts; osteoclasts; bone markers; bone mineral density, 21833

Bonobos—Serials
gestural communication; bonobo; empathy; alterity; carnal intersubjectivity; phenomenology constructivism; communicative praxis, 6694

Bonuses—Serials
shoulder touch; gratuities; patrons; servers; same-gender dyads; cross-gender dyads, 13418

Books [See Also Textbooks]—Serials
advice manuals; books; relationship advice; women; feminist psychologists, 22240
attention deficit hyperactivity disorder; pathogenesis; adult psychiatry; books; mental disorders; historical first mention of symptoms of ADHD, 35101
book reviews; scientific communication, 11348
book translation; Karl Jasper; General Psychopathology; history, 27252
Books Alive project; multimedia texts; talking books; reading development; higher-order reading skills; elementary school students, 2759
books; sexuality; homosexuality; pornography; transgenderism; gay; lesbian; prostitution, 28337
children's books; human reproduction; representation; sperm; heteronormativity; social reproduction, 7587

decontextualized language strategies; low socioeconomic status; storybook reading; mothers; preschool age children, 34514
electronic books technology; e-books; children; devices; book builder; learning time; questions; book building time, 2751
essential books; top ranking journals; clinical neuropsychology; clinical neuropsychologists; professional resources; member surveys; Australian College of Clinical Neuropsychologists; reference books, 20704
Hebrew electronic books; Dutch electronic books; child literacy development; e-books; content analysis, 36122
J.B. Watson's Behaviorism; psychology text; editions comparison, 21058
middle school students; reading instruction; alternative program; written academic discourse; writing process; researcher audience; students' perspective; teacher educator; teacher, 17694
multicultural feminist analysis; picture books; children; oppression; resistance; social dichotomy, 34194
pupil recall; interactive storybook; greater recall, 17679
rehabilitation psychology; books; journals; essential readings, 30015
Sabina Spielrein; literature, 24859
self help; psychology books; relevant information; correlations, 14323
self-help psychology; self-help books; reader concordance, 25266
sexual education; Chinese marriage manuals; sexual conduct; family; sexual lives, 34491
storybook reading; group size; verbal participation; nonverbal participation; books, 13200
summer reading; ethnic achievement gap; low-income students; reading; books; reading proficiency, 36159

Borderline Personality Disorder—Serials

affective instability; impulsivity; borderline personality disorder; negative outcomes prediction; poorer academic achievement; social maladjustment; gender; psychopathology; borderline traits, 19567
alexithymia; somatization; depression; borderline pathology; mental health, 28610
amygdala hyperreactivity; borderline personality disorder; emotional dysregulation; interpersonal relations; facial expression perception, 7955
antisocial personality disorder; physical aggression; borderline personality disorder; impulsiveness; aggressiveness, 19570
attachment behavior; insecure attachment; borderline personality disorder; unresolved attachment; preoccupied attachment; fearful attachment; interpersonal relations, 22601
attachment-based treatment program; borderline personality disorder; mentalization; individual psychotherapy; group psychotherapy, 5158
attention-deficit hyperactivity disorder; working memory; neuropsychology; borderline personality disorder; frontal lobe, 31661
behavioral activation; borderline personality disorder; dialectical behavior therapy; clinical approaches; behavioral activation treatment for depression; suicidal behaviors; prevention, 4671
bipolar disorder; personality disorders; depression; hypomania; mania; manic depressive symptoms; suicidal; comorbid patients, 19296
borderline personality disorder; antisocial behavior; violent offenders; psychodynamics; neuroticism; interpersonal problems; imprisoned violent offenders; identity diffusion; defense mechanisms, 13682
borderline personality disorder; bipolar disorder; comorbidity, lamotrigine; anticonvulsive, 22513
borderline personality disorder; bipolar disorder; psychiatry; diagnostic schema; cognitive neurosciences; functional neuroimaging; molecular neurogenetics, 31687
borderline personality disorder; bipolar spectrum disorders; bipolar disorder; borderline pathology, 31845
borderline personality disorder; bipolar spectrum disorders; neurobiology; phenomenology; pharmacological management; borderline patients, 31846
borderline personality disorder; cognitive analytic therapy; individual psychotherapy; staff supervision; day hospitals; therapeutic communities; community mental health centers, 20188
borderline personality disorder; diagnostic disclosure; medicine; psychiatry; transference; countertransference; stigma, 25760
borderline personality disorder; emotional disorders; comorbid disorders; behavior disorder; child maltreatment, 25810
borderline personality disorder; emotional intelligence; personality disorders, 31842
borderline personality disorder; factor structure; construct validity; adolescents; borderline personality inventory; symptomatology; factor analysis, 15040
borderline personality disorder; interpersonal problems; college students, 18132
borderline personality disorder; mental health nursing; shame; diagnosis; historical context; clinical context; social context, 25756
borderline personality disorder; neurobiological correlates; neurotransmitter systems; serotonergic activity; impulsivity; affective instability; noradrenergic activity; cholinergic activity, 10861
borderline personality disorder; olanzapine; drug therapy; flexible dosage, 17032
borderline personality disorder; patient characteristics; psychosocial treatment; supportive psychotherapy; dialectical behavior therapy; transference focused psychotherapy, 20139
borderline personality disorder; posttraumatic stress disorder; diagnostic categories; traumatized women, 4561
borderline personality disorder; psychiatric considerations; psychiatric consultations; psychosocial evaluation; liver transplantation; treatment compliance; suspected attempted drug overdose, 10918
borderline personality disorder; psychotherapy; pharmacotherapy; cognitive symptomatology; affect dysregulation; impulse control, 26208
borderline personality disorder; remission; poor prognosis; violent serial rapist, 22605
borderline personality disorder; schizotypal personality disorder; antisocial personality disorder; pharmacologic treatment, 20356
borderline personality disorder; STEPPS group treatment program; cognitive-behavioral systems-based group treatment; Systems Training for Emotional Predictability and Problem Solving, 32334
borderline personality disorder; suicidal behavior; major depressive disorder; substance use disorders; childhood sexual abuse, 28579
borderline personality disorder; suicidal patients; chronic suicidality; suicide prevention; hospitalization, 28793
borderline personality disorder; systemic practitioners; diagnosis, 26222
borderline personality disorder; taxonomy; taxometric procedures; normal personality, 7957
borderline personality disorder; treatment outcome studies; interventions; therapeutic models; chronic condition; rehabilitation model, 31844
borderline personality disorder; women; facial affect; affective intensity; pictures; facial emotions, 34931
borderline personality disorders; hospital admission; suicidality, 28794
borderline personality features; negative affect; self esteem; interpersonal stressors; stress reactivity; stability, 34933
borderline personality symptomatology; diabetes management; pilot study, 20457
borderline personality; borderline psychic structure; Andre Green; absence; separation; existence; loss; self annihilation; identity merger; intrusion; object relations; gender identity confusion, 5258
borderline personality; psychotropic medication; outpatient psychiatry clinic; pharmacological intervention; symptoms; selective serotonin reuptake inhibitors; psychotherapy sessions, 5591
children; at-risk; borderline personality disorder; family characteristics; individual characteristics; attachment; early intervention, 31840
chronic suicidality; borderline personality disorder; suicidal thoughts; attempted suicide, 19625
clozapine treatment; borderline personality disorder; self-mutilating behaviour; side effects, 29329
cognitive therapy; suicide ideation; borderline personality disorder; borderline symptoms, 28786
cognitive-behavioral treatment; depression; comorbid borderline personality traits; personality dysfunction; depressive symptoms, 32313
commitment to treatment; borderline personality disorder; premature termination; psychotherapy; engagement; therapeutic strategies, 32262
diagnostic efficiency; DSM-IV; criteria; borderline personality disorder, 10856
dialectical behavior therapy; borderline personality disorder, 20201
dialectical behavior therapy; borderline personality disorder; mental health professional, 14089
dialectical behavior therapy; fluoxetine; treatment; borderline personality disorder; individual therapy; group therapy; depression; anxiety; anger expression; dissociation; global functioning, 23105
dialectical behavioral therapy; attempted suicide; borderline personality disorder; drug therapy, 35444
disorganized attachment; borderline personality disorder; interpersonal relationships; psychiatric diagnosis; caregivers, 28790
dopamine dysfunction; borderline personality disorder; impulsive aggression; cognitive impairment; emotional disregulation, 25757
frontal lobe dysfunctions; borderline personality disorder; neuropsychology, 10857
impulsivity; borderline personality disorder; Attention-Deficit Scales for Adults; neurocognitive performance; computer administered tasks; patients, 10855
influence of color; chromatic color; achromatic color; emotions; Holtzman Inkblot Technique; neurotic disorders; borderline inpatients; schizophrenics, 24258
inpatient dialectical behavioral therapy; borderline personality disorder; inpatient treatment program; psychopathology; self mutilation; clinical outcomes, 23174
interpersonal conflicts; borderline personality disorder; relationship patterns; Core Conflictual Relationship Theme-Leipzig-Ulm/Logically-Unified, 22603
levetiracetam; bipolar spectrum disorders; add-on therapy; cyclothymic disorder; mania; borderline personality disorder; neuroleptics; benzodiazepines, 32423
memories; childhood abuse; borderline personality disorder; psychiatric disorder; traumatic events; etiology, 19577
mental health practitioners; malpractice litigation; borderline personality; malpractice liability; suicide litigation, 28789
mental health service utilization; borderline personality disorder; nonborderline Axis II disorders; psychiatric treatments, 17338
mindfulness skills; self-report; psychometric characteristics; borderline personality disorder, 30363
narcissistic personality disorders; borderline personality disorders; psychoanalytic views; empathy; fragile process; client-centered point of view, 29303
neural correlates; traumatization; memory; posttraumatic stress disorder; borderline personality disorder; functional magnetic resonance imaging, 19569
neuronal networks; Bluster B personality disorders; borderline personality disorder; antisocial personality disorder; orbitofrontal cortex; frontal gyri; anterior cingulate; response inhibition, 10867
neuropsychological impairment; borderline personality disorder, 19574
neuropsychological measures; neurocognitive function; borderline personality disorder; brain dysfunction; prefrontal cortex; temporal cortex; nonverbal memory; neuropsychological impairment, 13679
object relations; borderline personality disorders; depressive experiences; patients; personality organization; emptiness; anger; clinical observations, 19572
obsessive-compulsive symptoms; borderline personality disorder; obsessive-compulsive disorder; differential diagnosis, 19299
patient distortions; psychotherapy; borderline personality disorder; psychotherapists; distorted thinking; cognitive deficiencies; subconscious manipulation of relationships, 32255
patient-therapist attachment; borderline personality disorder; transference-focused psychotherapy; state of mind; reflective function; mentalization, 5161
personality disorders; borderline personality disorder; supportive therapy; drug therapy; psychodynamic psychotherapy; diagnosis, 26209
polyuria; olanzaopine overdose; prazepam; borderline personality disorder; diabetes insipidus, 32433
psychoanalytically oriented partial hospital treatment; mentalization-based treatment; borderline personality disorder, 20226
psychobiology; personality disorders; borderline personality disorder, 10862
psychophysiological reactivity; borderline personality disorder; traumatic abuse; abandonment; posttraumatic stress disorders; biological sequelae, 22466
screening measure; borderline personality disorder; McLean Screening Instrument for Borderline Personality Disorder; validity; reliability, 9439
self image; neurotic personality; psychotic personality; borderline personality; psychiatric patients; treatment homes, 20605
suicidal behavior; borderline personality disorder; anger; major depression; hopelessness; aggression; adolescent patients; comorbidity, 1378
suicidal behavior; borderline personality disorder; suicide attempts; risk factors; major depressive disorder; borderline patients; completed suicides; antisocial traits, 28785
suicidal ideation; borderline personality disorder; multidimensional treatment; acute hospitalization; chronic suicidality; suicidal individual, 28844
supportive psychotherapy; borderline personality disorder; attempted suicide; self-injurious behavior; self-esteem; coping skills, 26224
symptom-targeted medication; borderline personality disorder; psychotropic medication; medication utilization, 26411
visual perception; working memory; neuropsychological performance; borderline personality disorder, 19578
women; high security mental health care; borderline personality disorder; child abuse; sexual abuse; self-harm; social constructionist theory; relationship difficulties; subjugation; survival, 32300

Borderline Personality Disorder—Chapters
Dialectical behavior therapy: A synthesis of acceptance and change in the treatment of borderline personality disorder, 5217
Borderline States—Serials
borderline conditions; common structural features; developmental features; personality disorders; clinical symptomatology; clinical phenomenology; dysfunctional patterns; personality traits; trauma, 19326
borderline personality disorder; bipolar spectrum disorders; bipolar disorder; borderline pathology, 31845
borderline personality disorders; developmental antecedents; etiologies, 19571
borderline personality; borderline psychic structure; Andre Green; absence; separation; existence; loss; self annihilation; identity merger; intrusion; object relations; gender identity confusion, 5258
childhood abuse; concurrent validity; test-retest reliability; borderline features; sexual abuse; physical abuse; psychometrics, 24238
suicidal ideation; borderline personality disorder; multidimensional treatment; acute hospitalization; chronic suicidality; suicidal individual, 28844
Boredom—Serials
boredom proneness; sleep disorders; adult attention deficit, 11074
personality research; construct of boredom, 7662
psychometric measures; boredom, 12437
uninteresting vigilance tasks; children; rewards; autonomy support; self regulation; task value perception; positive affect; free choice engagement, 34337
Botany—Serials
lettuce seeds; lettuce plants; seed enhancement; organic farm; healing, 18436
Bottle Feeding—Serials
mother's perceptions; breast feeding; bottle feeding; feeding choice, 31373
newborn rat; suckling; surrogate nipple; milk; milk delivery; suckling frequency; oral compression activity; nutritive sucking; nonnutritive sucking, 6713
postnatal olfactory learning; sucking behavior; infant feeding; oral feeding; mothers; bottle feeding; antenatal olfactory learning, 28054
Boundaries (Psychological)—Serials
accuser culpability; accusation effects; reputation; boundary conditions; values laden information, 1221
Ameobic Self Scale; test development; body & social & spatial symbolic self representation; boundary threat & disgust sensitivity; values; authoritarianism; unfamiliarity; out-groups; vermin; aversion, 9383
boundaries; boundary related stress; clergy families; coping resources; quality of life, 12292
boundaries; nature; tourism, 12328
boundary crossings; gray areas; unethical practice; boundary violation; clinicians; psychotherapy, 20756
boundary issues; social work; dual relationships; ethical issues; conflicts; professional duties; relationships; social workers, 5815
communication patterns; stepfamilies; family relations; boundaries; privacy, 10377
cultural boundaries; conflict dynamics; classification; conflict; climbers, 13428
emotion; boundary extension effect; anxiety; perspective; negative emotional pictures, 15340
group status; contextual status; group-based self evaluation; group identification; group members, 31472
individual psychotherapy; psychosis; relationship boundaries; auditory hallucinations; love; psychotherapeutic treatment decisions, 32267
Korean immigrants; grounded theory; negotiating; social boundaries; cultural boundaries; generational boundaries; adaptation, 25143
organizational boundaries; organization theory; boundary properties; framework; virtual organization; boundary characteristics; composite boundaries, 36378
perceived importance; intergroup contact; prejudice reduction; intergroup acquaintances; intergroup contact; friends; intergroup evaluations; measurement; meaning; meta-analysis, 31518
Boundary Violations (Sexual) [See Professional Client Sexual Relations]
Bourgeois [See Middle Class]
Bowel Disorders [See Colon Disorders]
Boys [See Human Males]
Brachial Plexus [See Spinal Nerves]
Bradykinesia—Serials
cerebral blood flow; unilateral & bilateral electrical stimulation; subthalamic nucleus; Parkinson's disease; bradykinesia, 14007
hypokinetic behavior; rigidity; rotenone treated rats; Parkinsons disease; levodopa, 34132
Braille Instruction—Serials
teachers perceptions; Mountbatten Brailler; visually impaired children; literacy instruction project, 14691
Brain [See Also Brain Stem, Forebrain, Hindbrain, Mesencephalon]—Serials
(+)-fenfluramine; (+)-norfenfluramine stereoisomers; serotonin transporters; norepinephrine; dopamine; rats; caudate preparations; nisoxetine, 3966
24S-hydroxycholesterol; brain cholesterol metabolism; Alzhimer's disease; beta amyloid; statins; simvastatin, 5029
5-HT: head bobs; body shakes; rabbit; neural receptors, 18728
5-hydroxytryptamine synthesis; rat brains; chronic ethanol treatment; serotonin, 3996
aberrant localization; synchronous hemodynamic activity; auditory cortex; schizophrenia, 28689
ablative neurosurgery; mental disorder; Scotland; neurosurgical treatment; neurosurgical adverse effects; depression; obsessive-compulsive disorder, 10713
abnormal variability; scattered distribution; functional brain organization; visuomotor learning; autism, 28912
acamprosate; pharmacodynamics; cerebral function markers; alcohol-dependence; pretreatment; alcohol abstinence, 25863
acetylcholine release; brain; learning; hippocampus; striatum; rats; memory systems switching, 21558
acetylcholine; histamine; cognition; brain functions, 15482
acetylcholine; human brain function; neuroimaging; cholinergic modulation; learning; memory; psychopharmacology; functional magnetic resonance imaging; positron emission tomography, 535
action; illusion; movement perception; neural processes; brain; visual stimulus; ventral premotor cortex; primary motor cortex, 12837
acute phenylalanine/tyrosine; positron emission tomography; magnetic resonance images; dopamine, 21504
acute thyrotoxic Graves' disease; neuropsychiatric symptoms; thyrotoxic phases; cerebral metabolite profile; choline, 4853
adenoreceptors; behavioral activation; medial preoptic area; motivational systems; nucleus accumbens; motor cortex; mouse brain, 30877
adenosine deaminase; goldfish brain; A_1 adenosine receptor; adenosine deaminase binding protein; neuronal cell; rhombencephalon; optic tectum; telencephalon; cerebellum, 9820
adenylate cyclase activity; postmortem brain; suicide subjects; etiopathogenesis; affective disorders; major depressive disorder, 7850
adolescence; nicotine exposure; cholinergic systems; rats; cerebral cortex; midbrain; hippocampus; nicotinic cholinergic receptor binding; choline acetyltransferase; hemicholinium-3 binding, 7142
affective pain; anterior cingulate cortex; human brain; onomatopoeia word; subjective pain; cognitive evaluation, 30865
age dependent changes; topoisomerase; isoforms; rats; brain regions, 34038
ageing; brain derived neurotrophic factor; neurogenesis; progenitor cell; stem cell; nerve growth factor; neuropeptide Y; agonistic interactions; aging mice, 21584
aging; motor system; brain; motor performance; neural correlates, 21716
agonal factors; postmortem factors; gene expression profile; postmortem human brain; coma; hypoxia; ribonucleic acid; microarray analysis; quality control, 16835
alcohol cues; regional brain activity; nonalcoholic beverages; addictive substances; orbitofrontal cortex; alcoholic beverages; alcoholics; soical drinkers; craving, 22686
alcohol dose; intoxification effects; event-related functional MRI activation; visual perception; dose-dependent amplitude, 21815
alcohol-preferring rats; ethanol-motivated behaviors; alcohol reinforcement; nucleus accumbens; ventral tegmental area; mesolimbic; opioid receptors; nalmefene; ethanol; saccharin, 21858
Alzheimers disease; spastic paraplegia; brain pathology; presenilin, 13991
ambiguity; brain; neurology; micro-consciousness, 34082
amygdala kindling; fearful behavior; glucocorticoid receptor; mRNA expression; hippocampal regions; rats, 9849
amyloid beta proteins; Alzheimer's disease; gangliosides; apolipoprotein E knock in mice; cholesterol concentrations; neuronal membranes, 5084
anatomo-functional brain variables; basal symptoms; risperidone response; schizophrenia; temporal lobe; positron emission tomography; magnetic resonance imaging; brain metabolism, 5316
animal models; anxiety; neophobia; conditioned freezing; [3H]muscimol binding; emotional behavior; rats; pharmacology; midazolam; picrotoxin; GABA-A receptors; motor behavior; brain; factor analysis, 3976
anorexia nervosa; recovery; chronically ill; brain activity; food; emotional visual stimuli; neural substrates, 8092
anorexia; serotonin; brain; mice; rats; norfenfluramine; fenfluramine; m-chlorophenyl-piperazine; anorectic tolerance, 18794
anosognosia; neurology; brain damage; hemiplegia, 20069
antidepressant action; brain derived neurotrophic factor; BDNF; BDNF promoters; BDNF mRNAs regulation; electroconvulsive seizure; ECS; tranylcypromine; desipramine; fluoxetine, 7173
antidepressant drugs; brain regions; brain-derived neurotrophic factor; antidepressant-like effects; electroconvulsive seizures; major depressive disorder; efficacious interventions, 694
antidepressants; brain monoaminergic systems; behavioural effects; depression; anxiety disorders; comorbidity, 26407
anxiolytic properties; regional cerebral blood flow; functional neuroimaging; cannabinol; anxiolytic properties, 21806
APOE genotype; cerebral amyloid angiopathy; elderly people; Alzheimer;s disease; risk, 3584
arithmetic knowledge; brain activation; multiplication problems; working memory, 18564
art; reductionism; brain; cultural factors; neurobiology; causation, 31031
attention-deficit hyperactivity disorder; brain structure; brain dysfunctions; functional brain abnormalities; adults, 22737
attention; cognition; predators; foraging; brain; evolutionary ecology, 33956
attention; multimodal language areas; visual word form; neuroimaging, 27804
attentional functioning; white matter integrity; survivors; malignant brain tumors; childhood cancer; cranial radiation therapy; chemotherapy; treatment outcomes, 20478
audiovisual speech perception; brain activity; speech information; audiovisual integration; phoneme categorization task; McGurk effect, 6914
auditory background stimulation; visual brain activity; event-related potentials, 15183
auditory stimuli; language impairment; tone pairs; event-related potentials; cortical responses; rapid tone sequences; brain response; single tone, 35159
autism spectrum disorder; brain chemistry; autistic young children; neuronal packing density; regional brain chemical alterations; chemistry evaluation, 4763
autism; nitric oxide; interferons; cytokines; immunology; pathophysiology, 16539
background noise; song-induced genic activation; bird brain; brain structures; songbirds; acoustic signals; caudomedial neostriatum; conspecific song, 30882
basal forebrain; acute stress; central nervous system; hypothalamic-pituitary-adrenocortical axis; cholinergic neurons; nerve growth factor; rat brain; forced motoric activity, 12892
basal ganglia; electrical activity; cognitive processing; simple sensory stimuli; brain; primary motor control; motor cortex; premotor cortex; event related potential; P300; epilepsy surgery, 3699
basolateral amygdala; ventral subiculum; dendritic spines; hippocampus; pyramidal cells; synaptic input; rats, 6890
befloxatone; monoamine oxidase-A; inhibitors; baboons; lazabemide; moclobemide; brain; binding, 3875
behavioral change; geniculate nuclei; bizarre behavior; normal rats; gliadorphin-7; GD-7; GN; alveus hippocampus; naloxone; brain cells, 3981
behavioral characteristics; nervous system; mouse; brain receptor; neuregulin; motor activity, 30850
behavioral manifestations; sustained attention; neurophysiological correlates; vigilance measurement; brain activity; event related potentials, 24948
beta adrenergic receptor subtypes; tryptophan; brain; mice; beta adrenergic antagonists; beta adrenergic agonists, 3929
bilinqual patient; positron emission tomography; language mapping; left posterior temporal cavernous angioma, 583
bimanual coordination; learning-related activation; brain activation, 18563
biological psychiatry; 59th Annual Meeting of the Society of Biological Psychiatry; psychiatric disorders; brain; morphology; neurotransmitters, 22395
bipolar disorders; head injury; traumatic brain injury; causal association, 31664
birds; pterosaurs; aerial lifestyles; brain; vestibular apparatus; neural organization; osseous labyrinth; equilibrium; aerial predators; neural integration; reflex mechanisms; sensory integration, 3576
blood-injection-injury phobia; functional magnetic resonance imaging; brain activity; fear; disgust sensitivity, 1536
brain activation patterns; verbal fluency; schizophrenia, 34891
brain activation; motor imagery; locomotor-related tasks; standing; initiating gait; walking; walking with obstacles; supraspinal structures; human locomotion; electrical activity; blood flow, 3672

brain activation; trial-and-error; sequence learning; early PD; pathophysiology; nondemented patients; frontal tasks; cognitive tasks; controls; brain function; higher cortical function, 3679
brain activity; childhood developmental trends; white matter maturation; grey matter activity; frontal regions; parietal regions; working memory task; myelination; axon thickness, 10145
brain activity; dynamic pitch variance; sentence melody; sentence comprehension; sentence melody, 21639
brain activity; self-induced emotional states; sadness; happiness; professional actors; primary emotions, 6966
brain activity; voluntary wheel-running behavior; rodents; running, 6977
brain aging; stress response; brain gerontology; bioenergetics, 7481
brain alcohol detectability; alcoholism; paternal history, 19650
brain areas; lesion analysis; language comprehension; brain-injured patients; left hemisphere stroke patients, 22928
brain asymmetry; long-term memory; brain laterality; fruit-flies; Drosophila melanogaster; memory retrieval, 34054
brain biology; psychiatric nursing; human brain; anatomy; biochemistry; connections; psychobiology, 14372
brain cholesterol; homeostasis; Alzheimer's disease; amyloid beta-peptide; statins; apolipoprotein; mice, 5013
brain cholinergic deficiency; rats; estrogens; neurotoxin; animal locomotion, 27925
brain development; neurophysiology; infant cognition; child cognition; cognitive abilities, 10211
brain docosahexaenoic acid; animal development; dopamine-related behavior; rats; dietary remediation, 24823
brain electrical activity; spatial ability; verbal ability; cognition; affective style; performance; EEG; individual differences, 7035
brain function; functional magnetic resonance imaging; functional neuroimaging; schizophrenia; pathognomonic physiological features; genetic variation; mental illnesses, 16427
brain lesions; interleukin-10; excitotoxic brain lesion; glutamatergic analogue ibotenate; cytokines; intracerebral ibotenate; mice, 21638
brain metabolism; neurotransmitter; neuroimaging; brain imaging studies; human addicts; drug withdrawal; alcohol; cocaine, 13732
brain metabolism; remission; unipolar major depression; major depressive disorder; fluorodeoxyglucose; anterior cingulate cortex metabolism; prefrontal cortex, 31740
brain morphology; cannabis abuse; cannabis dependence; recent-onset schizophrenia, 22528
brain network; brain regions; auditory processing; visual processing; linguistics; neuroimaging; interregional brain interactions, 21597
brain neurokinin; receptor occupancy; aprepitant; brain stem region; central nervous system; pharmacotherapy; emetogenic chemotherapy; receptor binding-selective tracer; positron emission tomography, 24648
brain phenotype; kinase; activatory proteins; Alzheimer disease; neurons; rat brain, 21657
brain processes; emotional perception; motivated attention; blink reflexes; event-related potentials, 30955
brain processing; facial expressions; alexithymia; regional cerebral blood flow; positron emission topography, 22454
brain region connections; regional cerebral blood flow correlations; regional metabolism; brain areas; somatosensory area, 636
brain regions, 27798
brain regions; optimization procedure; experimental stimuli; research directions; visual presentation; experimental tasks; functional magnetic resonance imaging; reproducibility maps; inference, 591
brain regions; primary motor cortex; neural correlates; stroke recovery; neuronal reorganization; functional magnetic resonance imaging; recovery, 22896
brain reward; intracranial self-stimulation; repeated administration; cocaine; rats; thresholds; cocaine-predictive conditioned stimuli; conditioned facilitation, 737
brain serotonin 1A; receptor binding; bulimia nervosa; selective serotonin reuptake inhibitors; pharmacologic treatment, 29391
brain symmetry; lateralized event-related potentials; topographic analysis; lateralized readiness potentials, 6961
brain tissue measures reliability; grey matter; white matter; cerebrospinal volume; cerebrospinal fluid; intracranial box; frontal box; temporal box; parietal box; occipital box, 12873
brain variables; clozapine treatment; treatment resistant schizophrenia; positron emission tomography; magnetic resonance imaging; schizophrenic syndromes; anatomy; metabolism, 5317
brain volume; intellectual impairment; sex differnce; schizophrenia; brain structure, 4619
brain-derived neurotrophic factor; appetitive behavior; ventral tegmental; nucleus accumbens; depression; rats, 3625
brain-derived neurotrophic factor; synaptic transmission; dendritic spine density; hippocampal neurons; pyramidal neurons; spine growth; Sprague-Dawley rats, 21529
brain; emotions; fear; anxiety disorders, 34907
brain; estradiol; Estredox; dose dependence; time dependence; cyclodextrin complex; copulatory behavior; castrated male; ovariectomized female; rats; blood luteinizing hormone, 18807
brain; imitation; actions; theories; behavior, 6813
brain; language; mind; mental lexicon, 27746
brain; magnetic source imaging; phonological processing; semantic processing; language, 552
brain; reading; functional anatomy; single word reading; reading acquisition; reading disability; cognitive processes, 27513
brain; tool use; body schema; neural networks; body shape; body posture; multisensory space coding; humans; animals, 27762
brain; vertebrates' behavior; nervous systems; cognition; neural organization; cellular architecture; morphology, 21633
Broca's area; imitation; neurons; manual finger movements; motor task; language, 15511
Broca's region; cytoarchitecture; brain asymmetry; morphometry; language, 21530
c-fos expression; metabotropic glutamate receptors; animal models; anxiety; anxiolytic behavior; neuronal activation; immunoreactivity; hippocampus; amygdala; sensory information; mouse brain, 18762
cannabinoid withdrawal; cannabinoid receptor gene expression; brain; behavioural changes; neurochemical changes, 21889
capital crimes; neurobiology; brain development; death sentence; developmental biology, 36534
cell cycle; rat midbrain; organogenesis; gestational days; in vivo changes, 21625
cell proliferation; adult neurogenesis; dentate gyrus; multiple receptor subtypes; receptor agonists; chronic administration; acute administration; cell growth stimulation; Wistar rats, 18708
cell proliferation; helpless behavior; learned helplessness; dentate gyrus; mood disorders; brain structure; hippocampus; rats; animal model; depression; neurogenesis, 3726
cerebellum; information processing; feedforward control; Pavlovian eyelid conditioning, 6958
cerebral activation patterns; arithmetic learning; multiplication; training; hemispheric activation, 9906
cerebral activity; predictors; learning performance; Parkinson disease; treatment effects; drug therapy; deep brain stimulation, 2285
cerebral blood flow; neuroimaging; neurophysiological correlates; brain; electrical activity; behavior, 6920
cerebral blood flow; obsessive compulsive disorder; behavior therapy; OCD patients; neuroimaging; obsessive-compulsive disorder; treatment-refractory patients, 2056
cerebral glucose metabolism; frontotemporal dementia; metabolic deficit; caudate nuclei; glucose uptake, 32153
cerebral response; visual stimulation; visual loss; neural mechanisms; visual cortex; functioning magnetic resonance imaging, 26188
cerebral vascular; concentration-dependent manner; hydrogen peroxide; resting levels; brain pathology; alcohol induced stroke; muscle cells; catalase; ethanol, 3931
cerebral white matter; psychosis exacerbation; schizophrenia patients; psychotic symptoms; antipsychotics, 20301
cerebrospinal fluid; brain tissues; hepatocytic growth factor; Alzheimers disease; mitogen, 23012
cerebrospinal fluid; schizophrenic patients; nitric oxide; nitrite; nitrate; neurological disorders, 25667
cerebrospinal fluid; sulfatides; incipient dementia; Alzheimer's disease; cognitive impairment; phosphatidylinositol; biomarker, 11255
cerebrospinal fluid; sulfatides; ST; incipient dementia; Alzheimer's disease; cognitive impairment; phosphatidylinositol; biomarker; CSF, 1846
cerebrovascular pathology; Alzheimer's disease; cerebral malfunction; endothelial proliferation; angiogenesis; tumor growth; perivascular endostatin deposits; cerebral hemispheres; hypoxia; brain, 13938
cetacean brains; brain expansion; encephalization levels; mammals; neocortex; cognitive capacities, 21632
chick embryo; metabolic compensatory mechanisms; developing brain; hypoxia; lactate; metabolites; metabolism, 21659
chicks; brain; systems genesis; c-fos genes; species-specific object; preference development; neural stimulation; results of action acceptor, 15500
childhood autism; proton magnetic resonance spectroscopic imaging; brain imaging; developmental disorder; brain structures; metabolic abnormalities, 8057
childhood; cognitive function; cognitive ability; mental ability; pathological changes; matter structure; white matter; ageing brain, 13276
cholesterol; membrane-associated A-beta fibrillogenesis; amyloid-beta peptide; Alzheimer's disease; plaque; brain samples, 5034
choline metabolites; human brain; phosphatidylcholine; acetylcholine; cerebral metabolism, 18706
chromium picolinate; peripheral amino acid availability; brain monoamine function; rats, 3897
chronic aspartame consumption; rats; T-maze performance; muscarinic cholinergic receptor densities; brain regions, 24795
chronic lithium treatment; rats; brain; serum levels; dehydroepiandrosterone; dehydroepiandrosterone-sulphate, 18766
chronic lithium vs sodium valproate, concentration of myo-inositol and inositol monophosphate in rat brains, 760
chronic schizophrenics; neurocortical electrical activity; brain imaging, 7913
chronic stress; plasticity; gene expression; stress; antidepressant treatment; schizophrenic group; transcription factor; depressed group; frontal cortex; post-mortem human brains; rats; bipolar group, 18760
chronic traumatic brain injury; motor recovery; reaction times; movement times; traumatic brain injury, 19997
citalopram; worry; brain activation; generalized anxiety disorder, 32445
clinical correlates; neurological change; posttraumatic stress disorder; neurobiology; locus coeruleus; hippocampus; amygdala; thalamus, 19538
clinical perspectives; neurobiological effects; psychological trauma; anatomical changes; brain functioning, 25749
cognitive generation; bipolar depression affect; mood functional substrates; functioning magnetic resonance imaging; picture stimuli; bipolar affective disorder; cognitive generation, 34837
cognitive impairment; dementia; longitudinal brain change; entorhinal cortex; ERC atrophy; hippocampus; cerebrospinal fluid, 6338
cognitive neuroscience; cognitive sciences; perception; decision-making; attention; language; action, 15303
cognitive neuroscience; reading; brain lesions; neuroimaging techniques; brain; reading disorders, 27514
cognitive processes; functional magnetic resonance imaging; mental chronometry; hemodynamic response; neural activation, 15434
cognitive psychology; social environment; biomedical psychiatry; eliminative materialism; ethics; moral philosophy; moral psychology; neuropsychology; mental behavior; brain behavior; reductionism, 18838
conditional mutagenesis; brain; mice, 6809
conscious experience; dual-access theory; brain-conscious gap; mind-body identity thesis; brain activity, 27583
copper zinc manganese superoxide dismutase activity; modulatory effect; estradiol benzoate; developing rat brain, 21893
cortical bases; speech perception; cortical stimulation; hemispheric anesthetization; intracarotid amobarbital, 21544
cortical cells; receptor system; hippocampal cells; neuroblastoma cells; receptor density; clozapine; metabolites; genes, 12842
cortical change mapping; grey matter density; human life span; physiological aging; magnetic resonance imaging; cortical matching algorithms, 21695
cortical gray matter; brain size mapping; major depression; elderly depression, 16391
cortical microanatomy; human brain disorders; epilepsy; neuropathology; epileptogenic lesions; brain tumors; seizures; epilepsy pathology, 19967
cortical regions; computational cognitive neuroscience; memory functions; early memory; hippocampus; prefrontal cortex; posterior cortex; working memory; memory development, 12870
corticotropin-releasing factor; antisense oligonucleotides; anxiety related behavior; lateral ventricle; rats, 13018
CpG islands; brain-expressed candidate region; chromosome 18q; bipolar disorder; genomic sequences; mutation analysis; single nucleotide polymorphisms, 13591
creative innovation; neurobiological; general intelligence; domain-specific knowledge; brain mechanisms, 567
Creutzfeldt-Jakob disease; prion proteins; quinacrine, 35643
cue validity; object-based attention; visual selective attention; brain, 30748
cyclic adenosine-3,5-monophosphate; motivational systems; rat brain; conditioned active avoidance reaction; informational systems, 9830
d-amphetamine; rats; behavioral sensitization; P2Y1 receptor expression; locomotor response; astrogliosis; immunocytochemistry; brain, 15746

D-Cycloserine; N-methyl-D-aspartate agonist; motor cortical neuroplasticity; neurophysiology; transcranial direct current stimulation; cognition, 30994
deception; neural correlates; blood oxygen levels; brain activation, 30858
declarative memory; memory system; medial temporal lobe; habit memory; basal ganglia; habit-learning task; Parkinson's disease; caudate nucleus; prefrontal cortex; activation, 20025
delayed cerebral maturation; hemisphere asymmetry; regional differences; stuttering; brain regions, 26014
dendritic conductances; block temporal summation; principal neurons; brain regions; neuronal excitability; spike probability, 34050
developmental changes; neuronal networks; brain development; developmental neuroimaging; brain cells; children, 15904
developmental gender differences; brain engagement; threat evaluation; facial expressions; face perception, 24691
developmental perspective; pediatric brain injury; cognitive deficits; developmental lag; achievement; neurocognitive recovery, 1844
developmental toxicity; terbutaline; DNA synthesis; rat brain; rat heart, rat liver; cell replication; cell differentiation; tocolytic; postnatal exposure; adrenoceptors, 3901
dexamethasone; constitutive androstane receptor; mice; drug metabolism; xenobiotics; cytochrome P450 enzymes; dexamethasone; brain; gene expression; neuropeptide y; orexigenic effects; food intake, 31000
diabetic mice; antidepressant like effects; diabetic mice; reuptake inhibitor fluoxetine; anti-immobility effect; receptor antagonist; receptor agonist; brain, 18775
dietary selenium; dopamine: serotonin: neurotoxicity; MDMA; methylenedioxymethamphetamine; mice; rats; 5-hydroxytryptamine; neurons, 13070
differential region-specific regulation; alpha-1 adrenoceptors; haloperidol; clozapine; rat; adrenoceptors binding, 18718
diffusion tensor imaging; brain; neuropsychiatry, 12923
Diphenyl diselenide; rat hippocampal slices; Oxygen-glucose deprivation; nitric oxide; synthase immunocontent; vitro brain ischemia, 3642
direct current potential; functional state; metabolic state; brain nervous tissue; bioelectrical parameters; electrical activity, 30902
divided attention difficulty; neurological rehabilitation; acquired brain injury; relearning; walking; neurophysiotherapists; patients, 1833
dopamine transporter; polymorphism; methamphetamine abusers; amphetamine; dopamine release; dopamine neurotoxicity; dopamine level; brain, 19677
dopamine; lateral ganglionic eminence; embryonic brain; brain development; neostriatal neurogenesis; cell cycle, 21888
dopaminergic system role; brain; glucocorticoid hormones effects; conditioned reinforcement properties; glucocorticoid dexamethasone; action mechanisms; rats; D2 receptors, 15766
dorsal prefrontal cortex; neuropeptide Y interneurons; schizophrenia; prefrontal region; schizophrenic patients; proportional comparisons, 13633
dream consciousness; neurobiology; sleep; brain; rapid eye movement; waking consciousness, 30925
dynamin III mRNA; rats; hypothyroidism; transcripts; brain; neural development; central nervous system, [illegible]
ear advantage; focal epilepsy; size & localization of structural brain abnormality; lateralization of epileptogenic area; seizure characteristics; dichotic listening; children, 13965
early postnatal life; neuronal circuits; brain plasticity; brain regions; critical period mechanism, 12843
ecstasy; MDMA; dopaminergic neurotoxicity; stress; hypothermia; striatal glutamate receptor antagonist; corticosterone treatment; brain concentrations; cold stress; 3,4-methylenedioxymethamphetamine, 24817
ecstasy; MDMA; long-term effects; behavioural changes; cerebral dopamine; dopamine system; acute effects; biochemistry; dopamine neurotoxin; 3,4-methylenedioxymethamphetamine, 25869
EEG background activity; brain electrical activity; huntington's disease; HD, 8232
EEG; thalamo-cortical sensory processing; sleeping human; slow wave sleep; brain reactivity; sensory stimuli; somatosensory evoked potentials, 15662
electroconvulsive therapy; frontal white matter; late-life depression, 26457
electroencephalographic mu rhythm; object-directed grasp; mirror neuron activity; brain system, 21647
electrophysiology; attention-deficit disorder; hyperactivity disorder; event-related potential; ERP; ADHD; early preparatory processes; auditory & visual attention systems; frontal inhibition system, 22717
emotional connotations; words; rostral frontal cortex; retrosplenial cortex; brain, 18560
emotional stimuli; brain processes; brain regions; orbitofrontal cortex; neural organization; emotional odors; olfactory stimuli; amygdala; brain response; intensity; pleasantness, 3649
encephalographic comodulation; chronic fatigue syndrome; anterior posterior dissociation, 8146
environmental enrichment; cortical changes; subcortical changes; synaptophysin; proteins; synaptic plasticity; visual cortex; hippocampus; brain; rats; enzyme-linked immunosorbent assay, 24698
epigenetics; genomic retroelements; major psychosis; schizophrenia; DNA, 19456
epilepsy; depressive disorders; etiology; pathophysiology; models of depression; monoamine hypothesis; hippocampus; hypothalamic-pituitary-adrenal axis; neurotrophic hypothesis; neural networks, 4517
error processing; anterior cingulate cortex; error related negativity; magnetic imaging, 7062
estrogens; brain function; neuropsychiatric disorders; gender differences; brain maturation, 25443
estrus induction; female prairie voles; cell numbers; brain mast; microtus ochrogaster; neuroendocrine; estrus; rodent; hormone; estrogen, 6715
ethanol; rat brain; pregnancy; fetal development; fetal alcohol syndrome; central nervous system; cell proliferation; developmental changes; mental retardation; neurotoxicity, 7270
event related oscillations; event related EEG responses; cholinergic muscarinic receptor gene; polymorphisms; linkage; linkage disequilibrium; cognitive processes, 30898
event related potential; novelty response; novelty P3; P300; principle components analysis; localization, 7044
event-related brain potential changes; stroke patients; cognitive impairments; drug administration; cognitive functions; choto-san administration, 15825
event-related brain potentials; pharmacological treatment; schizophrenia; brain structure; neurotransmitters; genetics; psychosis, 19444
event-related brain potentials; syntactic dependencies; working memory; sentence structure; language; wh-questions; filler gap dependency, 9834
event-related potential; temporal context discrimination; declarative memory; neural correlates; recency judgments; memory retrieval, 24711
event-related potentials; multiple brain networks; semantic comprehension; spatiotemporal source analysis, 33981
event-related potentials; word spellings; altered letter; case-altered forms; brain, 34065
evolutionary biology; brain oscillations; EEG; delta; theta; alpha; phylogenetic systems; parallel processing; descending inhibition; personality traits; behavioral inhibition; age differences, 27824
evolutionary origin; mammalian isocortex; developmental approach; functional approach; cerebral hemispheres; ancestral structures; reptilian brain; ventral pallium; dorsal pallium, 18442
executive control; brain systems; neuroimaging; working memory; attentional processes; attentional selection; behavior; language function; verbal goal representations; brain systems interaction, 15286
exercise; antidepressant treatment; brain-derived neurotrophic factor; Ribonucleic Acid; aging brain; hippocampus, 12834
facial emotional expressions; basic emotions; event related potentials; implicit processing; timing; brain regions, 7034
familial frontotemporal dementia; tau gene mutation; tau pathology; argyrophilic astrocytes; etiology, 5017
familial idiopathic brain calcification; familial alpha-synucleinopathy, 8272
feedforward neural networks; spatiotemporal structure; dependent plasticity; associated input; firing patterns; spike patterns; firing rates, 27763
female sexual behavior; pregnancy induction; brain mechanisms; reproductive function; pseudopregnancy; vaginocervical stimulation, 33980
fibroblast growth factor receptors; choroid plexuses;protein expression; periventricular tissues; murine embryo; gestation; choroid plexus, 21671
first-episode schizophrenia; morphometric changes; brain morphology; cerebral hemispheres; temporal lobes; cerebellar hemispheres, 22526
fluoxetine; olanzapine; synergistic effects; fibroblast growth factor; rat brain, 24827
fluvoxamine; pain sensation; human brain; antinociceptive effect; pain processing, 15786
fMRI activation; gender differences; affective stimuli; international affective picture system; sublenticular extended amygdala; functional magnetic resonance; functional brain imaging, 9851
fMRI activation; gender differences; affective stimuli; international affective picture system; sublenticular extended amygdala; functional magnetic resonance; functional brain imaging, 24685
fos immunocytochemistry; neuroanatomical sites; tyrosine depletion; tyrosine-free amino acid mixture; amphetamine; phenylalanine; rats, 15774
frontal brain regions; auditory pathways; sensory systems; functional homologies; auditory system; visual system, 15509
frontal brain; white matter integrity; adolescents; early onset schizophrenia, 28722
frontotemporal dementia; early Alzheimer's disease; FTD; frontal cortex activation; frontal fMRI activation, 1870
functional brain imaging; activity patterns; individual brains; optimal stimuli; spatiotemporal activity; visual areas; auditory areas, 21276
functional brain imaging; traumatic recall; neuroimaging; hypnosis; hypnotic responsiveness; brain structure, 35602
functional brain mapping; brain regions; functional segregation; dynamic scenes viewing; information processing, 27711
functional brain; thyroid hormone; positron emission tomography; regional brain metabolism; brain imaging techniques; affective disorder, 10733
functional magnetic resonance imaging; action onset; time; drug-induced changes; task-related activity; opioid analgesic; remifentanil; insular cortex; regional brain activity; temporal variation, 18817
functional neuroimaging; human emotions; limbic brain regions; paralimbic brain regions; functional neuroanatomy, 34057
fusiform face area; face recognition; fusiform gyrus; neurons; object recognition, 18605
G-protein alpha-subunit levels; hippocampus; entorhinal cortex; Alzheimer's disease staged brains; amyloid pathologies; neurofibrillary pathologies; disease course, 4999
GABA B; locomotor response; receptor activity; antidepressant response; psychiatric disorders; locomotor activity; stress; tranylcypromine; TCP; rat brain; amphetamine, 3970
gamma aminobutyric acidergic neurons; psychotic disorders; age differences; brain regions; rats; amphetamine; region-dependent alterations; pathogenesis, 18820
gastrointestinal system; drug administration; monoamine oxidases; enzyme inhibition; monoamine oxidase; selegiline; rats; brain; drug interaction, 3989
gene expression; brain development; enzymes; mammalian neural development; heparan sulfate; proteoglycans; mouse; biological processes; glcuronic acid; hippocampus; cerebellum, 21602
gene expression; long-term memory; chick brain; hyperstriatum ventrale; imprinting; brain region changes; amyloid precursor protein, 15583
gene expression; sex chromosome; dorsolateral prefrontal cortex, 21523
gene regulation; DNA damage; human brain aging; cognitive decline; elderly; Alzheimers disease risk; human frontal cortex; synaptic plasticity; vesicular transport; mitochondrial function, 27759
genetic influences; estrogen treatment; mating behavior; hormonal influences; animal brain; human brain; social behavior; sexual arousal, 6950
genetic influences; reproductive behavior; sexual behavior; human brain; rat brain; neural receptors; DNA; animal biology; sexual arousal; hormonal influence, 7586
glial fibrillary acidic protein; glutamic acid decarboxylase 65; 67 kDa proteins; brains; neonatal mice; in utero viral infection, 24670
glucose lowering effect; neonatal mice; neurophysiological changes; blood glucose; neural cell; brain histology; phenylpyruvate; phenylketonuria; neurodegenerative changes, 21838
glycogen synthase kinase-3; lithium inhibition; enzyme inhibition; beta-catenin; valproate; carbamazepine; mRNA expression; rats, 9991
grammatical transformations; 2-letter sentences; 3-letter sentences; 4-letter sentences; simple transformations; complex transformations; brain regions involvement, 6877
gray matter; brain volume; schizophrenia; chronic illness; illness onset, 4655
gut peptides; brain peptides; food intake control; exogenous cholecystokinin; ingestive behavior; meal size, 30932
haloperidol; olanzapine; ketamine; brain; regional 2-deoxyglucose uptake; rats, 3888
head circumference; intelligence; learning; nutritional status; brain developmnent; intellectual quotient; nutrition; brain; socio-economic status; IQ, 22000
healthy elderly persons; positron emission tomography; Alzheimer disease; memory tasks; brain activation; cognitive reserve mediated modulation, 22996
hemineglect; tonic inhibition; temporo-paneto-occipital lesion; brain; corticothalamic interaction; damaged cortex, 27715
hemispheric asymmetry; developmental dyslexia; auditory cortex, 13808

hemispheric processing; sex-related differences; hemispheric-related influences; neurobiology; emotionally influenced memory; brain; cognition, 9702
heparan sulfate; morphogen signaling; midline axon guidance; mammalian brain development; mice, 6912
hepatitis C; white matter; N-acetylaspartate; methamphetamine dependency; choline; myo-Inositol; creatine; phosphocreatine; neuronal injury; comorbidity, 10682
high-functioning autism; autistic children; boys; morphometric profile; brain volume; brain regions, 22730
hippocampal atrophy; magnetoencephalography; magnetic resonance; mesial temporal lobe; cognitive patterns; neurophysiological activity, 13973
hippocampal volume; grey matter volume; innate navigational expertise; taxi drivers; human hippocampus; spatial representation; posterior hippocampus; brain, 18694
hippocampus; dorsal raphe nucleus; rat; guinea pig; human brain; pindolol; receptor-mediated G-protein activation, 18800
HPA axis control; rats; St John's wort; hyperforin; fluoxetine; gene expression; haloperidol; mRNA; brain; hypothalamic-pituitary-adrenal axis, 9964
human brain functions; postnatal brain development; brain development process; infants; children; developmental disorders; skill learning, 7358
human brain; multimodal spatial representations; motor response; human parietal cortex; saccadic spatial orienting; manual spatial orienting; neuroimaging, 351
human neocortex; mouse neocortex; ChAT activity; acetylcholine release; choline-acetyltransferase; neocortical slices; potassium depolarisation; neurotransmission, 3711
humanistic intelligence devices; tactile vision substitution; blind; sensory plasticity; brain plasticity; skin stimulator arrays; tongue-based machine interfaces; human-machine interface, 6124
hypertension; brain; prefrontal regions; executive functions; cognitive functions, 8201
hypothalamic-pituitary-adrenal axis function; neuroendocrine response; cortisol secretion; anxiety; stress inhalation; brain's neuroendocrine response; carbon dioxide, 13090
impulsivity; brain serotonin transporter; brain binding capacity; suicide attempters; dopamine transporter, 28827
indeterminate sleep; nonlinear structure; full-term newborns; nonlinear EEG; premature newborns; brain dynamics; active sleep; quiet sleep; synaptic interconnections; newborn brain, 7046
inferior frontal gyrus; phonological processing; frontal operculum; memory, 18594
information processing; dog brain; organizational characteristics; morphological substrates; pallidal nuclear complex, 27720
intelligence related differences; brain activity; event-related desynchronization; event related synchronization; alpha bands; theta bands; memory; neural networks, 12847
interleaved transcranial magnetic stimulation; lamotrigine; cortical excitability; brain circuits; functional magnetic resonance imaging; motor cortex, 27758
interleukin-1 signaling; receptor antagonist expression; prefrontal cortex; schizophrenic patients; brain pathology; parietal cortex; putamen; hypothalamus, 7909
interleukin-6-deficient mice; audiogenic seizures; neurotransmitter amino acid levels; brain areas; disorder susceptibility, 24667
intermittent ethanol exposure; locus coeruleus; medial prefrontal cortex; cerebellum; alcoholism; purkinje neurons; aging; brain cytochrome c oxidase activity level; rats, 21855
interpolation; extrapolation; human behavior; neural network; computation; brain; nervous system; sensorimotor & cognitive tasks; function learning; auditory-visual behavior; visuomotor transformation, 21036
intracellular dopamine contents; rat brain; conditioned contextual fear; acoustic startle reaction extinction; caudate nucleus; prefrontal cortex; nucleus accumbens, 9889
judgement; causality; neural activity; brain activity; cortex activity; perception; brain regions, 3633
ketamine administration; brain responses; working memory; verbal memory; psychopharmacology, 24816
ketanserin binding sites; psychiatric disorders; frontal brain membranes; parietal brain membranes; schizophrenic patients; depressed patients; bipolar patients; heterogenous alterations, 9863
Kir6.1-protein; pore-forming; ATP-sensitive potassium channels; giant cholinergic interneurons; striatum; rat brain; sulfonylurea receptor; neurotransmitter release; pharmocological agents, 3719
language comprehension; human brain; language disorders; sensory areas; lateralization; location; functional magnetic resonance imaging; fMRI; language stimulus; cortical processing, 3717
language processing; grammar; brain dynamics; EEG; fMRI, 21572
language-specific memory traces; consonants; brain; native language experience; place-of-articulation feature, 18400
language; brain activity; cognitive ability, 27823
language; embodied brain; animal models; language evolution; neuroanatomy; language skills; language processing; brain, 18566
late positive component; LPC; event related potentials; ERPs; brain; truth; deception; response conflict; strategic monitoring; response time; episodic memory, 9915
lateral intraparietal area; LIP; motion perception; motion direction; neural activity; motion analysis; monkey brain, 15534
laterality; language; human evolution; brain; handedness, 33995
learning-disabled brains; learning disabilities; neurophysiological correlates; brain morphology; development, 4785
learning; memory; neuroscience; adult neurogenesis; mammalian brain; brain injury; brain cells; proliferation; environmental factors, 9879
lexical performance; cerebral activation patterns; electrical activity; visual stimuli; auditory stimuli; word judgment; brain, 641
literature; brain function; mind; literary scholar; poet; poetry writing; poetic techniques; mental processing; conscious; unconscious; mystic experiences, 30881
lithium chloride, rat brain; fractional phosphorylation; brain cytosolic phospholipase; protein level; arachidonic acid; phosphorylated protein; brain lithium concentration, 3990
lithium; valproic acid; treatment effects; brain chemistry; bipolar disorder; gray matter lactate; glutamate; glutamine; gamma aminobutyric acid, 35529
magnetic resonance imaging; magnetic resonance imaging scans; obsessive-compulsive disorder; parahippocampal region; disgust inducing pictures; brain activation, 1539
magnetic resonance imaging; sex-dependent effects; schizophrenia; gyral folding; cortical volume; white matter volume, 1476
major depression; adrenoceptor upregulation; brain tissue; blood platelets; G-protein-coupled receptor kinases; mirtazapine; depressed suicide attempters; depressed patients behavior; down regulation, 20328
mammalian cortex evolution; anatomical features; functional features; mammalian brain evolution; pyramidal cells; granule cells; laminated isocortex, 6952
maternal care; stress reactivity; offspring; GABA; gamma-aminobutyric acid; pup licking/grooming; arched backed-nursing; prefrontal cortex; amygdala; hippocampus; fear; rats, 7160
memantine; adult rat; brain; MK-801; gene expression profiles, 24828
memory circuits; language; declarative model; procedural model; brain structure; temporal lobe; declarative memory, 21707
memory performance; gray matter volumes; executive function; white matter hyperintensities; aging, 27803
memory strategy; behavioral performance; mnemonic processes; brain activation; long-term memory; short-term memory, 3713
memory; theta-range oscillations; human EEG; hippocampus; thalamus; hypothalamus; distributed mnemonic networks; theta-rhythmic activity; diencephalon; synchronizing activity; integrating activity, 3786
mental calculation; multiplication facts; problem size effect; rule application; slow waves; P300, 27748
mental state attribution; other orientation; other behavior prediction; mental processes; electrical activity; neural processes; action preparation, 15564
mesial cortex; intralaminar thalamic nuclei; periaqueductal gray matter; motivational drives; medial hypothalamus; midbrain; PAG; nurturance; neural representations, 623
metabotropic glutamate 8; mGlu8; mGlu8 receptor agonist; dicarboxyphenylglycine; DCPG; (S)-3,4-DCPG; mouse brain; mGlu8 receptor knockout mice; wild-type mice; stress related brain regions, 7224
methadone maintenance treatment programs; heart; brain; cardiac toxicity; buprenorphine maintenance, 11943
methamphetamine dependence; brain function; disorders; abstinence; EEG abnormalities, 4734
mirrored stimuli; rotated mirror; event-related brain potential; delayed response; mental rotation; normal letter discriminations; mirror-reversed form, 18283
mitochondrial complex I; schizophrenia; brain; mitochondrial hypoplasia; oxidative phosphorylation system; mitochondrial related gene expression, 19458
mitogen-activated protein kinase; neurotrophic factor; antidepressant treatment; intracellular signaling; noradrenergic receptors; tyrosine kinase; epidermal growth factor, 3721
modulation; visceral hyperalgesia; morphine; cholecystokinin; rat rostroventral medial medulla; anti-opioid peptide, 7183
molecular mechanisms; circadian zeitgeber; behavioral rhythms; circadian behavior; Drosophila circadian clock; central brain; visual system; cryptochrome; day-night cycle; circadian gene period, 15473
mood regulation; bipolar disorder; blood flow differences; state influences; trait influences; brain, 7831
morphological substrate; information processing; organizational characteristics; afferent projections; dogs; brain; caudate nucleus; nucleus accumbens; putamen, 27736
motility recovery; regeneration; freshwater planarians; central nervous system, 21611
motion perception; occluded motion; eye movements; cortical regions; brain activation; visual system, 6960
motor behaviors; viscous force fields; acquisitional switching; contextual switching; multiple internal models; elbow joint movements; humans; brain, 6569
motor excitability; speech perception; brocas area; visual perception; auditory perception; brain regions, 30885
mouse molecular genetics; neurons; serotonin receptors; serotonin homeostasis; genetics, 12773
mouse transcriptional regulating protein; mTReP-132; cloning; transcription factor; brain regions; mouse orthologue; gene expression, 12784
movement control; EEG potentials; lateralized readiness potential; Bereitschaftspotential; BP; contingent negative variation; CNV; neurological patients; Parkinsons; amyotrophic lateral sclerosis, 35329
movement-associated changes; functional changes; brain; multiple sclerosis; clinically isolated syndromes, 29112
MRI pattern; temporal brain atrophy; fronto-temporal dementia; Alzheimer's disease; frontal brain atrophy; differential diagnosis, 4971
multi-object naming; contextual priming; positron emission tomography; picture naming; neural substrates; brain electrical activity, 12878
N-methyl-D-aspartate receptors; olfactory learning; memory; glutamate; brain functions; honeybee, 13077
N400; P600; event-related brain potentials; language comprehension; Italian language; sentence comprehension, 27972
navigation task; virtual environment; monkey; brain; behavioral analyses; virtual space; spatial cognition, 30775
near-infrared spectrophotometry; visual cortex; fast cerebral functional signal; brain, 7007
negative neurofilament light; tau immunostaining; frontotemporal dementia; Alzheimers disease; immunohistochemical stainability, 32185
neocortical enlargement; mammalian neocortex; cognitive abilities; cortical specializations; sensory specializations; sensory processing, 21556
neonatal amygdala lesions; neurotensin; brain; schizophrenia; rats, 21546
neural activity; electrophysiological recordings; genetic manipulations; fruit flies; Drosophila brain; brain activity patterns; visual objects; gene products; gene behavior, 15650
neural connectivity; diffusion tensor tracking; tracer; synaptic plasticity; cognitive functions; humans; non-human primates; brain; diffusion tensor, 18611
neural constraints; avian song; motor components; auditory components; animal learning; brain; HVC; motor song system nucleus, 34013
neural correlates; categorical representations; cortical areas; sensory processing; neural mechanisms; non-human primate brain; sensory inputs; motor output; stimulus-response associations, 15549
neural correlates; developmental dyslexia; behavioral profile; cognitive profile; cerebral asymmetry, 32021
neural correlates; processing depth; encoding; photograph recognition; normal elderly, 22123
neural correlates; shopping decisions; noninvasive brain imaging; supermarket visit; brain activations; height discrimination; silent vocalization; parietal cortex, 20986
neural correlates; thought suppression; cognitive control; brain regions, 3733
neural decision processes; neural correlates; flexible neural behavior; stimulus encoding; behavioral reaction time; sensorimotor structures; neural chronometry; mental chronometry, 15572
neural generators; event related potentials; brain regions; P300 potential; cortical generators; time-course, 30901
neural mechanisms; collective intentionality; we-mode process; brain; shared attitudes, 34004
neural mechanisms; general fluid intelligence; individual differences; attentional control; prefrontal cortex; working memory; neural activity, 21587
neural mechanisms; general fluid intelligence; individual differences; attentional control; prefrontal cortex; working memory; neural activity, 21574
neural mechanisms; recognition of familiar individuals; outcome of brief aggressive encounters; brain regions; odor cues of familiar winner; male golden hamsters, 34039

neural population codes; population activity; Poisson spike statistics; average spike firing rate; neural computation; brain function; neuron behavior, 15675
neural substrates; concurrent performance; dual working memory; neural network, 27573
neural substrates; stereodepth perception; stereoscopic processing; human brain; binocular luminance rivalry; regional cerebral blood flow, 6889
neural systems; unwanted memory suppression; Freud; repression; brain; hippocampal, 12801
neural theory; specific brain structures; language processing; social cognition; brain functions; brain areas; emotion, 21583
neuroanatomical sites; apolipoprotein D; bipolar disorder; schizophrenia; brain regions; dorsolateral prefrontal cortex; neuropathology, 13577
neuroanatomy; brain organs; thalamus; cortex; brain functioning, 18575
neuroanatomy; emotions; neuroscientific models; brain, 3686
neurobiological; language understanding; neuroimaging methods; language; brain imaging, 21693
neurobiology; emotion perception; ventral system; amygdala; insula; striatum; prefrontal cortex; anterior cingulate gyrus; dorsal system; hippocampus; brain, 611
neurocognition; musical sound perception; human brain; neuronal circuits; auditory perception, 30641
neurocognitive enhancement; mental dysfunction; social problems; ethical problems, 26489
neurocysticercosis; parasite elimination; cysticercosis; contaminated food ingestion; taenia eggs; praziquantel; albendazole; brain cysticerci; cysticidal therapy; infectious diseases, 14004
neurodevelopmental hypothesis; schizophrenia; early life; psychosis, 4639
neuroimaging; psychiatric patients; parietal cortex; neurological patients; self-awareness; movement; self-generated action; action awareness, 15481
neuroimaging; task characteristics; time measurement; neural timing systems; brain activity; automatically controlled time measurement; cognitively controlled time measurement; motor circuits, 15535
neuromagnetic imaging; brain rhythms; somatosensory cortex; spatial filtering; minimum-variance beamformer; tactile perception & stimulation; visual feedback; somatosensory input, 6858
neuromotor function; schizotypal adolescents; neurocognition; schizotypal personality disorder; personality disorders; motor dysfunction; negative symptoms; perseverative responses; motor regions, 1551
neuron loss; Alzheimer's disease; brain aging; Purkinje cells; glial activation; synaptic plasticity, 6886
neuronal cell death; methamphetamine; brain-derived neurotrophic factor; neuropsychiatric damage, 10022
neuronal spike trains; information processing; functional specialization; brain regions; microelectrode recordings; globus pallidus internus, 9249
neuropathology; major depression; periventricular white matter hyperintensities; magnetic resonance imaging, 4607
neurophysiology; handwriting execution; phonographic scripts; logographic scripts; Japanese language; frontal lobe; parietal lobe; motor processes; kana; kanji; temporal lobe, 606
neuropsychiatric disorders; human brain; psychology; behavior relationships; neurobehavioral processes; evolutionary biology; morality; social cues; motivation; moral behavior, 12868
neuropsychology; human emotions; individual emotions; neural substrates; emotion coding; emotion recognition; disgust; disgust recognition system; human brain, 21552
neuroscience; subjective mental states; consciousness; emotion; dreaming; brain research; psychodynamic theory, 15498
neuroscience; subjective mental states; consciousness; emotion; dreaming; brain research; psychodynamic theory, 15582
neurovascular regulation; Alzheimers disease; cerebrovascular control mechanisms; brain regions; brain blood flow; neurons; astrocytes; vascular cells, 24686
nicotine dependence; metabolic changes; brain metabolic response; metabolic effects; hostility traits; smoking; brain imaging; addiction; attention; personality, 19657
nicotine effects; cognitive functioning; functional connectivity; schizophrenia; tobacco smoke; brain function, 28714
NMDA glutaminergic systems; amygdala; piriform cortex; nicotinic effects; memory function, 3940
nociceptive behaviour; cannabinoids; morphine; brain monoamines; pain, 34148
noninvasive optical imaging; brain imaging; event-related optical signal; frequency domain optical measures, 7049
normal brain aging; caloric restriction; synaptic plasticity; life span; neural erosion; calorie intake control; astrocyte volume, 6887
nucleus accumbens; rats; lateral hypothalamus self-stimulus; brain stimulation; endorphin; brain reward processes, 15826
obsessive compulsive disorder; symptom provocation; pharmacological treatment; individual differences; brain markers; anterior temporal cortex; reactivity; single photon emission computed tomography, 2170
obstructive sleep apnea; carbon monoxide poisoning; neuropathology; brain; hypoxia; neuropsychology; treatment, 11150
occipital cortex; tobacco smoking; arterial plasma; brain areas; plasma nicotine concentrations; regional cerebral blood flow; low-nicotine cigarettes, 13395
olanzapine distribution; P-glycoprotein tissues; controlling gene; brain access; dose requirements, 18813
optical imaging; cognitive neuroscience; brain imaging, 6899
optical imaging; tactile illusion; somatosensory cortex; brain; stimuli; squirrel monkey, 6649
optical techniques; neonatal brain imaging; oxygenation; hemodynamics; metabolism, 7356
orbitofrontal cortex; compulsive behaviors; obsessive-compulsive disorder; neurocognitive correlates; executive basis; neural underpinnings, 25711
overlapping dual task interference; functional neuroanatomy; brain activation; magnetic resonance imaging, 6984
oxidative stress-mediated DHEA; Alzheimer disease; dehydroepiandrosterone; rat brain cells; human brain cells; hippocampus; hypothalamus; frontal cortex, 4977
oxygen radicals; brain; ammonia intoxication; rat brain; rats, 7216
P-glycoprotein deficiency; blood-brain barrier; brain penetration; methadone; enatiomers; mice; oxidative metabolite, 27954
parsing reward; neurosciences; learning; affect; brain circuits; motivation, 6843
pattern formation; compartments; boundaries; twin brain similarity; monozygotic; brain morphology, 24638
Pavlovian autoshaping procedures; rat brain; lever-press autoshaping conditioned response performance; omission training, 6996
perinatal changes; brain-derived neurotrophic factor; preterm neonates; fullterm neonates, 21631
peripheral electric stimulation; PES; brain opioid receptors; rats; morphine conditioned place preference; drug craving, 7254
perirhinal cortex; layers ii/iii; hippocampal formation; incoming information; associative function; sensory information; lateral amygdaloid; amygdaloid nucleus; entorhinal cortex; sensory input, 21610
persecutory delusions; schizophrenic patients; social cognitive biases; self-relevance; functional neuroanatomy, 25613
personality; affect; regional brain activity; extraversion; neuroticism; sex differences, 12881
personality; psychopathology; brain oscillations; EEG; personality traits, 642
PET; working memory: visual attention; divided attention; switching attention; neural basis of behavior; cognition; prefrontal cortex; temporal cortex; cerebellum; visual stimuli, 15476
phenol hydrochloride; nicotinic acetylcholine receptor ligand; rat brain; histaminergic receptors; serotonergic receptors; pharmacology, 7245
pitch perception; amusia; brain; tone deafness, 24401
placebo analgesia; pain experience; pain anticipation; brain activity; pain-sensitive brain regions, 18652
point-light displays; ventral temporal cortex; visual motion; video clips; superior temporal sulcus; middle temporal gyrus; whole-body motion; fmri; brain responses; event related design, 521
positron emission tomography; brain maintenence; verbal creative activity; regional cerebral blood flow; parietotemporal regions, 27712
post mortem; frontotemporal dementia; brain; magnetic resonance imaging; histopathology, 32166
posterior cingulate cortex; panic disorder patients; increased activation; prefrontal cortices; brain regions; memory; threat-related words, 13662
postnatal repeated maternal deprivation; age dependent changes; brain derived neurotrophic factor expression; rat brain; adverse life events; brain maturation; psychiatric disorder vulnerability, 18606
postsynaptic activity; homosynaptic potentiation; excitatory synaptic transmission; associative synaptic plasticity; mammalian brain; lateral amygdala; N-methyl-D-Aspartate reception; mice; CNS, 9746
posttraumatic stress disorder; temporal lobe; cerebellum; cortisol; cerebral blood flow, 4659
pregnancy; hippocampus; pituitary-adrenal activity; neuroendocrine systems; prenatal stress; monkeys; hormones; behavioral analysis, 3612
primate brain function; neuronal pathology; neuroanatomy; neuroscientists; neuro-structural errors, 18561
prosodic information; negative component; on-line processing; brain potentials; prosodic processing; semantic processing; French, 18310
proton magnetic resonance spectroscopy; unipolar major depressive disorder; membrane phospholipid metabolism; membrane function, 1453
psychiatric symptoms; psychiatric phenomenology; psychiatric co-morbidity; psychiatric comorbidity; initial manifestations; neurological symptoms; psychiatric morbidity; affective disorders, 26097
psychoactive beverage; brain electrical activity; Human beings; ayahuasca, 24844
psychosocial stress; hypothalamo-pituitary-adrenal axis; sympathetic nervous system; stress-induced changes; dorsal motor nucleus; adrenoreceptor regulation; depression; tree shrew, 15501
pyridostigmine bromide; N,N-diethyl-m-toluamide; permethrin; sensorimotor performance deficit; brain; chemicals; acetylcholinesterase activity; dose response; cholinergic system; Sprague-Dawley rats, 12967
quantitative electroencephalogram; antidementia drug; brain; rivastigmine; Parkinsons disease; dementia; drug therapy; cognitive ability, 23371
quantitative polymerase chain reaction; postmortem brain studies; gene expression; ribonucleic acid; microarrays; microarray results quantification, 15464
quantitative-polymerase chain reaction; adenosine receptor; estrogen receptor; ovariectomy; female rat brains, 15567
rats; antipsychotic drugs; N-acetyl aspartate; brain; haloperidol; clozapine; schizophrenia, 9962
recency discrimination; event-related brain potentials; long retention intervals; discrimination tasks; recognition memory; retention interval; memory; familiarity; recollection; time, 18634
receptor binding; baseline plus maze anxiety; anxiety like behavior; ethanol; alcohol preferring strain; rats; autoradiographic studies; frontal cortex; amygdala; anterior cingulate; dentate gyrus, 13013
receptor occupancy; dopamine receptor; time-course; plasma pharmacokinetics; antipsychotics; human brain; schizophrenia, 19494
regional brain activation; performance patterns; complex motor skill; skill learning; knot tying, 6997
regional brain activations; memory; deep encoding; shallow encoding; fMRI, 3771
regional brain activity; intermediate visual processing; Alzheimer's disease; instrumental activities of daily living; letter-word identification; spatial dot location; object & face discrimination, 14015
regional cerebral blood flow; lexical; brain regions representations; priming; retrieval; memory, 6853
regional gray matter volume & density; brain regions; functional differences; brain abnormalities; cigarette smokers; nonsmokers, 10432
reinforcement learning; brain modeling; optimal control; Kalman filter models, 27797
repetitive afferent stimulation; trigeminal caudalis excitation; optical imaging; mouse; central nociceptive modulation mechanism; spinal trigeminal tract, 6986
response inhibition; obsessive compulsive disorder; brain electrical activity, 1520
rhythmic context influences; auditory evoked potentials; musicians; nonmusicians; brain, 21732
right posterior superior temporal sulcus; intentional actions; body motion; environmental context; perceptual features; observed motion; intrinsic cues, 30871
right prefrontal transcranial magnetic stimulation; medication resistant depression; therapeutic effects; brain, 16882
right-hemispheric language; right hemisphere; linguistic capabilities; hemispheric function; speech comprehension; corpus callosum; brain damage, 30855
rostral anterior cingulate cortex; schizophrenia; brain activity; errors of commission, 22545
S-adenosyl-L-methionine; magnetic resonance spectroscopy; brain transverse relaxometry; brain bioenergetics; relaxation time; phosphocreatine; beta nucleoside triphosphate, 783
schizophrenia patients; steady-state response; neural synchronization; aberrant brain; evoked response differences; evoked response amplitude; event-related potentials; visual evoked potential, 19432
schizophrenia; brain asymmetry; brain torque; magnetic resonance imaging, 1487
schizophrenia; grey matter; magnetic resonance imaging; voxel-based morphometry, 4633
schizophrenia; multiple structural brain measures; magnetic resonance imaging; lateral ventricle; sylvian fissure, 28730
schizophrenia; obsessive-compulsive symptoms; diffuse brain vessel malformation; cavernoma; developmental defect, 25470
schizophrenia; white matter voxel signal; language processing; language production; neural circuitry, 4653

schizophrenic patients; brain structure differences; magnetic resonance imaging, 4635
self-organizing; neural network; visual cortex; brain; ordered structures; cell density; bifurcation equation; stability, 12833
semantic memory; neural basis; autobiographical memory; neuropsychology; brain, 3644
serotonin receptor 2C; schizophrenia; brain; mRNA expression analysis; genes, 7862
serotonin transporter; alcoholism; brain regions, 19699
serotonin transporter; positron emission tomography; pigs; neuroimaging; brain; radioisotope, 6850
serotonin transporters; obsessive-compulsive disorder; serotonergic abnormalities; transporters availability; subcortical region; limbic region, 7945
serotonin; gene expression; clock genes; suprachiasmatic nucleus; circadian rhythms; retinohypothalamic tract; glutamate; pituitary adenylate cyclase-activating polypeptide; rats, 21510
sex chromosomes; brain gender; genes; sex differences; development, 34001
sex differences; attention deficit hyperactivity disorder; brain activity; psychophysiological mechanisms; autonomic arousal, 25947
simple arithmetic; age differences; brain functioning; mental calculation, 18334
simultaneous depletion; tryptophan; tyrosine; phenylalanine; brain monoamine function; affective processes; cognitive processes, 24696
sleep deprivation; antidepressant drugs; rat brain; thyroid hormones; antidepressant treatments; mitochondria; animal models; amygdala; mood stabilizer, 3694
sleep EEG; slow-wave sleep; hydrocortisone; growth hormone secretion; cortisol administration; feedback inhibition; rapid-eye movement sleep; healthy volunteers; theta frequencies; delta frequencies, 18638
sound localization; barn owls; auditory space; low-order neurons; space representations; place-coding neurons; pathways; binaural cues; frequency bands; isomorphic map; neural networks, 6927
spatial resolution requirements; functional magnetic resonance imaging; brain mapping; neurosurgical planning; neurosurgical navigation; brain tumor patients, 23413
spatiotemporal separability; human cortical response; speed mechanism; visual motion speed; neural activity, 12893
spectrotemporal window of integration; auditory information; human brain; acoustic information; short term temporal integration; frequency integration; electric mismatch negativity, 6988
speech perception; prosody; functional magnetic resonance imaging; superior temporal region; frontal operculum; syntax; auditory sentence comprehension, 347
speech recognition; phonological processing; language; event-related brain potentials; evoked potential, 6957
spinal NMDA-receptor; amplification; nociceptive transmission; primary somatosensory cortex; rats; evoked potentials, 6917
state-dependent action; cocaine effects; rats; brain temperature; movement activity; movement sensitization, 27858
steroid; reproductive behavior; hormones; ligand-independent; brain, 18554
stochastic activity; visual processing; ambiguous stimuli perception; word processing; face processing; brain, 34078
strain differences; Fischer rats; Lewis rats; sex differences; opioid receptor-mediated G-protein activation; rat brain, 3709
stress system; corticosteroids; drug therapy; brain; depression syndrome; aging, 7930
striatal post-synaptic dopaminergic changes; extrastriatal post-synaptic dopaminergic changes; Huntingtons disease; dopamine receptor dysfunction; Positron Emission Tomography; raclopride, 22838
stroke survivors; brain repair; neurons; brain damage; neural circuits; brain cell growth, 26105
subgenual prefrontal cortex; familial bipolar disorder; brain scans; positive family history; bipolar disorder; grey matter; prefrontal cortex volume; magnetic resonance; structural changes; brain, 7845
substance P; P-glycoprotein; brain concentrations; NK1 receptor antagonists; SR140333; GR205171; antidepressant-like actions; mice; central nervous system; mdr1a-/- mice; mdr1a + /+ mice, 774
substantia nigra; cognitive activity; cats, 27769
suppression; hyperpolarization; inward current; propofol; pyramidal neurons; hippocampal neurons; rat brain slices; neuronal excitability; membrane potential; inhibitory actions; rat brain; picrotoxin, 3776
synaptic plasticity; synaptic activity; classical conditioning; information processing; intrinsic excitability; brain regions; learning; memory, 6868
syntax ambiguity; syntactically ambiguous sentences; brain activity; amplitude; time course; sentence comprehension, 597
tactile form perception; neural network activity; neurophysiological correlates; perceptual discrimination; brain; role of visual cortical processing; visual imagery, 647
tactile matching; visual matching; cross-modal shape matching; sensory pathways; shape information; MRI; neural representation; integration, 15568
TBI patients; traumatic brain injury; spinal cord injury; sensitive measure; greater accuracy; increasing age; acute phases; lowest rate; acute rehabilitation, 15063
temporal attention; alpha rhythms; electroencephalography; event-related desynchronization; event-related synchronization; visual cue; human brain, 21535
terminal deoxynucleotidyl transferase; mouse brain; experience-dependent expression; DNA polymerase; antigen receptor diversity; lymphocytes, 6824
tetrahydrocannabinol; cannabinoid receptor; cannabis; brain, 21854
tetrahydrocannabinol; opioid receptor; brain regions, 21820
therapeutic classification; psychoactive drugs; anxiolytics; antidepressants; antipsychotics; psychostimulants; rat; brain; statistical validity, 15812
timing; time perception; movement complexity; paced finger tapping; movement selection; initialisation; synchronisation; rhythms; brain activity; temporal complexity, 27756
tonotopic map formation; functional connectivity development; hearing onset; rats; glycenergic pathways; medial nucleus; trapezoid body; lateral superior olive; GABAergic connections; synapses, 21614
transient ischaemic attacks; brain atrophy; potential vascular risk factors; cognitive impairment; ischaemic lesions, 14017
traumatic brain injury; TBI; clinical tool; emotional expression; social perception assessment; TASIT, 15050
tryptophan hydroxylase isoform; human brain; enzymes; psychiatric disorders; mRNA expression, 27960
tryptophan hydroxylase-2; brain; serotonin; animal strains, 30891
tryptophan metabolism; sertraline; rat brain; 5-hydoxytryptophan; 5-HT; treatment; 5-hydroxyindolacetic acid; 5-HIAA, 3948
ultrastructural localization; torsinA; macaque brain; immunoreactivity; monoclonal antibody; cerebellar cortex; dopamine neurons; human brain, 3598
unipolar depression; treatment-resistant depression; functional MRI; affective processing; temporal lobe; hippocampus; gyrus; subgenual cingulate; striatum; brain stem; physiological correlates, 1429
vagus nerve stimulation; pulse width; brain activation; major depression patients, 29419
ventral anterior insula; human facial emotional expressions; temporal lobe epilepsy; disgust recognition; disgust processing; attention modulated response; intracerebral event-related potentials, 22965
verbal analogy; analogical reasoning; functional magnetic resonance imaging; brain, 6938
vertebrate taxa; brained taxa; mammalian taxa; animal play behavior, 21479
violent suicide victims; depression; serotonin postsynaptic receptors; frontal cortex; hippocampus; caudate nucleus; amygdala; inositol triphosphate; cyclic adenosyl monophosphate, 25840
visual attention; invariant object recognition; neurodynamical cortical model; brain; feedback biasing; visual cortical areas; reciprocal feedback, 27724
visual completion; event-related potentials; brain; 3D forms; conflict processing; paired visual stimuli, 3807
visual discrimination; feature uncertainty task; brain activation; stimulus orientation discrimination; spatial frequency discrimination, 21613
visual information; brain responses; neurons spiking; recognition; distal visual stimulus; visual integration, 21273
visual motion perception; uncommon approaches; motion information; brain mechanisms; animal; human, 3614
visual processing; human faces; brain activity; face stimuli; brain states; perception, 6488
visual recognition; visual pathway; cognitive neurology; neural system; neuroimaging; ventral occipito-temporal regions, 15204
visual stimuli; salience effects; genetic approach; brain activity; fruit flies; local field potentials; LFP; behavioral tracking; neural correlates of perception, 15678
vitamin A deficiency; radial maze discrimination learning; relational memory; hippocampus; retinoid receptors; neurogranin; retinoids; memory deficit; adult mice; brain retinoid signalling, 3629
volition; neuroscience; mental events; thoughts; brain, 30892
vowel information; speech sounds; acoustic information; Mismatch Negativity brain response; pre-attentive categorization; complex tones, 33746
water intake; pirenzepine; rats; 4-DAMP; brain Fos-immunoreactivity; water drinking; muscarinic receptor subtypes, 15802
weak electric fields; brain pathways; behavioral responses; parasitic sea lampreys; electric stimulation; octavolateral system, 21727
white matter lesions; education; cognition; white matter hyperintensities; WMH, 15903
white matter structure; autism; diffusion tensor imaging; social cognition; brain, 13783
word length; word frequency; linguistic word properties; neurophysiological brain response, 7030

Brain [See Also Brain Stem, Forebrain, Hindbrain, Mesencephalon]—Books

The essential difference: The truth about the male and female brain, 3737
Memory and emotion: The making of lasting memories, 3403
Mind, brain, and language: Multidisciplinary perspectives, 15988
Mirror neurons and the evolution of brain and language, 3740
The physiology of cognitive processes, 3738

Brain [See Also Brain Stem, Forebrain, Hindbrain, Mesencephalon]—Chapters

Authors' responses, 18630
Brain activation to passive observation of grasping actions, 3751
Brain specialization for music: New evidence from congenital amusia, 7023
The brain that makes music is changed by it, 7021
The co-evolution of language and working memory capacity in the human brain, 3745
Dreaming and the brain: Toward a cognitive neuroscience of conscious states, 18629
Episodic action memory: Characterization of the time course and neural circuitry, 3757
Evidence from language breakdown: Implications for the neural and functional organization of language, 15640
How many music centres are in the brain?, 7014
Is the human brain unique?, 3756
Language disorders across modalities: The case of developmental dyslexia, 4792
Life history and cognitive evolution in primates, 6773
Modules, brain parts, and evolutionary psychology, 21065
The neural processing of complex sounds, 7016
Neural specializations for tonal processing, 7028
A neurobiology of intertemporal choice, 15630
The neuropsychological basis of intelligence revised: Some false starts and a clinical model, 3753
Open peer commentary, 18628
Skill learning, 15636
Techniques of transcranial magnetic stimulation, 15639

Brain Ablation [See Brain Lesions]

Brain Concussion—Serials

childhood closed head injury; executive function; outcome relations; injury severity; pediatric populations; brain effects, 16752
cognitive factors; Postconcussion Syndrome; symptoms; head injury; depression; pain; subjective expectation; treatment-seeking behavior, 22944
concussion; prediction of verbal memory deficits; encoding strategies; semantic clustering; mild traumatic brain injury; course; onset; college athletes, 1830
cumulative effects; amateur athletes; multiple concussions; head injuries; symptom reporting; memory performance, 32158
mild head injury; symptom complex; logistic regression procedures; social support variables; motor vehicle accident; individual resilience; psychological status; possible predictors, 4871
mild traumatic brain injury; postconcussional disorder; emotional risk factors; forensic evaluation, 6288
reaction times; event-related potentials; visual P300; symptomatic & asymptomatic college athletes; concussion; attentional capacities; accuracy, 13968
sport psychology consultant implications; sports concussion; recognition; psychological issues; prevention, 35198

Brain Damage [See Also Brain Concussion, Traumatic Brain Injury]—Serials

academic achievement scores; pediatric traumatic brain injury; academic skills acquisition; cognitive abilities, 16756
acoustic startle reflex modulation; fear; emotional stimuli; amygdala; anteromedial temporal lobe; unilateral damage; bilateral temporal lobe damage; startle reflex potentiation, 19952
alcohol dependence and abuse; brain damage; neuropathological alterations, 1847
amateur boxing; cognitive impairment; cognitive function; head injury, 32194
amnesia; confabulation; Korsakoff syndrome; spontaneous subdural hematoma; brain damage, 1854
amnesic patients; frontal lesions; verbal recognition memory; medial temporal lesions; false recognition; false alarms, 11306

anisometry; space representation; neglect dyslexia; space perception; contralesional space; space distortion; brain damaged patients, 22994
anosognosia; belief; awareness; hemiplegia; brain damage, 8322
anosognosia; neurology; brain damage; hemiplegia, 20069
anoxic brain injury; traumatic brain injury; inpatient rehabilitation; stay length; functional outcomes, 35855
anti-epileptic drugs; neuroprotectants; cerebral ischemia; stroke; epilepsy; brain injury; therapeutic benefit, 11658
apolipoprotein E polymorphism; neuropsychological outcome; subarachnoid haemorrhage; genotype; cognitive performance; emotional outcome, 29157
apraxia; selective deficit; motor imagery; left hemisphere damage; mental rotation; v.sual stimuli; hands, 8315
attention; visual neglect; contralesional visual stimuli; spatial deficits; spatiotemporal dynamics, 29128
attentional bias; unilateral hemispheric damage; spatial neglect; right hemisphere; left hemisphere; greyscales task; stroke; brain lesions, 11278
auditory extinction; right hemisphere lesions; simultaneous stimulation; stimulus similarity; task requirements; voice stimuli; letter stimuli, 20089
autonoetic consciousness; recollective experience; consciousness states; autonoetic awareness; brain-damaged man; episodic memory; consciousness concepts, 16803
awareness; activity limitations; performance prediction; brain injuries; traumatic brain injury; cerebrovascular disorders; orthopedic disorders, 19856
basal ganglia damage; latent learning; medial temporal lobe; associative learning; medicated Parkinson's patients; amnesic patients, 5040
behavior; brain damage; self-organization; aphasic patients; naming; lexical decision, 29102
benign epilepsy of childhood with centrotemporal spikes; BECTS; abnormal neuroimaging; brain lesions, 16762
brain areas; lesion analysis; language comprehension; brain-injured patients; left hemisphere stroke patients, 22928
brain damage; right hemisphere; right hemisphere lesion; pragmatic abilities; speech processing; non-literal speech; chronometric methodology; hierarchical sensitivity, 8225
brain lateralization; motor imagery of hand movement; movement lateralization; brain damage; left-brain stroke; right-brain stroke; motor planning asymmetry, 22893
brain lesions; neuropsychological impairment; treatment outcomes; comorbidity; multiple sclerosis; depression; prediction; brain lesion volume; neuropsychological function; treatment; brain regions, 1940
brain-damaged patients; arabic numerals; kanji numerals; kana; semiological quality; phonological processing; Gerstmann's syndrome; Wernicke aphasics; neural mechanisms, 16832
caloric stimulation; differential performance; right-hemisphere lesions; contralesional neglect; line bisection tasks; intentional neglect; attentional neglect, 4960
central hearing loss; inferior colliculus; bilateral lesion; central nervous system lymphoma; word recognition, 16865
cerebellar patients; cerebellar lesions; cerebellum; learning sensory sequences; acquisition; discrimination; visual stimuli; acoustic stimuli, 26136
cerebral hemispheres; specific priming; abstract priming; brain-damaged patients, 35253
childhood closed head injury; executive function; outcome relations; injury severity; pediatric populations; brain effects, 16752
cognitive functioning; motor functioning; selective infarction; basal ganglia; decreased non-routine response selection & performance, 20065
complex graphemes; functional spelling units; acquired dysgraphia; brain damage; consonants; vowels; word recognition, 32188
conation; conative ability; impairment degree; effective task completion; intelligence test; test scores; Wechsler test; performance IQ; verbal IQ; mental ability; intelligence measures; brain damage, 11290
confabulations; false beliefs; positive emotional bias; neurological patients; medial frontal lesions, 32191
confrontation naming; Chinese patients; brain damage; Boston Naming Test; psychometric properties; internal consistency; discriminant validity, 9444
congenital hypotonia; multiple cranial nerve involvement; ocular motor apraxia; facial hypomimia feeding; brain abnormalities, 8296
contralesional targets; perseverative behavior; ipsilesional targets; unilateral neglect; target cancellation task; right brain-damaged patients, 8220
cortical lesions; vestibulo-ocular reflex; vestibular function; hemi-neglect; spatial representation deficits; occipito-temporo-parietal junction; vestibulo-ocular behaviour; nystagmus, 5077
cortical modulation; whole body movements; brain damage; hemispatial neglect; right brain; left brain; lesions; visual information; somatosensory information; vestibular information; integration, 5049
corticobasal degeneration; frontotemporal dementia; progressive supranuclear palsy; picks disease; movement disorder; behavioral symptoms; pathological overlap; genetics, 32163
developing children; specific language impairments; focal brain lesions; sentence interpretation; focal brain injuries; perinatal period, 26012
developmental outcomes; neuropsychological bases; prefrontal cortex damage; brain lesions, 26134
discourse macrolevel; processing ability; traumatic brain injury; brain injured children; group summary; interpretive lesson statement; narrative text; transformed information; discourse ability, 16742
discreteness; interactivity; spoken word production; speech errors; nondisordered adults; brain damage, 16812
discreteness; interactivity; spoken word production; speech errors; nondisordered adults; brain damage, 16813
discreteness; interactivity; spoken word production; speech errors; nondisordered adults; brain damage; aphasia; feedforward-only models, 16814
double dissociations; neuropsychological research; brain damage; correlation; measures; language deficits; hemispatial neglect, 6386
dysgraphia; neurodegenerative disorders; cognitive impairment; apraxia of speech; writing errors; focal cerebral degeneration; agraphia; Alzheimer's disease; neuropsychological assessment, 11272
dysgraphia; written errors; brain damage; phonology; orthography, 32167
eating disorders; right temporal lesions; bulimia nervosa; anorexia nervosa, 10661
emotion; decision-making; neurological patients; orbitofrontal damage; Somatic Marker Hypothesis; neuroanatomical frameworks; cognitive framework; neural substrates; homeostasis; emotion; feeling, 26123
error analysis; brain damage; cognitive impairment; cognitive processes, 32190
event related brain potential; language related P600 effect; P300 oddball effect; aphasia; temporo-parietal lesions; basal ganglia lesions; verb inflection violations; auditory oddball task, 22932
expressive aprosody; amusia; right temporo-occipital seizures, 16736
face recognition; lateral temporo-occipital venous infarct; prosopagnosia; hyperfamiliarity; misidentification; unknown faces, 23016
facial closure; Gestalt test; brain damage; brain hemispheres; facial discrimination; contour illusions, 8326
focal cerebral damage; general anaesthesia; hydroxybutyrate; lactone; butyrolactone; cerebral ischemia; cerebral hypoxia; head injury induced coma; excitoxicity, 3572
functional magnetic resonance imaging; porencephalic cyst; seizures; cerebral cortex; cerebral plasticity, 11238
gesture performance; two route model; body representations; meaningful movements; meaningless movements; left-hemisphere lesions; body semantic tasks; body schema tasks, 20054
goal-directed movements; spatial neglect; spatial representations; substantial differences; space representation; exploratory behavior; pointing movements; hand movements, 569
head injury; biochemical markers; disability; serum level; serum marker protein; brain damage, 23011
head injury; biochemical markers; disability; serum level; serum marker protein; brain damage, 23019
hemineglect; recovered hemineglect; eye movements; oculomotor deficits; exploratory deficits, 29167
herpes simplex encephalitis; category-specific naming; temporal lobectomy; stimulus parameters; living vs nonliving stimuli; visual perception; fluency; name picture mapping; semantics; neuroanatomy, 1809
hippocampal damage; recall impairment; recognition impairment; impaired patients, 29189
hippocampal damage; visual recognition memory; visual paired comparison performance; selective hippocampal lesions; item recognition, 29164
human brain; infants; perinatal focal brain lesions; unilateral damage; hemispatial neglect; young children, 5074
immunosuppressant tacrolimus; ischemia-induced brain damage; memory dysfunction; rats; learning, 18557
inhibitory control; long-term memory; temporal lobes; frontal lobes; brain damaged patients; frontal lesions; temporal lesions, 4980
inhibitory properties; spatial attention; brain damage; brain lesions; posterior parietal lobe, 20068
ipsilesional cues; line-bisection errors; unilateral neglect; predictive value, 8212
ipsilesional neglect; imaginal space; left-brain damaged patient; contralesional neglect, 19961
language processing; syntactic language; event-related brain potentials; temporo-parietal lesions; verb argument structure; basal ganglia lesions; healthy participants; integration process, 5019
language; cortical mechanisms; hemispheric dominance; cavernoma; language mapping; language reorganization; lesion size; small lesions, 26150
lateral temporal neocortex; bilateral damage; memory impairment; bilateral lesions; episodic memory; hippocampus; patients; medial temporal regions; memory processing, 13931
left brain damage; right brain damage; implicature; processing ability, 32154
left inferior temporal lobe lesions; anomia; temporal lobe damage; naming impairment; naming performance, 29092
lesion laterality; lesion volume; decision-making impairment; frontal lobe damage, 19960
long-term amnesia; closed-head injury; cognitive functions, 5033
medial frontal cerbral infarction; right hemisphere lesions; affective aprosodia; emotional speech prosody, 26109
mental rotation; neuropsychological evidence; mental strategy; hemispheric lateralization; brain damage; stimulus type; egocentric vs allocentric transformation; object- vs viewer based transformation, 24714
Mental Rotation; unilateral brain damaged patients, 20063
metaphor comprehension; right-brain damage; visuo-verbal material; verbal material, 29175
monosyllabic words; disyllabic words; bilateral hippocampal damage; continuous recognition; hippocampal function; impaired recognition; memory damage, 20057
motor recovery; early brain damage; right hemiplegia; seizures; neuropathology, 35337
musical pattern processing; prosodic speech information processing; prosodic perception; right hemisphere damage; stroke, 1865
near death experience; nonverbal adolescent; brain trauma; quadriplegia, 35278
neglect dyslexia; prism adaptation; ocular scanning; brain-damaged patients; eye movements; eye fixation, 29091
neglect patients; spatial bias; personal personal spaces; extra-personal spaces; subjective straight-ahead, 20041
neonatal brain damage; non protein bound iron; pathophysiological mechanisms; brain injury; foetal oxidative stress; neurodevelopmental outcome; free radicals; at risk populations, 22915
neurological correlates; language; phonological short-term memory; left hemisphere; ischemic lesion, 5062
neuropsychologic rehabilitation; visuoperceptual impairments; visual perception; vision-related cortical regions; quality of life; nonvision functions rehabilitation; neurologic event, 11224
nonconvulsive status epilepticus; rats; brain damage; behavioral deficits; behavioral consequences; morphological consequences, 21620
object-location memory impairment; thermal lesions; hippocampus lesions; medial temporal lobe; spatial memory, 23005
organ transplant; brain-dead donors; doctors perspective, 29492
orientation discrimination; localization; parietal damage; visual perception; dorsal processes; ventral processes; impairment, 32179
perinatal hypoxic-ischemic encephalopathy; birth asphyxia; murine model; neurofunctional assessment methodology; mice; injury severity; sensorimotor neonatal reflexes; performance; brain injury, 3715
persistent vegetative state; brain damage; therapeutic time window; musicokinetic therapy, 32503
personal neglect disorder; crossed aphasia; finger agnosia; acalculia; cerebral damage; right/left confusion, 1861
post-stroke mania; late life onset; right temporoparietal infarction; brain lesions, 35264
prefrontal cortex; lesions; feeling-of-knowing judgments; episodic memory performance; confidence judgments; recall; recognition; memory monitoring, 20052
prefrontal cortex; recognition; remembering; knowing; frontal lobe injuries, 5080
prenatal complication; perinatal complication; externalizing behavior; brain dysfunction mechanisms; birth complications, 34987
preserved auditory cognitive event-related potentials; akinetic mutism; anterior cingulate cortices; motor areas, 22979
prism adaptation; PA; neglect with prisms; right hemisphere strokes; superior temporal gyrus; STG; hemispatial neglect; contralesional unawareness; tactile perception; parietal lesions, 17149
probabilistic category learning; amnesia; bilateral hippocampal damage; hypoxia; brain substrates, 13957
professional views; right hemisphere brain damage; service referral; deficit patterns; speech and language pathologists; neurologists; neuropsychologists; occupational therapists, 16737

propositional speech; retrieval; speech production; lexical access; naming; severely anomic; left occipito-temporal infarction, 8229
prosodic structure; brain damage; prosodic information; syntactic disambiguation; left hemisphere; right hemisphere, 4966
real vs self induced motion; cortical areas; dorsal visual stream; brain lesions; impairment; V3A & V6 cells; attention to moving objects; MTV5 & MST & 7a cells; motion during pursuit; monkeys; humans, 3637
receptive amusia; temporal auditory processing; left temporo-parietal stroke; lesion; professional musician; rhythm processing, 19926
recognition memory; peripheral cortex damage; visual discriminations; hippocampal lesions; rats; brain lesions; stimulus novelty, 6677
right brain damage from stroke; representation of personal space; sensory cross modal effects; expectancy of being touched; visuotactile stimulation, 1841
right frontal lesions; advice; predictive judgment; decision making; parietal lobe, 13947
right hemisphere lesions; brain-damaged patient; visual neglect; hemianopia; visual field perception; neglected attention; spatial perception, 8211
right hemisphere stroke; vascular brain damage; alertness deficit; alertness training; intrinsic alertness; attention training, 14010
S-100 protein subunit B; glial fibrillary acidic protein; neuron-specific enolase; myelin basic protein; cerebrospinal fluid; neurological disorders; cerebrospinal fluid; blood; brain damage, 8267
selective head cooling; neonatal hypoxic-ischemic brain injury management; mild systemic hypothermia; anesthesia; cerebral damage; neuroprotection; unsedated hypothermia, 3722
semantic memory; biographical knowledge; face recognition, 29124
semantic representations; symbolic representations; arithmetic processing; simulated acquired dyscalculia; insights; brain-damaged patients, 20059
semantic word processing; global aphasia; cognitive function; word comprehension; left hemispheric redundancy recovery, 20079
setting sun phenomenon; infant development; brain damage; downward gazing; normal development, 8328
singing ability; brain; cognitive neuropsychology; music processing; singing performance; brain-damaged patients; language processing; memory, 35317
spare limb; phantom limb; brain damage, 8222
spoken language; emphatic stress; spatial deficit; subject verb object sentence; brain damaged patients; auditory language; space, 8294
Sprague effect; tectal lesions; visual orientation; midbrain tumor; superior colliculus; spatial attention; subcortical modulation, 32196
strategic & reflexive control; fixation; saccades; dynamic cortico-collicular interactions; cortical & subcortical oculomotor systems; frontal eye field & parietal cortex lesions; oculomotor cortex, 11273
stroke survivors; brain repair; neurons; brain damage; neural circuits; brain cell growth, 26105
structural central neural damage; long-term neurobehavioral deficits; L-cysteine; neonatal mice; hypoglycemia; brain; spatial memory; hippocampal-related behavior; neurotoxicity; histological damage, 723
Tacrolimus; immunosuppressant agent; neuroprotective effect; ischemic brain damage; hippocampal damage; rats, 13002
taste extinction; tactile extinction; tongue; right brain damage; left brain damage; left hemitongue stimulation; right hemitongue stimulation, 22912
temporal processing; temporal cues; prosodic cues; brain damage; cerebral dominance; prosody; speech perception; speech characteristics, 11219
Test of Cognitive Abilities; detection strategies; neurocognitive feigning; manipulation check; brain injured patients; magnitude of error; floor effect; reaction time; neuropsychological assessment, 11231
thalamic vascular lesions; communicative abilities; language alteration; cognitive ability; attention; memory; executive functions, 22990
thalmus; basal ganglia; right thalamic injury; neuropsychological impairment; behavioral impairment; brain lesion; striatocapsular hematoma; behavioral-lesion hypothesis, 8213
time-sharing strategies; driving; cerebral lesions; in-car tasks; real-life highway driving, 32199
traumatic brain injury; children; methods; cognitive tests; academic achievement; behavior; social outcomes; injury severity; age; environmental influences; developmental changes; discourse processing, 16833
traumatic stress; brain changes; memory deficits; posttraumatic stress disorder; hippocampal damage; memory performance, 35293
vascular lesions; basal ganglia dysfunction; interstimulus interval; attentional engagement; semantic priming task; semantic processing; critical conditions; lexical processing; prime-target pairs, 4981
verbal working memory; childhood closed head injury; injury severity groups; complex task performance; school children; cognitive tasks; injury age; time since injury; cognitive tasks; repeated words, 16815
violent behavior; mother's brain injury; parent training; parent-child cooperation; children's compliance; problem behavior, 20193
visual agnosia; accurate discriminations; bilateral brain damage; visuomotor performance; perceptual problems; visual information; visuomotor control; visuomotor tasks; visual features, 26033
visual imagery; cerebral visual dysfunction; object-properties processing system; spatial-properties processing system; cerebral hemisphere; brain damage; imagery deficit; visual area; occipital lobe, 9579
visuospatial neglect; image analysis techniques; figure-copying performance; brain-damaged patients; algorithms; image analysis software, 30528
voluntary action; parietal cortex; human behavior; willed action; brain activity; brain damage, 16824
white matter; late-life depressive disorder; macromolecular protein matrix; magnetization transfer ratio, 19382
word meaning; hemispheric lesion; metaphoric meaning; brain damage; semantic meaning, 4997
working-memory system; central executive; phonological loop; maintenance processes; inhibition processes; information relevancy; verbal information; frontal lobe; brain damage; Alzheimer's dementia, 8218

Brain Damage [See Also Brain Concussion, Traumatic Brain Injury]—Books

Handbook of forensic neuropsychology, 6174

Brain Damage [See Also Brain Concussion, Traumatic Brain Injury]—Chapters

The blind leading the mind: Pathological visual completion in hemianopia and spatial neglect, 16858
Cognitive routes to the rehabilitation of unilateral neglect, 23607
Cortical reorganization and the rehabilitation of movement by CI therapy after neurological injury, 16857
Diagnostic decision making in neuropsychology, 5088
Effects of partial callosal and unilateral cortical lesions on interhemispheric transfer, 15631
Functional anatomy of attention and neglect: From neurons to networks, 23038
Illusions in neglect, illusions of neglect, 23044
Navigation in neglect patients, 23042
Neuroimaging in forensic neuropsychology, 5085
Neuroplasticity and development: The acquisition of morphosyntax in children with early focal lesions and children with specific language impairment, 4552
Normative data and scaling issues in neuropsychology, 3219
Overview of forensic neuropsychology, 3746
Primary sensory decifits after right brain damage—An attentional disorder by any other name?, 23033
Spatial anisometry and representational release in neglect, 23026
Spatial extinction and its relation to mechanisms of normal attention, 23037
Spatial neglect, 23034
Spatial, temporal, and form binding effects in vision: The contribution from extinction, 23043
Two neural systems for visual orienting and the pathophysiology of unilateral spatial neglect, 23027
Unconscious processing in neglect, 21259
Utilizing neuropsychological assessment in disability determination and rehabilitation planning, 3216
Visual perceptual organization: Lessons from lesions, 16848

Brain Development [See Neural Development]

Brain Disorders [See Also Aphasia, Athetosis, Brain Damage, Brain Neoplasms, Cerebral Palsy, Cerebrovascular Accidents, Encephalitis, Encephalopathies, Epilepsy, Epileptic Seizures, Hydrocephaly, Microcephaly, Organic Brain Syndromes, Parkinsons Disease]—Serials

abnormal cutaneomotor integration; sensorimotor interactions; electrical stimulation; fingers; motor evoked potentials; cerebellar syndromes, 16831
activity persistence; ictal activity; Rasmussen syndrome; girl; RS; hemispherectomy, 5462
altered processing; novel information; N-CAM-deficient mice; anatomical abnormality; electrophysiological abnormality; behavioral deficits, 6951
Alzheimer's disease; myelin breakdown; cognitive decline; aging; myelin; neuropathology; cognitive functions, 13919
analogical reasoning breakdown; frontotemporal lobar degeneration; neurocomputational model; learning; discovery; intelligence; cortical degeneration; anterior temporal cortices, 20027
aphasia; grammaticality judgment; syntactic structures; aphasic syndromes; lesion sites; aphasic patients, 20078
attention-deficit hyperactivity disorder; brain structure; brain dysfunctions; functional brain abnormalities; adults, 22737
Cerebral autosomal dominant arteriopathy with subcortical infarcts and leucoencephalopathy; Alzheimer's disease, 23009
CLq-calreticulin; oxidative neurotoxicity; neuropathogenesis; Alzheimer's disease; AD; brain disorders; neural loss; amylide peptide; excitotoxins; reactive oxygen species; ROS, 5028
cognitive performance; bipolar depression; vascular disease; nursing home; antiepileptic drug; AED; residents; United States; epilepsy; seizure, 2163
cortical microanatomy; human brain disorders; epilepsy; neuropathology; epileptogenic lesions; brain tumors; seizures; epilepsy pathology, 19967
dementias; Lewy bodies; tau pathology; synuclein pathology; frontotemporal lobar & corticobasal ganglionic degeneration; progressive supranuclear palsy; multisystem atrophy; pharmacologic treatment, 35291
development; morphosyntactic ability; atypical populations; tag questions; children; early focal lesions; specific language impairment; sentence processing capacity; performance, 13554
EEG; EEG predictive value; early infancy; premature infants; cystic periventricular leukomalacia susceptibility; West syndrome, 16829
familial idiopathic brain calcification; familial alpha-synucleinopathy, 8272
gestural imitation; limb apraxia; corticobasal degeneration; transitive gestures; intransitive representational gestures; intransitive non-representational gestures, 26162
hemispheric malformation; cortical development; congenital malformations; cerebral hemisphere; early childhood; epilepsy; cognitive delay; contralateral hemiparesis; genetic mechanisms, 35286
microarray technologies; human postmortem brain studies; human brain disorders; quality control, 16817
neuropsychiatric problems; tuberous sclerosis complex; autosomal dominant disorder; neuronal migration; mental retardation, 35166
parents attitude; brain tumor; family functioning; social functioning; coping behavior; relapse, 23014
perceptual experience; recollective experience; amygdala damage; neural mechanisms, 13989
polymicrogyria; monozygous twins; brain lesions; prenatal circulatory injury; genetic etiology; elder sibling, 8258
prefrontal lesions; performance; executive function test; frontal lobe dysfunction; executive deficits; concept formation; Twenty Questions, 22905
proton magnetic resonance spectroscopy; band heterotopia; cortical developmental malformations; cortical dysplasia; biochemical properties, 16802
PTSD symptoms; neurologic disease; elderly trauma survivors; Holocaust survivors, 31665
schizophrenia; brain disease, 34855
schizophrenia; nutritional therapy; mental hospital; brain disease; orthomolecular therapy; eicosapentaenoic acid; Kirunal, 2222
spared calcarine cortex; lateral occipital cortex; human hemianopes; visual motion; perimetrically blind patients; cortical lesions; primary visual cortex; residual vision, 19872
spinocerebellar ataxia; neurodegenerative disorder; cortical interneurons; cerebellar disorders; idiopathic cerebellar ataxia; cortical silent period, 35319
statistical parametric mapping; brain perfusion abnormalities; Alzheimer's Disease; cerebral hypoperfusion; occipital lobes, 16789
subcortical heterotopia; corpus callosum; dysgenesis; strabismus; craniofacial dysmorphism; eye abnormalities; growth mental retardation; learning disability, 13531
white matter hyperintensities; psychiatric disorders; lithium therapy; side effects, 5271
white matter hyperintensities; suicidality; psychiatrically hospitalized children; psychiatrically hospitalized adolescents; history of suicide attempt, 25448

Brain Disorders [See Also Aphasia, Athetosis, Brain Damage, Brain Neoplasms, Cerebral Palsy, Cerebrovascular Accidents, Encephalitis, Encephalopathies, Epilepsy, Epileptic Seizures, Hydrocephaly, Microcephaly, Organic Brain Syndromes, Parkinsons Disease]—Books

Disorders of brain and mind 2, 16847

Brain Disorders [See Also Aphasia, Athetosis, Brain Damage, Brain Neoplasms, Cerebral Palsy, Cerebrovascular Accidents, Encephalitis, Encephalopathies, Epilepsy, Epileptic Seizures, Hydrocephaly, Microcephaly, Organic Brain Syndromes, Parkinsons Disease]—Chapters

Brain development: glial cells generate neurons—implications for neuropsychiatric disorders, 16851

Delirium, dementia, and amnestic and other cognitive disorders, 23032
Optic aphasia and pure alexia: Contribution of callosal disconnection syndromes to the study of lexical and semantic represenation in the right hemisphere, 16856
The role of glial reaction and inflammation in Parkinson's disease, 16855
Brain Injury (Traumatic) [See Traumatic Brain Injury]
Brain Lesions [See Also Hypothalamus Lesions]—Serials
192 IgG-saporin; fimbria fornix lesions; sham control surgeries; delayed matching to position tasks; retention intervals; spatial short term memory; cholinergic septo-hippocampal pathways, 21719
anatomical effects; spatial navigation; recovery; cortical lesions; temporal lobe; neural maturation; age differences; rats; early cortical injuries, 584
anatomo-clinical method; occipital cortex; clinical neurology; visual field deficit; primary motor cortex; visual information; angular gyrus; cortex lesion; sensori-motor systems, 18587
antisocial disorders; orbitofrontal cortex; brain lesions; neurocognitive elements; brain development, 25845
anuran; auditory pathway; female phonotaxis; motivation; lesions; thalamus; torus semicircularis; auditory midbrain; female gray treefrogs, 3627
associative learning; hippocampal system; rhesus monkeys; fornix; spatial information, 21547
attentional set shifting; neurotoxic lesions; posterior parietal cortex; nonspatial attentional processes; rats, 12831
autobiographical memory; brain lesion effects; functional neuroanatomy; lifespan development; aging, 24688
basolateral amygdala lesions; Sprague-Dawley rats; retention; memory; context-footshock training, 6842
basolateral amygdala; instrumental conditioning; lesion effects; rats; brain lesions, 12805
basolateral amygdala; substance P receptor immunoreactive interneurons; rat; neurotoxin; substance P saporin; anxiety related behavior, 6932
bilateral ibotenic acid lesions; laterodorsal tegmental nucleus; prepulse inhibition; startle amplitude; acoustic startle reflex; interstimulus interval; rats, 30854
bilateral neurotoxic amygdala lesions; monkeys; emotional reactivity; food; recognition memory; reward association memory; performance; object recognition, 628
biological movement; periventricular brain lesions; biological motion perception, 22985
brain lesions; anterior thalamus; contralateral inferotemporal cortex; monkeys; learning; spatial perception; unilateral lesion; topographical memory, 27781
brain lesions; interleukin-10; excitotoxic brain lesion; glutamatergic analogue ibotenate; cytokines; intracerebral ibotenate; mice, 21638
Brain lesions; medial prefrontal cortex; nucleus accumbens core; inhibitory control; rats; reaction times, 6797
brain lesions; rat neocortex; selectivity; impulsivity; compulsivity; dorsal anterior cingulate; infralimbic cortex; orbitofrontal cortex; reaction time; attention, 6791
British sign language; neuropsychological dissociations; negation; right hemisphere lesions; comprehension; facial perception, 8206
category-specific visual agnosia; lesion; semantic memory; connectionist model; object recognition; extra-lesional variables, 8209
category-specificity; naming impairment; visuo-verbal disconnection; neuroanatomy; semantics; brain lesions, 11250
cerebellum; attention; neuropsychological functions; focal cerebellar lesions; divided attention; working memory, 19982
choline acetyltransferase; hippocampal neurons; heparin-derived oligosaccharide; Alzheimers disease; AD; glycosaminoglycans; GAGs; Choline acetyltransferase; cingulum bundle, 10036
cholinergic lesion; Alzheimers disease; cholinergic innervation; etiology; cholinergic depletion; temporal course, 16799
cholinergic modulation; visual attention; working memory; scopolamine; visual stimulus memory; medial prefrontal cortex; 192-IgG-saporin lesions; intraprefrontal infusions; basal forebrain, 15492
cingulate region; brain lesions; error detection; prefrontal cortex; supplementary motor cortex; subcortical structures, 6991
circadian rhythms; ingestive behaviors; energy metabolism; hypocretin-2-saporin ablations; lateral hypothalamus, 6948
claustrum; pavlovian heart rate; electrophysiology; lesion studies; anatomical studies; heart rate conditioning; claustral cells; rabbits, 21557
cocaine; self-administration; nucleus accumbens; 6-hydroxydopamine; brain lesions; dopamine, 15810
cortical rhythms; basal ganglia; nuclei; nigrostriatal leisons; Parkinson's disease; rats, 15479
corticostriatal; executive function; prelimbic cortex; reward; working memory, 9894
crossed apraxia; speech; right hemisphere lesion; words, 26119
cytotoxic ventral hippocampal lesions; anxiolytic effects; fear; amygdala lesions; anxiety; rats; animal ethology; neuroanatomy; hyponeophagia; social interaction, 12865
depressed; elderly; cerebrovascular disease; magnetic resonance imaging; disease severity; lesion severity; mortality; white-matter; periventricular; hyperintensity; subcortical gray-matter, 4597
developmental changes; decision making; bilateral lesions; ventromedial frontal cortex; gambling task, 24942
deve!opmental outcomes; neuropsychological bases; prefrontal cortex damage; brain lesions, 26134
diagonistic dyspraxia; conflicting behavior; corpus callosum lesions; involuntary behaviors, 22908
discrimination performance; hippocampal lesions; initial learning; radial maze; test phase; relational representations; ibotenate hippocampal, 18451
dorsal hippocampus; CA3 subregion; paired-associate learning; rats; lesions, 6896
dorsolateral prefrontal cortex dysfunction; distractibility; superior colliculus; attention deficit; upper brainstem lesion, 22938
dysgraphia; vowels; consonants; spelling; working memory; brain lesion, 32174
electrolytic lesions; ventral subiculum; spatial memory alteration; amphetamine-induced locomotion; working memory; rats, 24704
entorhinal cortex lesions; rats; place navigation; proximal landmarks; distal landmarks, 34053
entorhinal cortex; excitotoxic damage; psychological stress; rats; stress-induced dopamine release; lesions, 6999
entorhinal cortex; retrosplenial cortex; brain lesions; habituation; reaction to change; spatial changes; non-spatial changes; object exploration; rats, 27771
escape-avoidance learning; discriminative stimulus; instrumental learning; carry-over effects; avoidance behavior; ablation of telencephalon; spaced-trial training; goldfish, 3696
fear conditioning; amygdalar lateralization; left & right amygdalae; acquisition; retention; electrolytic lesions; rats, 12804
fear expression & inhibition; auditory information; inferior colliculus; electrolytic lesions; auditory stimulus; acoustic stimuli; anxiety; rats, 568
fimbria-fornix; hippocampus; amygdala lesions; spatial discrimination; proximal locations; conditioned cue preference; rats, 30841
fornix transection; rats; radial-arm maze cue tasks; distal visual stimuli, 6908
frontal brain; Wisconsin Card Sorting Test; brain tumor lesions; executive dysfunction, 18154
frontal lobes; consciousness structure; theory of mind; self-awareness; brain injury; focal lesions, 24709
gesture knowledge; semantics; focal left hemisphere lesions; ideomotor apraxia; ideational apraxia; picture naming; word-picture matching; manipulable objects; non-manipulable objects; animals, 8297
hemi-motor impairments; hemi-spatial impairments; Parkinsons disease; monkeys; unilateral lesions; nigrostriatal dopamine, 21643
hippocampal lesion; egocentric spatial memory; memory acquisition; domestic chicks; bilateral chemical lesion, 3689
hippocampal lesions; memory retrieval; reversal learning; food location; choice task, 9828
hippocampal lesions; navigational map; homing pigeon; navigational map; hippocampal formation; outdoor aviary, 30848
hippocampal lesions; spatial learning and memory; zebra finch; retention; acquisition, 34076
hippocampus; medial caudate nucleus lesions; memory; direction information; rats; delayed matching-to-sample task, 21568
hippocampus; self-motion perception; perirhinal cortex; brain lesions; neurons; theta rhythm; electrical cortical responses; movement velocity; ibotenic acid; foraging behavior, 9919
ibotenate lesions; pedunculopontine tegmental nucleus lesions; animal exploratory behavior; rats; motor activity, 30876
ibotenic acid lesions; dorsal hippocampus; contextual fear conditioning; mammillary body lesions; hypothalamus; mice, 30840
ibotenic hippocampal lesions; discriminative fear conditioning; mice, 21570
idiothetic cues; hippocampus; retrosplenial cortex; lesions; learning; water maze, 7012
inflammation; cerebral amyloidosis; Alzheimer's disease; beta amyloid deposition; plaques; transgenic mouse model; nonsteroidal anti-inflammatory drugs; inflammatory mediators; indomethacin; mice, 3957
inhibitory control; long-term memory; temporal lobes; frontal lobes; brain damaged patients; frontal lesions; temporal lesions, 4980
inhibitory control; rats; stop-signal task; reaction time; lesions; medial striatum; d-amphetamine; response inhibition, 7176
inhibitory properties; spatial attention; brain damage; brain lesions; posterior parietal lobe, 20068
intermediate medial hyperstriatum ventrale lesions; conspecific discrimination; chicks; adult quails; functional differences; age differences; morphine; associative processes; social preference, 3599
intracortical endothelin; endothelin injections; skilled forelimb use; functional recovery; stroke; ischaemic lesion; excitotoxic; sensorimotor cortex, 21841
lesion rats; post-deprivation recovery sleep; suprachiasmatic nucleus; homeostatic regulation; circadian rhythm; homeostatic regulation, 6947
lesioning; rats behavior; entopeduncular nucleus; conditioned reflex; discrimination; open field, 9885
lidocaine injections; place task acquisition; hippocampal lesions; response learning; male rats, 554
linguistic deficits; left selective amygdalohippocampectomy; left-sided temporal lobe epilepsy; naming deficits, 26122
linguistic deficits; neuropsychological deficits; crossed conduction aphasia; brain lesion; brain hemispheres, 11228
medial amygdala; central amygdala; cat-odor exposure; unconditioned fear; olfactory function; locomotor activity; ibotenic acid lesions; odor-induced fear; cat odor, 18692
medial prefrontal cortex; cortical lesions; recovery; rats, 6867
monosyllabic words; disyllabic words; bilateral hippocampal damage; continuous recognition; hippocampal function; impaired recognition; memory damage, 20057
motion perception disorders; depth perception disorders; Akinetopsia; motion-perception deficit; cortical motion processing area; MT; brain lesions; neurologic diseases, 11314
necrotic lesions; rats; motor recovery; motor functioning; experimental stroke, 546
neonatal amygdala lesions; juvenile isolation; social interaction; locomotor activity; adult social behavior; limbic structures, 18683
neonatal amygdala lesions; neurotensin; brain; schizophrenia; rats, 21546
neonatal ventral hippocampal lesions; adult ventral hippocampal lesions; attention; phencyclidine; amphetamine; five-choice serial reaction time task; animal model; schizophrenia; rats, 529
nerve growth factor; cholinergic neurons; virus sector; hippocampus; rats; axonal sprouting; cortical injury; entorhinal cortex, 21670
neural system; lesion analysis; functional contribution analysis; FCA; neurocontroller networks, 15147
neural systems; word retrieval; concept retrieval; temporal lobe; conceptual knowledge; brain lesions, 21566
neurological background; acquired neurogenic stuttering; middle aged male; ischemic lesion; right frontal lesion; bilateral pontine lesion; stuttering frequency; fluency enhancing conditions; reading, 8207
nucleus accumbens neurons; ventral tegmental area activation; neonatal hippocampal lesion; adult prefrontal cortical lesions; postpubertal abnormal behavior; rats; model of schizophrenia, 9836
nucleus accumbens shell; maternal motivation; rats; maternal performance; maternal behavior; nucleus accumbens core; lesions; pup retrieval, 3668
nucleus accumbens; acoustic startle reflex; prepulse inhibition; entorhinal cortex lesions; dopaminergic transmission; rats, 34028
nucleus basalis magnocellularis; behavioural impairment; lesions; allocentric navigation; pretraining; nonspatial experience; spatial learning; water maze task; rats; hippocampal scopolamine, 9868
orbital prefrontal cortex; attentional set shifting; reversal learning; rats; brain lesions, 6806
p-chloroamphetamine; serotonin; memory enhancement; physostigmine; rats; NMDA-induced unilateral lesions; nucleus basalis; choline acetyltransferase, 13072
parietal lobe lesions; saccadic remapping; inhibitory location tagging; intraparietal sulcus; inhibition of return; visual search; visual environment; cues, 26164
Pavlovian fear conditioning; electrolytic lesions; ventral hippocampus; dorsal hippocampus; freezing behavior; rats; auditory conditioned stimuli; muscimol infusion, 12863
perception of biological motion; form-from-motion task; visual search task; brain lesions; parietal lobe; patients, 4943
perirhinal cortex; anterior thalamic nuclei; lesions; learning; memory, 6953
perirhinal cortex; brain lesions; visual discrimination; learning; rhesus macaque monkeys, 12817

perirhinal cortex; feature ambiguity; lesions; impaired object recognition; rats, 9869
phoneme perception; neonate; left sylvian infarct; auditory discrimination; lateral dominance, 11239
phonemic processing; left frontal lesions; temporal-parietal lesions; cerebellar lesions; Parkinson's disease; phonemic identification; phonemic production, 8293
prefrontal cortex; object-place learning; attribute specificity model; brain lesions, 6801
prelimbic cortex; instrumental conditioning; brain lesions; rats; working memory, 6793
prepulse inhibition deficits; startle reflex; neonatal rats; ventral hippocampal lesions; glycine; glycine transporter inhibitor; schizophrenia; rats; animal models, 6929
pure agnosia; mirror stimuli discrimination; right inferior parietal lesion; object recognition, 22989
recognition memory; memory span; memory-impaired patients; hippocampal lesions; odor recognition; olfactory memory; amnesic patients; brain damage; animal models; rats, 6608
recognition memory; memory span; memory-impaired patients; hippocampal lesions; odor recognition; olfactory memory; amnesic patients; brain damage; animal models; rats, 15329
recognition memory; peripheral cortex damage; visual discriminations; hippocampal lesions; rats; brain lesions; stimulus novelty, 6677
right amygdala; left amygdala; skin conductance; heart rate; physiological responses; electrical potentials; excitatory inputs; respiratory rate; trait anxiety; state anxiety, 596
right frontal lesion; left neglect; constructional allochiria; left; right; transposition; drawing, 29120
saccadic eye movements; saccades; voluntary vs stimulus-driven saccades; spatial neglect; brain lesions; eye-centered deficit, 5096
selective impairment; fornix-transected rats; sham-operated rats; nonspatial memory; odor-guided task; relational memory; hippocampus, 9842
semantic impairments; semantic memory; conceptual knowledge; category specificity; verbs; prepositions; brain lesions, 1856
sensorimotor cortex; epileptogenic perirolandic lesion; functional anatomy; resection; cortical motor representations; electrocorticographic spectral analysis; electrical cortical stimulation mapping, 26147
septal cholinergic lesion; rats; exploratory behavior; open-field behavior; septohippocampal system, 21622
silent brain ischemia; white matter lesions; older adults; insomnia; difficulty falling asleep; early morning awakening; brain MRI, 16608
source memory; content memory; unilateral frontal cortex excision; temporal lobe excision; information encoding, 23008
spatial generalization; visual skills; V4 lesions; TEO lesions; monkeys; shape discrimination; color discrimination; visual fields, 6870
spatial learning; involuntary movement; unreinforced preexposure; radial maze; hippocampus; fimbria-fornix; brain lesions; rats, 18624
spatial neglect detection; right hemisphere stroke; chronic phase; copying task; residual symptoms; neglect patients; acute phase; contralesionally located items; neglect patients; multi-object scene, 20001
spatial working memory; dorsal hippocampal subregions; short delay; intermediate delay; neurotoxic lesions; rats; familiarity; novel environments; maze learning, 587
subcortical lesion; orbitofrontal cortex volume; geriatric depression; gray-matter lesions; white-matter lesions, 1431
suprachiasmatic nucleus; lesion; ablation; biological clock; circadian rhythms; time dependent modulation; cognitive performance; hamsters; reward-based learning & memory; place conditioning, 9852
temporal lobe epilepsy; extratemporal lobe lesions; intractable epilepsy, 22899
temporal sequence; sequence learning; spatial sequence; reaction time; cerebellum; Parkinson's disease; cerebellar lesions; subcortical areas, 8307
thiamine deficiency; age; diencephaic damage; increased recovery period; spatial memory impairment; medial thalamic lesions; rats; animal model of Wernicke-Korsakoff Syndrome, 9876
time-sharing strategies; driving; cerebral lesions; in-car tasks; real-life highway driving, 32199
transfer effects; visual-spatial conditional learning; rats; selective lesions; medial septal/vertical limb of diagonal band; medial/septal diagonal band; cholinergic neurons, 6913
transitive behavior; hippocampus; pigeons; non-spatial learning; memory representations; transitive learning; vertebrate species; conditional discriminations; brain lesioned, 27793
traumatic brain injury; working memory; frontal lesions; magnetic resonance imaging; children, 20013
unilateral spatial neglect; brain lesions; line bisection; attention, 8259
verbal fluency performance; focal cortical lesions; frontal injuries; phonemic fluency deficits, 19990
visual agnosia; accurate discriminations; bilateral brain damage; visuomotor performance; perceptual problems; visual information; visuomotor control; visuomotor tasks; visual features, 26033
visual areas; parietal cortex; callosal connections; retinotopic maps; somatosensory cortex; visual responses; callosal connection; intact hemisphere; cortex lesions; interhemispheric connections, 616
visual stimuli; visual search; spatiotemporal segregation; segmentation; selection; parietal lesions, 30616
visually guided orienting behavior; unilateral occipital lesions; bilateral lesions; cats, 21658
Brain Lesions [See Also Hypothalamus Lesions]—Chapters
Against memory systems, 3744
Functional relevance of cortical plasticity, 15611
Lesions of cortex and post-stroke plastic' reorganization, 15638
Neglect in monkeys: Effect of permanent and reversible lesions, 21724
Visual perceptual organization: Lessons from lesions, 16848
Brain Mapping [See Stereotaxic Atlas]
Brain Maps [See Stereotaxic Atlas]
Brain Metabolism [See Neurochemistry]
Brain Neoplasms—Serials
anticonvulsant prophylaxis; brain tumour; seizures; drug therapy, 23395
attentional functioning; white matter integrity; survivors; malignant brain tumors; childhood cancer; cranial radiation therapy; chemotherapy; treatment outcomes, 20478
brain tumors; psychiatric symptoms; depressive symptoms; minimal neurological signs; neuroimaging, 29016
charge syndrome; bilateral coloboma; microcephaly; brain malformation; tracheotomy; prognostic factors; hearing loss, 8292
children with brain tumors; long term behavior; social problems; social competence; behavioral outcomes; risk factors, 4934
family caregivers; brain tumor; physical consequences; emotional consequences; cancer; neurologic disorder, 29713
intracranial tumors; laterality; picture recognition memory; word recognition memory; left hemispheric patients; right hemsipheric patients, 13946
malignant cerebral glioma; rehabilitation services; psychiatric symptoms; handicap, 16694
N-nitroso compounds; maternal intake; cured meat; pregnancy; risk factors; pediatric brain tumors, 29130
neuropsychology; cognitive functioning; partial brain radiation therapy; RT; brain tumors, 8647
pediatric craniospinal irradiation; medulloblastoma; side effects; prediction of intellectual outcome; chemotherapy; age differences; human sex differences; parental education level, 2317
prophylactic anticonvulsants; brain tumour; seizures, 23372
Brain Self Stimulation—Serials
brain reward; intracranial self-stimulation; repeated administration; cocaine; rats; thresholds; cocaine-predictive conditioned stimuli; conditioned facilitation, 737
cannabinoid; receptor antagonist; food-seeking behavior; rimonabant; dopamine D3 receptors; prefrontal cortex; nucleus accumbens; brain reward system; rats, 24669
intracranial self-stimulation thresholds; amphetamine; pentobarbital; gabapentin; anticonvulsant effects; facilitatory effects; reinforcing effects; drug abuse potential; rats, 699
opioid receptor ligands; intracranial self-stimulation; Dynorphin; CREB; depression; U-69593; 5'-acetamidinoethylnaltrindole; rats, 21914
Brain Size—Serials
aging; human sex differences; thalamus volume; pons volume; cortex volume; gender, 27795
amygdaloid volumes; schizophrenia; magnetic resonance imaging, 7879
attention deficit hyperactivity disorder; familial risk; brain morphology; siblings, 13786
autism spectrum disorders; neuroanatomy; MRI; preschool children; brain volumes; cognitive functioning, 13780
basal gangila; autistic individuals; motor performance; caudate nucleus; putamen; brain volumes; motor deficits; structural abnormalities; cerebellum; frontal lobe; pathophysiology, 16532
Benton Visual Retention Test performance; elderly adults; total brain volume; depression; orbital frontal cortex volume; cognitive function, 10768
brain gray matter; gray matter density; bipolar disorder; brain anatomy; bipolar disorder patients, 28653
brain size; innovation; evolution; birds; primates; cognition; hyperstriatum ventrale; isocortex; striatum, 34042
brain volume; intellectual impairment; sex differnce; schizophrenia; brain structure, 4619
brood parasitism; brain size; cuckoos; functional relationships; phylogeny, 21606
caudate nuclei volume; bipolar patients; early onset; late onset; MRI; elderly, 19361
caudate nuclei volume; somatization disorder; women, 32085
cerebellar volume; musicians; professional keyboard players; specialized motor skills; skill learning; skill practising; humans, 6909
cerebral lateralization; normal cerebral volume asymmetries; early onset schizophrenia; adolescent patients, 10787
cerebral ventricular change; schizophrenia onset; hemispheric volume, 19438
cognitive impairment; dementia; longitudinal brain change; entorhinal cortex; ERC atrophy; hippocampus; cerebrospinal fluid, 6338
corpus callosum; schizophrenia; magnetic resonance imaging abnormalities; brain volume; first episode patients, 1465
cortical gray matter; brain size mapping; major depression; elderly depression, 16391
differential aging; medial temporal lobe; entorhinal cortex; hippocampal volume; shrinkage rate, 27780
dyslexia; learning disorder; cerebral volume; gyrification; autism; brain size, 35106
entorhinal volume; hippocampal volume; memory; older adults, 6978
gray matter; brain volume; schizophrenia; chronic illness; illness onset, 4655
high-functioning autism; autistic children; boys; morphometric profile; brain volume; brain regions, 22730
hippocampal volume; grey matter volume; innate navigational expertise; taxi drivers; human hippocampus; spatial representation; posterior hippocampus; brain, 18694
hippocampal volume; hippocampus; memory retention; Alzheimers disease; verbal memory, 29137
hippocampal volume; memory ability; lifespan perspective; neurological patients; psychiatric disorders; healthy individuals; magnetic resonance images; aging, 27802
life history strategies; latent semantic analysis; corticocortical connections; context; countercurrent; hippocampus; neocortex; life span, 27729
life history strategies; latent semantic analysis; corticocortical connections; context; countercurrent; hippocampus; neocortex; life span, 27766
life history strategies; latent semantic analysis; corticocortical connections; context; countercurrent; hippocampus; neocortex; life span, 27765
life history strategies; latent semantic analysis; corticocortical connections; context; countercurrent; hippocampus; neocortex; life span, 27754
magnetic resonance imaging; corpus callosum abnormalities; bipolar disorder; brain size, 6216
magnetic resonance imaging; sex-dependent effects; schizophrenia; gyral folding; cortical volume; white matter volume, 1476
memory performance; gray matter volumes; executive function; white matter hyperintensities; aging, 27803
neocortex; left planum temporale; right planum temporale; grey & white matter; secondary auditory cortex; cortical volume; cortical length; cortical thickness; speech processing, 9838
neuroanatomic sexual dimorphisms; human sex differences; orbitofrontal cortex; amygdala ratio; schizophrenia, 19449
neurobiological deficits; gray matter volume; bipolar disorder; adolescents, 31757
orbitofrontal cortex; obsessive compulsive disorder; clinical symptoms; cognitive performance; impaired organizational strategies; gray matter volume reduction, 16450
parahippocampal gyrus; hippocampal sclerosis; ipsilateral fornix; mamillary body volume loss, 8243
pattern formation; compartments; boundaries; twin brain similarity; monozygotic; brain morphology, 24638
race; brain size; IQ; biology; reductionism; determinism; cognitive ability, 18355
regional gray matter volume & density; brain regions; functional differences; brain abnormalities; cigarette smokers; nonsmokers, 10432
right or left hippocampal size or neuronal/axonal density; posttraumatic stress disorder; hippocampal dysfunction; creatine; choline; n-aceytl aspartate; military veterans, 25726
schizophrenia patients; cerebral abnormalities; cerebral development; volumetric measures; ab-ridge count, 4648
schizophrenia; brain volume; MRI; psychosocial functioning; treatment; psychotic symptoms; disorganized symptoms; negative symptoms, 1491
schizophrenia; caudate nucleus size; putamen size; schizophrenic subtypes; Kraepelinian, 4616
schizophrenic patients; neurobiological abnormalities; developmental abnormalities; entorhinol cortex; pre-alpha cell clusters, 10797

schizotypal disorder; anterior limb of internal capsule; volumetric measurements; fronto-thalamic connectivity; caudate nuclei; lentiform nuclei; putamen; globus pallidus, 25680
sense organs; environmental conditions; central nervous system; relative brain size; adaptive strategy; predation, 27752
structural brain alterations; brain anatomy; obsessive-compulsive disorder; magnetic resonance images, 28795
temporal lobe gray matter; never-medicated patients; schizophrenia; brain volume; illness duration, 4630
thalamic volume; thalamus; neuroanatomy; thalamic shape; thalamic symmetry; schizophrenia patients; cognitive ability, 25625
untreated depression; hippocampal volume loss; antidepressant medication, 29316
untreated depression; hippocampal volume loss; antidepressant medication, 29383
volumetric analysis; orbital prefrontal cortex; amygdala; hippocampus; major depression; gender, 25562
white matter volumes; structural changes; functional abnormalities; voxel-based morphometry; structural correlates; narcoleptic patients; degeneration of hypocretic neurons; hypothalamus, 4879
X-monosomy; X-linked imprinting; superior temporal gyrus; Turner syndrome; morphology, 1333

Brain Size—Chapters

Alexithymia as a consequence of impaired callosal function: Evidence from multiple sclerosis patients and normal individuals, 16852
Brain size: A possible source of interindividual variability in corpus callosum morphology, 15625
Functional consequences of changes in callosal area in Tourette's syndrome and attention deficit/hyperactivity disorder, 16863
Is the human brain unique?, 3756

Brain Stem [See Also Locus Ceruleus, Medulla Oblongata, Pons, Reticular Formation]—Serials

afferent signals; cardiac baroreceptors; caudal brain stem; hindbrain systems; plasma volume deficits; water intake; hypovolemia; NaCl solution; rats, 6888
anxiety related behaviors; hypothalamic pituitary adrenal activity; serotonin receptor; limbic structures; brainstem structures; fear conditioning; stress conditions; mice, 27714
cholecystokinin tetrapeptide; brain stem; auditory evoked potentials, 3908
chronic morphine; isolated forebrain; midbrain transection; morphine tolerance; morphine withdrawal; brain stem; sleep-waking states; cats, 9973
conditioned taste aversion; brainstem; parvicellular subdivision; intermediate nucleus of the solitary tract, 34071
cumulative lifelong consumption; alcohol consumption; brainstem; auditory evoked potentials; tumor patients; plastic surgery patients, 34180
dorsolateral prefrontal cortex dysfunction; distractibility; superior colliculus; attention deficit; upper brainstem lesion, 22938
embryonic stem cell; water maze; superior reversal learning; mice; behavioral phenotypes, 24631
fetal brainstem injury; intrauterine hypoxemia; hypoxemia induced damage; human pregnancy; placental insufficiency; blood vessel morphology; medulla volume; neuropil, 15591
glycine; single central synaptic terminals; postnatal development; lateral superior olive; synapse; miniature inhibitory postsynaptic currents; rats; postnatal development, 15555
inferior colliculus; superior olivary complex; cell types; ventral cochlear nucleus; cochlear nuclear complex; neuronal projections; lateral lemniscus; auditory pathways; brainstem; sound localization, 6852
nerve stimulation; brain stem; rats; impulse propagation; catacholamines; serotonic neurons; dopamine; norepinephrine, 21640
nociceptive neurons; antinociception; pain; reticular formation; brain stem; neurokinin-1; GABA receptors; opioid receptors; rats, 21665
polyamines; putrescine; spermidine; spermine; forebrain; cerebellum; brain stem; ifenprodil; genetic animal model; paroxymal dyskesia, 6830
rats; Purkinje cells; motor memory; motor learning acquisition; inhibition; synaptic interactions; neural systems; eyeblink reflex; brain stem structures; olivocerebellar system, 9867
spinal cord injury; cortical maps; inductive liability procedure; brain-stem; cerebral cortex; locomotor control centers; neural network maps; learning; task execution, 29138
spinal muscular atrophy; visual & brainstem & somatosensory evoked potentials; age differences, 8114
superior colliculus; intercollicular nucleus; brainstem seizure; epilepsy prone rat; bilateral lesions; audiogenic seizure severity, 15545
trigemino-cervical reflex; tension-type headache; trigeminal system; brainstem reflex, 22835
wavelet analysis; multi-resolution analysis; auditory evoked potentials; auditory brain-stem, 30894

Brain Stem [See Also Locus Ceruleus, Medulla Oblongata, Pons, Reticular Formation]—Chapters

Dreaming and REM sleep are controlled by different brain mechanisms, 18632

Brain Stimulation [See Also Brain Self Stimulation, Chemical Brain Stimulation, Electrical Brain Stimulation, Spreading Depression, Transcranial Magnetic Stimulation]—Serials

alpha-1 adrenergic receptors; gene targeting; mutant mice; locomotor behaviors; amphetamine; cocaine; circadian cycles; mouse brain, 12778
antiepileptic drugs; eye closure; anticonvulsant drugs; pharmacokinetic/pharmacodynamic modeling; cortical stimulation; seizures; lamotrigine; ictal signs; midazolam; tiagabine; drug dosage; rats, 733
behavioral effects; neuronal effects; repetitive nociceptive stimulation; gonadal hormones; rats, 7163
brain activation; grapheme-to-phoneme conversion; phonologic processing; time course; reading; temporal lobe; reading; syllables, 9674
brain stimulation; rewards; duration; stimulation strength; reward intensity; stimulation frequency; performance; rats, 625
cerebral activated regions; vagus nerve stimulation; epilepsy patients; seizure, 22969
cingulate region; brain lesions; error detection; prefrontal cortex; supplementary motor cortex; subcortical structures, 6991
clinical parkinsonian signs; Parkinson's disease; PD; subthalamic nucleus; STN; deep brain stimulation; DBS; DBS discontinuation, 5461
compensatory cortical activation; cognitive task; multiple scelerosis; cognitive processes, 13855
cortical activation; extraversion; task complexity; event-related desynchronization; alpha activity, 10582
cutaneous stimulation; cerebellar damage; chronic patient; ataxia; gait imbalance; limb spasticity, 22918
Deep brain stimulation(DBS); essential tremor(ET); VIM thalamic nucleus; neuroimaging, 14014
deep brain stimulation; subthalamic nucleus stimulation; frontotemporal network; Parkinsons disease; regional cerebral blood flow; verbal fluency task, 11295
disgust sensitivity; bulimia nervosa; amygdala; occipitotemporal visual cortex; brain-physiological responses; fear; visual stimulation; functioning magnetic resonance imaging, 35151
emotional stimuli; brain processes; brain regions; orbitofrontal cortex; neural organization; emotional odors; olfactory stimuli; amygdala; brain response; intensity; pleasantness, 3649
hemiplegic patients; intractable epilepsy; motor area; transcranial magnetic stimulation; abductor pollicis brevis; subdural electrodes; surgical treatment; cerebral lesions, 3212
high-frequency oscillation; posterior hypothalamus; histaminergic neurons; hippocampal activity; hippocampal CA1; septal neurons; rats; memory trace formation; antagonists; antihistiminic drugs, 18757
human motor cortex; transcranial magnetic stimulation; theta burst stimulation, 30897
human neuroblasoma SH-SY5Y cells; magnetic stimulation; noradrenaline; tyrosine hydroxylase; rTMS; antidepressant; cerebral cortex, 3972
immune function; brain function; mindfulness meditation, 17218
immune function; brain function; mindfulness meditation, 17219
immune function; brain function; mindfulness meditation, 17256
immune function; brain function; mindfulness meditation, 17262
motion perception; occluded motion; eye movements; cortical regions; brain activation; visual system, 6960
motor cortex stimulation; food reinforcement; hindlimb movements; movement instrumentalization; dogs; operant movement, 15374
MRI scanning; Zen meditation; enlightenment; meditation practitioners; normal consciousness; meditative state of mind; prefrontal cortex; basal ganglia; brain activation; anterior cingulate, 6631
multichannel near-infrared spectroscopy; depression; schizophrenia; hemoglobin concentrations; cerebral blood volume; cognitive brain activation, 19344
neuronavigated transcranial magnetic stimulation; auditory phantom perception; chronic tinnitus; auditory hallucinations; positron emission tomography; magnetic resonance imaging; auditory cortex, 26488
neuronavigated transcranial magnetic stimulation; auditory phantom perception; chronic tinnitus; auditory hallucinations; positron emission tomography; magnetic resonance imaging; auditory cortex, 26503
neuronavigated transcranial magnetic stimulation; auditory phantom perception; chronic tinnitus; auditory hallucinations; positron emission tomography; magnetic resonance imaging; auditory cortex, 2289
neurostimulation; transformed migraine; cervical peripheral nerve, 14291
norepinephrine; peripheral vagal nerve stimulation; central nervous system; amygdala; cognitive processing; neural activity; limbic brain structures; memory; brain stimulation; rats, 12840
opiate addicts; rostral anterior cingulate; anterior cingulate cortex; false alarm error responses; impulsive behavior, 19660
oscillatory EEG activity time course; phasic extension finger movements; ipsilateral primary motor cortex; cortical excitability; event-related desynchronization; event-related synchronization, 12919
Parkinson's disease; transcranial magnetic stimulation; subthalamic nucleus stimulation; motor evoked potentials; silent period; dopaminergic medication; extensor carpi radialis; flexor carpi radialis, 17177
physiology; transcranial motor cortex stimulation; conscious humans, 27811
plastic change; motor cortex; leg function; peripheral nerve; brain stimulation; dual stimulation, 13911
post-operative progress; dystonia patients; globus pallidus internus; deep brain stimulation; movement disorders, 22856
prefrontal cortex; depressed patients; repetitive transcranial magnetic stimulation, 23347
repetitive transcranial magnetic stimulation; regional cerebral blood flow; motor cortex; positron emission tomography; intensity-dependent; 1 Hz, 626
repetitive transcranial magnetic stimulation; regional cerebral blood flow; prefrontal cortex; intensity-dependent; 1 Hz, 627
repetitive transcranial magnetic stimulation; TMS; left primary motor cortex; regional cerebral blood flow; rCBF; sound & electrical stimulation, 3690
rest tremor; tremor amplitude; Parkinson's disease; deep brain stimulation; ventro-intermediate nucleus; thalamus; subthalamic nucleus; globus pallidus; stimulus frequency, 8214
single pulse transcranial magnetic stimulation; isochronic performance; sequential isochronus movements; spatiotemporal integration, 34073
somatotopic organization; intracortical microstimulation; dorsal premotor cortex; forelimb movements, 15565
therapeutic strategies; Alzheimer's disease; neuron activity stimulation; brain stimulation; neuron metabolism, 20491
transcranial magnetic stimulation; drug-resistant major depression; magnetic seizure therapy, 8568
transcranial magnetic stimulation; verb processing; noun processing; neural correlates; prefrontal brain; dorsolateral frontal cortex; action naming, 12829
vagal nerve stimulation; VNS; antiepileptic drugs; refractory epileptic seizures; seizure frequency; epileptic surgery; epilepsy, 5444
vagus nerve stimulation; functional neuroimaging studies; neuropsychiatric disorders, 3610
visual perception; motion; cortical activity; human movement; animal movement; virtual movement, 10193

Brain Stimulation [See Also Brain Self Stimulation, Chemical Brain Stimulation, Electrical Brain Stimulation, Spreading Depression, Transcranial Magnetic Stimulation]—Chapters

The case against memory consolidation in REM sleep, 20416
Stimulation-induced plasticity in the human motor cortex, 15615

Brain Weight—Serials

brain weight; schizophrenia; age differences; gender differences, 4626
F2 hybrids; mice; exploratory behavior; brain weight, 18539
regional gray matter volume & density; brain regions; functional differences; brain abnormalities; cigarette smokers; nonsmokers, 10432

Brainstorming—Serials

brainstorming; group procedures; idea selection; group interaction; process satisfaction, 22282
conflict; group creativity; France; United States; brainstorming; debate; criticize; competing views; dissent, 31500
group; brainstorming; task performance; problem solving; divergent thinking; convergent thinking, 13435
idea generation; production blocking; information processing; brainstorming groups; cognitive process; group processes; cognitive interference, 3366
nominal and interactive groups; productivity; persistence; stop rules; same-sex groups; gender differences; group performance; brainstorming, 31502

Brainstorming—Chapters
Cognitive stimulation and interference in idea-generating groups, 1198
Effects of communication medium and goal setting of group brainstorming, 4389
Electronic brainstorming: Theory, research, and future directions, 1193
Enhancing ideational creativity in groups: Lessons from research on brainstorming, 1200
Brand Names—Serials
brand alliance; brand equity; marketing strategy; joint brands; consumer evaluation, 27153
brand equity; trivial attributes; consumer valuation; product category; choice; low equity brands; high equity brands; market competition; brand dilution, 24066
brand extension; brand choice behavior; parent brand; single brand; multiple product categories, 24065
brand image beliefs; nonverbalized personality associations; celebrity endorsers; advertisements; consumer beliefs; brand fun; brand sophistication, 27147
brand image; protective effects; brand management; accessibility-diagnosticity; shielding effects; manufacturing quality; countries-of-origin; global manufacturing; strong brands; weak brands, 3010
brand medications; generic medications; cost; management of illness; research, 23218
brand name imprinting; memory; brand information retention, 9164
brand-name; generic fluxetine; pharmacokinetics; depression, 14184
cause-brand alliance; charitable causes; cause-related marketing; consumer attitudes, 27163
China; Chinese marketplace; world brand products; packaging; domestic products; language on packages; color on packages; English language; Chinese characters; package label comparisons, 9206
consumer knowledge; knowledge level; information processing; event sponsorships; brand equity; sponsor-event fit, 17931
customer service quality; brand advertising expenditures; real price competitiveness; customer value; telephone service, 14839
familiarity based sleeper effect; advertisement type; advertisement repetition; measurement delay; attitude toward ad; attitude toward brand; adults, 3028
Internet; brand management; luxury brands; consumer opinion; consumer behavior; managers, 6120
management of corporate brand; corporate reputation; chief executive officers; CEOs; executive attitudes; cross-cultural differences, 2874
marketing communication; e-business; Internet; brand values; customer behavior; service delivery, 30271
measure validation; scale development; customer-based brand equity, 21208
organizational cooperation; consumer attitudes; consumer associations; cooperative business partners; asset sharing; asset management; brand equity; affiliates; models; trust; reputation, 6049
phonetic effects; brand names; consumer judgments; consumer evaluation; sound symbolism, 33360
product category; product similarity judgments; product category distance; product variation; brands, 17933
semantic refractory access disorder; semantic organisation; proper nouns; person names; brand names; conceptual knowledge, 19965
Brand Names—Chapters
The role of goals in extending brand equity, 12345
Brand Preferences—Serials
adolescent behavior; cigarette-brand preferences; demographic differences; advertising; Marlboro; Camel; Newport; demographic characteristics, 36453
behavioral economics; consumer brand choice; individual consumers; product categories; consumer behavior; marketing, 3018
behavioral economics; consumer brand choice; reinforcement patterns; maximization; utilitarian reinforcement; informational reinforcement; matching; brand pricing; fast-moving consumer goods, 27160
brand alliance; brand equity; marketing strategy; joint brands; consumer evaluation, 27153
brand credibility; brand choice; multiple product categories; consumption risks; consumer perception, 33347
brand equity; trivial attributes; consumer valuation; product category; choice; low equity brands; high equity brands; market competition; brand dilution, 24066
brand extension; brand choice behavior; parent brand; single brand; multiple product categories, 24065
brand image; protective effects; brand management; accessibility-diagnosticity; shielding effects; manufacturing quality; countries-of-origin; global manufacturing; strong brands; weak brands, 3010
brand loyalty; consumer price sensitivity; loyalty-price sensitivity relationship; heterogeneous relationship; dynamic relationship; consumer product categories; models, 3022
brand relationship norms; consumer attitudes; consumer behavior; interpersonal relationships; brand assessments; marketing action, 33338
buying behavior; consumer behavior; impulse buying; retailing; marketing, 3021
cause related marketing; CRM; marketing campaigns; Pepsi; brand preference; consumer attitude; consumer skepticism; Spain, 14851
celebrity plugs; product placement; within program brand appearance; retention; brand exposure; memory organization, 12349
consumer attitude prediction; purchase intentions; consumer beliefs; genetically modified foods; consumer intentions, 9196
consumer preference; physical product inspection; product examination; product descriptions; touch; material products; geometric properties; material properties; packaged goods; shopping environment, 9191
consumer preferences; consumer behavior experiments; primary reinforcement; evolutionary theory; behavioral ecology; operant psychology; preference data, 3032
consumer preferences; online consumers; consumer choices; transaction based e-services; consumer satisfaction, 9181
consumer-brand relationships; brand partner quality, 33337
country-of-origin; consumer perceptions; product quality; country of product design, 30259
customers; business-to-business services; switching behavior; word of mouth; loyalty; national culture; Japanese companies; American companies, 30262
fuzzy set model; online market; marketing literature; consumer search; choice model; brands; consideration sets, 6383
Heider's balance theory; Fournier's consumer-brand relationship typology; consumer's memory; social consequences; buying; consumption; brands, 20995
individual differences; expensive products; consumer behavior; food products; search behavior; product base price; consumer psychology; consumer economics; operant analysis, 3026
loyalty program; value perception; brand loyalty; customer loyalty; reward schemes, 9198
market segmentation; brand preference; marketing, 9200
measure validation; scale development; customer-based brand equity, 21208
neural correlates; shopping decisions; noninvasive brain imaging; supermarket visit; brain activations; height discrimination; silent vocalization; parietal cortex, 20986
parental influence; luxury brands; infant apparel; purchasing behavior; social consumption motivation; conspicuous consumption motivation; materialism, 20993
personal values; brand purchases; brand equity; marketing; laddering; brand attributes; product benefits; value satisfaction; seven basis values; marketing mix, 9197
pioneering status; experience order; pioneering advantage; company credibility; consumer brand preference; mediated effects model, 14837
procedural switching costs; financial switching costs; consumer cost perceptions; emotional discomfort; consumer product perceptions; service provider; consumer satisfaction, 14826
product placement; childrens choice; branded products; television programs; movies; reminder effect; Home Alone, 34239
reference price advertisements; consumer interpretations; semantic phrases, 33343
retailing; customer satisfaction; loyalty cards; shopper characteristics; multiple outlets; consumer expenditures; repeat purchase; customer share; primary grocery store; customer behavior, 3025
tiered copayments effects; nonpreferred brand medications; preferred brand medications, 17930
virtual experience; consumer learning; virtual affordance; product affordance; 3-D visualization; brand attitude; purchase intention; mechanical products; geometric products; TV advertising, 9203

Breakup (Relationship) [See Relationship Termination]
Breast—Serials
breast cancer; motherhood; mothers; dependent children; mother child relations, 11191
breast inflammation; acupuncture treatment; lactating women; care interventions, 29417
early breast development; women bodies; social interaction, 28060
fluoxetine therapy; dysthymic disorder; atrophy; breast, 26402
mastectomy patients; breast reconstruction; decision-making, 17166
physical appearance; cosmetic breast augmentation surgery; body image dissatisfaction; sociocultural influences; sexual satisfaction; sexual functioning; surgery motivation, 8611
Breast Cancer Screening [See Cancer Screening]
Breast Examination [See Self Examination (Medical)]
Breast Feeding—Serials
active duty military women; breastfeeding mothers; military service; breastfeeding experiences, 6047
bed sharing; breastfeeding; maternal characteristics; infant characteristics; sudden infant death, 28278
brain electrical activity; breastfeeding; infant temperament; maternal depression; dyadic interaction; individual differences, 34829
breast milk; cortisol; secretory immunoglobulin; maternal mood; infant neurobehavioral functioning; neonatal performance, 15905
breast milk; olanzapine; breastfeeding; psychotic disorders, 11460
breast-feeding; babies; cleft lip; cleft palate; sugar intake, 4848
breastfeeding intention; urban minority population; maternal depressive symptoms; mother-infant closeness, 31385
breastfeeding; love; public health; mother child interaction; lactation, 29544
Caucasian women; early infant weaning; Japanese women; Hawaii; breast-feeding women; age; education; rural residence; work status; parity, 16165
child mortality; developing countries; hiv-positive mothers; non-breastfeeding; weaning; mother voluntary choice; preceding maternal illness; preceding infant illness, 17214
health outcomes; home visit; public health nurses; pregnant clients; hemoglobin; birthweight; breastfeeding, 11779
lamotrigine; epilepsy; breast feeding; glucuronidation; neonates, 14277
length of breastfeeding; professional women; family opposition; societal acceptance, 31392
mental development; cognitive development; psychomotor development; motor development; breast-feeding; parents; infants, 22034
mercury exposure; primal period; sea-fish intake; pregnancy; breastmilk; prenatal exposure, 27928
mother's perceptions; breast feeding; bottle feeding; feeding choice, 31373
mother-infant relationship; breastfeeding; bonding; mothers; mother child bonding; mother child relations, 978
partner influence; health behavior; decision-making; breastfeeding duration; male partners; breastfeeding decisions; breastfeeding behavior; first-time mothers, 19068
professional postpartum support; infant feeding patterns; breastfeeding participants; women; infants; children; special supplemental nutrition program, 26522
quetiapine; breast milk; breast-feeding; infant exposure, 35546
social chemosignals; breastfeeding women; reproductive behavior; sexual motivation; human pheromones; sexual desire; sexual fantasies; lactation; endocrine function, 34115
theory of planned behavior; cross-cultural application; breastfeeding duration; Hong Kong; breastfeeding mothers; postpartum care, 16162
World Health Organization; breastfeeding; preventive health care; infant nutrition; Canadian data; task force; interventions; clinical practice, 29546
Breast Neoplasms—Serials
advanced breast cancer; advanced disease; mood disorders; group therapy; structured psychiatric interview; supportive-expressive group; psychosocial morbidity; adjuvant chemotherapy, 26099
advanced breast cancer; psychosocial impact; daily living; life roles; caregiving; spouse caregivers; nonspouse caregivers, 2455
African American women; White women; cognitive appraisal; breast cancer; coping, 11193
attachment experiences; insecure histories; adult attachment; cancer patients; loss; insecure, 22885
benefit finding; quality of life; women; breast cancer, 11205
breast cancer patient; quality of life; patient attitudes; confidant reports; caregivers, 29078
breast cancer patients; ontological health model; suffering; meaning, 8177
breast cancer patients; patient perceptions; health beliefs; clinical studies participation, 29062
breast cancer patients; posttreatment distress; disease timeline; prediction; chemotherapy treatment, 29076
breast cancer risk; risk counseling; functioning level; psychosocial counseling; genetic counseling; females, 29061
breast cancer screening; health insurance; mammography use; patient history; older Black women; older White women; recent mammograms, 23428
breast cancer surgeries; psychosocial impact; spouses, 17209
breast cancer; breast carcinoma; socioeconomic characteristics; family income; trends; urbanization; educational level, 16689
breast cancer; decision making; adjuvant cancer therapy; randomised clinical trials; trial participation, 33642

breast cancer; depressive symptoms; breast cancer development; etiology; middle aged women; risk factors, 1436
breast cancer; distress; negative life circumstances; adjustment, 11207
breast cancer; educational level; regular mammograms; mammography screening; breast cancer detection efficacy; knowledge awareness; sociodemographic differences, 8683
breast cancer; health behaviours; preventive health; health promotion; breast self-examination; BSE; lesbian healthcare behaviour; health risk factors, 5483
breast cancer; Latino women; breast self examination; health intervention project; cancer risk reduction program; dietary practices, 11705
breast cancer; mammography screening; cancer recurrence risk; survival outcomes; detection methods, 35696
breast cancer; motherhood; mothers; dependent children; mother child relations, 11191
breast cancer; patient-physician interactions; patient perceptions; communicative success; physician collaboration, 35240
breast cancer; presurgery distress; response expectancies; postsurgery outcomes; surgery patients; specific expectancies, 29483
breast cancer; risk perception; optimism; cancer worry; positive expectancy; distress, 29071
breast cancer; support needs; information; daughters; sisters; mothers, 16693
breast cancer; therapeutic interventions; women; psychiatric aspects, 1821
breast cancer; women's short term support groups; psychoeducational support groups; coping skills; psychosocial issues; psychosocial needs; emotional support, 5594
cancer pain management; advanced breast cancer; breast cancer patients; antipsychotic drug; flushing symptoms; sweating symptoms; olanzapine, 17211
cancer patients; mind-body therapies; mindfulness-based stress reduction and relaxation program effectiveness; stress; state anxiety; mental adjustment; breast cancer; health locus of control, 32564
cancer patients; mind-body therapies; mindfulness-based stress reduction and relaxation program; stress; state anxiety; mental adjustment; breast cancer; health locus of control, 32549
cancer patients; mind-body therapies; mindfulness-based stress reduction and relaxation program effectiveness; stress; state anxiety; mental adjustment; breast cancer; health locus of control, 32540
cardiopulmonary arrest; medical interventions; arterial blood; life support discontinuing; breast carcinoma; brain, 14251
catastrophizing; fatigue; women; chemotherapy; radiotherapy; breast cancer, 17170
cognitive-behavioral stress management; immune function; breast cancer; emotional well-being, 20456
cognitive-behavioral stress management; interpersonal relationships; breast cancer; immune function; physiology; distress; life attitude, 20451
comorbid factitious disorder; breast cancer; conversion disorders; psychiatric help; active dissimulation, 22794
coping responses; adjustment; breast cancer; diagnosis, 19911
cortisol responses; salivary cortisol; mammogram; breast cancer survivors, 1817
couple communication; support; cancer; psychological distress; relationship satisfaction; partner responses; breast cancer diagnosis; patient self disclosure, 32130
danger control; fear control; fear appeals; need for cognition; maladaptive responses; adaptive responses; self-examination; adaptive coping; breast cancer, 23464
defensive coping styles; temperament; risk factors; breast cancer; etiology; anti-emotionality, 26102
depressive symptoms; breast cancer surgery; stress; women, 19910
diagnosis; prostate cancer; breast cancer; perception of family support; high psychological distress; couples, 4927
disclosure patterns; unsupportive social interactions; well-being; breast cancer patients, 16696
distress; coping; perceived personal risk of positive biopsy finding; breast cancer; screening; demographic variables; women, 4935
dopamine metabolism; personality trait; locus of control; individual differences; breast cancer, 35232
drug therapy; neurosteroid concentrations; psychiatric morbidity; breast cancer; major depression; adjustment disorder; women, 5432
EORTC QLQ-C30 (version 3) and EORTC QLQ-BR23 Chinese version; breast cancer patients; active treatment; test/retest reliability; cognitive functioning; physical functioning, 201
family support; friend support; coping; breast cancer; partner unsupportive behaviors; avoidance; marital relations; distress, 11201
female breast cancer outpatients; coping; body image; racial differences; self efficacy in coping, 4937
genetic test results; psychological response; impact of receiving genetic mutation results; women at increased risk for hereditary breast cancer; high-risk breast cancer families, 35234
health education website; health professionals; medical information; patient education; psychological support; breast cancer; Internet; rural women, 32611
Hispanic women; border region; cancer screening practices; mammography; New Mexico; breast cancer; cancer services access; cervical cancer; pap test, 22874
hormone replacement therapy; attitudes; breast cancer survivors; menopausal symptoms; premenopausal women; adjuvant therapy; oestrogen; tamoxifen; postmenopause; quality of life; menopause, 1812
hospice care; older women; breast cancer; medicare database; married women, 23561
Hospital Anxiety and Depression Scale; disorder onset; breast cancer; psychometrics; anxiety; depression, 27363
hot flashes; breast cancer survivors; non-pharmacological treatment; menopausal women; menopausal symptoms, 32126
husbands' ambivalence; breast cancer; family relationship; emotional adjustment, 11192
immune function; adjustment style; survival; prediction; breast cancer; women; psychosocial factors, 19918
informed consent; health promotion; breast cancer; breast self examination; breast screening program, 32597
interpersonal interaction; genetic testing; genetic counselor; psychological effects; risk factors; breast cancer; ethics; psychological evaluation, 29063
intrusive recollections; breast cancer survivors; posttraumatic stress disorder; medical characteristics; alcohol consumption; volumetric analysis; amygdala, 1816
learning disability; breast examination; care givers; abuse; cancer screening; carers, 29520
local therapies; systemic therapies; health benefits; breast cancer; effective cancer treatments; treatment underuse; care improvement; physician reasons, 16690
low prebiopsy; invasive breast carcinoma; psychiatric illness; psychopathology; risk factors, 19921
mammography adoption; risk perceptions; benefit perception; barrier perception; precontemplation; relapse precontemplation; aging; beliefs; susceptibility, 8662
mammography screening; adherence; tailored interventions; older women; breast cancer, 35239
metastatic breast cancer; health-related life quality; zoledronic acid; pamidronate disodium; skeletal-related events, 29079
metastatic breast cancer; major depression; self-report questionnaires; depressive disorder; women, 27317
neural networks; breast cancer; prognosis; Bayes probability, 27217
pap smear; fecal occult blood testing; cancer screening; mammography adherence; clinical breast exam; low-income women; health care services, 8657
patient attitudes; breast cancer; support groups; psychosocial characteristics, 11588
patient-doctor communication; trust; care; respect; breast cancer patients; doctor's characteristics, 35748
patient-doctor communication; trust; care; respect; breast cancer patients; doctor's characteristics, 35730
patient-doctor communication; trust; care; respect; breast cancer patients; doctor's characteristics, 35735
patient-doctor communication; trust; care; respect; breast cancer patients; doctor's characteristics, 35723
patient-doctor communication; trust; care; respect; breast cancer patients; doctor's characteristics, 35720
peer support program; breast cancer; Breast Cancer Support Service; information provision; program evaluation; program acceptability; program characteristics; perceptions of women, 32671
perceived stress; cancer patients; second-order factor analysis model; exploratory factor analysis; cancer research; breast cancer surgery, 30408
pessimism; optimism; emotional morbidity; breast cancer; surgery; patient characteristics; coping; illness beliefs; treatment decision making, 26510
positive reappraisal coping; posttraumatic growth; early-stage breast cancer; women; benefit finding; prediction; perceived health; positive mood; health attitudes, 1820
posttraumatic growth; breast cancer patients; cognitive processes; emotional processes; marital satisfaction; patient attitudes; partner attitudes, 26101
posttraumatic growth; husbands; breast cancer survivors, 19922
posttraumatic stress disorder; morning cortisol levels; breast cancer; stressful experience, 19916
professional growth; work conference; personal lives; primary reason; social worker; breast cancer; social work; heavy load, 5800
psychiatric morbidity; psychotropic medication prescription; generalized anxiety disorder; major depressive disorder; breast cancer patients; psychiatric screening, 20306
psychoeducation; psychosocial intervention; women; adjuvant treatment; early stage breast cancer; experiences; group work; Post Adjuvant Treatment Support Program; coping; stress management; needs, 11429
psychological adjustment; life quality; high depression; breast cancer; women; community-based oncology support program, 29059
psychological adjustment; physical adjustment; breast cancer; quality of life; women, 11199
psychological distress; African American women; demographic variables; disease; breast cancer; racism; drinking; smoking; racist events; health disparities; stress, 1335
psychosocial consequences; breast cancer; cultural factors; family disease; patients; families; women; prevention; screening; prevalence; incidence, 1811
psychosocial functioning; psychological distress; body image; bilateral prophylactic mastectomy, 14283
psychosocial needs; breast cancer survivors; age differences; women, 19920
psychosocial problems; illness experiences; breast cancer; younger women, 26095
quality of life; breast cancer survivors; women, 19908
quality of life; health services; health profile; health services evaluation, 27272
quality-adjusted survival; cross-sectional survey; estimation; breast cancer survivors; quality of life, 27351
question wording; genetic testing; breast cancer risk; assessment approaches; measurement issues; assessment measure, 200
recruitment methods; breast cancer patients; survivors; home based physical activity intervention; psychosocial interventions, 35767
rural women; breast cancer survivors; social suppport; audioconferencing; rural areas, 14248
screening mammography; women; breast cancer; cancer detection rate; US; UK; geographical comparison, 14343
social support; psychosocial adjustment; breast cancer; mismatches, 29077
stress response symptoms; incidence; severity; women; mammography; breast cancer history; physician support; somatization; trauma history; psychiatric history; social support; physician satisfaction, 16697
systemic therapy; cancer patients; quality of care; breast cancer; United States; breast conserving surgery; adjuvant systemic hormonal therapy; cytotoxic chemotherapy; breast cancer care, 17187
tailored interventions; mammography screening; adherence; breast cancer; older women, 14357
therapeutic group; telephone; conference call; evaluation; women with breast cancer; therapeutic factors; group climate, 11423
trauma experience; psychological distress; posttraumatic stress disorder; breast cancer patients, 19919
unmitigated communion; breast cancer; physical functioning; mental functioning; cognitive adaptation; adjustment; body image, 11198
urinary catecholamine levels; breast cancer; chronic stress; familial risk; neuroendocrine reactivity; urinary epinephrine excretion; urinary norepinephrine excretion, 29067
verbal memory; hormone replacement therapy; breast cancer; psychological morbidity; cognitive functioning, 14271
women's activism; social service; breast cancer movement; civic participation; volunteering, 34522
women; breast cancer; adjuvant psychological treatment; online support; treatment feasibility, 20160
women; family history of breast cancer; at risk populations; breast cancer risk; perception; surveillance behaviors; distress; screening behavior; coping skills; personality; quality of life, 11196

Breast Neoplasms—Chapters

Social comparison in adjustment to breast cancer, 16714

Breathing [See Respiration]

Breeding (Animal) [See Animal Breeding]

Brief Psychotherapy—Serials

Adlerian brief therapy; individual psychology; relational strategies; relationship—intervention continuum, 20134
brief family-focused intervention; substance initiation trajectories; baseline assessment; general-population families; adolescents; public schools; intervention groups; marijuana; cigarettes; alcohol, 29298
brief group intervention; cancer patients; feasibility, 5404
brief integrative psychotherapy; contemporary models; transformational model; mutual influence; therapist initiative, 16916
brief motivational treatment; problem drinkers; outpatients; client characteristics; service utilization; treatment outcomes, 5676
brief therapy; solution focused therapy; bullying; secondary school age pupils, 14080
Child and Adolescent Mental Health Services; alternative model of service delivery; brief consultation; parental satisfaction, 5545

clinical experience; psychodynamic model; clinical framework; training placement; personal therapy; therapy service; training course; brief therapy; open space, 5776
cognitive analytic therapy; object relations theory; psychodynamic therapies; borderline personality; brief therapeutic, 5165
cognitive-behavioural intervention; brief group intervention; changes in diagnostic status; children with anxiety disorder; nonanxious parents, 11374
contemporary relevance; psychodynamic practice; psychoanalytic theory; psychodynamic therapy; short-term treatment, 5160
counseling services; individual counseling; family counseling; client change; daily functioning; emotional coping; solution-focused brief therapy; service quality evaluation, 29247
culturally relevant psychotherapy; perinatal depression; low-income ob/gyn patients; brief interpersonal psychotherapy, 32372
depression; sexual trauma; posttraumatic stress disorder; brief hypnotherapy, 35601
general practitioners; drugs; alcohols; brief interventions; tobacco; effectiveness, 29808
hazardous drinkers; heavy drinking; brief counseling; naltrexone; placebo, 32766
high-dose motivational enhancement therapy; substance use-related problems; psychotherapy, 19691
individual psychology; Adlerian brief therapy; impression management; pampering; self-deception; relational strategies; parent education, 20141
integrationp; residential treatment; psychotherapy; roles of psychotherapists; intensive short-term treatment program; structural issues, 2470
integratively oriented brief psychotherapy; cybernetic systems; negative affective states; solution-focused narrative; existential phenomenology; dialectical interplay; teleological nature, 1976
intervention therapy; counselling service; brief intervention; student counseling service, 5796
marijuana smoking adults; brief interventions; evaluation; outcomes; motivational enhancement therapy; multicomponent therapy; cognitive-behavioral therapy; case management; delayed treatment control, 29770
media competence; family therapy; adolescent children; Solution Focused Brief Therapy, 11422
occupation; brief dynamic therapy; Mann's model; central conflict; occupational therapy, 5711
panic disorder; group cognitive-behavior therapy; brief therapist contact; anxiety; telephone contacts; treatment outcomes, 20152
performance anxiety; short-term dynamic psychotherapy; systematic desensitization; behavioral problems; popular films characters; affect phobias; feelings avoidance; affective responses, 32282
practice implications; therapy outcomes; clients' perceptions; gender; ethnicity; therapist views; brief therapy, 11373
psychotherapy integration movement; therapeutic relationship; brief psychotherapies; models, 16918
psychotherapy integration; individual psychotherapy; historical perspective; brief psychotherapy; brief individual therapy, 1975
psychotherapy; cognitive-behavioral therapy; therapist affirmation; psychotherapeutic outcomes; psychotherapeutic processes; time-limited psychotherapy, 26245
psychotherapy; medically unexplained symptoms; healthcare utilization costs; death anxiety; psychotherapeutic treatment; attachment theory; existential psychology, 23140
psychotherapy; residential care; short-term treatment; discharge planning; therapy process; treatment strategies; therapists; treatment termination; severely disturbed adolescents, 32231
regressive transference; transference neurosis; short-term therapy; active interpretation, 5171
repetition compulsion; pleasure principle; time; psychoanalysis; brief therapy, 5253
short-term dynamic psychotherapy; cognitive therapy; cluster C personality disorders, 26270
short-term group psychotherapy; patient gender; treatment process; treatment outcome; interpretive psychotherapy; supportive psychotherapy; depression, 26306
short-term treatment; interpersonal avoidance; cognitive-behavioral treatment; Generalized Social Phobia; Avoidant Personality Disorder; Beck; behavior change, 35434
social workers; depressed adolescents; cognitive behavior therapy; brief therapy; routine care, 26284
solution-focused brief counseling; injury support; athletes; sport participation; mental support; emotional support; consultants; coaches; sport psychology; athletic trainers, 20149
Solution-Focused Brief Therapy program; solution-focused approach; problem drinking, 20633
solution-focused brief therapy; group intervention; academic underachievement; school nonattendance; at-risk students; grade point average, 35466
teaching methods; graduate course; psychotherapy, 32897
therapeutic dilemmas; short-term therapist; short-term therapy; clinical problems; initial agreement; long-term service, 5166
therapeutic time; transference; pretreatment maternal reverie associations; brief therapy; informal trance-like states, 5163
time-limited dynamic group work; health service settings; historical development; student counseling service; young adults; time frame; group work, 5960
time-limited dynamic psychotherapy; interpersonal experiences; therapeutic relationship; transactional processes; interpersonal patterns; maladaptive patterns; training program, 1996
treatment; self efficacy; coping; alcohol dependent patients; group psychotherapy; psychodynamic therapy; short-term psychotherapy; cognitive behavioral therapy; outcomes, 32290
university counseling; intensive short-term dynamic psychotherapy; college students, 33204
young male offenders; anger management therapy; treatment outcomes; brief therapy; group-based therapy; evaluation, 20677

Brief Psychotherapy—Chapters

Assessing patient capacities for therapy: Psychological-mindedness and quality of object relations, 2129
Brief psychoanalytic psychotherapy: A contradiction in terms?, 17019
Case formulation: Determining the focus in brief dynamic psychotherapy, 2125
Constructing interpretations and assessing their accuracy, 2128
Countertransference and its management in brief dynamic therapy, 2127
Defining and identifying alliance ruptures, 2136
Ending therapy: Processes and outcomes, 2123
The ethical challenges of brief therapy, 2137
The evidence: Transference interpretations and patient outcomes—A comparison of 'types'' of patients, 2134
The first interview, 2135
Measuring clinically significant change, 2130
Outcomes and factors related to efficacy of brief psychodynamic therapy, 2133
The power of ground rules, 2132
Termination, posttermination, and internalization of therapy and the therapist: Internal representation and psychotherapy outcome, 2120
The use of the here and now in short-term group psychotherapy, 5239

Brief Reactive Psychosis [See Acute Psychosis]

Bright Light Therapy [See Phototherapy]

Brightness Constancy—Serials

memory for change; responsiveness to change; novelty; brightness change; glucose treatment; age; rats, 469

Brightness Contrast—Serials

luminance; light perception; empirical theory of vision; brightness perception; physical intensity of light stimuli; illusions of simultaneous brightness contrast; neural circuitry, 9595

Brightness Perception [See Also Brightness Constancy]—Serials

dim light melatonin onset; sleep; regular schedule; circadian phase, 3816
edge detection; brightness perception; contrast thresholds; masking; illusory scalloping; spatial frequency, 30618
hues; saturation; brightness; attention; color perception, 21264
luminance; light perception; empirical theory of vision; brightness perception; physical intensity of light stimuli; illusions of simultaneous brightness contrast; neural circuitry, 9595
stimulus duration; brightness; metacontrast masking; stimulus luminance; U-shaped masking functions, 30595

Brightness Perception [See Also Brightness Constancy]—Chapters

Surface completion: Psychophysical and neurophysiological studies of brightness, 15637

Broca's Area—Serials

artificial syntactic violations; Broca region; grammaticality classification task; consonant strings; brain regions; language processing, 24702
Brocas aphasia; verbs; mental lexicon; speech production, 29094
motor excitability; speech perception; brocas area; visual perception; auditory perception; brain regions, 30885

Bromides—Serials

distigmine bromide; acute psychotic disorder; blood-brain barrier; multiple sclerosis; drug therapy, 8624
pyridostigmine bromide; N,N-diethyl-m-toluamide; permethrin; sensorimotor performance deficit; brain; chemicals; acetylcholinesterase activity; dose response; cholinergic system; Sprague-Dawley rats, 12967

Bromocriptine—Serials

bromocriptine; amisulpride; hyperprolactinemia; endocrinological disturbances; galactorrhea; amenorrhea; psychotic symptoms, 32534
latent inhibition; adult males; within-subject paradigm; amphetamine; bromocriptine; schizophrenia; dopamine agonists, 3982
piribedil; bromocriptine; Parkinson's disease; motor function; tolerability, 17198

Bronchial Disorders—Serials

chronic bronchitis; cause-specific mortality; leisure time physical activity; Whitehall study participants; baseline bronchitis status, 4838
movie viewing; humorous film; nonhumorous film; bronchial responsiveness; patients; bronchial asthma; methacholine; epigallocatechin gallate, 29010
panic disorder; respiratory disorders; vulnerability; carbon dioxide; asthma; bronchitis, 1540

Buddhism [See Also Zen Buddhism]—Serials

Buddha; Buddhism; Martin Heideigger; Eastern thinking; Medard Boss; psychotherapy; daseinsanalysis; existential analysis; pragmatics; psychology; philosophy, 10084
Buddhism; coping strategy; anxiety; cheerlessness; problem solving; NEMBUTSU, 4211
Buddhism; vegetarianism; diet, 34457
Buddhists; Buddhism; influence, 31339
neuroscience; buddhism; biobehavioral sciences; brain; selective attention; sustained attention; emotions, 34040
spiritual self-schema therapy; 3-S therapy; cognitive psychology; Buddhist psychology; self-schema theory; intervention; illicit drug use; HIV risk behaviors; inner city injection drug users, 35862

Buddhism [See Also Zen Buddhism]—Books

Psychology and Buddhism: From individual to global community, 830

Buddhism [See Also Zen Buddhism]—Chapters

Buddhism, psychology, and addiction theory in psychotherapy, 2526
Buddhist empowerment: Individual, organizational, and societal transformation, 835
Buddhist social principles, 834
Classical Buddhist model of a healthy mind, 838
dand Buddhism, 840
Environmental problems and Buddhist ethics: From the perspective of the consciousness-only doctrine, 842
Five manifestations of the Buddha in the West: A brief history, 832
On the path of the Buddha: A psychologists' guide to the history of Buddhism, 833
On the path to peace and wholeness: Conclusion to Psychology and Buddhism, 837
The role of religion and spirituality in community building, 839
Suffering from biobabble: Searching for a science of subjectivity, 843
Transcending self and other: Mahayana principles of integration, 836
Value and meaning in Gestalt psychology and Mahayana Buddhism, 841

Buddhists—Serials

Buddhists; Buddhism; influence, 31339
Hindus; Buddhists; psychotherapy; children; adolescents; family, 11371

Buddhists—Chapters

Buddhist social principles, 834
Environmental problems and Buddhist ethics: From the perspective of the consciousness-only doctrine, 842
Five manifestations of the Buddha in the West: A brief history, 832
On the path of the Buddha: A psychologists' guide to the history of Buddhism, 833
On the path to peace and wholeness: Conclusion to Psychology and Buddhism, 837

Budgets—Serials

box office effects; film critics; star power; budgets; films, 14847
Euarsian beaver; time budgets; Castor fiber; behavior; sex differences, 12766
federal budget; financing; mental health services; budget allocation; mental health policy; mental health programs; resource indicators; mental health; countries, 11807
federal budget; financing; mental health services; budget allocation; mental health policy; mental health programs; resource indicators; mental health; countries, 11786
federal budget; financing; mental health services; budget allocation; mental health policy; mental health programs; resource indicators; mental health; countries; conceptual models, 11797
money management behavior; college students; social psychological variables; financial debt, 16020
money; mental health care; budget; allocations, 8734
social influence; integrated marketing communications; consumer attitudes; sales promotional activities; brand managers; effectiveness, 20987

Bulimia—Serials
anorexia nervosa; bulimia nervosa; clinical treatment; recruitment rates; clinical treatment trials, 9542
anorexia nervosa; bulimia nervosa; eating disorders; pathophysiology; phenomenology; risk factors, 25992
anorexia nervosa; bulimia nervosa; mothering; maternal-child interaction; autism; Aspergers syndrome; self-starvation; adolescent girls; infant psychology; genetic factors; binging; purging; self, 35137
anorexia nervosa; bulimia nervosa; parental dyadic adjustment; eating disorder; daughters; depression; anxiety; dyadic cohesion; family burden, 13830
anorexia; bulimia; puberty; adolescent outpatients; psychosexual state; menarche; sexual attitudes, 1736
anorexia; eating disorders; bulimia, 35149
anticipatory effects; food exposure; Bulimia Nervosa; binge; cephalic phase response, 35147
autobiographical memories; patients; treatment; bulimia nervosa; retrieving; response latencies, 35146
body dissatisfaction; nonobese patients; bulimia nervosa; obese patients; binge eating disorder; drive for thinness; maturity fears; depression; comorbidity, 1729
body dissatisfaction; perfectionism; self esteem; bulimic pathology development; etiologic models, 26004
body fat ideals; body fat perception; men; eating disorders; anorexia nervosa; bulimia nervosa, 11113
brain serotonin 1A; receptor binding; bulimia nervosa; selective serotonin reuptake inhibitors; pharmacologic treatment, 29391
bulimia nervosa; anorexia nervosa; eating disorders; genetics; affected relative pairs; twins, 22766
bulimia nervosa; childbirth; major depression; eating disorders; increased risk; cognitive behavior therapy; psychopathology, 1731
bulimia nervosa; cognitive behavioral group therapy; self help; eating disorders, 23086
bulimia nervosa; cognitive behavioral therapy; clinical significance; treatment outcome, 23170
bulimia nervosa; cognitive-behavior therapy; weight change; body mass index, 25988
bulimia nervosa; comorbidity; avoidant personality disorder; behavioral inhibition; serotonin; social submissiveness, 16350
bulimia nervosa; dietary subtypes; dietary-depressive subtypes; symptoms; social impairment; comorbidity; course; eating pathology; response; treatment seeking; concurrent & predictive validity; women, 1737
bulimia nervosa; fluxoetine; open trial; adolescent treatment; treatment tolerability; treatment efficacy; supportive psychotherapy; binge eating frequency; purging; treatment outcomes, 2185
bulimia nervosa; inpatient treatment; eating disorder; comorbid personality disorders; treatment resistant bulimia, 14453
bulimia nervosa; major depressive disorder; dysthymia; comorbidity, 26000
bulimia nervosa; placebo-controlled trial; topiramate; drug efficacy, 11498
bulimia nervosa; public opinion; treatment effectiveness evaluation; self-help interventions; counseling, 25997
bulimia nervosa; self help intervention; cognitive-behavioral therapy; eating disorder; CD-ROM, 23087
bulimia nervosa; topiramate; binge; purge; antiepileptic drug; outcomes, 11502
bulimia-type anorexia nervosa; serotonin neuronal pathways; 5-hydroxytryptamine, 25987
bulimia; epidemics; college students; peer pressure; model; women, 8086
bulimic disorders; eating attitudes; eating pattern; eating habits; dieting; culture bound syndromes, 1730
bulimic pathology; depression; substance abuse; comorbidity, 10679
cognitive deficits; eating disorders; anorexia nervosa; bulimia nervosa; neuropsychological deficits; psychosocial development, 25994
cognitive flexibility; anorexia nervosa; bulimia nervosa, 28962
comorbid bulimia; binge eating; impulsivity; reward sensitivity; alcohol abuse/dependence; bulimic women; Card Arranging Reward Responsiveness Objective Test; validity; etiology, 10708
compulsive traits; impulsive traits; serotonin; bulimia nervosa, 1697
coping styles; bulimic patients; personality disorders; coping inventory; Argentineans; depression, 28787
crisis intervention; bulimia nervosa; relapse prevention strategies; eating disorders; cognitive-behavioral therapy, 23171
diabetic females; recurrent binge eating; bulimia nervosa; integrated inpatient therapy, 1351
dietary restraint patterns; cognitive-behavioral therapy; bulimia nervosa; Eating Disorders Examination Restraint subscale; Three-Factor Eating Questionnaire Cognitive Restraint scale, 24183
disgust sensitivity; bulimia nervosa; amygdala; occipitotemporal visual cortex; brain-physiological responses; fear; visual stimulation; functioning magnetic resonance imaging, 35151
dual pathway model of bulimia; sociotropy; body dissatisfaction; internalized societal pressures; dietary restraint; negative affect; need for approval; fear of social rejection, 1732
eating disorder; anorexia nervosa; bulimia nervosa; diagnosis; eating disorder not otherwise specified, 35153
eating disorders; anorexia nervosa; bulimia nervosa; binge eating disorder; resources; patients with eating disorders; recognition; treatment; prevention; research, 28959
eating disorders; bulimia nervosa; eating disorder professionals; food amount; binge eating, 13834
eating disorders; bulimia nervosa; women's beliefs, 28955
Eating disorders; depression; bulimia; weight control strategies,, 4536
eating disorders; environmental factors; bulimia nervosa; genetic factors; psychological effects; physical appearance; symptom development; health care policy, 19805
eating disorders; mother-daughter relationship; anorexia nervosa; bulimia nervosa; binge eating; depression; bottle-fed daughters, 4799
eating disorders; research; Bulimia Nervosa; treatment; nosology; genetic factors; brain imaging; behavioral disturbance; anorexia nervosa; binge eating disorder, 35156
eating disorders; treatment; psychological interventions; bulimia nervosa; anorexia nervosa, 5100
family interactions; prediction; symptom variation; adolescent girls; bulimia; family systems theory; stress theories; daily hassles; family environment, 4808
family-based treatment; bulimia nervosa; anorexia nervosa; adolescents; binge eating/purging anorexics, 2069
femininity; dualistic constructions; bulimia; anorexia; health professionals; eating disorder; binary logic; discourse analysis, 32050
gastric function; bulimia nervosa; minimal distending pressure; stomach, 8094
gene polymorphism; serotonin receptor gene; bulimia nervosa; anorexia nervosa; nucleotide polymorphism, 28947
ghrelin; leptin; food ingestion; bulimia nervosa; binge-eating; compensatory behaviors; eating behavior; outpatients; insulin; glucose; food intake; females, 8090
guided self-change; bulimia nervosa; cognitive behavioural therapy; treatment effectiveness, 5206
health care costs; hospitalization; anorexia nervosa; bulimia; patients, 14450
healthy weight; body weight; bulimia; obesity; public health, 29508
herbal remedies; health care system; female adolescents; anorexia nervosa; eating disorders; bulimia nervosa, 20424
immunoreactive level; G protein; peripheral mononuclear cells; patients; anorexia nervosa; bulimia nervosa; mononuclear leukocytes, 13838
latent structure of DSM-IV eating disorder symptoms; anorexia; bulimia; binge eating disorder; eating disorder not otherwise specified; factor analysis; taxometric analysis, 26001
major depression; bulimia; pathology; preventive intervention; adolescent girls; cognitive-behavioral intervention; body dissatisfaction; negative affect; dieting; symptoms, 8427
Minnesota Multiphasic Personality Inventory; psychopathology; eating disorders patients; anorexia nervosa, restricting subtype; anorexia nervosa, bulimic subtype; bulimia nervosa purgative, 19811
nutrition expertise; eating disorders; anorexia nervosa; bulimia nervosa; binge eating disorder; medical nutrition therapy; education; subclinical eating disorders; obesity; dieting, 32049
obesity; children; adolescents; binge-eating disorder; BED; weight-loss treatment; objective bulimic episodes; bulimia, 4800
parent experience; eating disorders; anorexia nervosa; bulimia nervosa; parents interactions; health professionals, 28954
parental bonding; bulimic psychopathology; mistrust beliefs; abuse beliefs, 19816
personality characteristics; emotional eating; cognitive characteristics; purging anorexics; bulimics; external eating; body dissatisfaction, 13844
personality characteristics; restricting anorexia nervosa; binging purging anorexia; purging bulimia nervosa; eating disorder patients, 11117
personality traits; eating disorder treatment; bingeing anorexia nervosa; purging anorexia nervosa; bulimia nervosa, 16556
personality traits; treatment outcome; bipolar II disorder; major depression; drug therapy; bulimia nervosa, 25521
potassium level; bulimia nervosa; anorexia nervosa; weight-regulating practices, 35141
prevalence; DSM-IV personality pathology; bulimia nervosa; binge eating disorder; obesity, 7772
psychiatric comorbidity; inpatient treatment history; bulimia nervosa; psychopathology; psychiatric inpatient treatment; psychotherapeutic inpatient treatment; suicide attmempts; underweight, 13841
psychoanalytic treatment; bulimic women; symbolization; transference; therapeutic object relationship, 29304
psychometric properties; Eating Disorders Inventory; binge eating disorder; bulimia nervosa; treatment, 172
psychotherapy; bulimia nervosa; research design; research methods, 27404
self report; competencies; problems; adolescent girls; eating disorders; anorexia nervosa; bulimia nervosa; psychopathology, 13829
self-beliefs; core beliefs; specific cognitions; eating; body shape; weight; bulimia, 19808
self-determination; sociocultural influences; body image; risk factors; bulimic symptoms; women, 16564
self-report; interview assessment; bulimic behaviors; adolescents, 9534
sertraline efficacy; drug therapy; bulimia nervosa; psychopathology; depressive symptoms, 26431
treatments; bulimia nervosa; clinician recommendation; health care providers, 11349
women; beliefs; risk factors; bulimia nervosa; eating-disordered behavior, 25996

Bulimia—Chapters
Eating disorders, 1970
A guided-imagery treatment approach for eating disorders, 23325

Bullying—Serials
academic achievement; academic functioning; classroom environment; learning behaviors; school psychology; student engagement; bullying; Cognitive Abilities Scale, 23773
academic achievement; special educational needs; primary school children; socioeconomic status; social exclusion; bullying behavior, 23896
adolescent bullying; peer relationships; psychological well-being; gender-atypical behavior; gender role, 25080
adolescent peer group; school violence prevention programs; school bullying; social problem; violent acts; American high school, 7999
aggressive victims; passive victims; bullies; developmental continuity; developmental change; developmental pathways, 16016
authoritarian fathers; adolescent children; power values; authoritarian parenting; bullying behaviors; conformity values; power; tradition; self direction values; universalism values; Israeli fathers, 13238
brief therapy; solution focused therapy; bullying; secondary school age pupils, 14080
Bully Busters; psychoeducational intervention; bully prevention program; middle school students; bully intervention skills; teachers' self-efficacy; students' classroom bullying behaviors, 33086
bullying behaviour; anti-bullying programs; theoretical perspectives; schools, 36195
bullying behaviours; school; roles in bullying; victim status; peer support; large-scale intervention studies, 31898
bullying; adolescent victims; bully nonvictims; agression; social skills; cooperation; self control; assertion; friendship characteristics; self-report; interpersonal conflict management, 4679
bullying; childhood aggression; aggressive behavior; victimization, 28816
bullying; emotions; guilt; shame; moral disengagement, 4700
bullying; fifth graders; sixth graders; seventh graders; parochial school, 9023
bullying; peer victimization; linear mixed models; change in dominance, 3281
bullying; personality-disordered patients; high-secure hospital; staff perceptions; aggression; bullying causes; patient perceptions, 22629
bullying; primary schools; post-primary schools; primary pupils; post-primary pupils, 30052
bullying; social identity; group norms; distinctiveness threat; children's attitudes, 19622
bullying; student attitudes; risk factors; school grade; gender differences; social class, 25834
bullying; victim problems; machiavellianism; self-efficacy; Greek primary school children, 25769
bullying; victimization; educational settings; peer ecologies; school psychologists; school service professionals; parents; prevention; intervention, 4711
bullying; victimization; friendship; loneliness; males; females; gender, 13694
bullying; victimization; friendship; loneliness; males; females; gender, 22622
bullying; victimization; intervention program; cognitive abilities; evaluation, 13764

caregiver-child relationships; Internet users; online harassment; psychosocial characteristics; bullying; aggressive behaviours; substance use; delinquency, 25855
childhood bullying; victimization; long-term consequences; coping strategy; appraisal; adult distress, 22075
cohabitation; education level; occupation status; psychiatric outpatients; bullying; peer rejection; psychosocial adjustment, 25511
college bullying; students; teachers; gender differences, 25783
conflict resolution skills; student views; bullying; student-teacher collaboration; adolescent students, 2819
elementary school children; attitudes; group norms; bullying; gender differences; classroom level norms, 25843
gender differences; higher education; bullying; organizational structure, 30065
hostility; adolescents; violence; media use; television viewing; bullying; fighting; electronic game playing, 28822
peer bullying experiences; bullying; sibling victimization; behavior problems; secondary school children, 25853
personality correlates; neuropsychological correlates; bullying behavior; psychopathology, 25785
playground climate; lunchroom climate; bullying; bullying prevention programs; psychometrics; social functioning; behavioral functioning; Playground and Lunchroom Climate Questionnaire, 3233
prosocial behavior; peers; antisocial behavior; perceptions; children; bullying; victims; Child Social Behavior Questionnaire, 1020
psychiatric trainees; workplace bullying, 32907
psychosocial correlates; bullying behaviors; peer victimization; prevention; intervention planning, 4683
school bullying prevention activities; school principals perceptions; school practices; elementary schools, 33032
school bullying; bullying prevention program; elementary schools; school modification; aggression; victimization, 5958
school bullying; child attitudes; group status; rule legitimacy; rule consistency, 34351
school bullying; Italian schools; intervention programmes, 20852
school bullying; youth violence; definition; measurement; methodology; prevention; intervention; policy, 4685
sexual competition; girls popularity; girls friendship; bullying; school attendance; school transfer, 36179
social support; urban middle school students; victims; bullies; bully-victims; perceptions; frequency, 4691
state laws; prevention policies; school children; bullying, 4696
work place; cortisol profiles; psychosocial distress; mobbing; physical health; psychological health; employee absenteeism; staff turnover; HPA axis, 19608
workplace bullying; participant roles; work environment, 6076

Bullying—Chapters

The effects of school violence on the psychological adjustment of Korean adolescents: A comparative analysis of bullies, victims, and bystanders, 5939
ToM goes to school: Social cognition and social values in bullying, 7450

Bupropion—Serials

adolescent smokers; nicotine patch; bupropion; treatment efficacy, 32787
bupropion SR; health care system; smoking cessation treatment; screening; managed-care setting; field trial recruitment; behavioral cessation programs, 11917
bupropion SR; mood dimensions; major depression; therapeutic effects; anhedonia; anxiety; anhedonia; positive affect; dopaminergic effects; depressed outpatients; catecholaminergic effects, 17088
bupropion SR; nicotine dependence; smoking cessation counseling; comorbid ADHD; tolerability; adolescents, 14055
bupropion SR; Zyban; nicotine dependent smokers; smoking cessation; veterans; applicability; side effects; prescribing, 26727
bupropion sustained release; fatigue symptoms; cancer patients, 35623
bupropion; amphetamine; apomorphine; methamphetamine; nicotine; self-administration; rats, 10035
bupropion; apathy management; depression; organic brain disease, 23227
bupropion; attention deficit hyperactivity disorder; drug therapy; Irritability, fidgety; impulsiveness; aggressive behavior; side effects; abuse potential, 23255
bupropion; pathologic gambling; drug efficacy, 11470
bupropion; sexual dysfunction; fluoxetine; hypersexuality, 5272
cigarette craving; cue induced craving; anterior cingulate cortex; bupropion; brain metabolic activation; smokers, 26192
dopamine transporter; norepinephrine; bupropion SR; depression; smoking cessation; positron emission tomography, 741
dopamine transporter; smoking cessation; receptor polymorphism; bupropion; tobacco smoking; drug therapy; genetics, 2508
glucose tablets; tobacco withdrawal symptoms; smoking cessation; abstinence; glucose; bupropion; withdrawal symptoms; nicotine replacement, 14485
mania; Bupropion therapy discontinuation; smoking cessation, 19389
paroxetine; bupropion; cardiovascular responses; neuroendocrine responses; depressed patients; stress, 23303
pathological gambling; impulse control disorder; bupropion; treatment, 35496
premenopausal women; bupropion sustained release; hypoactive sexual desire disorder, 26428
serum sickness-like reaction; bupropion therapy; pediatric patient; attention deficit disorder with hyperactivity; immune hypersensitivity reaction; drug side effects, 29399
sexual dysfunction; bupropion; serotonin reuptake inhibitor; side effects; testosterone; major depression, 17034
sleep deprivation; sustained-release bupropion; seizures; generalized tonic; smoking cessation; tonic-clonic seizure; female smoker, 5324
smoking withdrawal; smoking cessation; withdrawal; pharmacotherapy; nicotine patch; bupropion, 2519
tobacco dependence; mesolimbic dopaminergic system; nicotine replacement therapy; bupropion; pharmacological treatment; smoking cessation; non-nicotine medication; antidepressant; cigarette smoking, 14478
tumor necrosis factor-alpha; treatment implications; inflammatory process; medical illness; bupropion; mirtazaine, 11655

Burnout [See Occupational Stress]

Burns—Serials

attribution of responsibility; self-blame; other-blame; acute stress disorder; burn victims, 19541
burn patients; physiological recovery; resuscitative rehabilitation; acute rehabilitation; long term rehabilitation; psychological needs; emotional needs, 35220
hypnotherapy; procedural pain; state anxiety; physiotherapy; anxiety; burn patients, 23335
hypnotic induction; virtual reality; decreased pain; virtual reality; burn injury; anxiety, 14247
pain control; severe burns; morphine; postoperative pain; treating pain; undertreatment of pain; burn pain, 32103
psychometrics; Child Stress Disorders Checklist; acute stress; posttraumatic symptoms; traffic accidents; children; burns; test validity, 18138
second-degree burns; self inflicted burns; crushed garlic; work exemption; garlic induced burns; factitious dermatitis, 16611
serotonin syndrome; drug side effects; linezolid; drug therapy; burns; polypharmacy; fluoxetine; monoamine oxidase inhibitors, 29494
trauma related surveys; sociodemographic variables; psychological health; burn patients; health evaluations; trauma; personality traits; distress; posttraumatic stress disorder; patient reactions, 13555
virtual reality treatment; virtual environment; burn pain; virtual reality; pain management; analgesia; burn patient; burn pain, 14204

Buses [See Motor Vehicles]

Business—Serials

affirmative businesses; sheltered workshops; Voices, Opportunities and Choices Employment Club; VOCEC impact; employment outcome; well being outcome, 17463
artificial neural networks; production scheduling; business applications, 9272
atypical antipsychotic drug costs; antipsychotics; prescription drug costs; health care costs; medical costs; medication; mood stabilizers; psychiatric medications, 23240
automatic teller machines; electronic self service system; merger; banking services; business; financial transactions; human computer interaction; procedural knowledge, 21013
automotive manufacturing industry; industrial logic design, 9220
B2B simulators; Java-based soccer; strategic differences; dispute resolutions; electronic business; business-to-business processes; soccer strategy, 17827
brand image; protective effects; brand management; accessibility-diagnosticity; shielding effects; manufacturing quality; countries-of-origin; global manufacturing; strong brands; weak brands, 3010
business automation; intelligent systems; software tools; business rules; expert system; knowledge base management systems; verification testing, 17973
business cycles; threshold nonlinearities; knowledge spillovers; firm payoff, 31305
business teams; business teams performance; team performance; connectivity; positivity; negativity; nonlinear dynamics model, 20950
business transfer; transfers of undertakings; human resource management; terms and conditions of employment; employment rights; transferred workers; transferee employer; employment relations, 36281
business trips; travel stress; stress management; coping strategies; business travelers; family; organization; cross cultural differences, 20938
case-based reasoning; intelligent systems; comparative shopping; web service; mobile commerce, 33388
change management; short sightedness; apathy effects; denial effects; social responsibility; assumptions; training & management, 30230
coaching business; business management; professional coaches; therapists, 32873
collaborative relationships; joint venture; corporate philanthropy; cross-sector alliances; nonprofit organizations; social alliances; related marketing, 14796
competency requirements; managerial development; manufacturing; assembly; material processing functions; organizations, 27049
Confucian ideology; conflict strategies; Chinese family business; dual-concern conflict; conflict management, 34481
contract choice; offshore contracting; software development; software outsourcing; project profits; software vendors; vendor characteristics; client characteristics; project characteristics, 14783
corporate reputation; bottom line performance; business benefit; corporate social responsibility; stakeholders; corporate governance; reputation management, 33225
cultural differences; Chinese society; Chinese management; error communication; hierarchical structure; bureaucracy; Chinese companies; business organizations; employees; joint ventures, 7608
customer satisfaction; service provider; wallet share; business to business environment; repurchase intention; actual repurchase; mouth word; managers; market share; consumer behavior, 9184
customers; business-to-business services; switching behavior; word of mouth; loyalty; national culture; Japanese companies; American companies, 30262
efficient consumer response; competitive environment; business environment; industry concerns; Japanese businesses, 30260
electronic commerce; automobile dealerships; adopter categories; Web site maturity; strategic understanding; technological understanding; retailing, 17936
embryonic stem cells; business; economics, 33991
employee practices; business improvement; managers; initiatives; firms; employees, 30220
experimental oligopolies; competition; Cournot markets; industry, 36379
export information; information use; competitive advantage; business performance; decision making, 12350
family-owned businesses; adjustment strategies; business development; family resources; family managers; business life cycle, 12280
foreign expansion; service industries; human capital intensity; foreign entry mode; expatriate staffing decisions; seperability, 23952
foreign trade; cigarette exports; press coverage; trade policy; United States media, 18883
gender composition; occupation; industry; working women; alcohol consumption, 27020
gender gap; small business success; urban community; rural community; place-specific theories, 23951
gender identities; tourism industry; leisure industry; overseas tour reps; sexualization; masculinities; femininities, 36335
human resource management; learning factory model; automotive component industries; manufacturing; human capital, 36279
human-computer interaction; computing technology; management information systems; government; businesses, 33378
imputed costs; semiconductor equipment; supply chain; capital goods; order fulfillment; purchase order; shared forecasts; management decision making; economics, 14754
integrated manufacturing; company performance; empowerment; manufacturing technology; just in time inventory control; total quality management; manufacturing companies; job enrichment; employee skill, 33299
interest assessment; business careers; Business Career Factors Inventory; psychometrics, 30506
international linkage strategy; electronics industry; multinational experience; joint ventures; strategic alliances; acquisitions, 36362
Internet adopter attitudes; Internet stock trading; demographic profiles, 33358
interorganizational relationships; buyer-seller relationships; knowledge productivity; software firms; flexibility effects; innovation; strategic value creation; trading partners, 24028
labor turnover; management retention strategies; manufacturing plants; labor management relations; transnational companies; management decision making; political economy, 36293

management decision-making; interpretation process; business communication; metaphors unreliability; business; costs; benefits, 31074
market orientation; relationship marketing; marketing strategies; account management, 30269
marketing communication; e-business; Internet; brand values; customer behavior; service delivery, 30271
marketing communications; Web site capabilities; Internet sales performance; navigability; interactivity; multimedia design, 6117
marketing strategy; manufacturing industry; senior managers; organizational strategies; operations strategy; technology strategy; organizational performance, 30252
Mexican immigrants; industrial skill descriptions; communications; construction; industrial service; manufacturing, 5965
moral theories; siting controversies; involuntary risks; rights, 36543
on-line retailing; distribution channels; communication channels; competitive Internet businesses; retailing organisations; business expansion; managers attitudes, 30121
organization theory; strategic behavior; social pressure; firm rethinking; moral community; sociology; political science; social psychology; ethnology, 9126
organizational change; organizational conditions; management; manufacturing plants; work practices; group dynamics; teamwork failure; workplace; social condition, 9135
organizational constraints; innovation; alliance formation; technological distance; local search; knowledge recombination; inventor mobility; geographic proximity; patent citation patterns, 2939
organizational creativity; models; technological creativity; organizational structure; competition; market demands; new products, 12314
participation; reflection; integration; business; lifelong learning; employment; key skills; curriculum; perception; graduate attributes, 36187
patronage preferences; shopping preferences; World Wide Web; online business; U.S. Hispanic market, 33350
personal relations; bargaining game; decentralized market; trading links; market embeddedness; equilibrium prices; agents values; trade, 24062
pharmaceutical industry; marketing methods; ethical dilemmas; marketing practices; ethical strategies; educational programs; competing interests; undue influence; profit motive; patient care, 32887
political economy; imprisonment; western democracies; affluent capitalist democracies; 1960-1990; business cycles, 35914
private capital formation; business veto; investment confidence; Swedish social democracy; reformist governments; stock markets; currency; domestic investment patterns; reformist governments, 16079
public drug dealing; urban environment; quality of life; demographic characteristics; ecological characteristics; visible drug sales; business location; neighborhoods; resident attitudes, 22145
reason based choice; stock market; investment decisions; individual investors; stocks; stock clubs; group investors; group decision making, 14824
relation-based governance; rule-based governance; business transactions; transaction costs; dichotomous governance systems, 30166
relationship orientation; business relationships; e-business; e-relationships; small firms; marketing, 6046
remote viewing; real estate; Eastern psychology, 33900
scenarios; integrated risk management; management tool; business; real option analysis; scenario planning, 23989
skilled business people; immigration policy; entrepreneurial investors; coethnic businesses; entrepreneurial program, 31307
small business assistance schemes; public policy makers; academics; researchers; entrepreneurship; economic advancement, 27025
social status; outcome favorability; procedural fairness; desire for future interaction; business interactions; higher status parties; lower status parties; exchange relationships, 12286
socio-economic factors; culture; e-commerce development; infrastructural factors, 30294
statistical power; structural equation models; business research, 21219
stock market dynamics; internet price competition; discount rates; pricing objectives; internet stocks; hybrid e-tailors; existing customers; financial markets, 9201
system design; human factors engineering; cognitive task allocation; manufacturing systems; organizations, 36474
system dynamics; decision support systems; information systems; business needs, 33399
trust; corporate social responsibility; business; corporate citizens, 33303
user acceptance determinants; Internet banking services; distribution channel; products; services; business; financial institutions; Internet technologies; customer decisions, 3068
wage discrimination; foreign competition; interindustry concentration; import penetration; domestic competitions; racial wage disparity, 30110
women microentrepreneurs; microenterprises; business ownership; poverty reduction; entrepreneurial abilities; business experience, 28307

Business—Chapters

How can we understand one another if we don't speak the same language?, 17777
Organizational processes of resource partitioning, 6055
Youth gambling: The casino industry's responsibility, 2986

Business and Industrial Personnel [See Also Architects, Blue Collar Workers, Sales Personnel, Service Personnel, Skilled Industrial Workers, White Collar Workers]—Serials

employment relations; industrial societies; work arrangements; valued resources; nonstandard work; flexibility; collective control; labor market segmentation; workplace effects, 24016

philosophy training; introductory philosophy course; management development; business environment; management students; uncertainty; historical approach; analytical approach; literary approach, 26908
reflection; education degree; career achievements; work assessment; business undergraduates; story telling, 23809
Revised Approaches to Studying Inventory; psychometric properties; structure; management education; learning styles research; approach to learning; management undergraduate students, 33592
teaching mthods; learning methods; importance ratings; faculty; university business students; active-like techniques; passive-like techniques; student preferences; situational requirements; survey, 26906
tourism; student tourism; MBA study mission; international student market; student perception; host countries, 14677
undergraduate business & management course; collaborative assessment; transferable skills; student performance; student values; student attitude; lecturer values, 9476
undergraduate business students; workaholism; self-esteem; motives for money, 25325
Businessmen [See Business and Industrial Personnel]
Buspirone—Serials
buspirone treatment; alprazolam treatment; startle potentiated startle response; rats, 24797
buspirone; delayed gratification; serotonin; dopamine; hippocampus; nucleus accumbens; prefrontal cortex; impulsive choice; rats, 27915
central serotonergic tone; neuroendocrine responses; sensitivity responses; central amine receptor; migrane; buspirone, 13859
imipramine; buspirone; panic disorder; benzodiazepine; anxiety; depression, 2214
one-trial tolerance effect; elevated plus-maze test; anxiolytic action; male Wistar rats; chlordiazepoxide effect; drug state, 718
social instability; female rats; anxiety; buspirone efficacy; social stress; anxiolytic efficacy; individual housing, 27894
social isolation; buspirone; anxiolytic efficacy; male rats; male mice; human males; social support; social factors, 10017
Buying [See Consumer Behavior]
Cadres [See Social Groups]
Caffeine—Serials
atypical antipsychotic; drug dosage; smoking; caffeine; mental illness, 29321
caffeine anaphylaxis; toxic dementia; caffeine allergy symptoms; cerebral allergy; attention deficit hyperactivity disorder; caffeine withdrawal; allergic reaction, 1810
caffeine effects; arousal; cognition; habitual caffeine intake; autonomic measures, 24826
caffeine withdrawal syndrome; social interaction test; mice; N-methyl-D-aspartate receptors; memantine; neramexane, 31012
caffeine; adulterants; street cocaine; Brazil; illicit samples; lidocaine, 4727
caffeine; alcohol hypnotic effects; adenosine receptor blockade; mice; body temperature; righting reflex; SCH 58261; DPCPX, 7276
caffeine; fatigue; cognitive processes; information processing; behavioral effects; EEG; event related potentials; adenosine; dopamine, 3362
caffeine; muscarinic antagonists; haloperidol-induced catalepsy; catalepsy inhibition; rats; synergism tolerance; caffeine repeated administration; trihexyphenidyl; THP; THP synergism, 7234
caffeine; postmenopausal estrogen; Parkinson's disease; PD; postmenopausal hormone; caffeinated drinks; sex differences; hormonal effects, 16734
caffiene; performance-enhancing drug; rats; sex; drug dose; housing; swim task; enriched environment; isolated environment, 7155
dietary caffeine; blood pressure; cardiovascular health, 16719

habitual caffeine use; cognitive change; age-related cognitive decline; verbal memory performance; psychomotor speed, 794
nicotine; cocaine; caffeine; cigarette smoking; tobacco; transdermal nicotine maintenance; reinforcement; tolerance; intravenous administration, 25910
phonological priming; tip-of-the-tongue states; short-term plasticity; word retrieval; caffeine, 21962
soleus H-reflex; moderate intensity exercise; state anxiety; males; caffeine, 13046
stimulatory effect; green tea; caffeine; locomotor activity; SKH-1 mice; oral administration; muscle layer thickness; muscle mass; fat stores; brain monoamines, 10025
stress; caeffine action; investigatory behavior; behavioral inhibition; mouse, 13038
striatal adenosine receptors; schizophrenia; pathophysiology; genetic studies; disease development; vulnerability factor, 13623
turning behavior; caffeine exposure; sensitization; amphetamine; striatal dopamine release; hydroxydopamine-lesioned rats, 702

Cage Apparatus—Serials
environmental enrichment; cage stereotypy; stereotypy development; Amazon parrots, 21474
home cage color; Mus musculus; anxiety; body weight; cage color preferences; food consumption; laboratory mice, 12728

Calcium [See Also Calcium Ions]—Serials
alcohol consumption; calcium; bones; pregnancy; rats, 10008
calcium chloride ionisation; saliva; bitterness perception; calcium binding; total calcium concentration, 24375
D2 receptor; voltage gated calcium channel; quinpirole; nifedipine; olfactory neural receptors; rats, 15696
estradiol; progesterone; radial maze performance; female rats; calcium diet; ovarian steroids; learning; memory; ovariectomized, 21906
GABA type A receptor mediated effects; axotomized neurons; neuronal injury; facial motoneurons; bicuculline; calcium; glutamate; phosphonopentanoic acid; rats, 15592
hippocampal neurons; tumor necrosis factor alpha; cytosolic calcium responses; rat; potassium chloride; AMPA; calcium channel; sleep, 6871
L-type calcium channel activator; dimemorfan; seizures; mice; locomotor activity; drug dosages; BAY k-8644, 31008
lifestyle factors; bone mass; Japanese women; calcium intake; Caucasians; life stages; exercise; nutrition; aging, 11716
mammalian cerebral cortex; calcium signaling; cortical neurons; inositol triphosphate; pyramidal neurons; prefrontal cortex, 21698
maternal ethanol consumption; fetal growth; skeletal development; fetal calcium homeostasis; maternal calcium homeostasis, 33908
mental retardation; protein kinase; hippocampus; long-term potentiation; Angelman syndrome; learning deficits, 22854
spatial distribution; low-voltage-activated calcium currents; ganglion cells; tiger salamander; retinal dendrites, 6903
spontaneous regenerative activity; retinal bipolar cells; rat retina; voltage dependent calcium channels, 6804
superior colliculus; stratum griseum superficiale; calcium-binding proteins; diaphorase; parvalbumin; calretinin; calbindin; dihydronicotinamide adenine dinucleotide phosphate-diaphorase; monkeys, 6990
voltage dependent calcium currents; hippocampal heterotopic neurons; methylazoxylmethanol exposure; rats, 15486

Calcium Channel Blockers [See Channel Blockers]

Calcium Ions—Serials
calcium chloride ionisation; saliva; bitterness perception; calcium binding; total calcium concentration, 24375
inducible repression; amygdala dependent memory; calcium responsive element binding; long term memory; memory deficits, 34032
ligands; voltage sensitive calcium channel modulators; Ions; neuronal membranes; neurotransmission; central nervous system; anticonvulsant effects, 34072
lithium chloride; sodium valproate; calcium ion; dextroamphetamine; therapeutic mechanisms; intracellular calcium; bipolar disorder; platelet calcium; mood stabilizer; second-messenger pathways, 23305
schizophrenia; calcium signaling dysfunction; molecular pathology, 13638

Calculators [See Digital Computers]

Calculus—Serials
mathematic skills, talented females; high school calculus; socioeconomic status; mathematically talented females, 9048

California Psychological Inventory—Serials
California Psychological Inventory; depressive symptom scale; construct validation; discriminant validity; psychometric properties, 33551

Calories—Serials
caloric restriction for longevity; eating disorder; semi-starvation; biogerontology; self-deprivation, 35154
emotions; overweight women; normal-weight women; emotional state; eating; food energy content, 7101
energy density; portion size; food intake; energy intake; gastric distention, 30928
normal brain aging; caloric restriction; synaptic plasticity; life span; neural erosion; calorie intake control; astrocyte volume, 6887
packaged snacks; energy intake; portion size, 34113
perceived deprivation; preoccupation with food; actual caloric intake; fat intake; dieting; adult women, 16567
satiety; energy intakes; caloric beverage; solid food, 34098
spontaneous recovery; conditioned flavor preference; rats; extinction; calories, 24575

Cameras—Serials
television advertisements; video montage; camera cuts; boredom; confusion; phenomenological theory; structuralist theory; stimulus responses, 12348

Campaigns (Political) [See Political Campaigns]

Camping—Serials
personal experiences; team effectiveness; commemorative trek; interpersonal performance factors; work performance factors; mood; satisfaction; group camaraderie; enjoyment, 24059

Camps (Therapeutic) [See Therapeutic Camps]

Campuses—Serials
athletic trainers; health services; student athlete; university health service; intercollegiate athletics; medical record keeping; primary care physician; medical care; training services, 23949
collegiate drinking behavior; binge drinking; blood alcohol concentration; college campus; behavioral outcome; prevention, 31440
mutli-level interventions; alcohol abuse; college campus; transtheoretical model of change; behavior change, 23619
online harassment; university campus; demographic variables; sexual orientation; pornography; email messages; cyberstalking, 19598
psychological sense of community; PSC; personological factors; experiential factors; first-year college students; university communities; student involvement; campus activities; personality traits, 17725
service learning; social justice; campus health; educational environment; health promotion; community colleges; community health, 35698
university branch campus; American higher education; postsecondary learning; Metro University-Park Campus; two-year branch campus; faculty culture; rural campus; academic life, 17611

Campuses—Chapters
Pluralistic ignorance and alcohol use on campus: Some consequences of Misperceiving the social norm, 16237

Cancer Screening—Serials
African American men; income levels; demographic characteristics; experimental subject recruitment efforts; cancer screening trial, 22877
breast cancer; mammography screening; cancer recurrence risk; survival outcomes; detection methods, 35696
cancer diagnosis disclosure; Thai patients; radiotherapy treated patients; information revealation; diagnosis knowledge, 11204
cancer screening; diagnosis; colorectal cancer; experiences; UK Flexible Sigmoidoscopy Trial, 11203
cancer screening; informed decisions; communities; health care setting; decision making; preferences; values; cost effectiveness, 16692
cancer screening; public enthusiasm; cancer detection, 14341
cervical cancer screening; Chinese women; psychosocial factors; screening adherence, 16700
cervical cancer screening; Latinas; physicians referral; health care providers; parallel screening procedures, 32125
clinical breast examination; cancer screening practices; women; preventive services; health care; satisfaction; patient behavior; pap smear; rural residence; ethinicity; rural region, 8660
cognitive impairment; mammographic screening; vulnerable population; older women; breast cancer; screening; medical ethics, 29171
colorectal cancer knowledge; cancer attitudes; behavioral intentions; detection behaviors; United Kingdom; CRC screening; public attitudes; early detection, 11202
community cancer care; psychosocial support; radiation oncology; psychosocial assessment, 9414
coping; anxiety; women; abnormal screening mammogram; distress; psychosocial adjustment, 11602
distress; coping; perceived personal risk of positive biopsy finding; breast cancer; screening; demographic variables; women, 4935
distress; standards; screening; clinical screening programs; computerized quality of life screening; screening instruments; models; economic costs; psychosocial oncology, 5400
educational sessions; precolposcopy education sessions; colposcopy; cervical cancer; Pap smear test; client education, 17133
fecal occult blood test; colorectal cancer screening; self-report accuracy; carpenters, 13900
genetic test results; psychological response; impact of receiving genetic mutation results; women at increased risk for hereditary breast cancer; high-risk breast cancer families, 35234
health beliefs; survivor interest; childhood cancer; screening; tobacco-control procedures; nicotine addiction susceptibility; psychosocial modifying & readiness factors; children's health belief model, 26104
health communications; sensitivity; individual differences; future consequences; persuasive communication; colorectal cancer screening, 28499
health messages; locus of control beliefs; mammography utilization; screening, 29574
Hispanic women; border region; cancer screening practices; mammography; New Mexico; breast cancer; cancer services access; cervical cancer; pap test, 22874
informed consent; health promotion; breast cancer; breast self examination; breast screening program, 32597
informed consent; prostate cancer screening; prostate-specific antigen; African Americans; outpatient clinics; educational level; PSA, 4929
insomnia; cancer patients; criterion validity; insomnia detection; cancer screening; ambulatory oncology clinics, 3150
learning disability; breast examination; care givers; abuse; cancer screening; carers, 29520
mammography adherence; health screening; screening behavior; prevalence rates; health assessment, 11698
mammography screening attendance; direct contact recruitment; effect assessment, 11194
mammography screening; adherence; tailored interventions; older women; breast cancer, 35239
mammography screening; breast cancer; decision-making process; African American women; New England, 17246
mammography screening; medical technologies; breast cancer, 8675
medical decision-making; preventive medicine; cancer screening; patient-clinician partnership, 16702
memory; colonoscopy; patients; decision making, 8686
metastatic breast cancer; major depression; self-report questionnaires; depressive disorder; women, 27317
older women; screening barriers; pap screening; cervical cancer; cervical cancer screening; cervical cancer screening, 8698
pap smear; fecal occult blood testing; cancer screening; mammography adherence; clinical breast exam; low-income women; health care services, 8657
physician characteristics; ethnicity; preventive health services; cancer screening; Korean-American women, 14376
prevalence; biopsy-proven cervical neoplasia; cervical cancer; cervical-cancer screenings; screening intervals; risks; women, 5504
print material content; design characteristics; cancer prevention; program enrollment; Pap test reminder service; registration; acceptability; knowledge; attitudes, 14339
prostate cancer screening; treatment outcomes; decision making; screening accuracy; prevalence, 22881
prostate cancer; screening behavior; risk perceptions; family history, 16701
prostate-specific antigen screening; prostate cancer screening; index consultation; general practitioners; male patients, 5485
relatives; colorectal cancer patients; screening behavior; social interaction; public awareness campaigns, 11627
screening mammography; women; breast cancer; cancer detection rate; US; UK; geographical comparison, 14343
tailored interventions; mammography screening; adherence; breast cancer; older women, 14357
women; family history of breast cancer; at risk populations; breast cancer risk; perception; surveillance behaviors; distress; screening behavior; coping skills; personality; quality of life, 11196

Cancer Screening—Chapters
Affect, thought and self-protective health behavior: The case of worry and cancer screening, 2364
Cancer Screening, 17273

Cancers [See Neoplasms]

Candidates (Political) [See Political Candidates]

Cannabinoids [See Also Tetrahydrocannabinol]—Serials
alcoholism-related phenotypes; glutamatergic neurons; gamma aminobutyric acid; bi-allelic cannabinoid receptor gene polymorphism; alcohol withdrawal-induced seizures; delirium tremens, 14489

amygdala; mRNA expression; corticotropin-releasing hormone; SR141716A cannabinoid antagonist; HU-210 cannabinoid agonist; receptors; neuropeptide Y; behavior; allostatic shift; rats, 9965
anandamide; head twitch response; mice; tetrahydrocannabinol, 15743
anxiety; antinociception; delta9-THC; mice; delta9-tetrahydrocannabinol; cannabinoid & opioid receptors; naloxone; cannabinoid & opioid receptor antagonists, 790
anxiolytic properties; regional cerebral blood flow; functional neuroimaging; cannabinol; anxiolytic properties, 21806
behavioural effects; cannabinoid receptor antagonist; benzodiazepine chlordiazepoxide; emotional reactivity; maze-naive mice; prior experience; anxioselective effect; anxiety, 21902
cannabinoid agaonist CP 55,940; palatable food intake; hindbrain injection; rats, 18774
cannabinoid agonists; cannabinoid receptor; capsaicin-induced responses; human skin; pain perception; hyperalgesia, 22841
cannabinoid analgesia; endogenous cannabinoids; receptor sites; central nervous system; peripheral systems; opiod receptors, 30886
cannabinoid antagonist; SR 141716A; rhesus monkeys; tetrahydrocannabinol; cocaine; ketamine; THC, 754
cannabinoid CB1 receptors; alcohol dependence; stress-stimulated ethanol drinking; CB1 receptor antagonists; mice, 15796
cannabinoid receptor agonist effects; juvenile period; behavioural responses; elevated plus-maze; animal sex difference; adult animal development; peri-adolescent period; food intake, 9953
cannabinoid receptor agonist; neurodegenerative disorders; neuroprotection; intrastriatal injection; Huntington disease; malonate induced striatal lesions; tetrahydrocannabinol; rat models, 15765
cannabinoid receptor agonist; neuroprotective property; traumatic brain injury; brain edema-reducing efficacy; CB1 receptor signal transduction; BAY 38-7271; rats, 7228
cannabinoid receptor agonist; receptor antagonist; behavioural effects; adult male rats; WAY 100635 interaction; 5-HT_{1A} receptors; CP 55,940, 18770
cannabinoid receptor agonist; WIN 55212-2; voltage gated currents; retinal cones; goldfish, 7181
cannabinoid receptor antagonists; SR-141716; open-field behaviors; cannabinoid receptor agonists; (R)-methanandamide; rats, 731
cannabinoid receptors; antagonistic effects; rats; food-reinforced operant behavior; WIN 55,212-2; CP 55,940; Δ^9-THC; SR141716A; cannabinoids; additive effects; inverse agonists, 18730
cannabinoid withdrawal; cannabinoid receptor gene expression; brain; behavioural changes; neurochemical changes, 21889
cannabinoid; receptor antagonist; food-seeking behavior; rimonabant; dopamine D3 receptors; prefrontal cortex; nucleus accumbens; brain reward system; rats, 24669
cannabinoids; lithium-induced vomiting; Suncus murinus; THC; marijuana, 13059
cannabinoids; ondansetron; cisplatin-induced emesis; house musk shrew; drug dosages; receptor antagonist; vomiting; retching, 27910
CB1 cannabinoid receptors; endocytic mechanism, 7212
CB1 cannabinoid receptors; excitotoxicity defense; mice; mutation; central nervous system neurons; hippocampus, 751
epilepsy; treatment; cannabinoid receptors; CB receptor paradox; mammals; endocannabinoid synthesis; anticonvulsant action; proconvulsant action; excitotoxic damage defense, 755
experimental Parkinsonism; anandamide precursor synthesis; functional deficits; endocannabinoid system; Parkinsons disease; N-arachidonamide; anandamide; rats; 6-hydroxydopamine, 24803
gamma aminobutyric acid receptors; cannabinoids; hypothermia; thermoregulation; rats, 24843
immunomodulatory effects; immune cells; cannabinoids; multiple sclerosis; plasma; cytokines; side effects, 5433
information processing theory; psychophysical approach; stimulus durations; neuropharmacology; time discrimination; cannabinoid modulation; temporal processing; attention; rats, 706
inhibitory effect; resiniferatoxin; neuropathic hyperalgesia; rat; Anandamide; receptor agonist; sensory neuropeptides; cannabinoid, 6902
intrinsic activity estimation; cannabinoid CB1 receptor ligands; CP 55,940; delta9-tetrahydrocannabinol; THC; rats; drug discrimination, 711
maternal deprivation; adult depressive profile; mice; cannabinoid exposure; adolescence; socio-sexual interaction, 34165
memory consolidation; dopaminergic mechanisms; memory impairment; anandamide; morphine, 18727
mouse sensory cortex; pyramidal neurons-derived endocannabinoids; afferent inhibitory strength; neuronal synapses; retrograde signaling, 21706
nociceptive behaviour; cannabinoids; morphine; brain monoamines; pain, 34148
noradrenergic pathways; Fos protein; spinal cord; neurotoxic destruction; cannabinoid antinociception; tonic nociception; pain behavior; catecholamine neurotoxin; spinal norepinephrine, 12839
opioid system; cannabinoid; antinociception; emotion like responses; pharmacological effects, 13033
psychotomimetic effects; cannabinoid compounds; psychosis; tetrahydrocannabinol; behavioral effects; cognitive effects; endocrine effects; cannabis use, 31442
puberty; adult; cannabinoid agonist; animal development; sensorimotor gating; recognition memory; progressive ratio operant behavior; locomotor activity; prepulse inhibition; haloperidol; rats, 778
selective antagonist; schizophrenia; anterior cingulate cortex; cannabinoid receptor; cognitive impairment; impaired attention; normal cognition, 13649
selective cannabinoid CB1 receptor antagonist; SR 141716A; serotonin; dopamine; head-twitch response; scratching; rodents; least shrews; 5-HT; brain; biochemical changes; vomiting, 710
sensitivity; tolerance development; reaction latency; operant behavior; cannabinoid receptor blockade; potency; efficacy; WIN 55,212-2; CP 55,940; Δ^9-THC; hypothermia; receptor antagonists, 18731
smoked marijuana; opioid analgesia; cannabis; opioid dose; chronic pain management; cannabinoids; pain modulation; inflammatory pain; neuropathic pain; opioid requirement, 17180
spinal cannabinoid receptors; chronic constriction sciatic nerve injury; neuropathic pain behavior; rats; peripheral nerve injury; hyperalgesia; cannabinoids, 6933
tetrahydrocannabinol; cannabinoid receptor; cannabis; brain, 21854
unconditioned anxiogenic effects; conditioned anxiogenic effects; cannabinoid receptor agonist; social interaction test, 18739
voluntary exercise; cannabinoid CB1 receptor; CB1-receptor inverse agonist; body weight loss; obese mice; lean mice; AM251; CB1R inverse agonist; food intake; genetic models; obesity, 13106

Cannabis [See Also Marijuana]—Serials

alcohol & cigarette & cannabis use; hospital interns; nonconsultant hospital doctors, 11008
alcohol & cigarette & cannabis use; hospital interns; nonconsultant hospital doctors, 1660
alcohol consumption; tobacco consumption; cannabis consumption; French adolescent attitudes; polydrug use, 22672
brain morphology; cannabis abuse; cannabis dependence; recent-onset schizophrenia, 22528
cannabis abuse; nerve growth factor serum concentrations; schizophrenia onset; drug-naive patients, 13537
cannabis consumption; perceived benefits; perceived costs; cannabis dependency; long term frequent users, 10914
cannabis dependence; adolescent precursors, 31941
cannabis dependence; drug users; treatment seeking behavior; service use prediction; comorbid depression, 20616
cannabis extracts; noctural sleep; early morning performance; memory; sleepiness; tetrahydrocannabinol, 24836
cannabis medicinal extracts; neurogenic symptoms; multiple sclerosis; spinal cord injury; phantom limb pain; amputation; analgesia; drug therapy; treatment outcomes; side effects; cannabinoids; THC, 23410
cannabis psychosis; dual diagnosis; causal factors; vulnerability; acute cannabis effects, 10985
cannabis use; psychosis; schizophrenia; vulnerability; lifespan use, 7740
cannabis use; substance use; kava use; inhalant abuse; tobacco use; remote aboriginal populations; substance use patterns; health workers as proxy reporters of drug use epidemiology, 25867
cannabis; alcohol misuse; mental disorders; young people; social exclusion factors, 28858
cannabis; psychosis; causal analysis; risk factor, 28857
cannabis; psychosis; causal analysis; risk factor, 35027
cannabis; smoking; social context; socioeconomic backgrounds; friendship pairs; paired interviewing, 21237
cannbis users; treatment seeking; psychiatric disorders; drug abuse, 28856
comorbid cannabis; panic disorder, 19525
Diagnostic and Statistical Manual; cannabis tolerance criterion; cannabis dependence; adolescents, 19652
doping; recreational drug use; French elite student-athletes; cigarette; alcohol use; cannabis; attitudes, 25234
drinking; driving; cannabis use; Ontario students; injury risk; drunk drivers; driving risks, 16496
drug dosage; risk factors; motor vehicle crashes; cannabis use; driving behavior, 28870
ecstasy usage; cognitive changes; attention tests; memory; long-term cannabis users; impaired memory; story recall; recreational MDMA users, 25872
ecstasy use; drug use; cannabis users; traditional hard drugs; socio-economic characteristic; Norwegian youth, 31944
factor structure; cannabis; cannabis use; cannabid dependence; drug addiction beliefs; adolescent beliefs; adolescents; drug addiction, 31916
long-term heavy cannabis use; cannabis users; US; income level; educational attainment level; cognition; memory; social life; career; physical health; mental health; quality of life; life satisfaction, 8011
motivational interviewing; outcome prediction; practitioner; cannabis use outcome; illegal drug users, 32804
multiple sclerosis; neurological processes; traumatic brain injury; therapeutic potential; Cannabinoid ligands; spinal cord injury; cannabis smoking; sedation; tremor alleviation; pain; CNS disorders, 11237
neutralization theory; risk denial; cannabis use; French adolescents; contemporary societies; risk profiling; ethnographic studies; marijuana smokers; risk culture; unhealthy behaviours, 16029
prepulse inhibition; habituation; acoustic startle response; cannabis users; methylenedioxymethamphetamine; serotonin; serotonergic neurotoxicity, 25902
prevalence; medicinal cannabis use; chronic non-cancer pain, 17206
psychotomimetic effects; cannabinoid compounds; psychosis; tetrahydrocannabinol; behavioral effects; cognitive effects; endocrine effects; cannabis use, 31442
public communication; cannabis policy; federal government; opposition parties; policy documents; legal texts; media reports; call reports, 33409
recreational use; ecstasy users; psychological complaints; obsessive-compulsive behaviour; self-reported psychopathology; psychopathological symptoms; cannabis use; 3,4-Methylenedioxymethamphetamine, 25873
subjective responses; early drug use; cannabis; drug dependence; cannabis dependence; adolescents; young adults, 1650
substance dependence; mental health; somatization responses; ganja smokers; tobacco smokers; cannabis, 31911
tetrahydrocannabinol; cannabinoid receptor; cannabis; brain, 21854
tetrahydrocannabinol; heroin taking; rats; cannabis, 27943
treatment developments; cannabis use disorder; cannabis abuse; cannabis dependence; cognitive-behavioral interventions, 26713
weekly cannabis use; high school completion; early school leaving; mid-adolescence, 16502

Cannibalism—Serials

homosexual men; destruction; violence; anthropophagous fantasy; cannibalism, 31025
mating patterns; female Mediterranean tarantulas; sexual cannibalism; costs; benefits; mating; courtship; mate choice; late-maturation; mating success; aggression, 511
ontogenetic isolation; sibling cannibalism; mites; sibling larvae; predation, 30807

Canonical Correlation [See Multivariate Analysis]

Capgras Syndrome—Serials

folie a deux; incubus syndrome; delusions; comorbidity; capgras syndrome, 7891

Capital Punishment—Serials

capital crimes; neurobiology; brain development; death sentence; developmental biology, 36534
capital punishment; crime; criminal justice majors; criminal justice education, 29999
capital punishment; racial attitude; racial composition; death penalty; White American attitudes, 14942
capital punishment; special offender; factorial survey design; mentally retarded offenders; mental capacity; public policy, 12402
case; Atkins v. Virginia; execution; mental retardation; Eighth Amendment; cruel punishment; US Constitution; mentally retarded defendants, 9313
Charles Singleton; murder; death sentence; mental illness, 33430
death penalty mitigation teams; social histories; multidisciplinary defense team; condemned prisoner; forensic social work; forensic social workers; multidisciplinary collaboration, 9307
death penalty; United States; inmates, 14941
decision-making capacity; developmental immaturity; diminished responsibility; juvenile death penalty; criminal culpability; mitigating condition; adolescence, 6204
guilt; criminal sentencing; legal inquiry; empirical inquiry; capital sentencing, 14940
legal case; Ring v. Arizona; death penalty; Arizona law; sixth amendment; supreme court; dealth decision, 9314
neurological disorders; sentencing decisions; mentally retarded; social workers role; death penalty; penalty mitigation, 11840

nursing: capital punishment; ethics; killing machinery; healthcare personnel; prisons, 17557
priests; American Catholic parishioners; parishioner attitudes capital punishment; public opinion; religious communities; Catholic church, 28199
psychobiographical approach; evaluation; sentence mitigation; punishment; death; mental health evaluators, 12404
Capital Punishment—Chapters
The death penalty and adversarial justice in the United States, 18027
Does media coverage of capital punishment have a deterrent effect on the occurrence of brutal crimes? An analysis of Japanese time-series data from 1959 to 1990, 4724
Capitalism—Serials
capitalism; second language learning; literacy practices; school reform; educational reform, 33119
culture; global market; violence reduction; culturalist discourses; street crime; economic marginalization; capitalist culture; success; stabilization, 24133
fantasy; movies; political metaphor; leftist struggle; capialist machine; socioeconomic process, 19073
fantasy; movies; political metaphor; leftist struggle; capialist machine; socioeconomic process, 19075
gifting practices; interorganizational relations; electronics components; moral economy; capitalist societies, 14779
growing literature; market capitalism; cultural contexts; factor analysis; free market, 16111
relative poverty; capitalist democracies; determinants; pretax/transfer poverty rate; poverty reduction; socioeconomics, 22174
Capsaicin—Serials
cannabinoid agonists; cannabinoid receptor; capsaicin-induced responses; human skin; pain perception; hyperalgesia, 22841
capsaicin; chronic pain treatment; musculoskeletal disorders; placebo, 26499
chronic pain treatment; musculoskeletal disorders; rubefacients; salicylates; acute pain; placebo; drug therapy, 26514
neuronal excitability; trigeminal ganglion; capsaicin; rats; IA currents, 15537
thermosensation; TRPN; Drosophila TRP; cation channel; phototransduction; vanilloid compound; heat sensor; nociception, 324
Captivity (Animal) [See Animal Captivity]
Carbachol—Serials
sleep-related penile erections; rats; carbachol; rapid eye movement sleep; pontine tegmentum, 34154
Carbamazepine—Serials
alcohol withdrawal treatment efficacy; alcohol withdrawal; intoxicated patients; tiapride; carbamazepine; clomethiazole; diazepam, 5692
anticonvulsants; behavioral performance; cortisol levels; carbamazepine; SR-3; fatty acids; seizure control; cognitive impairment, 7243
carbamazepine; drug hypersensitivity syndrome; human herpesvirus 6; reactivation; schizophrenia, 11356
carbamazepine; mianserin; opiate detoxification; treatment efficacy, 35896
carbamazepine; new-onset epileptic seizures; autism spectrum disorders, 35550
carbamazepine; steady-state plasma concentration; haloperidol; schizophrenia, 2239
cerebellar tremors; cognitive impairment; adjunctive therapy; carbamazepine; topiramate, 2217
drug interaction; antiepileptic drugs; felbamate; carbamazepine; mRNA; liver microsomes; rCYP3A4, 3889
focal tonic-clonic seizures; carbamazepine; clonazepam; focal reflex proprioceptive seizures; right hand posture, 11673
lamotrigine monotherapy; carbamazepin; phenytoin; valproate; epilepsy, 11652
lamotrigine; confusion psychosis; neuroleptic treatment; mood stabilizers; carbamazepine; valproate, 23234
low density lipoprotein cholesterol; carbamazepine; lipoprotein-a concentration; triglycerides, 15712
oxcarbazepine; adjunctive drugs; drug administration; antipsychotic treatment; clozapine; carbamazepine; schizophrenia, 32455
oxcarbazepine; adjunctive therapy; bipolar disorder; manic episode; mixed episode, 23216
schizoaffective disorder; lithium; carbamazepine; prophylaxis; treatment; prophylactic therapy, 23208
Carbidopa—Serials
pharmacokinetics; etilevodopa; carbidopa; drug administration methods; levodopa tablets; carbidopa tablets; fluctuating Parkinsons disease, 11638
Carbohydrates [See Also Deoxyglucose, Sugars]—Serials
breakfast; carbohydrate composition; healthy men; blood parameters; complex carbohydrates; simple carbohydrates; satiety; mood, 17249
diet palatability; macronutrient composition; food intake; high-fat diet; high-carbohydrate diet; rats, 7110
endurance exercises; perceived exertion; physiological mediators; ultramarathon; carbohyderate ingestion; perceptual responses; competitive sporting event, 9159
reinforcing value; nicotine withdrawal; carbohydrate snacks; female smokers; cigarette smoking, 3299
Carbon Dioxide—Serials
carbon dioxide hypersensitivity; alcohol abstinence; alcoholics; anxiety disorder; withdrawal; anxiogenic hyperventilation; at risk populations, 19280
carbon dioxide reactivity; eating disorders; panic disorder, 19332
functional somatic symptoms; physiological responses; anxiety; mental stress; respiratory & autonomic responses; breathing; compressed & carbon dioxide enriched air; relaxation; exercise, 8127
functional somatic symptoms; physiological responses; anxiety; mental stress; respiratory & autonomic responses; breathing; compressed & carbon dioxide enriched air; relaxation; exercise, 8134
hyperreactivity; carbon dioxide; paroxetine; reboxetine; panic disorder, 26416
hypothalamic-pituitary-adrenal axis function; neuroendocrine response; cortisol secretion; anxiety; stress inhalation; brain's neuroendocrine response; carbon dioxide, 13090
negative affectivity; neuroticism; fractional concentration; carbon dioxide pressure; hyperventilation, 8167
opioid dependence; tobacco use; ventilatory response; progressive hypercapnia; limited substance use; tobacco smokers; methadone-maintained smokers; hypoxia; carbon dioxide, 13741
panic disorder; respiratory disorders; vulnerability; carbon dioxide; asthma; bronchitis, 1540
Pavlovian conditioning; dyspneic suffocation fear; carbon dioxide concentration; behavioral freezing; analgesia; unconditioned stimulus intensity; panic disorder; conditioned response, 659
serotonergic neurons; midbrain raphe neurons; medulla; central respiratory chemoreceptors; rats; respiratory acidosis, 6987
ventilatory control; idiopathic hyperventilation; physiological variables; psychological variables; chemosensitivity; breath hold time; increased anxiety; depression; carbon dioxide; moderate exercise, 1773
Carbon Monoxide—Serials
nicotine replacement therapy; plasma cotinine; exhaled carbon monoxide; transcutaneous partial oxygen tension; thiocyanate levels; cardiovascular risk markers; cigarette smoking, 5685
nicotine; Japanese smokers; tobacco smoke; carbon monoxide; cigarette smokers; carboxyhemoglobin; males; females; American smokers, 1155
Carbon Monoxide Poisoning—Serials
obstructive sleep apnea; carbon monoxide poisoning; neuropathology; brain; hypoxia; neuropsychology; treatment, 11150
Carbonic Anhydrase [See Enzymes]
Carboxyhemoglobinemia [See Carbon Monoxide Poisoning]
Carcinogens—Serials
antidepressants; carcinogenesis; cancer; tumors, 5350
lactulose; intracolonic acetaldehyde concentration; ethanol elimination rate; colonic bacteria; alcohol dehydrogenase activity; carcinogen; acetylhyde; rats, 10065
N-nitroso compounds; maternal intake; cured meat; pregnancy; risk factors; pediatric brain tumors, 29130
safety standards; risk assessment; drug testing; drug regulations; carcinogenicity; safety standards; harmonisation, 1901
Carcinomas [See Neoplasms]
Cardiac Arrest [See Heart Disorders]
Cardiac Disorders [See Heart Disorders]
Cardiac Rate [See Heart Rate]
Cardiac Surgery [See Heart Surgery]
Cardiography [See Also Electrocardiography]—Serials
ergonomic recommendations; cardiac sonography; musculoskeletal disorders; health; safety; sonographers; Registered Diagnostic Cardiac Sonographers; ultrasound, 32817
Cardiotonic Drugs [See Drugs]
Cardiovascular Disorders [See Also Aneurysms, Arteriosclerosis, Blood Pressure Disorders, Cerebrovascular Disorders, Embolisms, Heart Disorders, Hemorrhage, Hypertension, Ischemia, Thromboses]—Serials
adequate nutrient intake; cardiovascular disease; African Americans; ethical group; racial group; diet quality; dietary patterns; hypertension; insulin resistance syndrome; obesity, 23462
African Americans; congestive heart failure; diabetes; angina; hypertension; hospitalization rates; racial & ethnic disparities; prevention; health policy; primary care; chronic conditions; trends, 14441
angina; dietary advice; food consumption; fruits; vegetables; fatty fish; diet, 35243
anorexia nervosa; leukocyte counts; manifestation factors; starving syndrome; microvascular changes; vascular acrosyndrome, 19814
APOE genotype; cerebral amyloid angiopathy; elderly people; Alzheimer;s disease; risk, 3584
autonomic nervous system; endothelial function; cardiovascular disease; psychosocial factors, 19931
baroreceptor sensitivity; cardiovascular health; cardiac reflex function; biofeedback; blood pressure, 34126
breathing training; anxiety state reduction; hypertension; angina; functional chest disorder; chronic obstructive pulmonary disease; cardiac rehabilitation; optimal breathing pattern; breathing volume, 2275
c-reactive protein; cardiovascular disease; metabolic syndrome; obesity, 16636
cardiac parasympathetic dysfunction; depression; acute coronary syndromes; geriatrics; heart, 19930
cardiovascular disease risk; African American women; training curriculum; disease prevention; rural communities; counseling, 32590
cardiovascular disease risk; diastolic blood pressure; heart rate; spinal cord injuries; hypertensive rats, 6812
cardiovascular disease risk; homocysteine levels; written materials; compliant health behaviors; older adults; behavior modification; Extended Parallel Process Model, 32594
cardiovascular disease; abdominal fat; risk factor; normalweight; sex differences, 29089
cardiovascular disease; cardiovascular risk factors; adolescents; adults, 13903
cardiovascular disease; CVD; risk factor; Special Olympians; Non-Special Olympians; blood pressure; body fat; cholestrol; insulin; mentally retarded athlete; mild mental retardation, 4946
cardiovascular disease; depression; myocardial infarction; risk factor; cardiac mortality; treatment regimen compliance; therapeutic alliance, 34756
cardiovascular disease; women; mental health issues; demographics; mood disorders; anxiety disorders; risks; treatment, 1823
cardiovascular disorder; risk factor; left ventricular hypertrophy; diagnosis, 29081
cardiovascular events; mortality; new-onset diabetes; antipsychotics; schizophrenia, 10782
cardiovascular health; ischemic heart disease; acute coronary syndromes; drug interactions; major depression; psychosocial interventions; cardiovascular & antidepressant drugs; quality of life, 7744
cardiovascular risk factors; marital status; cardiovascular diseases; marriage; marital satisfaction; relationship satisfaction; psychosocial risk factors; lifestyle risk factors; stress, 1822
childhood maltreatment; risk factors; adult cardiovascular disease; depression; traumatic experiences; sex differences, 19249
cognitive functioning; temporary cognitive decline; mild cognitive impairment; Longitudinal Aging Study Amsterdam, 35269
depression; acute coronary syndrome; prognosis; psychological treatment; cardiologists; psychological theories, 19925
depressive symptoms; vascular disease; risk factors; major depression, 26107
dietary caffeine; blood pressure; cardiovascular health, 16719
drug refractory epilepsy; cardiac ischemia; seizures; cardiovascular abnormalities; sudden death; patients, 4954
health care professionals; cardiovascular disease; CVD; eating disorder attitudes; females; thinness drive; body dissatisfaction; CVD risk; primary prevention, 22770
Hospital Anxiety and Depression Scale; coronary care patients; myocardial infarction; test utility, 205
lipids; immune cells; exercise; mental stress; coronary artery disease; adjustment; plasma volume, 16716
lower extremity changes; pain; function; injection drug users; chronic venous insufficiency; behavior, 8022
major depression; risk factor; coronary diseases, 22897
major depressive episode; subjective well-being; mental health status; cardiovascular disease; depression; age; gender; mental illness, 25473
medical policy; chronic disease; cardiovascular disease; health care expenditure, 35703
mental health; physical health; chronic diseases; Mexican Americans; cardiovascular disease; socioeconomic status; cancer risk; psychosocial profiles; sociodemographic profiles; cultural profile, 31677
metabolic disease; perceptual speed; cardiovascular disease; memory; fluency; knowledge; aging; cognitive impairment; risk factors, 4900
metabolic syndrome; cynical hostility; cardiovascular disease; risk factors; cynicism; increased blood pressure; insulin resistance; hypercholesterolemia; abdominal fatness; high density lipoprotein, 29086
migraine with aura; cardiac right-to-left shunting; atrial septal defect closure, 23412

neuropsychological deficits; vascular cognitive impairment-no dementia; cognitive performance; behavioral performance; post-stroke patients, 35315
orthostatic hypotension; de nova Parkinson disease; autonomic cardiovascular impairment, 13923
panic disorder; hyperventilation; cardiovascular morbidity; heart rate; cardiomyopathy; comorbidity, 16459
proxy efficacy; exercise self efficacy; cardiac rehabilitation; exercise intentions; rehabilitation program attendance, 11878
quality of life; at risk population; cardiovascular disorder; intervention; diabetes mellitus; hypertension, 29084
racial differences; cardiovascular disease; cardiac medication adherence; African Americans; Whites, 14269
racial differences; cardiovascular disease; cardiac medication adherence; African Americans; Whites, 14257
social competence model; cardiovascular disease; risk; adolescents; stress; agonistic interpersonal striving; blood pressure, 10233
stress reactions; plasma homocysteine; acute stressor-selective effect; cardiovascular disease; swimming; restrain; cold exposure; novelty; hypothalamic-pituitary-adrenal axis; physiological responses, 12949
stroke; vascular dementia; Alzhemiers disease; vascular risk; hypertension; diabetes mellitus; vascular dementia; coronary artery disease; mortality; Cerebrovascular disease; chronic disability, 22992
subcortical ischemic vascular dementia; regional pattern; N-acetylaspartate loss; subcortical vascular disease; Alzheimer disease; differential diagnosis, 8306
technology; healthcare; community; vascular disease patients; healthcare professionals; information technology, 8706
Type A Behavior Pattern construct; risk factor; coronary diseases; predictive capacity; gender differences; personality correlates; workload; impatience; hostility; fear of negative evaluation, 34726
Y chromosome; gender differences; cardiovascular disease; CVD; risk factors; cigarette smoking; overweight; Pawtucket Heart Health Program; PHHP; lifestyle, 16715
Cardiovascular Disorders [See Also Aneurysms, Arteriosclerosis, Blood Pressure Disorders, Cerebrovascular Disorders, Embolisms, Heart Disorders, Hemorrhage, Hypertension, Ischemia, Thromboses]—Chapters
Depression, trauma, and cardiovascular health, 10692
Use of imagery in the treatment of cardiovascular disorders, 23356
Cardiovascular Reactivity—Serials
alleles; serotonin transporter gene-linked polymorphic region; individual differences; cardiovascular response; heart rate; blood pressure; twins; sex differences; genetics; genotypes, 544
anger expression; essential hypertension; behavioral response; social competencies; cardiovascular reactivity; assertiveness; eye contact, 19934
automatic nervous system regulation; heart rate; electrocardiogram; electrical hypersensitivity, 661
autonomic cardiovascular regulation; anxiety; rehabilitation therapy; regulation parameters; heart rate variability; panic attacks; agoraphobia; panic disorder; total peripheral resistance; inpatients, 25731
autonomic reactivity; public speaking; nervousness; task engagement, 24764
autonomic responses; psychological stress; menopausal status; social support; heart rate variability, 673
baroreceptor reflex; cardiovascular stress responses; chronic fatigue syndrome; systolic blood pressure; speech task, 1788
baroreceptor sensitivity; cardiovascular health; cardiac reflex function; biofeedback; blood pressure, 34126
binge cocaine administration; cardiovascular responses; mean arterial pressure; heart rate; vasoactive substances; rats, 3911
cardiac activity; psychological characteristics; autonomic nervous system; differential education; 8th graders; 10th graders; examination stress, 9022
cardiac output; cerebral blood flow; skin blood flow; peripheral vasoconstriction; total peripheral resistance; cerebrovascular resistance; mean arterial pressure; cold face stimulation; diving reflex, 669
cardiovascular parameters; heart rate; atropine; zatebradine; electrophysiological function; hemodynamic function; dogs, 15751
cardiovascular reactivity; blood pressure; hypertension; work stress, 32098
cardiovascular reactivity; left ventricular mass; blood pressure reactivity; cardiovascular morbidity; ventricular hypertrophy; methodology; mortality; stress, 9554
cardiovascular reactivity; psychological stress; mental arithmetic; cold pressor; Caribbean Americans; African Americans; European Americans, 11208
cardiovascular response; physical stress; psychological stress; female alcoholics; alcohol abstinence, 10969
cardiovascular responses; daily activities; blood pressure; nocturnal nondippers; physical activity level; posture; location; mental activity; interpersonal interaction; mood; civil servants, 20439
cardiovascular responses; neuropeptide y; inflammatory stimuli; rats; inflammatory pain, 18768
cerebrovascular reactivity; major depression; cerebral blood flow; stroke; risk; unipolar depression, 16410
cocaine; cardiovascular effects; intranasal administration; baclofen; reinforcing effects; subject rated effects, 17435
cognitive-behavioral treatment; cardiovascular reaction; neuroendocrine reaction; stress; women; assisted reproduction; autonomic response; systolic blood pressure; heart rate, 8431
cortical electrical activity; cardiovascular responding; cerebral effects; cardiovascular effects; emotional intensity; cerebral system activation; heart rate; blood pressure; covariance, 24614
depressive symptoms; anxiety; hemostatic responses; acute mental stress; recovery; elderly, 25540
dispositional optimism; neuroticism; cardiovascular reactivity; female college students; psychological stress; anxiety, 34685
educational attainment; John Henryism; cardiovascular reactivity; recovery; personally relevant stress; coping; socioeconomic status; income; job status; job strain; blood pressure; heart rate; blacks, 16295
emotional valence; cardiovascular responses; selective serotonin reuptake inhibitor; serotonin; valent images, 18755
emotionally relevant context; negative & irrelevant & neutral stimuli; evoked cardiac response; stimulus processing; primary bradycardia; late decelerative component; stimulus valence, 680
endocrine responses; starlings; crowding; cardiac responses; behavioral responses; aggressive behavior; corticosterone, 3852
fear responses; freezing behavior; physiological reactivity; sympathetic cardiac activity; threat; cortisol levels; heart rate; arrythmia; preejection period, 24750
feedback processing; heart rate; error processing; performance feedback, 7087
heart rate response; negative emotions; positive emotions; stress, 7120
heart rate variability; panic disorder; obsessive-compulsive disorder; autonomous nervous system, 13671
heart rate variability; premenstrual dysphoric disorder; symptomatic luteal phase; non-symptomatic follicular phase; menstrual cycle, 29012
hostility; heart rate variability; emotional stimuli; risk factors; coronary heart disease; respiratory sinus arrhythmia; parasympathetic activity, 11211
hypnotizability; adaptive trait; mind-body connection; relaxation; mental stress; wakefulness; cognitive-autonomic arousal, 23337
intranasal cocaine; drug tolerance; cardiovascular effects; subjective effects; drug dosages, 24804
isolated heart responsiveness; stimulation; exercise training; obesity; health benefits; heart function; systolic contractile, 21751
latent growth curve modeling; individual differences; cardiovascular recovery; stress; systolic blood pressure; statistical methods, 15131
loneliness; neuroendocrine responses; cardiovascular responses; inflammatory stress responses; affective state, 24768
masculine gender relevance; task instructions; cardiovascular reactivity; mental arithmetic performance; systolic blood pressure; cognitive performance, 28459
metabolic measure; mental effort; cardiovascular variables; heart rates; blood glucose, 21779
migraine headaches; disabling headaches; autonomic nervous system function; cardiovascular reactivity; diastolic blood pressure; systolic blood pressure; heart rate variability: Valsalva maneuver, 8147
motor activity; autonomic cardiac functioning; major depressive disorder; blood pressure, 4609
neuroendocrine & cardiovascular changes; emotions; heart rate; blood pressure; methyl-OH-phenyl-glycol; norepinephrine; epinephrine; adrenocorticotropin; cortisol; heroin dependency; drug abstinence, 8009
olanzapine therapy; paranoid schizophrenia; pericardial effusion; clozapine treatment; flu-like symptoms; cardiac function; respiratory rate; heart rate; pleural effusion, 17153
paroxetine; bupropion; cardiovascular responses; neuroendocrine responses; depressed patients; stress, 23303
physical education; cardiovascular responses; heart rate; student characteristics; gender; grade; physical activity type, 21787
psychological stress; appraisal; emotions; cardiovascular response; public speaking task, 24755
respiratory sinus arrhythmia; prolonged psychophysiological arousal; posttraumatic stress disorder; heart rate dynamics; individual differences; emotion regulation, 13670
self-esteem; self-doubt; cardiovascular reactions; self-esteem stability; biopsychosocial model; performance feedback; failure condition; success condition; relative threat; relative challenge, 28507
social competence model; cardiovascular disease; risk; adolescents; stress; agonistic interpersonal striving; blood pressure, 10233
social relationships; cardiovascular reactivity; recall, 30944
subjective stress; blood pressure reactivity; coping resources; Black college students; life events, 1239
supportive ties; stress; relationships; hostility; cardiovascular reactivity; casual acquaintances, 34128
validity; cardiac monitor; heart rate variability; heart rate measurement; female pigs; 24-h Polar RR monitor; ECG; electrocardiogram, 12449
vital exhaustion; long-term stress; temperament; cardiac reactivity; gender; experimentally induced stress, 12954
Cardiovascular Reactivity—Chapters

parents; caregiving challenges; childhood epilepsy; seizures; psychological problems; social problems; physical problems; medications; diet; surgery; vagus nerve stimulation; VNS, 4994
psychological distress; family carers; intellectual disabilities; urban conurbation, 32033
psychometric properties; Zarit Burden Interview; dementia prevalence; caregiver burden; depression, 21152
regular hospitalization; thalassaemia; childhood illness; parents, 17402
Resources for Enhancing Alzheimer's Caregiver Health; REACH; multisite intervention trial; caregiver burden & depression; caregivers of persons with Alzheimer's disease, 2464
role ambiguity; primary caregiver; dyadic relationship; care recipient; family caregiving; caregiver role, 20594
schizophrenia; broken marriages; women; family attitudes; burden on family caregivers; stigma; sociocultural factors; concerns for future, 1505
schizophrenia; intercultural validity; family caregiving; quality of life; health needs; test validity; cross cultural differences; Involvement Evaluation Questionnaire, 3204
societal costs; family caregiving; end-stage Alzheimer's disease, 8798
spousal carers; multiple sclerosis; care for partner; carers experiences, 35815
Tourette's disorder; caregiver burden; psychiatric comorbidity; parents; asthma, 4847
training care givers; disabled stroke patients; cost to health & social services; caregiving burden; functional status; psychological state; quality of life; institutionalization; mortality, 35819
vulnerable caregivers; Alzheimer disease; adrenergic receptors; caregiver burden; caregiving stress, 26676
well-being; appraisal; religious coping; Latinas; Caucasians; female dementia caregivers; acculturation; ethnic differences, 32718

Caregiver Burden—Chapters
Resilience, family care, and people with intellectual disabilities, 13824

Caregivers—Serials
adult day care; caregivers; nurses; older adults; perspectives, 17354
African Americans; caregivers; elderly people; informal care; elder-caregiver dyads; caregiving relationships; caregiver employment status; quality of care, 5637
Alzheimer's disease; attributions; caregivers; problematic behavior; behavior control; prognosis; symptoms; dementia, 29165
Alzheimer's disease; caregivers; caregiver interventions; psychological & physical health, 5048
Alzheimer's disease; caregiving information; family caregiver; caregiving skills, 29706
Alzheimer's disease; caregiving; family caregivers; clinical trials, 8791

Alzheimer's disease; dementia caregiving; interorganizational collaboratives; Latinos; long-term care; El Portal Latino Alzheimer's Project; Alzheimer's Disease-Affected People, 5518
Alzheimer's disease; spirituality; religious practices; ethnic background; caregivers beliefs; whites; blacks, 14428
Alzheimer's managed care; health care services; association care consultation; service utilization; care related strain; intervention; patients; dimentia; memory problems; patients' spouses, 22910
Alzheimers Disease; cognitive decline; caregiver relations; principal caregiver attitudes; diagnosis focus; symptom focus, 22993
Alzheimers disease; family caregivers; dementia; effective intervention; depressive symptoms; emotional isolation; pallative care, 13933
amyotrophic lateral sclerosis; ALS patients; emotional problems; burden of care; functional impairment, 17367
Asian American women; immigrant women; filial caregiving; cultural traditions; old age care; Filipino American women; Chinese American women, 14427
asthma; primary care barriers; emergency department use; children; caregivers; acute need, 5660
at risk population; nutrition education; childhood obesity; nutrition program; health problem; dietary intake; toddlers; caregiver attitude; knowledge level; low income; rural environment, 23432
attachment theory; research; phases; attachment relationships; development; infant-caregiver interaction; pediatrics, 966
attribution; expressed emotion; patient relapse; relatives; caregivers, 2451
autism; social initiation; adult caregivers; social behavior; prompts; reinforcement; verbal praise; reciprocity, 8462
behavioral disturbances; alzheimer's disease; caregiver depression; depressive symptoms, 16749
Bereavement Risk Questionnaire; test development; caregivers; risk factors; hospice bereavement coordinators, 17363
breast cancer patient; quality of life; patient attitudes; confidant reports; caregivers, 29078
cardiac illness; caregiver; caregiving daughters; family care; gender differences; informal care; caregiving process; hospitalized cardiac patients; post discharge cardiac care, 11212
care-giver network; care-giver concept; care-giver approach; support network; older people; Alzheimer's disease, 8789
caregiver burden; activities of daily living; Alzheimer's disease; caregiver needs; family strain, 11849
caregiver burden; dementia patients; clinician perspectives; caregiver perspectives; caregiver-clinician congruence; clinical impressions; caregiver mood state; functioning, 26671
caregiver burden; mental illness; disease severity; schizophrenia, 5636
caregiver care; pastoral care; clergywomen; work demands; personal stressors; professional stressors; coping strategies, 26463
caregiver interventions; passive behaviors; dementia; Alzheimers disease; need driven dementia compromised behavior model, 16746
caregiver knowledge; treatment; barriers to adherence; regimen knowledge; human immunodeficiency virus; caregivers; knowledge level; Treatment Interview Protocol, 24296
caregiver quality of life; demands of illness; profile of moods; caregivers; hospice staff; hospice patients, 5640
caregiver role strain; older workers; frail elders; role strain theory; male-female differences, 20586
caregiver training; incontinence; toilet training; diaper wearing, 19890
caregiver vulnerability; family caregivers; terminal palliative care; caregiver burden; risk factors; fatigue; burnout; home care, 11858
caregiver-implemented teaching strategies; daily routines; children's communication outcomes; toddlers; developmental delay; intervention; family; indoor play routines; outdoor play routines, 22744
caregivers; Alzheimers disease; living alone; spousal caregivers; co-resident adult children; caregiving impact, 14420
caregivers; communicative participation; preschool children; language impairment; storybook reading, 19829
caregivers; experimental recruitment; internal validity; pragmatic issues; selection bias; sampling frames; participation rates, 27410
caregivers; psychosocial consequences; HIV; Human Immunodeficiency Virus; AIDS; Acquired Immune Deficiency Syndrome; HIV patients; physical impairment, 17381
caregiving conceptualization; caregiving effects; family caregiver; caregiver burden; caregiver appraisal; caregiver research, 9538
caregiving stress; cognitive function; older females, 11856
caregiving; dementia; caregiver strain; India; depression, 20587
caregiving; dementia; physical health; caregivers, 2465
caregiving; depressive symptoms; family problems; mental retardation; behavior problems; White mothers; adult child; Puerto Rican mothers, 35823
caregiving; positive aspects; Alzheimer's disease; dementia caregivers; self-affirmation; outlook on life; caregiving measures; validity; reliability, 30485
caregiving; risk factors; illness; physical health; family members; friends; dementia; chronic stress; distress; health habits; physiological change; health risk; caregivers; health psychology; family, 14433
carer wellbeing; care motivation; older people; work-related influence; care-related influence; personal factors influence; female carers; carer stress; caregiver-care recipient relationship, 7468
carers; services stereotype; human rights; family life; sympathy; court decisions, 29705
carers; stroke survivors; coping strategies; home care; support needs; educational needs, 29711
child caregiver relationships; program practices; caregiver stability; caregiver behavior; attachment security; life circumstances; classroom climates, 4187
children of alcoholics; caring adults; quality of life; coping behavior; emotional support; resilience, 25915
choice responding; stimulus modalities; tangibles; pictures; verbal descriptions; caregivers; developmental disabilities, 19783
cognitive enhancement medication; Alzheimer disease; family caregiver; medical care access; medication decisions; dementia patients, 26478
cognitive impairment; caregivers' beliefs; children; pain reaction; pain sensation; impairment severity; mental challenges, 8083
comorbid substance misuse; functioning; health economy outcomes; schizophrenic patients; caregivers; cognitive-behavioural treatment programme; motivational intervention; family intervention, 8428
comorbid substance misuse; functioning; health economy outcomes; schizophrenic patients; caregivers; cognitive-behavioural treatment programme; motivational intervention; family intervention, 8432
compliance behavior; child temperament; caregiver-child interaction; caregiver behaviors; daycare quality; preschool children; predictors; classroom settings, 34517
conceptual framework; methodology; multidimensional psychosocial & behavioral interventions; family caregivers for people with Alzheimer's disease; Resources for Enhancing Alzheimer's Caregiver Health, 2456
congestive heart failure; family caregivers; social problem solving abilities; family member adjustment; depression; life satisfaction, 35822
coping behaviors; alcohol use; drinking practices; predictors; primary in-home dementia caregivers, 35825
coping effectiveness; mental health; family caregivers; dementia; optimism; caregiving self-efficacy, 32719
costs; informal caregiving; extent of care; time; hours of care; elderly people with symptoms of depression, 26674
cross cultural comparison; chronically ill elderly family members; caregivers; family caregiving, 17370
cultural predictors; noncultural predictors; health outcomes; caregivers; elder care; daughters; Koreans; daughters-in-law; depression level; physical health, 17373
decision making; older family member; caregiver views; caregiving relinquishing; sharing, 5638
dementia caregivers; family members; working conditions; women caregivers; West Texas; dementia; multiple demands; job changing; flexibility; challenges, 11247
dementia caregiving; Japanese American; Japanese cultural values; stress; coping, 20007
dementia caregiving; religious experience; stressful life events; aging adults; spirituality; spousal caregivers, 14432
dementia patients; caregiver support group; memory training; music therapy; psychological symptoms; behavioural symptoms; caregiver burden, 19948
dementia patients; caregivers; life quality; caregiver perception; patients perception; patient characteristics; caregiver characteristics; patient-caregiver relations, 26163
dementia patients; family caregivers; institutionalization; reasons, 20593
dementia patients; Neuropsychiatric Inventory; neuropsychiatric symptoms; caregiver administration, 15071
dementia; Alzheimers disease; sufferers; caregivers; African American family, 35254
dementia; developing countries; caregivers; care arrangements; caregiver burden, 20592
dementia; religion; spirituality; family caregiver; clinician, 14009
depressive symptomatology; informal caregivers; caregiver burden; cohabiting caregivers; depression; time, 25584
depressive symptoms; physical health; caregivers; cognitive impairment, 12005
developmental disabilities; social activities; caregiver satisfaction, 19773

sedation; Spanish patients; psychological distress;cultural differences; cognition; Canadian patients; palliative care; existential distress, 23346
self-reported depression; self-reported depressive symptoms; caregiving environment; young children; quality of interaction between caregivers and young children; caregivers; non-familial caregiving, 31736
sense of community; social support; caregiving stress; caregiving satisfaction; firefighters, 20926
sibling; caregiving; temperament, 25182
social factors; depression; carers; dementia; well-being; life events; social support, 29715
social support; caregivers; life satisfaction; traumatic brain injury; family member; adjustment; subjective well-being, 8238
social support; reciprocal relationships; African Americans; dynamic relationships; active participants; social networks; caregiving; cancer patients, 22879
socialization; maternal parenting; maternal responsiveness; conscience; security; caregiver trust; strange situation, 31228
sociodemographic factors; physical factor; psychosocial factors; depressive behavior; family caregivers; stroke survivors; at risk population; ischemic stroke, 32720
spirituality; multicultural caregivers; caregiving groups; clinical interventions; caregiving experience; role of faith; dementia; African-American, 14423
spousal carers; multiple sclerosis; care for partner; carers experiences, 35815
spouse caring; prostate cancer surgery; wives needs; preparedness needs; husbands' physical needs; husbands' emotional needs; home-based nursing intervention, 20588
surrogate decision making; end of life; terminally illness; family members, 35824
symptom experiences; advanced case cancer patients; psychological & physical symptom distress; family caregiver perceptions; Memorial Symptom Assessment Scale; reliability; validity, 6358
training care givers; disabled stroke patients; cost to health & social services; caregiving burden; functional status; psychological state; quality of life; institutionalization; mortality, 35819
very low birth weight infants; individualized developmental care; medical effects; neurodevelopmental effects; parenting; caregiving, 10123
violence exposure; adjustment; inner-city youth; child emotion; caregiver emotion; caregiver-child relationship quality; neighborhood cohesion; protective factors; emotional regulation, 31873
vulnerable caregivers; Alzheimer disease; adrenergic receptors; caregiver burden; caregiving stress, 26676

Caregivers—Books

A new look at community-based respite programs: Utilization, satisfaction, and development, 23548
What every patient, family, friend, and caregiver needs to know about psychiatry (2nd ed.), 1361

Caregivers—Chapters

Factors related to client satisfaction with community-based respite services, 23556
Family caregiving interventions in cancer care, 17386
The role of cultural factors on clients' attitudes toward caregiving, perceptions of service delivery, and service utilization, 23550

Carotid Arteries—Serials

carotid atherosclerosis; ambulatory blood pressure; demand; control; stress, 11214
carotid endarterectomy; atherosclerotic disease; cognition; ipsilateral effects, 19923

Cartoons (Humor)—Serials

cartoon character; geometric shapes; equivalence test; soft drink; stimulus equivalence; transfer; emergent preferences, 3031
cartoons recognition; fragmentation; scrambling; pigeons, 15358
cartoons; Dagwood; National Institute of Health; Sleep Research Plan; National Center on Sleep Disorders Research; sleep disorders; history; sleep mechanisms, 4867
Pokemon cartoons; college students; character's masculinity; gender role; elementary school children; sex differences; stereotypical gender portrayals, 25046

Case Based Reasoning—Serials

case-based reasoning; problem-based learning; medical schools; curriculum; cognitive processes; human reasoning process; teaching method, 12018
formal reasoning; informal reasoning; reasoning discrepancy; reasoning theory; well defined problems; statistical inference; cognitive psychology; everyday reasoning, 24428
instance based reasoning; retrieval method; topology; case based reasoning systems; instance based reasoning systems, 33784
integrated knowledge system; Case Base Reasoning; case matching; knowledge management system; KM; data communication; data warehouse; Online Analytical Processing, 6148
knowledge-based systems; case-based systems; decision-making; probabilities; rough sets; uncertainity; probabilistic techniques, 17977
multi-case reuse planner; multi-reuse planning; case based reasoning, 27205

Case History [See Patient History]

Case Management [See Also Discharge Planning]—Serials
case based management information system; child welfare casework practices; computerization; social workers; communication; work social milieu; information sources; coworker & supervisor interactions, 5626
case management services; offspring; female drug users; case management program; program intensity; mothers, 8733
child protection managers; organizational change; cultural sensitivity; personal cultural values; organizational cultural values; cultural solidarity; organizational power, 5614
client-worker relationship; child welfare; mandated child abuse cases; predictors, 35797
clinical management; obsessive-compulsive-bipolar disorder; comorbidity, 28778
cluster headache; diagnostic delay; mismanagement; patient suffering, 28982
community learning disability teams; caseload management; discharge procedures; team structures; decision making, 11844
designated case managers; facilitators; case management; substance abuse treatment programs; comprehensive service delivery; psychosocial services; medical services, 14472
family empowerment intervention; case management; intervention strategies; juvenile justice system; high-risk youth; juvenile assessment centers; early intervention; service delivery; family services, 2535
health care costs; community-dwelling frail elderly; community health services; management interventions; cost-benefit analysis; acute hospital care, 20540
HIV; AIDs case management; support service; Alaska Natives; rural villages, 29211
instant photography; diagnosis; dermatology; case management; referrals, 29013
intravenous tissue plasminogen activator; slurred speech; left hemiparesis; intraarterial t-PA; case management, 26124
living arrangements; homeless; mental illness; case management; housing arrangement, 28608
management; early-onset psychosis; early-onset schizophrenia; schizophrenia management; prognosis; genetics; structural brain changes, 28741
mental health case management; case managers, 26204
mental health case management; HIV prevention; severe mental illness, 20101
mental health services; mental health care; patient preference; relatives preference; patient involvement; service development planning, 29646
neuroticism; burnout; employment service case managers, 20927
physicians attitude; family members; case managers; health care accessibility; developmentally disabled; Kansas, 29654
predicting service utilization; severe mental illness; homelessness; case manager visits, 32705
psychiatric nursing; case management; case manager; mentally ill, 32646
psychological treatment; major depression; anxiety; rural mental health services; case managers; personnel training; psychiatric nurses; social workers; program evaluation; cognitive behavior therapy, 29875
risk assessment; risk behavior; cost effectiveness; routine practice; patient violence; self harm; suicide; compliance; case management, 8716
sexual abused children; abusing children; child abusers; substitute care; residential care; foster care; sexual abuse trauma, 32698
single model trap; model integration; assertive community treatment; ACT; psychiatric rehabilitation; rehabilitation model; case management technology, 17419
social ecological theory; type 2 diabetes prevention; disorder management; obesity, 26638
social skills teaching; community adjustment; mental health problems; case management, 8463
substance use disorders; case management; health care services; health care delivery, 35892
telephone disease management; depression; at-risk drinking; primary care; veterans, 8756
traumatic brain injury; survivors; case management services; substance abuse; family satisfaction; life satisfaction, 20614
treatment participation; social life satisfaction; case management relationship; connection; autonomy; schizophrenia; schizoaffective disorder; case management satisfaction, 16912
UK700 trial; outcome generation; intensive case management; hospitalization; outreach programs, 8769
Case Management [See Also Discharge Planning]—Chapters
Care management: A strengths-based approach to mental wellness with older adults, 17340
Origins, case management, and treatment of the substance-abusing offender, 2546
Case Report—Serials
case studies; teaching methods; abnormal psychology; learning tools; psychology education, 23815
case study; research strategy; qualitative research strategies; social science disciplines; ambiguities; opportunities, 21245
statistical methods; single-case studies; neuropsychology; regression line slope; patient performance; neuropsychological tests, 27333
Case Report—Chapters
The case of cases, 23846
Caseworkers [See Social Workers]
Caste System—Serials
Mans World; Charlotte Haldane; gender roles; female reproduction; caste system; male dominance; motherhood, 21935
Castration [See Also Male Castration, Ovariectomy]—Serials
castration; serotonin-1A receptor; prepulse inhibition; rats; hormones, 7187
castration; working memory taks; scopolamine; mecamylamine; testicular hormones; androgen; testosterone; maze learning; cholinergic interaction, 9758
serotoninergic mechanism; analgesia; castration; flutamide; formalin test; rats; testosterone; nociception; fluoxetine; 5-HT systems, 13050
Castration Anxiety—Serials
fear of loss; thrill of loss; losing things; Freud theory; anger fear; rage; castration complex; delayed maturation, 16341
perverse masochism; castration anxiety; rich fantasy; death drive, 19590
CAT Scan [See Tomography]
Catabolism—Serials
stress recovery; ocean boat race; catabolism; anabolism; testosterone, 35369
Catabolites [See Metabolites]
Catalepsy—Serials
caffeine; muscarinic antagonists; haloperidol-induced catalepsy; catalepsy inhibition; rats; synergism tolerance; caffeine repeated administration; trihexyphenidyl; THP; THP synergism, 7234
dopaminergic profile; N-phenylpiperazine derivatives; dopamine; stereotypy; rats; cataleptic behavior; mice; dopamine ligands; dopaminergic behaviors; apomorphine-induced hypothermia, 21885
maternal environment; catalepsy; genetics; cataleptic predisposition, 15465
neuroleptic-induced catalepsy; nitric oxide donors; gender-related differences; albino mice; NO; dopaminergic transmission; isosorbide dinitrate; linsidomine; S-nitroso-N-acetylpenicillamine, 21897
vacuous chewing movements; antipsychotics; haloperidol; risperidone; rats; catalepsy states; drug dosages, 13035
Catamnesis [See Posttreatment Followup]
Cataplexy—Serials
diagnostic ambiguities; post-traumatic narcolepsy; cataplexy; head trauma; episodic behaviours, 29097
narcolepsy; alpha-interferon; gene polymorphisms; neuropsychiatric disease; sleep disturbances; daytime sleepiness; cataplexy; human leukocyte antigen; HLA-DR2, 20076
Rasmussen's syndrome; narcolepsy; cataplexy; epilepsy; seizures, 11159
Cataracts—Serials
cigarette smoking; risk factor; cataract; age-related macular degeneration; ocular disease, 14025
Catatonia—Serials
catatonia; autistic spectrum disorders; catatonic like states; severe mental illness; developmental disorders; autistic catatonia, 31998
catatonia; diagnostic classification systems; prevalence; response to treatment; syndromes; etiology; diagnostic validity, 31714
catatonia; diagnostic classification systems; prevalence; response to treatment; syndromes; etiology; diagnostic validity, 31701
catatonic features; delusion of pregnancy; test-tube pregnancy; previous sexual abuse; etiology; encephalopathy, 28607
catatonic symptoms; diagnostic dilemma; episodic psychotic; psychotic disorder; cycloid psychosis; motor symptoms, 25628
factor analysis; catatonia; psychomotor syndrome; Catatonia Rating Scale; test validity, 3193
schizoaffective disorder; psychomotor retardation; deep venous thrombosis; medical complications; treatment guidelines; catatonia, 5303
schizophrenia; mood disorders; neurological soft signs; antipsychotic agents; psychomotor performance; movement disorders; catatonia; coordination disorders; dyskinesia; cerebellum, 31760
thrombotic thrombocytopenic purpura; patient history; neuroleptics; catatonia, 29040
ziprasidone; bipolar-associated catatonia; lorazepam; intramuscular ziprasidone; antipsychotic drugs, 29353
Catatonia—Chapters
Case series: Catatonic syndrome in young people, 1457
Catatonic Schizophrenia—Serials
catatonic schizophrenia; neuronal nicotinic acetylcholine receptor; periodic catatonia; polymorphic markers; pathogenesis, 13637
serum creatine kinase; risperidone; catatonic psychosis; adolescent, 11501
Catecholamines [See Also Dopamine, Epinephrine, Norepinephrine]—Serials
amphetamines; startle reactivity; brain monoamines; acoustic startle; prepulse inhibition; adrenoceptors; dexmedetomidine; antagonist atipamezole; noradrenergic neuronal system; mice, 27911
anaerobic lactate threshold; plasma catecholamines; hereditary spastic paraparesis; lower limb muscle chronic hyperactivity; incremental exercise, 8308
antidepressants; brain monoaminergic systems; behavioural effects; depression; anxiety disorders; comorbidity, 26407
beta-endorphin; nucleus accumbens; rats; alcohol; catecholamines; dopamine metabolites; norepinephrine; alcohol dosages; 3,4-dihydroxyphenylacetic acid; homovanillic acid, 10021
catechol O-methyltransferase gene; prefrontal cognitive functioning; 22q11.2 deletion syndrome; genetic polymorphism, 35170
catechol-O-methyl-transferase polymorphism; panic disorder; anxiety disorder; catecholaminergic system; pathogenesis; human females; gene coding; nucleotide polymorphism, 25707
catechol-o-methyltransferase polymorphism; catechol-O-methyltransferase; phobic anxiety, 34915
catechol-O-methyltransferase; COMT; polymorphism; suicide; genetics; genotype; gender differences, 28837
catechol-O-methyltransferase; genetic polymorphism; cognitive function; symptomatology; chronic schizophrenia; prognosis; onset age, 25683
catechol-O-methyltransferase; monoamine oxidase; drug response; neuroleptics; schizophrenia, 2173
chlorpheniramine; locomotor stimulant effects; brain biogenic monoamines; striatum; hypothalamus; midbrain; serotonergic system; rats, 10006
corticotropin-releasing factor antagonist; locus coeruleus; freezing behavior; brain catecholamines; rats, 518
corticotropin-releasing factor; receptor antagonist; exploratory behavior; monoamines; transcription factor; rats, 27921
extraneuronal monoamine transporter; normetanephrine; norepinephrine reuptake inhibitor antidepressant, 26427
hyperoxia; microdialysis perfusion; striatal monoamines; arterial vessel permeability; oxygen tension; monoamine metabolites; dialysate dopamine; anesthesia; surgical trauma, 9897
naloxone; adrenocorticotropin hormone; cortisol responses; hypothalamic-pituitary-adrenal axis function; catechol-O-methyltransferase gene; stress-related disorders; genotype; risk factor, 9815
nerve stimulation; brain stem; rats; impulse propagation; catacholamines; serotonic neurons; dopamine; norepinephrine, 21640
salivary cortisol; urinary cortisol; automated production system; physiological responses; urinary catecholamines; adrenaline; noradrenaline; daily variation, 12316
serotonin depletion; brain serotonin; catecholamine depletion; memory; dopamine; learning; amino acid, 21847
serotonin depletion; brain serotonin; catecholamines; monoamine neurotransmitters; noradrenaline; dopamine; cognitive processes; attention; learning; memory, 21874
simultaneous depletion; tryptophan; tyrosine; phenylalanine; brain monoamine function; affective processes; cognitive processes, 24696
urinary catecholamine levels; breast cancer; chronic stress; familial risk; neuroendocrine reactivity; urinary epinephrine excretion; urinary norepinephrine excretion, 29067
Categorizing [See Classification (Cognitive Process)]
Catharsis—Serials
reflexivity; catharsis; methodological tools; qualitative research, 15156
Catharsis—Chapters
Film as an abreaction of totalitarianism: Vinko Brešan's *Marshal Tito's Spirit* (1999), 821
Cathode Ray Tubes [See Video Display Units]
Catholicism (Roman) [See Roman Catholicism]
Catholics—Serials
Catholic faculty; Catholic identity; religion; higher education, 28218
Catholic parish organizational structure; parish outcomes; canon law; pastoral care, 28221

Catholics; spirituality; religion; tradition; worldview; child psychiatry; adolescent psychiatry; families, 11354
child sexual abuse; clergy sexual abuse crisis; forensic psychiatrists; mental health experts; forensic consultation; consultant roles; catholic clergy, 6210
Dutch Catholic church; rational choice theory; religion, 28216
personality; mortality; old age; Catholic clergy members, 25112
price harmony; ethos delivery; tolerance; respect; mutual understanding; integrated school; teachers methods; school diversity, 30054
priests; American Catholic parishioners; parishioner attitudes capital punishment; public opinion; religious communities; Catholic church, 28199
religious naming; Protestants; Catholics; worship attendance; religious motivations, 28215
sexual abuse scandals; Catholic Church; emotional strength; maturity; tolerance; emotions; patience; self acceptance; guilt, shame, 25797
sexual abuse; Catholic Church; abuse scandal; priest, 25796
sexual misconduct; clergy; Episcopal Church; sexual abuse, 25837
Short Index of Mystical Orientation; Roman Catholic priests, 33469
social issue; clinical psychology; psychological perspective; clergy abuse; Catholic church, 34978
Caucasians [See Whites]
Cauda Equina [See Spinal Nerves]
Caudate Nucleus—Serials
basal ganglia volume; major depresssive disorder; caudate; putamen; globus pallidus; anatomical magnetic resonance imaging, 4596
caudal cingulate cortex; pain processing; laser evoked potential, 21726
caudate nuclei volume; bipolar patients; early onset; late onset; MRI; elderly, 19361
caudate nuclei volume; somatization disorder; women, 32085
decision making situations; error rate related behavior changes; caudate; parietal cortex; success related behavioral strategies; response predictability; response switching, 7002
environmental destination strategies; spatial strategy; lesions; temporal lobe; hippocampal function; caudate nucleus; imaging; neuropsychological results, 27716
functional magnetic resonance imaging; striatal contributions; neural circuitry; working memory, 34045
hippocampus; medial caudate nucleus lesions; memory; direction information; rats; delayed matching-to-sample task, 21568
morphological substrate; information processing; organizational characteristics; afferent projections; dogs; brain; caudate nucleus; nucleus accumbens; putamen, 27736
neuroleptic exposure; neuroleptic naive; caudate nucleus volume; atypical neuroleptics; gender; female patients; male patients, 13631
neurotensin; caudate nucleus; substantia nigra; motor reactions; motor performance; rats; conditioned signals, 27941
primate caudate; neural activity; reward-oriented behavior; caudate projection neurons; motor outputs; basal ganglia; saccade parameters, 21605
quinine; trigeminal subnucleus caudalis; chemonociceptive cells; c-fos immunohistochemistry; immunoreactivity; rats, 15676
schizophrenia; caudate nucleus size; putamen size; schizophrenic subtypes; Kraepelinian, 4616
schizotypal disorder; anterior limb of internal capsule; volumetric measurements; fronto-thalamic connectivity; caudate nuclei; lentiform nuclei; putamen; globus pallidus, 25680
shape index; schizotypal personality disorder; neuropsychological performance; cognitive abnormalities; caudate nucleus volume, 10858
spatial characteristics; acoustic signal; caudate nucleus; dogs; neuronal activity, 27738
subliminally primed responses; caudate; thalamus; Huntington's disease; corticostriatal-pallidal-thalamic pathway, 22786
Causal Analysis—Serials
cannabis; psychosis; causal analysis; risk factor, 28857
cannabis; psychosis; causal analysis; risk factor, 35027
category membership; category coherence; object categories; causal knowledge; property induction, 12665
causal efficacy; consciousness; agent causation; functional explanation; causal model of explanation; causal-functionalist theory, 15350
causal inferences; domain-specific knowledge; conditional probabilities; preschoolers; cognitie development, 13208
causal interpretation; temporal association; causal cues; young children; sorting task; action task; temporal association; perceptual prominence; early childhood, 930
causal model theory; conceptual representation; categorization; causal knowledge; category features, 382
causal reasoning; causal conditionalizing; contingency learning, 6603
causal relationships; category members; causal knowledge; category features; causal-model theory, 381
causal role; intentional behavior; mental representations; intentional mental states; bodily motion; non-reductive metaphysics, 3419
causal structure; intervention; observation; probabilistic data; learning paradigm; temporal cues; causal model, 24447
causal uncertainty; judgments; bias; causal analysis; word frequency; primes, 7650
causation; causal models; lexical semantics; verbs, 4062
cause and effect; degree of contingency; judgement; stimulus presentation; relative prevalence, 30697
conduct disorder; causal theories; neutral terminology, 22632
confirmation bias; data evaluation; consistency; students; reasoning; researcher expectations; scientific environment; initial bias to discount; repeated observations; causal thinking simulation; data, 24342
contingency information; causal judgment, 30547
depression symptoms; causal attributions; rheumatoid arthritis; RA, 19842
factor structure; functional assessment for multiple causality; behavioral intervention; mental retardation; internal consistency; behavior problems, 6306
global quality of life indicators; health assessments; health perceptions; construct validity; causal model, 33587
human agency; reference frame; causal game; agents search, 18341
inference; causation; covariation; power PC theory; causal induction; associative learning theory; causal judgments, 360
intellectual disabilities; physical disabilities; prehistory; early civilization; human evolution; social responses; causal analysis, 28541
interactive causal influence; causal power theory; covariation; observable events; binary effect, 15295
judgement; causality; neural activity; brain activity; cortex activity; perception; brain regions, 3633
learning context; second language acquisition; second language learning; causal inference; college students, 28001
long looks; cognitive engagement; attention deficit hyperactivity disorder; ADHD; causal relations; comprehension, 13795
longitudinal research; occupational health psychology; causal relations, 12568
loss spiral hypothesis; work-home interference; work pressure; exhaustion; causal relationships, 12288
magical thinking; causation judgments; ontological causal beliefs; physical causality, 18981
mathematics anxiety; mathematics achievement; causal ordering, 20839
mental operators; use specificity; task performance; acquisition context; natural order of events; prognosis task; retrognosis task; digit pairs; causal context; neutral context; reasoning; practice, 24455
negative affect; rehabilitation; criminal behavior; alcohol consumption; causal relationship, 8834
non-observed correlations; inference; causal scenarios; causal knowledge; naive reasoners; causal link; cues; inferred correlation points; human causal detection, 24510
persecutory delusions; schizophrenia; patients; affective disorders; intentional contingency; mechanical contingency; animations; shape movements, 7777
value-added student assessment; estimation; potential outcomes; causal effects; causal assessment; reward structure, 26943
Causal Analysis—Chapters
Will it Work in Münster? Meta-Analysis and the Empirical Generalization of Causal Relationships, 301
Celebrity [See Fame]
Celibacy [See Sexual Abstinence]
Cell Nucleus—Serials
spontaneous firing rate; cortical neurons; lateral septal nucleus; stressful situations; swimming session, 12821
temporal coding; fundamental frequency; complex sounds; pitch; multipolar cells; ventral cochlear nucleus; modulation cue; onset units; chopper units; iterated rippled noise, 9900
Cells (Biology) [See Also Blood Cells, Chromosomes, Cones (Eye), Epithelial Cells, Neurons, Sperm]—Serials
acute recording conditions; chronic recording conditions; halothane; theta field activity; hippocampus; cellular discharges; type 2 theta; theta-on; theta-off; rats, 9955
alcohol; gene expression; protein synthesis; bone mineralization; human bone marrow; mesenchymal stem cells; osteogenic differentiation, 34151
amyloid beta protein; glutamate transporter; rat cortical astrocytes; extracellular glutamate; astrocyte function; glutamate clearance; Alzheimers' disease, 3860
apoptosis; pipecolic acid; hippocampus; hepatic encephalopathy; rat cortical neurons; cell death; neuronal cell, 6944
bioethics; medical science; politics; stem cell research, 36022
bioethics; politics; biomedical science; stem cell research, 36017
bipolar disorder; sodium pump; intracellular sodium; ethacrynic acid; lymphoblastoid cell lines; cell treatment; calcium, 22502
brain function; rat subependyma; rat neural stem cells; ventricular subependyma, 6898
CB1 cannabinoid receptors; endocytic mechanism, 7212
CCR7 expression; polarized cells; T cell lines; differentiation; cell receptor signal; memory cell lines; autoimmune diseases; chemokines, 651
cell cycle; neuronal cell death; disease stages; Alzheimers disease; mild cognitive impairment, 23020
cell cycle; rat midbrain; organogenesis; gestational days; in vivo changes, 21625
cell density ratios; foveal patch; midget bipolar cells; diffuse bipolar cells; inner cells; outer cells; macaque monkey; retina, 6786
cell proliferation; cell death; defensive behavior; odor stress; trimethyl thiazoline; rats, 7125
cell proliferation; nicotinic acetylcholine receptors; cognitive impairment; Alzheimer's disease; schizophrenia; hippocampus; heterozygous mice, 18758
cellular physiology; neonatal rat; cerebral cortex; neurogenesis; neuronal migration; cellular differentiation; programmed cell death, 6937
cerebrovascular pathology; Alzheimer's disease; cerebral malfunction; endothelial proliferation; angiogenesis; tumor growth; perivascular endostatin deposits; cerebral hemispheres; hypoxia; brain, 13938
cochlear nucleus angularis physiology; barn owls; cellular morphology; neurons; computational diversity, 21618
cortical cells; receptor system; hippocampal cells; neuroblastoma cells; receptor density; clozapine; metabolites; genes, 12842
Cuscuta chinensis glycoside; neuronal differentiation; rats; pheochromocytoma PC12 cells; kinases; PD98,059; acetylcholinesterase; herbal medicines, 732
developmental toxicity; terbutaline; DNA synthesis; rat brain; rat heart, rat liver; cell replication; cell differentiation; tocolytic; postnatal exposure; adrenoceptors, 3901
directional behavior; pleurobranchaea; single interneurons; multifunctional serotonergic cells; stimulus intensity; noxious stimuli; food stimuli; motor output; avoidance conditioning, 21415
dopamine; lateral ganglionic eminence; embryonic brain; brain development; neostriatal neurogenesis; cell cycle, 21888
electroconvulsive seizures; cell proliferation; glial cells; adult rat; amygdala; glial pathology; major depressive disorder; glial cell proliferation; severe depression, 18623
embryonic stem cells; business; economics, 33991
glial cell line derived neurotrophic factor; neurodegenerative diseases; concanamycin A; rat glioma cell lines; human glioma cell lines; bafilomycinA1; vacuolar ATPase, 11283
head direction cell activity; navigation task; cognitive mapping strategy; spatial behavior; rats; thalamus, 30862
impairment; stroke; neurons; cell death; neural firing rate; cosine directional tuning; cortical activity; population vector model; movement control; hand movements, 4951
in vitro effect; methanol; folate deficiency; rats; hepatocytes; vitamin E, 7170
ingestive behavior; molecular correlates; cellular correlates; ingestion controls; postnatal development; hypothalamic neuropeptide Y neurons; hyperphagia; rat pups, 30914
intracellular signaling factors; lead; Sp1 DNA-binding; hippocampus; PKC; mitogen-activated protein kinase; rats; pheochromocytoma cells; nerve-growth factor; staurosporine; PD 98,059, 549
intracellular signaling; receptor complex; receptor antagonist; signaling pathways; microglial activation, 21496
locus coeruleus; neonatal handling; cells; rats; neuroanatomy; behavior; stress responses, 592
megakaryocyte progenitors; preterm neonates; post conceptional age; megakaryocytopoiesis, 35210
nerve growth factor; MC14; sargaquinoic acid; neural differentiation; PC12D cells; SC-3010; chelerythrine chloride; PD98,059; kinases; inhibitors; neurite growth; signalling pathways, 581
neural stem cells; adult forebrain; glial fibrillary acid protein; herpes simplex virus thymidine kinase; mice, 21601
olfactory receptor cells; odorants; electrical signals; odor molecules; spike encoding; ciliary surface; receptor protein; action potentials, 7065
oligodendroglial density; prefrontal cortex; schizophrenia; mood disorders; bipolar disorder; oligodendroglial cells; major depression, 22473

opioid receptor antagonists; cell proliferation; neurogenesis; adult hippocampal progenitors; rats; endorphins, 21661
oxidative stress-mediated DHEA; Alzheimer disease; dehydroepiandrosterone; rat brain cells; human brain cells; hippocampus; hypothalamus; frontal cortex, 4977
oxidative stress; acetylcholinesterase activity; amyloid beta-peptide; AChE; retinal cells; Alzheimer's disease; brain, 3943
panic disorder; interstitial cystitis; mast cells; stress; genetics, 31681
phosphatidylinositol 3-kinase; aging phenotype expression; cultured human diploid fibroblasts; PI3K; cellular inositol phospholipids, 15463
positive coping; in vitro cytokine production; T cells; stress; coping styles; workload; mental demand; interferon-γ; interleukin-4, 24763
pyramidal neuron; occipital cortex; prefrontal cortex; temporal cortex; cell morphology; pyramidal cells; owl monkey, 21577
serum levels; negative symptoms; schizophrenia; astroglial cells; calcium binding protein; paracrine; autocrine; neurons, 25671
spatial information; intrinsic membrane potential; temporal coding; firing pattern; place cell firing; hippocampus; somatic & dendritic oscillations; pyramidal cells; exploring rats; neurons, 3788
spike timing; dendrite; bistratified cells; hippocampal network; hippocampus; pyramidal cell; rats; synapses, 15526
spiny neurons; cortical layer; excitatory neurons; pyramidal cells; cortical signal processing; somatosensory cortex; monosynaptic excitation; rats, 21686
superior temporal sulcus; natural viewing; temporal cortex; temporal lobe; anterior part; body postures; cells; macaque; head posture; neural resonses, 576
taste cells; electrophysiological characterization; voltage-gated currents; antigens; alpha-gustducin; mice, 21736
temporal coding; fundamental frequency; complex sounds; pitch; multipolar cells; ventral cochlear nucleus; modulation cue; onset units; chopper units; iterated rippled noise, 9900
Cells (Biology) [See Also Blood Cells, Chromosomes, Cones (Eye), Epithelial Cells, Neurons, Sperm]—Chapters
The role of glial reaction and inflammation in Parkinson's disease, 16855
Censorship—Serials
election survey; freedom of expression; exit polls; pre-election surveys; results reporting, 28298
superego; censorship; ego; Oedipus complex, 25415
third-person perception; media effects; preventive explanations; punitive explanations; public support; media censorship; private sexual content; politicians; compact disc, 13130
Centering—Serials
pottery wheel work; centering, 36443
Central Nervous System [See Also Extrapyramidal Tracts, Neural Pathways, Spinal Cord]—Serials
acetylcholinesterase activity; cholinesterase inhibitor; basal forebrain; central nervous system; pyridostigmine bromide; neostigmine bromide; peripheral cholinesterase; stress; rats, 6840
altered processing; novel information; N-CAM-deficient mice; anatomical abnormality; electrophysiological abnormality; behavioral deficits, 6951
anti-inflammatory effects; reactive astrocytes; immune responses; brain injury; pathogens; immune-mediated damage; death receptors; CNS, 4987
basal forebrain; acute stress; central nervous system; hypothalamic-pituitary-adrenocortical axis; cholinergic neurons; nerve growth factor; rat brain; forced motoric activity, 12892
behavioral ecology; central nervous system; cognition; natural selection; animals, 34024
behavioral effects; Pavetta crassipes; ethanol extract; central nervous system; rodents; mice; rats; centrally acting drugs, 27849
cartilage linking protein; primary neurulation; chick embryo; RNA expression pattern; protein accumulation; central nervous system; neural plate; neural tube, 21562
central hearing loss; inferior colliculus; bilateral lesion; central nervous system lymphoma; word recognition, 16865
central nervous system; abnormal behavior; herpes simplex encephalitis; behavioral consequences; encephalitis lethargica; Acquired Immuno Deficiency Syndrome dementia complex; viral infections, 13897
central nervous system; behavior; context, 21674
central nervous system; gene knockout mice; neurotransmitters; hormones; odorants; photons; neuronal activity; receptor genes, 15462
central nervous system; psychosis; schizophrenia bacterial infection; viral infection; risk factors, 19465
central nervous system; reaction time; action preparation; event preparation; temporal preparation; potentials; motor actions; lateralized readiness potential; contingent negative variation, 34090
central nervous system; tachyphylaxis; regulators of G-protein signaling; interacting protein; opioid agonists; receptors; oligodeoxynucleotides; mouse, 24807
circadian organization; serum electrolytes; serum electrolytes; physiological aging; circadian pattern; cognitive impairment; central nervous system, 7108
cognitive side effects; central nervous system; behavioral deficits; antiepileptic drug, 20479
dehydroepiandrosterone; synaptosomal glutamate release; inhibitory avoidance; rodent central nervous system; neuronal excitability; neuronal plasticity, 18581
developmental neuropathology; environmental agents; central nervous system; chemicals; methylmercury; lead; antiepileptic drugs; ethanol; neurotoxicity, 26015
dream perception; subjective sleep quality; myasthenia gravis; central nervous system; sleep perception; dreaming, 26139
drug entry; bradykinin receptor; Cereport; RMP-7; pharmacological treatments; neuroprotective effects; central nervous system; therapeutic efficacy; blood brain barrier; permeation; receptor, 3606
dynamin III mRNA; rats; hypothyroidism; transcripts; brain; neural development; central nervous system, 548
electroencephalographical differences; children; resting-state arousal level; attention deficit and hyperactivity disorder; central nervous system, 28892
endocrine function; antisense oligonucleotides; nociception; orphanin FQ; behavioral changes; receptor ligands; ethanol locomotor activation; anxiety, 15730
fenfluramine; citalopram; healthy adults; central nervous system; serotonin agonist; plasma prolactin, 30973
fetal behavior; central nervous system development; brain functioning; neural functions; abnormal development; endogenous malfunctions; maternal diseases, 7373
fetal behavior; fetal central nervous system; clinical perinatology; fetal well-being, 7366
human glial fibrillary acidic protein; mice; astrocytes; central nervous system; hippocampus; spreading depression; connexin; genes; Cx43, 21522
impulsivity; central nervous system; Pavlovian tasks; 5-HT depletion; rats; dihydroxytryptamine, 27957
interaction torque; muscle torque; angular velocity; kinetic mechanism; proximal joint; shoulder muscle; central nervous system, 21312
ligands; voltage sensitive calcium channel modulators; Ions; neuronal membranes; neurotransmission; central nervous system; anticonvulsant effects, 34072
lymphocytes; psychiatric disorders; central nervous system; genetic probe, 18537
motility recovery; regeneration; freshwater planarians; central nervous system, 21611
motor learning; motor systems; neural system; vestibulo-ocular reflex; vertebrates; animal models; motor signal; eye movement; cellular mechanisms; short-term motor memory; cerebellar cortex; vision, 21548
multiple sclerosis; demyelinating lesions; demyelination patterns; immune response; immune mechanisms; axonal pathology; paraclinical markers; T cell; inflammatory diseases, 8265
muscle fatigue; muscle sympathetic nerve activity; muscle contractions; muscle chemoreceptor discharge; physical exercise, 6855
muscle synergies; natural motor behavior; central nervous system; motor control; musculoskeletal system; frogs; muscle activity patterns; kicking behavior, 21565
neurological impairment; central nervous system infections; child development; childhood infections; neurocognitive impairment, 13929
neuronal nitric oxide synthase; cyclic guanosine monophosphate; cyclic monophosphothioate; central nervous system; colonic temperature; restraint stress induced fever; rats, 3704
neuroprotective effects; central nervous system; neuronal survival; neurotoxicity; natural polyphenols; primary cultured central neurons; glutamate induced neuronal death; glucose deprivation, 3927
norepinephrine; peripheral vagal nerve stimulation; central nervous system; amygdala; cognitive processing; neural activity; limbic brain structures; memory; brain stimulation; rats, 12840
optical coherence tomography; neuroimaging; spectroscopy; optics; central nervous system, 6848
oral contraceptive; aggression; cortisol; serotonin; monkeys; heart rate; behavior; hypothalamic- pituitary-adrenal axis function; neurobiology, 7198
postsynaptic activity; homosynaptic potentiation; excitatory synaptic transmission; associative synaptic plasticity; mammalian brain; lateral amygdala; N-methyl-D-Aspartate reception; mice; CNS, 9746
receptor agonism; cognitive deficits; schizophrenia; muscarinic receptors; pirenzepine binding; frontal cortex; central nervous system, 32216
Reelin signaling pathway; central nervous system development; receptor binding; signal activation; Dab1 phosphorylation; genomic organization; splicing; promoter use; Dab1 gene; hybridization, 15440
reverberatory circuit model; self-feedback loop model; short-term memory; central nervous system; memory formation; neural activity; computational model, 3647
sense organs; environmental conditions; central nervous system; relative brain size; adaptive strategy; predation, 27752
socio-economic status; allelic variation; central serotonergic responsivity; serotonin transporter gene-linked polymorphic region; central nervous system, 24637
spatial representation; anticipatory increase; restraining hand; motor behavior; bimanual task; skilled motor; novel actions; central nervous system, 21323
spinal cord; midbrain; brain stem; cold water swimming stress; central nervous system; antinociceptive effect; kappa opioid receptor; delta opioid receptor; mu opioid receptor; opioid receptor binding, 582
thirst; intracellular dehydration; central nervous system; vagus nerve; drinking; abdominal information, 30934
total parenteral nutrition; central circadian clock; peripheral circadian clocks; rats; clock entrainment; suprachiasmatic nucleus; gene expression, 3569
visual consciousness; conscious perception; visual dysfunction; neural representation; central nervous system; visual awareness; brain area; visual areas; visual cortices; vision, 9899
Central Nervous System [See Also Extrapyramidal Tracts, Neural Pathways, Spinal Cord]—Chapters
Brain development: glial cells generate neurons—implications for neuropsychiatric disorders, 16851
Functional relevance of cortical plasticity, 15611
Central Nervous System Disorders [See Also Brain Disorders, Chorea, Dysarthria, Meningitis, Neurosyphilis, Progressive Supranuclear Palsy]—Serials
Neurofibromatosis Type 1; nonverbal learning disabilities; genetic characteristics; physical characteristics; diagnosis; cognitive profile; educational intervention, 28546
prevalence; psychiatric disorders; new neurological patients; diagnosis; treatment; referral, 22931
Repeatable Battery for the Assessment of Neuropsychological Status; geriatric patients; central nervous system dysfunction; psychometrics; RBANS; reliability, 18155
Central Nervous System Disorders [See Also Brain Disorders, Chorea, Dysarthria, Meningitis, Neurosyphilis, Progressive Supranuclear Palsy]—Chapters
Spatial neglect, 23034
Central Nervous System Drugs [See CNS Affecting Drugs]
Central Tendency Measures [See Also Mean]—Serials
data analysis methods; measures of central tendency; t test; analysis of variance; statistical power, 6420
Central Vision [See Foveal Vision]
CER (Conditioning) [See Conditioned Emotional Responses]
Cerebellar Cortex [See Cerebellum]
Cerebellar Nuclei [See Cerebellum]
Cerebellopontile Angle [See Cerebellum]
Cerebellum [See Also Purkinje Cells]—Serials
abnormal cutaneomotor integration; sensorimotor interactions; electrical stimulation; fingers; motor evoked potentials; cerebellar syndromes, 16831
adaptive force generation; precision grip lifting; object lifting; cerebellar structure; adaptive timing; neural model; synaptic plasticity; prehension; learning; force, 9279
ambiguity resolution; sentence processing; cerebellum; basal ganglia; superior frontal gyrus, 21697
AMPA receptor; excitotoxic action; mouse cerebellar granule cells; neuronal cell death; kainate selective receptor antagonists; cyclothiazide, 10043
antigenic compartmentation; cats; cerebellar cortex topography; Purkinje cells; zebrin II, polypeptide antigen; aldolase C; parasagittal stripes; mammalian cerebellum; transverse zones, 12886
axonal chemorepellant semaphorin 3A; cerebellum; schizophrenia patients; synaptic pathology; cerebellum; synaptic connectivity, 13625
cerebellar activity; fastigial burst activity; saccadic gain adaptation; monkey; neural activity; neuronal discharge; saccade-related neurons; fastigial oculomotor region; adaptation, 6911
cerebellar agenesis; neuropsychological testing; eyeblink conditioning; 3D-MRI; motor processes, 1876
cerebellar ataxia; cybernetic interpretation; motor control processes; neuromotor disorders; feed forward control, 8301
cerebellar dentate nucleus; cerebral cortex; motor area; prefrontal areas; posterior parietal areas, 12825

cerebellar dysfunction; schizophrenia patients; cerebellar neurologic signs; neuropathologic correlates; cognitive correlates, 28708
cerebellar neuronal activity; conditioned eyeblink responses; Pavlovian conditioning; temporal relationships; conditioned stimulus; unconditioned stimulus; brain, 6859
cerebellar patients; cerebellar lesions; cerebellum; learning sensory sequences; acquisition; discrimination; visual stimuli; acoustic stimuli, 26136
cerebellar volume; musicians; professional keyboard players; specialized motor skills; skill learning; skill practising; humans, 6909
cerebellothalamocortical system; cognitive impairment; motor impairment; nonamnesic alcoholism; corticopontocerebellar system; brain volume abnormalities, 11019
cerebellum; action representation; internal representation; observational learning; spatial information processing; imitation; explorative strategies; spatial learning, 9873
cerebellum; attention; neuropsychological functions; focal cerebellar lesions; divided attention; working memory, 19982
cerebellum; classical conditioning; decerebrate; eyeblink; hippocampus; trace conditioning, 21617
cerebellum; classical fear conditioning; goldfish; classical heart rate conditioning; emotional learning, 30890
cerebellum; information processing; feedforward control; Pavlovian eyelid conditioning, 6958
cerebellum; prefrontal cortex; thalamic volumes; adolescent-onset schizophrenia; multiple brain lesions; functional dysconnectivity, 31769
cerebral regions; discrimination task; higher order motion; motion processing, 21575
corpus callosum; posterior fossa development; monozygotic females; Turner syndrome; parietal lobe anomalies; cerebellar abnormalities, 11149
early motor learning; topical motor skills; cerebellar degeneration; mice; animal strains, 21621
evolutionary relationships; social play; cerebellum; nonhuman primates; brain structures; motor-development, 27755
eye movement abnormalities; cerebellum; essential tremor; cerebellar dysfuntion, 23050
eyeblink response; cerebral blood flow; cerebellar involvement; airpuff stimulation; surface electrodes; unconditioned stimulus; human cerebellum; bink reflex-related areas, 6943
first-episode schizophrenia; morphometric changes; brain morphology; cerebral hemispheres; temporal lobes; cerebellar hemispheres, 22526
frontal cortex; simple reaction-time; reaction-time task; stimulus onset; event-related potentials; temporal discrimination; discrimination task; choice procedure; signal durations; time perception, 3691
gastric vagal trunks; cerebellar fastigial nucleus; glycemia-sensitive neurons; lateral hypothalamic area; intravenous glucose application; visceral response; food intake; rats; afferent inputs, 3735
gene expression; brain development; enzymes; mammalian neural development; heparan sulfate; proteoglycans; mouse; biological processes; glcuronic acid; hippocampus; cerebellum, 21602
glial fibrillary acidic protein; cerebellum; major depression; schizophrenia; bipolar disorder, 28594
hippocampal infolding; morphological variation; superior cerebellar peduncle; coronal images, 6959
interstitial white matter neurons; IWMNs; reelin; abnormal distribution; schizophrenia; developmental signalling molecule; neurodevelopmental hypothesis; morphometry; cortical development, 12826
ipsilateral cerebellar dysfunction; unilateral cerebellar lesions; arm movements; bilateral cerebellar activation; unilateral cerebellar infarctions; contralateral hand; dysmetria, 16773
leg-coordination deficits; cerebellar gait ataxia; limb movements; normal bipedal walking, 22978
light/dark cycle; melatonin; cerebellum; cholinergic input; rats; nicotinic acetylcholine receptors; selective cholinergic agonists; cholinergic antagonists; glutamate release, 3939
lithium; colchicine-induced apoptosis; rat; cerebellar granule neurons; mood stabilizers; lithium; valproic acid; neurotoxicity, 27900
marijuana users; brain perfusion; internal timing; occasional users; chronic users; human cerebellar clock, 7239
multi-source interference task; dorsal anterior cingulate cortex; dACC activation; functional magnetic resonance imaging; cognitive interference, 12816
neural substrates; conditioned eyeblink response; cerebellum; hippocampus; memory formation; learning behavior; associative learning; retention, 6861
neuronal activity; visual representation of arm movements; lateral cerebellar cortex; monkeys, 15538
olfactory dysfunction: hereditary ataxia disorder; basal ganglia disorder; hereditary ataxia patients; neurodegenerative diseases; human functional imaging; cerebellar ataxia patient, 8242
polyamines; putrescine; spermidine; spermine; forebrain; cerebellum; brain stem; ifenprodil; genetic animal model; paroxymal dyskesia, 6830
postsynaptic structures; culture medium; cerebellar granule neurons; CGNs; depolarizing agent; synaptic vesicle-like vesicles; SVVs; rat; survival conditions; exocytosis, 3723
posttraumatic stress disorder; temporal lobe; cerebellum; cortisol; cerebral blood flow, 4659
primate cerebellum; body motion; spatial orientation; self motion perception; postural control; cerebellar motion-sensitive neurons; vestibular end organs, 27789
probabilistic reasoning; inductive reasoning; cerebellum; decision making; uncertainty; inductive inference, 24649
rats; Purkinje cells; motor memory; motor learning acquisition; inhibition; synaptic interactions; neural systems; eyeblink reflex; brain stem structures; olivocerebellar system, 9867
repetitive transcranial magnetic stimulation; episodic verbal memory; memory task; cortical activity; working memory; dorsolateral prefrontal cortex; right cerbrellar hemisphere, 3697
response times; degenerative cerebellar disease; task-relevant information; cerebellar atrophy; healthy controls; motor impairment; EEG potentials; time points; cerebellum; temporal contingencies, 20064
schizophrenia; mood disorders; neurological soft signs; antipsychotic agents; psychomotor performance; movement disorders; catatonia; coordination disorders; dyskinesia; cerebellum, 31760
semantic discrimination; semantic tasks; linguistic task; cerebellum; overt articulation; brain activation, 3809
stimulus-response properties; motor system; cerebellar ataxia patients; voluntary contraction, 29181
temporal sequence; sequence learning; spatial sequence; reaction time; cerebellum; Parkinson's disease; cerebellar lesions; subcortical areas, 8307
vestibular nuclei; primary afferents; unilateral labyrinthectomy; vestibular end organs; efferent connections; afferent projections; posterior cerebellum, 6839

Cerebral Aqueduct [See Cerebral Ventricles]

Cerebral Atrophy—Serials

anteromesial temporal lobe; localized neocortical resections; epilepsy; patients; surgical therapy; partial seizures; disabling seizures, 4992
atrophy rate; entorhinal cortex; Alzheimers disease; hippocampal atrophy rate; memory impairment, 29108
auditory startle responses; multiple system atrophy; MSA; parkinson subtypes; cerebellar subtypes; auditory stimuli; olivopontocerebellar type; striatonigral type, 5018
cognitive impairment; dementia; longitudinal brain change; entorhinal cortex; ERC atrophy; hippocampus; cerebrospinal fluid, 6338
cognitive performance; cerebral injury; neuropsychological performance; cognitive impairment; MR markers; MS patients; verbal learning; memory; multiple sclerosis, 16743
corpus callosum; frontotemporal dementia; Alzheimer's disease; age differences; atrophy pattern, 32155
disease severity; frontotemporal dementia; clinical indices; staging scheme; atrophy severity; pathological features, 13926
entorhinal cortex; ERC; Alzheimers disease; AD; atrophy rate; ERC volume loss; aging; memory performance, 4988
entorhinal volume; hippocampal volume; memory; older adults, 6978
ethanol-induced reflex; cerebral cortical levels; neuroactive steroid; plasma progesterone; rats righting reflex, 6921
face recognition; familiar people; anterior temporal atrophy, 22934
frontotemporal dementia; disorder severity; regional atrophy; neurodegenerative diseases; diagnosis, 32165
frontotemporal dementia; genotype; dementia; Parkinsonism; brain atrophy; pallido-ponto-nigral degeneration; PPND, 5075
frontotemporal dementia; neuronal loss; gliosis; Pick's disease; frontotemporal lobar degeneration; tau, 22998
hippocampal atrophy; familial mesial temporal lobe epilepsy; FMTLE; seizure type; hyperitense T2 signal, 5016
homocysteine; neurotoxin; chronic alcoholism; brain atrophy, 18534
longitudinal change patterns; frontotemporal lobar degeneration; syndromic variants; atrophy; fluid registration technique; progressive nonfluent aphasia, 32198
memory impairment; axonal atrophy; synaptic loss; protopanaxadiol; saponins; cognitive disorder; Alzheimers disease; ginsenoside; mouse model, 24713
mesial temporal lobe; epilepsy; memory deficits; hippocampal atrophy, 13914
MRI pattern; temporal brain atrophy; fronto-temporal dementia; Alzheimer's disease; frontal brain atrophy; differential diagnosis, 4971
neurological impairment; impaired consciousness; developmental delay; epileptic seizures; epileptic syndrome; catastrophic epileptic encephalopathy, 4967
response times; degenerative cerebellar disease; task-relevant information; cerebellar atrophy; healthy controls; motor impairment; EEG potentials; time points; cerebellum; temporal contingencies, 20064
structural change; familial Alzheimer's disease; cerebral atrophy; brain volume; temporal lobe; hippocampus, 22999
tau levels; Alzheimers disease; cerebral atrophy; vascular dementia; major depression, 1342
tau R406W mutation; presenile dementia; bitemporal atrophy; frontotemporal dementia; Alzheimers disease; neuropathology; neurofibrillary tangles; tau protein; pathogenic mutations, 32177
temporal lobes; dissociation; semantic knowledge; dementia; cerebral atrophy; right brain; left brain; face processing, 11301
transient ischaemic attacks; brain atrophy; potential vascular risk factors; cognitive impairment; ischaemic lesions, 14017
verb generation; cerebellar patients; cerebellar atrophy; verbs; disarthria; reaction time, 29172

Cerebral Blood Flow—Serials

acute exposure; brain areas; pathological changes; cerebral blood flow; glucose utilisation; cerebral metabolic demand; dark agouti rats; autoradiographic techniques, 24842
anxiolytic properties; regional cerebral blood flow; functional neuroimaging; cannabinol; anxiolytic properties, 21806
auditory selective attention; regional cerebral blood flow; hemispheric lateralization; continuous speech; brain activity; superior temporal areas; auditory cortices, 3595
brain activation; motor imagery; locomotor-related tasks; standing; initiating gait; walking; walking with obstacles; supraspinal structures; human locomotion; electrical activity; blood flow, 3672
brain function; neurophysiological correlates; cerebral blood flow; blood-oxygen level-dependent signals; functional neuroimaging; neural activity; afferent function, 21623
brain processing; facial expressions; alexithymia; regional cerebral blood flow; positron emission topography, 22454
brain region connections; regional cerebral blood flow correlations; regional metabolism; brain areas; somatosensory area, 636
cardiac output; cerebral blood flow; skin blood flow; peripheral vasoconstriction; total peripheral resistance; cerebrovascular resistance; mean arterial pressure; cold face stimulation; diving reflex, 669
cerebral blood flow change; ketamine; BOLD signal; fMRI; functional magnetic resonance imaging; cognitive state change, 3862
cerebral blood flow; anterior cingulate cortex; schizophrenia; drug therapy; clozapine; haloperidol; task performance; treatment outcomes, 11517
cerebral blood flow; cocaine dependence; limbic activation; biologic difference; cocaine addicted females; sex-specific neurobiologic responses; chronic cocaine use, 10960
cerebral blood flow; emotional symptoms; cerebral cortex; neurosyphilis; photon emission; personality change, 14270
cerebral blood flow; major depressive disorder; unipolar depression; Hamilton Rating Scale for Depression, 22491
cerebral blood flow; neuroimaging; neurophysiological correlates; brain; electrical activity; behavior, 6920
cerebral blood flow; obsessive compulsive disorder; behavior therapy; OCD patients; neuroimaging; obsessive-compulsive disorder; treatment-refractory patients, 2056
cerebral blood flow; unilateral & bilateral electrical stimulation; subthalamic nucleus; Parkinson's disease; bradykinesia, 14007
cerebrovascular reactivity; adolescents; tension-type headache; migraine; evoked flow velocity; cerebral artery; cerebral blood flow, 22840
cerebrovascular reactivity; major depression; cerebral blood flow; stroke; risk; unipolar depression, 16410
cholinergic mechanism; procaine; emotional experiences; sensory experiences; cerebral blood flow; cerebral muscarinic cholinergic receptors; limbic activation; rhesus monkey, 27855
continuation ECT; regional cerebral blood flow; cerebral glucose metabolism; major depressive disorder, 5373
Cotard syndrome; striatal receptor binding; cerebral blood, 19303
deep brain stimulation; subthalamic nucleus stimulation; frontotemporal network; Parkinsons disease; regional cerebral blood flow; verbal fluency task, 11295

eyeblink response; cerebral blood flow; cerebellar involvement; airpuff stimulation; surface electrodes; unconditioned stimulus; human cerebellum; bink reflex-related areas, 6943
fluvoxamine; pain sensation; human brain; antinociceptive effect; pain processing, 15786
glucocorticoids; regional cerebral blood flow; medial temporal lobe; declarative memory retrieval; human males, 21823
high frequency transcranial magnetic stimulation; low frequency transcranial magnetic stimulation; regional cerebral blood flow; depression; transcranial magnetic stimulation, 2255
migraine headache; biofeedback-assisted relaxation; cerebral blood flow; middle cerebral artery; anxiety; depression, 17135
migraine without aura; cerebrovascular reactivity; prophylactic flunarizine; cerebral blood flow; cerebral vessels; vasodilatory effect, 23368
mild traumatic brain injury; regional cerebral blood flow; chronic symptomatic patients; neuropsychological deficit, 4973
mood regulation; bipolar disorder; blood flow differences; state influences; trait influences; brain, 7831
neural correlates; dual task interference; masking interference; attentional blink; functional magnetic resonance imaging; fMRI; rapid visual stream; regional cerebral blood flow, 6941
neural substrates; stereodepth perception; stereoscopic processing; human brain; binocular luminance rivalry; regional cerebral blood flow, 6889
neurovascular regulation; Alzheimers disease; cerebrovascular control mechanisms; brain regions; brain blood flow; neurons; astrocytes; vascular cells, 24686
obsessive compulsive disorder; symptom provocation; pharmacological treatment; individual differences; brain markers; anterior temporal cortex; reactivity; single photon emission computed tomography, 2170
obstructive sleep apnea; cerebral hypoxemia; death; critically ill patients; encephalopathy; arousal thresholds, 28996
occipital cortex; tobacco smoking; arterial plasma; brain areas; plasma nicotine concentrations; regional cerebral blood flow; low-nicotine cigarettes, 13395
occipital hypoperfusion; cortical visual processing; cerebral blood flow; Parkinson's disease; photo emission; computed tomography, 16730
Parkinson's disease; single photon emission tomography; cerebral blood flow; episodic memory, 8302
pharmacological stressor; cerebral blood flow; stress related disorders; benzodiazepine partial inverse agonist; conscious rhesus monkeys; glucose metabolism, 7264
platelet abnormalities; platelet aggregation; cocaine-dependent patients; regional cerebral blood flow; hypoperfusion; abstinence; aspirin treatment, 10998
positron emission tomography; brain maintenence; verbal creative activity; regional cerebral blood flow; parietotemporal regions, 27712
posttraumatic stress disorder; temporal lobe; cerebellum; cortisol; cerebral blood flow, 4659
regional cerebral blood flow; lexical; brain regions representations; priming; retrieval; memory, 6853
regional cerebral blood flow; major depression; diagnostic subtypes; neuropsychology, 19373
regional cerebral blood flow; visual imagery task performance; brain areas, 30857
repetitive transcranial magnetic stimulation; regional cerebral blood flow; motor cortex; positron emission tomography; intensity-dependent; 1 Hz, 626
repetitive transcranial magnetic stimulation; regional cerebral blood flow; prefrontal cortex; intensity-dependent; 1 Hz, 627
repetitive transcranial magnetic stimulation; TMS; left primary motor cortex; regional cerebral blood flow; rCBF; sound & electrical stimulation, 3690
Robust Bayesian estimation; hemodynamic response function; event-related BOLD fMRI; functional magnetic resonance imaging; brain; temporal information, 3674
somatosensory areas; steady pressure discrimination; spring strength; kinesthesia; neuronal population; distal phalanx; right index finger; afferent pathways, 12810
syntactic processing; age; speed of processing; inferior frontal; regional cerebral blood flow; rCBF; Positron emission tomography; PET; sentence comprehension; parietal lobe, 15488
tryptophan depletion; depression; cerebral blood flow; smoking; left frontal lobe hypoactivity, 25590
visual sexual stimuli; brain activation; hypoactive sexual desire disorder; sexual drive; sexual motivation; brain regions; orbitofrontal cortex; statistical parametric mapping; cerebral blood flow, 1394

Cerebral Blood Flow—Chapters

The neural basis of the blood-oxygen-level-dependent functional magnetic resonance imaging signal, 3749
PET studies on the function of dopamine in health and Parkinson's disease, 16849

Cerebral Cortex [See Also Cerebral Ventricles, Corpus Callosum, Frontal Lobe, Left Brain, Limbic System, Occipital Lobe, Parietal Lobe, Right Brain, Temporal Lobe]—Serials

acyl-CoenzymeA synthetase-2 mRNA; cerebral cortex; animal model; depression; rats; fatty acid metabolism; learned helplessness, 18540
aging; cerebral glucose metabolism; Alzheimers disease; genotype; age difference; apolipoprotein E; epsilon4 allele, 20028
aging; human sex differences; thalamus volume; pons volume; cortex volume; gender, 27795
alpha-methyl-L-tryptophan & 2-deoxy-2fluoro-D-glucose uptake; PET; seizure onset; intractable neocortical epilepsy; cortical regions; epileptogenic cortex, 13960
alzheimer disease; transcranial magnetic stimulation study; glutamatergic neurotransmission; motor cortex excitability; cerebral cortex; ionotropic glutamate receptor; N-Methyl-D-Aspartate; NMDA, 16816
Alzheimer's disease; electroencephalographic coherence; cortical networks; disconnection; reduced coordination; cooperation; sensorimotor networks; frontoparietal networks; interhemispheric networks, 32138
Alzheimer's disease; mild cognitive impairment; MCI; healthy aging; cerebral structural characteristics; hippocampus, 22902
Alzheimer's disease; transcranial magnetic stimulation study; glutamatergic neurotransmission; peripheral nerve stimulation; motor cortex excitability; cholinergic connections; cerebral cortex, 16753
Alzheimers disease lesions; amyloid deposition; senile plaque; neurofibrillary tangle; neocortical areas; cerebral cortex; aging; primary visual cortex; disease severity, 8278
anterior cingulate cortex; conflict monitoring; conflict adjustments; cognitive control; neuronal mechanisms, 12850
anterior cingulate cortex; pain responses; visual stimulation; noxious tactile; somatosensory cortex; empathy, 33693
anterior cingulate cortex; striatum; orbitofrontal cortex; decision making; blood oxygenation level dependent responses, 18697
antibody response; single trial conditioning paradigm; protein antigen; saccharin; early gene c-fos expression; insular cortex; rats, 33977
aphasia; recovery; lateralization patterns; attentional resources; cerebral hemisphere, 32137
architectonics; primate cortex; neuroanatomical organization; cerebral cortex; cytoarchitectonics, 18589
attention; event related activation; cortical activation; preparatory activation; cortical deactivation; cue period activation; response inhibition; functional areas, 24732
baclofen; morphine; conditioned place preference; mice; cortical regions; limbic regions; opiates, 13021
bipolar disorder; schizophrenia; gamma aminobutyric acid interneurons; NMDA; N-methyl-D-aspartate; glutamic acid decarboxylase; anterior cingulate cortex; cerebral cortex, 28618
brain activation; trial-and-error; sequence learning; early PD; pathophysiology; nondemented patients; frontal tasks; cognitive tasks; controls; brain function; higher cortical function, 3679
brain encoding; second cortical visual area; hue perception; V2; hue representation; cone responses; color encoding, 3613
brain-derived neurotrophic factor gene; Alzheimer's disease; cerebral cortex; amino acids; hippocampal impairments; polymorphism; codon; etiology, 32143
Cajal-Retzius cells; transcription factors; neurotransmitters; pallial neurons; reelin; interneurons; subpallial transcription factor; migrating interneurons; cortex; corticogenesis, 21595
caudal cingulate cortex; pain processing; laser evoked potential, 21726
cell adhesion molecule; immunoreactivity; anterior cingulate cortex; bipolar disorder; inflammatory response; affective disorders; schizophrenia, 19403
cellular physiology; neonatal rat; cerebral cortex; neurogenesis; neuronal migration; cellular differentiation; programmed cell death, 6937
cerebral activated regions; vagus nerve stimulation; epilepsy patients; seizure, 22969
cerebral activation; differential activation; retrieval; brain regions; performance-related activation; response categories; veridical recognition; target words; signal changes; recognition success, 15652
cerebral asymmetry; language; schizophrenia; gene; cerebral cortex; occipital lobe; temporal lobe; parietal lobe; genetics; psychosis; monozygotic twin; lateral dominance, 19436
cerebral correlates; emotional memories; electroencephalography, 24672
cerebral cortex; hippocampus; apoptosis; homocysteic acid; rat pups; neurotoxic effect; clonic-tonic seizures, 15441
cerebral hemisphere; language mechanism; nervous system; neurologist; Ludwig Lichtheim; Carl Wernicke, 27744
cerebral information transfer; word processing; short-time phases; cortex sites; transient neural networks; abstract processing; concrete noun processing, 3708
cerebral lateralization; normal cerebral volume asymmetries; early onset schizophrenia; adolescent patients, 10787
cerebral regions; verbs; nouns, 9807
cetacean brains; brain expansion; encephalization levels; mammals; neocortex; cognitive capacities, 21632
cognitive experimentation; working memory capacity; WM; graph theory; topology; cortical anatomy; neural representations; coactive chunks; cortex; cortical columns, 15504
cognitive status; neurofibrillary tangles; tangle number; neuron number; amyloid load; Alzheimer's disease; brain aging; hippocampus; entorhinal cortex; dementia, 16763
computational model; thalamocortical circuit operations; inhibitory postsynaptic potentials; hierarchical clustering; categorization; neuroanatomy; neurophysiology; algorithms, 24620
contralateral response; macrophages; astrocytes; cerebral hemisphere; brain injury; prenatal gamma irradiation; rats, 34068
cortical areas; pyramidal neurons; corpus callosotomy; epileptic condition; dendtrites; supragranular neurons; deafferentation, 575
cortical bases; speech perception; cortical stimulation; hemispheric anesthetization; intracarotid amobarbital, 21544
cortical change mapping; grey matter density; human life span; physiological aging; magnetic resonance imaging; cortical matching algorithms, 21695
cortical control; voluntary blinking; transcranial magnetic stimulation, 27825
cortical crosstalk; binding problem; color; achromatic form; motion; neural activity; retinogeniculate encoding; synchronization; segmentation; equiluminant images; stabilized images, 30838
cortical dynamics; object naming; name learning; cortical learning effect; word acquisition, 24664
cortical lesions; vestibulo-ocular reflex; vestibular function; hemi-neglect; spatial representation deficits; occipito-temporo-parietal junction; vestibulo-ocular behaviour; nystagmus, 5077
cortical malformation; human brain mapping; functional neuroimaging; cortical development; epilepsy, 11236
cortical reorganization; motor recovery; hemiparetic stroke patients; cerebral infarct; finger flexion-extension movements; sensorimotor cortex, 8195
cortical thickness; animal phobia; specific phobia, 21796
cytoarchitecture; myeloarchitecture; superior colliculus; neuronal components; superficial gray layers; retinotectal fibers; shaking rat kawasaki; cerebellar cortex; retina; Reelin protein, 21681
dementia with Lewy bodies; DLB; myoclonus; Alzheimers disease; Parkinson's disease; neurophysiologic mechanism; Alzheimer's Disease; cerebral cortex, 4979
dendritic spines; synaptic connections; cerebral cortex; structure-stability-function; glutamate receptors; memory; cortical neuronal networks, 6918
differential subcellular localization; phosphorylated neurofilament; tau proteins; degenerating neurons; human entorhinal cortex; neurofibrillary tangles; Alzheimer disease; morphological changes, 8291
disrupted in schizophrenia-1; primate brain; DISC-1 expression; dentate gyrus; hippocampus; lateral septum; cerebral cortex; amygdala; paraventricular hypothalamus; cerebellum interpenduncular nucleus, 7860
dopaminergic neurotransmission; striatum; frontal cortex; hippocampus; trans isomers; linolenic acid; brain areas; fatty acid; rat brain, 3863
electrical oscillations; sensory neocortex; multivibrissa stimulation; cortical pyramidal cells; rats; submillisecond delays in interstimulus intervals; synchronized population spikes, 15477
Electrogustometry; taste acuity; cortical activity; magnetoencephalography; cerebral cortex; electrogustatory stimulation, 15604
entorhinal cortex; ERC; Alzheimers disease; AD; atrophy rate; ERC volume loss; aging; memory performance, 4988
entorhinal cortex; retrosplenial cortex; brain lesions; habituation; reaction to change; spatial changes; non-spatial changes; object exploration; rats, 27771
environment enrichment; dentate gyrus; neuronal morphology; social interactions; pyramidal neurons; dendritic length; neuronal growth; learning; cell volume; cerebral cortex; motor activity, 21580

epilepsy; children; cortical development; facial hemangioma; cerebral corticovascular dysplasia, 13913
evolutionary origin; mammalian isocortex; developmental approach; functional approach; cerebral hemispheres; ancestral structures; reptilian brain; ventral pallium; dorsal pallium, 18442
focal epilepsy; malformations of cortical development; MCD; polymicrogyria; hemimegalencephaly; heterotopia; focal cortical dysplasia; FCD; neuropathology, 16777
focal retrograde amnesia; cerebral vasculitis; episodic retrograde memory; cortico-cortico connectivity, 4993
forced disuse; impaired forelimb; unilateral cortical injury; forelimb representation; rat sensorimotor cortex; brain injury, 21624
frontal cortical activity; approach motivated anger; insult; sympathy arousal, 15437
fronto-occipital cerebral asymmetry; schizophrenic probands; relatives; genetic risk; genes, 19431
frontotemporal dementia; early Alzheimer's disease; FTD; frontal cortex activation; frontal fMRI activation, 1870
functional autapses; synaptic transmission; neurons; physiological role; cerebral cortex; neocortex; practical utility, 15478
functional brain imaging; activity patterns; individual brains; optimal stimuli; spatiotemporal activity; visual areas; auditory areas, 21276
functional magnetic resonance imaging; porencephalic cyst; seizures; cerebral cortex; cerebral plasticity, 11238
functional MRI; visual-spatial processing; neurofibromatosis, type I; neuroanatomy; cerebral cortex, 11133
gamma frequency bursting; chattering neurons network; hippocampus; calcium sensitivity; cationic current; cortical pyramidal neurons; binding processing, 18001
gemfibrozil; rat cortex; neurotoxicity; hypolipidemic effect; nuclear extracts; brain; oligonucleotide, 3705
generalized tonic-clonic seizures; electroconvulsive therapy; cortical-subcortical networks, 13976
glial fibrillary acidic protein; Alzheimer's disease; enzyme-linked immunosorbent assay; protein levels; neocortex, 8298
gray matter loss; Alzheimer's disease; sensorimotor cortices, 23010
hemispheric malformation; cortical development; congenital malformations; cerebral hemisphere; early childhood; epilepsy; cognitive delay; contralateral hemiparesis; genetic mechanisms, 35286
hypnosis; cerebral functional connectivity; distraction; resting state; right hand; pain perception; noxious thermal stimulation, 3631
inflammation; cerebral amyloidosis; Alzheimer's disease; beta amyloid deposition; plaques; transgenic mouse model; nonsteroidal anti-inflammatory drugs; inflammatory mediators; indomethacin; mice, 3957
insular cortex; basolateral amygdala; conditioned taste aversion memory; inhibitory avoidance; oxotremorine; 8-Br-cAMP; rats, 24832
integrins; cerebral cortex; neural development, 21683
interhemispheric visuo-motor integration; neural correlates; reaction time; crossed responses; uncrossed responses; crossed-uncrossed difference; cerebral cortex, 12846
interictal magnetic spikes; non-supervised spatio-temporal magnetoencephalography; MEG; intracerebral recordings; epileptogenic network; epilepsy; spatio-temporal localization; accuracy, 5060
irrelevant speech effect; working memory; positron emission tomography; attentional modulation; phonological processing; human brain; regional cerebral blood flow; PET experiment, 3643
kinetic contours processing; brain; special cortical areas; brain activity; kinetic occipital area; shape perception; primate visual brain; orientation-selective cells; macaques, 3332
language; cortical mechanisms; hemispheric dominance; cavernoma; language mapping; language reorganization; lesion size; small lesions, 26150
lateral intraparietal area; apparent motion stimulus; medial superior temporal area; neuronal responses; parietal neurons; motion stimulus; monkeys; parietal activity; ambiguous apparent motion, 15602
left hemisphere; right hemisphere; semantic information; priming, 27723
life history strategies; latent semantic analysis; corticocortical connections; context; countercurrent; hippocampus; neocortex; life span, 27765
life history strategies; latent semantic analysis; corticocortical connections; context; countercurrent; hippocampus; neocortex; life span, 27766
life history strategies; latent semantic analysis; corticocortical connections; context; countercurrent; hippocampus; neocortex; life span, 27729
life history strategies; latent semantic analysis; corticocortical connections; context; countercurrent; hippocampus; neocortex; life span, 27754
line bisection; cortical organization; cortical activation; laterality; rightward errors; athletes; Group Cortical Organization and Activation Theory; personality traits, 12819
linguistic prosody; stress perception; functional cerebral asymmetry; word stress, 24694
low frequency magnetic fields; cells; transitional states; serotonergic synaptic growth; postnatal development; cerebral cortex; pineal gland; rats, 553
low-resolution electromagnetic tomography; unipolar depression; chronic depressive disorder; interhemispheric asymmetry, 1434
Magnetic Resonance Imaging slice thickness; entorhinal cortex volumetry; 3D volumetric acquisition, 6847
mammalian cortex evolution; anatomical features; functional features; mammalian brain evolution; pyramidal cells; granule cells; laminated isocortex, 6952
migraine; transcranial magnetic stimulation; cortical information processing; electrophysiology; cognitive disturbances; subcortical structures; evoked potentials; cerebral cortex; Medline; aura, 16628
mild Alzheimers disease; cholinergic system; cortico-cortical connections; sub-cortical white matter; power bands; electroencephalography; EEG, 29156
mismatch negativity; schizophrenia; cortical activity; auditory stimuli; marker of genetic vulnerability, 19426
motion stimuli; cortical regions; inter-species comparison; similarities; differences; motion sensitivity; monkeys; humans, 3692
motor imagery; corticospinal excitability; abductor pollicis brevis; phasic thumb abduction; abductor digiti minimi; temporal stimulation; spatial stimulation; F wave; thumb; imaged movement, 15585
multisensory processing; mental imagery; human cerebral cortex; haptic shape perception; visual perception; texture perception, 34083
neocortical enlargement; mammalian neocortex; cognitive abilities; cortical specializations; sensory specializations; sensory processing, 21556
neural correlates; Stroop task; childhood sexual abuse; post-traumatic stress disorder; anterior cingulate; women, 19511
neuroanatomy; brain organs; thalamus; cortex; brain functioning, 18575
neuroanatomy; cerebral cortex; cerebral functional organization; cortical morphology; cortical connectivity, 18621
neuroanatomy; cortex structure; neural function; neural tracers; gene expression, 18555
neurons; long-term memory storage; cognitive function; hippocampus; monkeys; neocortex, 21586
neurotrophic effects; neurotoxic action; zinc exposure; neonatal cortical neuron; rat; necrotic neuronal death; apoptotic neuronal death; zinc deficiency; chelatable zinc, 9824
novel picture pairs; perirhinal cortex; encoding; retrieval; medial temporal lobe; brain; visual associative memory; long-term memory; fMRI; paired associates, 9875
opiate addicts; rostral anterior cingulate; anterior cingulate cortex; false alarm error responses; impulsive behavior, 19660
orbitofrontal cortex; major depressive disorder; gray matter volume, 16406
orbitofrontal cortex; motivational behavior; feeding; drinking; emotional behavior; social behavior, 24705
orbitofrontal cortex; obsessive compulsive disorder; clinical symptoms; cognitive performance; impaired organizational strategies; gray matter volume reduction, 16450
orbitofrontal cortex; regret experience; satisfaction; relief; regret; decision making; cognitive process; emotional experience, 24658
orbitofrontal function; executive functions; orbitofrontal cortex; emotion; personality; neuropsychology, 24677
pathological changes; cortical neurons; sporadic Creutzfeldt-Jakob disease; morphological abnormalities; neuronal perikarya; cerebral cortex; elderly patients, 11225
perirhinal cortex; cholinergic neurotransmission; glutamatergic neurotransmission; taste recognition memory; learned taste aversion; scopolamine; AP5; NBQX; NMDA: AMPA; receptor antagonists, 15750
phonemic processing; left frontal lesions; temporal-parietal lesions; cerebellar lesions; Parkinson's disease; phonemic identification; phonemic production, 8293
phonological influences; distinct cortical areas; connectionist models; behavioral studies; neural correlates; lexicality effect; occipital cortex; letter string length; reading; orthography, 635
pleasant touch; painful touch; orbitofrontal cortex, 21679
post-traumatic stress disorder; pregenual anterior cingulate cortex; ventromedial frontal cortex; subcallosal cortex; amygdala; hippocampus; volumetric differences, 7942
postical laughter; status epilepticus; pathologic neurologic laughter; ictal phenomenon; epilepsy; electrical brain stimulation; cortex, 11232
prefrontal cortex; cortico-subcortical circuit; executive control; executive function; cognitive processes; information processing; brain; brain-damaged patients; subcortical regions, 15289
prefrontal cortex; frontal lobe; parietal lobe; electroencephalography; waking EEG; morning; evening; spatial orientation; maze, 7040
probabilistic learning; Alzheimer disease; basal ganglia; gender related degeneration; subcortical region; spectroscopic imaging, 8226
regulatory focus; cortical activity; frontal activity; motivational orientations; motivational systems; implicit assessment; resting frontal cortical asymmetry, 18675
reward; neural activity; blood oxygen level; ventral striatum; orbitalfrontal cortex; children; adolescents, 15912
selective activation; cognitive processing; letter recognition; letter processing; cortical regions; object recognition; fMRI, 15518
serotonin transporters; neocortex; Alzheimer disease patients; temporal cortex; antemortem anxiety; homozygosity; polymorphism; citalopram binding, 8650
sex differences; orbital prefrontal cortex; cognitive tasks; age differences, 24462
short-term memory; neural substrate; neural activity; active memory; neuron network; cortex; time delay, 15484
simple arithmetic; age differences; brain functioning; mental calculation, 18334
slurred speech; left hemiparesis; stroke; right middle cerebral artery; malignant middle-cerebral-artery edema syndrome, 22916
social experience; cortical control; pubertal transition; play fighting; rats; attack tactics; developmental changes, 12830
speech production; left anterior insula; motor cortex; speech production; articulation; phonation, 21527
spike timing; dendrite; bistratified cells; hippocampal network; hippocampus; pyramidal cell; rats; synapses, 15526
spinal cord injury; cortical maps; inductive liability procedure; brain-stem; cerebral cortex; locomotor control centers; neural network maps; learning; task execution, 29138
spontaneous seizures; lithium induced epilepsy; pilocarpine induced epilepsy; neuronal loss; right temporal cortices; rats, 34056
striatal activation; three dimensional activation; human striatum; face movements; hand representation; foot representation; face representation; eye representation, 3641
subcortical neural responses; prefrontal cortical neural responses; facial expressions; bipolar disorder; major depressive disorder; mood; emotional processing, 19384
subthreshold voltage fluctuations; neuronal membranes; synaptic noise; electrophysiology; cerebral cortex, 6159
synaptic connections stability; cortical circuits; long-term information storage; brain imaging; topographic maps, 15548
syntactic processes; brain areas; superior temporal cortex; sentence comprehension; left inferior frontal cortex; semantic process, 3636
taste novelty; c-fos expression; central amygdala; insular cortex; taste aversion learning; rats, 6926
temporal representations; cortex; split-brain patient; cortical contributions; subcortical contributions; visual field, 19985
thalamocortical development; thalamic axons; gene expression; mutant mice, 15447
time estimation; cortically mediated attention; attentional engagement, 24660
transcranial direct current stimulation; sensorimotor cortex stimulation; somatosensory evoked potentials, 27818
undernourishment; serotonergic receptors; rats; 5-hydroxytryptamine; 8-hydroxy-(2-N,N-dipropilamin)-tetralin; 8-OH-DPAT; cerebral cortex, 593
unsupervised learning; cortical macrocolumn; inhibitorily coupled minicolumns; neurons; cerebral functional units; rapid processing, 27760
vestibular cortical function; non-dominant hemisphere; function dominance; vestibular cortical system; hemispheric dominance; cortical activation; subcortical activation, 6874
vestibular symptoms; human vestibular cortex; parietal operculum; partial epilepsy; vestibular input; sylvian fissure; cortical areas; cortical sites, 11262
visual field; lexical tasks; cerebral asymmetries; language; structural behavioral correlations; Heschls gyrus; planum temporale; planum parietale, 18562
visual imagery; cerebral visual dysfunction; object-properties processing system; spatial-properties processing system; cerebral hemisphere; brain damage; imagery deficit; visual area; occipital lobe, 9579

Cerebral Cortex [See Also Cerebral Ventricles, Corpus Callosum, Frontal Lobe, Left Brain, Limbic System, Occipital Lobe, Parietal Lobe, Right Brain, Temporal Lobe]—Books
Plasticity in the human nervous system: Investigation with transcranial magnetic stimulation, 15605
Cerebral Cortex [See Also Cerebral Ventricles, Corpus Callosum, Frontal Lobe, Left Brain, Limbic System, Occipital Lobe, Parietal Lobe, Right Brain, Temporal Lobe]—Chapters
Conditional reflexes: An investigation of the physiological activity of the cerebral cortex, 639
The corpus callosum equilibrates the cerebral hemispheres., 15629
Corpus callosum morphology in relation to cerebral asymmetries in the postmortem human, 15608
Cortical reorganization and the rehabilitation of movement by CI therapy after neurological injury, 16857
Developmental plasticity of the corticospinal system, 15926
Exploring the cortical evidence of a sensory-discrimination process, 3755
Functional organization and plasticity of auditory cortex, 7024
Functional relevance of cortical plasticity, 15611
Is the human brain unique?, 3756
Parallel systems for processing language: Hemispheric complementarity in the normal brain, 15612
Therapeutic uses of rTMS, 16896
Cerebral Dominance [See Also Lateral Dominance]—Serials
deception detection; self awareness; right hemisphere; theory of mind; self; laterality; asymmetry; mental state attribution; hemispheric differences; undergraduate students; information processing, 9667
grasping; handedness; individual differences; captive chimpanzees; cerebral dominance; motor skill; food items; grip morphology, 18572
hemispheric activation; spatial attention; line bisection error; pseudoneglect phenomenon, 18578
hemispheric dominance; myalgic encephalomyelitis; chronic fatigue syndrome; isoprenoid pathway; hypothalamic digoxin, 16610
hemispheric specialization; callosotomy; hand-head positions; finger configurations; imitation, 11268
hypothalamic digoxin; hemispheric chemical dominance; Tridosha theory; Ayurveda; biochemical differences, 17106
linguistic representations: language laterality; language processing; auditory language function; neural networks, 15948
manual skills anatomy; handedness; neuropsychologists; hemispheric function; language; speech lateralization; righthanders; left-handers; cerebral hemispheres; brain; temporal lobe; planum temporale, 18556
number representations; priming effects; arabic digits; hemispheric differences; right hemisphere; left hemisphere; unmasked primes; masked primes; conscious priming; unconscious priming, 18604
prenatal exposure; testosterone; functional cerebral lateralization; sex hormones; intrauterine position; sex differences; lateral dominance, 27869
reaction time; dominant hands; non-dominant hands; intelligence quotient; Hick's law, 12836
sentence comprehension; audio-visual; sign language; lateral dominance; perisylvian cortex, 27718
spatial working memory; verbal working memory; prefrontal cortex; parietal cortex; domain dominance; fMRI, 3727
speech representation; speech dominance; seizure focus; age of onset; handedness; laterality; sex, 5058
temporal processing; temporal cues; prosodic cues; brain damage; cerebral dominance; prosody; speech perception; speech characteristics, 11219
valence-specific laterality effect; free viewing conditions; sex; handedness; response bias; right hemisphere; left hemisphere; processing; emotional information; facial emotion, 7136
Cerebral Dominance [See Also Lateral Dominance]—Chapters
Forebrain commissures: Glimpses of neurons producing mind, 15618
Cerebral Hemorrhage—Serials
apolipoprotein E polymorphism; neuropsychological outcome; subarachnoid haemorrhage; genotype; cognitive performance; emotional outcome, 29157
cutaneous stimulation; cerebellar damage; chronic patient; ataxia; gait imbalance; limb spasticity, 22918
ex-convict; obsessive artist; brain hemorrhage; personality change, 32150
hemorrhagic stroke; Iowa amyloid precursor protein mutation; Spanish family; hereditary syndrome; dementia; leukoencephalopathy; occipital calcifications; amyloid angiopathy, 13866
intracerebral hemorrhage; risk factor; asymptomatic microbleeds; aspirin users; aspirin-associated intracerebral hemorrhage, 5363
monoamine oxidase inhibitors; subarachnoid hemorrhage; atypical depression; headache; oral tranylcypromine, 35543
phonemic characteristics; apraxia of speech; aphasia; basal ganglia hemorrhage, 16808
Cerebral Ischemia—Serials
acute ischemic stroke; clinical outcome; ischemic cerebrovascular disease; hospital discharge; symptom onset; posterior circulation infarction; neurologic deficit, 22895
anti-epileptic drugs; neuroprotectants; cerebral ischemia; stroke; epilepsy; brain injury; therapeutic benefit, 11658
focal cerebral damage; general anaesthesia; hydroxybutyrate; lactone; butyrolactone; cerebral ischemia; cerebral hypoxia; head injury induced coma; excitoxicity, 3572
immunoreactivity; astrocytic markers; reperfusion; focal cerebral ischemia; glia; tissue damage, 6930
ischemic brain injury; antenatal steroids; ovine fetuses; near-term, 7178
ischemic stroke; environmental tobacco smoke; passive smoking; transient ischemic attack; stroke risk factors; second hand smoke, 29082
left basal ganglia infarctions; right basal ganglia infarctions; procedural learning; ischemic infarctions; declarative memory; general intelligence, 26177
neural excitotoxicity; cerebral ischemia; cortical neurons; rats; inhibhitory neurons; principal neurons; short-term ischemia; pyramidal neurons, 15598
neurological correlates; language; phonological short-term memory; left hemisphere; ischemic lesion, 5062
perinatal hypoxic-ischemic encephalopathy; birth asphyxia; murine model; neurofunctional assessment methodology; mice; injury severity; sensorimotor neonatal reflexes; performance; brain injury, 3715
poly(ADP-ribose) polymerase-1; PARP-1 inhibitors; NAD depletion; ATP depletion; ischemia; neuroprotection; mice; cortical cells; oxygen deprivation; glucose deprivation; thieno[2,3-c]isoquinolin-5-one, 3881
silent brain ischemia; white matter lesions; older adults; insomnia; difficulty falling asleep; early morning awakening; brain MRI, 16608
somatosensory cortex; ischemia; motor excitability; transcranial magnetic stimulation; electrical peripheral nerve stimulation; intracortical facilitation; intracortical inhibition, 16723
spatial memory impairments; nitric oxide synthase; cerebral ischema; hippocampus; apoptosis; arginine; microdialysis, 13039
subcortical ischemic vascular disease; mild cognitive impairment; computed tomography; visual rating scale; validity; Alzheimer's disease; vascular dementia, 6342
visual hallucinations; transcranial magnetic stimulation; illusions; occipital stroke; suppression; Charles Bonnet Syndrome, 1863
voluntary exercise; histological outcomes; neurobehavioral outcomes; physiological outcomes; ischemic brain injury; rats, 6805
Cerebral Lesions [See Brain Lesions]
Cerebral Palsy—Serials
biofeedback-assisted relaxation; cerebral palsy; progressive relaxation exercises; musculoskeletal problems; physiological changes; self-reported pain; chronic pain, 26447
body alignment; feeding problems; swallowing; cerebral palsy; neuromotoor disorders, 35335
cerebral palsy; augmentative and alternative communication; speech ability; vocabulary recognition; static vs dynamic display; children; adolescents, 26142
cerebral palsy; Dohsa method; autism; Japanese therapy, 8574
cerebral palsy; fatigue prevalence; Norway; physical fatigue; mental fatigue, 11261
constraint-induced movement therapy; hemiplegic cerebral palsy; motor learning; adolescents; therapy effectiveness; day camp model, 11598
disability diagnosis; infants; toddlers; Down syndrome; cerebral palsy; developmental delay; developmental needs; families' resources & accommodations, 35816
electrical stimulation; cerebral palsy; significant improvement; active electrode; gross motor function; gluteus maximus; gait; muscle strength, 17116
functional strength training; cerebral palsy; diplegia; quadriplegia; functional performance; strength training; lower limb; muscle strength; physiotherapy, 23600
grip selection; hemiparetic cerebral palsy; grip planning; right side lesion; left side lesion, 23004
hand function development; cerebral palsy; upper extremity; children; impairements, 8252
intelligibility; profound dysarthria; cerebral palsy; cues; strategies, 1853
lower limb co-ordination; walking; cerebral palsy; motor development; muscle activation; children, 8241
mental imagery ability; spastic diplegic cerebral palsy; adolescents; visual imagery; visual-perceptual deficits, 35272
motor impairment; visual acuity; spastic cerebral palsy; vision impairment; child patients, 16748
neuropsychological status; acquired brain dysfunction; congenital brain dysfunction; cerebral palsy; myelomeningocele; social problem solving; traumatic brain injury, 1880
psychometric properties; cerebral palsy; health status; psychosocial health; physical health; child health; epilepsy; child well-being, 5078
tube feeding; parental perceptions; nutritional intake; cerebral palsy; neurodevelopmental disabilities; gastrostomy feeding; antireflux procedure; oral feeding; genetic syndrome, 4984
validity; rating scales; measurement; pain intensity; cerebral palsy; pain assessment; chronic pain, 21103
verbal communication; movement imagery; severe cerebral palsy; electroencephalography-brain-computer interface; paralysis; EEG feedback training; motor impairment; event related synchronization, 5667
Cerebral Vascular Disorders [See Cerebrovascular Disorders]
Cerebral Ventricles—Serials
brain function; rat subependyma; rat neural stem cells; ventricular subependyma, 6898
cavum septi pellucidi; schizophrenia; alcoholism; prior head trauma; morphological differences, 31663
cerebral ventricular change; schizophrenia onset; hemispheric volume, 19438
complex partial seizures; lateral ventricles; periventricular heterotopia; neuronal nodules; mutations; cortical malformations; 5p chromosome anomalies, 13998
fibroblast growth factor receptors; choroid plexuses;protein expression; periventricular tissues; murine embryo; gestation; choroid plexus, 21671
neuropathology; major depression; periventricular white matter hyperintensities; magnetic resonance imaging, 4607
schizophrenia; multiple structural brain measures; magnetic resonance imaging; lateral ventricle; sylvian fissure, 28730
umbilical cord inflammation; periventricular leukomalacia; low birth weight infants; chorioamnionitis; placental samples, 32117
Cerebrospinal Fluid—Serials
14-3-3 protein; cerebrospinal fluid; Creutzfeldt-Jakob disease; progressive dementia; clinical diagnosis, 8257
Aicardi-Goutieres syndrome; encephalopathy; microcephaly; basal ganglia; white matter abnormalities; chronic cerebrospinal fluid, 8268
Alzheimer's disease; amyloid; phosphorylated tau; biochemical markers; cerebrospinal fluid biomarkers; dementia, 8217
amisulpride; clozapine; N-desmethylclozapine; permeation; atypical antipsychotics; blood-brain barrier; blood-cerebrospinal fluid, 7196
amyloid peptides; cerebrospinal fluid; biomarkers; Alzheimer's disease, 20014
behavioral disturbances; behavioral abnormalities; dehydrogenase deficiency; psychotic symptomatology; decreased aggression; serotonin metabolism; therapeutic attempts, 2165
bipolar disorder; left hemisphere; white matter; twins; gray matter; cerebrospinal fluid volumes; magnetic resonance imaging; genetic risk, 7830
brain tissue measures reliability; grey matter; white matter; cerebrospinal volume; cerebrospinal fluid; intracranial box; frontal box; temporal box; parietal box; occipital box, 12873
cerebrospinal amyloid; cerebrospinal phosphorylated tau; cerebrospinal; Alzheimer disease; frontotemporal lobar degeneration, 32182
cerebrospinal fluid; brain tissues; hepatocytic growth factor; Alzheimers disease; mitogen, 23012
cerebrospinal fluid; CSF; dementia; Creutzfeldt-Jakob disease; dementias; lactate dehydrogenase; isoenzymes, 35322
cerebrospinal fluid; hypovolemia; spontaneous intracranial hypotension syndrome, 13979
cerebrospinal fluid; plasma antichymotrypsin levels; Alzheimer disease; severity; physiological correlates; cognitive impairment; neuritic plaques; systematic inflammatory diseases, 4986
cerebrospinal fluid; schizophrenic patients; nitric oxide; nitrite; nitrate; neurological disorders, 25667
cerebrospinal fluid; serotonin; serotonin metabolites; aggression; rats; norepinephrine; dopamine; 3,4-dihydroxyphenylacetic acid; 5-hydroxyindoleacetic acid; aggressive behavior, 3856
cerebrospinal fluid; signalling compounds; food deprivation; appetite score; fasting; neurotransmitters, 12929
cerebrospinal fluid; stereoselective metabolism; citalopram; plasma; depressive patients, 26409

cerebrospinal fluid; suicide attempt; neuroendocrine dysfunction; major depressive disorder; female suicide attempters; leptin, 28676
cerebrospinal fluid; sulfatides; incipient dementia; Alzheimer's disease; cognitive impairment; phosphatidylinositol; biomarker, 11255
cerebrospinal fluid; sulfatides; ST; incipient dementia; Alzheimer's disease; cognitive impairment; phosphatidylinositol; biomarker; CSF, 1846
cerebrospinal fluid; unipolar major depression; gene polymorphism; neuropeptide Y; pathophysiology; immunoreactivity, 16400
Chlamydophila pneumoniae; HIV-associated dementia complex; polymerase chain reaction; PCR; cerebrospinal fluid; CSF; prevalence; antibodies, 16675
cortical development; cell cycle; rats; cerebrospinal fluid; hydrocephaly; abnormal development; brain development, 21506
cystatin C; cerebrospinal fluid; biomarker; dorsal horn; obstetrical patients, 22830
dorsolateral striatum; response learning; learning acquisition; cue deficient condition; cue available; artificial cerebrospinal fluid; lidocaine injections; rats, 18720
fibroblast growth factor receptors; choroid plexuses;protein expression; periventricular tissues; murine embryo; gestation; choroid plexus, 21671
gamma-secretase; DAPT; beta amyloid; Tg2576 mice; cerebrospinal fluid; young vs old mice; plaque, 3926
hypericum perforatum; antidepressant action; cerebrospinal fluid; brain cortisol; corticosterone; glycoprotein; frontal cortex tissue; serum, 14141
interferon-inducible protein-10; monocyte chemotactic protein-1; cerebrospinal fluid; serum samples; Alzheimers disease patients; chemokines, 22935
laboratory investigation; frontotemporal dementia; assessment tools; structural imaging; functional imaging; cognitive impairment; cerebrospinal fluid biomarkers, 5047
mild cognitive impairment; cerebrospinal fluid; dementia with lewy bodies; Alzheimeer's disease; neurodegeneration; dementia therapy; biochemical markers; total tau; beta-amyloid, 8251
post lumbar puncture; cerebrospinal fluid leak; headache; dural venous sinus; intracranial hypotension; headache; dural venous sinus abnormalities, 35212
postmenopausal women; Alzheimer's disease; hippocampal glucose; metabolism enhamcement; cerebrospinal fluid estrogen; postmenopausal women; positron emission tomography; non-demented controls, 1873
pro-inflammatory & anti-inflammatory cytokines; cerebrospinal fluid; vascular dementia; gene polymorphism; apoptosis; Alzheimer's disease, 8314
S-100 protein subunit B; glial fibrillary acidic protein; neuron-specific enolase; myelin basic protein; cerebrospinal fluid; neurological disorders; cerebrospinal fluid; blood; brain damage, 8267
schizophrenia; infectious agents; psychiatric disease; antibodies; blood serum; cerebral spinal fluids; cytomegalovirus; taxoplasma gondi; herpesvirus, 19468
serotonin syndrome; serotonergic agonist medications; noradrenaline; homovanillic acid; cerebrospinal fluid, 2200
sulfatide level; brain metabolism; biochemical marker; Alzheimer disease; AD; mild dementia; cerebrospinal fluid; (CSF); CSF sulfatide; phosphatidylinositol levels; AD diagnosis, 2297
tau protein; neurodegenerative dementias; cerebrospinal fluid; vascular dementia; amyloid; Alzheimers disease; ageing; dementia diagnosis, 22957
unipolar major depression; cerebrospinal fluid interleukin; cytokine interleukin-6, 22483

Cerebrovascular Accidents—Serials

activities of daily living; stroke; poststroke depression; physical impairment; early antidepressant treatment; late antidepressant treatment, 2199
acute ischemic stroke; clinical outcome; ischemic cerebrovascular disease; hospital discharge; symptom onset; posterior circulation infarction; neurologic deficit, 22895
acute stroke patients; poor outcome; urinary incontinence; clinical risk factors; malnutrition; infections, 8190
acute stroke; emergency department; physician attitudes; medical education; neurosurgeons; emergency physicians; Primary Stroke Centers; Brain Attack Coalition, 17400
Alzheimer's disease; cerebrovascular disease; cognitive deficits; dementia; mixed dementia; post-stroke dementia; stroke; vascular dementia, 5064
Alzheimer's disease; executive dysfunction; dementia; donepezil; galantamine; lacunar strokes; memantine; rivastigmine; vascular dementia; pathogenesis; diagnosis; treatment; prevention; prevalence, 5056
anti-epileptic drugs; neuroprotectants; cerebral ischemia; stroke; epilepsy; brain injury; therapeutic benefit, 11658
aphasia rehabilitation; pharmacological perspectives; neurological injury; stroke; drugs; brain injury; biological therapy; behavioural therapy, 29179
aphasia type; fluent; nonfluent; left caudate infarct; language impairment; perisylvian cortex; hypoperfusion, 26110
arterial ischemic stroke; risk factors; elevated plasma homocysteine; cerebral arterial abnormalities, 22889
attention deficit levels; stroke patients; community living people; attention; balance; function; falls; ADL ability, 8194
attentional bias; unilateral hemispheric damage; spatial neglect; right hemisphere; left hemisphere; greyscales task; stroke; brain lesions, 11278
atypical antipsychotics; risk factors; cerebrovascular accidents; dementia; elderly, 32512
bilateral primary sensori-motor cortex; post-stroke; mirror movements; pathophysiological mechanism; hemiparetic stroke patients; motor cortex, 8197
bodily strangeness; women's experiences; stroke; feminist study; stroke survivors, 4948
brain areas; lesion analysis; language comprehension; brain-injured patients; left hemisphere stroke patients, 22928
brain lateralization; motor imagery of hand movement; movement lateralization; brain damage; left-brain stroke; right-brain stroke; motor planning asymmetry, 22893
brain regions; primary motor cortex; neural correlates; stroke recovery; neuronal reorganization; functional magnetic resonance imaging; recovery, 22896
British sign language; aphasia; cerebrovascular accident; sign anomia; gesture production; sign production; phonological errors; deaf; naming, 29147
cardiovascular diseases; antiemotionality personality scale; cancer; ischemic heart disease; stroke mortality; rationality, 18110
caregiver strain; logistic regression model; prediction; negative affectivity; perceived functional ability; stroke patients; spouses; carer mood, 8787
case ascertainment; stroke registers; local population-based register; national quality register; patient characteristics; selection bias; patients; community-based stroke register, 22903
cerebral vascular accident; traumatic brain injury; rehabilitation center; dopamine agonists, 14174
cerebrovascular disease; late-life depression; geriatric stroke patients; general medical patients; depression symptom endorsement; depression severity, 26114
cerebrovascular reactivity; major depression; cerebral blood flow; stroke; risk; unipolar depression, 16410
chronic stroke patients; visual field defect; cortical level; visual evoked potential; rehabilitation; computer assisted training; perimetry, 11886
citalopram; reboxetine; post-stroke depression; drug therapy; treatment effectiveness evaluation; selective serotonin reuptake inhibitor; noradrenaline reuptake inhibitor, 35566
citalopram; reboxetine; post-stroke depression; drug therapy; treatment effectiveness evaluation; selective serotonin reuptake inhibitor; noradrenaline reuptake inhibitor, 29371
cognitive impairment; laterothalamic infarcts; lateral thalamic stroke; executive functions; verbal fluency, 13915
cognitive impairment; visuospatial neglect; right hemispheric lesion; risk factors; stroke outcomes; stroke recovery, 13909
cognitive-motor interference; CMI; stroke patients rehabilitation; brain injury; cognitive performance; dual-task gait decrement, 14456
constraint-induced movement therapy; home programs; stroke survivors; CIMT; perceptions; experiences, 17417
cortical reorganization; motor recovery; hemiparetic stroke patients; cerebral infarct; finger flexion-extension movements; sensorimotor cortex, 8195
cultural meaning; food related work; older women; disability; stroke; rheumatoid arthritis; Parkinson disease; dependence; public health services; self-management; adaptation; nursing; elder care, 10658
dementia; cognitive impairments; elderly patients; acute stroke patients; risk factors, 29083
diagnosis; rehabilitation; acquired deep dyslexia; stroke; cognitive models; reading; lexical route; priming paradigm; word picture associations, 8887
dural arteriovenous fistula; ischemic stroke; cognitive changes; dementia; aphasia; symptoms; stroke; neurocognitive evaluation; neuropsychology, 19975
early seizures; late seizures; cryptogenic ischemic stroke; young adults, 4949
emotional well-being; stroke survivors; close relatives; wellbeing; cognitive functions; patient care; activities of daily living, 2467
ephedra containing products; hemorrhagic stroke; stroke risk; ephedra use, 4950
event-related brain potential changes; stroke patients; cognitive impairments; drug administration; cognitive functions; choto-san administration, 15825
evidence-based practice; Clinical Swallowing Examination; aspiration; videofluoroscopic swallowing examination; dysphagia; stroke; clinical practice, 32181
evidence-based practice; stroke rehabilitation; research trials; clinical practice; clinical care effectiveness; research knowledge; ethical issues, 17418
exercise trials; stroke; treatment outcomes, 23604
family caregivers; stroke survivors; at risk; depression, 20589
family function; psychosocial intervention; stroke rehabilitation; recovery; family therapy; counseling; psychotherapy, 1944
gene expression; brain plasticity; stroke rehabilitation; mind-body healing dreams; Erickson; therapeutic hypnosis; hypnotherapy; neural mechanisms; neuroscience theory; novelty-numinosum-neurogenesis, 35854
Geriatric Depression Scale; poststroke depression; elderly population, 33480
grip force control; unilateral cerebral lesions; object manipulation; fine motor deficits; cerebral lesions; sensorimotor processing; cerebral stroke, 16718
health-state valuation; support organizations; health conditions; long-term disability; multiple sclerosis; disabling illness; stroke; disability adaptations, 13872
heat stroke; schizophrenia; clozapine treatment; rapid recognition, 23254
hemorrhagic stroke; Iowa amyloid precursor protein mutation; Spanish family; hereditary syndrome; dementia; leukoencephalopathy; occipital calcifications; amyloid angiopathy, 13866
illness experience; health care; treatment outcome; stroke patients; Latvia, 8751
impairment; stroke; neurons; cell death; neural firing rate; cosine directional tuning; cortical activity; population vector model; movement control; hand movements, 4951
informal care costs; stroke patients; economic evaluation; social care costs; quality adjusted life years; care givers, 35827
informal care giving; disabled stroke survivors; care giver training; care giver adjustment; nursing skills; emotional support, 35818
inpatients; neurorehabilitation; stroke; nontherapeutic activities; skill development; rehabilitation intensity, 8816
intracortical endothelin; endothelin injections; skilled forelimb use; functional recovery; stroke; ischaemic lesion; excitotoxic; sensorimotor cortex, 21841
ischemic stroke; environmental tobacco smoke; passive smoking; transient ischemic attack; stroke risk factors; second hand smoke, 29082
left visual neglect patients; motor response; preserved obstacle avoidance; reaching; stroke patients, 22892
left-hemisphere stroke patients; receptive language impairment; digitized spoken words; ERPs, 16747
life review therapy; intervention; depression; life satisfaction; right hemisphere cerebral vascular accidents, 26446
long term neuropsychological deficits; cerebellar infarctions; young adult twins; linguistic deficits; cognitive functions; linguistic functions, 13941
medial frontal cerbral infarction; right hemisphere lesions; affective aprosodia; emotional speech prosody, 26109
medical personnel; emergency medical service; ischemic stroke; presentation time; stroke patients; paramedics; stroke diagnosis, 17401
military retiree population; hypertension; prevalence; prevention; hypertension therapy, 6099
mirror asomatognosia; right lesions; stroke victims; mirror-induced disorders; body image, 19935
mortality; poststroke depression; antidepressant treatment; nortriptyline; fluoxetine, 35521
motion perception; local & global computations of motion; lesion; left occipital lobe; visual areas V3 & V5A; middle aged female stroke patient, 4956
motor cortex excitability; rehabilitation therapy; rehabilitation induced plasticity; motor system; stroke; writing skill therapy, 14461
N140 component; attentional training; stroke; training effect; somatosensory event related potentials; patients; middle cerebral artery area; spatial attention, 22940
necrotic lesions; rats; motor recovery; motor functioning; experimental stroke, 546
neurological impairment; sensorimotor cortex; motor performance; stroke rehabilitation; aging; photothrombosis; animal model; rats, 6849
neuropsychological deficits; vascular cognitive impairment-no dementia; cognitive performance; behavioral performance; post-stroke patients, 35315
obstacle ambulation training programme; chronic stroke; ambulation function; disability level; therapy; functional limitations, 14454
obstructive sleep apnea; stroke patients; functional disability; length of hospitalization, 4947
patient attrition; treatment non-compliance; secondary stroke prevention; subject discontinuation; voluntary withdrawal; follow-up loss; clinical trials, 29471

perception of biological motion; form-from-motion task; visual search task; brain lesions; parietal lobe; patients, 4943
peripheral arterial disease; cardiovascular disease; hypertension; stroke; cognitive function; neuropsychology; comorbidity; atherosclerosis, 1825
pituitary apoplexy; visual loss; major surgery; iatrogenic postoperative complications, 34749
plastic change; motor cortex; leg function; peripheral nerve; brain stimulation; dual stimulation, 13911
post-acute brain injury rehabilitation; stroke patients, 32749
post-stroke depression; stroke patients; platelet serotonin transporter; serotonin transport inhibitors, 23404
post-stroke mania; late life onset; right temporoparietal infarction; brain lesions, 35264
post-stroke mortality; antidepressant therapy; mortality; poststroke depression; antidepressant treatment; nortriptyline; fluoxetine, 35518
poststroke dementia; ischemic stroke inpatients; southern Taiwan; dementia frequency; clinical determinants, 8198
poststroke depression; antidepressive agents; drug therapy; stroke, 17062
poststroke patients; neuropsychiatric symptoms; neuropsychological disorders; depression; irritability; eating disturbances; apathy; anxiety, 32071
posture; balance; assessment; stroke; physiotherapy, 4955
predictors; health-related quality of life; chronic aphasia; strokes; emotional distress; daily activities; social support; demographics, 1850
prism adaptation; PA; neglect with prisms; right hemisphere strokes; superior temporal gyrus; STG; hemispatial neglect; contralesional unawareness; tactile perception; parietal lesions, 17149
prismatic adaptation; tactile perception; tactile inattention; stroke patients; visuospatial neglect; tactile extinction; unilateral neglect; motor responses; prismatic lenses, 17109
prognostic factors; ambulation; activities of daily living; subacute phase; stroke; disability; paralysis; ideomotor apraxia; ischaemic stroke; ideational apraxia; visuospatial construction, 13908
prolactin response; D-fenfluramine; post-stroke major depression; serotonin, 5318
rating congruence; staff ratings; patient ratings; lesion side; activity limitation ratings; elderly stroke patients; Barthel Index scores, 11882
receptive amusia; temporal auditory processing; left temporo-parietal stroke; lesion; professional musician; rhythm processing, 19926
rehabilitation at home; stroke; disabilities; hospital discharge; functional recovery, 23605
rehabilitation inpatients; psychometric properties; stroke rehabilitation; Rivermead Mobility Index; mobility; stroke patients; internal consistency; test scalability; validity, 6356
repetitive transcranial magnetic stimulation; poststroke depression; alternative treatment; refractory depression, 17104
right hemisphere stroke; vascular brain damage; alertness deficit; alertness training; intrinsic alertness; attention training, 14010
right hemisphere; strokes; discrimination task; stimulus-centered; left neglect; body-centered left neglect; spatial attentional systems; brain; attentional systems, 16806
risk awareness; risk treatment; vascular risk factor; risk control; African American; stroke patients, 4952
score reliability; stroke patients; significant others; Reintegration to Normal Living Index; RNL; rehabilitation; cognitive status, 15098
screening; post stroke depression; acute stroke; communication disorders; detection; psychiatrists; speech and language therapists, 28545
sensory impairments; stroke patients; hemiplegic upper limb; intermittent pneumatic compression; IPC; rehabilitation; sensory function restoration; neurological disabilities, 23601
shoulder pain; circulation strokes; cognitive deficits; stroke patients; questionnaire completion; complex disability; AbilityQ; ShoulderQ; neurological disability; communicative deficits, 12498
slurred speech; left hemiparesis; stroke; right middle cerebral artery; malignant middle-cerebral-artery edema syndrome, 22916
social outcome; test-retest reliability; item-total correlations; construct validity; Subjective Index of Physical and Social Outcome; SIPSO; prestroke lifestyle; stroke survivors; hospital discharge, 6253
sociodemographic factors; physical factor; psychosocial factors; depressive behavior; family caregivers; stroke survivors; at risk population; ischemic stroke, 32720
spatial neglect detection; right hemisphere stroke; chronic phase; copying task; residual symptoms; neglect patients; acute phase; contralesionally located items; neglect patients; multi-object scene, 20001
stimulation; simulation; motor imagery; functional reorganization; hemiplegic stroke patients; neural networks; paralyses, 26111
stroke patients; postural adaptation; interrater reliability; Advanced Mobility and Balance Scale; AMBS, 3142
stroke patients; reaching movements; motor compensation; compensatory strategies; hemiplegia; recovery, 8202
stroke patients; test-retest reliability; discriminant validity; COPM; Canadian Occupational Performance Measure; performance, 229
stroke protection; physical activity; cerebrovascular events; mice; brain injury; cerebral ischemia, 11702
stroke rehabilitation; methodological quality; randomized control trials; drug treatments, 17427
stroke rehabilitation; methodology; internal validity, 17411
stroke survivors; brain repair; neurons; brain damage; neural circuits; brain cell growth, 26105
stroke; myocardial infarction; depression incidence, 22396
stroke; pain; thalamic haemorrhage; hyperalgesia, 8231
stroke; psychological stress; psychological stressors; childs death, 22891
stroke; quality of life; social support; depression; health & functioning, 8196
stroke; status epilepticus; prognosis; SE; timing; stroke patients; response; mortality; nonconvulsive status epilepticus, 4942
stroke; traumatic brain injury; cognitive impairment; driving performance; Drivers Screening Assessment; fitness; test validity, 30478
therapeutic interventions; stroke rehabilitation; stroke medication; methodology, 17416
training care givers; disabled stroke patients; cost to health & social services; caregiving burden; functional status; psychological state; quality of life; institutionalization; mortality, 35819
transcranial magnetic stimulation; reorganization; hand motor area; corticospinal excitability; first dorsal interosseous; FDI; motor cortical representation; ischemic stroke, 8188
transient ischemic attack; TIA; public knowledge; diagnosis; US adults, 16720
treatment; expressive aprosodia; cognitive interventions; linguistic interventions; imitative interventions, 35904
unilateral neglect; neglect-like symptoms; visuo-spatial neglect; clinical evaluation; stroke population; clinical signs; personal neglect; anosognosia; behavioural abnormalities, 14967
unilateral spatial neglect; self-instructional training; tactile stimulation of affected hand; therapy; stroke, 2492
validity; Telephone Interview for Cognitive Status; post stroke patients; cognitive function; dementia, 12500
vascular depression hypothesis; geriatric rehabilitation patients; cerebrovascular risk factors; post-stroke depression, 11216
vascular depression hypothesis; geriatric rehabilitation patients; cognitive impairment; vascular risk factors; late-life depressive symptoms, 10663
vascular risk factors; dementia; stroke risk; cognitive decline; heart disease; hypertension; hypercholesetrolaemia, 22988
visual center of pressure feedback; elderly stroke patients; posture; postural control; older adults; young adults, 6551
visual extinction; brain-damaged patients; attentional systems; voluntary allocation; cortical substrates; lesion site; human brain; attentional processes, 12848
visual spatial processing; childhood stroke; asymmetry; visual-spatial deficits; brain injury; visual field, 19936
visuospatial neglect; attention; gradients of attention; stroke; visual scanning, 11210
vital exhaustion; risk indicator; first stroke; fatigue, 19937
weight-shifting exercise; biased posture correction; stroke; hemiplegia; sitting, 2484
younger patients; stroke patients; patient experience; rehabilitation process; patient attitudes, 8844

Cerebrovascular Accidents—Chapters

Lesions of cortex and post-stroke plastic' reorganization, 15638

Cerebrovascular Disorders [See Also Cerebral Hemorrhage, Cerebral Ischemia, Cerebrovascular Accidents]—Serials

adaptive motor behavior; cerebellar patients; unfamiliar external forces; goal directed fore-arm movements, 29173
cerebral infarctions; cognitive function; dementia; older persons, 8305
cerebrovascular disease; vascular cognitive impairment; verbal retrieval; neuropsychological assessment; vascular dementia; at risk patients, 34763
depressed; elderly; cerebrovascular disease; magnetic resonance imaging; disease severity; lesion severity; mortality; white-matter; periventricular; hyperintensity; subcortical gray-matter, 4597
galantamine; cognitive benefits; cognitive decline; vascular dementia; Alzheimer's disease with cerebrovascular disease, 11675
neprilysin polymorphism; cerebral amyloid angiopathy; genetic polymorphisms; amyloid protein, 22898
quality of life; conceptual characteristics; Chinese elders; stroke survivors, 11215
vascular collaterals; moyamoya disease; basal ganglia; migrainelike headache, 16585
vascular disease; coronary artery disease; vascular depression; depressive illness; vascular dementia; diabetes mellitus; cholesterol; hypertension; blood pressure, 22420
vascular diseases; geriatric depression; cardiovascular diseases; depressive disorders; vascular depression; vascular disease, 28988

Certification (Professional) [See Professional Certification]

Certification Examinations [See Professional Examinations]

Certified Public Accountants [See Accountants]

Cervical Plexus [See Spinal Nerves]

Cervical Sprain Syndrome [See Whiplash]

Cervix—Serials

cervical cancer screening; Chinese women; psychosocial factors; screening adherence, 16700
cervical cancer screening; Latinas; physicians referral; health care providers; parallel screening procedures, 32125
cervical cancer; human papillomavirus; biobehavioral factors; psychosocial research; psychosocial issues; primary prevention; public awareness; human papillomavirus infection, 11174
Hispanic women; border region; cancer screening practices; mammography; New Mexico; breast cancer; cancer services access; cervical cancer; pap test, 22874
older women; screening barriers; pap screening; cervical cancer; cervical cancer screening; cervical cancer screening, 8698
prevalence; biopsy-proven cervical neoplasia; cervical cancer; cervical-cancer screenings; screening intervals; risks; women, 5504
suicidal behavior; cervical cancer; palliative treatment; radical oncology treatment; at-risk population; patient attitudes, 10668
women smokers; smoking cessation; cervical cancer link; information; coherent explanation; perceived vulnerability; intention; motivation; behavior change, 29523

Chance (Fortune) [See Also Statistical Probability]—Serials

good luck; beliefs; Turkish sample, 7694
personality assessment; genes; environment; chance; clinical psychologists; affect; factor analysis, 13500

Chance (Fortune) [See Also Statistical Probability]—Books

Chase, chance, and creativity: The lucky art of novelty, 3111

Chance (Fortune) [See Also Statistical Probability]—Chapters

What are my chances? Using probability and number sense to educate teens about the mathematical risks of gambling, 2765

Change (Organizational) [See Organizational Change]

Change (Social) [See Social Change]

Channel Blockers—Serials

angiotensin IV; water maze task acquisition; ryanodine channel function; calcium transport; spatial memory; hippocampus; rats, 570
anti-allodynic effect; sodium ion channel blocker; neuropathic pain; inflammatory pain; analgesic activity; NW-1029; animal model; acute pain; rats; mice, 15818
arylacetamide kappa-opioid receptor agonists; enantiomers; sodium channels blocking; (+)-(1R,2R)-U50,488; (-)-(1S,2S)-U50,488; antinociception; rats, 3916
cardiovascular parameters; heart rate; atropine; zatebradine; electrophysiological function; hemodynamic function; dogs, 15751
chronic administration; calcium channel blocker; nimodipine; sequence learning; radial-arm maze; dihydropyridine, 21873
diclofenac; indomethacin; potassium channel blockers; peripheral antinociceptive effects; nitric oxide; cyclic guanosine monophosphate; atrial natriuretic peptide; rats, 762
isradipine; cocaine; mood; calcium channel antagonist; mesolimbic dopamine; cocaine dependence; rewarding effects, 19670
L-type calcium channel activator; dimemorfan; seizures; mice; locomotor activity; drug dosages; BAY k-8644, 31008
N-methyl-D-aspartate receptor; NMDA; memantine; naltrexone; saccharin deprivation; rats; channel blocker; opioid receptor antagonist; naloxone, 34188
naltrexone; isradipine; cocaine responses; physiological effects; cocaine addiction; treatment, 2223
nimodipine; behavioral sequalae; experimental status epilepticus; prepubescent rats; calcium channel blocker, 21879

nitric oxide; mouse forced swimming test; serotonin release; potassium channel modulation; channel blockers, 18666
phencyclidine; NMDA receptor antagonists; drug discrimination; side effects; rats, 3949
presynaptic adrenoceptor regulation; 5-hydroxytryptamine transporter; SERT; mice; forebrain synaptosomes; adrenoceptor agonists; UK14304; calcium channel agonists; sodium; chlorine, 3865
sporadic hemiplegic migraine; migraine treatment; neuronal calcium channel; verapamil; calcium-channel blockage; SHM, 5469
tardive dyskinesia; levetiracetam therapy; calcium channel blockade; striatum; chronic depression; borderline personality disorder, 8633
verapamil; alcohol withdrawal syndrome; heart rate; blood pressure; alcohol dependents; side effects; L-type calcium-2 channels, 11656

Chaos Theory—Serials

chaos theory; schizophrenia; psychiatric neuroscience; temporal & sequential architecture; neural substrate activity; pathophysiology; course; treatment; outcome, 1498
chaos theory; schizophrenia; psychiatric neuroscience; temporal & sequential architecture; neural substrate activity; pathophysiology; course; treatment; outcome, 1481
Chaos theory; suicide, 13722
chaos; deterministic queueing model; sustained oscillation; mode locking; quasi-periodic behavior; service rate; queue length; customer decision; quality of service; demand; customer perception, 3020
chaotic neuron model; stochastic behavior; neural networks; EEG; neuron dynamics, 15475
nonlinear dynamics; occupational accidents; self-organization; nonlinear dynamical systems theory; chaos; cusp catastrophe model, 6075
temporal perspective; small groups; theories; themes; time; social construction; resource; issue for theory & research; group change over time; group temporal patterns; nonlinear dynamics, 10484
unipolar depression; chaotic process; determinism; sadness, 1423
Whole Scale Change; organizational change; chaos theory, 17854

Chaos Theory—Books

Chaos and life: Complexity and order in evolution and thought, 7514

Chaplains—Serials

pastoral-care; chaplains; interventions; Memorial Sloan-Kettering Cancer Center; referrals; pastoral visits; cancer patients; family; friends; nurses, 11597
religion; spirituality; chaplains; Biomedical literature; medical journals; medicine; Americans; illness; healthcare, 4215

Character [See Personality]
Character Development [See Personality Development]
Character Disorders [See Personality Disorders]
Character Formation [See Personality Development]

Charisma—Serials

leadership perception; cross-cultural variations; attribution; charisma; leadership characteristics; company performance, 12290

Charismatic Leadership [See Transformational Leadership]

Charitable Behavior—Serials

altruism; charity; egoistic perspectives; egocentric perspectives; altercentric perspectives; I. Kant; socialization; rational theory; parental care; philanthropy; evolution, 10072
altruism; charity; egoistic perspectives; egocentric perspectives; altercentric perspectives; I. Kant; socialization; rational theory; parental care; philanthropy economic theories, 10070
altruism; charity; egoistic perspectives; egocentric perspectives; altercentric perspectives; I. Kant; socialization; rational theory; parental care; philanthropy, 10071
altruism; charity; egoistic perspectives; egocentric perspectives; altercentric perspectives; I. Kant; socialization; rational theory; parental care; philanthropy, 10069
altruism; charity; egoistic perspectives; egocentric perspectives; altercentric perspectives; I. Kant; socialization; rational theory; parental care; philanthropy, 10068
cause-brand alliance; charitable causes; cause-related marketing; consumer attitudes, 27163
cause-related marketing; charity attitude; CRM; consumer attitude, 14846
domestic violence prevention program; public health funding; public charity; humanitarian donations, 11842
environmental aid; environmental issues; global environmental concerns; abating pollution; donor interests; recipient need; resource allocation patterns; multilateral aid; foundations, 17956
marketing implications; personal involvement; social benefits; marketing; cause-related fitness events; consumers; social marketers; lived experience, 21001
motivations; favor norms & expectations; reciprocity behavior; reciprocity obligation; psychological reactance, 34599
Trust and Relationship Commitment; Determinants of Donor Behavior; United Kingdom Voluntary Sector; Trust in voluntary organization; giving behavior; Charitable Behavior; Private Sector, 31541

Cheating—Serials

academic dishonesty; college students; binge drinking; predictors, 13726
children; verbalizations; cheating behavior; game playing; sociometric status; aggression; gender differences; peers, 22097
drug tests; nutritional supplements; anabolic steroids; banned drugs; athletes; cheating, 33316
passive cheating; back-to-back classes; student attitudes, 30048
psychopathy; cheater; warrior-hawk; empathy; altruism; indignation; antisociality; aggression; behavioral activation; inhibition, 10852
student lifeworld; plagiarism; phenomenology; college student, 20774
Type I error; answer copying indices; detection indices; tests, 6421

Chemical Brain Stimulation—Serials

cerebral cortex; hippocampus; apoptosis; homocysteic acid; rat pups; neurotoxic effect; clonic-tonic seizures, 1544!
crucian carp; teleost olfactory bulb; functional subdivision; chemical stimulation; neurons; skin extract; medial region; conspecifics, 15510
intractable temporal lobe epilepsy; flumazenil; diffusion-weighted MRI; presurgical assessment; interictal apparent diffusion coefficient; epileptogenic focus, 17172
nucleus accumbens; rats; lateral hypothalamus self-stimulus; brain stimulation; endorphin; brain reward processes, 15826
rats; pentylenetetrazol; subcortical anterior thalamus; posterior thalamus; hippocampal bipolar electrodes; cortical EEG; seizure activity propagation, 15448
voltage dependent calcium currents; hippocampal heterotopic neurons; methylazoxylmethanol exposure; rats, 15486

Chemical Elements [See Also Calcium]—Serials

secondary school students; Periodic Table of Elements; isotopes; allotropes; atoms; student perceptions, 17741

Chemicals [See Also Chemical Elements]—Serials

chemical dependency treatment; health insurance plans; mental health benefits; federal government; medical services; mental health insurance parity legislation; laws limitations, 8739
chemical immobilization; social status; bighorn rams; behaviour; social organization; intrasexual combat; social dominance, 30998
cigarette addictiveness; menthol effects; menthol cigarettes; nicotine intake; menthol dose; behavioral effects; physiological effects; cigarette smoking; pharmacology; risk; chemical forms, 4310
community based assessment; learning disabilities; chronic low level toxicants exposure; contextual risk factors; environmental risk factors; pollution sources; chemicals; lead; heavy metals; solvants, 4787
developmental neuropathology; environmental agents; central nervous system; chemicals; methylmercury; lead; antiepileptic drugs; ethanol; neurotoxicity, 26015
diabetic mice; thermal hyperalgesia; neuropathic pain; streptozotocin; antinociceptive activity, 486
environmental risk; environmental justice; health risks; chemical accidents; economic characteristics; racial and ethnic characteristics; United States, 17952
environmentally induced stress; physical stress; distress cues; predator kairomones; foraging behavior; salamanders, 15425
memory; concentration; xylene; perception; cognitive functions; professional exposure, 24031
mucosal activity patterns; olfactory discrimination; rats; odors; iso-intensive straight-chain aldehydes; neurophysiology, 7097
multiple chemical sensitivity; psychological test performance; chemical exposure; annoyance; mucous membrane; smell intolerance; neurobehavioral performance, 13057
odor mixture perception; configural properties; elemental properties; binary mixtures; olfactory receptors; odors; rats; citronella; octanal; odor recognition, 456
olfactory sensitivity; aliphatic esters; spider monkeys; ethyl acetate; n-octyle acetate; odorants, 7248
risky behavior; threespined stickleback; endocrine disrupting chemicals; reproductive traits; birth control pill; post-menopausal hormone replacement therapy, 21811
The Steel Helmet Project; canine olfactory detection; chemical warfare agents; dichlorvos; military working dogs, 6656

Chemistry [See Also Biochemistry]—Serials

attributional retraining; gender differences; chemistry instruction; human females; modeling technique, 33113
secondary school students; Periodic Table of Elements; isotopes; allotropes; atoms; student perceptions, 17741
student understanding; high school students; quantitative chemistry problems; Multidimensional Analysis System; MAS; teaching methods, 17629
Wilhelm Wundt; chemistry; theory; experiments; history of psychology; experimental psychology, 47

Chemoreceptors—Serials

caenorhabditis elegans; functional asymmetry; chemsensory receptor expression; receptor neurons; taste receptor; nervous system; homeobox gene, 9847
female chemosignals; chemosensory input; mating; gonadotrophin releasing hormone; pheromones; naive male hamsters; vomeronasal organ lesions, 15821
interferon-inducible protein-10; monocyte chemotactic protein-1; cerebrospinal fluid; serum samples; Alzheimers disease patients; chemokines, 22935
neurofibrillary tangle bearing; neurodegenerative diseases; Alzheimer disease; specific marker; hippocampus; entorhinal cortex; clinical dementia; senile plaques, 11254
serotonergic neurons; midbrain raphe neurons; medulla; central respiratory chemoreceptors; rats; respiratory acidosis, 6987

Chemotherapy [See Drug Therapy]

Chess—Serials

chess skill; chess performance; speed effects, 27123
constraint attunement hypothesis; process theory; template theory; expert memory; chess players; skill level; chess positions; visuospatial memory, 416
spatial memory; visuospatial representations; skilled mental images; memory performance; problem solving; blindfold chess, 30868

Chest [See Thorax]
Chewing Tobacco [See Smokeless Tobacco]

Chi Square Test—Serials

Rasch model estimation; Rasch estimation methods; chi-square methods; Marginal Maximum Likelihood Estimation, 27397

Chicanos [See Mexican Americans]
Child Abduction [See Kidnapping]

Child Abuse [See Also Battered Child Syndrome]—Serials

abusive families; family therapy; family work; abuse; intervention; violence, 32210
adult survivors; childhood abuse; counter-transference; traumatic counter-transference; secondary traumatization; trauma; supervision; terror, 26824
adults; females; survivors; chronic ritual abuse; family trauma; multiple personality disorder, 10678
alcohol dependence; adverse childhood; Native American tribes; parental alcoholism; childhood maltreatment, 10996
alcohol use; childhood maltreatment; female prisoners; adult alcohol dependency; alcohol drinking patterns, 19686
alcohol-involved sexual assaults; heavy drinking; alcohol consumption; attitudes; childhood sexual abuse; personality traits; perpetrators; victims; early experiences, 25919
ambivalence; nonoffending guardians; child sexual abuse disclosure; nonoffending mothers, 10880
at risk families; child abuse prevention; home visiting program; fathers' newborns, 14411
attachment styles; psychological profiles; child sex offenders, 10926
battered mothers; physical abuse; child maltreatment, 31858
behavior disorder; emotional disorder; child maltreatment; dissociative disorders; child psychopathology; coping behavior; dissociation; trauma; strategies, 25809
behavioral disorder; emotional disorder; child maltreatment; schizophrenia; treatment strategies; medication, 25807
behavioral disorder; emotional disorder; child maltreatment; somatization; somatoform disorders, 25805
bipolar disorder; treatment strategies; emotional disorders; behavior disorders; child maltreatment; at risk population, 25806
blunt abdominal injury; child abuse; hospital utilization; pediatric patient; patient outcomes; injury causes, 13721
borderline personality disorder; emotional disorders; comorbid disorders; behavior disorder; child maltreatment, 25810
career stability; work experiences; child molesters; career status; job security; life roles; child sex offenders; psychosocial development, 16488
child abuse history; violent trauma; dissociative symptoms; Russian college students, 28803
child abuse treatment; child neglect; family therapy intervention; treatment strategy; maltreated children; systems based approach, 29297
child abuse; assessment methods; high-risk mothers; expectant mothers; low-risk mothers; prenatal screener, 16178

child abuse; child abuse prevention; population based approach; preventive services; community based approach; home visiting service; vulnerable families, 6209
child abuse; child labor; global ethical ideals; African cultural realities, 34401
child abuse; primary care physicians; residency education; residency programs; residency training; community agencies; medical diagnosis; increasing demand; abuse prevention, 2620
child abuse; primary care physicians; residency education; residency programs; residency training; community agencies; medical diagnosis; increasing demand; abuse prevention, 2636
child abuse; public inquiries; Victoria Climbe Inquiry; Maria Colwell Inquiry; child protection; agencies; legislative context, 35803
child abuse; sexual abuse; attributions of culpability; methodological influences; victimization; closed-probe questions; consensual activity; language; university students; general population, 18212
child abuse; sexual abuse; health problems; psychosocial problems; physical problems, 25819
child abuse; sexual abuse; retrospective childhood sexual abuse instruments; psychometrics, 24250
child abuse; sexual abuse; social support; disclosure; physical abuse; violence; social network, 25820
child advocacy centers model; child abuse; child sexual abuse; criminal justice; core components variations, 28884
child death review; CDR; death circumstances; United States; child maltreatment, 1624
child homicide epidemiology; young children; Alabama; suspicious deaths; victim characteristics; offender factors, 19722
child maltreatment cases; substantiated reports; civilian population; treatment programs; social variables; substance abuse; Army, 13708
child maltreatment; case reviews; Area Child Protection Committee; child abuse; child neglect, 8783
child maltreatment; child abuse reporting; intervention services; reporting practices; training programs; child victims; professionals; neglect; child abuse laws, 32862
child maltreatment; child abuse; sexual abuse; physical abuse; psychological maltreatment; neglect; family violence; psychological adjustment, 34969
child maltreatment; criminal behavior; offender; childhood abuse; criminality; violent crime, 19718
child maltreatment; government policy makers; child welfare; national study utility, 31904
child maltreatment; mother child relationship quality; maladjustment; self esteem; social competence; school aged children; low income families, 25824
child maltreatment; parental drug problems; alcohol problems; polydrug use; poor parenting practices; adverse childhood experiences; gender differences, 13347
child maltreatment; sexual abuse; caregivers; risk factors; child care, 10406
child maltreatment; youth violence; adult domestic violence; policy; research; personal interaction; social interaction; models, 16473
child molesters; recidivism; rapists; sex offenders; sexual victimization; sexual abuse; criminogenic profile; treatment compliance; psychosexual disturbance; background, 19713
child molesters; relationship patterns; attributions, 10902
child physical & sexual abuse; family court; divorce; family violence; parental separation; stereotypes; substantiated abuse; perpetrators, 1564
child physical maltreatment; adolescent mother-infant relationship; early parenthood, 25831
child physical maltreatment; antisocial behavior; environmental causal process; genetic transmission; twin pairs; mothers, 13699
child protection training; child abuse; sexual abuse; dental practitioner; orofacial injuries; child neglect, 35966
child protection; child welfare; mental health; child maltreatment; globalization, 9317
child protection; international cooperation; international contribution; child protection measures, 8784
child rape; sexual abuse; disclosure; mental health outcomes; National Women's Study; major depressive episode; PTSD; posttraumatic stress disorder, 13249
child sexual abuse cases; defendant race; mock jurors; child victims; jurors' decisions, 14926
child sexual abuse evaluations; emergency room; multidisciplinary approach; physical distress; emotional distress, 35837
child sexual abuse; child witnesses; alleged child abuse victims; informative witnesses, 19610
child sexual abuse; clergy sexual abuse crisis; forensic psychiatrists; mental health experts; forensic consultation; consultant roles; catholic clergy, 6210
child sexual abuse; gender-related myth acceptance; aspirant psychologists; psychology trainees; practicing psychologists; myth acceptance scores, 11041
child sexual abuse; prevalence rates; sex differences; Australia, 28805
child sexual abuse; priests; Roman Catholic Church; spiritual crisis; public relations; sexuality; clergy, 25829
child sexual abuse; sexual abuse prevention; sex offenders; abuse prevention programs; victim-based paradigm; potential healthy relationship paradigm, 4677
child sexual abuse; suspicion; systemic approach; therapy, 35382
child sexual assault; out-of-court disclosure; guilt, 33441
child sexual offenders; group treatment program; therapeutic engagement; child abuse; self-disclosure; disclosure management style, 32338
child treatment; sexual abuse; post-traumatic stress disorder; community-based services; treatment involvement; clinical assessments; child abuse victims; physical abuse; short-term outcomes, 2441
childhood abuse survivors; posttraumatic stress inpatients; structured group treatment; long-term abuse; treatment expertise; process groups; sudden loss of support; emotions processing; healing, 20608
childhood abuse; childhood experiences; childhood stressors; secular trends; health behaviors; household dysfunction; health maintenance organization; HMO; suicide; depression, 4682
childhood abuse; concurrent validity; test-retest reliability; borderline features; sexual abuse; physical abuse; psychometrics, 24238
childhood abuse; violence; childhood neglect; Germany; shame, 7961
childhood maltreatment; adult health; physical health outcomes; medical utilization; family dysfunction; psychiatric illness; childhood sexual abuse; depression, 34939
childhood maltreatment; adult personality disorders; major depressive disorder; child abuse; childhood experiences; neglect; borderline; schizotypal; avoidant; obsessive-compulsive, 25754
childhood maltreatment; risk factors; adult cardiovascular disease; depression; traumatic experiences; sex differences, 19249
childhood physical abuse; childhood sexual abuse; drug use disorders; alcohol use disorders; American Indians, 19613
childhood posttraumatic stress disorder; PTSD: psychotherapy; feral children, 5172
childhood sexual abuse; checklist validity; popular psychology literature; Barnum effect, 21134
childhood sexual abuse; clinical decision-making strategies; adult sexual abuse survivors; treatment decisions; treatment modalities; family therapists, 11425
childhood sexual abuse; depression; interpersonal rejection; emotional expression; anger, 7834
childhood sexual abuse; emotional abuse; characteristics patterns; health care utilization; adult health; physical abuse; psychosocial symptomatology; depression; victimization, 19602
childhood sexual abuse; female adult survivors; group treatment; effective treatment, 20210
childhood sexual abuse; narratives; distressed adult survivors, 4694
childhood sexual abuse; number of sexual partners; female US Navy recruits; abuse severity; coping style; sexual functioning; avoidance; strategies; self-destruction; dysfunctional sexual behavior, 1601
childhood sexual abuse; physical abuse; sexual functioning; feelings for sexual partner; relationship quality; women, 28804
childhood sexual abuse; pregnancy; child birth; traumatic experiences; psychological impact; behavioral impact, 35023
childhood sexual abuse; suicidal ideation; suicide attempts; depression; public health, 34850
children; medical disorders; physical disorders; harsh parenting; stress coping; adaptive hormonal responses; child maltreatment, 34240
childrens rights; human rights; child abuse; teachers knowledge; United nations Convention; teacher education curriculum, 9318
chronic pain; women; victimization; child abuse; domestic abuse; New England; pain symptoms; depression, 1776
clergy abuse; attachment theory; sexual abuse; emotional well-being; spiritual well-being; attachment style, 25830
client-worker relationship; child welfare; mandated child abuse cases; predictors, 35797
Climbie Inquiry publication; child abuse; policy; services, 35808
cognitive behavioral psychotherapy; childhood sexual abuse treatment; abuse trauma symptoms; post-traumatic stress disorder, 35441
comprehensive treatment program evaluation; abusive families; high-risk families; Spain; child abuse, 6241
compulsive features; eating disorders; childhood trauma; sexual abuse, 19322
computer-based program; child maltreatment; life events; research collaboration, 13719
couples therapy; childhood sexual abuse; female survivors; adult sexual functioning; emotional trauma, 35452
dating relationships; adolescents; abuse prediction; childhood maltreatment; trauma; dating violence; empathy; self-efficacy; attitudes, 31910
developmental delay; single mothers; child abuse; child neglect; life stressors, 19744
dissociative experiences; verbal disclosure; childhood sexual abuse; repressive coping; nonverbal communication, 1562
domestic violence; child abuse; family court; Western Australia; ligitation processes; cost outcome analysis; models, 12401
drug abuse; substance abusing mothers; child abuse potential; cumulative environmental risk; parenting attitudes; child development; parenting stress; depression; early intervention, 19673
drug abuse; substance abusing mothers; child abuse potential; cumulative environmental risk; parenting attitudes; child development; parenting stress; depression; early intervention, 19687
early prevention programs; at risk children; physical child abuse; child neglect; family support, 32641
emotional closeness with perpetrators; amnesia; child sexual abuse; delayed memories; female college students, 10949
emotional disorders; behavior disorder; child maltreatment; reactive attachment disorder; treatment strategies, 25811
emotional disorders; behavioral disorder; child maltreatment; adolescent maltreatment, 25808
extreme experiences; attachment; generational effects; trauma; Holocaust survivors; violence; children; parents; family members; at-risk children; loss; abuse, 10150
false belief understanding; maltreated children; socioeconomic status; cognitive development, 10172

transracial adoption; minority foster recruitment; Multi-Ethnic Placement Act; Interethnic Adoption Provisions; transracial placements; support services, 5599
urban Indian child welfare services; child welfare agency; Native American community organization; child welfare; court personnel; culturally responsive curriculum; Indian Child Welfare Act, 5616
Victoria Climbie Inquiry Report implementation; child abuse; professional assessment; skill base; resources; professional communication, 35806
working children; childrens organizations; organization significance; society transformation; social movements; child rights, 7499
youth care; participative research; participative care practice; action research; social services, 8760

Child Welfare—Books

Changing welfare, 23547
Essentials of child welfare, 2450
Saving our children from the First Amendment, 9299

Child Welfare—Chapters

Ethical dilemmas facing caseworkers: The impact of welfare reform on decision-making, 23748

Childbirth [See Birth]

Childbirth (Natural) [See Natural Childbirth]

Childbirth Training—Serials

childbirth education and methods; medical interventions; childbirth labor; delivery process; childbirth medicine; awareness, 35695
childbirth; pregnant women; decision making; caesarean birth, 35707
hypnosis; childbirth; labor; Hypnobirthing; prenatal preparation; fear, 2253

Childhood Development [See Also Early Childhood Development]—Serials

absence of attachment representations; adults; Adult Attachment Interview; trauma; Holocaust survivors; children, 10135
accommodative function; ocular movement; accommodative amplitude; accommodative response; saccadic movements; eye movement; age group; optometric tests, 15959
achievement test scores improvement; cognitive ability; low-achieving children; public school students; growth curve analysis; socioeconomic status; standardized test data; scores growth documentation, 12523
active citizenship; childhood; child participation; social meaning; child playfulness; learning, 28108
adaptive responses; environmental demands; hypothalamic pituitary adrenal axis; ancient stressors; modern stressors; elementary age children; chronic stressors; evolution, 15918
add-on melatonin; quality of life; epileptic children; sodium valproate monotherapy; physical function; emotional well-being; cognitive function; social function; behavior; general health, 26491
adjustment scales; children & adolescents; core syndrome factor structure; child psychopathology, 9373
adolescent psychoanalysis; child psychoanalysis; narrative building; developmental process; cognitive development; therapeutic process, 20239
adoption; child development; natural experiment, 10134
affective characterizations; drawing size; drawing color; children, 24936
age related differentiation; cognitive abilities, 24986
aggression; children; African Americans; Puerto Rican; psychosocial factors, 31202
aggressive victims; passive victims; bullies; developmental continuity; developmental change; developmental pathways, 16016
alcohol dependence; adverse childhood; Native American tribes; parental alcoholism; childhood maltreatment, 10996
alexithymia; adverse childhood experiences; sociodemographic variables; actual mood disorder; major depressive disorder, 22451
American children; behavior problems; trends; prevalence, 22609
antecedent variables; child noncompliance; treatment; young children; outpatients; problematic behavior; task demand; parental presence, 11416
antisocial behavior; risk factors; antisocial personality; childhood behavior; psychiatric disorder; psychosocial functioning; psychosocial risk factors; cognitive risk factors, 28797
anxiety; threat in children; cognitive inhibition; threat processing; child inhibition, 19546
atopic dermatitis; asthma; child behavior; problem behavior; cetirizine, 7768
attempted murder; sociodemographic variables; attempted femicide; attempted homicide; affected children; domestic violence; marital violence; intimate partner violence; death of parent, 28885
attention deficit-hyperactivity disorder; twins; developmental genetics; inattention; impulsivity, 35084
attentional networks; development; executive control; children; adults; orienting; alerting, 22042
auditory event-related potentials; event related slow-wave; attention deficit disorder hyperactivity disorder; ADHD; children; adolescents; stimulus processing; subtypes; time frequency analysis, 4769
autism; etiology; contingency-shaped disorder; verbal behavior; reinforcement; child development, 35075
autism; etiology; contingency-shaped disorder; verbal behavior; reinforcement; child development, 35100
autism; etiology; contingency-shaped disorder; verbal behavior; reinforcement; child development, 35096
autism; etiology; contingency-shaped disorder; verbal behavior; reinforcement; child development, 35093
autism; etiology; contingency-shaped disorder; verbal behavior; reinforcement; child development, 35085
autism; etiology; contingency-shaped disorder; verbal behavior; reinforcement; child development, 35074
autism; etiology; contingency-shaped disorder; verbal behavior; reinforcement; child development, 35071
autobiographical memory; developmental process; childhood amnesia; language; narrative; self & other understanding; memories; cultural & gender differences; individual differences, 34272
autonomic seizures; autonomic status epilepticus; childhood; diagnosis; management; prevalence; symptoms; epileptogenic susceptibility; cerebral pathology; Panayiotopoulos syndrome, 26157
basic concepts; Bracken Basic Concept Scale; measurement; interview, 9372
behavior problems; sexual behavior; multisystemic therapy; positive treatment response; problem behaviors; social problems; physical abuse; sexual abuse' internalizing problems; children; adolescents, 13240
behavioral intervention; child exposure; indoor air pollution; respiratory health; respiratory infections, 32322
belief desire reasoning; biases; selection process; inhibition, 31147
biologic perspective; erotic development; infants; toddlers; prepubescent children; sexual activity; sexuality; sexual development; well-being; life satisfaction, 31267
blood glucose estimation; blood glucose levels; diabetes; growth curve modeling; children; estimation accuracy, 24927
brain activity; childhood developmental trends; white matter maturation; grey matter activity; frontal regions; parietal regions; working memory task; myelination; axon thickness, 10145
bullying; childhood aggression; aggressive behavior; victimization, 28816
calendrical calculation; savants; calendrical skills; development; social skills; cognitive skills, 25006
carefulness development; quickness development; group performance; children behavior; tray-carrying task, 7428
causal interpretation; temporal association; causal cues; young children; sorting task; action task; temporal association; perceptual prominence; early childhood, 930
challenging behaviors; young children; fathers role; parenting practices; developmental expectations; stress levels; prosocial behaviors, 31372
child & adolescent substance abuse; emergency department; psychiatric disorders; differential diagnosis; treatment; intoxication; club drugs; symptoms; ketamine; ecstasy; gamma hydroxybutyrate, 4741
child anxiety; maternal anxiety; mother child interaction; conversational tasks; catastrophizing, 31816
child behavior; child mental health services; use; needs; health care systems; preadolescents behavioral problems; professional help; problem behavior; family stress factors, 32668
child counseling; contemporary society; child developmental understanding; death attitudes; grief; bereavement, 23130
child development; adolescent development; sibling relationships, 24901
child development; center-based care; childcare; child adaptation, 24899
child development; children's behavior; safety; cycling; competence; performance; safety rule compliance, 24900

child development; ecological contexts; media role; physical development; behavioral development; cognitive development, 28047
child development; multicultural attitudes; systemic psychosocial influences; television portrayals; multimedia society; social learning theory, 957
child development; musical illustration; teaching methods, 33060
child evaluation; nonprogressive global development delay; developmental disability; Quality Standards Subcommittee report; American Academy of Neurology; Practice Committee of Child Neurology Society, 4114
child functioning; rural areas; nonrural areas; community mental health services, 20558
child psychoanalysis; childhood trauma; phenomenology, 20246
child reports; mother reports; father reports; child behavior; psychological symptoms; parents; parent-child relationships, 22648
childhood anxiety; information processing abnormalities; anxiety disorders; psychiatric problems; anxiety complaints; stress disorder; social phobia, 19548
childhood asthma; internalizing disorders; comorbidity; asthma diagnosis; asthma attack; depression; anxiety, 19877
childhood development; economic disadvantage; crime; socio-economic deprivation; criminal convictions, 25923
childhood existence sense; identification process; projective identification; pathological identification; self denial, 25435
childhood experience; childrearing; infant mortality; Nazi Germany, 10127
childhood injuries; parental beliefs; childhood development; parental injury prevention behavior, 31113
childhood injury; health professionals; injury prevention advice, 26549
childhood learning; museum intervention; classroom intervention; science learning; low-income children; concept complexity; content knowledge, 23892
childhood obesity; activity level; television viewing; video game playing; gender differences, 15921
childhood obesity; adolescence obesity; cardiovascular risk; hyperlipidemia; hyperinsulinemia; ethnic background; overweight children; risk factors; critical developmental periods; environment; weight, 13827
childhood obesity; sedentary behavior; physical activity; dietary intake; demographics; anthropometrics; parental characteristics; military dependents; sedentary time, 10220
childhood psychiatric disorder; family; school; neighborhoods, 25457
childhood trauma; transliminality; childhood development; traumatic events; physical & sexual abuse, 12722
childhood visual impairment; childhood trauma; adult functioning, 1894
childhood; divorce; children perspectives; family transitions, 22100
childhood; empowerment; child marginalization; childhood perspectives; child disenfranchisement; Western ideology; critical paradigmatic perspective; history; gender; race; nursing research, 15901
childhood; interdisciplinary study; social interaction, 28046
children of mothers with postnatal depression; later child violence; conduct disorder; psychosocial factors; family environment; attention deficit disorder with hyperactivity; comorbidity, 1583
children skills; numeral writing; developmental maturity; writing skills, 36150
children's appraisal; stressful events; major life events; appraisal dimensions; developmental psychopathology, 10241
children's development; father-child relationships; mother-child relationships; differences; involvement; play style; socio-emotional development, 16171
children's home responsibilities; children's household work; predictive factors; female gender; children in household; volunteer work; sex role theory; time availability theory; positive interaction, 10391
children's lives; developmental delay; developmental disabilities; reproduction domain; parenting; disabled children; women's experience; acquiring new knowledge; United States, 19755
children's perception; children's interpretation; anxiety-related physical symptoms, 31115
Children's Television Act; educational & informational television programs; learning; preferences; comprehension; prosocial & academic programs; networks, 997
Children's Television Act; educational & informational television programs; learning; preferences; comprehension; prosocial & academic programs; networks; media policy, 963
Children's Television Act; educational & informational television programs; learning; preferences; comprehension; prosocial & academic programs; networks, 1022
Children's Television Act; educational & informational television programs; learning; preferences; comprehension; prosocial & academic programs; networks, 1002
Children's Television Act; educational & informational television programs; learning; preferences; comprehension; prosocial & academic programs; networks, 962
Children's Television Act; educational & informational television programs; learning; preferences; comprehension; prosocial & academic programs; networks, 953
Children's Television Act; educational & informational television programs; learning; preferences; comprehension; prosocial & academic programs; networks, 991
Children's Television Act; educational & informational television programs; learning; preferences; comprehension; prosocial & academic programs; networks, 1014
children; adolescents; sexual beings; cross-cultural perspectives; sexuality; cultures; sexual patterns; sexual beliefs; sexual behaviors, 31243
children; adolescents; sexual beings; historical overview, 31204
children; internet use; education; literacy; learning; research priorities; public concerns; pornography, 15910
children; loss; developmental consequences; homelessness; infant development; ego development; psychoanalytic personality factors; psychoanalytic therapy, 2112
children; personal representations; sibling conflict; sibling disputes; age; self-serving bias; transgressions; justification, 16043
children; traffic; safety; risk taking; pedestrians; street crossing; decision making, 4078
chronic noise exposure; ambient noise levels; residential noise; rural environments; memory; attention; childhood development, 921
communication disabilities; developmental delay; International Classification of Functioning, Disability and Health; disability measurement; children; disabled children; disabled youth, 8107
community social organization; social disorganization theory; behavioral indicators; neighborhood effects; social processes; sense of community; youth outcomes, 964
computer assisted learning; training schemes; self-assessment; group skills; group activity; collaboration, 31262
conduct problems; peer rejection; choice making; developmental processes; social skills training; Making Choices Program; Strong Families Program; intervention, 35793
core language functions; behavior problems; teacher ratings; early elementary school students, 10185
cultural context; childhood development, 34255
cultural context; sociocultural processes; implicit knowledge; childhood development, 10144
culture; childrens knowledge; cosmology; earths shape; day-night cycle, 24980
decision-making; social functioning; age differences; human sex differences; early childhood, 25019
depressed mothers; parenting style; disruptive child behavior; mother-child dyads; oppositional defiant disorder; conduct disorder, 4526
depressive disorders; children; mental health services; service advocation; mental illness; pediatric nurses; pediatric nurse practitioners, 5532
depressive disorders; cognitive-behavioral psychotherapy; cognitive-behavioral treatment; cognitive-behavioral interventions; cognitive-behavioral therapy; children; adolescents, 32268
depressive symptoms; anxiety symptoms; children judgements; interpretation; intention; ambiguous social scenarios, 25508
developing children; specific language impairments; focal brain lesions; sentence interpretation; focal brain injuries; perinatal period, 26012
development; morphosyntactic ability; atypical populations; tag questions; children; early focal lesions; specific language impairment; sentence processing capacity; performance, 13554
developmental change; selective attention; global form perception; childhood development; early adulthood; filtering, 31117
developmental factors; sexual preferences; rapists; family environment; pornography; deviant sexual fantasies, 34943
developmental needs; grief; death; cognitive maturity; emotional maturity, 31120
developmental psychopathology; clinical practice; clinical services; mentalizing; attachment theory, 16903
diagnostic process; attention-deficit hyperactivity disorder; educational underachievement; behavior problems; evaluation process; learning development; social development, 16536
diastolic blood pressure; systolic blood pressure; trends; children; adolescents; overweight; hypertension, 26115
dietary outcome evaluation; multimedia game; fruit; juice; vegetables; consumption; children; innovative programs; psychoeducational multimedia; interventions; behavior change; Squire's Quest, 5850
domestic violence; parents; caregivers; early intervention; family violence; trauma; developing child; neurological pathways; biochemical pathways; child functioning; violent homes, 10248
Down syndrome; children; language development; productive language; receptive language; intellectual disabilities; language acquisition, 28943
dysfunctional thinking; social anxiety; separation anxiety; generalised anxiety; anxiety disorders; children; social phobia; fear, 19510
early childhood education; child care; teaching; sex role attitudes; working conditions, 33043
early development; scaling ability; distance information; two-dimensional maps; referent spaces; mapping tasks, 31195
eating disorders; feeding difficulties; diagnostic criteria; infantile anorexia; sensory food aversions; posttraumatic eating disorder; anorexia nervosa; bulimia nervosa; family therapy; symptoms, 35135
educational attainment; career pathways; childhood and adolescent predictors; peer characteristics; family; personal adjustment, 7362
educational research; methodology; developmental research; conversations; children's perspective; adult child interaction; peer interaction, 33001
emotion regulation; behavior regulation; children; age groups, 18960
emotion self-regulation strategies; preschool-aged children; orofacial clefts; adjustment; behavior problems; cleft lip and palate; isolated cleft palate; parenting stress; psychological problems, 979
environmental factors; genetics; stability; problem behaviors; stability; internalization; externalization, 31199
environmental influences; primary memory development; cross-cultural comparison; memory span; children; age differences; Kaufman Assessment Battery for Children, 7379
episodic memory; semantic memory; semantic knowledge; developmental disorders; children; developmental amnesia; dissociation; knowledge of facts; knowledge of words, 20062
ethnic differences; mental health; behavior rating scales; children, 18902
external validity; childhood disintegrative disorder; autistic disorder; disintegrative psychosis; pervasive developmental disorder, 25952
face recognition; repetition; face configuration; age differences; child development; brain regions; working memory; recognition processes, 34280
failed mourning; Adult Attachment Interview; Holocaust; child survivors; attachment theory; parental loss, 10149
false belief understanding; theory of mind; executive control; card sorting; children, 18923
familial pathways; academic achievement; behavioral adjustment; ADHD; attention deficit hyperactivity disorder; child pathways, 11075
family income stability; preschool children; adjustment; family functioning; poverty, 31238
fantastical beings; children beliefs; age differences; fantasy orientation, 34258
father-child relationship; intergenerational transmission; domestic violence research; child development effects; violent families; clinical issues, 16518
Filial Piety; socioemotional development; parenting styles; authoritative; authoritarianism; socialization goals; child-rearing practices; cross-cultural studies; Chinese mothers; Indians, 10254
Filipino children; understanding; peace; war; peace-attaining strategies, 10146
Five Factor model; children's personality ratings; parent child interaction; social behaviors; behavior patterns; children's personalities; parents, 19197
Freud; thinking; social character; judgment; reality principle; social character; Bion's theory of thinking; infant research; fantasy; primary process; psychoanalytic theory, 1294
gender differences; age differences; Brazilian children; friendship nominations; friendship preferences; peer sociometric ratings; inclusiveness; exclusivity, 34318
gender differences; Childhood Anxiety Sensitivity Index; anxiety sensitivity; children; adolescents; hierarchical structure, 33495
gender differences; musical performance; performance anxiety; young musicians; sixth graders, 13250
gender differences; preadolescent children; online interaction; self-presentation; self-expression; multiuser domains; identity exploration; peer interaction, 10227
gender identity; needs; analytic treatment; ego disintegration; childhood development, 20240
gender identity; professional identity; child development; women's labor; child study, 22074
gender identity; psychological well-being; children; preadolescent adjustment, 25081

gender identity; psychosexual development; children; adolescents; gender identity disorder; phenomenology; diagnosis; behavior problems; course; biology; psychosocial factors; treatment; ethics, 31717
gender representations; girlhood; children's literature; feminism; sex roles; gender conceptualization; sex-role stereotypes, 31234
gender; political orientation; childhood; boys; girls; race heritage; ethnic heritage, 10219
goal-directed behaviour; self-processes; toddlers; childhood development; motivational system, 31225
graphic development; geographic development; spatial development; children; developmental psychology; geography; education; Rodney Cocking, 10191
hand function development; cerebral palsy; upper extremity; children; impairements, 8252
health behavior; diet; physical activity; childhood development; sex differences; Interaction Model of Client Health Behavior; parental health characteristics, 29554
help-seeking behavior; children; impulsivity; problem-solving, 31173
holistic processing; word identification; visual properties; preschool children; epilinguistic knowledge; visuo-semantics; logographic processing; analytic processing; printed words; reading, 13178
homework; theories of development; educational approach; intervention; behaviorism; constructivism; maturational systems; ecological systems; metatheories, 12091
homoerotic development; childhood; adolescence; sexual identity; models; theories; developmental trajectories; heterosexuality; biology; psychosocial factors; gender differences; sexual orientation, 31253
hormones; aggression; childhood; adolescence; psychobiosocial research; violence; puberty; behavior; human development; gender differences; HPA axis; adrenal androgens; psychosocial factors, 7997
Huntington's disease; early onset; childhood; L-dopa; drug therapy, 8321
immigration experience; parents ability; dislocation; loss; child development; separation-individuation process, 25141
independent mobility; actualized affordances; child-friendly environments, 27180
indirect aggression; physical aggression; developmental periods, 19638
individual psychology; social interest; cognitive theorists; cognitive therapy; attachment theory; Alfred Adler, 1021
individuation; objects; events; language; developmental changes; counting; spatio-temporal individuation strategy, 4117
infantile autism; developmental outcomes; infants; toddlers, 35080
infants & children; low-income; health; nutrition; childhood development; anemia; welfare program; Mexican Program for Education, Health, & Nutrition; PROGRESA; intervention; pregnancy; evaluation, 26541
inhibitory control; stop signal task; modification; revised measure; mean reaction time; area of inhibition; children, 10169
institutionalization; child development; orphanages; adopted children, 10139
Jamaica; child-rearing practices; corporal punishment; family violence; child abuse; child outcomes, 1124
kindergarten entry; mothers decisions; delay decision, 13349
kindergarten general music classroom; developmentally appropriate practice; learning environment; effective teaching; curriculum construction; assessment; relationships with families, 33016
language acquisition; Finnish-speaking children; early reading development; pre-instructional reading; phonemic awareness; precocious readers; emergent readers, 13211
language development; at risk children; language impairment; language delay; late talkers; brain injury; vocabulary; grammar; language comprehension, 13853
language processing; emotional disorders; children; language delays; language competence, 10761
literacy achievement; schooling years; spoken language; written language, 30041
literacy; childhood; curricular diversity; cultural capital, 36057
longitudinal psychometric properties; Self Perception Profile for Children; factor structure stability, 6265
marital violence; child functioning; coparenting; family-level processes; children's adjustment; socioemotional adjustment; parent-child interaction; behavior problems; family dynamics; peer relations, 25151
materialist values; parental socialization; adult life; parent child relations; offspring; childhood development; personality development, 10234
maternal distress; child behavior; disclosure; psychosocial concerns; pediatrician, 26551
media violence; aggressive behavior; aggressive emotions; aggressive thoughts; childhood exposure; criminal behaviors; adolescent development, 18879
mediator effects; moderator effects; pediatric development; pediatric behavior; pediatric research, 15917
memory; academic success; children, 18935
mental health problems; epileptic children; emotional problems; behavioral problems; psychiatric disorders prevalence; parents attitudes; epilepsy, 10652
minorities; consumer psychology; childrens television; commercials; television advertising; content analysis; numerical representation; minority portrayal; stereotyped attitudes, 20996
moral choices; children; attribution; adults; peers; moral acquisition; truth-telling; promises; lying; age, 13251
mother's style; interaction style; children's interactive engagement; disabled children, 22219
mothering; immigration; cultural displacement; childhood development; gender roles; family structure, 25127
multicultural considerations; play therapy; multiculturalism; cultural sensitivity; play therapists; minority status; cultural influences; minority children; minority cultures; ethnic identity, 8413
music education; child development; music psychology; early music learning; musical skills acquisition, 36048
narrative production; narrative processing; children; cardiac rate; cardiac variability, 21992
natural history; adolescent bipolar disorder; minor depression; mania; dysthymia, 25557
nature of childhood; visual artworks; history; societies attitudes; psychic realities; social experiences, 7292
neighborhood density; lexical acquisition; phonology; age; children, 24984
neurological impairment; central nervous system infections; child development; childhood infections; neurocognitive impairment, 13929
neuroticism; attentional control; anxiety disorders symptoms; childhood anxiety, 34916
optimality theory; fundamental principles; phonological delay; cluster reduction; children, 936
orbitofrontal cortex; executive function; affective decision-making; age differences, 24955
organized violence; children; mothers; Kosovo; violence exposure; parent-child relationship; internal representations; childhood development; posttraumatic symptoms; care-giving, 10816
parent-child relationships; parental depression; family conflict; child attitude; internalizing symptoms; externalization, 31383
parental adjustment; child adjustment; child syncope; somatic problems; school problems; parental distress; internalizing symptoms, 31688
parental assessments; children's competencies; school subjects; abilities; parents' education & gender; academic education; vocational education; child's gender; parents; preschool age children, 12159
parental influences; social modeling; youth lottery participation; pathological gambling, 1575
parental psychotherapy; parent-child relationship; parenthood; child development; insight-oriented psychotherapy, 26232
parenting; parenting decisions; child development, 10404
pathogenic aspect; childhood poverty; environmental inequities; poor children; low socioeconomic status; disadvantaged, 13151
pediatric pain measurement; visual analogue scale; VAS; children teaching; teaching methods; child age; understanding, 3229
perceptual complexity; object familiarity; form class cues; children interpretation; novel adjectives; count nouns, 24975
perfectionism; childrens self-concept; Adaptive/Maladaptive Perfectionism Scale; scale validation, 15031
personality psychopathology; childhood anxiety disorders; multiple suicide attempts; suicidal behavior; major depression; anxiety disorder; suicidal ideation, 25841
phonological loop; working memory; executive components; addition strategies; addition skills; counting; calculation; first grade children, 18934
physical aggression; father-child play; preschool children; personal characteristics; social variables; rough-and-tumble play, 16175
physical exercise; physical self-concept; children, 31246
physician attitudes survey; pediatric obesity; pediatric obesity treatment; primary care setting; referral approaches; children; adolescents; practice, 5742
plasticity; development; language; atypical children; brain development; behavioral development; infants; toddlers; neurodevelopment; communication disorders; at risk children, 13160
play fighting; real fighting; developmental changes; video playback; methodology; fight characteristics; motivation, 18977
play therapy; homeless children; homelessness; child-centered play therapy; play therapists; therapist social responsibility; core conditions; mental health; play themes; safe relationship, 8404
play therapy; maladaptive perfectionism; young perfectionists, 29233
political violence effects on children; violence witnesses; political violence trauma; intergenerational transmission; clinical intervention; family therapists, 11441
poor academic achievement; children; Duchenne Muscular Dystrophy; neurogenetic developmental disorder; muscular weakness; IQ; intellectual function, 29002
post-divorce adjustment; intervention development; maladaptive behaviors; protective factors; attachment theory; parental divorce; cognitive theory; cumulative stress theory; children, 25056
postnatal mental illness; postnatal depression; biochemical aspects; children development; mothers, 28656
posttraumatic stress symptoms; posttraumatic stress disorder; childhood cancer survivors; bone marrow transplantation, 13901
pregnancy wantedness; child well-being; children, 34510
prenatal exposure; cocaine; neonatal risk; childhood development; parental care, 31100
preschool special education; disabilities education act; special education program; eligibility policies; infant/toddler programs, 33182
prevention groups; children; adolescents; research literature; group interventions; school based interventions, 27009
preventive intervention; Nurse-Family Partnership; pregnancy care; child health; maternal lifecourse; community nurse home visitor programs, 20516
psychohistorical theory; parenting; childrearing; social trauma; political behavior; war; social violence; society; early experiences, 31634
psychohistorical theory; parenting; childrearing; social trauma; political behavior; war; social violence; society; early experiences, 31633
psychological development; biological programming; Romanian adoptees; British families; institutional deprivation; cognitive functioning; social functioning; neural damage; early experience; rearing, 7369
psychological distancing; Rod Cocking; representational thought, 10210
psychological functioning; biological processes; cognitive states; death; psychobiological functioning; age differences; cognitive development; childhood development, 13163
psychometric properties; Sutter-Eyberg Student Behavior Inventory; rural elementary school children; adolescents; psychometric properties; learning disabilities; developmental delay, 14974
psychosocial functioning; parental neuroticism; family environment; parenting practices; major affective disorders; children functioning; bipolar disorder; major depression; psychosocial functioning, 19369
psychosocial interventions; early onset; bipolar spectrum disorder; disordered children, 26707
public settings; meaning of public space and activity; urban space; material culture change; childhood; architecture; landscapes, 31211
rapport-building style; children's reports; staged event; memory, 18897
reactive-proactive aggression; overt-relational aggression; childhood aggression; aggression measures; internal structure; social adjustment, 9374
reasoning; design in nature; purpose; intention-based accounts; intuitive theists; artificialists; conceptual imagery; imagination; childhood development, 24954
regret; relief; emotions; judgment; child understanding; age differences; reality, 31220
relational psychoanalysis; child development; human contact, 19245
religious concepts; children's perceptions; sociocultural factors; cross-cultural study; preschool children; cultural setting, 7433
reward; neural activity; blood oxygen level; ventral striatum; orbitalfrontal cortex; children; adolescents, 15912
ruminative coping style; depression; gender role; late childhood, 34817
school-based program; urban students; mental health services; service utilization; parents; teachers; classroom practices; attention deficit hyperactivity disorder; school-government collaboration, 12224
school-based program; urban students; mental health services; service utilization; parents; teachers; classroom practices; attention deficit hyperactivity disorder; school-government collaboration, 12231
school-based program; urban students; mental health services; service utilization; parents; teachers; classroom practices; attention deficit hyperactivity disorder; school-government collaboration, 12221

school-based program; urban students; mental health services; service utilization; parents; teachers; classroom practices; attention deficit hyperactivity disorder; school-government collaboration, 12235
school-based program; urban students; mental health services; service utilization; parents; teachers; classroom practices; attention deficit hyperactivity disorder; school-government collaboration, 12234
school-based program; urban students; mental health services; service utilization; parents; teachers; classroom practices; attention deficit hyperactivity disorder; school-government collaboration, 12220

focus groups; Chinese immigrants; immigrant families; cultural relevancy; instrument development; validity; focus group methodology; involvement of community members, 12477
gender-role attitudes; ethnic change; Chinese Canadian couples; role expectation; role performance, 13375
Geriatric Depression Scale; psychiatric evaluation; elderly; Chinese; self report; brief version, 24233
job performance; Chinese contextual domain; personality traits; appraisal, 2906
life stress; chronic fatigue syndrome; psychosocial factors; social support; Chinese Americans, 1782
major depression; partner violence; adult female Chinese Americans, 7748
major depressive disorder; Chinese-Americans; primary care; depressive disorder; primary care clinic, 13620
memory function; Taiwanese Americans; older adults; sleep; physical activity; depression; memory self-efficacy, 28151
nonresidential parenting; traditional Chinese culture; Chinese families; cultural biases; cultural values; post-divorce involvement; post-divorce co-parenthood; post-divorce families, 25153
oestradiol dose effect; menopausal symptoms measurement; psychological well being; quality of life measurement; postmenopausal Chinese women; hypoestrogenism; vasomotor symptoms; mood measurement, 23381
practical barriers; cultural barriers; psychiatric epidemiological study; mental health treatment; mental health service; Chinese Americans, 11343
psychometric properties; intergenerational conflict; Intergenerational Congruence in Immigrant Families-Parent Scale; immigrant families; Chinese American immigrant parents; conflict amelioration, 14990
queer; marginality; community; Hong Kong gay male; gay male bodies; heterosexism; hegemonic masculinity; gay identity; sexual freedom; social interaction, 28360
reward allocation decisions & behaviors; employee categorization criteria; Chinese managers, 36301
risperidone dosage; acute exacerbated schizophrenia; Chinese, 23260
shame concepts; chinese culture; native chinese; organization of shame terms; embarrassment; morality, 31583
social identity; Taiwanese & Chinese identity; double identity; politics; culture; history, 34632
sociodemographic characteristics; health characteristics; older Chinese; nursing homes; ethnic groups; health status; cognitive impairment; dementia diagnosis; physical functioning; morbidity, 17392
somatic words; social words; emotional experience; linguistics; emotions; cross cultural differences, 34721
therapy; Chinese American families; social constructionist; client's meaning system, 20204
traditional Chinese secret associations; organized Chinese underground groups; pre-modern groups; modern subversive groups; eschatologically-oriented initiation ceremonies; secret societies, 34471
transnational identities; Chinese transnational mass media; transnational Chinese identities; Malaysian Chinese; adults; high school students, 21986
work patterns meaning; work patterns; working populations; Chinese contexts; work meaning; socio-cultural environment; political-economic environment, 9110

Chinese Cultural Groups—Chapters

The beneficial and harmful effects of filial piety: An integrative analysis, 4337

Chloral Hydrate—Serials

amphetamine; drug sensitization; rats; chloral hydrate; contextual input; drug pretreatment; locomotion, 797

Chloralose [See Hypnotic Drugs]

Chlordiazepoxide—Serials

behavioural effects; cannabinoid receptor antagonist; benzodiazepine chlordiazepoxide; emotional reactivity; maze-naive mice; prior experience; anxioselective effect; anxiety, 21902
one-trial tolerance effect; elevated plus-maze test; anxiolytic action; male Wistar rats; chlordiazepoxide effect; drug state, 718

Chlorimipramine—Serials

intravenous antidepressant; antidepressant medications; clomipramine; citalopram, 17068
intravenous clomipramine; depressive-catatonic state; corticosteroid treatment; interepisode recovery; hypomanic episode; prednisolone; betamethasone; treatment outcomes, 29398
pharmacologic treatments; nonresponsive patients; obsessive-compulsive disorder; intravenous clomipramine treatment, 8494

Chlorisondamine [See Amines]

Chlorophenylpiperazine [See Piperazines]

Chlorpromazine—Serials
antipsychotic drug; drug doses; chlorpromazine equivalents; defined daily doses; drug comparison, 8538
antipsychotic medications; oculogyric crises; schizophrenia; chlorpromazine; drug therapy; hallucinations, 17026
chlorpromazine; schizophrenia; history of psychiatry; psychopharmacology, 11525
Choice Behavior—Serials
adolescent sexual risk taking; self regulation; attraction to risk; adolescent development; risk proneness; sexual behaviors; choices; peer pressure, 1007
African American communities; personal choice; lay epidemiology hypothesis; smoking; deprived populations; marketing, 1154
African American communities; personal choice; lay epidemiology hypothesis; smoking; deprived populations; marketing; socioeconomic disparities, 1158
age; cognitive demands; choice strategies; task demands, 15934
aggregation maps; social choice; topological properties; null preference, 6406
Alzheimer's disease; semantic selection ability; semantic impairments; verb generation; selection demands; lexical fluency, 11302
ambivalence; motherhood; choice; time; childbearing; fantasies; defenses; fertility; pregnancy; intrapsychic conflict; aging; psychoanalysis; destructive beliefs, 7724
assisted living; consumer discourse; cultural construction; organizational strategies; consumer choice; consumer independence, 35733
assisted living; consumer discourse; cultural construction; organizational strategies; consumer choice; consumer independence, 35722
attribute-base approach; customer choice; comparability-based balance model; market segmentation; Bayesian framework; reservation prices; multiple category product bundles; bundle pricing, 24069
autism spectrum disorders; public school programs; choice therapy; applied behavioral analysis, 33193
behavioral economics; consumer brand choice; individual consumers; product categories; consumer behavior; marketing, 3018
behavioral finance; behavioral economics; individual behavior; decision criterion; choice behavior; internal consistency; self-interest; choice theories; standard finance approach; behavioral modeling, 27152
bias; individual expertise; task importance; predicision alternatives reevaluation; cognitive dissonance theory, 24420
binary choice; selection; rejection; choice process, 19123
binary choice; subset choice; random utility; ranking; permutahedron, 21229
bottlenosed dolphins; human directed gazing; human pointing; object choice; gaze cues; static gaze; dynamic gaze, 27628
brand equity; trivial attributes; consumer valuation; product category; choice; low equity brands; high equity brands; market competition; brand dilution, 24066
brand extension; brand choice behavior; parent brand; single brand; multiple product categories, 24065
brand loyalty; consumer price sensitivity; loyalty-price sensitivity relationship; heterogeneous relationship; dynamic relationship; consumer product categories; models, 3022
choice behavior; choice justification; self; cognitive dissonance; competence; North Americans; social acceptance; Japanese; cross cultural differences, 31528
choice responding; stimulus modalities; tangibles; pictures; verbal descriptions; caregivers; developmental disabilities, 19783
choice set size effects; letter processing; word identification; readers; decision models; somewhat-efficient conditioning, 9678
choice theory; quality world; students understanding; habits; teaching methods, 33099
cognitive load; consumers; emotion-laden choices; conflicting goals; coping effects; consumer abilities, 33346
collective choice; rationalizability; individual preference; reference alternative, 9634
comprehensive oppourtunity sets; ranking compact; freedom-of-choice; individual; real-valued function, 9692
computational estimation; age-related changes; age differences; strategy choices; digit multiplication; speed; accuracy; cognitive domain change, 34380
concurrent chains; acquisition of preference; pseudorandom binary sequence; fixed interval; response allocation; response sensitivity; schedule delay; discrimination; key peck; pigeons, 3477
concurrent chains; terminal-link duration; pigeons; hyperbolic value-added model; preference changes; reinforcement; contextual choice model, 33927
conduct problems; peer rejection; choice making; developmental processes; social skills training; Making Choices Program; Strong Families Program; intervention, 35793
consequence paradoxes; Allais paradox; transitivity; coalescing; rank-dependent utility theories; cumulative prospect theory; violate branch independence, 21211
consumer choices; consumer research issues; consumer decisions, 33357
context dependence; reproductive site choice; neotropical frog; field mesocosms; risk perception; insect predators; conspecific competitors; adult frog site choice, 3524
context dependent group size choice; group membership; food availability; predation risk; fish, 15402
contextual variables; choice behaviors; engineering majors; models; social cognitive career theory; social cognitive theory, 2701
contingent application; semantic relatedness; decision process; choice dilemmas; risky outcomes; cancellation editing operation, 21326
core regions; shell regions; nucleus accumbens; free-choice novelty; rats; appetitive behavior, 24718
correct answers; global judgments; local confidence; global confidence, 18338
cultural capital; college choice; student persistence; student college adjustment; higher education; minority students; psychosocial factors; habitus; student satisfaction, 36192
decision framing; individual differences; cognitive processing; risky choice; math skill; need for cognition, 21348
decision making; individual differences; risky decisions; skin conductance responses; somatic activities; choice behaviors; human behavior; risky choices, 9945
decision making; social dilemma; appropriateness logic; behavioral choice; social nature, 34644
decision theoretic analysis; deontic reasoning; indicative conditional probability; acceptability judgment; unacceptability; deontic conditionals; psychological research; permission rules, 24461
delayed reinforcers; hyperbolic function; human operant studies; impulsivity; choice behavior; consumption; consumable reinforcers; discounting rates; questionnaires, 15179
desire for consumer vengence; getting even; perceived wrongdoing; suboptimal decisions; consumer satisfaction; redress; distributive justice; value for money; dissatisfaction, 9172
diarrhea; boys; girls; public facilities; mortality; childhood; parental discrimination; health care allocation; healthcare; health providers; health care provision bias, 23110
discounting framework; choice; decision making; delayed rewards; probabilistic rewards, 33791
Dutch Catholic church; rational choice theory; religion, 28216
dynamic consistency; preference reversal; reference point; isolation-integration; decision making; gamble; dynamic inconsistency; models, 357
egotism; major life decisions; career choice; place of living, 1247
egotism; major life decisions; career choice; place of living, 1268
essential alternatives; choice freedom; diversity; set dependence; unique ordering, 9631
ethanol; drug concentration; choice behavior; response rates; progressive ratio schedule; fixed ratio schedule; rhesus monkeys; persistence; measurement, 3905
exercise mode; psychological responses; psychological affect; perceived exertion; psychological well being; distress; fatigue; choices; preference; aerobics, 24052
existential regret; past experiences; existential anxiety; existential guilt; choice paralysis, 10829
expertise; evaluatative extremity; task characteristics; performance vs advisory expertise; configural vs featural processing; judgment; stimulus characteristics; memory storage, 9638
female American mink; mate availability; free-choice environment; captive animals; animal mating behavior, 24603
food choice; taste judgments; medical nutritional therapy; diabetes; disease management; eating patterns, 29469
forced choice; consumer preferences; relative option shares; buyers; no-choice option, 24070
forced choice; free choice; reinforcement; preferences; previous experience; pigeons, 33965
formal models; social science theory; bounded rationality; multiple equilibria; practical tools; rational choice models; formal theory; real behavior; decision dynamics, 13425
framing effect; decision making; hemispheric activation; rationality, 30681
fuzzy set model; online market; marketing literature; consumer search; choice model; brands; consideration sets, 6383
gender differences; food choice; health beliefs; dieting, 20442
group modeling; television item selection; television viewing behavior, 34233
heuristic; Monty Hall problem; sequence of choice; choice sets; lure of choice; decision making, 359
hippocampal lesions; memory retrieval; reversal learning; food location; choice task, 9828
household savings; old age; household members; savings; choice behaviour; household income, 19004
hyperbolic discounting; emotional satisfaction; impulsive behavior; self-control; risk taking, 3407
impetuosity; temporal discounting; behavioral processes; delayed rewards, 3352
impulsive choice; forebrain serotonin depletion; amphetmine; delayed reward; psychomotor stimulant drugs; attention deficit hyperactivity; behavioural effects, 10060
impulsive choice; mice; sooner smaller choice; later larger choice; biological factors; genetic factors, 27627
individual investors; shares; investment decisions; retirement income; stocks; decision making, 33342
infants motives; sharing attention; sharing interest; choice behavior, 25032
information processing; intelligence; interstimulus interval; response uncertainty; reaction time; motor processes, 12628
information sources; risky choice; risky prospects; rare events; decisions; experiences, 30671
interresponse times; choice structure; time allocation; extraneous behavior; concurrent variable interval schedules; reinforcement; unmeasured behavior, 24542
intuitive judgment; choice; bounded rationality; decision making; mental accessibility; prospect theory; framing effects; attribute substition; bias, 376
irrelevant information; intertemporal choice; loyalty; decisions; consumers, 27169
Japanese television viewers; program genres; program preferences; viewing behavior; ethnic traits; social traits; program selection, 34231
justice perceptions; compensatory reactions; timing of explanations; behavioral reactions; behavioral outcomes; justice effects; organizations; organizational behavior, 14730
magnet school choice; race segregation; class segregation; individual choice; educational segregation; neighborhood schools; educational quality; family status, 17740
masked prime stimuli; free choices; choice responses, 33675
methylphenidate; impulsive choice; self-control choices; delayed reinforcers; acute methylphenidate administration; impulsive response; delay to reinforcement, 10033
molar paradigm; molecular paradigm; behavior; choice; behavior analysis, 24359
monkeys; long term retention; food array size selection; reverse-reward contingency; nonpreferred food; transposition; self control, 12730
Monty Hall Dilemma; Let's Make a Deal; classroom demonstration, 33074
motivational experiences; regulatory fit; imagination; choice behavior; pain anticipation; pleasure anticipation, 24364
multicriteria decision-making; voting; weighted majority, 10308
negative evaluations; daily well being; choice reaction; somatic symptoms; transitory mood state; personality functioning, 31596
neural correlates; shopping decisions; noninvasive brain imaging; supermarket visit; brain activations; height discrimination; silent vocalization; parietal cortex, 20986
neurobiology; visual saccadic decision making; neural basis; primate decision making; sensory data; behavioral responses; theoretical models; neuroeconomics, 6897
opiate-dependent patients; treatment preferences; substance misuse facility; treatment options; opiate dependency, 29797
orbital prefrontal cortex; inter-temporal choice; delay discounting; odd discounting; rats, 3660
parental food choices; child food neophobia, 34903
parents; parent attitudes; public schools; non-public schools; demographic characteristics; parental choice, 33110
parietal cortex; decision-making; choice behavior; foraging behavior; monkeys, 27794
Parkinson's disease; visual choice; reaction time; color signals; auditory choice; pitch stimuli, 19992
personal choice; foreign language learning; cross-cultural differences; interest; effort; learning outcome; efficacy belief; gender differences, 14660
personal choosing benefits; attractive alternatives; less preferred alternatives; self-predictions; outcome satisfaction; choice behavior; decision-making process; choosers; nonchoosers, 33777
physician assisted suicide; public attitudes; family assisted suicide; assisted suicide legalization; freedom of choice; human life inviolability; quality of life; religious affiliation, 10547
pigeons; free food; choice; reinforcer delay; concurrent chains, 3483
preference degrees; severe & profound intellectual disabilities; food items; quality of life; happiness indices; choice, 35129

preference; choice; survey; repeated measures experiments; responses; regression, 24321
preferred exercise mode; emotion; affective responses; adult participants; exercise choice; psychological benefits; cycle ergometry, 9156
probability discounting; discounting function; delayed reward; choice behavior; impulsiveness; delay of gratification; probabilistic rewards, 1267
product information; information overload phenomenon; consumer choice; psychological states; on-line environment; alternatives; attributes, 17928
product placement; childrens choice; branded products; television programs; movies; reminder effect; Home Alone, 34239
prospect theory; stochastic dominance; S-shaped value function hypothesis; risk aversion; risk seeking; gains; losses; certainty effect; fund managers; financial analysts; choice; business students, 27096
protected values; omission bias; framing effects; risky choices, 21350
rats; multiple delayed rewards; delay discounting; choice; lever press, 3484
reality therapy; choice therapy; Christian belief; country school setting; school environment; school counseling, 33205
reinforcer ratio; unequal reinforcer distribution; cumulative effects; choice; key peck; pigeons, 3480
response selection; visual search; nontarget response compatibility; distractors, 9600
risk sensitivity; resource availability; concurrent-chains choice behavior; risk sensitivity theory; rate maximization theory; delay-reduction theory; pigeons, 15397
role play; choice theory; reality therapy; lead management; teaching methods, 32934
search strategies; personal preferences; decision making; correct choice; relevant cues; success; adaptive behaviors, 21340
segment retention criteria; finite mixture logit model; marketing decisions; latent segment; product design; multinomial choice data; Akaike information criterion; simulation; consumer choice modeling, 24078
self-choice effect; response choice; relational processing; multiple-cue; retrieval cues; recall, 21394
self-control; choice; initial link reinforcement; terminal link reinforcement; rats, 6687
self-framing; decision making; hedonic tone; choice; risk preference; framing effects, 9690
sequential judgment; option consideration; order effect; direction of comparison effects; option ratings, 9639
signal detection; receiver operator characteristics; decision making; neuroleptic choice; patients; prediction; physicians, 3264
social relationships; consumer behavior; economic transactions; human social behavior; social contingencies; economic psychology; intensive research; behavior analysis; economic systems, 3019
social stories; choice-making skills; play skills; autistic children; behavioral skills; special education, 36203
social welfare; social choice theory; normative values; cost-benefit adjusted gross domestic product; CBAGDP; gross domestic product; GDP, 8774
social-cognitive model; high school girls; choices; nontraditional college majors; aspirations; self-efficacy; outcome experiences; science; math; engineering, 2704
solution generation; decision preferences; automated decision aids; qualitative preference models, 27208
symbolic competencies; developmental transitions; first name choice; cultural elements; psychological development; parenthood; books; movies; religious baggage; symbolic resources; emotions, 31122
target selection; hand-eye coordination; saccades; behavioral reference frame; macaques; reaching; preference; leftward & rightward target locations, 15365
task switching; executive control; choosing, 33773
temporal discounting; reinforcer durations; reinforcer magnitude; reinforcer delay; pigeons; human choice; concurrent-chains, 24572
THEME method; temporal patterns; cognitive processes; choice behavior; schizophrenia; mood disorders; schizoaffective disorder; severe anxiety disorders; mania; diagnosis; drug treatment; gender, 19324
time delay; multi-attribute choice; multiple attributes; choice behavior; product perception; hyperbolic discounting; choice perception, 18360
time discounting; lifespan; intertemporal choice predict; age differences, 25378
time measures; rate measures; choice transitions; changing preference; free-operant choice; pigeons, 33919
token reinforcement; unit price; choice; preference behavior; pigeons, 33957
trait rebelliousness; selective exposure; adolescent rebelliousness; music genre; defiant music; traits, 804
ventromedial prefrontal cortex; preference judgments; neural substrates; somatic markers; frontal gyrus; posterior parietal cortex; anterior cingulate; left anterior insula, 6963
young children; intuitive physics; persistent error; preschoolers; choice behavior, 24945

Choice Behavior—Chapters

Construal level theory of intertemporal judgment and decision, 15317
Delay discounting: A fundamental behavioral process of drug dependence, 16510
Dieting as an exercise in behavioral economics, 15313
A neurobiology of intertemporal choice, 15630
Predicting and indulging changing preferences, 15318
Self-rationing: Self-control in consumer choice, 17935
Subadditive intertemporal choice, 15322
Time discounting and time preference: A critical review, 15311
Time discounting of health outcomes, 15308
Time preference and personal identity, 15310
Value choices and methodological issues in research with women, 15165

Cholecystokinin—Serials

alcohol intake; satiation; thyrotropin-releasing hormone; cholecystokinin octapeptide; peptides; peptide interaction; alcohol consumption, 30984
cholecystokinin agonist; pentagastrin; repeat exposure; adrenocorticotropin; cortisol; anxiety symptoms; hypothalamic-pituitary-adrenal axis; novelty effects, 24819
cholecystokinin receptor gene; reduced anxious behavior; mice behavior; exploratory behavior; anxiety models, 18544
cholecystokinin tetrapeptide; brain stem; auditory evoked potentials, 3908
cholecystokinin; dorsal periaqueductal gray; anxiogenic effects; lorglumide; PD 135,138; drug interactions; immunoreactivity, 10028
circadian body temperature; activity rhythms; cholecystokinin-octapeptide; prostaglandin; restrained rats; hyperthermia, 27833
genetic analysis; biobehavioral analysis; meal size; transgenic mice; feeding behavior; food intake; cholecystokinin, 33994
glucose solution; ethanol solution; intraperitoneal injection; c-terminal octapeptide; ethanol consumption; absolute ethanol; golden hamsters; male hamsters; cholecystokinin, 15741
glutamate transporter; cholecystokinin; synaptic terminals; hippocampus; isocortex; rat, 34070
gut peptides; brain peptides; food intake control; exogenous cholecystokinin; ingestive behavior; meal size, 30932
hormones interactions; ingestive behavior; peptide signals; cholecystokinin; insulin, 31016
hydroxytryptophan; panic attacks; cholecystokinin tetrapeptide, 30987
ingestive behavior; licking behavior; rats; oropharyngeal stimulation; dopamine blockade; cholecystokinin, 30918
lateral hypothalamus; body weight regulation; neural development; single-unit activity; dopamine; dopaminergic receptor antagonists; cholecystokinin, 10067
local cholecystokinin; drug induced tolerance; periaqueductal gray; morphine; rats, 15816
modulation; visceral hyperalgesia; morphine; cholecystokinin; rat rostroventral medial medulla; anti-opioid peptide, 7183
mother-infant interactions; peptide cholecystokinin; cholecystokinin receptors; cholecystokinin mediation; body licking; anogenital licking; ultrasonic vocalizations; genetic abnormality, 18691
neuroactive steroids; panic induction; cholecystokinin-tetrapeptide, 15829
proglumide; cholecystokinin antagonist; dihydrocodeine; analgesia; CCK antagonist, 15775
psychostimulant treatment; neurochemical responses; dopamine terminals; substance P; cholecystokinin; methamphetamine; striatum; cocaine; striatum; drug abuse; neuropeptides, 15769
receptor subtypes; CCK-B receptors; mesolimbic dopamine system; anxiety-related behaviors; cholecystokinin receptor; animal models; basolateral amygdala; reward-related behaviors, 21680
sensitivity; cholecystokinin-tetrapeptide; major depression; panicogenic effects; panic disorder patients, 26386
Zucker rats; AC 187; amylin antagonist; pancreatic B-cell hormone amylin; anorectic peptide; meal-ending satiety; food intake; salmon calcitonin; cholecystokinin, 24810

Cholesterol—Serials

24S-hydroxycholesterol; brain cholesterol metabolism; Alzhimer's disease; beta amyloid; statins; simvastatin, 5029
amyloid beta proteins; Alzheimer's disease; gangliosides; apolipoprotein E knock in mice; cholesterol concentrations; neuronal membranes, 5084
brain cholesterol; homeostasis; Alzheimer's disease; amyloid beta-peptide; statins; apolipoprotein; mice, 5013
c-reactive protein; cardiovascular disease; metabolic syndrome; obesity, 16636
cholesterol levels; depression; elderly; serum cholesterol, 19370
cholesterol; amyloid-beta protein; Alzheimer's disease; membranes; metabolism, 4990
cholesterol; classical conditioning; rabbit; nictitating membrane; learning; memory; beta amyloid, 6983
cholesterol; membrane-associated A-beta fibrillogenesis; amyloid-beta peptide; Alzheimer's disease; plaque; brain samples, 5034
cholesterol; mood disorders; anxiety disorder; cell membrane; neurotransmission; hypercholesterolemia; major depressive disorder; treatment nonresponse, 19331
cognitive functioning; psychological functioning; predictors; cholesterol lowering treatment; adherence; medication, 20441
completed suicide; suicidal behavior; genes; genetic variation; cholesterol, 22635
coronary heart disease; psychotic disorder; treatment periods; plasma lipids; antipsychotic drugs; total cholesterol reduction; triglycerides; dyslipidemia; cardiovascular risk; side effects, 8546
course of depression; major depressive episode; suicidality; history of attempted suicide; serum cholesterol concentrations; serum lipid concentrations, 10739
genetic variability; central nervous system; amyloid peptide; amyloid; genetic association; single nucleotide polymorphism; Alzheimer's disease; onset age; cholesterol; beta amyloid peptides, 11308
high-density lipoprotein cholesterol; polyunsaturated fatty acids; bipolar depressed patients; family members, 16417
low density lipoprotein cholesterol; carbamazepine; lipoprotein-a concentration; triglycerides, 15712
major depression disorder; serum cholesterol levels; fluoxetine; hypercholesterolemia; disorder relapse, 32466
Neimann Pick C; Alzheimer's disease; cholesterol; tau protein; statins; lipids; neurons; mice, 5043
neuronal cholesterol imbalance; hippocampus; cholesterol removal; paired pulse facilitation; long-term potentiation; synaptic plasticity; Alzheimer's like brain amyloid; neural transmission; rats, 3922
obesity; inflammation; transgenic mice; proteins; UPC2; UPC3, 15438
paroxetine administration; selective serotonin reuptake inhibitors; lipoprotein cholesterol; paroxetine discontinuation; therapeutic intervention; coronary heart disease; plasma lipid levels, 11520
serum cholesterol concentration; serum lipid levels; depression; suicidality; panic disorder, 19623
serum cholesterol; precursors; cholesterol metabolites; cognitive performance; aging population, 3716
serum cholesterol; suicidality; anorexia nervosa; self-injurious behavior; binge eating, 32053
serum cholesterol; suicide risk; major depression; violence, 34833
serum lipid concentrations; serum cholesterol; spa therapy; job demands; occupational stress; lipoprotein cholesterol; triglycerides; human sex differences; relaxation, 7106
serum triglyceride; antipsychotics; antipsychotic efficacy; weight gain; olanzapine; risperidone; drug therapy; drug side effects, 8505
total cholesterol; major depression; serum cholesterol; impulsivity; serum lipids, 1391

Choline—Serials

acute thyrotoxic Graves' disease; neuropsychiatric symptoms; thyrotoxic phases; cerebral metabolite profile; choline, 4853
choline metabolites; human brain; phosphatidylcholine; acetylcholine; cerebral metabolism, 18706
human neocortex; mouse neocortex; ChAT activity; acetylcholine release; choline-acetyltransferase; neocortical slices; potassium depolarisation; neurotransmission, 3711
medial thalamic choline; pediatric patients; obsessive-compulsive disorder; major depression; pathogenesis, 7946
memory disorders; radial arm; prefrontal cortical areas; receptor autoradiography; cardiovascular disease; central nervous system; cholinergic function; memory performance; cholinergic marker, 21594
proton magnetic resonance spectroscopy; unipolar major depressive disorder; membrane phospholipid metabolism; membrane function, 1453

Choline Chloride [See Choline]

Cholinergic Blocking Drugs [See Also Atropine, Levodopa, Nicotine, Scopolamine, Trihexyphenidyl]—Serials

antipsychotic clozapine; clozapine-induced hypersalivation; anticholinergic pirenzepine; side effect; schizophrenia patients, 23295
extrapyramidal side effects; anticholinergic agent; antipsychotics; disorder susceptibility; drug therapy; drug side effects; prophylaxis; cross cultural differences, 26355

galantamine; nicotinic receptors; nAChRs; chicken/mouse chimeric alpha7/5-hydroxytryptamine3 receptors; kidney-293 cells; CHO-SRE-Luci cell lines; muscarinic receptors; donepezil; rivastigmine, 3969
locomotor activity; nicotinic receptor antagonist; ventral tegmental area; scopolamine; muscarinic antagonist; cholinergic receptor; mice; rats, 556
medications; verbal memory impairment; schizophrenia; anticholinergic drugs; antipsychotic drugs; benzodiazepines, 20289
muscarinic blockade; intracerebroventricular injections; rat hippocampal pyramidal cells; cholinergic transmission; scopolamine; cell activity, 12979
schizophrenia; smooth pursuit eye movement; procyclidine; antisaccade eye movement; cognition, 10783
scopolamine; SB271046 serotonin antagonist; drug interactions; cognition enhancing effect; spatial learning; passive avoidance; aging; rats, 9988
smoking; anticholinergics; schizophrenia; nicotine, 22555
transient memory impairment; visual hallucinations; tolterodine use; anticholinergic medications; urinary incontinence, 8651
treatment discontinuation; long-term anticholinergic treatment; elderly schizophrenia patients; cognitive functions; adverse effects; memory impairment; cholinergic blocking drugs, 35523
trihexyphenidyl hydrochloride; psychomotor performance; memory consolidation; elderly participants; anticholinergic drug; memory functioning, 21898
vertigo; physiology; pharmacological treatment; anticholinergics; antihistamines; benzodiazepines; calcium channel antagonists; dopamine receptor antagonists; drug therapy, 14266

Cholinergic Drugs [See Also Acetylcholine, Physostigmine, Pilocarpine]—Serials

acetylcholinesterase inhibitors; AChE; cholinergic transmission; stimulation; symptomatic improvements; chronic treatment; treatment efficacy; hippocampal muscarinic receptor; mice; Alzheimer disease, 17205
castration; working memory taks; scopolamine; mecamylamine; testicular hormones; androgen; testosterone; maze learning; cholinergic interaction, 9758
cholinergic hypothesis; uncompetitive N-Methyl-D-Aspartate antagonists; dementia; combination therapy; glutamatergic neurons, 20266
cholinergic mechanisms; cocaine; genital reflexes; paradoxical sleep deprivation; male rats; penile erection, 18705
galantamine; nicotinic receptors; nAChRs; chicken/mouse chimeric alpha7/5-hydroxytryptamine3 receptors; kidney-293 cells; CHO-SRE-Luci cell lines; muscarinic receptors; donepezil; rivastigmine, 3969
imipramine-induced antinociception; nicotine; cholinergic agents; mice; drug dosage, 13104
recognition memory; object discrimination; cognitive function; memory deficit; novel object; muscarinic receptor antagonist; dose-dependent reduction; acute administration; object exploration, 10061
striatal cholinergic interneurons; nucleus accumbens; dorsal striatum; dopaminergic mesolimbic; neurological disorders; dopamine D2 receptors; dopamine localization, 3594
water intake; pirenzepine; rats; 4-DAMP; brain Fos-immunoreactivity; water drinking; muscarinic receptor subtypes, 15802

Cholinergic Nerves—Serials

adenosinergic homeostatic regulation; sleep-wakefullness; cholinergic basal forebrain; A1 receptor, 21704
Alzheimer's disease; transcranial magnetic stimulation study; glutamatergic neurotransmission; peripheral nerve stimulation; motor cortex excitability; cholinergic connections; cerebral cortex, 16753
attentional functions; attentional capacities; cortical cholinergic inputs; learning; memory, 621
basal forebrain cholinergic neurons; neuron size; spatial memory performance; spatial learning ability; age-related differences; gender; rats, 3725
cholinergic lesion; Alzheimers disease; cholinergic innervation; etiology; cholinergic depletion; temporal course, 16799
cholinergic neurons; basal forebrain; neuronal lesions; spatial working memory; cerebellar Purkinje cells, 15595
mesolimbic cholinergic projection; lateral septum; alarm calls; laterodorsal tegmental nucleus; ultrasonic vocalization; rats, 3604
mild Alzheimers disease; cholinergic system; cortico-cortical connections; sub-cortical white matter; power bands; electroencephalography; EEG, 29156
nerve growth factor; cholinergic neurons; virus sector; hippocampus; rats; axonal sprouting; cortical injury; entorhinal cortex, 21670
nicotine exposure; cholinergic systems; maternal smoking; pregnancy; prenatal exposure; brain development; nicotinic cholinergic receptors; rats, 24774
pyridostigmine bromide; N,N-diethyl-m-toluamide; permethrin; sensorimotor performance deficit; brain; chemicals; acetylcholinesterase activity; dose response; cholinergic system; Sprague-Dawley rats, 12967
transfer effects; visual-spatial conditional learning; rats; selective lesions; medial septal/vertical limb of diagonal band; medial/septal diagonal band; cholinergic neurons, 6913

Cholinergic Receptors—Serials

5-iodo-A-85380; self-administration behavior; beta2 selective receptor; nicotinic receptor ligand; operantly trained rats; nicotine acetylcholine receptors, 3935
acetylcholine sources; nicotinic cholinergic receptors; turtle retina; nitric oxide signal-transduction pathway; cyclic guanosine monophosphate pathway; nicotine, 6788
adolescence; nicotine exposure; cholinergic systems; rats; cerebral cortex; midbrain; hippocampus; nicotinic cholinergic receptor binding; choline acetyltransferase; hemicholinium-3 binding, 7142
AF102B; THA; muscarinic agonists; cholinesterase inhibitors; distractibility; monkeys, 3953
cholinergic mechanism; procaine; emotional experiences; sensory experiences; cerebral blood flow; cerebral muscarinic cholinergic receptors; limbic activation; rhesus monkey, 27855
cholinergic muscarinic 2; CHRM2 receptor gene; cognition; polymorphisms, 12783
cholinergic muscarinic receptors; anterior cingulate cortex; schizophrenia; bipolar disorder; major depression disorder; deep laminae; receptor density; receptor binding; postmortem brain tissue, 18627
chronic aspartame consumption; rats; T-maze performance; muscarinic cholinergic receptor densities; brain regions, 24795
clozapine; dopamine; serotonin; muscarinic receptor; discriminative stimulus properties; antipsychotic drug; dose discrimination; rats, 13064
clozapine; olanzapine; risperidone; quetiapine; ziprasidone; muscarinic receptors; atypical antipsychotics; partial agonist activity; muscarinic mechanisms; muscarinic effects, 7158
event related oscillations; event related EEG responses; cholinergic muscarinic receptor gene; polymorphisms; linkage; linkage disequilibrium; cognitive processes, 30898
galantamine; nicotinic receptors; nAChRs; chicken/mouse chimeric alpha7/5-hydroxytryptamine3 receptors; kidney-293 cells; CHO-SRE-Luci cell lines; muscarinic receptors; donepezil; rivastigmine, 3969
hippocampal accetylcholine; neurotransmission; cognitive processes; acetylcholine release; muscarinic receptor; impaired cognition; knockout mice; hippocampus, 12779
light/dark cycle; melatonin; cerebellum; cholinergic input; rats; nicotinic acetylcholine receptors; selective cholinergic agonists; cholinergic antagonists; glutamate release, 3939
locomotor activity; mutant mice; dopaminergic system; neuronal nicotinic acetylcholine receptor; nicotine; cocaine; dopamine; drug abuse, 21634
locomotor activity; nicotinic receptor antagonist; ventral tegmental area; scopolamine; muscarinic antagonist; cholinergic receptor; mice; rats, 556
Mellisa officinalis; lemon balm; acetylcholinesterase inhibition; cholingergic receptor binding; cognitive performance; mood effects; nicotinic & muscarinic receptor binding, 736
memory formation; cholinergic systems; conditioned taste aversion; nucleus basalis magnocellularis; insular cortex; acetylcholine; novelty; muscarinic receptors; gustatory learning, 603
memory trace; conditioned taste aversion; neophobia; taste memory; muscarinic receptor; novelty; scopolamine; insular cortex; rats, 724
molecular mechanisms; nicotinic acetylcholine receptors; tricyclic antidepressants; ligandated ion channels, 7192
muscarinic blockade; intracerebroventricular injections; rat hippocampal pyramidal cells; cholinergic transmission; scopolamine; cell activity, 12979
muscarinic cholinergic receptor; memory consolidation; basolateral amygdala; acetylcholine, 612
mutational analysis; nicotinic acetylcholine receptor; alpha 4 subunit gene; attention deficit hyperactivity disorder; intronic polymorphism; nicotine agonists; nicotinic receptors, 13802
nicotine; attention; choice serial reaction-time; nicotinic acetylcholine receptor; mice, 24858
nicotine; methyllycaconitine; N-methyl-D-aspartate; hippocampus; CA1 area; rats; synaptically evoked population spikes; kinases, 3891
nicotinic acetylcholine receptor distribution; brain; Alzheimer's disease; dementia with Lewy bodies; Parkinson's disease; vascular dementia; biological markers; physiological correlates, 11287
nicotinic cholinergic synaptic mechanisms; ventral tegmental area; nicotine addiction; nicotine; mesolimbic dopaminergic system; midbrain dopamine neurons; synaptic plasticity, 15794
nicotinic receptor activation; auditory cortical development; postnatal development; nicotinic actylcholine receptors; glutamate synapses; rats, 602
nucleus accumbens; muscarinic receptor; nicotinic acetylcholine receptor; rats; lever press learning; scopolamine; mecamylamine; appetitive learning; locomotor activity; motivation for food; sucrose, 30774
ornithine decarboxylase; cerebellum; knockout; alpha difluoromethylornithine; polyamine depletion; nicotinic cholinergic receptor upregulation; neural development; macromolecular changes; rats, 7257
paired-associate learning; muscarinic cholinergic receptors; proactive interference; word pairs; memory; scopolamine, 12802
paradoxical sleep deprivation; M1 muscarinic receptors; [3H]pirenzepine binding; rat brain; sleep recovery; passive avoidance task; memory deficits; learning deficits, 12869
pavlovian fear conditioning; aversive conditioning; inhibitory avoidance; nicotinic cholinergic neurotransmission; muscarinic cholinergic neurotransmission, 15590
phenol hydrochloride; nicotinic acetylcholine receptor ligand; rat brain; histaminergic receptors; serotonergic receptors; pharmacology, 7245
rats; drug discrimination; antipsychotic; quetiapine; clozapine; receptor; muscarinic antagonism; scopolamine; prazosin; α1-adrenoceptor antagonism; selective ligands, 13004
receptor agonism; cognitive deficits; schizophrenia; muscarinic receptors; pirenzepine binding; frontal cortex; central nervous system, 32216
septohippocampal acetylcholine; learning; memory; cholinergic activity, 15559
social recognition; rats; nicotinic receptors; acetylcholinesterase inhibitors; learning; memory; scopolamine, 21920
tobacco dependence; mental illness; addiction; nicotinic receptors; attention-deficit hyperactivity disorder; anxiety disorders; smokers, 31683
water maze; visual acuity; scopolamine; muscarinic receptor blockade; receptor sensitivity; rats; mice, 31003

Cholinesterase—Serials

anticholinesterase; drug-induced inhibition; neuroleptics; antipsychotic agents; cholinesterase inhibition; biochemical parameters; rotational activity; rats, 758
rivastigmine; efficacy; tolerability; pharmacoeconomics; cholinesterase inhibitor; dementia; Alzheimer's disease, 8559

Cholinesterase Inhibitors [See Also Galanthamine, Neostigmine, Physostigmine]—Serials

acetyl cholinesterase inhibitors; clinical response predictors; Alzheimer's disease; dementia, 2316
acetylcholinesterase activity; cholinesterase inhibitor; basal forebrain; central nervous system; pyridostigmine bromide; neostigmine bromide; peripheral cholinesterase; stress; rats, 6840
acetylcholinesterase inhibitor; EEG; short-term memory performanace; cholinergic neurotransmission; rivastigmine; donepezil; Alzheimer patients, 11631
AF102B; THA; muscarinic agonists; cholinesterase inhibitors; distractibility; monkeys, 3953
Alzheimer's disease treatment; cholinesterase inhibitors; moderate AD; mild AD; memantine, 20492
Alzheimer's disease; donepezil; drug efficacy; acetylcholinesterase inhibitor; treatment outcomes; tolerability, 32543
Alzheimers disease; hospital inpatients; cholinesterase inhibitors; referral; diagnosis; National Institute for Clinical Excellence guidelines; NICE guidelines, 35262
Alzheimers disease; neuroprotective strategies; cholinesterase inhibitors; nonpharmacologic interventions; psychopharmacologic agents; pathophysiology; diagnosis, 32145
anticholinesterase toxicity; donepezil; antagonism; scopolamine; diisopropyl fluorophosphate; oral anticholinesterase; male rats; cholinesterase inhibitor effects; hypothermia; hypokinesis; diarrhea, 13019
anticholinesterase; drug-induced inhibition; neuroleptics; antipsychotic agents; cholinesterase inhibition; biochemical parameters; rotational activity; rats, 758
cholinergic drugs; cognitive training; Alzheimer's disease; dementia; education level; drug treatment; donepezil; affective states; interdisciplinary treatment, 32516
cholinesterase inhibitor; timing behaviour; cognitive enhancement; mental processes; learning; memory; metrifonate; drug dosages, 27859
cholinesterase inhibitors; Alzheimer's disease; long-term treatment; cognitive symptoms; clinical evidence; drug treatment, 32526
cholinesterase inhibitors; Alzheimer's disease; titration schedule; recommended dose; dropout rate, 20489

cholinesterase inhibitors; Alzheimer's disease; treatment failure; drug switching, 23239
cholinesterase inhibitors; metrifonate; galanthamine; acetylcholine; CI-1017; learning; aging; rabbits; Alzheimer's disease; hippocampus, 526
chronic drug user; donepezil; anticholinesterase inhibitor; cognitive benefits; treatment; cognitive ability, 2176
citalopram; guinea-pig atria; adenosine receptor; dose dependence; drug inhibition, 30999
cognitive functioning; Down syndrome; donepezil; drug therapy; acetylcholinesterase inhibitor; language performance; caregivers, 5296
combination therapy; cholinesterase inhibition; N-Methyl-D-Aspartate receptor antagonism; treatment outcome; cognitive performance; Alzheimers disease; Donepezil, 20267
delirium prevention; elderly hospitalised patients; chronic rivastigmine usage; cholinesterase inhibitor; dementia patients, 32429
dementia; Alzheimer's disease; cholinesterase inhibitors; memantine; drug treatment; pharmacology; side effects, 8638
donepezil; antipsychotic treatment; dementia; visual hallucinations; cognitive function, 11562
donezepil; Parkinson's disease; probable dementia with Lewy bodies; discontinuation; recommencement; adverse effects; cognitive functioning, 20361
electroconvulsive therapy; ECT-donepezil interaction; apnoea; bradyarrythmic effect; recurrent major depressive disorder; severity; psychotic features; mild Alzheimer's disease, 29212
flumazenil; ondansetron; tacrine; scopolamine-induced impairment; spatial learning; rats; spatial memory; retention, 9980
galantamine; donepezil; Alzheimers disease; ease of use; tolerability; cognition; activities of daily living, 14154
neuroleptic malignant-like syndrome; Alzheimer's disease; donepezil; maprotiline; drug interactions; drug side effects, 14289
noncognitive symptoms; acetylcholinesterase inhibitors; pharmacologic therapies; functional impairment; behavioral symptoms; long-term treatment; neuropsychiatric symptoms, 32524
Parkinson disease; dementia with Lewy bodies; cholinesterase inhibitors; drug therapy; drug tolerability; cognition; psychiatric symptoms; global function; treatment outcomes, 35615
psychiatric disorders; cognitive disorders; Parkinson's disease; comorbidity; severe depression; cholinesterase inhibitors, 26154
rivastigmine; efficacy; tolerability; pharmacoeconomics; cholinesterase inhibitor; dementia; Alzheimer's disease, 8559
rivastigmine; quality of life; cognitive function; schizophrenic subjects, 11522
T-maze continuous alternation task; mice; scopolamine; donepezil; animal strain differences, 31009
visual hallucinations; cholinergic therapy; dementia with lewy bodies; rivastigmine; attention; memory; outcome prediction, 32555
Cholinoceptors [See Cholinergic Receptors]
Cholinolytic Drugs [See Cholinergic Blocking Drugs]
Chorda Tympani Nerve [See Facial Nerve]
Chorea [See Also Huntingtons Disease]—Serials
basal ganglia; involuntary movements; voluntary movements; dysfunction; movement disorders; chorea; dystonia; tics; model, 13977
neuroacanthocytosis; involuntary movements; drug therapy; molindone; divalproex, 35649
Choroid [See Eye (Anatomy)]
Choroid Plexus [See Cerebral Ventricles]
Christianity [See Also Protestantism, Roman Catholicism]—Serials
Christian apostasy; World Wide Web; Internet, 19028
Christian education; spiritual maturity; senior adults; spiritual development, 34369
Christian marriage; American marriages; marital interventions; sociocultural factors; marriage attitudes; Emotionally Focused Couples Therapy, 2067
Christian music; theological language; musical style; lyrical content; Christianity; songs, 34458
Christian repentance; resurrection theology, 34454
Christianity; Christian tradition; divine mercy; spirituality; transcendence; weakness; psychotherapy, 14216
contemporary Christian music; mass media; culture; Evangelical Christians; American society; Christian music, 19023
current status; future; Christian marriage; community intervention development; research, 1050
Evangelical Christians; social work profession; conservative religious; social workers, 4204
Evangelical Christians; social work, 4206
Japanese Christians; ancestral dead; Christianity; Christian movements, 28214
kenosis; alterity; Christian spirituality; psychoanalytic practice, 32411
marriage; contemporary culture; theoretical models; family theory; marital interventions; Christian marriages, 1097
marriage; marital improvement; hope-focused approach; public policy; preventive strategies; Christian marriages; research recommendations; clinical recommendations; pastoral counseling, 2080
marriage; sociocultural factors; marriage attitudes; marital interventions; marriage issues; Christian marriage, 1044
pain; human suffering; theology; God; humanity; Christ; Christianity, 34460
personal worth; identity; aging; Christianity; time; experience; life change; loss; death; work; leisure; theological perspective, 34675
professional social workers; Evangelical Christian; social work, 4205
prophets; Islamic historical documents; Christian historical documents; Qur'an; New Testament, 7524
same-sex marriage; Christian community; homosexual orientation; lesbian; gay; bisexual; life experiences, 28368
scale reliability; scale validity; Christianity; Francis Scale of Attitude toward Christianity, 33472
social work profession; Evangelical Christian; social workers, 5612
social work; religious beliefs; Evangelical Christians, 4208
social work; social workers; Evangelical Christians; biblical principles; religious beliefs, 4213
widespread community; rhetoric; mass communication; Christ-followers; social practices; ritual practice; religious sect; mass society; mass communication; Paul of Tarsus, 19027
world views; social roles; faith-learning integration; Christian integrative efforts, 13295
Christianity [See Also Protestantism, Roman Catholicism]—Books
Science and the soul: Christian faith and psychological research, 16124
Christianity [See Also Protestantism, Roman Catholicism]—Chapters
Christian ethics and psychological research, 17567
Deep tensions in understanding human nature, 16125
Evolutionary psychology, 14955
Faith, psychotherapy, and Christian counseling, 17553
Gender and sexuality: Constancy and change, 16104
Is our fate in our genes? Behavior genetics, 15469
The missing subject of mind: Toward an inner reformation of cognitive science, 15314
Motivation and social determinism: The explanatory power of rules, laws, and values, 15345
Of the place of Christian faith and scripture in doing psychology, 16126
Psychological research methods and Christian belief, 15170
Two models of Christian marriage: Scripture, social science and the question of hierarchy vs. partnership, 16155
Christians [See Also Catholics, Protestants]—Serials
current status; future; Christian marriage; community intervention development; research, 1050
drag queens; same sex marriage; Christians; faith; gender identities; sexual identities; sexuality; lesbians; gays; bisexuals; transsexuals, 34571
evangelical christians; counselling; religious behavior, 35603
Evangelical Christians; social work profession; conservative religious; social workers, 4204
Evangelical Christians; social work, 4206
fundamentalist christians; network television; television news; reporting bias; content analysis, 18882
Japanese Christians; ancestral dead; Christianity; Christian movements, 28214
oppression; Christianity; human males; disadvantaged group; social conversations; social status, 28217
professional social workers; Evangelical Christian; social work, 4205
religious fundamentalism; social work; social work; Evangelical Christians, 4207
social work profession; Evangelical Christian; social workers, 5612
social work; Evangelical Christians, 4214
social work; social workers; Evangelical Christians; biblical principles; religious beliefs, 4213
values; practices; clinical psychologists; religious commitment; workplace settings; Christian psychologists, 26827
Chromaticity [See Also Color Saturation, Hue]—Serials
anchoring; Munsell System; Natural Color System; color evaluation; chromatic variables; color diiferences; fixed range scale; value; saturation; color reflectance; luminance; gray-scale method, 15195
blackbirds; condition-dependent traits; canonical ordination; carotenoid colouration; male quality, 15384
chromatic adaptation transforms; adaptation condition; visual adaptation; illumination, 6526
chromatic edges; chromatic surfaces; chromatic constancies; cerebral achromatopsia; luminance differences; luminance contrast; chromatic borders; colour appearance; luminance change, 18286
color memory; anomalous trichromacy; memory color matching; matching time; protanomals; deuteranomals; color vision, 15219
color; direction of exogenous attention; achromatic observer, 5089
colored grounds; Mexican hat function; microspreading; chromatic pit lines; small figures; luminance distribution; tippit, 6515
cones; chromaticity; color system; color adaptation; cardinal axis; chromaticity; post receptoral processes, 6523
industrial color reproduction; color experiences; psychophysical scaling; industrial color; chromatic color; color samples; lightness; colorfulness, 21268
luminance mechanism; red-green isoluminant grating; temporal chromatic aberration; motion perception; detection threshold; direction discrimination; temporal frequency; luminance noise, 21283
remote illumination; adaptation mechanisms; remote adaptation; color sensation; color shifts; hue shift; achromatic illuminations; retinal color-coded cells, 21295
Chromosome Disorders [See Also Autosome Disorders, Deletion (Chromosome), Sex Chromosome Disorders, Translocation (Chromosome), Trisomy, Williams Syndrome]—Serials
chromosomal abnormality; bipolar affective disorder; Prader-Willi Syndrome; hypometabolism; psychiatric disorders; bipolar psychosis, 28667
chromosomal abnormality; missing Y chromosome; Asperger syndrome; obsessive-compulsive disorder; electroconvulsive therapy; mental retardation; major depression; karyotype; mosaicism, 28551
early infantile autism; fragile X anomaly; autistic spectrum disorders; psychopathology; chromosomal abnormalities; genetics; sex chromosomes, 32002
methylfenidate; attention-deficit/hyperactivity disorder; velocardiofacial syndrome; chromosome disorder; developmental disabilities; efficacy; safety; children; adolescents, 5285
velo-cardio-facial syndrome; early-onset psychosis; chromosome 22q11 deletion; adult-onset schizophrenia, 7875
Wolf-Hirschhorn syndrome; chromosome deletion; phenotypic expression; communicative development; speech; language, 16639
Chromosomes [See Also Sex Chromosomes]—Serials
alcohol dependence; gamma-aminobutyric acid receptor genes; chromosome 15q, 19654
ancestral haplotypes; generation; schizophrenia pedigree; chromosomal regions; schizophrenia; schizoaffective disorder, 19469
bipolar affective disorder; schizophrenia; linkage; chromosome 3q29; genome; genotyped markers; family, 19342
bipolar pedigrees; susceptibility locus; linkage analysis; bipolar disorder; chromosome; polymorphic markers; affective disorder, 28647
catatonic schizophrenia; neuronal nicotinic acetylcholine receptor; periodic catatonia; polymorphic markers; pathogenesis, 13637
chromogranin B gene; polymorphisms; schizophrenia; chromosome, 28713
chromosome 14; simple phobia; panic disorder; chromosome 14 markers; genome scan linkage, 13659
complex partial seizures; lateral ventricles; periventricular heterotopia; neuronal nodules; mutations; cortical malformations; 5p chromosome anomalies, 13998
CpG islands; brain-expressed candidate region; chromosome 18q; bipolar disorder; genomic sequences; mutation analysis; single nucleotide polymorphisms, 13591
cytogenetic abnormalities; schizophrenic patients; chromosome aberrations; susceptibility, 7865
dopamine receptor gene; loci; linkage analysis; schizophrenia; polymorphous markers; chromosome; patients; siblings, 15460
frontotemporal dementia parkinsonism; chromosome 17; dementia; supranuclear palsy; mutations; tau protein gene, 14003
frontotemporal dementia; chromosome 3; positional cloning; disease gene; genetic data; genetic mutation, 32140
FZD3 protein; schizophrenia; chromosomes; polymorphisms; susceptibility, 7920
genes; bipolar disorder; genetic markers; genomic interaction; chromosomes, 7837
genome scan; Tourette syndrome; chromosomes; chronic multiple tics; linkage, 29104
Kosrae island population; Micronesia; founder population; schizophrenia susceptibility gene mapping; disease rates; gender differences; genome scan; chromosome 2q, 13645
linkage disequilibrium mapping; gene; reading disability; chromosome; markers, 13811

mitochondrial dysfunction; autistic patients; inverted duplication; chromosome; mitochondrial enzyme assay; perinatal courses; respiratory chain block, 16530
N-methyl-D-aspartate receptor gene; bipolar disorder susceptibility; polymorphisms; genes; chromosome linkage disequilibrium, 13602
phenotypic variation; hereditary frontotemporal dementia; Parkinsonism; chromosome 17; tau gene mutations; pathological variation, 32192
picks disease; frontotemporal dementia; missense mutation; pathology; chromosome 17; S305N phenotype, 32164
population replacement; British isles; cultural changes; genetic variation; demographic processes; AY chromosome, 15458
salt preference; congenic strains; spontaneously hypertensive rats; chromosomes; congenic lines, 18659
sexual differentiation; testis determination; insulin receptors; tyrosine kinase family; mice; chromosomes, 6810
sexual reproduction; sex determination; caenorhabditis elegans; chromosomes; environmental effects, 6829
sodium channel genes; autism susceptibility locus; chromosome; familial autism; mutations, 13804
T102C single nucleotide polymorphism; 5HT2a receptor gene; schizophrenia; chromosome 13; whole-genome linkage scans; markers, 19416
tau gene locus; frontotemporal dementia; tau mutations; chromosome 17; neurodegenerative process, 32178

Chronic Fatigue Syndrome—Serials

acetylcarnitine; propionylcarnitine; chronic fatigue syndrome, 20493
alcohol use; chronic fatigue syndrome; alcohol intolerance, 19902
autonomic dysfunction; chronic fatigue syndrome; erythropoietin levels; red blood cell indices, 19899
baroreceptor reflex; cardiovascular stress responses; chronic fatigue syndrome; systolic blood pressure; speech task, 1788
chronic disabling fatigue; children; adolescents; chronic fatiguing illnesses; epidemiology; lifetime prevalence, 32080
chronic fatigue syndrome, 19885
chronic fatigue syndrome; CFS; guidelines, 11142
chronic fatigue syndrome; cognitive behavioural therapy; randomized controlled trials; pharmacological treatments; exercise therapy; mental fatigue; modafamil, 14191
chronic fatigue syndrome; cognitive-behavioural therapy; cognitive functioning, 19901
chronic fatigue syndrome; diagnosis; prevalence; clinical presentation; evaluation; prognosis; pathophysiology; treatment, 32072
chronic fatigue syndrome; diagnosis; prevalence; clinical presentation; evaluation; prognosis; pathophysiology; treatment; support groups, 32069
chronic fatigue syndrome; female health care practitioner; major depression; hypertension; asthma; hyperlipidemia; modafinil, 31654
chronic fatigue syndrome; first-night effect; polysomnography; sleep disorders; sleep time; sleep efficiency; sleep onset; slow wave sleep; rapid eye movement sleep; sleep cycles, 1779
chronic fatigue syndrome; herbal treatments; Siberian ginseng, 17103
chronic fatigue syndrome; illness perceptions; disability levels; rheumatoid arthritis, 1786
chronic fatigue syndrome; monozygotic twins, 19839
chronic fatigue syndrome; myalgic encephalomyelitis; psychiatric comorbidity; functional impairment; diagnostic criteria; symptom severity; disability, 16361
chronic fatigue syndrome; neurasthenia; major depression; temporal relations, 25488
chronic fatigue syndrome; patient schools; health education; personal experience; hospital clinic, 14440
chronic fatigue syndrome; sexual dysfunction; female patients; sexual functioning, 19896
chronic fatigue syndrome; social isolation; cognitive impairment; neuropsychological problems; daily activities, 19837
chronic fatigue syndrome; symptoms, 19875
chronic fatigue; prognosis; prediction; attribution, depression; demographic predictors; clinical predictors; symptom severity, 8159
cognitive behavior therapy; chronic fatigue syndrome; therapy manual; therapists' adherence & perceptions; effective treatment, 35428
cognitive processing; monozygotic twins; chronic fatigue syndrome, 19867
depression; evolution; anxiety disorder; somatoform disorder; chronic fatigue syndrome; somatization; appeasement display; submission; treatment; classification, 22414
encephalographic comodulation; chronic fatigue syndrome; anterior posterior dissociation, 8146
erratum; sleep; chronic fatigue; psychosomatic research, 22785
fatiguing illness; gulf war vetrans; chronic fatigue syndrome; CFS; exercise capacity, 22795
general practitioner perceptions; chronic fatigue syndrome; irritable bowel syndrome; treatment perceptions; stereotypes; treatment, 32954
Gulf War illnesses; fibromyalgia syndrome; chronic fatigue syndrome; myalgic encephalomyelitis; chemical exposure; biological exposure; radiological exposure; treatment, 12329
hemispheric dominance; myalgic encephalomyelitis; chronic fatigue syndrome; isoprenoid pathway; hypothalamic digoxin, 16610
homeopathic treatment; chronic fatigue syndrome; subjective symptoms, 20443
hydrocortisone treatment; dehydroepiandrostenedione; dehydroepiandrostenedione-sulphate; chronic fatigue syndrome; corticotrophin-releasing hormone; drug dosages, 29463
information processing speed; chronic fatigue syndrome; working memory deficits; psychiatric comorbidity; cognitive impairment, 11143
insomnia; chronic fatigue syndrome; monozygotic twins, 4902
life events; difficulties; dilemmas; chronic fatigue syndrome; onset; stress, 8129
life stress; chronic fatigue syndrome; psychosocial factors; social support; Chinese Americans, 1782
memory impairment; chronic fatigue syndrome; psychiatric comorbidity; recall; recognition; acquistion; storage; retrieval, 11144
myalgic encephalomyelitis; chronic fatigue syndrome; treatment protocols; clinical working case definition; diagnostic protocols; pathogenesis, 11136
neuropsychological deficits; chronic fatigue syndrome; cognitive impairment, 19841
patient characteristics; neuroendocrine responses; chronic fatigue syndrome; Insulin Tolerance Test; hypothalamic-pituitary-adrenal axis, 22809
patient education; graded exercise; chronic fatigue syndrome; educational intervention, 29550
patient power; patient control; chronic fatigue syndrome; fibromyalgia; health care process, 35167
personality disorder; chronic fatigue syndrome; prevalence; depressed patients; nondepressed patients, 19265
post-traumatic stress disorder; chronic pain; chronic fatigue syndrome; Fibromyalgia; major depression disorder, 19281
professional support; self-help groups; chronic fatigue syndrome, 2265
progesterone; metabolites; isopregnanolone; chronic fatigue syndrome; women; depression; menstrual cycle, 8152
proton magnetic resonance spectroscopy; chronic fatigue syndrome; basal ganglia function; neurological diseases, 22919
salivary cortisol response; chronic fatigue syndrome; hypothalamic pituitary adrenal axis; awakening, 29027
socioeconomic status; sociodemographic characteristics; mood disorders; anxiety disorders; chronic fatigue; post-traumatic stress disorder; unemployment, 1353

Chronic Fatigue Syndrome—Books

Handbook of chronic fatigue syndrome, 16643

Chronic Fatigue Syndrome—Chapters

Chronic fatigue syndrome in adolescence, 16664
Chronic fatigue syndrome, fibromyalgia, multiple sclerosis and lupus: Meeting the challenges, 16654
Clinical perspectives and patient experiences, 16666
Cognitive-behavioral therapies, 16645
Community-based interventions, 16656
The complexities of diagnosis, 16655
Development of the SMART-ENERGY Program, 16673
Differential diagnosis in medical assessment, 16662
Epidemiological research: Science and community participation, 18247
Epidemiology, 16669
Exercise therapy, 16665
Family systems perspective, 16660
A four-phase approach to understanding chronic fatigue syndrome, 16652
Functional capacity evaluation, 16659
Genetics, 16668
Measuring symptoms and fatigue severity, 16649
Medical intervention and management, 16657
Neurocognitive assessment, 16648
Neuroendocrine dysfunction, 16647
Nutritional approaches, 16672
Orthostatic intolerance, 16667
Pain and fatigue, 16670
Phase-based interventions, 16653
Postinfective fatigue, 16658
Psychological and educational issues for children and adolescents, 16646
Rehabilitation counseling, 16671
Sleep disorders, 16663
Social effects of chronic disorders, 16650
Sociocultural context and trauma, 16651
Stress and immunity, 16644
Structured diagnostic interviews and self-rating scales, 14991

Chronic Illness [See Also Chronic Fatigue Syndrome, Chronic Mental Illness, Chronic Pain]—Serials

acquired sensitivity; physiological activity; chronic health problems; biased symptom perception; severe asthma; somatization, 19882
adverse health effects; prescription drugs; chronic condition; benefit design; pharmacy benefits; drug use; privately insured; at risk populations; costs, 23377
anxiety disorder; diabetes; cognitive intervention; panic; chronic medical problems; safety behavior, 20174
artwork; chronic illness; coping; disability; health; rehabilitation; social network; well being, 8583
back pain sufferers; sick role benefits; health care; health professionals; disabilities; pain reality; clinical characteristics; sickness behavior; illness experiences; attitudes, 11153
black mothers; adult children; mental illness; chronic health conditions; schizoaffective disorder; mental health; high blood pressure; arthritis; eye problems, 32721
cancer patients; ill children; uncertainty; ordinary life; psychological adjustment; illness course, 16705
chronic bronchitis; cause-specific mortality; leisure time physical activity; Whitehall study participants; baseline bronchitis status, 4838
chronic conditions; health risk behaviors; disabled women; functional limitations, 29529
chronic disabling fatigue; children; adolescents; chronic fatiguing illnesses; epidemiology; lifetime prevalence, 32080
chronic disease prevention; women; community health worker program; program effectiveness; treatment compliance; preventive care, 32585
chronic epilepsy; surgery; intractable partial seizures; treatment outcomes; psychosocial factors, 14307
chronic episodic disorders; comorbidity; women, 1359
chronic health conditions; health care system; adult health care; young adults; health care transition; adolescents health care; transition principles; effective transition, 5572
chronic illness adjustment; disability adjustment; coping stages; phases; psychosocial adjustment; catastrophe theory; chaos theory; complexity theory; disability rehabilitation, 2489
chronic illness; antiretroviral therapy; disease experience; ethnic groups; community based needs; gender; Human Immunodeficiency Virus; HIV; belief; behavior; culture, 1808
chronic illness; chronic disability; middle aged; African-American woman; arthritis; United States; support groups; health pro-motion program; health behavior change; cultural notions; personal health, 1764
chronic illness; chronic illness care; health interventions; chronic care model, 20531
chronic illness; close relatives; relatives experiences; sense of responsibility; individual freedom, 29712
chronic illness; emotional suffering; hopes; dreams; illness experiences; self reformulation; ill participants, 8155
chronic illness; Lower Urinary Tract Symptoms; men; symptom detection; health care seeking behavior; symptom perceptions; symptom impact; ability level, 22811
chronic illness; patient attitudes; diagnosis search; personal meaning; allopathic diagnosis; patient experience; explanatory needs; aging; symptoms; thumb pain, 32537
chronic illness; patient attitudes; diagnosis search; personal meaning; allopathic diagnosis; complementary health care; patient experience; explanatory needs; aging; symptoms; thumb pain, 32570
chronic illness; patient attitudes; diagnosis search; personal meaning; allopathic diagnosis; complementary health care; patient experience; explanatory needs; aging; symptoms; thumb pain, 32542
chronic illness; psychosocial functioning; treatment adherence; young adults attitude; youth attitudes, 13549

chronic cluster headache; episodic headache; paroxysmal hemicrania; bulbar trigeminal tractotomy; surgery; pain recurrence, 23379
chronic low back pain; health needs; primary health care; symptoms; treatment histories; ability level; disorder severity; needs assessments; service development, 23406
chronic migraine; tertiary care centers; well being, 12511
chronic musculoskeletal pain; exercise attitudes; self efficacy; physical activity; exercise beliefs; older adults, 8144
chronic musculoskeletal pain; group treatment; movement training; discussion groups; recognition, 8385
chronic neuropathic pain; spinal cord injury; quality of life, 19991
chronic noncancer pain; opioid therapy; long-term utility, 20494
chronic noncancer pain; treatment acceptance; patient attitudes; questionable treatment benefits; chronic pain treatment, 26512
chronic pain acceptance; diverse understandings; pain coping, 4884
chronic pain subgroups; personality correlates; neuroticism; extraversion; distressed patients; dysfunctional group; interpersonally distressed group; adaptive group, 35205
chronic pain; acceptance; behavioral contribution; distress; disability; anxiety; depression, 8596
chronic pain; aging; pain management; racial differences; Black Americans; White Americans; older adults; psychologic functioning; pain characteristics; pain disability; comorbidities, 22118
chronic pain; autoethnography; subjective experience; occupational therapists, 22836
chronic pain; back pain; physical activity; client adjustment; fear-avoidance beliefs; catastrophizing; patient beliefs; control appraisal, 26075
chronic pain; bilingual community; individual pain experiences; bilingual speakers, 6484
chronic pain; chronic pain coping inventory; reliability; validity; coping, 6261
chronic pain; clinical depression; comorbidiy; physician symptoms; psychological symptoms, 34776
chronic pain; clinical syndrome; pain, 8116
chronic pain; elderly persons; retirement communities; self-management group intervention; physical functioning; mood; depression, 17118
chronic pain; pain stimuli; sex differences; gonadotropic hormone; gonadal hormones; pain thresholds; pain circuits, 15709
chronic pain; painkilling drugs; sensory neurons; drug regimens; neruopathic pain; receptors, 32553
chronic pain; pharmacological management; pharmacotherapy; musculoskeletal pain; neuropathic pain; psychotropic agents; pain management, 20485
chronic pain; physical activity; treatment program; excessive fears; pain; work-specific fears; injury; disability, 13882
chronic pain; posttraumatic headache; psychosocial factors; mind-body dualism; pain severity; pain onset; head injury; traumatic brain injury, 29021
chronic pain; socio-demographic factors; primary health care; oral contraceptive; social class; prevalence, 29029
chronic pain; tongue pain; milnacipran; tricyclic antidepressants, 2300
chronic pain; women; victimization; child abuse; domestic abuse; New England; pain symptoms; depression, 1776
chronic pain; work-related absence; work performance; litigation, 16586
chronic pancreatitis; clinical benefit; pain management; pathogenesis; ketamine therapy; psychotomimetic disturbances; drug side-effects, 14279
chronic regional pain; quality of life; mental health; premorbid personality; parental rearing style; parental bonding, 29015
clinical pain management; acute pain; chronic pain; cancer pain, 5394
clinicians; chronic pain patients; opioids; drug dependence; addiction; tolerance; Liaison Committee on Pain and Addiction, 2295
cognitive appraisal; affect; catastrophizing; chronic pain; coping; cognitions; chronic pain patients, 11157
cognitive restructuring intervention; psychosocial interventions; chronic pain treatment; disabled persons, 32218
cognitive therapy; nerve blocks; antinociception trial; chronic head pain; chronic neck pain, 2269
cognitive therapy; nerve blocks; antinociception trial; chronic head pain; chronic neck pain, 2270
cystatin C; cerebrospinal fluid; biomarker; dorsal horn; obstetrical patients, 22830
depression; dysthymia; chronic pain; health care utilization; quality of care; arthritis; back pain; headache, 7815
depressive disorder; chronic pain; emotional symptoms; physical symptoms; serotonin; norepinephrine; antidepressants; neurodegeneration; neuroplasticity, 34758
depressive symptoms; anger; negative emotions; pain behavior; emotional congruence; female osteoarthritis patients; caregiving husbands, 1762
diary compliance improvement; reporting schedules; auditory signalling; diary protocol; diary entries; self-reported compliance; verified reporting compliance; chronic pain, 1752
doctor-patient relationships; communication process; chronic pain, 35197
dosing guidelines; controlled-release codeine; chronic noncancer pain; acetaminophen; codeine; pain intensity; pain related disability; adverse effects; acceptability; analgesic; opioids, 5456
early cognitive changes; cognitive therapy; late treatment pain; helplessness; catastrophizing; pain related anxiety; pain severity; interference; activity level; depression; chronic pain patients, 2030
emotional adjustment; chronic pain; behavior; role loss; self concept differentiation; identity; personal attributes; depression, 8128
emotional verbalization; health-related emotions; chronic pain patients; psychological adjustment; patient disclosure; interpersonal variables, 35187
facial pain; pontine infarction; ataxic hemiparesis; diabetes mellitus; Wallenberg's lateral medullary syndrome, 4945
factor structure; Coping Strategies Questionnaire; utilitarian version; CSQ24; chronic back pain, 145
fibromyalgia patient; psychometric evaluation; psychometric properties; chronic pain patients; pain-related fear; pain severity; pain vigilance and awareness questionnaire; chronic pain syndrome, 12489
health professionals; chronic pain; patient performance; knowledge tests; pain neurophysiology; patient ability; health training, 16619
health status; SF-36; chronic regional pain; chronic widespread pain; musculoskeletal pain; changes in pain status; prediction, 33588
heme oxygenase; chronic inflammatory pain; neuropathic pain; pain development; spinal cord; mice; strain differences, 21626
hypnosis; pain management; acute pain; chronic pain; cognitive-behavioural intervention; neurophysiology; relaxation; imagery, 32529
individual differences; mood; coping; chronic pain; rheumatoid arthritis, 26056
insomnia diagnosis; insomnia management; depression; elderly; sleep maintenance problems; chronic pain, 26020
interdisciplinary pain management program; rehabilitation clinic; chronic pain; patient functioning; analgesic drug elimination; pain; treatment outcome; cognitive behavioral therapy, 17122
low back pain; treatment efficacy; pain management; test instruments; assessments, 13875
malingered neurocognitive dysfunction; exaggerated pain reports; litigants; chronic pain; McGill Pain Questionnaire; Pain Disability Index; Modified Somatic Perception Questionnaire; test sensitivity, 6357
methadone; chronic neuropathic pain; pain management; central nervous system; peripheral nervous system; injury; levorphanol; analgesic effects, 5442
musculoskeletal pain; prevalence; pain consequences; health care utilization; sick leave; limitation in daily life; demographics; at risk populations; pain characteristics, 16623
musculoskeletal pain; selective attention; pain-related information; patients; fear of pain; anxiety sensitivity; painful sensation, 8120
neurocognitive performance; chronic pain patients; pain severity; psychological distress; attention; concentration; memory; reasoning, 19864
neuropathic pain; pathophysiological mechanisms; symptomatology; pain assessment; chronic pain; pain disorder classification; etiology, 16607
olanzapine; chronic pain; pain perception; pain control, 14265
opioid therapy patients; substance abuse; chronic pain; pain management, 29804
opioid therapy; chronic pain; history; dose; toxicity, 8605
oral transmucosal abuse; transdermal fentanyl as pain management; chronic nonmalignant pain; drug abuse potential, 31935
osteoarthritis patients; medical decision making; self assessment; hip replacement; pain; surgeons, 8612
pain catastrophizing; health indices; musculoskeletal pain; specialist consultation; medication use; work disability; absenteeism, 11170
pain catastrophizing; pain sensitivity; chronic pain patients; attentional focus; sensory effects; affective information; painful stimuli; cognitive factors, 26052
pain descriptor usage; ethnic differences; African Americans; European Americans; pain assessment data; chronic pain syndromes; factor analysis, 13860
pain management; chronic pain; health care access, 20462
pain pathoetiology; traumatic brain injury; chronic pain; central nervous system; neural mechanism; neural pathways; cranial tissues; referred pain; treatment side effects; iatrogenic pain; diagnosis, 29185
pain severity; abdominal pain; catastrophizing; major depression; irritable bowel syndrome; maladaptive beliefs, 26045
painful physical symptoms; major depression disorder; comorbid depression, 31719
painful temporomandibular disorders; pacinian corpuscles; orofacial region; vibratory analgesia; skin; pain, 14294
pathophysiology; chronic pain; hyperalgesia; C-fibres; erythromelalgia; allodynia, 22837
Persian Gulf War syndrome; chronic abdominal pain; gastrointestinal symptoms; diarrhea; visceral hypersensitivity; cutaneous hypersensitivity; veterans; psychological stress; pain sensitivity, 16592
post-traumatic stress disorder; chronic pain; chronic fatigue syndrome; Fibromyalgia; major depression disorder, 19281
post-traumatic stress disorder; white Americans; chronic pain management; psychologic functioning; black American adults; emotional health; pain disability; comorbidities, 17165
prediction; functional outcome; chronic pain; demographic factors; pain levels; psychological factors; readiness to change; pain management, 20436
prevalence; medicinal cannabis use; chronic non-cancer pain, 17206
psychometric properties; Coping Strategies Questionnaire; Cognitive Coping Strategies Inventory; chronic pain patients, 6363
rubefacients; salicylates; acute pain; chronic pain; placebo, 26500
sampling; measurement; self-reported pain; prevalence; Canada; chronic pain; age; sex, 4899
sciatic nerve injury; social behavioural disruptions; chronic pain syndrome; sleep disruptions; rats; allodynia/hyperalgesia, 21644
self hypnosis; osteopathy; neurolinguistic programming; exhaustion; stress; anxiety; physical pain; performing arts; ballet dancer, 20427
self-efficacy; pain-related disability; chronic pain; primary care; veterans, 8111
sleep deprivation; chronic pain; opioids; serotonin; pain, 18667
sleep; psychological characteristics; alpha-EEG sleep anomaly; chronic pain patients, 19861
social support; pain; coping; coping strategies; rheumatoid arthritis patients; pain severity, 35189
spinal cannabinoid receptors; chronic constriction sciatic nerve injury; neuropathic pain behavior; rats; peripheral nerve injury; hyperalgesia; cannabinoids, 6933
spinal cord stimulation; chronic complex pain; patient satisfaction; programmable internal pulse generator; dual electrodes, 17098
temporomandibular dysfunction pain; coping processes; momentary mood; dispositional coping styles, 29014
test development; Multidimensional Pain Readiness to Change Questionnaire; pain self-management; coping, 12516
traumatic brain injury; personality disorders; cognitive impairment; pain management; posttraumatic chronic pain; mood disorder; anxiety disorder; multidisciplinary pain management; comorbidity, 29213
treatment outcome; pain management; relapse prevention; substance abuse; chronic pain, 23092
tumor necrosis; primary sensory neurons; nerve injury; pain behavior; spinal nerve; electrophysiological responses; dorsal root ganglia; tactile allodynia, 21418
vagus nerve stimulation; migraines; chronic pain syndromes; antiepileptic drugs; intractable seizures, 35595
vagus nerve stimulation; migraines; chronic pain syndromes; antiepileptic drugs; intractable seizures, 35592
validity; rating scales; measurement; pain intensity; cerebral palsy; pain assessment; chronic pain, 21103
venlafaxine XR; norepinephrine reuptake inhibitor; premenstrual dysphoric disorder; chronic pelvic pain; physical symptoms; analgesic effects, 32546
voltage-gated sodium channels; hyperalgesia; chronic pain syndromes; neuronal hyperexcitability; sensory primary afferent neurons; neuropathic pain states, 24687
widespread pain; risk factor; temporomandibular disorder; dysfunctional pain; interference; disability, 22818
women's experiences; Korean American women; chronic pain; aging; osteoarthritis; disease symptom, 22801
written emotional disclosure; chronic pelvic pain; women; individual difference moderators; stress management, 19876

Chronic Pain—Books

Cognitive therapy with chronic pain patients, 2278

Chronic Pain—Chapters
Arthritis and the role of the physician in nonmalignant pain and disability, 5471
Evaluating pain patients involved in personal injury litigation, 6176
Links between traumatic family violence and chronic pain: Biopsychosocial pathways and treatment implications, 5154
Psychophysiological disorders, 2280
Chronic Psychosis—Serials
aripiprazole; relapse prevention; stabilized patients; chronic schizophrenia; efficacy; safety; tolerability; stable symptomatology, 2207
cannabis psychosis; dual diagnosis; causal factors; vulnerability; acute cannabis effects, 10985
cognitive-behaviour therapy; psychosis; anger; hallucinations; delusions; aggression, 20150
pseudoephedrine; drug dependency; schizophreniform psychosis, 10964
weight; metabolic parameters; clozapine; risperidone; olanzapine; quetiapine; chronic inpatients; schizophrenia; second-generation antipsychotics medications, 2180
Chronic Schizophrenia [See Schizophrenia]
Chronic Stress—Serials
social transformation; stressful life events; persistent crises; chronic stress; families; enmeshment; chaos; cohesion dimension; flexibility dimension; family life; family system functioning, 31349
stress; health; social dysfunction; somatic symptoms; coping behavior; job satisfaction; social support; Spanish women, 31671
Chronicity (Disorders)—Serials
anorexia nervosa; recovery; chronically ill; brain activity; food; emotional visual stimuli; neural substrates, 8092
chronic depression; transcranial magnetic stimulation; recurrent episodes; treatment effectiveness evaluation, 26454
educational intervention; therapeutic education; chronic diseases; knowledge certainty, 6352
health behavior intervention; chronic disease prevention; health behavior; Alameda county study; alcohol consumption; public health; health risk, 10628
hyperleptinemia; persistent partial posttraumatic stress disorder; earthquakes; postdisaster psychiatric symptoms; serum leptin; subsyndromal acute stress disorder, 16456
long-term treatment; selective serotonin reuptake inhibitors; posttraumatic stress disorder; psychiatric comorbidity; secondary prevention; treatments; PTSD prevention; chronicity; early intervention, 13587
memory functions; nonmemory functions; chronic epilepsy; cognition; temporal lobe epilepsy; surgically treated patients; medically treated patients, 11649
Minnesota Multiphasic Personality Inventory; psychological disorders; acute disorder; chronic disorder; infrequency scale, 21130
non-clinical depression; chronicity; positive words; negative word; free association; language contexts, 7664
parent-child relationship; parent-child interaction; psychosocial aspects; psychosomatic family; childhood diabetes type 1; chronic diseases, 35218
salivary cortisol concentrations; alcohol intoxication; chronic alcohol intoxication, 10961
self-care behavior; health status; optimistic beliefs; physical functioning; ill patients; symptom report; diabetes; multiple sclerosis; optimism, 19846
self-management education; patient education; self-management support; intervention; chronic conditions; health care costs; health status, 16884
sequential treatment; medication; cognitive behavioral therapy; chronic insomnia, 23108
support provision; functional disability; chronic impairment; disabled older adults, 18989
traditional behavioral couple therapy; integrative behavioral couple therapy; seriously distressed married couples; chronically distressed married couples; disorder severity, 17008
Vietnamese adults; chronic diseases; health behaviors; acculturation; depression; chronic disease prevention; intraethnic factors; locus of control, 2357
Chronicity (Disorders)—Chapters
The neuropsychology of chronic drug abuse, 16511
Orthostatic intolerance, 16667
Chunking—Serials
spatial proximity; spatial structure; serial-spatial memory; hierarchical organization; sequence reproduction; chunking, 30707
string length; repetition; chunking; digit strings; number processing; data entry, 30715
working memory capacity; constant capacity; immediate serial recall task; mental units; chunks; word associations, 33847
Churches [See Religious Buildings]
Cigarette Smoking [See Tobacco Smoking]
Circadian Rhythms (Animal) [See Animal Circadian Rhythms]
Circadian Rhythms (Human) [See Human Biological Rhythms]
Circulation (Blood) [See Blood Circulation]
Circulatory Disorders [See Cardiovascular Disorders]
Circumcision—Serials
circumcision; infant males; surgical operation; religious beliefs; social norms; ritual transmission; history; pseudorational beliefs, 31302
male circumcision; sociodemographic characteristics; HIV infection; sexual behaviour; ethnic group, 11670
Citalopram—Serials
adjunctive citalopram treatment; effectiveness; hallucinations; depersonalization symptoms; schizophrenia; olanzapine; drug interaction; safety; antipsychotic efficacy; depressive symptoms; serotonin, 29322
Alzheimer disease; citalopram; aberrant motor behaviors, 5458
anxiety sensitivity; serotonergic system; panic disorder; citalopram, 26422
cerebrospinal fluid; stereoselective metabolism; citalopram; plasma; depressive patients, 26409
chronic mild stress model; antidepressant-like effect; selective serotonin reuptake inhibitor; R-citalopram; escitalopram; rats; 5-HT; depression; interaction, 776
citalopram treatment; major depressive disorder; Hispanic HIV; AIDS patients, 23229
citalopram; acute dystonia; selective serotonin reuptake inhibitors; depression; suicidal ideation; marijuana use; alcohol use; extrapyramidal symptoms; side-effects, 11532
citalopram; bupropion-SR; treatment resistant depression; combining; switching; monotherapy; major depressive disorder, 23259
citalopram; guinea-pig atria; adenosine receptor; dose dependence; drug inhibition, 30999
citalopram; quality of life; lung transplant recipients; chronic obstructive pulmonary disease; mortality; anxiety; depression, 23298
citalopram; reboxetine; post-stroke depression; drug therapy; treatment effectiveness evaluation; selective serotonin reuptake inhibitor; noradrenaline reuptake inhibitor, 29371
citalopram; reboxetine; post-stroke depression; drug therapy; treatment effectiveness evaluation; selective serotonin reuptake inhibitor; noradrenaline reuptake inhibitor, 35566
citalopram; social anxiety disorder; neuroendocrine responses; behavioral responses; selective serotonin reuptake inhibitor, 25742
citalopram; worry; brain activation; generalized anxiety disorder, 32445
combined treatment; antidepressant treatment response; geriatric major depressive disorder; methylphenidate; citalopram; older patients, 11521
discriminative stimulus properties; antidepressant agents; drug discrimination techniques; rats; selective serotonin reuptake inhibitor; citalopram; reboxetine; noradrenaline reuptake inhibitor, 712
drug dosages; escitalopram; citalopram; treatment efficacy; major depressive disorder; severity; remission, 26387
drug therapy; citalopram; mania; obsessive compulsive disorder; depression; suicide attempt; catatonia; social phobia, 29369
dysthymic disorder; side-effects; social functioning; citalopram; drug tolerance; treatment effectiveness; temperament, 26377
escitalopram; citalopram; R enantiomer; serotonin reuptake inhibitory activity, 27937
escitalopram; human serotonin transporter; racemic citalopram; blood platelets; transport inhibition, 18787
Escitalopram; major depression management; anxiety disorders management; patients; RS-citalopram; pharmacology; major depressive disorder; treatment; antidepressant, 5361
escitalopram; panic disorder; citalopram; anxiolytic effects; outcomes, 11559
fenfluramine; citalopram; healthy adults; central nervous system; serotonin agonist; plasma prolactin, 30973
hepatoxicity; citalopram; liver damage; depression; side effect, 26393
intravenous antidepressant; antidepressant medications; clomipramine; citalopram, 17068
maintenance therapy; cutoff scores; validity; Montgomery-Asberg Depression Rating Scale; Hamilton Depression Rating Scale; Bech-Rafaelsen Melancholia Scale; major depression; citalopram; elderly, 9409
major depression; 5-HTTLPR polymorphism; remission; clinical response; serotonin transporter gene; non-remission predictor; citalopram treatment; depressed patients; symptom severity; genetic variate, 8479
major depression; body energy; citalopram; paroxetine; sertraline; fluoxetine; fatigue; listlessness, 32448
nonpsychotic major depressive disorder; Sequenced Treatment Alternatives to Relieve Depression; nonpsychotic outpatients; feasibility trial; citalopram, 20410
panic attacks; spontaneous ejaculation; social phobia; citalopram; clonazepam, 32437
R-citalopram; escitalopram-induced increases; 5-hydroxytryptophan neurotransmission; potentiation; corticosterone; serum concentration; behavioral changes; mice; rats, 13073
R-citalopram; escitalopram; rats; conditioned fear stress model; anxiety; serotonin reuptake inhibitory effect; R,S-citalopram; exploratory behavior, 777
repeated citalopram treatment; stress exposure; hypothalamic-pituitary-adrenocortical axis response; HPA; acute citalopram injection; antidepressant drugs; gene expression; neuropeptides; serotonin, 21881
selective serotonin reuptake inhibitor; citalopram; tianeptine; anxiety disorders; fear conditioning; chronic treatment; acute treatment; rats, 27862
serotonin modulation; cerebral glucose metabolism; normal aging; neuroendocrine; cerebral metabolic response; citalopram, 27892
serotonin syndrome; tramadol; citalopram; recurrent depressive disorder; selective serotonin reuptake inhibitors; fluoxetine; paroxetine; sertraline, 32458
single photon emission computed tomography; citalopram; selective serotonin reuptake inhibitor; posttraumatic stress disorder, 22596
Cities [See Urban Environments]
Citizen Participation [See Community Involvement]
Citizenship—Serials
active citizenship; childhood; child participation; social meaning; child playfulness; learning, 28108
citizens; administrators; discourse; bureaucratic experience; organizational rationality, 22133
citizenship behavior; team leadership; team commitment; perceived team support; team size; management teams; organizational change, 27106
citizenship education; curriculum developments; educational policy; economic rights; post apartheid South Africa, 17631
citizenship education; nation states; legitimacy; commitment, 16082
citizenship education; national identity; curriculum; democratic politics; peace process, 17672
citizenship education; teaching profession; ethical issues; high school; curriculum; evidence-based research, 33004
citizenship; citizenship education; psychological models; individual cognition; citizenship concepts, 31401
civic education; citizenship education; democratic oriented values; civil society; Israel; manage political processes; communalism; civil militarism, 17653
civic education; community service; American patriotism; political process; foreign policy; global interdependence; neo-liberalism, 16083
community leader perceptions; civic engagement; collective organizations; university interaction; leadership position; student assistance; experiential higher educational programs, 2687
consensus conference; genetic testing; citizenship; debate on biotechnology; learning process, 24641
democratic citizenship; local government; political attitudes; social attitudes; public perceptions; autonomy; government efficiency; citizen empowerment, 16189
discourse; section 28 repeal; equality conceptualizations; citizenship; heterosexuality; lesbian citizenship; gay citizenship, 27225
education; democratic citizenship; political changes; post war country; citizens empowerment; educational goals, 17674
hardiness; personality trait; organizational citizenship behavior; obedience; participation; loyalty; unionized employees, 7708
health promotion intervention; community health promotion; positive youth development; quality-of-life issues; social integration; youth empowerment, 22064
motive identity; role identity; volunteerism; prosocial behavior; functional identity; Organizational Citizenship Behavior, 30184
MSCEIT; ability-based measure; emotional intelligence; prediction; test validity; citizenship behavior; individual performance; group performance, 21113
New Labour; citizenship; bad citizen; ideological fantasy; good citizen; social perception; social cognition; consensual society; psychoanalysis, 1218
organizational citizenship; coworkers; fellow employee attitudes; supervisor abusiveness; satisfaction; employee attribution, 24004
psychological contract generalizability; China; Western culture; contract forms; organizational citizenship behavior; instrumentality mediation, 17824
psychotherapy; ethics; citizenship; human rights; therapeutic relationship; therapeutic practice; psychotherapists, 16925
public administration; deliberative democracy; Jurgen Habermas; citizens; state administration, 30114

racial boundaries; socioeconomic mobility; migrant labor; citizenship; family formation; land ownership, 34403
scandals; media; citizenship; media publicity; politicians, 28305
situational antecedents; organizational citizenship behavior; work exchange; structural equations; job characteristics; social exchange relationships; work exchange relationship; explanatory mechanism, 20943
social capital; citizenship education; divided societies; democratic citizenship; mutual cooperation; capital formation; civic engagement; quality of life; curriculum, 16098
transgender people; transgender citizenship; equality; feminism; sexuality, 34558
values structure; Arab university students; gender; citizenship, 19021
youth bulges; civic knowledge; civic participation; adolescence; large children populations; adult population; political activism, 34334
Civic Behavior [See Community Involvement]
Civil Law—Serials
civil law; criminal law; morality; moral theories; political society; retribution; Praise and Blame, 7300
divorced parents; financial support; childrens' college expenses; noncustodial parents; higher education; college support, 14917
militarisation; police practices; hyper-political space; impunity; anti-civillian tactics; transforming judicial machinery; militarised policies, 12424
posttraumatic stress disorder; legal compensability; psychological injuries; civil torts; law; mental health professionals; civil litigation, 25741
sexually violent predators; civil commitment; interrater reliability' risk assessment; likelihood of reoffense, 33553
Civil Law—Chapters
Risk management for psychotherapists: Avoiding the pitfalls, 5821
Civil Rights [See Also Client Rights, Equal Education]—Serials
anti-discrimination laws; coalition building; electoral organizing; civil rights law; sexual orientation; gay rights; gay rights organizations; political coalitions, 28327
attribution style; public policy attitudes; gay rights; homosexuality; etiological beliefs, 28367
Brown v. Board of Education; racial decisions; segregation; desegregation; resegregation; supreme court eras; racial decisions; African American children, 36531
civil partnership; same-sex couples; marriage rights; civil union; lesbian partnership; gay partnership; partnership legislation, 28355
democracy; women's suffrage; voting rights, 7574
federal district court; decision making; religious expression; public forum, 33417
guerilla life; armed forces; traumatic experiences; sexual exploitation; patriarchial practices; adolescent girls; combat exposure; child abuse; International Humanitarian Law, 7498
homosexuality rights; Black homophobia; Black-White attitudinal differences; homosexuality; sodomy laws; gay civil liberties; AIDS; African-American community; employment discrimination, 22262
individualized treatment protocol; pretrial forensic inpatients; patients competency restoration; competency; deficit focused remediation; legal rights education, 8422
individualized treatment protocol; pretrial forensic inpatients; patients competency restoration; competency; deficit focused remediation; legal rights education, 8405
Individuals with Disabilities Education Act; Section 504; IDEA 1997; discipline; legal processes; educational settings; homebound; students with disabilities, 2838
intercountry adoption; international adoption; social justice consideration; children rights; United States; adoptive families; UN Convention on Rights of the Child, 4236
Iraq war; Psychologists for Social Responsibility; military action; social responsibility; nonviolent strategies; Saddam Hussein; peace movement; military force; civil rights, 7509
learning disability; labels; civil rights; inclusion; equality; learning patterns; educational & social systems; medical model; flexible curricula; diagnosis, 28930
legal recognition; same-sex ceremonies; equal rights; gay; lesbian; bisexualism; transgender; taxation; immigration; healthcare; same-sex marriage, 28349
Miranda rights; juvenile offenders; false confessions; capacity to confess; special education; IQ; age, 9306
movement; legislation; lesbian; gay; bisexual; transgender; community; lesbian rights; gay rights, 28182
parental rights cases; parental right termination; child maltreatment; juvenile court; risk factors; demographic variables, 31862
religious Americans; racial profiling attitudes; nonreligious individuals; moral demands; terrorist attacks; Arab Americans; Muslim Americans; morality, 28174
sex offender; federal district court; double jeopardy clause; ex post facto clause; rights violation; Antonio Montalvo, 9294
sex offender; self-incrimination; prison inmates; sex offender treatment program; maximum security setting; Warden McKune; involuntary treatment, 9295
social justice; lesbian; gay; bisexual; transgenders; communities; civil rights, 30328
social services; Latino families; Spanish language services; language access; Latino civil rights; private child welfare; public child welfare; foster care; family preservation; human services, 5624
state psychiatric hospital; constitutional rights; medical malpractice; Michigan department; mental health; civil rights; Eugene Terrance; Everett Terrance; hyperthermia; death, 9292
Civil Rights Movement—Serials
Brown vs Board of Education; scientific attack; psychological knowledge; psychology & civil rights movement; psychological experts; psychology & society, 36529
disabled individuals; Disability Rights Movement; history; disabled attitudes; leaders, 3099
Civil Servants [See Government Personnel]
Class Attitudes [See Socioeconomic Class Attitudes]
Class Size—Serials
class size; first grade; academic performance; social performance; observed classroom processes; instructional support; emotional support; teacher social skills, 33151
Classical Conditioning [See Also Conditioned Emotional Responses, Conditioned Responses, Eyelid Conditioning, Higher Order Conditioning, Unconditioned Responses]—Serials
alcohol preferring rats; Pavlovian fear conditioning; freezing; aversive learning, 3457
antibody response; single trial conditioning paradigm; protein antigen; saccharin; early gene c-fos expression; insular cortex; rats, 33977
anticipatory behavior; Pavlovian paradigm; Pavlovian-to-Instrumental Transfer; rats; appetitive conditioned responding; conditioned stimulus; unconditioned stimulus, 33943
associative learning; chimpanzee fetus; long-lasting memory; vibroacoustic stimulation; classical conditioning, 18455
associative strength; representations; conditional discriminations; conditional learning; Pavlovian conditioning, 18450
asymmetrical retention; asymmetrical training; feature-present matching; feature-absent matching; initially trained sample; retention; matching task; single-code-default strategy; Silver King pigeons, 9708
c-fos activation patterns; immunoreactivity; rats; prefrontal cortex; cues; classical conditioning; associative learning, 6811
C57BL/6J mice; cocaine; conditioned drug effects; Pavlovian conditioning; contextual sensitization; US-CS pairings; number of drug-context pairings; conditioned responses; extinction; testing context, 3944
cerebellum; classical fear conditioning; goldfish; classical heart rate conditioning; emotional learning, 30890
cholesterol; classical conditioning; rabbit; nictitating membrane; learning; memory; beta amyloid, 6983
classical conditioning procedure; bumble bees; olfactory processing; odorants; proboscis extension; linalool; phenylacetaldehyde; discriminative task, 27622
classical conditioning; animal feeding behavior; behavioral conditioning; conditioned stimulus; tactile stimulation; neural pathways; snails, 6954
classical conditioning; histamine; diazepam; stress; bronchial asthma; guinea pigs, 15758
classical conditioning; insulin; classical conditionability; glucose injections; blood glucose; conditioned stimulus, 24770
cognition; classical conditioning; operant conditioning; mental representations; cognitive involvement, 18336
conditioned fear; fear memory generalisation; inbred mice; Pavlovian fear conditioning; defensive behavior; stress; anxiety; training intensity; stimuli salience; emotional sensitisation, 30771
conditioned fear; fear memory generalisation; inbred mice; Pavlovian fear conditioning; defensive behavior; stress; anxiety; training intensity; stimuli salience; emotional sensitisation, 3481
conditioned stimulus-unconditioned stimulus intervals; defensive behavior system; Norway rat; Pavlovian fear conditioning; reinforcement, 467
conditioned stimulus; unconditioned stimulus; reciprocal relationship; Pavlovian conditioning; positive contingent stimulus; contingency sensitivity; trial marker; associative explanations; rats, 27626
contextual conditioning; conditioned stimulus; learning; age-related differences; infant rats; adult rats, 9755
dominance hierarchies; food competition; strategies; animal foraging; Green Anoles; Firemouth Cichlids; food signal; food anticipation, 33962
galantamine; acetylcholine; cognition; aging; brain damage; acquisition; retention; trace conditioned eyeblink; young rabbits; female rabbits; Pavlovian conditioning, 15809
glucocorticoid receptor agonist; Pavlovian appetitive conditioning; outcome-specific associations; dexamethasone; Pavlovian associations; rewards; sensory information; motivation, 7281
hippocampal theta activity; acquisition rate; online brain-computer interface; classical conditioning; eyeblink trace conditioning; learning rate; hippocampal response; rabbits; hippocampal plasticity, 18452
implicit self-esteem; classical conditioning; computer game; self-relevant information; smiling faces, 25317
impulsivity; central nervous system; Pavlovian tasks; 5-HT depletion; rats; dihydroxytryptamine, 27957
in vitro conditioning; aplysia; operant conditioning; classical conditioning; neuronal processes; learning, 33918
infant classical eyeblink conditioning; premature birth; associative learning, 31152
instrumental conditioning; tactile stimulus; classical conditioning; unconditioned stimulus; learning; neuronal reactions; painful stimulus; mollusk, 9895
latent inhibition; autoshaping performance; nonreinforced preexposure; Pavlovian conditioning, 33917
latent inhibition; signal value; unconditioned stimulus; attenuated conditioning; conditioned stimulus, 33926
latent learning; context preexposure; conditioned fear; shock; rats; N-Methyl-D-Aspartate receptor antagonist; NMDA; incidental learning; Pavlovian context conditioning; D,L-2-amino-5-phosphovalerate, 13082
learning; arbitrary conditioned stimulus; ecological conditioned stimuli; sexual conditioning; unconditioned stimulus; pavlovian conditioning, 27612
learning; conditioned reinforcement; second order conditioning; AMPA receptor; glutamate receptor 1 subunit; amygdala; long term potentiation; motivated behavior, 21636
lever pressing acquisition; cocaine; self administration; Pavlovian conditioning; environmental stimuli; cues; mice, 7190
long-lasting depression; excitatory synapses; mice; medial prefrontal cortex; fear conditioning; extinction; synaptic plasticity, 6680
mean rate; unconditioned stimuli; interval distribution; conditioned stimuli; linear combination; temporal learning; cs duration; food cup, 27620
negative priming; occasion setting; Pavlovian procedure; rats; visual stimuli, 478
nicotine; Pavlovian appetitive conditioning; rats; visual cues; rewarding outcome; conditional stimulus; naloxone, 30996
opioid receptor antagonist; naloxone; compound conditioning; association formation; fear; auditory conditioned stimuli; Pavlovian association formation; rats; contextual conditioned stimuli, 12866
opioid receptors; extinction; Pavlovian fear conditioning; rats; naloxone; conditioned stimulus; unconditioned stimulus, 7229
overexpectation; response loss; sustained stimulus compounding; rabbits; nictitating response; conditioned stimuli, 33931
partial reinforcement extinction effect; continuous reinforcement; unconditioned stimulus; conditioned response; conditioned stimulus; nonreinforced trials; reinforced groups; appetitive conditioning, 27616
Pavlovian autoshaping procedures; rat brain; lever-press autoshaping conditioned response performance; omission training, 6996
Pavlovian backward conditioning; outcome specificity; instrumental transfer; learning retardation; conditioned inhibition, 9760
Pavlovian conditioning, backward masking; visual masking; subliminal perception; consciousness; unconscious learning; detection threshold; identification threshold; skin conductance response, 21387
Pavlovian conditioning; associative processes; clasical conditioning, 33937
Pavlovian conditioning; central nervous system; Hermissenda crassicornis; neural circuits; cellular mechanisms; molecular mechanisms; associative learning; associative memory, 24564
Pavlovian conditioning; dyspneic suffocation fear; carbon dioxide concentration; behavioral freezing; analgesia; unconditioned stimulus intensity; panic disorder; conditioned response, 659
Pavlovian conditioning; human sexual deviations; sexual arousal; sexual behavior; empirical findings; theories; empirical methodology, 33904
Pavlovian conditioning; information approach; evolutionary integration; trends; information-seeking; operant conditioning; preexposure; sensory preconditioning; exposure learning, 33940
Pavlovian conditioning; pigeons; conditioned stimulus; unconditioned stimulus; unconditioned response, 6674

Classical Conditioning—Serials

Pavlovian conditioning; theoretical perspectives; empirical relationships; learning theories; theory testing; empirical laws; basic learning, 33921
Pavlovian processes; simultaneous discriminations; associative process; Pavlovian conditioning; discriminative stimuli, 33947
placebo effect models; placebo effect mediation; learning; classical conditioning procedures; verbal information; expectancy theory; conscious cognition; conscious expectancies, 12556
placebo effect models; placebo effect mediation; learning; classical conditioning procedures; verbal information; expectancy theory; conscious cognition; conscious expectancies, 12567
placebo effect models; placebo effect mediation; learning; classical conditioning procedures; verbal information; expectancy theory; conscious cognition; conscious expectancies, 12566
placebo effects; classical conditioning; immune system function; etiology; expectations, 12565
posttraining reinforcer devaluation; associative learning; Pavlovian-instrumental transfer; instrumental training, 18454
proactive interference; cues; first-order Pavlovian conditioning; extinction; rats, 461
rabbit nictitating membrane response; conditioning specific reflex modification; unconditioned stimulus intensity; classical conditioning, 482
receptor density; associative learning; rabbits; frontal cortex; 5-HT receptor; classical conditioning; LSD; Lysergic acid diethylamide; Bromolysergic acid diethylamide; MDL 11,939, 21848
Rescorla-Wagner model; learning theory; Pavlovian conditioning; interactive simulation, 30013
retraining; initial training; associative change; rats; pigeons; extinction; reinforcement; Pavlovian conditioning, 481
safety signals; avoidance learning; classical conditioning; inhibition; summation tests; retardation tests; licking suppression, 24561
second-order conditioning; second order autoshaping; conditioned stimulus response; excitatory association; conditioned response; associative learning; sensory information; SOP model; pigeons, 9776
sequential feature negative discriminations; simultaneous feature negative discriminations; elemental learning; human Pavlovian conditioning; occasion setting, 24483
stimulus compounds; human Pavlovian conditioning; skin conductance conditioning; elemental processing; configural processing; associative learning, 33867
superconditioning; irrelevant conditioned stimuli; discrimination learning; reinforcement; rats, 18467
temporally massed conditional stimulus presentations; fear extinction; spaced presentations; mice, 464
threat; attention capture; attention holding; aversive conditioning; visual cues; response latencies, 33661
trial spacing; classical conditioning; memory priming; appetitive conditioning; conditioned stimulus; reinforced trials; nonreinforced trials; unconditoned stimulus; short-term memory; rats, 27636
ventral medial prefrontal cortex; emotional perseveration; memory; extinction training; fear conditioning; rats; brain lesions, 6808
withdrawal symptoms; drug effects; drug onset cues; intra-administration associations; morphine; rats, 10024
withdrawal symptoms; drug effects; drug onset cues; intra-administration associations; morphine; rats, 9958
withdrawal symptoms; drug effects; drug onset cues; intra-administration associations; morphine; rats, 9957
withdrawal symptoms; drug effects; drug onset cues; intra-administration associations; morphine; rats, 9951
withdrawal symptoms; drug effects; drug onset cues; intra-administration associations; morphine; rats, 10023
withdrawal symptoms; drug effects; drug onset cues; intra-administration associations; morphine; rats, 10046

Classification (Cognitive Process)—Serials

abstraction levels; orangutans; categorization; natural concept formation, 12744
age differences; infant category learning; stimulus features; familiarization; attention; cascade correlation, 24979
age; developmental improvement; conceptual implicit memory; category exemplar generation priming; kindergarten students; elementary school students; categorical-relational encoding; category knowledge, 18931
Alzheimer's disease; verbal fluency; item output; aging, 20048
artificial grammar classification; visual feature learning; exemplar specific knowledge, 18373
artificial syntactic violations; Broca region; grammaticality classification task; consonant strings; brain regions; language processing, 24702
attention; math; students; attention deficit; problem solving; elementary education students; categorizing, 19754
attitude measures; attitude-behavior relations; categorization; attitude measurement; implicit measures, 9407
automatic evaluation; social exemplars; category membership; prior learning; memory retrieval; stored evaluations; social group membership; ingroup outgroup, 13446
basal ganglia; category learning; Parkinson's disease; memory; learning strategies, 32183
basic-level categories; classification; right hemisphere; left hemisphere; hemispheric specialization; visual field; object identification, 3664
basic-level categorization; visual similarity; category specificity; living things; non-living things; pictorial stimuli; computational measure; neural networks; humans, 9265
basic-level category discrimination; concepts; infancy; categorization; object examination task; cognitive development; familiarization, 924
bottom-up processing; infant development; cognitive development; category learning; visual recognition, 31146
brain electrophysiological activity; object categorization; visual processing, 34089
categorial expert systems; hierarchical categorization; categorical representation; approximate reasoning; associative memory, 30311
categorical perception; discrimination task; speech sounds; stimuli discrimnation; phoneme classification, 30636
categorical spatial judgments; comparative spatial judgments; Rhesus monkey; spatial cognition; midline; vertical dimension; high; low, 24543
categorization abilities; category learning; exclusive-or relations; generalization; task complexity; rote learning; rhesus monkeys, 30776
categorization asymmetry; infants; humans; nonhuman animals; perceptual cues; head; body; global gestalt information; familiarization/novelty-preference, 22040
categorization models; general recognition theory; categorization behavior; exemplar-based models; stimulus classification; assignment probabilities; rule-based prediction; generalized context model, 12669
categorization strategies; complex perceptual categorization; category membership; exemplar model; unified model; knowledge partitioning, 30746
categorization; aging; inhibitory deficit; young adults; elderly; response time, 31168
categorization; face recollection; ethnically ambiguous faces; ethnic features; memory distortion, 9705
categorization; grouping; similarity; cognition; musical structure; music theory; perceived derivation; cue abstraction, 12654
categorization; sequence effects; tones; frequency; stimulus magnitudes, 12708
categorization; vowel length; German; poor spellers; phonological distinction; orthography, 4108
category activation; outgroup members; situational sources; perceived group variability; situational cues; stereotyping, 4354
category information; inferences; ambiguous behavior; young children, 31149
category knowledge; category learning; diagnostic information; classification learning; inference learning; classification learning, 9643
category learning; cognitive neuroscience; sensory neocortex; perceptual representation; lateral prefrontal structures; anterior prefrontal structures; neostriatum; category exemplar, 12851
category learning; SUSTAIN; network model; surprising event; category construction, 18006
category membership; category coherence; object categories; causal knowledge; property induction, 12665
category membership; sequential effects; stimulus category; range effects; sequential dependencies; sequence effects; reaction times; magnitude judgment, 33816
category norms; ad hoc categories; normative data; latencies; generational stability; Battig and Montague norms, 18233
category norms; item response; item categories; cognition; aging; American adults; Chinese adults; group differences; similarity measures; cultural groups; cross-referenced verbal stimuli; ranked data, 34302
category number; rule-based category learning; information-integration category learning, 9720
category representations; subordinate-level categorization; visual preference procedures; infants, 31175
category specific deficits; Alzheimer's disease; picture naming; ceiling effects; control groups, 8269
category test; perseveration; memory scale; loss of cognitive set; executive functioning measures; head injury; schizophrenia; test validity, 193
category-based induction; conclusion typicality, 33793
category-related response patterns to faces vs houses vs chairs in occipital vs temporal cortex, adults, 572
category-specificity; naming impairment; visuo-verbal disconnection; neuroanatomy; semantics; brain lesions, 11250
causal information; categorization; illusion of explanatory depth; pattern tracking; divison of cognitive labor; children; adults, 3356

Classification (Cognitive Process)—Serials

causal interpretation; temporal association; causal cues; young children; sorting task; action task; temporal association; perceptual prominence; early childhood, 930
causal model theory; conceptual representation; categorization; causal knowledge; category features, 382
causal relationships; category members; causal knowledge; category features; causal-model theory, 381
centrality hypothesis; dependency structures; artifact categories; target concepts; property projection, 18327
classification rules; Bayesian feature selection approach; genetic algorithm; Bayesian network; subset selection task; logical rules; data sets; Markov blanket; data-mining application, 3069
cognitive organization; human body representation; object representation; visual stimuli; experience, 24369
color; texture; scene classification; visual form agnosia; object perception; neuroimaging, 32187
conceptual categories; critical analyses; partial response; research essays; long standing, 33011
conceptual development; infant category learning; adult category learning; perceptual development, 24949
conceptual organization; Alzheimer's Dementia; Alzheimer's Disease; semantic memory; Chinese patients; categorization, 4965
conceptual organization; script categories; taxonomic categories; evaluative categories; foods, 18933
conceptual representation; different perspectives, 3355
consumer perceptions; meaningful response categories; specific product attributes; rating scales, 21210
correlated attributes; human infants; novel category exemplars, 18909
cross-cultural similarities; mental structures; categorization; English language; North American culture; universality, 33826
crossed categorization; differentiation outcomes; intergroup bias; simultaneous testing; social category; race; gender; relationship status; hometown size; categorization; simple condition, 28411
data cleaning; classifier system; text data; information retrieval; document corpora; online data; automatic domain-specific summarization; text corpora; classification systems, 3073
death thoughts; ingroup; unconscious defense mechanism; priming; categorization-latency; terror management theory; social identification phenomena; stereotypical judgments, 31470
decision tree; training set; running time; data sets; test data; Naive Bayesian classifier; NB; algorithm; Selective Bayesian classifier; SBC; Augmented Bayesian classifier, 3072
distinctive features; correlation; conceptual structure; conceptual system; dissociation, 12663
distributed learning; classification accuracy; learning capabilities; neural systems; category proliferation; Fuzzy ARTMAP; winner-take-all architecture; FasArt; dART-MAP; neuro-fuzzy systems, 9275
dominance hierarchy; hierarchical classification; individual rank; kinship; baboons, 6692
English words processing; Japanese university students; distracting word; inhibition; word categorization; ignored words, 34222
episodic learning; category specific agnosia; object recognition; recall, 11233
error classification methods; aviation; human error; safety, 14866
ethnic face categorization; terrorist attacks; cultural fixation; Jewish faces; non-Jewish faces; facial perception, 12668
event related potentials; grammar; semantics; online semantic & grammatical gender categorization; noun pairs; release vs hold, 7080
exemplar model; prototype model; attentional allocation; category learning; response rule flexibility, 397
explicit learning; procedural learning; perceptual category learning; category learning systems; dual system theory; competition between verbal and implicit systems, 24547
face classification; face recognition; gender classification; facial expression; face identity; age; attractiveness; visual noise; information estimations, 21339
false prototype enhancement; dot pattern categorization; information representation, 30584
forgiveness; memory; prototype structure; cognition; meaningfulness; centrality; categorization, 25364
four month old infants; infant perception; animal categorization; body part importance; novelty preference, 22047
frequent frames; cue; word patterns; sentences; grammatical categories; child directed speech, 4051
functional magnetic resonance; causal modeling; object category; occipital cortex; visual cortex; anatomical constraints; neuronal interactions; differential effects; parietal regions, 600
generalized feedforward neural networks; pattern classification & regression; shunting inhibition; generalized shunting neuron; perceptron, 9260

genetic algorithms; classification tasks; pattern recognition; symbolic learning; real-world data; structural rule extraction; Structural Galois Lattice; machine learning; real-world data sets, 3066
group entitativity; comparison; categories; perception, 24463
hemisphericity; left brain; sorting; higher education; career selection; line bisection; Best Hand Test; groups, 604
herpes simplex encephalitis; category-specific naming; temporal lobectomy; stimulus parameters; living vs nonliving stimuli; visual perception; fluency; name picture mapping; semantics; neuroanatomy, 1809
human kinship; psychology of kinship; terminology; cross-cultural variation; kin classification; social cognition; social rank; group membership; innate schemas of genealogical distance, 1073
human kinship; psychology of kinship; terminology; kin classification; social cognition; schemas; Optimality Theory; language, 1072
Implicit Association Test; categorization; concept association; affective valence; racial stereotypes, 25298
incentive effect; preparation time; classification accuracy; traumatic brain injury; task performance; memory tests, 33582
inclusion; group member attitudes; out group; ingroup; relative prototypicality; superordinate category, 28412
induction algorithms; decision trees; data mining; association rules, 30307
infant categorization development; connectionist modeling; concept acquisition; infant cognition, 24940
infant categorization; simple connectionist networks; developmental connectionist models, 24985
infants; categorical representation formation; familiarization, 34293
information integration; category learning; aging effects; quantitative model, 15947
information; category; generalization; logical structure; label, 31533
knowledge transfer; consumers; analogy; categorization; relational similarity; relational inference; attribute inference; features processing; consumer research; consumer memory; structure mapping, 9166
language & categorization; animal; human; artifact; infants; preschool children, 4098
letter-by-letter reading; Saffran effect; implicit word recognition; alexia; word representations; reading systems; word categorization, 20010
levels-of-processing; word recognition; schizophrenia; classification; semantic processing, 7893
lexical access processes; language production; grammatical category information; syntactic construction; noun phrase; picture word interference; word class effects; semantic processing, 18349
matching stimuli; same-class elements; different-class elements; discriminative properties; match-to-sample tasks; equivalence-equivalence, 15284
McGurk effect; automaticity assessment; audiovisual speech integration; speeded classification task, 24376
memorization; strategies; classification; categories; 5-4 category; performance; category advantage; learning, 18313
memory strategy; second grade students; self efficay task; word organizing; categories; memory enhancement; trained students; performance level prediction; student predictions; qualitative data, 12118
mental lexicons; taxonomic organization; deaf students; hearing students; lexical organization; word knowledge; world knowledge; literacy skills, 35347
mere acceptance effects; Implicit Association Test; categorization; attitude; affect, 24453
metaknowledge; metacognitive processes; long-term memory; natural categories; semantic memory, 24482
multidimensional rules; unidimensional rules; event-related potentials; declarative memory; rule instruction; categorization; physiological correlates, 30716
naming; category concept generation; older adults; dementia; lexical access; word retrieval, 29129
negative priming; repetition priming; selective attention; semantic categorization; attentional instructions; stimulus duration; stimulus onset asynchrony; temporal presentation, 446
neural correlates; categorical representations; cortical areas; sensory processing; neural mechanisms; non-human primate brain; sensory inputs; motor output; stimulus-response associations, 15549
neural timing; visual implicit categorization; visual category-specific activations; categorization dynamics; visual perception, 3796
nonalignable differences; alignable differences; structural alignment theory of similarity; contextual constraints; difference judgments; similarity judgment, 30714
nongeometric object information; visuospatial memory; cognitive development; age differences; spatial organization; categorization; spatial learning, 914
nonmetric multidimensional scaling; hierarchical cluster analysis; Strong Interest Inventory; classification system; occupational structure, 30111
object concepts; objects parts; action; part-generation task, 12632
online behavior recategorization; dispositional inferences; behavior categorization corrections; video corrections; contextual influence, 1226
organizational function; visual memory; schizophrenia; bipolar psychosis; Rey-Osterrierth Complex Figure; duration of illness, 4572
orientation channels; striate cortex; distributed categorization process; visual cortex neurophysiology; spatial frequency, 24391
part-set cuing effects; age differences; category exemplars; recall; younger adults; older adults, 15968
payoff matrix; linear transformations; mutiplication; addition; long run gains vs losses; category discriminability; base rate; decision criterion learning; perceptual categorization, 378
perceptual categorization; organizational processes; complex visual patterns; perceptual system; knowledge access; cognitive system; infants; learning, 10203
perceptual priming; semantic categorization; repetition; written priming; spoken priming; pictures; orthography; phonology, 408
personality; categorization; emotions, 25380
phonological developmental dyslexia; phonetic categorical perception; neural substrates; adults; fMRI; functional magnetic resonance imaging, 8075
pigeons; item-specific information; category-level information; categorization; human faces; abstraction levels; visual discrimination, 475
police officer bias; psychological profiling merit; technique perception; belief degrees; non-police replication; author label, 30342
poor readers; semantic processing; categorization tasks; visual event-related potentials; reading disabled children, 1715
positive mood; cognitive flexibility; task requirement; categorization ability, 6621
prior knowledge sources; category learning; unexpected information; Baywatch model; critical stimulus features congruency; incongruent features, 30719
probabilistic classification learning; prefrontal cortex; electrical stimulation; neural excitability; memory processes; implicit learning, 6923
probability matching; accuracy maximization; optimal classifier; perceptual categorization, 18256
product category; product similarity judgments; product category distance; product variation; brands, 17933
prototype model; exemplars; classification; category structure, 24460
pure alexia; letter-by-letter reading; covert reading; lexical decision; semantic categorization; Stroop interference, 20021
radial basis function neural networks; nonlinear Fisher discrimination; Neyman-Pearson classification; clustering; linear discriminant analysis; classification problems, 9263
reasoning styles; differential language effects; European Americans; Bilingual Chinese; culture; testing language; categorization; cross-cultural research; English language; Chinese language, 27998
repetition priming; identification-production hypothesis; age differences; production priming; identification priming; stimulus identification; classification processes; semantic classification, 15977
representational capacity; object-based attention; chunking; perceptual grouping; infants, 13173
reward allocation decisions & behaviors; employee categorization criteria; Chinese managers, 36301
rhesus macaques; Macaca mulatta; categorization; conspecifics; dominance relations; social behavior, 9744
schizophreniform disorder; visual learning; visual memory; cognitive impairment; executive functions; psychomotor speed; category learning functions; decision making; uncertainty, 19461
semantic knowledge; Alzheimers disease; specific-category effect; semantic priming, 20034
semantic organization; verbal memory efficiency; schizophrenia; free recall task, 19427
semantic relevance; semantic disorders; concept representation; semantic memory; models; category specificity, 18261
similarity measures; categorization models; geometric distance, 30546
similarity-based model; induction task; categorization task; young children; linguistic labels; perceptual information; similarity judgment; recognition memory tasks; artificial labels; real labels, 22044
social class categorizations; prejudice; racial groups; ethnic groups; racial stereotyping, 31463
speeded categorization; reaction times; typicality information; categories; natural concepts, 392
stimulus onset asynchrony; occupational stereotypes; speeded classification; category verification; classification tasks; anticipatory control; racial stereotypes, 18346
stimulus properties; category construction; stimulus classification; similarity grouping; sorting; family resemblance, 12652
task performance; latent class analysis; holistic-to-analytic-shift theory; perceptual classification; rule use; age-related changes, 34292
task switching; hierarchical task structure; task repetition benefit, 18339
technical aspects; cognitive aspects; social processes; jazz improvisation; cognitive linguistics; categorization, 31023
theoretical differences; developmental stages; uncorrelated stimuli; computational models; attention; correlation detection; infants, 24990
theories of categorization; psychological essentialism; minimalism; beliefs about causal laws, 3377
theories; categorization; category learning; classical theories; prototype theories; exemplar theories; knowledge-based theories; implicit learning; explicit learning, 3302
understanding; symbolic processing; infants; toy model-real exemplar relations; categorization; conceptual development; lexical development, 13216
visual categorization; inferior temporal cortex; stimulus features; feature representation; macaque monkeys; visual neurons, 12885
visual encoding learning; reading fluency; letter recognition; fixated text images; connectionist model; Encoder, 27551
visual information; neural representation; classification objects; human visual system; generative models; ideal observer analysis; classification image techniques, 21287
visual object processing; categorization experiments; perceptual categorization; object representation; infant categorization, 24989
visual object processing; semantic categories; ecological pictures, 27472
visual processing; acquisition speed; global feature classification; global information; local feature classification; humans; pigeons; visual stimuli, 24544
visual processing; natural scenes; rapid categorization; image recognition; event related potentials; bottom up and top down processing, 21569
visual similarity; object recognition; surface characteristics; edge information; line drawings; greyscale drawings; naming; categorization; living things; nonliving things; agnosia, 6583
visual stimuli; visual search; spatiotemporal segregation; segmentation; selection; parietal lesions, 30616
Wittgensteinian evaluative criteria; quantitative theory; categorization; ambiguity; logical rigor; simplicity; dynamics, 24550
word identification; cognitive processes; English as second language; semantic category judgment; phonology; orthography; alphabet; Korean; Chinese; writing system differences; script transfer, 30698
word identification; cognitive processes; English as second language; semantic category judgment; phonology; orthography; alphabet; Korean; Chinese; writing system differences, 30694
workplace identity; office decor; corporate office environment; social categorizations; employee status; employee distinctiveness; management prototypes; top-down processes; bottom-up processes, 14722

Classification (Cognitive Process)—Chapters

Disorganization theory and disorganizational behavior: Towards an etiology of messes, 6052
The size of context effects in social judgment, 4409

Classification Systems [See Taxonomies]

Classroom Behavior—Serials

academic assignments; task difficulty; challenge level; disruptive behavior; behavioral assessment; function based intervention; preferred activity; classroom behavior; acceptibility rating, 12133
academic competence; persistence; success; positive psychology; behavioral skill instruction, 12228
autism; classroom behavior; alternative seating; teacher opinion; therapy balls; classroom instruction, 36226
behavior change; token economy effectiveness; change perception; problematic classroom behavior; treatment acceptability; child behavior; preschool children; contingency management, 26298
Bully Busters; psychoeducational intervention; bully prevention program; middle school students; bully intervention skills; teachers' self-efficacy; students' classroom bullying behaviors, 33086
educational contexts; primary classroom; classroom interaction; classroom dialog; teachers; pupils; computerised system; Classroom Interaction System; primary school, 17743
emotional difficulties; behavioural difficulties; pupil behavior; classes; mainstream comprehensive school, 23933

individual differences; fraction skills; mathematical knowledge; conceptual knowledge; simple arithmetic; working memory; on task classroom behavior, 7384
interactive peer play; classroom competence; Head Start children; emotion regulation; autonomy; language development, 17727
intrarater reliability; rating scales; emotional or behavioral disorders; students; classroom behaviors; functional behavior assessment, 136
learning intelligence; mother tongue; mathematics; children perception; best pupil, 26939
ordinary conversational topics; second language forms; classroom discourse cohesion; grammar instruction; latency gaps; remedy sequences, 30066
parenting behavior; goal orientation; classroom behavior; school success; early adolescence; secondary school students, 2781
persistent poverty; contextual risk; child behavior; elementary school; family adversity, 18946
preschool competencies; early academic success; approaches to learning; classroom competencies; behavioral problems; childhood development; ecological considerations, 26932
psychopharmacology; school behavioral management; disruptive behavior; attention deficit hyperactivity disorder; learning disorders; bipolar disorder; mood disorder, 23290
response cards; classroom instruction; student learning; teaching method; student participation; quiz scores; university students, 23825
school attachment; dependent child; classroom behavior; learning perspective; teaching perspective; educational practice; emotional well being; educational opportunity; resilience potential, 5925
student perceptions; ideal teacher; typical teacher; professor personal characteristics; course design; course policies; classroom behavior, 33160
students attitudes; teachers perceptions; teacher burnout; disruptive classroom behaviour; teachers competence, 26877
system based strategies; conflict management; collaborative concept mapping; computer mapping; students attitude; students interaction, 26889
systematic direct observation; behavioral observation; generalizability theory; variance; interobserver agreement, 30493
teacher-pupil interaction; classroom dynamics; educational development; social development; teacher behavior; teacher practices; empathetic teachers; non-empathetic teachers; uncommitted teachers, 30047

Classroom Behavior Modification—Serials

anger logs; anger log use; In Control; classroom-based curriculum; aggressive behavior; anger management; emotional disorders; behavioral disorders; middle school students, 5941
antisocial behavior; behavior alteration techniques; student resistance; instructor-student relationship, 36193
class management; managers; comparison methods; teacher practices; student behavior; school contexts; students, 17625
Coping Power program; classroom intervention; aggressive children; substance use; delinquency; school-based aggressive behavior; cognitive behavioral intervention, 20857
differential reinforcement; DRO schedules; disruptive behavior; preschool children; token reinforcement, 5923
disruptive behavior; self-monitoring; conduct problems; classroom behavior; behavior problems; adult feedback, 23176
group contingency classwide intervention; Anchor the Boat; behavioral expectations; fourth & fifth grade students; learning support classroom, 20876
Level System; whole-class token economy; teacher skill coaching; preschool classroom; disruptive behavior; Child-Directed Interaction; Parent-Directed Interaction; Parent-Child Interaction Therapy, 17728
positive psychology; behavior management strategies; externalizing disorders; students; optimism; negativity, 12197
sensory integration difficulty; art therapy; classroom behaviors; academic performance; behavior modification, 32502

Classroom Discipline—Serials

Individuals with Disabilities Education Act; Section 504; IDEA 1997; discipline; legal processes; educational settings; homebound; students with disabilities, 2838
Individuals with Educational Disabilities Act; student discipline; emotional or behavioral disorders; functional behavioral assessment; evaluation expectations; intervention plans; advocacy, 30091
office discipline referrals; school behavioral climate; school behavioral interventions, 29947
self-efficacy beliefs; teaching attitude; discipline; teaching practice; teacher priorities, 36136
student teachers; perceived seriousness; management of problem behaviors; undesirable behaviors; student discipline; teacher gender; pupil gender; teaching experience, 14673
time-out assignments; emotional disorders; behavioral disorders; self-contained classroom; disciplinary sanctions, 28817

Classroom Environment—Serials

academic achievement; academic functioning; classroom environment; learning behaviors; school psychology; student engagement; bullying; Cognitive Abilities Scale, 23773
aggression norms; classroom-level measure; return potential; social learning; age differences, 25814
child caregiver relationships; program practices; caregiver stability; caregiver behavior; attachment security; life circumstances; classroom climates, 4187
class management; managers; comparison methods; teacher practices; student behavior; school contexts; students, 17625
Classroom Assessment Scoring System; educational quality; prekindgergarten; classroom environments; teaching practices; emotional elements; instructional elements; teacher-child interaction, 30495
classroom ecology; physical education; middle school education; misbehavior; teacher perspective; student perspective, 23921
classroom environment; peer relations; student aggression; behavior problems; aggression; academic achievement, 23751
classroom environments; pedagogical aspects; subject matter; cross-cultural comparison; student's perceptions; English; mathematics; science; history; geography; French, 9029
classroom goal orientation; high school classrooms; teacher beliefs; classroom environments; teaching; learning; instructional practices, 29932
classroom life; greek children; children drawings; pedagogic style, 8997
co-operative conflict resolution; aircraft self-separation; classroom environment; Airborne Separation Assurance System; safety, 21028
cognitive developmental; reading achievement; elementary school children; reading ability; classroom environment; age differences, 17699
cognitive performance; social atmosphere; communication; motivation; health aspects; laptop classrooms; strain, 26912
collaboration; speech-language pathologists; communication skills training; delivery challenges; school programs; inclusion; group treatment; classroom teachers; academic success; social success, 26985
college classroom; subjective experiences; scientific discussion; scientific discourse; explicit discussion; student opinions, 17736
competition; achievement motivation; Chinese classrooms; Chinese students, 26927
Constructivist Learning Environment Survey; classroom learning environments; preservice teachers; inservice teachers; validity; reliability, 30494
conversational floor; conceptualization; classroom activities, 33163
critical race theory; CRT; educational researchers; educational settings; alternative methods; personal lives; white racism; academic performance; social justice, 23752
developmental disabilities; inclusive classrooms; elementary school; student interaction; special education; teacher instruction, 26957
deviant identities; non-deviant identities; social processes; school environment, 30068
educational contexts; primary classroom; classroom interaction; classroom dialog; teachers; pupils; computerised system; Classroom Interaction System; primary school, 17743
elementary in-service teachers; computer use; elementary classrooms; technology; learning, 12134
ESL students; ideological conflict; learning environment; English-as-a-second-language; ESL; classroom practices; educational theory; Canadian senior public school; language ideologies, 23915
gifted student; classroom observations; literacy environment; classroom teacher; learning, 2853
inquiry folk theories; preservice teachers; atheoretical scientific method; science education; teachers; classroom practice, 30025
interactive whole class teaching; National Literacy Strategy; NLS; discourse styles; primary teachers; computerised observation; cognitive engagement; classroom pedagogy; professional development, 17636
language development; social competence; preschoolers; inclusive classes; segregated classes; disabilities, 2845
learning environment; Cultural Learning Environment Questionnaire; teacher trainees; culturally sensitive factors; test validity; test reliability; psychometrics, 33591
learning outcomes; monitoring device; teaching aid; learning aid; classroom realities, 12121
literacy; classroom cultures; literacy curriculum; economic capital; social capital; cultural capital; pedagogic discourse; classroom learning; school success, 36182
multicultural education; race consciousness; white privilege; teacher preparation programs; public school teaching; academic performance; classroom practices; white teachers; fair play; students, 23797
multilevel statistical model use; social work intervention research; intra-class clustering; classrooms, 27425
mutual acculturation; social categorization; intergroup bias; interracial classrooms; ethnic identity, 31239
personal epistemology; classroom contexts; college students; instructional practices; student interpretations, 20853
physical education; classroom motivational climate; student attitudes; individual goal orientations; intrinsic motivation; physical self-concept; exercise intentions, 20864
profound & multiple disability; behavior states; transitional probabilities; social; communication, 26974
prosocial & antisocial behavior, academic achievement, family & classroom social environment, peer interactions, 12176
school improvement; school effects; special needs; class effects; primary schooling; literacy attainment, 17714
school-related stress; school class support climate; health complaints; psychosocial school environment; 8th graders, 12186
science classrooms; shared perceptions; classroom learning environment; motivation; learning environment; achievement; high school, 5912
secondary classrooms; co-teaching; collaborative teaching; general educators; special educators; education standards; high stakes testing, 5855
self-efficacy beliefs; teaching attitude; discipline; teaching practice; teacher priorities, 36136
smaller classes; instructional practices; 1st grade teachers; class size, 9000
social behaviors; children; peer acceptance; classroom norms; social context model; prosocial leadership; aggression; social withdrawal; gender; middle school students, 33158
social competence; emotional problems; behavioral problems; first graders, family effects; school influence; classroom ecologies; peer prosocial behaviors; victimization, 26959
student perceptions; classroom goal structure; adaptive learning; early adolescence; grade transitions; mastery goal structure; performance goal structure, 5916
student perceptions; college students; help seeking behavior; classroom achievement goal structure; distinct approach; avoidance patterns; personal achievement goals, 36188
student prefernces; future educators; reading; teacher performance; classroom environment; teaching; lessons; fiction books; genre preference, 5858
teacher discourse; sixth graders; achievement behaviors; mathematics class; classroom motivational context; student autonomy; student motivation, 17680
teacher feedback; intrinsic motivation; perceived learning environment; physical education; middle school students; motivation inventory; perceived challenge; competitiveness perception; sense of self, 9027
teachers attitude; classroom learning environment; special education; mainstreaming; student attitudes, 36060
validity; response-to-instruction model; reading disabilities; individual differences; instructional context; reading ability; phonology; behavior; instructional responsiveness; first & second graders, 12222

Classroom Environment—Chapters

Building a pedagogical model for synchronous distance learning courses, 2762
Differences in predictors of online and classroom performance, 2802

Classroom Instruction [See Teaching]

Classroom Management [See Also Classroom Discipline]—Serials

urban teachers; classroom management strategies; culturally responsive teaching; teacher education programs, 36042

Classrooms—Serials

academic self-handicapping; academic achievement; cultural differences; classroom performance; goals; classroom goal structures, 23894
childhood play behavior; early childhood education; classroom curriculum, 30028
classroom environments; pedagogical aspects; subject matter; cross-cultural comparison; student's perceptions; English; mathematics; science; history; geography; French, 9029
classroom teaching; student learning; pedagogy; theory-practice gap; educational research, 36063

computer algebra systems; mathematical classrooms; self-regulated learning, 17650
culturally responsive teaching; oral language comprehension, 29968
curriculum; local culture; classroom culture; teachers; transformative practices; learning sciences; teacher's pedagogical values; students' goals; teachers' goals, 2752
deviant identities; non-deviant identities; social processes; school environment, 30068
educational reform; eidetic stance; knowledge; empathy; classroom, 14629
elementary school children; attention-deficit/hyperactivity problems; oppositional defiant; conduct problems; disruptive behavior problems; classroom intervention trial; developmental trajectories, 30067
formative classroom assessment; cooperative groups; Vygotsky; random assignment; group discussion; student attitudes; testing methods, 222
gender comparison; classroom activity centers; cooperative play; children cooperation, 13217
gender stereotypes; classroom; gender equity; teacher training; teachers, 30057
improving learning; deployment of teaching assistants; teamwork; primary classrooms; team organisation; room management; zoning; reflective teamwork; teachers; models, 12087
inclusive schools; inclusive education; special needs, 29978
instructor credibility; college student; in-class communication; out-of-class communication, 36062
intergenerational programs; classroom activities; intergenerational activities, 29933
mathematics scores; mathematics lessons; attribution retraining instruction; second-grade classroom; elementary education, 29989
pre-service teachers; elementary school classroom; mathematics; calculators; Heideggerian perspective, 17610
private speech; developmental stability; preschool classroom; naturalistic observations; goal-directed behavior; individual differences; 4-year-olds, 949
problem behavior; classroom functional analysis; negative reinforcement; teacher attention; task difficulty; aversive stimuli; demand context, 1606
psychoanalysis; evil; classroom; debates; Othello; psychic meanings, 13110
psychometric characteristics; classroom achievement tests; large-scale assessments; Direct Borderline standard-setting method; Nedelsky; Hofstee; Ebel; passing scores, 18177
Silicon Valley; Scotland; students; teachers; computers in classroom; home computers; frequency of use; information technology in schools, 5852
single-gender classrooms; coeducation; underachievement; students; human sex differences, 30008
social functioning; first grade; family factors; child care factors; first-grade classrooms; achievement, 18968
students perceptions; urban classroom; language practices; literacy practices; tactical underlife; urban teacher, 36054
teachers beliefs; incidental focus; classroom practices; communicative lessons; observed behaviors, 36072
time-out assignments; emotional disorders; behavioral disorders; self-contained classroom; disciplinary sanctions, 28817
trained teachers; classroom; teacher education courses; teacher's concepts; teacher role; professional identity, 33029

Classrooms—Chapters

Encouraging innovation: Planning and evaluating technology programs, 2768

Claustrophobia—Serials

emotional processing; distraction; claustrophobic fear; in vivo exposure; fear activation, 31827
psychoanalytic sessions; eating disorders; claustrophobia; agoraphobia; phobias, 32388
psychoanalytic sessions; eating disorders; claustrophobia; agoraphobia; phobias; alcoholism; tobacco addiction, 32381
psychoanalytic sessions; eating disorders; claustrophobia; agoraphobia; phobias; alcoholism; tobacco addiction, 32389
psychoanalytic sessions; eating disorders; claustrophobia; agoraphobia; phobias; alcoholism; tobacco addiction, 32399
psychoanalytic sessions; eating disorders; claustrophobia; agoraphobia; phobias; alcoholism; tobacco addiction, 32398
safety-seeking behaviors; fear reduction; deleterious effects; perceived safety aid availability; threat-relevant safety behaviors; safety-behavior utilization; claustrophobic fear, 29289

Cleft Palate—Serials

abnormal tongue-palate contact; disordered lingual articulation; speech; cleft palate; electropalatographic data, 26037
breast-feeding; babies; cleft lip; cleft palate; sugar intake, 4848
cleft palate; speech production abilities; speech development; children; palatal surgery; consonant inventories; canonical babbling ratios; characteristics; early developing sounds, 5431
compensatory articulatory behaviors; adolescents; cleft palate; speech, 26040
congenital malformations; psychomotor development; mental development; cleft lip; child development, 16635
early infant jaw orthopaedics; early speech production; unilateral cleft lip; unilateral cleft palate; infant orthopaedics, 26498
emotion self-regulation strategies; preschool-aged children; orofacial clefts; adjustment; behavior problems; cleft lip and palate; isolated cleft palate; parenting stress; psychological problems, 979
nonverbal behavior; cleft lip; cleft palate; CLP; interpersonal communication; woman; patients, 16583
orthognathic surgery; speech; breathing; acoustic nasalance; velopharyngeal function; nasal cross-sectional area; nasal patency; cleft palate; cleft lip; rhinomanometry; nose; maxilla; mandible, 5463
perceived social support; social support; mothers; cleft lipped children; cleft palated children; maternal depression, 16626
phonetics; phonology; speech production; cleft lip; cleft palate, 26041
phonological development; unilateral cleft lip & palate; toddlers; infant orthopedics; treatment; phonological skills; acquired consonants; nasal escape, 5434
presurgery speech measures; early postsurgery performance; speech; language outcomes; cleft palate, 26485
reading disabilities; children; developmental dyslexia; cleft lip; cleft palate; naming; verbal expression; phonemic awareness, 16625
single-word intelligibility; repaired cleft palate speakers; test construction; Cantonese speakers, 26074
unilateral cleft lip; motion analysis system; lip movement;objective measurement; facial appearance; subjective assessment, 17200

Clergy [See Also Chaplains, Ministers (Religion), Priests]—Serials

alcohol problems; advice; screening; problem drinkers; screening; alcohol abuse; clergy; alcoholism, 32499
bishops; ethical considerations; clergy abuse crisis; Roman Catholic clergy sexual abuse; ethical decision making, 35005
boundaries; boundary related stress; clergy families; coping resources; quality of life, 12292
campus ministers; collaborative relationship; college counseling center personnel; referral; mental health services, 23940
caregiver care; pastoral care; clergywomen; work demands; personal stressors; professional stressors; coping strategies, 26463
child sexual abuse; clergy sexual abuse crisis; forensic psychiatrists; mental health experts; forensic consultation; consultant roles; catholic clergy, 6210
clergy abuse; attachment theory; sexual abuse; emotional well-being; spiritual well-being; attachment style, 25830
clergy affairs; infidelity behavior; sexual misconduct; protestant ministers; emotional investment; affair partners; marital dissatisfaction, 34463
clergy congregation mismatches; clergy; job satisfaction; conservatism; liberalism, 29913
clergy personality; stable extraverts; collaborative ministry, 34670
compassion fatigue; burnout; clergy; religious leaders; September 11th terrorist attacks; volunteers, 7522
domestic violence; religious organizations; pastoral counseling; family violence; female victims; perpetrators, 29430
personality; mortality; old age; Catholic clergy members, 25112
personality; rural ministry; introversion, 34671
religion; anxiety; Anglican clergy; sex differences, 25136
sexual misconduct; clergy; Episcopal Church; sexual abuse, 25837
sexual misconduct; clergy; spirituality; sexuality; omnipotence; narcissistism; Christianity; Catholicism, 25782
social issue; clinical psychology; psychological perspective; clergy abuse; Catholic church, 34978
spirituality; burnout; personality; clergy, 25135

Client Abuse [See Patient Abuse]

Client Attitudes [See Also Client Satisfaction]—Serials

advanced cancer; alternative treatments; client beliefs; cancer curability; will to live; quality of life, 13898
alcohol withdrawal symptoms; client suggestibility; client compliance, 26720
allergic rhinitis; budesonide aqueous nasal spray; fluticasone propionate nasal spray; sensory attributes; patient preferences; starting dose, 8641
alternative medical consultation; pateints attitude; general practioners; primary care; telephone consulting; electronic mail, 35765
amyotrophic lateral sclerosis; augmentative and alternative communication technology; patient acceptance, 26120
antecedent events; behavioral noncompliance; outpatient clinic; task novelty; task preference, 32691
Antidepressant Compliance Questionnaire; patients attitudes; patients beliefs; depression; antidepressants; test development, 30439
antipsychotic medication; client attitudes; illness attitudes; professional carers; schizophrenia; compliance; mental health professionals, 26419
antipsychotic medications; treatment compliance; treatment attitudes; schizophrenia, 20274
asthma patients; medicine information needs; chronic illness; patient perspective; medicine effectiveness, 32105
athlete perspectives; sport psychology consultation; sport experiences; personal issues; stigma; openness, 14804
behavioral intentions; physical exercise; orthopedic rehabilitation patients; patient beliefs, 35851
Behavioural Family Therapy; family experiences; family intervention; mental health problems, 26300
benzodiazepine hypnotics; long term use; older patients; attitudes, 26379
benzodiazepine use; benzodiazepine users; patient attitudes; length of use; drug taking, 17445
bipolar disorder; unipolar depression; dysfunctional attitudes; patients, 22501
breast cancer patient; quality of life; patient attitudes; confidant reports; caregivers, 29078
breast cancer patients; ontological health model; suffering; meaning, 8177
breast cancer patients; patient perceptions; health beliefs; clinical studies participation, 29062
breast cancer; patient-physician interactions; patient perceptions; communicative success; physician collaboration, 35240
cancer diagnosis; patient preferences; prognosis; family, 13902
chaos; deterministic queueing model; sustained oscillation; mode locking; quasi-periodic behavior; service rate; queue length; customer decision; quality of service; demand; customer perception, 3020
chemotherapy-induced alopecia; treatment side-effects; hair loss; patient attitudes; coping behavior, 35650
child health nurse expectations; Sweden; infants; first-time mothers, 23724
childhood sexual abuse; adult female survivors; treatment effectiveness perceptions; trauma symptoms; eye movement desensitization & reprocessing; eclectic therapy, 35403
chronic illness; patient attitudes; diagnosis search; personal meaning; allopathic diagnosis; patient experience; explanatory needs; aging; symptoms; thumb pain, 32537
chronic illness; patient attitudes; diagnosis search; personal meaning; allopathic diagnosis; complementary health care; patient experience; explanatory needs; aging; symptoms; thumb pain, 32542
chronic illness; patient attitudes; diagnosis search; personal meaning; allopathic diagnosis; complementary health care; patient experience; explanatory needs; aging; symptoms; thumb pain, 32570
chronic noncancer pain; treatment acceptance; patient attitudes; questionable treatment benefits; chronic pain treatment, 26512
chronic pain; back pain; physical activity; client adjustment; fear-avoidance beliefs; catastrophizing; patient beliefs; control appraisal, 26075
clents perceptions; self-disclosure; psychotherapy; therapeutic relationship, 29245
client attitudes; Alcoholics Anonymous; medication usage; emotional problems; alcohol abuse; outpatient alcohol treatment; client perceptions, 32807
client experience; counseling; psychotherapy; pre-counseling feelings; initial counseling experience; perceptions at end of therapy; client satisfaction, 23127
client perceptions; prison-based therapeutic community; drug rehabilitation programs, 29801
client perceptions; staff perceptions; community mental health center; residential facility; psychiatric ward, 32631
clients physician selection; client preferences; physician characteristics; race; sex; racial diversity; interpersonal qualities, 11332
clinical service delivery barriers; walk-in family therapy; single session focus; operating perspective; client motivational readiness for change, 11431
clinical trial treatments; new treatments; treatment preferences; standard treatment; patient beliefs, 29531
cognitive processes; alcoholics anonymous; change experience; self-help groups; belief systems; recovery; drug abuse, 8852
collaborative treatment; treatment providers; client attitudes; professionals role, 35715

comforting messages; emotional change; emotional state; helper competence; help recipient judgments; emotional support; person centeredness; nonverbal immediacy; immediate helpers, 26464
community mental health nurses; client perceptions; hearing voices; nursing response, 32633
community preference; general practitioners; patient preferences; primary care; out of hours care, 23524

science; scientism; professional responsibility; professional service; scientific knowledge, 26852
science; scientism; professional responsibility; professional service; scientific knowledge; empirically validated treatment, 32966
social construction; clinical psychology; child psychology; adolescent psychology, 22406
social issue; clinical psychology; psychological perspective; clergy abuse; Catholic church, 34978
technological developments; clinical psychology; psychotherapy; computer, 16909
technological developments; clinical psychology; psychotherapy; technical applications, 16910

Clinical Psychology [See Also Medical Psychology]—Books

Handbook of research methods in clinical psychology, 15162
Lesbian identity and contemporary psychotherapy: A framework for clinical practice, 11394

Clinical Psychology [See Also Medical Psychology]—Chapters

Addressing validity concerns in clinical psychology research, 14966
Adult experimental psychopathology [with vignette by Anne K. Jacobs], 16373
Ethical considerations in clinical psychology research, 17565
Investigating professional issues in clinical psychology [with vignette by Anne K. Jacobs], 15169
Positive clinical psychology, 16374
Research in ethnic minority communities: Cultural diversity issues in clinical psychology [with vignette by Anne K. Jacobs], 16963
Research in prevention and promotion [with vignette by Anne K. Jacobs], 17279
Research methodology and clinical psychology: An overview, 15168
Structural equation modeling in clinical psychology research, 15145

Clinical Psychology Graduate Training [See Also Clinical Psychology Internship]—Serials

accredited doctoral programs; professional psychology, 14571
Americans with Disability Act; ADA accommodation; therapists; disabilities; clinical training; mental health professionals; administration procedures, 2684
Arthur L. Kovacs; life achievement; gold medal award; psychology practice; professional school movement; statutory recognition; insurance reimbursement; professional psychology training, 29833
Association of American Medical Colleges; academic health centers; medical school psychologists; partnering model, 26813
behavioral clinical psychology programs; doctoral training programs; sexual orientation; bisexuality; homosexuality; lesbianism; student perspectives, 12012
character requirements; professional fitness; clinical training director survey; training programs; psychological fitness; clinical training; licensing boards; moral character, 32912
clinical experience; psychodynamic model; clinical framework; training placement; personal therapy; therapy service; training course; brief therapy; open space, 5776
clinical psychology; doctoral programs; scholarship, 26817
clinical psychology; professional practice; Examination for Professional Practice in Psychology; graduate scores; national licensing exam, 32929
clinicians competence; professional training; professional education; professional psychology, 26795
distributed learning; distance education; online learning; collaborative problem solving; educational opportunity; computer-based learning; graduate training; pedagogy model; competency-based outcomes, 32924
humanistic; integrative; psychology; graduate; training; postmodern; constructive; existential, 2814
international students; professional psychology programs; training and supervision; acculturation; role ambiguity; multicultural discussions, 23707
predoctoral curriculum; clinical psychology graduate training; psychopharmacology training; models, 20735

primary care psychology; family medicine; primary healthcare, 26800
professional psychology training; professional psychology student; graduate student selection; interrater reliability, 35986
professional psychology; academic health center; professional identity; credentialing & privileging; professional autonomy, 26822
professional psychology; professional competency; training confernece; psychology training, 26801
psychology training; developing countries; investment strategies; students; faculty awareness; intentional mentoring; facilitated launching; professional psychologists, 23705
PsyD programs; PsyD practitioner training; clinical psychology; theoretical orientations; university departments; admission rates; financial assistance; program characteristics, 32918
student attitudes; significant impairment; impaired students; peers; psychology students; clinical psychology training programs; formal standards; impaired student accommodation, 20700
trainee impairment; impairment frequency; impairment type; management; clinical psychology doctoral programs; school psychology; counseling psychology; internships; prevalence, 12081
written communication skills; medical school graduates; psychometrics; patient note; graduate training, 27261

Clinical Psychology Internship—Serials

doctoral school psychology internships; non-school settings; internship site; doctoral students; internship directors, 8930
practicum supervision; internship; positive attitude; content knowledge; ethics; free labor; counseling programs, 17508
prescription authority; prescription privileges; training director attitudes; workplace experiences; internship program; internship setting; attitudinal factors; survey findings; survey variability, 32870
primary care; clinical psychology interns; training programs; behavioral health care; interdisciplinary team; predoctoral internship, 5766
psychology internships; internship research training; predictive validity; scales; test reliability, 17523
psychology trainees; independent practice; training director attitudes; trainee readiness; supervisory hours; examinations; postdoctoral fellowships; predoctoral internships, 32923
supervisor identification; supervisor intervention; impaired trainees; trainee incompetence; psychology internships, 20692

Clinical Psychology Internship—Chapters

Navigating the internship application process, 2650
Predoctoral internship: The APPIC computer match, 2644

Clinical Supervision [See Professional Supervision]

Clinical Trials—Serials

breast cancer; decision making; adjuvant cancer therapy; randomised clinical trials; trial participation, 33642
cancer incidence; cancer clinical trials; racial disparities; gender; ethnic disparities; age; breast cancer; colon cancer; lung cancer; prostate cancer; therapeutic trials; trial particiaption, 24347
clinical trial treatments; new treatments; treatment preferences; standard treatment; patient beliefs, 29531
clinical trials; antidepressant medications; depression severity, 5328
clinical trials; treatment efficacy research; Communication Sciences and Disorders Clinical Trials Research Group; evaluation and treatment of communication disorders, 32822
collateral health effects; medical care; social networks; clinical trials; health care delivery, 35726
drug actions; clinical trials; clinical efficacy; risperidone monotherapy; mania; antipsychotic drugs; schizophrenia; selective serotonin reuptake inhibitors, 32477
empirically supported therapies; psychotherapy; alternative methodologies; intervention strategies; meta-analytic studies; treatment efficacy; randomized controlled trials; empirical status, 27433
empirically supported therapies; psychotherapy; alternative methodologies; intervention strategies; meta-analytic studies; treatment efficacy; randomized controlled trials; empirical status, 27415
empirically supported therapies; psychotherapy; alternative methodologies; intervention strategies; meta-analytic studies; treatment efficacy; randomized controlled trials; empirical status, 27434
empirically supported therapies; psychotherapy; alternative methodologies; intervention strategies; meta-analytic studies; treatment efficacy; randomized controlled trials; empirical status, 27399
empirically supported therapies; psychotherapy; alternative methodologies; intervention strategies; meta-analytic studies; treatment efficacy; randomized controlled trials; empirical status, 27412
language bias; neuroscience; internal medicine; randomized controlled trials; published results; significance of findings, 32877
mental health research; mental health practice; psychiatric trials; mental health interventions, 29677
multisite clinical trials; National Institute of Mental Health; methodologies, 3279
parental participation; informed consent; randomized clinical trials; childhood leukemia; physician communication; ethics, 33627
patient attrition; treatment non-compliance; secondary stroke prevention; subject discontinuation; voluntary withdrawal; follow-up loss; clinical trials, 29471
population thinking; adjunct; substance abuse; syringe exchange programs; injecting heroin users; HIV; clinical trial, 29222
randomised controlled trials; ethnicity; data reporting; cross country comparison, 30567
randomized clinical trials; health care settings; dysphagia; treatment outcomes; Protocol 201; aspiration pneumonia, 30563
research ethics; evidence based medicine; randomized clinical trials; cost effectiveness; funding, 32979
statistical considerations; composite scores; health-related quality-of-life; randomized trials, 26550
treatment evaluation; mood disorders; antidepressant treatments; randomised controlled trials, 25588
treatment evaluation; mood disorders; antidepressant treatments; randomised controlled trials, 25564

Clinical Trials—Chapters

The Influence of Design Variables on the Results of Controlled Clinical Trials on Antidepressants: A Meta-Analysis, 303

Clinicians—Serials

alliance formation; patient needs; clinicians; patients suffering, 20151
antipsychotic polypharmacy; conventional antipsychotics; antipsychotic medications; drug prescription; treatment outcomes; drug combinations, 26433
assessment practices; children; adolescents; research findings importance; professional factors influencing assessment; assessment decision making, 20161
assessment; violence; patient management; clinical setting; risk factors; early warning signs; short-term prediction; prevention; interventions, 32863
athletic trainers; health services; student athlete; university health service; intercollegiate athletics; medical record keeping; primary care physician; medical care; training services, 23949
attachment phenomena; clinical evaluation; attachment behavior; clinical work; diagnosis, 31647
attachment-based psychoanalytic psychotherapy; clinicians; conflicts resolving, 29272
caregiver burden; dementia patients; clinician perspectives; caregiver perspectives; caregiver-clinician congruence; clinical impressions; caregiver mood state; functioning, 26671
child behavior checklist; personality pathology; clinical judgment; test reliability; test validity; assessment, 9413
client birth order; clinical judgment; family experiences; judgment bias; clinicians attitudes, 26845
clinical decision-making; clinicians; mental health referral; telephone access centers, 20545
clinical judgment; speech-language intervention; speech-language therapy; treatment approaches; therapy approach; experimenter & natural history & placebo & Hawthorne & Pygmalion effect, 17476
clinical judgment; speech-language intervention; speech-language therapy; treatment approaches; therapy approach, 17474
clinical outcomes; outcomes assessment system; professional ethics; business ethics; organizational ethics; managed behavioral healthcare organizations, 29669
clinical practices; evidence-based practices; addiction treatment; clinicians, 29800
clinician beliefs; dementia care; health educators; Alzheimer's disease; continuing education; clinician practices, 26841
clinician experiences; mentoring; family centered assessment; relationship based treatment; family therapy casebook; professional development; medical family therapy, 32365
clinician perceptions; violence risk; forensic outpatients; clinical decision making; violence risk assessment; treatment motivation; psychiatric institutional treatment, 25848
clinicians competence; professional training; professional education; professional psychology, 26795
clinicians; patients; treatment; privelege; disenfranchised; disadvantaged, 14596
computerized assessment; treatment guidelines; bipolar disorder; patients; bipolar disorder; clinician adherence, 18122
conduct disorder; clinician diagnoses; Diagnostic Interview Schedule for Children; test validity, 30448
consultant psychiatrists; medical directors; professional practice; general psychiatry vacancy; locums, 8920
contemporary relevance; psychodynamic practice; psychoanalytic theory; psychodynamic therapy; short-term treatment, 5160
dynamic psychotherapy; time limits; psychodynamic clinicians; therapeutic alliance, 26261
electronic memory devices; traumatic brain injury rehabilitation; clinicians' confidence; clinician training, 35852
evidence-based practice; clinician/researcher relationship; schools; barriers reduction; clinical practice; research work; information transfer; speech-language pathologists, 14580
family research; family therapy; practice; clinical knowledge; integration, 2060
fibromyalgia research; clinical impressions; physicians, 19883
fiduciary relationship; confidentiality; patients privacy; clinician-patient relationship; information disclosure, 36020
forensic psychology; psychologists; field contributions; training; behavior impact; psychology and law, 21041
hearing disorders; tinnitus; assessment; treatment; masking approach; audiology clinics; tinnitus retraining therapy; evaluation process, 1948
hearing disorders; tinnitus; clinical management; tinnitus retraining therapy; clinicians guide; patient treatment; initial interview, 1926
hearing disorders; tinnitus; treatment; tinnitus masking; tinnitus retraining therapy, 1927
humanistic; integrative; psychology; graduate; training; postmodern; constructive; existential, 2814
informed uncertainties; treatment effects; clinicians response; patients response, 26202
Lena Norman; psychotherapy; psychoanalysis; clinician, 35920
medical diagnosis bias; clinicians; diagnostic accuracy; comprehensive feature lists; expertise level, 20695
medical education video; knowledge; attitude; interpersonal violence; patients; continuing medical education videotape; educational programs, 12026
medium secure psychiatric care; healthcare access; admission decision-making; professional insights; clinicians attitudes, 30332
mental health clinicians; addiction clinicians; clinicians' attributions; blame; control; model, 8948
metabolic disorders; metabolic abnormalities; practical management; schizophrenia; type 2 diabetes; clinicians, 23341
mothers; filicide; suicide; psychiatric motive; classification system; stalking; threats; harassing behavior; STHB; psychiatric patients; clinicians safety, 7737
overweight clinicians; patient attitudes; confidence in clinicians; clinician body mass, 14299
patient sex; sex role; diagnosis of antisocial personality disorder; diagnostic bias; clinician sex role; gender bias, 25188
persistent mental illness; advance directives; adult outpatients; decision support system; peer support; decision making; clinician support; treatment planning, 32667
personal account; clinical training; educator; family therapy; psychiatric training, 5754
personality disorder; personality descriptions; personality difficulties; personality functioning; five-factor model, 28796
pharmacotherapy; depression; public mental health services; clinicians, 32424
professional ethics; value judgments; continuing professional education; clinicians; medical education, 32886
psychological treatment; regular psychotherapy; Internet applications; communication tools; therapist contact; social support; Internet; behavioral treatment; computer applications; clinicians, 14075
psychotherapy; psychotherapists; clinicians; occupational difficulties; discomfort; bewilderment, 2596
PsyD programs; PsyD practitioner training; clinical psychology; theoretical orientations; university departments; admission rates; financial assistance; program characteristics, 32918
recovery; treatment; clinicians; self-esteem; dreams; pride; choice; dignity, 8847
relational psychoanalysis; psychotherapy research; clinical theory; therapeutic alliance, 20256
risk assessment; violence; forensic psychiatric patients; clinicians attitudes; researchers attitudes; interrater reliability, 29739
structured diagnostic interviews; structured interviewing; psychiatric problems; clinical settings, 32296
suicidal patients; risk factors; suicidal assessments; clinician attitude; suicide prevention, 34952
surviving family members; effective interventions; clinical interventions; adjustment processes; adolescent suicide; bereaved families; survivors' bereavement, 2071

Symptom Check-List 90R; DSM-IV symptom disorders; comorbidity; axis I disorders; axis II disorders; clinicians; personality disorders, 30459
theory; practice; therapy; client; change; therapist; limitations of therapy; clinicians, 32925
trauma work; social work clinicians; vicarious traumatization; human-induced trauma; sexual abuse; cognitive schemas, 8914
treatment condition; independent evaluators; panic disorder; knowledge of condition; post-treatment assessment; treatment guessing; guess accuracy; actual treatment, 20750
treatments; bulimia nervosa; clinician recommendation; health care providers, 11349
unconscious; contemporary clinical work; unconscious processes; unconscious fantasy; theorists; treatment, 2095
vicarious trauma; sexual abuse treatment; clinicians; survivors; sexual offenders, 8956
visual analysis procedures; practitioners; clinical change detection; clinical practice evaluation, 27401
Clinicians—Books
Innovations in clinical practice: A source book (Vol. 20), 5757
Clinicians—Chapters
Education, practice, and research opportunities for psychologists in primary care, 2603
How to develop cultural competence as a White clinician, 5803
A professional living will for psychologists and other mental health professionals, 5762
Psychological practice in primary care settings: Practical tips for clinicians, 2608
Understanding and predicting homicide in cases of intimate partner domestic violence, 4725
Why health care professionals are reluctant to intervene in cases of ongoing domestic abuse, 5759
Clinics [See Also Child Guidance Clinics, Psychiatric Clinics, Walk In Clinics]—Serials
anxiety symptoms; healthcare utilization; outpatients; internal medical clinic, 4665
assisted reproductive technology; counseling services; children; disclosure issues; reproductive technology clinics, 26572
benefits counselors; insurance coverage; health care; technical assistance; American Indian tribal clinics, 14363
chronic fatigue syndrome; patient schools; health education; personal experience; hospital clinic, 14440
clinical child psychiatry; social disadvantage; census data, 12551
eye clinic; cornea transplantation, 35625
initial appointment nonattendance; child and family mental health clinics; interventions, 2379
integrated mental health services delivery; community-based outpatient clinics; Veterans Administration; rural veterans, 14373
intellectual disabilities; memory clinic; cognitive function; cognitive decline; older people, 4516
Menninger Clinic, 5109
Menninger Clinic; mentalization; hospital treatment, 5098
MMPI; profiles; Mayo Clinic; classifications, 6326
old age psychiatry; memory clinics; old age services, 35774
patient satisfaction; women clinics; primary care clinics; veterans administration, 17285
psychoanalysis; chemically dependent patients; drug abusers; psychoanalytic clinic, 32385
sexual dysfunction screening; sexual dysfunction clinic; cultural sensitivity; gender stereotyping; religious taboos; cultural taboos; urological outpatients, 32111
stepped-care; community clinic interventions; health promotion; mammography use; income level; rural African American women, 32610
Clinics [See Also Child Guidance Clinics, Psychiatric Clinics, Walk In Clinics]—Chapters
Assisted reproductive technology and the fertility clinic, 14235
Cliques [See Social Groups]
Clonazepam—Serials
amygdala-kindled seizures; pentylenetetrazol-induced convulsions; topiramate; antiepileptic drugs; rats; mice; valproate; carbamazepine; phenobarbital; diphenyl-hydantoin; ethosuximide; clonazepam, 12976
clonazepam augmentation; mood stabilizer therapy; protracted major depression; depressed patients; treatment regimen alteration; bipolar disorder, 23274
clonazepam-paroxetinen combination; paroxetine monotherapy; generalized social anxiety disorder; selective serotonin reuptake inhibitors; treatment outcomes, 20389
clonazepam; analgesic drugs; cancer-related neuropathic pain; pain control; opioid therapy; drug side-effects; drug dosages, 14267
clonazepam; gamma-aminobutyric acid; GABA; diabetes; striatal extracellular glucose; fasting; glucose overload; streptozotocin; rats; microdialysis; blood glucose, 7188
clonazepam; lorazepam; acute mania; placebo; haloperidol; lithium; Bayesian meta-analysis; random trials; fixed trials; treatment effects, 17038
clonazepam; psychotropic; anxiety disorders; therapeutic agents; alprazolam; panic disorder, 23292
focal tonic-clonic seizures; carbamazepine; clonazepam; focal reflex proprioceptive seizures; right hand posture, 11673
high-potency benzodiazepines; alprazolam; clonazepam; lorazepam; anxiety disorders; pharmacology, 23276
panic attacks; spontaneous ejaculation; social phobia; citalopram; clonazepam, 32437
topical clonazepam; stomatodynia; burning pain; sucking mechanism; oral mucosa, 35632
Clonidine—Serials
clonidine; psychostimulants; hyperactive children; aggression; oppositional defiant disorder; conduct disorder; attention deficit hyperactivity disorder, 20331
growth hormone; growth hormone releasing hormone; clonidine; secretagogue stimulation response; anxiety disorder; depressive disorder; biological markers; blunted GH response; behavioral inhibition, 705
heart rate variability; QT interval variability; oral clonidine; oral yohimbine; panic disorder; supine posture; standing posture; cardiovascular mortality; anxiety, 7954
hypertensive urgency; clonidine; mirtazepine, 35577
nitric oxide; cyclic guanosine monophosphate pathway; clonidine; adrenoceptors; antinociceptive effect; endothelial cells; analgesic effect; rat; mice, 30968
posttraumatic stress disorder; clonidine; growth hormone response; combat-related PTSD; depression; comorbidity; noradrenergic activity; receptors; combat exposure; sympathetic system, 8532
respiratory panic disorder; clonidine treatment; anxiety symptoms, 35578
Cloning—Serials
mouse transcriptional regulating protein; mTReP-132; cloning; transcription factor; brain regions; mouse orthologue; gene expression, 12784
Closed Circuit Television—Serials
risk communication; closed circuit television; risk control; policy debate; public space usage, 22151
Closed Head Injuries [See Head Injuries]
Closedmindedness [See Openmindedness]
Closure (Perceptual) [See Perceptual Closure]
Clothing—Serials
appearance management; body image management; thematic analysis; clothing choices; cultural ideals; men, 10414
cell phone; clothing; sex; first impressions; power, 13456
clothing cues; children identification accuracy; clothing bias; lineup identification, 27229
cognitive performance; comfort perception; fabrics comfort; comfort ratings; visual vigilance, 6573
drag; African clothing; homosexuality; cultural authenticity; attire; gay communities; lesbian communities, 34570
dreams; dress; garments; spirituality; religious authority; African independent churches, 27589
elderly people; clothing color; intercountry differences; intergenerational differences; Japanese consumers; Korean consumers; color satisfaction; racial consciousness; public morals; aging rate, 16271
females; clothing choices; sexual motivation; relationship status; hormone levels; estradiol; testosterone, 34603
flight attendants; uniforms; preferences; image; employee satisfaction; uniform attributes; opportunities for feedback, 2916
gender identity; protagonist; medieval literature; Parzival; clothing; masculinity; nudity, 21932
multifunctional fabrics; cardiac autonomic tone; psychological state; heart rate; autonomic nervous system, 30820
recognition performance; unfamiliar person recognition; posture; clothing; familiarity; age differences; encoding; recognition accuracy, 6613
self esteem; apparel satisfaction; appropriate clothing; postmastectomy women; product attributes; support groups; mastectomy survivors; special needs; shopping; apparel items, 9174
service contact personnel dress; customer expectations; service quality; purchase intention; customer gender, 36447
teenagers; clothing choices; goods symbolic properties; adult consumers; symbolic consumption; young people, 30264
texture property; fashion design; color; hue; fashion fabric; fabric image, 21265
underage consumers; alcohol promotional clothing items; APCI; alcohol use; APCI ownership; APCI visibility, 16509
William James; dress; styles of dress; clothing; apparel; social selves; academic dress, 30358
Clozapine—Serials
A/J; amphetamine; antipsychotic; C57BL/6J; clozapine; prepulse inhibition; strain differences; weight gain, 13102
adjuvant glycine; olanzapine; risperidone; negative symptoms; cognitive symptoms; treatment-resistant schizophrenia; NMDA receptors, 11499
adrenergic receptor; G-Protein; genes; polymorphisms; weight gain; clozapine treatment; patient compliance, 26439
amisulpride; clozapine; N-desmethylclozapine; permeation; atypical antipsychotics; blood-brain barrier; blood-cerebrospinal fluid, 7196
AMPA receptor binding; kainate receptor binding; haloperidol; clozapine; NMDA receptors; brain regions; rats, 10041
antipsychotic agents; clozapine; olanzapine; adverse effects; insulin; lipids; triglycerides; C-peptide, 5313
antipsychotic clozapine; clozapine-induced hypersalivation; anticholinergic pirenzepine; side effect; schizophrenia patients, 23295
antipsychotic drugs; postmortem brains; gene expression; animal model; drug effects; glutamic acid decarboxylase; anterior cingulate cortex; rats; haloperidol; clozapine, 13107
apomorphine-induced disruption; prepulse inhibition; antipsychotic drugs; clozapine pretreatment; drug dosage; mice, 34176
atypical antipsychotics; cognitive sparing effects; event related potentials; working memory; schizophrenic patients; auditory hallucinations; clozapine; olanzapine, 14173
atypical antipsychotics; practice guidelines; clozapine; schizophrenia; AmeriChoice, 35581
bipolar disorder; intermittent explosive disorder; posttraumatic stress disorder; clozapine; agranulocytosis; neutropenia; weight gain; drug dosages; concomitant antidepressants; polypharmacy, 23251
botulinum toxin; clozapine-induced hypersalivation; social withdrawal; drug side effects, 29344
brain variables; clozapine treatment; treatment resistant schizophrenia; positron emission tomography; magnetic resonance imaging; schizophrenic syndromes; anatomy; metabolism, 5317
cerebral blood flow; anterior cingulate cortex; schizophrenia; drug therapy; clozapine; haloperidol; task performance; treatment outcomes, 11517
chronic treatment; atypical neuroleptics; striatum; rats; striosomal FosB; clozapine, 18743
clinical global impression severity; atypical antipsychotic medications; extrapyramidal side-effects; schizophrenia; quetiapine; haloperidol, 14131
clinical outcome; therapeutic effects; clinical response; drug-resistant schizophrenic patients, 14164
clozapine response; proinflammatory cytokine; schizophrenia; tumor necrosis factor alpha; susceptibility; gene polymorphisms, 7910
clozapine therapy; body weight; antipsychotic medication; resting metabolic rate; weight gain, 14179
clozapine treatment; borderline personality disorder; self-mutilating behaviour; side effects, 29329
clozapine treatment; nicotine withdrawal; amphetamine withdrawal; rats; somatic signs; affective signs; negative symptoms; schizophrenia, 7253
clozapine treatment; priapism; schizoaffective disorders; dosages, 11479
clozapine treatment; side effects; dimenhydrinate abuse; schizophrenia patients; anticholinergic properties, 35564
clozapine-induced glutamate reduction; glutamate transport; frontal cortex; GLAST; EAAC1; neurotransmitter; rats; immunoreactivity, 13037
clozapine-lithium pharmacotherapy; treatment efficacy; drug therapy, 20280
clozapine; amisulpride; schizophrenia; schizoaffective psychosis; paranoid-hallucinatory psychosis, 26335
clozapine; antipsychotic drugs; schizophrenic patients; P50 suppression, 28685
clozapine; clinical response; schizophrenic patients; negative symptoms assessment; schizophrenia predictive factors; clinical outcome; antipsychotic drug resistance; metabolic capacity; genetic data, 8525
clozapine; clinical response; treatment resistant schizophrenia; pharmacogenetics; genotype; brain metabolic activity; dopamine receptors; serotonin alleles, 14176
clozapine; conventional antipsychotic drugs; treatment-resistant schizophrenia, 31770
clozapine; conventional antipsychotic drugs; treatment-resistant schizophrenia, 31777
clozapine; conventional antipsychotic drugs; treatment-resistant schizophrenia, 4641
clozapine; D-amphetamine; auditory gating disruption; rats; drug effects; auditory evoked potential, 27901
clozapine; drug dosages; cytochrome P450 1A2; drug response; CYP1A2 genes; schizophrenia; plasma levels; smokers, 20320
clozapine; efficacy; schizophrenia; side-effects; treatment resistant, 5290

clozapine; electrophysiology; haloperidol; ventral tegmental area dopamine neurons; schizophrenia model; rats, 779
clozapine; forensic settings; patients; psychiatric services; psychiatric nurses; therapeutic optimism; treatment adherenece, 18012
clozapine; intellectual disability; treatment resistant psychosis; adults, 35575
clozapine; levodopa-induced dyskinesias; Parkinsons disease, 29324
clozapine; lupus erythematosus; drug side effects; drug therapy; paranoid-hallucinatory schizophrenia, 20411
clozapine; maintenance therapy; schizophrenia; treatment efficacy, 20329
clozapine; manic; topiramate leukopenia; mood stabilizers; mania, 20278
clozapine; neutropenia; drug therapy; absolute neutrophil count, 20270
clozapine; NMDA evoked responses; electrically evoked responses; pyramidal cells; rats; medial prefrontal cortex; dopamine, 21886
clozapine; nonresponsive patients; antipsychotic medications; treatment intolerant, 29341
clozapine; obsessive-compulsive symptoms; schizophrenia patients; serotonin reuptake inhibitors, 23291
clozapine; pregnancy; pregnant patients; developmental problems; psychotic patients; offspring, 17072
clozapine; quantitative EEG; schizophrenia; therapeutic response; positive & negative symptoms, 26372
clozapine; sialorrhea; sublingual ipratropium spray; drooling, 11488
clozapine; weight gain; antipsychotic medications; schizophrenia; medical illnesses; obese, 29319
cocaine-clozapine combination; drug withdrawal; locomotor behavior; nucleus accumbens; dopamine; serotonin; rats; animal model of psychosis & addiction, 9960
cortical cells; receptor system; hippocampal cells; neuroblastoma cells; receptor density; clozapine; metabolites; genes, 12842
D4 antagonist sonepiprazole; schizophrenia; placebo; clozapine efficacy; schizophrenia patients; dopamine antagonist, 20305
diabetes mellitus; olanzapine; antipsychotics; clozapine; glucose dysregulation, 23207
differential region-specific regulation; alpha-1 adrenoceptors; haloperidol; clozapine; rat; adrenoceptors binding, 18718
esophageal dilation; hypomotility of esophagus; chronic schizophrenia; clozapine; clomipramine; aspiration pneumonia; side effects, 26394
haloperidol; clozapine; oxidative stress; rat brain; dopamine receptor antagonist; neuroleptic; reactive oxygen species; neurotoxic effects, 34172
heat stroke; schizophrenia; clozapine treatment; rapid recognition, 23254
iloperidone; clozapine; haloperidol; working memory; rats; delayed non-matching-to-position paradigm; scopolamine; schizophrenia, 3903
inferior colliculus; conditioned freezing; unconditioned stimulus; apomorphine; clozapine; latent inhibition; rats, 752
insulin release; conventional antipsychotics; clozapine; olanzapine; atypical antipsychotics; isolated rat pancreatic islets, 18773
latent inhibition; neural development; schizophrenia; amphetamine; clozapine; periadolescence; rats; animal models, 4002
mirtazapine augmentation; clozapine; schizophrenia; negative symptoms; drug therapy, 20415
neuroleptic drugs; haloperidol; dopamine agonist; amphetamine-induced disruption; latent inhibition; clozapine; conditioned taste aversion, 10037
neuroleptic malignant syndrome; developmental disabilities; antipsychotic medications; schizoaffective disorder; mild mental retardation; clozapine; heat stroke; drug side effects, 10722
neuroleptic-induced akathisia; olanzapine treatment; clozapine; side effects, 29407
neurotensin receptor; clozapine response; receptor gene, 14152
olanzapine therapy; paranoid schizophrenia; pericardial effusion; clozapine treatment; flu-like symptoms; cardiac function; respiratory rate; heart rate; pleural effusion, 17153
olanzapine; clozapine; drug therapy; chronic schizophrenia; cognitive functioning; verbal learning; verbal memory; visual memory; attention; working memory; psychomotor speed, 5343
olanzapine; clozapine; stuttering; drug side effects; psychiatric disorders, 26341
oromandibular dystonia; atypical neuroleptic; clozapine treatment; dibenzodiazepin, 35633
oxcarbazepine; adjunctive drugs; drug administration; antipsychotic treatment; clozapine; carbamazepine; schizophrenia, 32455
paranoid schizophrenia; clozapine therapy; acute interstitial nephritis; eosinophil count, 35618
Parkinson's disease; clozapine treatment; masking symptoms, 32572
plasma clozapine concentration; cigarette smoking; metabolic activity; age; sex; dose, 11548
prepulse inhibition; acoustic startle reflex; sensorimotor gating; schizophrenia; phencyclidine; haloperidol; clozapine; monkeys; animal model, 3934
psychiatric symptoms; clozapine; chronic posttraumatic stress disorder; drug efficacy; treatment resistance; abused adolescents; risk behavior, 20409
pyramidal cells; n-methyl-d-aspartate receptors; antipsychotic drugs; medial prefrontal cortex; NMDA; olanzapine; phencyclidine; clozapine; subchronic phencyclidine-induced functional hyperactivity, 13051
schizophrenia; cardiac blood levels; postmortem; antemortem; clozapine, 11478
schizophrenia; DRD4; dopamine receptor; alleles; clozapine, 1472
schizophrenia; psychosis; clozapine; adjunctive valproate; topiramate; remission, 5289
schizophrenic polydipsia; clozapine; drinking behavior; remission, 35586
scopolamine patch; clozapine-induced sialorrhea; schizoaffective disorder, 29332
serious respiratory infection; clozapine; infections; side effects, 1781
social behavior; haloperidol; clozapine; aggressive behavior; rats; postnatal hippocampal lesions, 696
stimulus properties; atypical antipsychotics; zotepine; rats; clozapine; quetiapine; drug discrimination, 13003
subchronic clozapine treatment; long-term potentiation; rat prefrontal cortex; N-methyl-D-aspartate receptor transmission; electrophysiological investigation; prelimbic brain, 27886
tardive dyskinesia; neuroleptics; clozapine; olanzapine; aripiprazole; psychotic symptoms; schizoaffective disorder, 35532
treatment resistant schizophrenia; clozapine treatment; pseudophaeochromocytoma, 11544
treatment resistant schizophrenia; clozapine treatment; treatment discontinuation predictors; sociodemographic factors; clinical factors, 11526
treatment-resistant psychosis; clozapine; treatment outcomes; neuroleptic-refractory patients; schizophrenia; bipolar disorder; schizoaffective disorder, 35519
treatment-resistant schizophrenia; childhood onset schizophrenia; clozapine; lithium carbonate; neutropenia; agranulocytosis; white blood count; clozapine rechallenge; neutrophil count, 2224
treatment-resistant schizophrenia; conventional antipsychotics; olanzapine treatment; double-blind fashion; treatment resistance; clozapine treatment; response criteria; higher doses, 8493
treatment-resistant schizophrenia; olanzapine; clozapine; treatment-intolerant schizophrenia; side effects, 11469
undifferentiated schizophrenia; clozapine therapy; olanzapine; risperidone; quetiapine; valporate; gabapentin, 2145
ziprasidone; clozapine; treatment-resistant schizophrenia; antipsychotic drugs; psychotic symptoms; drug combinations, 29411

Cloze Testing—Serials
repeated storybook reading; phonological impairments; language impairments; cloze word procedures; contrast word procedures; linguistics; scaffolding, 16573

Clubs (Social Organizations)—Serials
bar safety; physical aggression; bars; risk assessmnent; intervention effectiveness; Safer Bars intervention, 28167
licensed venues; patrons safety; nightclubs; aggression; violence; environmental factors; management practices; Queensland Safety Action Project model, 28169

Cluster Analysis—Serials
adaptive learning; target detection; novel imagery data; neural network; pattern recognition, 14891
bootstrap procedure; validity; latent population identification; number of clusters; sampling with replacement, 18230
child maltreatment; child abuse; sexual abuse; physical abuse; psychological maltreatment; neglect; family violence; psychological adjustment, 34969
hierarchical neural network architecture; fingerprints block directional images; cluster merging; self-organized feature maps; back-propagation neural networks, 6157
K-means clustering; computer applications; computer software, 6416
Mokken scale analysis; hierarchical clustering procedures; item pool; item selection methods; item response data, 33619
multicriterion clusterwise regression; customer value; segment homogeneity; true cluster structure; telecommunications industry; segmentation problem; linear regression; heuristic solution strategy, 24067
multilevel statistical model use; social work intervention research; intra-class clustering; classrooms, 27425
object segmentation; maximum neural network; gesture recognition; target objects; non-target objects; algorithm, 14897
psychopathy subtypes; personality structure; cluster analysis; prisoners; stress reaction; emotional stability; emotionality, 33509
psychosocial characteristics; medication nonadherence; health perceptions; cluster analysis; inflammatory bowel disease, 19884
Rand index; adjusted Rand index; validation research; classification rates, 30544
relevance feedback; image retrieval; synergetic neural net; SNN; interpretation; human perception, 14899
triphones clustering; phoneme similarity estimation; multilingual acoustic modelling; multilingual speech recognisers; agglomerative clustering algorithm; multilingual triphones, 4043

Clustering [See Cluster Analysis]

CNS Affecting Drugs [See Also CNS Depressant Drugs, CNS Stimulating Drugs]—Serials
behavioral effects; Pavetta crassipes; ethanol extract; central nervous system; rodents; mice; rats; centrally acting drugs, 27849
dopamine neurotransmission; behavioral sensitization; nucleus accumbens; cck antagonists; psychostimulant sensitization; prefrontal cortex, 15727

CNS Depressant Drug Antagonists [See Analeptic Drugs]

CNS Depressant Drugs [See Also Amobarbital, Chlorpromazine, Haloperidol, Scopolamine]—Serials
reinforcer type; administration route; gamma-hydroxybutyrate discrimination; rats, 27852
social phobia; gamma hydroxybutyrate; self administration; drug dependence; drug abuse; severe withdrawal syndrome, 35497

CNS Stimulating Drugs [See Also Amphetamine, Analeptic Drugs, Caffeine, Clonidine, Dextroamphetamine, Ephedrine, Methylphenidate, Pemoline, Pentylenetetrazol]—Serials
adjunct therapy; fatigue; sleepiness; major depression; partial responders; antidepressants; symptoms; modafinil, 2153
atomoxetine; attention deficit hyperactivity disorder; drug effectiveness; stimulant nonresponders, 35579
attention-deficit/hyperactivity disorder; ADHD; stimulant therapy; substance use disorders; comorbidity, 2146
childhood stimulant treatment; dopamine system alterations; drug sensitivity; increased risk; substance abuse, 2191
excessive daytime somnolence; dysthymia; modafinil augmentation; phenelzine; lamotrigine, 35504
injection drug use; psychostimulant users; correlates; cessation of drug use; service utilization, 19708
invertebrates; crayfish; ethological analysis; crayfish behavior; psychostimulants; neurobiology; addiction, 30997
methylphenidate; Adderall; attention deficit hyperactivity disorder; preschoolers; behavior ratings, 14185
modafinil; abuse; treatment; stimulant; preclinical studies; human laboratory studies; postmarketing experiences; abuse liability, 27926
modafinil; cognition; response inhibition; adults; attention deficit hyperactivity disorder, 26441
modafinil; major depression; wake-promoting agent; adjunctive treatment; fatigue; excessive sleepiness, 11480
national trends; concomitant psychotropic medication; pediatric visits; pharmacotherapy; stimulants; drug safety; drug efficacy, 29314
neurotransmitter; medial prefrontal cortex; psychostimulants; mesocorticolimbic dopamine system; drug addiction; behavioral sensitization, 15584
psychostimulant drugs; childhood mental health problems; drug prescribing; pharmacoepidemiology; practice guidelines, 5356
psychostimulants; attention-deficit hyperactivity; ADHD; methylphenidate; abuse potential; pharmacokinetics; cocaine; d-amphetamine, 2183
psychostimulants; disruptive behavior disorders; developmental disabilities; community, 20315
stimulant treatment; attention-deficit/hyperactivity disorder; ADHD; substance use disorders; risk; protective factors, 2157
stimulant treatment; treatment information; stimulant medication; attention-deficit/hyperactivity disorder; pharmacological therapies; nonpharmacological therapies, 14301
treatment adherence; medication status; effectiveness; adverse effects; stimulant use; attention deficit with hyperactivity disorder; treatment outcomes, 29317
tridecapeptide neurotensin; psychostimulant abuse treatment; neurotensin agonists; neuropeptides; pathophysiology; nicotine, 15798
vagal afferent neurons; sympathetic vasomotor tone; mechanoreceptors; chemical stimulation; cardiopulmonary circulation, 15819

CNS Stimulating Drugs [See Also Amphetamine, Analeptic Drugs, Caffeine, Clonidine, Dextroamphetamine, Ephedrine, Methylphenidate, Pemoline, Pentylenetetrazol]—Chapters
Stimulant treatment for children: A community perspective, 2243
Coaches—Serials
athlete-coach relationship; interpersonal constructs; interpersonal closeness; complementary roles; effective relationships; emotional closeness; athletic relationships, 9145
athletes; athlete motivation; coach designed motivational climate; physical talent; social-cognitive theories; self-determination theory, 24050
athletic coaches; preferred leadership; leadership behavior; gender; competition level; task dependence; task variability; student athlete preferences; interactions, 17907
coach training; fear of failure; youth swimmers; psychosocial training; injury prevention training, 30239
coach-athlete interactions; Japanese martial art; female amateur track; female amateur field; male professional basketball, 24049
coaching behavior; athlete satisfaction; team or individual sports involvement; mental preparation, technical skills, goal setting, physical training; competition strategies; personal rapport, 6081
coaching confidence; Coaching Confidence Scale; instrument reliability; instrument validity, 21121
executive coaching; deep interpersonal communication; coaching model; therapeutic intervention, 27019
executive coaching; organizational consulting; professional practice guidelines; core competencies, 36264
interpersonal consflict; emotions; cognitions; beliefs; coach-athlete relationship; closeness; coorientation; complementarity, 9146
life coaching; marketing strategy; advertising; coaching articles; websites; public speaking; psychotherapists, 35973
racial differences; occupational turnover intent; National Collegiate Athletic Association; assistant football coaches; career satisfaction, 27124
sport coaches; coach role; youth teams, 20974
teaching practices; instructions; hustles; praises; coaches; John Wooden, 26879
team efficacy; coaching efficacy; player efficacy; high school students; volleyball, 6090
Coaches—Chapters
Coaching for emotional wisdom in couples, 23159
Emotions in parenting, 22224
Identifying maladaptive emotions, 23158
The steps of emotion coaching, 23160
The therapist as an emotion coach, 23155
Transforming fear and shame in psychotherapy, 23157
Coagulation (Blood) [See Blood Coagulation]
Coalition Formation—Serials
adult female baboons; linear dominance hierarchies; cooperative interactions; female relationships; female-bonded groups; coalitionary support; reciprocal altruism; coalition formation, 18521
coalition bargaining; communication; experimental economics; multilateral bargaining; bargaining outcomes, 16246
coalition formation games; utility functions; separable preferences; coalition structures; hedonic game, 21214
coalition formation; recursive structure; risk aversion; durable coalition structure; transient structures, 10486
collective action; prospect theory; economic groups; coalition building; Chile, 31399
community coalition; prevention; policy changes; law changes; Drug and Alcohol Abuse Coalition, 2521
health promotion; health service; community-academic alliance; coalition building, 29506
movement boundaries; coalition formation; college students; social movement theory; movement organizations; organizational goals; cross-movement coalition events; political threats; strategy, 16086
person perception; race encoding; evolution; coalitional alliances, 16265
prevention coalitions; community prevention; community readiness; perceived effectiveness, 26649
triadic awareness; white faced capuchin monkeys; coalitionary recruitment; social relationships; ally choice, 15414
Cocaine [See Also Crack Cocaine]—Serials
acute heroin withdrawal; protracted heroin withdrawal; locomotor activity; rats; chronic; dopamine; nucleus accumbens, 10014
addiction behavior; rat; drug abuse; phylogeny; cocaine self administration, 34143
alcohol craving; alcohol use; bipolar disorder; cocaine dependence; quetiapine; mood, 11524
alcohol dependence syndrome; dependence disorders; DSM-IV diagnosis criteria; abuse disorders; cannabis; cocaine; opiates, 16505
alcohol use; cocaine use; crime; property crime; violent crime; trends, 31883
amantadine; cocaine dependence; smoked cocaine; crack cocaine; cocaine self-administration; subjective effects; cardiovascular effects, 8492
antagonist 6-methyl-2-pyridine; acute locomotor stimulant properties; cocaine; D-amphetamine; dopamine reuptake inhibitor; mice, 27922
apolipoprotein E; conditioned place preference; rewarding properties; ethanol; mice; cocaine, 27854
aspirin; amiloride; cerebral perfusion defects; cocaine dependence; cocaine dependent patients; vasoconstriction; platelet aggregation; blood vessels occlusion, 10997
attachment status; child temperament; child behavior problems; cocaine prenatal exposure; opiates, 31255
baclofen; cocaine dependence; clinical efficacy; pharmacotherapy, 11939
behavioral effects; early developmental exposure; methylphenidate; cocaine; rats; drug effects, 7161
behavioral sensitization; estrogen; sex differences; cocaine; rats, 13017
binge cocaine administration; cardiovascular responses; mean arterial pressure; heart rate; vasoactive substances; rats, 3911
BP 897; dopamine agonist; food-seeking behavior; rats; morphine; cocaine; conditioned place preference, 7175
brain reward; intracranial self-stimulation; repeated administration; cocaine; rats; thresholds; cocaine-predictive conditioned stimuli; conditioned facilitation, 737
buprenorphine; self reported cocaine use; treatment outcome; contingency management; desipramine; prediction; baseline cocaine urine toxicology; noncontingent voucher; cocaine & opioid dependence, 11942
C57BL/6J mice; cocaine; conditioned drug effects; Pavlovian conditioning; contextual sensitization; US-CS pairings; number of drug-context pairings; conditioned responses; extinction; testing context, 3944
caffeine; adulterants; street cocaine; Brazil; illicit samples; lidocaine, 4727
cerebral blood flow; cocaine dependence; limbic activation; biologic difference; cocaine addicted females; sex-specific neurobiologic responses; chronic cocaine use, 10960
cholinergic mechanisms; cocaine; genital reflexes; paradoxical sleep deprivation; male rats; penile erection, 18705
circadian cocaine sensitization; pineal gland; clock genes; mice; circadian Period1 expression; striatum; behavioral sensitization; locomotion, 10052
cocaine abuse; voucher-based reinforcement; contingency management; reinforcement therapy; schizophrenia, 17439
cocaine abusers; anxiety effects; Trail Making Test; drug abuse treatment programs, 15081
cocaine abusers; dopamine neurons; pathogenesis; Parkinsons disease; alpha-synuclein; causative agent, 22684
cocaine addicts; detoxification; polyunsaturated fatty acids; relapse vulnerability, 2496
cocaine dependence; methadone; treatment; heroin dependence; opioid dependence; d-amphetamine; risperidone, 26370
cocaine dependence; recovery factors; treatment programs, 8856
cocaine dependence; striatum; cocaine-seeking behavior; dopamine receptors; neurobiology, 25893
cocaine dependency; antisocial personality disorder; drug treatment outcomes, 14477
Cocaine Effects Questionnaire; psychometrics; test reliability; test validity; test construction; substance abuse, 21154
cocaine exposure; cocaine conditioned place preference; motor sensitization; mice; age differences; locomotor activity; drug-seeking behavior, 27938
cocaine misuse; adverse reactions; frequency; associated factors, 13737
cocaine self administration; drug sensitivity; animal sex differences; sex hormones; brain organization; rats, 10003
cocaine self-administration; progressive ratio schedule; intra-vta injection; locomotor stimulant effect; ventral tegmental area; intravenous infusions; locomotor stimulation; receptor antagonist, 21834
cocaine sensitization; behavioral response; conditioned effects; novel open-field environment; locomotor stimulant effects; repeated cocaine treatment; behavioral sensitization, 27933
cocaine sensitization; behavioral response; conditioned effects; novel open-field environment; locomotor stimulant effects; repeated cocaine treatment; behavioral sensitization, 27865
cocaine-clozapine combination; drug withdrawal; locomotor behavior; nucleus accumbens; dopamine; serotonin; rats; animal model of psychosis & addiction, 9960
cocaine-induced conditioned place preferences; alcohol cocaine combination; cocaine dose; rats; aversive properties; rewarding effects, 9961
cocaine; basal dopamine uptake; nucleus accumbens; dopamine transporter expression; responsiveness; DAT protein expression; rats, 21819
cocaine; behavioral sensitization; drug self-administration; locomotor activity; dopamine; nucleus accumbens; mice, 12903
cocaine; cardiovascular effects; intranasal administration; baclofen; reinforcing effects; subject rated effects, 17435
cocaine; food self-administration; N-methyl-D-aspartate modulatory site; glycine partial agonists; reinforcement schedules; rats, 27867
cocaine; impulsivity; substance abuse; aggression; sensation seeking; addiction severity, 8020
cocaine; locomotor activity; cocaine discrimination; dopamine D4 receptor mutant mice, 3918
cocaine; rats; ketanserin; serotonin; serotonin antagonist; accumbens monoamines; locomotor behavior; dopamine; receptors, 18714
cocaine; self-administration; nucleus accumbens; 6-hydroxydopamine; brain lesions; dopamine, 15810
cocaine; serotonin; delay of gratification; behavioural disinhibition; electrocorticogram; behavioural sensitization; sucrose intake; methiothepin, 10031
cocaine; triazolam; drug abuse; oral administration; behavioral effects; physiological effects; pharmacotherapy; gamma-aminobutyric acid agonists, 8509
cognitive impairment; drug abstinence; cocaine abusers; cognitive behavioral treatment, 10963
community reinforcement therapy; treatment outcome; community reinforcement approach; vouchers; outpatient treatment; cocaine dependence, 2440
contingency management interventions; community reinforcement approach; vouchers; cocaine dependence; women; rewards, 20658
coping self-efficacy; cocaine; cocaine-dependent patients; abstinence; treatment outcome, 32813
cyclazocine; hydromorphone; cocaine dependence; Kappa-opioid agonists; neurobiological effects; behavioral effects, 21899
D-amphetamine; basolateral amygdala; monoamine neurotransmission; potentiation; cues; reinstatement; extinguished drug-seeking behavior; chronic cocaine self administration; rats, 742
dehydroepiandrosterone; cocaine dependence treatment; cocaine usage rates; treatment outcomes, 20661
developmental trajectories; cocaine-exposed children; other-drug-exposed children; alcohol; tobacco; non-drug exposed children; motor performance; infant development; mental performance, 925
disulfiram treatment; cocaine dependence; drug-free urine specimens; sex differences; abstinence; alcohol use, 32796
disulfiram; methadone treatment; cocaine dependence; cost-effectiveness analysis; methadone-maintained opioid addicts; treatment effectiveness; economic evaluation; double blind clinical trial, 20640
dopamine antagonists; locomotor effects; cocaine; mice; dopamine receptor; cocaine-induced locomotion, 21900
dopamine receptor antagonist; rats; cocaine intake; dopamine neurotransmission; drug self-administration, 21804
dopamine release; nucleus accumbens; cocaine-induced psychosis; serotonin; risperidone; open field behavior; rats; animal model, 700
dopamine reuptake inhibitor; reinstatement; enantiomer; food maintained responding; cocaine-maintained responding; dopamine transporter inhibitor; rhesus monkeys, 27914
drug dreams; outpatients; bipolar disorder; cocaine dependence; triggers; drug abuse treatment, 19353
drug seeking; cocaine self administration; addiction; compulsive behavior; rats, 34184
drug sensitivity; locomotion activaton; cocaine; mice; conditioned locomotion, 791
drug-induced alterations; cocaine administration; temporal perception; rats; drug injection; time perception; psychostimulant sensitization; tolerance; clock speed, 13036
drug-seeking behavior; conditioned stimuli; stimulus control; discriminative stimuli; cocaine; heroin; drug availability; conditioned reinforcers; rats, 714
dual diagnoses; posttraumatic stress disorder; PTSD; age; race; gender; income; Hispanics; African Americans; cocaine dependence with physiological dependence; cultural differences; cocaine abuse, 10666
early developmental lead exposure; cocaine sensitivity; adulthood; self-administration; pregnancy; nursing; rats, 13048
early intervention services; children; prenatal cocain exposure; developmental outcomes; center intervention; home intervention; primary care intervention; urban communities, 22721
ethanol; cocaine discrimination; rats; drug interaction; GABA agonists; GABA antagonist; diazepam; pentobarbital; pentylenetetrazol, 722

first vs second week of life; susceptibility; cocaine self administration; handling; response to novelty; adrenocortical responsivity; corticosterone; basal stress-related gene expression; rat pups, 720
frontal lobe; GABA; comorbid alcohol disorder; alcohol dependence; cocaine dependence; magnetic resonance spectroscopy, 25885
functional activity; cocaine self-administration; rat; neural substrates; cocaine; drug exposure; rats, 21869
gabapentin abuse; inmates; cocaine dependence; anticonvulsant agent, 31947
gabapentin maintenance; cocaine self-administration; Gamma Aminobutyric Acid Agonists; cocaine-related behaviors, 35878
gabapentin; cocaine use; drug addicts; chronic psychiatric conditions; cocaine dependence; drug therapy; community psychiatric clinic; urine drug screens, 17438
gene expression; cocaine treatment; reward pathways; cocaine addiction; drug abuse; mice; protein; nucleus accumbens, 6828
gene expression; rat striatum; molecular alterations; cortical inputs; cocaine; behavioral context, 15823
gene targeting; 12-lipoxygenase; cocaine; morphine; C57B1/6 mice; analgesia, 3987
gonadectomy; gonadal hormone replacement; cocaine; self administration; rats; gender; estrogen; testosterone; reinforcement, 24791
heroin users; cocaine users; hidden status; drug sellers, 22676
hippocampal memory system; cocaine self-administration; rats; drug-seeking behavior; lidocaine, 30813
HIV epidemic; willingness to attend safe injection facilities; barriers & facilitators of use; methods of maximizing use; cocaine injectors, 2394
HIV infection; injecting cocaine use; cocaine; Vancouver; HIV risk factors, 16687
hypothalamic-pituitary-adrenal axis; sympatho-adrenomedullary responses; stress; drug craving; cocaine; drug addiction, 4740
immunoreactivity; nucleus accumbens shell; cocaine sensitization; rats; serotonin; dopamine, 18790
impaired performance; prenatal cocaine exposure; visuospatial working memory; children, 24847
impulse activity; cocaine self-administration; midbrain dopamine neurons; drug-seeking behavior; quinpirole; midbrain; rats, 10020
in utero administration; cocaine; pregnant rabbits; discriminative avoidance learning; neuronal activity; development; neuron structure; neuron function; behavioral acquisition; prenatal; low-salience, 721
individual differences; drug sensitivity; cocaine-seeking behavior reinstatement; rats; cocaine-conditioned cues; amphetamine priming injection, 24815
inhibitory motor control; prenatal cocaine exposure; motor response; environmental risk; gender; child IQ, 898
intranasal cocaine; drug tolerance; cardiovascular effects; subjective effects; drug dosages, 24804
iron deficiency; anemia infants; prenatal cocaine exposure; neurodevelopment outcomes; prenatal development, 16503
isradipine; cocaine; mood; calcium channel antagonist; mesolimbic dopamine; cocaine dependence; rewarding effects, 19670
kappa opioid agonist; cocaine; striatal dopamine levels; cocaine-induced place preference; mice; locomotor activity, 27959
kinematic reaching parameters; in utero cocaine exposed infants; unexposed infants; high-risk infants; intrauterine cocaine exposure, 18942
lever pressing acquisition; cocaine; self administration; Pavlovian conditioning; environmental stimuli; cues; mice, 7190
locomotor activity; individuality; behavioral characteristics; cocaine pharmacokinetics; dorsal striatum; low & high cocaine responders; Sprague-Dawley rats; dopamine transporter; nucleus accumbens, 9995
locomotor response; corticotropin-releasing factor; repeated cocaine exposure; cocaine preexposure; behavioural change; central nervous system; central injections; locomotor activity; drug free period, 9984
low-dose methylphenidate; adolescent exposure; dopamine neurons activity; rat midbrain; cocaine; self-administration; neuronal excitability; abuse liability, 7156
MDMA; ecstasy; self-administration; rats; cocaine; drug abuse, 10038
memory retrieval; learning; plasticity-associated gene zif268; cocaine associated stimulus; rats, 21912
mesolimbic dopamine system; cocaine withdrawal; brain-derived neurotrophic factor protein; drug craving; rats; neurotrophic factor protein levels, 21846
methadone maintenance; cocaine use; heroin; stress induced relapse; poly drug use; opiates; rats, 27912
methylenedioxymethamphetamine; behavioral effects; drugs of abuse; D-amphetamine; cocaine; ethanol; heroin; rats; ecstasy, 27944
morphine; cocaine; induced c-Fos level; Lewis rat strains; Fischer rat strains; conditioned taste aversion; reward; aversion; locomotion; brain region activity, 27893
morphine; cocaine; nonaggressive behavioral strategy; aggressive behavioral strategy, 13093
naloxone treatment; cocaine self-administration; endogenous opioid systems; dopamine mechanisms; opioid receptor blockade; motivational arousal, 21860
naltrexone; isradipine; cocaine responses; physiological effects; cocaine addiction; treatment, 2223
neonatal isolation; cocaine self-administration; food responding; rats; operant responding; gender differences, 30770
neonatal isolation; stress; striatal dopamine levels; rat pups; cocaine; corticosterone; psychostimulants, 21863
nicotine; cocaine; caffeine; cigarette smoking; tobacco; transdermal nicotine maintenance; reinforcement; tolerance; intravenous administration, 25910
opioid agonist; dynorphin; cocaine; dopamine; locomotor activity; conditioned place preference; endogenous kappa opioid agonist; mice, 21931
opioids; cocaine; rats; reinforcement; food change runtime distribution; runway procedure; operant conditioning, 10056
oral cocaine seeking; rats; reinforcement; aversion conditioning; outcome devaluation; habits, 477
partial D2 agonist; terguride; cocaine-induced behavioral sensitization; cocaine sensitization; locomotor activity; preweanling rats; addiction process, 782
partner violence; substance dependence; alcohol dependence; posttraumatic stress disorder; cocaine dependence; couples; violence frequency; drug dependence, 7792
persistent cocaine self-administration; amygdala-dependent learning; dorsal striatum-dependent learning; multiple memory system functioning; rats, 27948
pharmacological interventions; cocaine addiction; pharmacological treatments; heroin addiction, 14495
pharmacological modulation; gamma aminobutyric acid receptors; cocaine-induced seizures; mice, 27885
plasma cocaine levels; locomotor sensitization; disulfiram; antabuse; cocaine addiction; brain dopamine; rats, 7194
platelet abnormalities; platelet aggregation; cocaine-dependent patients; regional cerebral blood flow; hypoperfusion; abstinence; aspirin treatment, 10998
platelet serotonin uptake sites; measurement; impulsivity; aggression; craving; cocaine abuse; paroxetine, 6315
platelet serotonin uptake sites; treatment outcome African-American cocaine dependent individuals; platelet tritiated paroxetine binding; outpatient treatment, 2517
positive allosteric modulators; gamma aminobutyric acid receptor; cocaine self-administration; rats; reinforcement schedules, 27942
posttraumatic stress disorder; symptoms; lifetime traumatic events; substance abuse; cocaine dependency, 1659
predictors; drug treatment re-entry; relapse; cocaine use; Drug Abuse Treatment Outcomes Studies, 14476
prenatal cocaine exposure; biological mother; socioeconomic status; pregnancy; out-of-home placement; life experiences; depression; child custody; education level, 21926
prenatal cocaine exposure; cognitive outcomes; cognitive impairments; high-risk population, 34276
prenatal cocaine exposure; cognitive outcomes; cognitive impairments; high-risk population, 34297
prenatal cocaine exposure; cognitive outcomes; cognitive impairments; high-risk population, 24981
prenatal cocaine exposure; infant performance; Neonatal Behavioral Assessment Scale, 8021
prenatal cocaine exposure; language functioning; African-American children; prenatal drug exposure; language fundamentals; language development, 18908
prenatal cocaine exposure; selective attention; error reactivity; visual attention; olfactory distraction; performance disruption; arousal regulation, 18738
prenatal exposure; cocaine; neonatal risk; childhood development; parental care, 31100
prize reinforcement contingency management; cocaine use; treatment efficacy, 29805
psychomotor stimulant properties; genetic variation; inbred mice strains; locomotor activation; cocaine, 15431
psychosis-inducing effects; cocaine sensitization; cocaine craving; cue reactivity; cocaine dependency, 31950
psychosocial determinants; crack cocaine addiction; epidemic; African American males; psychologic impact; preventive strategy; treatment intervention, 28876
psychostimulant treatment; neurochemical responses; dopamine terminals; substance P; cholecystokinin; methamphetamine; striatum; cocaine; striatum; drug abuse; neuropeptides, 15769
quetiapine; gabapentin; treatment-resistant schizoaffective disorder; crack cocaine addiction; cormorbidity, 29402
risperidone; cue-elicited craving; cocaine dependent patients; cocaine withdrawal; dopamine; serotonin antagonists; schizophrenic patients, 32470
serotonin transporter; gene polymorphisms; platelet serotonin transporter; African-American; cocaine-dependent patients, 19690
sex differences; cocaine; behavioral effects; progressive ratio schedule; motivation to use cocaine; rats, 24825
single target; dual target; brief abstinence incentive; drug abusers; motivational incentives; methadone maintenance patients; cocaine abstinence; cocaine and heroin abstinence, 2498
stages of change model; University of Rhode Island Change Assessment; heroin addiction; readiness; urine; cocaine; demographic characteristics; substance severity; relapse; polysubstance abuse, 24246
state-dependent action; cocaine effects; rats; brain temperature; movement activity; movement sensitization, 27858
stimulus effects; m-chlorophenylpiperazine; rats; cocaine; drug effects; serotonin; drug discrimination; discriminative stimulus; agonists; antagonists; 5 HT1B receptors, 12997
striatal neurons; cocaine; tetracycline; substance P-dynorphin; self administration; craving; mice, 15736
structure-activity comparison; receptor binding; nitrophenyl derivatives; methoxyphenyl derivatives; anticocaine actions; YZ-069; behavioral studies, 27920
sublingual cocaine use; cocaine; route of administration, 35028
therapist adherence; competence; treatment discrimination; NIDA collaboration cocaine treatment study; psychosocial interventions; treatment integrity; cocaine dependence; cognitive therapy, 11896
Tridimensional Personality Questionnaire Scores; clinic attendance; cocaine abuse; buprenorphine maintenance; novelty-seeking behaviors; cocaine users, 26738
vasoconstriction; cocaine; sodium salicylate; nitric oxide synthase; gene expression; brain; blood vessels; chicken eggs, 27924
withdrawal; cocaine; astroglial plasticity; forebrain; astrocytes; glial fibrillary acidic protein, 21813

Cochlea—Serials

apoptosis suppression; cochlea; sound conditioning; noise induced hearing loss; low level non damaging sound; acoustic trauma; cytoplasm; neuroprotective gene, 8346
auditory nerve similarities; avian nerve; mammalian cochlear nucleus; homologous genes; worms; primary innervation, 6981
cochlear nucleus angularis physiology; barn owls; cellular morphology; neurons; computational diversity, 21618
hair cells; sensory cells; ganglion neurons; basilar membrane; cochlea innervation; complex sound waves; electrical neural activity; auditory nerve; tectorial membrane; Corti; cell types, 6976
high-frequency sensitivity; compound action potentials; acoustic stimuli; mature gerbil cochlea; ear canal; stapes vibration; adults; neonates, 21737
inferior colliculus; superior olivary complex; cell types; ventral cochlear nucleus; cochlear nuclear complex; neuronal projections; lateral lemniscus; auditory pathways; brainstem; sound localization, 6852
stimulus-frequency-emission; coherent reflection filtering; cochlear tuning; otoacoustic emissions; reflection-source; basilar-membrane; mechanical transfer; neural tuning; cochlear mechanics, 15261
vestibular nerve; horizontal semicircular canal ampulla; horseradish peroxidase; HRP; vestibular nucleus; cochlear nuclei; central projections; amniotes; Mongolian gebril, 6956

Cochlear Implants—Serials

auditory cortical plasticity; auditory cortex; electric cochlear implant stimulation; sensory adaptation; cochlear prostheses; sound perception restoration; deaf adults; deaf children, 9907
auditory nerve recovery function; modified subtraction method; mathematical modeling; neural response telemetry; cochlear implant; electrical compound action potential; electrical stimulation, 6392
cochlear implantation; mitochondrial encephalopathy; lactic acidosis; stroke-like episodes syndrome; MELAS syndrome, 11684
frequency plate compression; speech recognition; cochlear implants; electrode insertion depths; normal hearing listeners, 15240
individual differences; language performance; cochlear implantation; language skills, 35654
language skills; speech intelligibility; cochlear implantation; reading skills; early intervention, 23637
linguistic production; lexical categories; French speaking children; cochlear implants; deafness, 8628
loudness; complex electrical stimuli; sequential current pulses; cochlear implants; sound processing; model, 17181
modulation masking; cochlear implant listeners; steady state maskers; dynamic maskers; envelope components; tonotopic components; postlingually deafened, 17155
neural response telemetry; cochlear implant; speech processor, 32550

paediatric Cochlear Implant; Children Implant Profile; speech discrimination; speech production, 8336
spectral shape resolution; cochlear implant listners; normal hearing listners; sound resolution, 14945
Cochlear Implants—Chapters
Cochlear implants: Issues and implications, 23080
Code Switching—Serials
bilingual thinking; bilingual acting; social meaning; psychological bilingualism, 15860
bilingualism; constraints; identities; social phenomena; language maintenance; code switching, 15855
code switching; inter generational communication; acculturation; immigrants; family conversations; grandparents; grandchildren; parents, 15873
code switching; lexicon; compound nouns; plural nouns; multimorphemic elements; embedded language; matrix-language clauses; multimorphemic lexical units; bilingual code-switching data, 10095
contextualization; code switching; textualization cue; pragmatics, 15853
event-related potentials; physiological correlates; receptive language-switching task; bilingual speakers; parietal areas; frontal area, 24683
identity; language use; attitudes; trilingual behavior; code mixing; teenagers, 15866
language changes; bilingual children; Punjabi; English; language assessment, 14626
language changes; bilingual children; Punjabi; English; language assessment, 5828
language interaction; narratives; Spanish language; Nahuatl language; code mixing; story-telling; Spanish monolingualism shift; bilingual speakers, 13175
lexical access; bilingual speech production; language switching; proficient bilinguals, 27983
pronoun alternation; domestic violence; code-switching; contextualization cues; interactional sociolinguistics; conversation analysis; institutional interaction; violence against women, 7333
Codeine—Serials
dosing guidelines; controlled-release codeine; chronic noncancer pain; acetaminophen; codeine; pain intensity; pain related disability; adverse effects; acceptability; analgesic; opioids, 5456
drug-drug interactions; codeine; dihydrocodeine; hydrocodone; oxycodone; buprenorphine; pharmacokinetics; prodrugs; morphine, 5262
synergistic effects; antinociceptive interaction; codeine; diclofenac; local administration; spinal administration; oral administration; rats, 7208
Codeine Sulfate [See Codeine]
Codependency—Serials
emotional maturity; self differentiation; psychological development; addiction; codependency; family therapy, 31548
family pathology; nursing students; codependency, 10609
test-retest reliability; Holyoake Codependency Index; Australian students; self-report measure, 24320
Coeds [See College Students]
Coeducation—Serials
single-gender classrooms; coeducation; underachievement; students; human sex differences, 30008
Coercion—Serials
acute psychiatric care; coercive measures; ethics; psychiatric nurse; psychiatric treatment, 32981
anti-rape video; sexual coercion; rape prevention; attitudes; alcohol expectancies; attitudes toward women; beliefs about rape; male undergraduates, 19088
coerced offender rehabilitation; defensible practice; criminal justice system; therapeutic relationship, 26768
coercive interventions; patient seclusion; psychiatric hospital; staff; preferences; control procedures; psychiatric emergencies; aggression; violence; self-harming patients; restraint, 11876
cognitive processes; memory distortions; false confessions; memory illusions; false memories; coercion, 30720
construction grammar; aspectual coercion; modular grammatical architecture; semantic composition; syntax; coercion phenomena; morphosyntactic combination, 24882
family members; mental health services; financial arrangements; perceived coercion; psychiatric disability; demographic variables; treatment adherence; legal mechanisms; warnings; clients; clinicians, 11330
female inmates; sexual coercion; demographic characteristics; victim; perpetrator; policy implications, 5724
forensic psychiatric hospital; involuntary admissions; procedural justice; general psychiatric hospital; voluntary admissions; patient perceptions; coercion, 20607
gender differences; bodily feedback; forceful behavior; power associations; physical coercion; bodily force; making fist, 28504
gender differences; sexual harassement; sexual coercion; college students; developmental determinants; individual determinants; situational determinants, 1603
HIV infection; sexual risk behavior; dyadic trust; sensation seeking; sexual imposition, 32121
legal coercion; change readiness; alcohol problems; drug problems; client motivation; treatment motivation; treatment outcomes, 19662
parent-child interactions; parenting style; emotional reactivity; social relationships; early childhood; behavioral adjustment; conduct problems; coercion; reciprocity, 25177
prison-based research; coercion; informed consent; decisional capacity; mentally ill offenders; prisoners, 11970
sexual coercion; female psychiatric patients; mental health care; sexual experiences; severe mental illness, 13561
sexual coercion; sexual promiscuity; sexual behavior; college campuses; definitions; methodology; communication; peer groups; masculinity; femininity; alcohol, 34938
sexual coercion; territorial salamander; sexual intimidation; punishment; mating monogamy; aggressiveness, 15419
sexual harassment; female personnel; gender harassment; unwanted sexual attention; sexual coercion; domestic violence; hospital workers, 35010
state coercion; repression; military regime; Hobbes's dilemma; dictatorship; anarchy; Burmese people; government strategic adaptation; democratic movement; social order; rebellion; dissident responses, 16109
stranger sexual assault; acquaintance sexual assault; adult males; coercion; violence; physical injuries, 31900
symbolic interactionism; power; identity; personality; newly married couples; meaning, 1174
Coffee [See Beverages (Nonalcoholic)]
Cognition—Serials
Academic achievement; longitudinal study; mean length of utterance (MLU); narrative cognition; picturebook reading; language development; Peabody Individualized Achievement Test-Revised (PIAT-R), 33133
acetylcholine; histamine; cognition; brain functions, 15482
active learning; cognition, 29886
acute tryptophan depletion; cognitive function; cognitive changes; serotonin; performance; amino acids, 15566
adult cognition; processing speed; working memory; episodic memory; cognitive change; aging; individual differences; age-related cognitive function changes, 7463
alcohol consumption; alcohol susceptibility; cognition; psychophysiology, 6572
alcohol consumption; domestic violence; impulsivity; intimate partner violence; cognitive risk factors; aggressive behavior; marital aggression, 28808
Alzheimer's disease; treatment; vascular dementia; dementia; cognition; glutamatergic neurodegeneration; antiglutamatergic drugs, 29153
argumentative discourse; emotional reactions; verbal responses; cognition; argumentative unfairness; cognitive evaluation, 18343
behavioral ecology; central nervous system; cognition; natural selection; animals, 34024
brain size; innovation; evolution; birds; primates; cognition; hyperstriatum ventrale; isocortex; striatum, 34042
carotid endarterectomy; atherosclerotic disease; cognition; ipsilateral effects, 19923
categorization; grouping; similarity; cognition; musical structure; music theory; perceived derivation; cue abstraction, 12654
child prodigies; musical prodigy; cognitive elements; musical elements; practice elements, 4113
chimpanzees; understanding of mental states; theory of mind; paradigm shift, 21434
cholinergic muscarinic 2; CHRM2 receptor gene; cognition; polymorphisms, 12783
clinical cognition; embodied cognition; calculative rationality; intuitive know-how; Cartesian cognition; nursing; expertise, 23661
cognition metrics: consciousness; literary pragmatics, 28006
cognition; brain structure; schizophrenia; neurocognitive deficits; disease course; antipsychotic medications; neuroanatomy, 19443
cognition; classical conditioning; operant conditioning; mental representations; cognitive involvement, 18336
cognition; cognitive revolution; psychotherapy; psychodynamic therapy; behavioral therapy; cognitive-behavioral therapy, 20144
cognition; infancy; attention; memory; look duration; reaction time; recognition, 31180
cognition; information theory; age-related changes; memory; Nancy Collier Waugh, 9649
cognitive aging; cognitive plasticity; intellectual ability; mortality; intellectual domains; sensory domains, 34382
cognitive approach; marketing; intelligence; SWOT framework; managerial core logic; management planning, 30168
cognitive capacity; infant perseverative errors; cognition; locomotion; infancy inhibition; task difficulty, 24931
cognitive evolution; phylogenetic construction & inflection; natural selection; language; imprinting; spatial memory; ontogenetic construction & inflection; face recognition; theory of mind; imitation, 372
cognitive flexibility; anorexia nervosa; bulimia nervosa, 28962
cognitive impairment; social functioning; extensive bilateral prefrontal pathology; head injury; implicit cognition, 35250
cognitive interviews; question-response problems; less educated respondents; poor survey respondents; health questionnaire, 9544
cognitive model; binge drinking; alcohol expectancies; regular heavy drinkers; prevention strategies; problem drinkers; drinking styles; drinking refusal self-efficacy, 11010
cognitive neuoscience; numerate neurons; neuranal encoding; linear encoding; logarithimic encoding; mathematical cognition; computation ability; nonhuman primates; numerosity judgements, 15597
cognitive neuropsychology workshop; cognitive functions; physical pathology, 18586
cognitive revolution; clinical psychology; behavioral professionals; behavioral challenges, 18054
cognitive theories; selective attention; brain disorders; emotion; face recognition; cognition; Higher Order Representational theories of consciousness; frame problem; affective computing, 3423
cognitive variables; cognition; age differences; age-related influences; aging; intelligence, 10208
cognitive-emotional model; Carl Rogers; person-centered approach; personal growth; cognitive neuroscience, 2001
concepts development; dichotomy; infant motor development; visual control; infant cognition, 7400
consciousness; cognition; perception; memory; skill learning, 30756
constraints; interactive behavior; dependencies; embodied cognition; memory retrieval; perception; action; access to knowledge; perceptual motor factors; computer human interaction, 24435
conventional neuroleptic treatment; cognition; schizophrenia; antipsychotic agents; cognitive impairment, 26406
conversational sequence; interlocutors; irony; sociolinguistics; cognition; response, 7326
cross-linguistic variation; cultural scripts; cognition; semantics; thinking; polysemy; natural semantic metalanguage theory, 848
D-Cycloserine; N-methyl-D-aspartate agonist; motor cortical neuroplasticity; neurophysiology; transcranial direct current stimulation; cognition, 30994
Donald Redfield Griffin; animal behavior research; cognitive ethology; echolation; homing; biologist, 21412
emotion recognition; facial recognition; schizophrenia; neurocognitive performance; positive & negative symptoms, 22561
emotion; cognition; reading disabilities; emotional reactions; mood; self-schemas, 36232
environmental risk; social influence; adolescent substance use; risk cognitions, 31219
epilepsy; animal models; seizures; cognitive damage; behavior impairments, 18583
epistemic cognition; student-centred learning, 33080
epistemological development; epistemological beliefs; learning; cognition; academic domains; educational psychology, 20788
evidence-based psychotherapy; cognitive-behavior approaches; behavior therapy; cognition, 20187
evocation processes, designers; creativity; cognitive approach; design problem solving; creative ideas; presentation; external source; inspiration, 34655
executive control; young children; multidisciplinary approaches; cognition, 31143
existential-transcendental aspects; personal & social aspects; physical reactions; Strong Experiences related to Music; perception; cognition; general characteristics; feelings, 4009
flexibility; innovation; management; organizations; change; adaptation; spontaneity; innovation process; cognition; personality; benefits; innovation management, 36253
Fodor's problem; flexible cognition; modular account; natural language sentences; conceptual modules; sentence generator; supposer; inference to best explanation; computational tractability, 4029
George Eliot; linguistic representation; metaphors; knowledge; cognition; Middlemarch, 21942
glutamate receptor deficit; sensorimotor behavior; affective behavior; cognitive behaviors; knockout mice; wild type mice; spontaneous alteration; motor coordination, 21446
hearing impaired; sign language; visual language processing; deaf; hearing disorders; cognition, 8349
hippocampal function; cognition; cognitive disruption; schizophrenia; hippocampus; rodents; information processing; learning, 30878

hippocampal volume; spectroscopy; cognition; moods; corticosteroid therapy; declarative memory deficits; cortisol elevations, 20290
human cognition; schema; language; mental content; nonconceptual world, 15288
idiosyncratic cognitive schema; cognitive case formulations; intraindividual idiographic approach; clinical validation; cognition items; factor analysis; symptoms; distress, 33811
leisure; cognition; intellectual activities; physical exercise; social activities; age rate; cognitive decline; younger adulthood, 24060
lithium-associated cognitive impairment; negative cumulative cognitive effects; neuropsychological impairment, 11538
logical connectives; mental representation; language; cognition; reasoning, 24471
manual labor; cognition; cognitive task analysis, 24035
measurement; treatment research; cognition in schizophrenia; neuropharmalogical aspects; MATRICS program; drugs, 32439
memory functions; nonmemory functions; chronic epilepsy; cognition; temporal lobe epilepsy; surgically treated patients; medically treated patients, 11649
memory; health; aging; cognition; cognitive neuroscience; brain abnormalities; blood pressure; dementia; sex differences, 34387
mismatch negativity potentials; cognitive impairment; schizophrenia; cognitive status; event-related potentials, 28681
modafinil; cognition; response inhibition; adults; attention deficit hyperactivity disorder, 26441
mothers; behavior modification; pretense; pretend play; real world comprehension; infant development; cognitive development; cognition; pretender behaviors; mother-toddler communication; signal value, 7389
musical improvisation; temporality; embodied experience; music; consciousness; cognition, 31034
narrative; coherence; human cognition; cognitive penetrability; exaggeration; thinking, 33785
Native American; East Cree; semantics; morphosyntax; cognition; thinking; Algonquian language, 850
natural selection; Jerry Fodor; evolutionary psychology; gradualism; saltationism; human mind; evolution; mutations; adapted minds; adaptationis; human cognition, 3578
neuroanatomy of cognition; neuroanatomy; cognition; human cognition; mental activity, 18618
neurocognition; musical sound perception; human brain; neuronal circuits; auditory perception, 30641
neurocognition; social function; clinical correlates; hopelessness; schizophrenia; personality; symptoms, 34878
Newell test; theory; cognition; cognitive theories; classical connectionism; ACT-R theory; language; cognitive development; symbolism, 18050
night sky watching attitudes; college students; student interest; student enjoyment; student mood improvement; student thoughts; noctcaelador; emotional attachment, 15339
obesity; verbal memory; postmenopausal women; Downs syndrome; cognition; aging; cognitive function; estrogen levels, 29025
obsessive-compulsive disorder; thought action fusion; magical thinking; undergraduate sample, 25710
original intentionality; robot utterances; robot psychoanalysis; unconscious cognition; intentionality evolution, 12387
ovarian hormones; cognition; aged female rats; long-term ovariectomy; short-term ovariectomy; spatial performance; spatial memory; spatial cognition, 7152
ovarian hormones; cognition; progesterone supplementation; ovariectomy; hormone replacement therapy; spatial working memory; cognitive enhancing effects; aged female rats, 30961
physical reasoning; perception; cognition; expectations; infants, 24930
primary school students; History; temporal cognition; English National Curriculum, 33073
referential understanding; videos; chimpanzees; orangutans; children; Pan troglodytes; Pongo pygmaeus; Homo sapiens; visual cues; visual search, 9770
repetition effects; aging; age differences; performance; younger adults; older adults; cognitive processes; priming; response repetition; reaction times; cognition, 6585
schizophrenia; genetic predisposition; cognition; heritability; EEG; neurobiological & behavioural phenotypes, 1462
self-generated information; anterior prefrontal cortex; rostrolateral prefrontal cortex; cognitive tasks, 6862
self-presentational behavior; cognition; affect; competition; sports; self-handicapping behavior; stereotypes; social physique anxiety, 14811
social contagion; time perception; cognition; word puzzles; mood; social interaction, 10493
social origins; human nature; social psychology; social living; science; cognition; emotion; motivation; personality psychology, 25237
social psychology; seminal contributions; modern classics; culture; self; cognition; emotion; motivation; social reality, 9330
Somatik Inkblot Series; individual differences; cognition; emotion; classroom work, 30397
soy isoflavones; dietary supplements; genistein; daidzein; phytoestrogens; serum lipids; bone metabolism; cognition; lipid metabolism; osteoblasts; osteoclasts; bone markers; bone mineral density, 21833
spatial learning; memory; birds; cognition, 33960
substantia nigra; cognitive activity; cats, 27769
synchronically interpretable structure; human cognition; neural network; syntactically-structured objects; synchronic-diachronic characteristics; type uniqueness constraint, 24887
temporal construal processess; pros; cons; temporal distance; future; decisions, 21336
theoretical constraint on perception and cognition and development; theoretical interpretation; spatial perception, 33682
to win-shift vs to win-stay learning; spatiotemporal distribution memory; Xanthomyza phyrgia; patch replenishment; cognitive adaptation; nectar feeding birds, 3500
updating behavior; lacking knowledge experience; learning; context; cognition; motivation; affect, 27024
vagus nerve stimulation; neuropsychiatric disorders; mood; cognition, 20050
violent video game playing; aggressive behavior; aggressive cognition; aggressive affect; cardiovascular arousal; helping behavior, 15999
xenophobia; racist beliefs; cognitive mechanisms; daily lives; cognitive limitations, 31540

Cognition—Books

Cultural intelligence: Individual interactions across cultures, 10365
Natural ethical facts: Evolution, connectionism, and moral cognition, 4438

Cognition—Chapters

The constraining effects of initial ideas, 404
Dancing in the dark: Evolutionary psychology and the argument from design, 21074
Evolutionary psychology and the information-processing model of cognition, 21069
How many music centres are in the brain?, 7014
Information processing in children with specific language impairment, 4821
Learning and perceiving musical structures: Further insights from artificial neural networks, 9282
Mind in society, 36
Parallel distributed processing: Explorations in the microstructure of cognition, 3084
The prefrontal cortex: Categories, concepts and cognition, 3752

Cognition Enhancing Drugs [See Nootropic Drugs]

Cognitions [See Also Expectations, Irrational Beliefs]—Serials

abstinent methamphetamine abusers; relapse effect; cognition; memory, 31953
achievement goal theory; motivation; cognitive engagement; mathematics achievement; goals; performance-approach goal structure, 23895
action identification theory; attitude representation theory; mental representations; social groups; judgment processes, 34607
aerobic exercise duration; cognitions; running; feeling states; indoor running track, 24036
alcohol involvement; cognitions; drinking behavior; driving behavior; driver's license; youth; driving experience; drug involvement, 25896
androgenic metabolites; estrogenic metabolites; dehydroepiandrosterone; cognition; postmenopausal women; short term memory, 23247
anxiety-reducing effects; corticosterone levels; receptor antagonist; cognitive disorders; receptor mediated signaling; mice, 18710
athletic performance; elite athletes; trampolinists; situated cognition analysis; course of action; competition activity; elementary units of meaning; psychological preparation; self confrontation, 14808
Automatic Thoughts Questionnaire; cognition; reliability; validity; military recruits; psychiatric outpatients; major depression, 24234
automatic thoughts; negative emotions; children; adolescents; cognitive content specificity hypothesis; internalization; externalization; anxiety; depression; disruptive behavior disorders, 31182
brain development; neurophysiology; infant cognition; child cognition; cognitive abilities, 10211
brain electrical activity; spatial ability; verbal ability; cognition; affective style; performance; EEG; individual differences, 7035
brain; vertebrates' behavior; nervous systems; cognition; neural organization; cellular architecture; morphology, 21633
caffeine effects; arousal; cognition; habitual caffeine intake; autonomic measures, 24826
catastrophic misinterpretation; bodily sensations; panic disorder; self-efficacy; panic severity; cognitions, 25700
cognition; hemispheric activation; tympanic membrane thermometry; ear temperature, 21560
cognition; mania; depression; cognitive deficits, 1447
cognitive appraisal; affect; catastrophizing; chronic pain; coping; cognitions; chronic pain patients, 11157
cognitive assessment; schizophrenia; neurocognitive assessment batteries; neurocognitive function; Brief Assessment of Cognition in Schizophrenia (BAGS); test sensitivity, 25643
cognitive change; irritable bowl syndrome; hypnotherapy; symptom severity, 20454
cognitive content; thought-listed worry episodes; clinic-referred anxious; problem-solving; ruminating; self-blaming thoughts, 31826
cognitive deficits; schizophrenia; conflict processing, 7888
cognitive defusion technique; self-relevant negative thoughts, 20185
cognitive distortions; stress; treatment adherence; metabolic control; type 1 diabetes, 32081
cognitive interference; intrusive thoughts; information search behavior; Internet use; information processing load; self-evaluative thoughts, 10094
cognitive modeling; Connectionist Analogy Builder; analogical comparisons; knowledge representation, 3070
cognitive processes; comprehension; language; cognitions, 15867
cognitive sciences; gestaltpsychologie; Gaetano Kanizsa; experimental research, 12428
cognitive system; symbols; constituent processing; distributed representation; sub-symbolic representation; integrated approach; cognition; biology; Adaptive Character of Thought Rational, 9660
cognitoin; hypnosis; pain management; treatment; memory, 14246
color perception; color naming differences; color terms; color salience; visual neurophysiology; cognition; color naming behavior; languages; Vietnamese language speakers; English language speakers, 15207
Context of Thought; Context of Utterance; Free Indirect Discourse; grammatical notion; context of speech, 24469
counterfactual thinking; detrimental smoking scenario; affective evaluations; willingness to participate in a smoking related behavioral test; timing; college students, 2348
counterfactual thinking; temporal order effect, 30693
counterfactual thoughts; counterfactual thinking; judgments; persuasion; attitude change; attitude formation; motivation, 10529
deliberative mindset; predictive validity; relationship closeness; implemental mindset; dating students; school to work transition; relationship status; ratings; perceived partner commitment, 1178
delusional belief; belief content; Wittgenstein; Davidsonian dogma; normal cognition; stark delusions; inexplicable beliefs; rationality; mental content; cognitive mistakes, 22455
depression-related negative cognition; mood-state; trait dependent properties; state-trait model; cognitive bias; dysfunctional attitudes; depression severity, 28629
depressive symptoms; cognitions; self-efficacy; negative cognitive errors; hopelessness; stress; stresful events; cross-cultural investigation; non-Western culture; cognitive theories; adolescents, 19401
destructive & constructive marital conflict tactics; child perspectives; emotional security; parents; affective responses; Wales; cognitive responses; US; behavioral responses; gender; age, 984
dialectical behaviour therapy; DBT; cognitive behavioural therapy; forensic patient; cognitive therapy; distorted cognitions; forensic service; CBT, 16988
dysfunctional thoughts; classification; computer module; COGNO; automatic feedback; cognitive therapy, 32320
Ellis' cognitive theory of emotion; rational and irrational beliefs; physiological arousal; environment; emotional states; cues, 31562
emotions; consciousness; subjectivity; affect-logic theory; cognition; affective-cognitive interactions; attention; affective state; attention; language; abstraction, 18252
external thoughts; sketching; task difficulty; problem analysis, 21345
facial emotions recognition; schizophrenia; cognition; social functioning; neurocognitive functioning, 19463
feeling assessment; values cognition; value actualization; values-associated feelings; values change, 25355
forgiveness; memory; prototype structure; cognition; meaningfulness; centrality; categorization, 25364

global cognitive function; hormone therapy; medroxyprogesterone acetate; conjugated equine estrogens; postmenopausal women; Women's Health Initiative Memory Study, 29327
greed; death; values; terror management; transcendence management; death reflection; near-death experiences; posttraumatic growth; wealth; possessions; intrinsic behavior; mortality salience, 13462
grounded theory; multipathway model; homicide process; cognitive factors; emotional factors; behavioral factors; offenders, 11040
hippocampal acetylcholine release; cholinergic ligand; microdialysis; neurotransmitters; pharmacological characteristics, 3959
HIV; negative thoughts; pain response; pain experience; neuropathic pain; cognitive-behavioral treatment, 8430
iconic priming; multicultural counseling; individual thought; individual behavior; culture, 26223
implicit association test; automatic cognition tests; test faking; questionnaire measures; explicit measures; explicit tests, 30423
inhibition; distractor interference; prepotent response inhibition; proactive interference; random number generation; task-switching ability; cognitive failures; span recall; intrusive thoughts, 12638
intrusive memories; cognitive behavioral treatment; emotional impact; posttraumatic stress disorder; phenomenology, 25716
invisible cognitions; peception; thought processes; cognition; memory, 18348
issue preface; formal reasoning; rational thought; logically valid inferences; cognitive study, 24475
logicomathematic structural methodology; theoretical implications; unconscious cognition; consistent set; mathematics; structural methodology; language; verbal narratives, 18062
low-income preschoolers; false-beliefs; Head Start, 10175
maternal representations; pregnancy; early motherhood; test validity; L'entretien; Turkish translation; primiparous pregnant women; primiparous mothers; postpartum period; content-free dimensions, 9393
mental pollution; sexual assault; female victims, 19595
metaphor; thought; psychotherapy, 20169
mirror cognitions; mirror behaviours; body shape; women; body image, 25340
multiple chemical sensitivities; somatization disorder; agoraphobia; depression; marital problems; anxiety disorders; metacognitions; cognitive therapy, 5205
negative cognitions; disease course; bipolar depression; mania; cognitive interventions; bipolar disorder; treatment, 34828
negative cognitions; emotional problems; traumatic grief; depression; anxiety; bereavement; symptom severity; loss of first degree relative; adults, 1366
neuropsychological test performance; antiretroviral treatment; antiretroviral therapy; protease inhibitor; zidovudine; indinavir; CSF; plasma HIV-1 RNA, 23394
neuropsychological test performance; healthy volunteers; donepezil; learning; memory; cognition, 23214
neuroticism; extraversion; self-assessed health; health-relevant cognition, 28522
obsessions; neutral thoughts; obsession like thoughts; thought suppression; obsessive compulsive disorder, 24418
obsessive-compulsive disorder; neuropsychological model; security motivation systen; feeling of knowing; goal attainment; termination signal; neural underpinnings, 10836
obsessive-compulsive disorder; pathological gambling; dysfunctional cognitions; panic disorder, 22397
obsessive-compulsive disorder; thought action fusion; magical thinking; undergraduate sample, 25710
olanzapine; risperidone; cognition; schizophrenic patients; cognitive functions, 29348
orchestral compositions; graphic representations; pictures; abstract repesentation; college students; content analysis; musically trained participants; untrained participants; representation styles, 21944
panic disorder; cognitive behavior therapy; bodily sensation; catastrophic misinterpretation; positive cognition; negative cognition, 34896
parental satisfaction; parental behavior; child physical abuse; unrealistic expectations; parental aggression; parental depression; social desirability; attribution bias; treatment study, 1600
personality traits; motivation; goal specific cognitions; Five Factor model; self determination theory; planned behavior theory; degree performance; undergraduate students, 12158
Posttraumatic Cognitions Inventory; psychometric properties; factor structure; internal consistency; concurrent validity; discriminant validity; discriminative validity; traffic accident survivors, 33573
professional withdrawal cognitions; organizations withdrawal cognitions; discriminant validity, 2925
psychological theories; cognitive development; false-belief task; human cognition; attribute beliefs; children's attributions, 18924
psychometric properties; Dysfunctional Attitude Scale; reliability; validity; clinical populations; nonclinical populations, 24235
relational frame theory; stimulus relations; complex human behavior; behavioral paradigm; human language; cognition, 7721
sedation; Spanish patients; psychological distress;cultural differences; cognition; Canadian patients; palliative care; existential distress, 23346
self-beliefs; core beliefs; specific cognitions; eating; body shape; weight; bulimia, 19808
self-talk; swimming pool; thought content; athletic performance; water-polo tasks, 30242
Sexual Modes Questionnaire; cognitions; emotions; sexual response; sexual function; sexuality; reliability; validity; measurement, 12467
situated cognition theory; student experience; workplace; learning; work experiences; engineering students; legitimate peripheral participation; science education; gender issues, 30144
situational coping strategies; dispositional coping strategies; personality; cognitive appraisals; psychological distress, 22328
Social Thoughts and Beliefs Scale; cognitions; social phobia; test reliability, 175
societal implications; psychiatric disorder; clinical depression; social definitions; lifestyle drugs; mood; behavior; cognition, 23476
speech anxiety; speech anxiety thoughts inventory; scale development; psychometric data; cognitions, 14998
systolic blood pressure; cognition; depression; orthostasis; cerebral hypoperfusion; cell damage; neuropsychological function; pulse pressure; verbal memory; prospective memory; African Americans, 22894
temporal biases integration; focal thoughts; accessibility experiences; confidence changes; planning fallacy; impact bias; hindsight bias, 24467
therapist perceptions; stress; drinking urge; alcoholics; cognitive functioning, 23725
thought action fusion; Obsessive Compulsive Disorder; treatment; anxiety, 31822
thought action fusion; obsessive compulsive disorders; negative affect; cognitive bias; anxiety disorders; emotional distress; depression, 1511
thought suppression; obsessive-compulsive disorder; cognitive behavior therapy, 32315
thoughts; death; self harm; prediction; female twins, 19596
transcranial magnetic stimulation; specific cortical areas; cognitive neuroscience; psychological models; cognitive functions; cognitive studies, 530
trauma-related intrusive cognitions; schizotypy; dissociation; trauma history, 9654
Type A behaviour pattern; attentional bias; anger; hostility; achievement; failure; dysfunctional cognitions; competitiveness, 25341
verbal memory; hormone replacement therapy; breast cancer; psychological morbidity; cognitive functioning, 14271
veridicality; nonconventional cognitions; transpersonal psychology; measurement, 27428
violent video game exposure; aggressive behavior; computer games; violence; cognitions; affect; physiological desensitization; helping behavior; general aggression model; violent TV, 34946
worldviews; worldview approaches; psychological construct; component dimensions; integrated theory; worldview function; research agenda; social reality, 13453

Cogn¹tions [See Also Expectations, Irrational Beliefs]—Books

Between emotion and cognition: The generative unconscious, 11395

Cognitions [See Also Expectations, Irrational Beliefs]—Chapters

Language re-entrance and the inner voice'17996
A longitudinal study of the reciprocal nature of risk behaviors and cognitions in adolescents: What you do shapes what you think and vice versa, 15927
Promotion and prevention strategies for self-regulation: A motivated cognition perspective, 13506

Cognitive Ability [See Also Mathematical Ability, Reading Ability, Spatial Ability, Verbal Ability]—Serials

abstraction impairment; cognitive domains; memory; executive function; aging; prefrontal cortex functioning; Rhesus monkey, 3570
academic achievement; academic functioning; classroom environment; learning behaviors; school psychology; student engagement; bullying; Cognitive Abilities Scale, 23773
academic achievement; homeless adolescents; housed peers; cognitive abilities; school experiences; public assistance; school mobility; grade retention; post-secondary education, 33135
academic deficit; acute lymphoblastic leukemia survivors; math weaknesses; math skills, 19912
academic performance; deviant behavior; emotional intelligence; disadvantaged adolescents; cognitive ability; personality traits; school behavior; emotional self-efficacy; secondary education, 12157
achievement test scores improvement; cognitive ability; low-achieving children; public school students; growth curve analysis; socioeconomic status; standardized test data; scores growth documentation, 12523
acquisition; action control; cognitive development; executive functions; action-effect associations, 15944
Action Fluency Test; normative data; elderly subjects; verbal fluency; executive functioning; verb retrieval, 24179
acute tryptophan depletion; cognitive function; cognitive changes; serotonin; performance; amino acids, 15566
adaptation; cognitive constraints; task constraints; computer-based tasks; methods; strategies; task demands, 3350
ADHD; attention deficit hyperactivity disorder; executive function; drug therapy; behavior therapy; combined treatment, 8061
adolescent twins; genetic polymorphisms; cognitive functioning; phenotypes; moles, 34259
adolescent-onset schizophrenia; neuropsychological correlates; neuropsychological impairment; spatial working memory; cognitive function, 7882
adult age differences; cognitive functioning; age-related declines; cognitive abilities; cognitive aging, 28084
adult age differences; cognitive functions; cognitive ability; ability level; vocabulary; list recall; speed; working memory; text recall; aging; dedifferentiation; differentiation, 7486
aerobic endurance exercise; executive functions; depressed patients; major depressive disorder, 1427
affect recognition; psychopathology; cognitive performance; schizophrenia; emotion perception, 28687
African American acculturation; neuropsychological test performance; traumatic brain injury; neuropsychological tests, 29134
African American; schizophrenia; medication; clozapine; divalproex sodium; risperidone; intellectual functioning; supported employment program; transitional program, 29758
age differences; executive functioning; lifespan; verbalization; developmental functions; task preparation, 15964
age related differentiation; cognitive abilities, 24986
age-related cognitive slowing; spontaneous motor tempo; processing speed; internal timing mechanism; working memory, 30655
age-related decline; cognitive ability; test words; lexical decisions; emotion words; tone of voice; arousal words; font color, 33841
age-related deficits; working memory; aging; brain-derived neurotrophic factor; neurotrophin; nerve growth factor; neurodegenrative disorders; hippocampus; frontal cortex; reference memory; female rat, 3605
age-related differences; arithmetic problems; verification strategies, 25093
aging; attenuated processing robustness; cognitive functioning; sensorimotor functioning; human functioning; intraindividual dynamics taxonomy, 34381
aging; perceptual speed; knowledge; old age; ability dedifferentiation; age differences; pragmatic abilities; cognitive processing speed; intellectual development; intelligence, 7460
aging; young old; oldest old; aging mind; functional capacity, 16055
alertness; chemosensory function; cognitive function; neural disorders, 18771
Alzheimer's disease; behavioral disturbance; cognitive impairment; functional status; activities of daily living; functional impairment; autonomy, 20012
Alzheimer's disease; cognitive functioning; cognitive decline prediction; amyloid precursor protein; acetylcholinesterase inhibitors, 35260
Alzheimer's disease; memory; cognitive abilities; personality change; dysfunction; nerve cell death; information processing; drugs; treatment; neurodegenerative process, 32173
Alzheimer's disease; onset; mid and late phase; psychological symptoms; behavioral disturbances; cognitive decline, 19987
Alzheimer's disease; relational integration; executive function; relational complexity; prefrontal cortical dysfunction, 20070
androgens; testosterone; hippocampus; cognitive performance; male rats; dihydrotestosterone; hydroxysteroid dehydrogenase; androstanediol, 30975
anger; psychopathology; cognitive inhibition; UK servicemen; neurocognitive function, 1253
anxiolytics; cognitive flexibility; problem solving; stressors; anxiety; anagrams propranolol; lorazepam; noradrenergic system, 24851

apolipoprotein E genotype; gene variability; cognitive functions; cognitive aging; logical memory; verbal memory, 25092
apolipoprotein E polymorphism; neuropsychological outcome; subarachnoid haemorrhage; genotype; cognitive performance; emotional outcome, 29157
applicant reactions; selection screening technology; face-to-face interview; telephone interview; interactive voice response screening; individual differences; cognitive ability; conscientiousness, 33232
arithmetic; age-related differences; strategy selection; five-rule effects; cognitive ability; judgments; young adults; elderly; arithmetic problem verification tasks, 30678
associative deficit hypothesis; older adults; episodic memory; cohesive episodes; name-face pairs; attentional resources; recognition memory, 33870
attention deficit hyperactivity disorder; gender differences; gender effects; ADHD; adults; psychiatric comorbidity; cognitive functioning, 19741
attention switching; mental counting; executive functions; working memory; frontal cortex; event related potentials, 7048
attention-deficit/hyperactivity disorder; executive functions; planning; working; memory; delay aversion, 4779
attentional networks; alerting; orienting; executive function, 21398
atypical antipsychotic; cognitive performance; placebo withdrawal; executive function; general intellect; schizophrenia, 11570
atypical antipsychotics; cognitive function; schizophrenic patients; 5HT-2A receptors; dopamine; prefrontal cortex, 29395
auditory P3a; neuropsychological tests; aging; prefrontal cognitive functioning; adults; frontal cognitive functioning; general fluid cognitive ability, 3632
auditory selective attention; schizophrenia; executive control; auditory processing, 25654
auditory stimulus intensity; hearing threshold; cognitive function; stimulus intensity; hearing effects; cognition effects; event-related potential; P300, 15649
autism spectrum disorders; neuroanatomy; MRI; preschool children; brain volumes; cognitive functioning, 13780
automatic controlled information processing; error detection; attentinal variables; information processing demands; pharmacy dispencing tasks; cognitive performance, 6468
balance performance; secondary cognitive task; memory, 18362
bedtime alcohol ingestion; cognitive procedural task; memory loss; ethanol consumption prior to sleep; pursuit rotor task; declarative task; sleep states, 3979
behavioural inhibition; cognitive inhibition; gambling task; developmental changes; age-related increase; immediate reward, 1240
Benton Visual Retention Test performance; elderly adults; total brain volume; depression; orbital frontal cortex volume; cognitive function, 10768
Biber Cognitive Estimation Test; dementia of the Alzheimer's type; dementia syndrome of Parkinson's disease, 33541
bilingualism; aging; cognitive control; Simon task; older adults; executive function, 25085
biosocial factors; sexual orientation; neurocognitive functioning; cognitive performance; gender role learning; judgment; verbal fluency; perceptual speed; object location memory; early development, 27515
bipolar disorder; psychomotor performance; healthy first-degree relatives; excecutive cognitive functioning; serotonergic vulnerability; L-tryptophan; trait marker; attention; memory; learning, 10044
bipolar disorder; psychomotor performance; healthy first-degree relatives; excecutive cognitive functioning; serotonergic vulnerability; L-tryptophan; trait marker; attention; memory; learning, 10027
brain circuits; major depressive disorder; psychopharmacology; wakefulness; fatigue; executive dysfunction, 7847
brain development; neurophysiology; infant cognition; child cognition; cognitive abilities, 10211
calendrical calculation; savants; calendrical skills; development; social skills; cognitive skills, 25006
caregiving stress; cognitive function; older females, 11856
catechol O-methyltransferase gene; prefrontal cognitive functioning; 22q11.2 deletion syndrome; genetic polymorphism, 35170
catechol-O-methyltransferase; genetic polymorphism; cognitive function; symptomatology; chronic schizophrenia; prognosis; onset age, 25683
category test; perseveration; memory scale; loss of cognitive set; executive functioning measures; head injury; schizophrenia; test validity, 193
cathepsin D exon 2; polymorphism; general intelligence; dementia risk factor; cognitive decline rate; older persons; quantitative trait loci, 13274
cerebral infarctions; cognitive function; dementia; older persons, 8305
character; personality disorder; neuropsychological function; incarcerated offenders; cognitive executive function; visual working memory; attentional set-shifting; planning; performance, 10851
childhood bipolar disorder; Cambridge Neuropsychological Test Automated Battery; neuropsychological performance; pediatric onset; cognitive functioning; adult onset, 10740
childhood depression; poor African American children; cognitive competence; scar hypothesis; risks; child psychosocial functioning; maternal HIV infection; social competence; cognitive competence, 1435
childhood; cognitive function; cognitive ability; mental ability; pathological changes; matter structure; white matter; ageing brain, 13276
cholinesterase inhibitors; Alzheimer's disease; long-term treatment; cognitive symptoms; clinical evidence; drug treatment, 32526
chronic drug user; donepezil; anticholinesterase inhibitor; cognitive benefits; treatment; cognitive ability, 2176
chronic fatigue syndrome; cognitive-behavioural therapy; cognitive functioning, 19901
chronic fatigue syndrome; social isolation; cognitive impairment; neuropsychological problems; daily activities, 19837
chronic schizophrenia; cognitive function; insight; negative symptoms; posative symptoms; treatment compliance, 31778
chronic sleep deprivation; total sleep deprivation; sleep restriction; neurobehavioral functions; sleep physiological functions; cognitive performance; cumulative wakefulness; neurobiological cost, 3839
chronic transdermal nicotine; cognitive performance; attentional performance; age associated memory impairment; clinical symptoms, 17092
clock copying; clock drawing; neurocognitive development; elementary school aged children; executive function; visuo-construction; visual-motor coordination; neuropsychological correlates, 18914
Clock Drawing Test performance; cognitive status; positive and negative symptoms; schizophrenia; symptom severity, 10779
cognitive abilities; age differences; alternative model representation; general factors constructs; nested factor model; specific group factors, 15981
cognitive abilities; alzheimers disease; cognitive process; patients, 20031
cognitive abilities; law of diminishing returns; IQ test correlation; intellectual efficiency; children; French intelligence scale; IQ groups, 34271
cognitive abilities; mixed effects models; modeling age; retest processes; longitudinal studies; age-related effects; memory; spatial ability; speed, 25094
cognitive abilities; tool use; woodpecker finch; Cactospiza pallida, 21437
cognitive ability assessment; job applicants; personality assessment; fairness perceptions; selection test, 10563
cognitive ability measurement; signal detection methods; familiarity; overclaiming technique; self-report; standard ability tests, 30477
cognitive ability tests; academic achievement; standardized tests; sex differences; cognitive ability; grades, 27499
cognitive ability; academic achievement; learning behaviors, 23898
cognitive ability; aging; cognitive assessment; change in cognitive functioning; National Adult Reading Test; Raven's Standard Progressive Matrices Test; test reliability; test validity, 18150
cognitive ability; cognitive abilities; general intelligence; individual differences; measurement, 10599
cognitive ability; economic welfare; socioeconomic achievement; family background; risk preferences; job properties; school background; occupational choice; gender, 9063
cognitive ability; intellectual inferiority reputation; stereotype threat; intellectual performance; disruptive mental load; situational context, 27493
cognitive ability; nonhuman primates; maze learning; long-tailed macaques, 21439
cognitive ability; older people; drugs; prescribed medications, 18996
cognitive ability; personality traits; life styles; family environment, 33674
cognitive ability; psychosocial activity; bilateral frontal lobe injury; cognitive deficits; dysexecutive problems, 29191
cognitive aging; cognitive plasticity; intellectual ability; mortality; intellectual domains; sensory domains, 34382
cognitive aging; drop-out effects; practice effects; intelligence tests; vocabulary tests; verbal memory tests, 34291
cognitive aging; memory compensation; memory skills; personality traits; health effects, 34372
cognitive capabilities; oldest individuals; proximity to death; nondemented twins; genetically related inviduals, 15960
cognitive change; aging; individual differences, 34393
cognitive change; biological age; chronological age; cognitive decline; older adults; cognitive change prediction; Victoria Longitudinal Study, 28143
cognitive changes; aging; methods; research design; research participants, 33819
cognitive changes; psychometric properties; cognitive tests; neuropsychological assessment; monitoring; reliability; stability; age; IQ; test-retest reliability; practice effects; reliable change, 24285
cognitive consequences; cognitive functioning; emotion regulation; self-regulation; expressive suppression, 27580
cognitive control; task switching; task activation; cues; retention, 33772
cognitive coping skills; depression vulnerability; cigarette smokers; cognitive behavior therapy; self-rated depression; depression proneness, 32309
cognitive decline; aging; educational level; visual working memory; elderly adults; visual discrimination, 7466
cognitive decline; Alzheimer's Disease; AD; visuospatial abilities; gender differences, 16735
cognitive decline; clinical milestones; Alzheimer disease; decline rate; activities of daily living, 8256
cognitive decline; cognitive function; genetic risk factors; aging; Alzheimer disease; APOE gene, 6821
cognitive decline; delirium; cognitive impairment, 25519
cognitive decline; global cognitive function; visuospatial ability; perceptual speed; death; episodic memory; semantic memory, 16069
cognitive decline; nonsteroidal anti-inflammatory drug; information processing speed; elderly individuals; NSAID; aspirin, 8514
cognitive deficits; cognitive assessment; cognitive enhancement; neurocognition; psychopharmacology; schizophrenia; test selection; cognitive battery; National Institute of Mental Health, 33547
cognitive defusion technique; self-relevant negative thoughts, 20185
cognitive development; Cognitive Abilities Scale; developmental needs, 21106
cognitive differences; immigrants; majority groups; educational achievement; work proficiency, 33832
cognitive disturbance; elective surgery; Taiwanese patients; post-surgical cognitive disturbance; confusion; prediction; models; post-operative delirium, 22971
cognitive dysfunction; psychiatric disorders; cognitive deficits; schizophrenia; affective disorders; attention; memory; cognitive functioning; behavioral treatments, 14087
cognitive dysfunction; schizophrenia; clinical symptoms; psychopathology; treatment; drug therapy; negative symptoms, 22544
cognitive effects; benzodiazepine use; psychotropic drugs, 29312
cognitive effects; treatment withdrawal; benzodiazepine; cognitive function, 23213
Cognitive Failures Questionnaire; dimensionality; construct validity; everyday task failures, 30378
cognitive flexibility; anorexia nervosa; bulimia nervosa, 28962
cognitive function; chronic granulomatous disease; inherited immunodeficiency; phagocytes; superoxide; metabolites; frequent hospitalizations; social development; educational development, 22867
cognitive function; cognitive performance; dysthymia; anxiety-depressive disorder; major depression; minor depression; episodic memory; mental flexibility; cognitive impairment, 16389
cognitive function; depression; symptom resolution; olanzapine; schizophrenia, 32474
cognitive function; hearing aid use; speech recognition; noise processing; working memory capacity; verbal information-processing speed; hearing aids; hearing loss, 8343
cognitive function; juvenile myoclonic epilepsy; cognitive performance; age; sex; family history; education level, onset; seizure types; EEG; therapy duration; dose; verbal IQ level; drug therapy, 26171
cognitive function; life span; cognitive impairment; etiology; protective factors; physical disorders, 4544
cognitive function; menopausal transition; verbal fluency; hormone replacement therapy; menopause symptoms, 15686
cognitive functioning; cognitive deficits; neuropsychology; MRI T2 hyperintensities; neurofibromatosis type 1, 8135
cognitive functioning; Down syndrome; donepezil; drug therapy; acetylcholinesterase inhibitor; language performance; caregivers, 5296
cognitive functioning; motor functioning; selective infarction; basal ganglia; decreased non-routine response selection & performance, 20065

cognitive functioning; neuropsychological test performance; temporal lobe epilepsy; visual-spatial memory; emotional functioning; seizure lateralization; language; visual perception; attention, 35249
cognitive functioning; old age effects; general intelligence; personality, 7465
cognitive functioning; psychological functioning; predictors; cholesterol lowering treatment; adherence; medication, 20441
cognitive functioning; schizophrenia spectrum disorders; sustained attention; visual memory; long-term memory; short-term memory; visual information processing; adolescents, 25685
cognitive functioning; schizophrenia; evaluation; definition; treatment effectiveness; symptom improvement; clinical efficacy; cognitive dysfunction; antipsychotics; activities of daily living, 23096
cognitive functioning; symptomatology; unemployed; supported employed; independently employed; employment; severe mental illness, 10664
cognitive functioning; temporary cognitive decline; mild cognitive impairment; Longitudinal Aging Study Amsterdam, 35269
cognitive functioning; unmedicated adult outpatients; effort hypothesis; cognitive speed hypothesis; cognitive dysfunctioning; allergic rhinitis; memory retrieval; effort; memory; major depression, 7821
cognitive functioning; unsafe driving behavior; cognitive impairment; health; dementia, 4179
cognitive functions; psychomotor performance; noradrenaline reuptake; milnacipran; placebo; cognition; repeated drug administration; mood; anxiety; vigilance; serotonin; memory; attention, 14175
cognitive gerontology; dementia detection; cognitive decline; assessment; diagnostic reliability; centenarian study; external cognitive functioning; performance varibility; very aged participants, 34377
cognitive impairment; cognitive functioning; neurotoxins; MDMA; drug use patterns, 19663
cognitive impairment; cognitive profile; idiopathic Parkinsons disease; demographic variables; medical variables, 23015
cognitive impairment; epilepsy; Mild Epilepsy Neurocognitive Disorder, 19944
cognitive impairment; mortality; cognitive status; cognitive decline; older Mexican Americans; cognitive functioning, 22980
cognitive impairment; prevalance; incidence; dementia; diagnostic criteria; predictive validities; age, 10649
cognitive impairments; Cambridge Neuropsychological Test Automated Battery; neuropsychological performances; obsessive-compulsive disorder, 17044
cognitive impairments; Cambridge Neuropsychological Test Automated Battery; neuropsychological performances; obsessive-compulsive disorder, 17073
cognitive impairments; financial competence; assessment; guardianship decisions, 12395
cognitive inertia; postconsumption evaluation processes; memory; satisfaction judgement; consumers, 9189
Cognitive Log; Cog-Log; Orientation Log; O-Log; traumatic brain injury; TBI; attention; memory; executive functioning; visuospatial ability, 18159
cognitive mechanisms; executive deficits; reality distortions; executive functions; confabulation; meningioma; motivation; memory, 19261
cognitive neuropsychology workshop; cognitive functions; physical pathology, 18586
cognitive outcome; psychosocial functioning; quality of life; unruptured intracranial aneurysm, 11681
cognitive performance differences; cognitive ability; individual differences; mild mental retardation, 35121
cognitive performance; alcohol consumption; japanese americans; protective effects; Japanese American drinkers; Caucasian drinkers; reaction time, 22115
cognitive performance; attentional processes; pain expectation; sensorimotor area, 24722
cognitive performance; bipolar depression; vascular disease; nursing home; antiepileptic drug; AED; residents; United States; epilepsy; seizure, 2163
cognitive performance; blood pressure; verbal learning; attention; systolic blood pressure, 24771
cognitive performance; cerebral injury; neuropsychological performance; cognitive impairment; MR markers; MS patients; verbal learning; memory; multiple sclerosis, 16743
cognitive performance; health; mental activity; physical activity; old age, 3363
cognitive performance; hypopituitarism; long term replacement therapy; recombinant human growth hormone; growth hormone deficiency; memory, 29486
cognitive performance; mesencephalic dopamine; cognitive functioning; motor symptoms; putamen; dopamine embryonic neurons; bilateral implants; Parkinson's disease; PD, 2321
cognitive performance; modafinil; sleep deprivation; volunteers; wakefulness; middle age, 18786
cognitive performance; older adults; healthy aging; health status; objective measures; self reports; episodic memory; perceptual speed; attention, 22129
cognitive performance; repetitive transcranial magnetic stimulation; task performance; alpha frequency, 15654
cognitive plasticity; learning potential; mild cognitive impairment; mild Alzheimer's disease; dementia; prediction; at risk populations; disease course, 1842
cognitive problems; Mini-Mental State Exam; cognitive functioning; assessment; cognitive test; dementia; Mexican-Americans; Hispanics; elderly, 18077
cognitive processes; conceptual integration; mental operation; human beings; cognitive blending, 30692
cognitive skill programmes; prison intervention programmes; adult male offenders; prison service, 32835
cognitive skills; inhibitory control; working memory; physiological functioning; temperament; language; preschool children, 10218
cognitive status examination; client relatives; relatives intentions; Alzheimers disease, 26179
cognitive status; binary outcomes; models; generalized estimating equations; logistic regression models; methods, 3278
cognitive style; verbal learners; individual differences; visual learners; learning preference; cognitive ability; college students; spatial ability; general achievement, 2791
cognitive support; episodic free recall; apolipoprotein E; vitamin B12; folate; older adults; encoding; retrieval, 18991
cognitive variables; cognition; age differences; age-related influences; aging; intelligence, 10208
cognitive-motor interference; CMI; stroke patients rehabilitation; brain injury; cognitive performance; dual-task gait decrement, 14456
college students; cognitive ability test performance; self efficacy; race; African Americans, 12461
conceptual framework; digital literacy; survival skills; cognitive skills; motor skills; sociological skills; emotional skills, 29973
content memory; temporal order memory; severe closed-head injuries; cognitive activities; performed activities; free recall; recognition, 4887
cooperation; cognitive limitations; temporal discounting; numerical discrimination; memory; psychological constraints, 27680
coronary artery bypass surgery; quality of life; cognitive function; gender differences, 8610
coronary bypass surgery; side effects; cognitive change; cognitive function; treatment outcomes; neuropsychological decline; prediction; microembolisms, 5460
correlated cognitive change; coupled cognitive change; aging; cognitive age effects; older adults; dementia; cognitive ability, 8309
cotinine; cognitive action; neuroprotective action; nicotine; pharmacological half-life; protracted behavioral response; apomorphine-induced deficits; cholinergic agonist, 21814
counting; resource demand; working memory span; cognitive resources, 18316
course of cognitive functioning; onset of schizophrenia; academic examination scores; first episode; young males, 10774
creative experience; cognitive processes; problem finding; perceptual coordination; constructive perception skill; design profession, 3331
creative thinking abilities; cognitive problem-solving skills; high intelligence quotient; verbal fluency, 30101
crew resource management skills; non technical skills system development; pilots; cognitive skills; social skills; European taxonomy; NOTECHS; assessment, 14867
cross-cultural similarities; mental structures; categorization; English language; North American culture; universality, 33826
crossed aphasia in dextrals; cognitive functions; language; gestures; visual spatial abilities; aadult, 20018
cue exposure; cognitive performance; nicotine deprivation; urge to smoke; smoking-related cues, 4309
declarative learning; motor procedural learning; subclinical obsessive-compulsive symptoms; executive functioning; spatial problem solving; cognitive procedural learning, 4662
dehydroepiandrosterone; drug efficacy; tolerability; Alzheimer's disease; DHEA treatment; placebo; cognitive functioning; disease severity, 8654
delirium; organic psychiatric syndrome; neuroleptics; quetiapine; impaired cognitive functioning; outcomes; side effects, 11553
dementia screening; mental state examination; cognitive determinants; non-institutionalized residents; retirement communities, 32246
dementia; mild cognitive impairment; cognitive screening; test construction; DemTect screening test, 18131
depressive symptoms; affective disorders; bipolar disorder; hypomania; major depression; cognitive function, 28624
developmental dyslexia; cognitive profile; preliminary subtypes; Chinese primary school children, 11097
diazepam; disinhibitory cognitive effects; executive tasks; neuropsychology; risk taking, 27875
diet; cognitive performance; sleepiness; high carbohydrate diet; high fat diet, 15176
Digit-Symbol Substitution test; heterosexuality; women; men; homosexuality; performance differences; cognitive functions; adults; sexual orientation, 13386
disabled students; Australian schools; disability identification; disability definition; trends, 30077
disablement process; intellectual flexibility; everyday cognitive tasks; fatalism; self-confidence; older adults; illness; followup, 1755
distinctive features; correlation; conceptual structure; conceptual system; dissociation, 12663
distress proneness; cognitive decline; aging, 34397
donepezil; cognitive impairment; treatment; dementia; Parkinsons disease, 14158
dopamine transporter gene DAT1 polymorphism; attention deficit/hyperactiviei disorder; methylphenidate; genotypes; allele status; cognitive ability, 19758
dopamine; potassium current; prefrontal cortex; neurons; cognitive activity; schizophrenia; drug addiction; rats, 21573
down syndrome; intellectual impairment; intelligence quotient; cognitive assessment; special needs; Stanford Binet: fourth edition, 18149
Down syndrome; multimodal inhibition; inhibition of return; information processing capabilities; visual cues; verbal cues, 25986
drug dosages; food consumption; neurotransmitter levels; weight loss; tetrahydrocannabinol; cognitive function; mice, 27851
dual-task effects; aging; latency; accuracy; complexity, 947
dual-task performance; cognitive impairment; cognitive status; aging, 19994
dysgraphia; neurodegenerative disorders; cognitive impairment; apraxia of speech; writing errors; focal cerebral degeneration; agraphia; Alzheimer's disease; neuropsychological assessment, 11272
dyslexia; central executive; phonological loop; impairments in working memory; adults, 1716
ecstasy usage; cognitive changes; attention tests; memory; long-term cannabis users; impaired memory; story recall; recreational MDMA users, 25872
ecstasy; chronic users; cognition; mood; serotonergic system; verbal learning; delayed recall; word recall; cognitive tests; working memory; attention; 3,4- methylenedioxymethamphetamine, 25895
ecstasy; single dose; cognition; psychomotor performance; driving-related task performance; recreational ecstasy users, 13027
Editors' introduction; journal editorial; special issue papers; mental cues; cognitive control, 15291
Eleanor Saffran; single word processing; lexical processing; object naming; single word reading; single word repetition, 18549
electronic mail; e-mail interface; acquired cognitive-linguistic impairment; interface design, 1874
elicited imitation; autism; intellectual disabilities; autistic patients; imitation deficits, 28894
emotion recognition; facial recognition; schizophrenia; neurocognitive performance; positive & negative symptoms, 22561
emotional competence; cognitive ability; individual performance; team performance; team-member attitudes; leadership perceptions, 27105
emotional facial expressions; Parkinson's disease; basal ganglia; cognitive ability, 8236
emotional intelligence; cognitive ability; maximum-performance; self-report measures; big five personality dimensions, 24201
emotional problems; length of loss of consciousness; severity of cognitive impairment; head trauma; traumatic brain injury; personality dysfunction; personality changes, 16765
endurance exercise; cognitive ability; prefrontal-dependent cognition; transient hypofrontality hypothesis, 30662
epilepsy; surgery; cognitive ability; neuropsychology, 19989
epileptic seizures; epilepsy syndrome; electroencephalographic recording; cognitive function; reaction time, 8317
epileptiform EEG; cognitive impairment; cognitive function; seizures; transient cognitive impairment; epilepsy, 19943
estrogen replacement therapy; cognitive functioning; Alzheimer's disease; memory problems; women; cognition; clinical course, 35639
ethanol; judgment; cognitive performance; psychomotor performance, 18808

event related potential; ERP; P300; cognitive processing; aging; physical exercise; age differences, 7471
event-related brain potential changes; stroke patients; cognitive impairments; drug administration; cognitive functions; choto-san administration, 15825
event-related potentials; ERP; hypnotic state; high hypnotizability; global field power; GFP; cognitive ability; selective attention; hypnosis, 3427
executive cognitive function; rehabilitation; elderly inpatients, 25522
executive control; brain systems; neuroimaging; working memory; attentional processes; attentional selection; behavior; language function; verbal goal representations; brain systems interaction, 15286
executive deficits; visuospatial deficits; chronic progressive external ophthalmoplegia; Kearns-Sayre syndrome, 22790
executive dysfunction; Parkinson's disease; Supervisory Attentional System; verbal fluency; Hayling Task; executive function, 4974
executive dysfunction; primary care; differential diagnosis; fatigue, 8630
executive dysfunction; word naming performance; Alzheimer dementia; word reading performance; lexical-semantic impairment, 29103
executive function deficits; assessment; Parkinsons patients; Tower of London-Drexel; demented patients; depressed patients; test validity; patient differentiation; stimulus-bound score; utilization, 14972
executive function development; life span; aging; perseverative responding; age-related changes; memory; process dissociation; sorting tasks; hierarchical models, 15987
executive function; 1st grade children; 2nd grade children; inhibitory control; behavior problems; externalizing behavior; internalizing behavior; sequencing ability, 10257
executive function; ecological validity; neuropsychological assessment; cognitive capacity; behavioral manifestation; brain injury; Behavior Rating Inventory of Executive Function; inventory; validity, 15067
executive function; executive dysfunction; autism; frontal lobe; autism spectrum disorder; planning; working memory; neuroanatomical correlates; impulse control; inhibition; shifting set, 25948
executive function; neuropsychological testing; attention-deficit hyperactivity disorder; cognitive ability, 18158
executive function; preschool-age children; clinical assessment; everyday context; scale development; Behavior Rating Inventory of Executive Function, 30447
executive function; schizophrenia spectrum disorders; obsessive symptoms; compulsive symptoms; cognitive deficits; social function; negative symptoms; attention, 19472
executive function; theory of mind; symptoms; autistic children; symptom severity; mental states; executive control skill; language level; reciprocal social interaction; repetitive behavior, 19750
executive function; verbal memory; Parkinson's disease; memory impairment; delayed verbal recall, 1849
executive functioning deficits; attention deficit hyperactivity disorder; autism; cognitive processes; oppositional defiant disorder; conduct disorder; comorbidity, 22728
executive functioning speed; executive functioning accuracy; obsessive compulsive disorder; frontostriatal circuitry; psychomotor speed, 21166
executive functioning; age-related cognitive decline; normal adults; cognitive functioning; age-related effects; cognitive ability; executive control; age differences; verbal fluency, 3375
executive functioning; normal aging; elderly adults; behavioral dysexecutive symptoms; daily life functioning, 7451
executive functions; attention deficit hyperactivity disorder; inhibition, 19739
executive skills; Klinefelters syndrome; sex chromosome abnormality; X-chromosomes, 19892
exogenous melatonin; cognitive functioning; age-related cognitive decline; healthy elderly subjects; sleep latency, 27931
expectancy violations; sensitivity; health aging; mild cognitive impairment; executive dysfunction; expectancy bias, 19966
facial emotion recognition; ketamine; brain regions; healthy men; facial emotion perception; emotional processing; cognitive processing; neural processing; emotional blunting, 12965
facial perception; misidentification; pictures; person recognition; encephalitis; frontal lobe function; semantic deficits; executive deficits, 29115
factor analysis scores; traumatic brain injury; adaptive functioning; memory; executive functions; brain injured children; severity; test age; executive function components; typical children, 16739
family history of psychosis; cognitive ability; bipolar disorder; schizophrenia; genetics, 4576
fatigue; cognitive dysfunction; executive dysfunction; major depressive disorder; antidepressant treatment, 8504
fatigue; executive dysfunction; primary care; psychiatric disorders; symptoms, 8588
Flynn effects; secular trends; mean intelligence; test scores; language scores; mathematics scores; general ability scores; standing height; Norwegian conscripts, 33831
forensic practice; prison settings; cognitive skills interventions; psychiatric inpatient care; sexual harassment; mental health, 32833
formal education; AD pathology; cognitive function level; older people, 1828
frontal brain; Wisconsin Card Sorting Test; brain tumor lesions; executive dysfunction, 18154
frontal executive skills; amyotrophic lateral sclerosis patients; cognitive ability; frontotemporal lobar dementia; FTLD, 8273
frontal lobe dysfunction; problem-solving; social contributions; non-social contributions; executive functions; Tourette syndrome; Aspergers syndrome; neurodevelopmental disorders; preferred solutions, 16741
frontal lobe executive functioning; hypnotic ability; memory tasks; dissociated control theory; source amnesia; free recall, 12720
functional impairment; functional status; older adults; Japan; cognitive functioning; aging; self-rated health; interpersonal differences; functional change; old age, 7467
functional neuroimaging; prefrontal networks; prefrontal cortex; functional connectivity; cognitive aging, 3720
functional status; executive control function; aging; prediction; Freedom House Study, 28149
gambling problems; gambling dependence; obsessive passion; cognitive states; affective states; harmonious passion, 35009
gambling; fluid intelligence; executive function; letter fluency, 12647
Ganser Syndrome; symptoms; frontal-temporal lobe dementia; cognitive decline; malingering; mild organic impairment; organic dementia, 4524
gender differences; cognitive abilities; health state; health habits; reaction time, 9658
gender differences; cognitive functioning; cognitive abilities; brain structure; cognitive decline rate, 34368
gender role orientation; stereotyped cognitive tasks; feminine cognitive tasks; stereotypically masculine cognitive tasks; task performance; gender-related self-concept, 25201
general mental ability validity; general mental ability measures; occupations, 3244
general mental ability; occupational attainment; job performance; job experience; aptitude; occupations; theories, 10564
genetic contributions; environmental contributions; general cognitive ability; longitudinal stability, 31169
genetic influence; memory performance; familial Alzheimer disease; cognitive measures; neuropsychological measure, 29140
genetics; cognitive abilities; adolescent twins; environmental effects; monozygotic twins; dizygotic twins, 34283
genetics; prefrontal function; human prefrontal cortex; evolution; cognitive ability; intelligence, 12795
geographic information science; geographic space; human cognitive factors; task analysis; human decision-making, 24438
getting lost; executive functions; Alzheimers disease; dementia; directed attention; attentional impairments; distractibility; impulsivity; irritability, 35267
ginkgo biloba special extract EGb 761; cognitive function improvement; senile primary degenerative dementia of the Alzheimer type; multi-infarct dementia, 11653
ginkgo biloba; bacopa monniera; cognitive function; antioxidant properties; cholinergic modulation, 18776
global cognitive function; hormone therapy; medroxyprogesterone acetate; conjugated equine estrogens; postmenopausal women; Women's Health Initiative Memory Study, 29327
global-local visual processing; posttraumatic stress disorder; hemispheric asymmetry; visual hierarchical attention, 34930
glycemic control; cognitive function; type 2 diabetes, 16603
growth hormone deficiency; growth-hormone deficient mouse strains; cognitive again; growth hormone signalling; open-field behavior; young vs old mice, 18690
habitual caffeine use; cognitive change; age-related cognitive decline; verbal memory performance; psychomotor speed, 794
hand laterality; cognitive ability, 607
healthy control subjects; objective measurement; cognitive impairment; dependent variables; working memory task; multiple sclerosis; central executive; comparable level; healthy group, 18146
Hebb-Williams Maze; test performance; strain differences; cognitive ability; spatial learning; mice; major histocompatability complex; genetics; gender differences, 483
herpes simplex virus; cognitive deficits; bipolar disorder; cognitive functioning, 19367
HIV infection; psychological problems; chronic illness; cognitive ability; adaptive functioning; behavioural difficulties; attention difficulties; socioeconomic status; parental bereavement, 13892
homocysteine; white matter hyperintensities; cognitive decline, 22929
homosexual men; heterosexual men; neurocognitive performance; neurodevelopment; cognitive abilities; developmental stress; human sex differences; developmental instability; environment, 13202
human memory; genetic variation; environmental factors; cognitive ability; 5-HT2a receptor; serotonin receptor, 6825
hydration; cognitive performance; healthy older adults, 31279
hypoglycemia; response error patterns; retest reliability; cognitive function; psychomotor function; reaction time; impairment, 63
implicit learning; explicit learning; probabilistic task; fine motor control; visual tracking; cognitive demands, 6604
individual differences; cognitive ability; personality traits; assessment center evaluations, 17792
individual differences; deductive reasoning; intellectual ability; thinking style; logic; syllogisms; indicative selection, 12653
individual differences; test scores; intelligence tests; cognitive ability; racial groups; Blacks, 28470
inflammation markers; cognition; healthy aging population; cognitive performance; serum inflammatory protein levels, 3836
informal reasoning; cognitive ability; myside bias; year in university; amount of post-secondary education; college students; myside arguments; otherside arguments; individual differences, 6595
information processing deficits; multiple sclerosis; screening instruments; clinical utility; working memory; processing speed, 30473
inhibition; cognitive performance; mathematical models; age differences; cognitive functioning; irrelevant thoughts; cognitive processing speed, 24939
inhibition; executive functioning; ADHD symptoms; sex differences, 11068
inhibitory control; preschoolers; action inhibition; attentional inhibition; executive functioning; Dimensional Card Sorting Task, 31177
inpatient rehabilitation; rehabilitation outcomes; traumatic brain injury; donepezil; treatment duration; length of stay; cognitive improvement; treatment outcome, 32569
insight; symptoms; cognition; first-episode psychosis; community mental health services, 23544
insomnia management; measurement; symposium; nosologic systems; sleep difficulties; cognitive function, 26044
intellectual disabilities; differential diagnosis; autism; schizophrenia; psychosocial interventions, 25945
intellectual disability; marital intimacy; parental perceptions; parents; children; low-income countries; gender differences; marital relation; Southern India, 28562
intellectual disability; quality of life; research involvement; emancipatory research; peer interviews; response bias; research process; data collection; training, 29166
intellectual functioning; neurocognitive deficits; schizophrenic patients; cognitive impairment; learning disability; cognitive deficits; cognitive function; neurodevelopmental damage, 35307
intellectual performance; general intelligence factor; mental ability tests; test reliability, 9395
intellectual profile; Asperger syndrome; high functioning autism, 25459
intelligence profiles; cognitive capacities; executive function; autistic disorder; savant abilities, 19742
intelligence quotient; IQ; infants; visual habitation; visual dishabituation; childhood cognitive performance, 28076
intelligence; individual differences; cortical activation patterns; neural efficiency; cognitive performance, 24456
intelligence; personality; cognitive domains; self attribution of ability; cognitive functions; Big Five personality factors, 4447
intergroup understanding; adolescents; skill development; socioemotional cognitive skills; ethnic identity; psychometrics; test reliability; social support, 27286
interval duration; temporal processing; schizophrenia; cognitive deficits; auditory temporal perception; interstimulus interval, 1468
intractable epilepsy; postoperative cognitive changes; early cognitive changes; late cognitive changes; partial seizures; temporal lobe surgery; quality of life; verbal memory; seizure control, 14292
intraindividual variability; aging-related changes; cognitive performance; cognitive variability; lifespan aging research, 34384
ionising radiation; cognitive function; adulthood; low doses; infancy, 34145

ionising radiation; cognitive function; adulthood; low doses; infancy, 34149
ionising radiation; cognitive function; adulthood; low doses; infancy, 34169
ionising radiation; cognitive function; adulthood; low doses; infancy, 34173
isolated executive impairment; frontal neuropathology; mild cognitive impairment; executive function; memory; language; visuospatial function, 32159
item learning; cognitive skill training; item difficulty; skill learning; recognition memory; problem solving; alphabet arithmetic, 18382
Journal of Intellectual Disabilities; research, 35123
judgement of learning accuracy; feeling of knowing accuracy; episodic memory tasks; metacognitive ability; older adults; cognitive performance, 33829
justice perceptions; procedural justice research; procedural justice effects; regression coefficients; general mental ability; applicant attraction; employment managers; selection context, 14742
language minority students; nonverbal tests; intellectual assessment; school psychologist; cognitive ability, 5791
language profiles; Down syndrome; specific language impairment; nonverbal cognitive ability; language measures, 11121
language; cognition; deaf learners; hearing peers; deaf education; conceptual & content & linguistic knowledge; academic achievement; problem solving; reading; students, 8344
late onset depression; late life depression; executive function, 7812
learning; memory; acute stress; cognitive abilities; motor abilities; operant conditioning; performance; learned helplessness; classical conditioning; life events; adaptation; sex differences; rats, 21435
leisure activities; cognitive status; risk of dementia; activities of daily living; elderly; late life activity, 1878
leisure activities; cognitive status; risk of dementia; activities of daily living; elderly; late life activity, 1840
leisure activities; cognitive status; risk of dementia; activities of daily living; elderly; late life activity, 1879
linguistic functioning; cognitive functioning; autism symptoms; Fragile X syndrome; nonverbal cognition; expressive language, 32104
long-term outcome; neurological outcome; cognitive functioning; cerebral venous sinus thrombosis; headache; epileptic seizures; visual deficits; new episode, 8186
Longitudinal Aaging Study Amsterdam; interindividual differences; cognitive aging; individual differences; developmental changes; cognitive performance; long-term performance, 34399
longitudinal changes; higher level functional capacity; older population; Japanese urban community, 10288
longitudinal structural analyses; cognitive changes; old age; latent growth models; multilevel models, 34375
low-grade gliomas; epilepsy; antiepileptic drug treatment; cognitive functioning; health-related quality of life, 11657
Lyme disease; cognitive function; post treatment; chronic Lyme disease; PTCLD; antibiotic treatment outcomes; patients, 2302
major depressive episode; cognitive deficits; quality of life; non-demented adults; mood; cognition; activities of daily living; role functioning; relationship satisfaction, 7836
masculine gender relevance; task instructions; cardiovascular reactivity; mental arithmetic performance; systolic blood pressure; cognitive performance, 28459
Measuring Awareness of Financial Skills; test validity; test reliability; psychometrics; dementia, 15041
Mellisa officinalis; lemon balm; acetylcholinesterase inhibition; cholingergic receptor binding; cognitive performance; mood effects; nicotinic & muscarinic receptor binding, 736
memory performance; gray matter volumes; executive function; white matter hyperintensities; aging, 27803
memory; concentration; xylene; perception; cognitive functions; professional exposure, 24031
mental ability; GMA; personnel selection ability; employee training success; job performance; GMA measures; European community; employee selection; cognitive ability tests; employee selection, 15118
mental functioning; self-analysis; psychoanalysts attitudes; individuality; transgenerational influences, 32942
metabolic disease; perceptual speed; cardiovascular disease; memory; fluency; knowledge; aging; cognitive impairment; risk factors, 4900
methylphenidate; children; mental retardation; attention deficit/hyperactivity disorder; cognitive performance, 26415
midlife cognitive performance; cognitive decline; cigarette smoking, 16233
mild cognitive impairment; Alzheimer disease; aging; clinical trials; cognitive ability, 22409
moclobemide; autonomic function; cognitive functions; antidepressant drug, 21909
moderate hypoglycaemia; working memory; neuropsychological test battery; insulin dependent diabetes; cognitive battery; mental functions, 13862
motivational characteristics; cognitive characteristics; high school students; math self-efficacy; non-gifted students; gifted students; creativity, 30098
motor function; cognitive function; donepezil; Alzheimer's disease; parkinsonian dementia, 26479
motor speed; cognitive ability; aging; Alzheimers disease; perceptual speed; verbal speed; nuns; priests, 33838
motor symptoms; cognitive symptoms; emotional symptoms; functional capacity; Huntington disease, 11164
multi-object naming; contextual priming; positron emission tomography; picture naming; neural substrates; brain electrical activity, 12878
multisensory executive functioning; prefrontal circuitry; task switching, 24681
neocortical enlargement; mammalian neocortex; cognitive abilities; cortical specializations; sensory specializations; sensory processing, 21556
neural connectivity; diffusion tensor tracking; tracer; synaptic plasticity; cognitive functions; humans; non-human primates; brain; diffusion tensor, 18611
neural substrates; concurrent performance; dual working memory; neural network, 27573
neurocognitive function; quality of life; hematocrit levels; chronic hemodialysis patients; end-stage renal disease, 32094
neurocognitive functioning; employment status; neurocognition; performance; neurocognitive assessment, 6916
neurocognitive functioning; long-term lithium treatment; neuropsychiatric disorders; adult neurogenesis; bipolar disorder; drug treatments, 11466
neurocognitive performance; chronic pain patients; pain severity; psychological distress; attention; concentration; memory; reasoning, 19864
neurocognitive performance; clinical changes; olanzapine; drug therapy; schizophrenia; cognitive ability, 8507
neurocognitive profile; attention-deficit hyperactivity disorder; cognitive function; neuropsychological assessment, 25958
Neurofibromatosis Type 1; nonverbal learning disabilities; genetic characteristics; physical characteristics; diagnosis; cognitive profile; educational intervention, 28546
neuroimaging methods; cognitive function; mental disorders; brain function; aging process; blood flow; human sex differences, 8264
neurological soft signs; executive functioning; cognitive deficits; psychopathological dimensions; schizophrenia, 28686
neurological soft signs; neuropsychological performance; first episode schizophrenia; cognitive function, 1492
neurons; long-term memory storage; cognitive function; hippocampus; monkeys; neocortex, 21586
neuropsychological changes; Parkinson's disease; cognitive decline; executive functions; disease course, 11226
neuropsychological deficits; neuropsychological effects; mental abilities; seizures; epilepsy, 19971
neuropsychological effects; executive function; verbal memory; clinical implications; normative comparisons; baseline performance; cognitive decrements; cognitive domains; cognitive effects, 5409
neuropsychological effects; obstructive sleep apnea, 4839
neuropsychological executive functioning; alcoholism risk; boys; neurocognitve functioning; familial risk; antisocial comorbidity; response inhibition; response speed; symbol digit; individual risk, 19689
neuropsychological functioning; diagnosis; clinical status; schizophrenia; bipolar disorder; psychosis; general cognition; attention; memory; executive functioning; early onset, 22460
neuropsychological functioning; homeless men; psychological factors; cognitive functioning; cognitive impairment, 32186
neuropsychological functioning; schizophrenia; treatment; antipsychotic drugs; visual memory; visual perception; verbal memory, 23246
neuropsychological impairment; traumatic brain injury severity; dose-response relationship; cognitive deficit, 8295
neuropsychological measures; neurocognitive function; borderline personality disorder; brain dysfunction; prefrontal cortex; temporal cortex; nonverbal memory; neuropsychological impairment, 13679
neuropsychological performance; college students; posttraumatic stress disorder; trauma exposure; executive functioning, 25746
neuropsychology; androgens; testosterone; insulin-like growth factor; cognitive functions; healthy older men, 7164
neuropsychology; cognitive functioning; partial brain radiation therapy; RT; brain tumors, 8647
nicotine effects; cognitive functioning; functional connectivity; schizophrenia; tobacco smoke; brain function, 28714
night shift call system; impaired cognition; surgical trainees; medical staff; conventional overnight call system; work schedule, 23699
non-institutionalized children; attachment style; institutionalized children; intellectual abilities, 25043
noninjection drug abuse; executive function; working memory; HIV infection, 4502
noradrenergic function; cognitive ability; schizophrenia; adrenergic receptors; guanfacine; norepinephrine reuptake inhibitors; atomoxetine; cognitive enhancers, 34867
normative creativity; cognitive flexibility; nonheterosexuals; sexual identity; bisexual individuals; lesbians; gay individuals, 34553
olanzapine; clozapine; drug therapy; chronic schizophrenia; cognitive functioning; verbal learning; verbal memory; visual memory; attention; working memory; psychomotor speed, 5343
olanzapine; risperidone; cognition; schizophrenic patients; cognitive functions, 29348
older adults; benzodiazepine hypnotics; withdrawal; cognitive function; quality of life; mood; sleep, 8495
Oral Trail Making Test; limitations; Trail Making Test; older patients, 15082
orbitofrontal cortex; executive function; affective decision-making; age differences, 24955
orbitofrontal cortex; obsessive compulsive disorder; clinical symptoms; cognitive performance; impaired organizational strategies; gray matter volume reduction, 16450
pandanus-tool manufacture; New Caledonian crow; cognitive abilities; tool use; left laterality; stepped design; congruence, 24546
paraphasias; Cognistat; pathognomic sign; ethnic-linguistic artifact; geriatric veterans; memory; neuropsychological screening, 19978
parental judgments; infant pain; cognitive capabilities; behavioral cues; parental beliefs; contextual cues; infants; age differences, 26507
Parkinson's disease; neuropsychological changes; cognitive decline, 19946
PASS theory; Attention Deficit Hyperactivity Disorder; reading disability; Cognitive Assessment System; planning; attention; simultaneous processing; successive processing, 32007
performance discrepancies; California Verbal Learning Test; traumatic brain injury; children; test performance, 27335
performance variability across tasks; inconsistency; age differences; cognitive change; differences in response speed; older adults; marker of cognitive aging, 1037
performance; performance differences; literate participants; illiterate participants; sociocultural background, 12877
peripheral arterial disease; cardiovascular disease; hypertension; stroke; cognitive function; neuropsychology; comorbidity; atherosclerosis, 1825
personality characteristics; suboptimal cognitive effort; veterans; cognitive symptoms; psychiatric symptoms, 7705
personality profile; siblings; autistic children; intellectual level, 16540
personality traits; critical thinking; cognitive abilities; five factor model; openness, 22330
personality-intelligence interface; ability traits; nonability traits; intellectual ability; IQ test performance; subjectively assessed intelligence, 31557
phonological processing; visual word recognition; rhyming decision; pseudohomophone naming, 27511
physical decline; cognitive decline; personal network, 22113
piano keyboard training; spatial temporal intelligence; music instruction; cognitive test scores; gender differentiation; spatial tasks; kindergarten children, 36175
piperazine amide ligands; A304,121; A-317,920; histamine receptors; ciproxifan; thioperamide; GT-2,331; mice; rats; animal cognitive performance, 3894
plasma lipids; bone mineral density; cognitive function; soy protein containing isoflavones; healthy elderly postmenopausal women, 27909
plasma testosterone levels; Alzheimers disease; Parkinsons disease; cognitive function; aging, 29162
poor academic achievement; children; Duchenne Muscular Dystrophy; neurogenetic developmental disorder; muscular weakness; IQ; intellectual function, 29002
Positive & Negative Syndrome Scale; factor structure; cognitive factor; cognitive functioning; neuropsychological test performance; schizophrenia; schizophrenia-like disorders, 21135
positive mood; cognitive flexibility; task requirement; categorization ability, 6621
post-traumatic stress disorder; cognitive performance; war exposure; imprisonment exposure; ex-prisoners, 19509
practice effect; test-retest reliability; attentional tests; executive tests; neuropsychology; age differences, 33470

prefrontal cortex volume; age differences in working memory; perservative behavior; cognitive performance; executive functions; neuroanatomical correlates; volume of white matter hyperintensities, 3646
prefrontal cortex; cortico-subcortical circuit; executive control; executive function; cognitive processes; information processing; brain; brain-damaged patients; subcortical regions, 15289
prefrontal cortical dysfunction; schizophrenia; schizoaffective disorder; neurocognitive assessment, 22558
prefrontal neurocognitive function; catechol O-methyltransferase genes; healthy individuals; sibling pairs; psychosis; schizophrenia risk, 31782
premenstrual syndrome; subjective symptomatology; cognitive functioning; prevalence, 4892
prenatal counseling; mosaic trisomy 16; cognitive functioning; adaptive behavior, 13879
prenatal substance exposure; attention; cognitive deficits; foster placed children; impulsivity, 18900
prenatal undernutrition; emotional reactivity; cognitive flexibility; sheep, 30816
preserved auditory cognitive event-related potentials; akinetic mutism; anterior cingulate cortices; motor areas, 22979
primary school children; short-term memory; prediction; school achievement; cognitive ability; immigrants, 20842
problem-solving strategy; environmental constraints; complex problem-solving; environmental changes; cognitive flexibility, 17947
procedural knowledge; molecular biology; perceptual-motor skills; cognitive skills; prepositional knowledge; knowledge acquisition, 9680
processing speed; cognitive ability; aging; genetic variance; fluid ability, 34374
prospective memory; executive processes; cues, 30583
psychiatric patients; cognitive deficits; cognition; mental illness; cognitive impairment, 13572
psychiatric symptoms; drug abuse; glue sniffers; cognitive function; glue; adolecents, 4739
psycholinguistics; psychometrics; individual differences; cognitive abilities; foreign language proficiency; John Bissell Carroll, 10102
psychomotor functioning; cognitive functioning; anorexia nervosa, 4809
psychomotor movement; IQ; intelligence; speed of neural processing theory; general mental ability; speed; repetitive movement; tapping task, 30649
psychosocial intervention; parental relationship; emotional environment; cognitive functioning; physical growth; non-organic failure-to -thrive, 7978
psychotropic medication; elderly; cognitive performance; aging; side effects; memory; depression; antidepressants; benzodiazepines, 2139
pupillary responses; attentional allocation; cognitive ability; visual backward masking task; cognitive processing; processing efficiency; resource allocation, 18418
quality of life; young adults; severe intellectual disability; mothers thoughts; social support; environmental support, 29150
race; brain size; IQ; biology; reductionism; determinism; cognitive ability, 18355
raloxifene; estradiol; hippocampal acetylcholine release; spatial learning; rats; estrogenic effects; cognitive performance; hippocampal cholinergic activity, 27888
reading speed; peripheral visual field; intellectual activity; intellectual function; Kurita's speed reading course; physiological function; subconsciousness, 3358
Repeatable Battery for the Assessment of Neuropsychological Status; cognitive functioning; elderly patients; normative data, 6341
repetitive work; Alzheimers disease patients; work program; patient functioning; cognitive ability; adult day care program, 29098
research-based assessment; dyslexia; cognitive measures; reading disabilities; middle school students; elementary school students; spelling skills, 4783
response inhibition; executive functioning; attention deficit hyperactivity disorder; boys, 28918
response latency; mental ability; mental strategy; cognitive aging; response accuracy; animal model; beagle dogs; aged dogs; young dogs; errors; learning strategies, 479
resumes; job applicants; mental ability; personality traits; personnel recruitment; recruiter assessments, 17791
retest effects; longitudinal assessments; cognitive functioning, 30389
retest practice; speed ability relationship; practice sessions; general intelligence; reaction time; elementary cognitive tasks; skill acquisition ability; memory; attention; psychometric intelligence, 15298
Rett syndrome; females; oromotor skills; feeding problems; breathing abnormalities; mobility; postural abnormalities; joint deformities; epilepsy; self-care; cognitive skills; communication skills, 11067
Rett syndrome; females; oromotor skills; feeding problems; breathing abnormalities; mobility; postural abnormalities; joint deformities; epilepsy; self-care; cognitive skills; communication skills, 11070
right-hemispheric language; right hemisphere; linguistic capabilities; hemispheric function; speech comprehension; corpus callosum; brain damage, 30855
risperidone; behavioral symptoms; psychological symptoms; cognitive function; activities of daily living; Alzheimer's disease, 11685
risperidone; olanzapine; cognitive functioning; schizophrenia, 5288
rivastigmine; quality of life; cognitive function; schizophrenic subjects, 11522
Rorschach comprehensive system; Wechsler IQ scores; adolescents; factor analysis; synthesized complexity; form quality; productivity, 119
ruptured aneurysm; anterior communicating artery; dysexecutive syndrome; episodic memory; semantic memory, 8203
saccade tasks; executive dysfunction; schizophrenia; working memory; cognitive mechanisms; dysexecutive syndrome; schizophrenic patients; inhibitory impairment, 16440
schizophrenia patients; memory tasks; cognitive remediation; reaction time task; cognitive performance; enhancement therapy, 29280
schizophrenia patients; somatosensory evoked potentials; tactile sensations; neuronal activity; brain regions, 7890
schizophrenia; cluster B personality traits; neurocognition impairment; child abuse history, 22548
schizophrenia; cognition; ziprasidone; atypical antipsychotics; executive functioning; vigilance; attention; verbal fluency; olanzapine; risperidone, 13630
schizophrenia; cognitive performance; psychotic episode; cognitive impairment; onset; premorbidity; psychiatric patients, 7861
schizophrenia; elderly patients; late onset; antipsychotic treatments; intervention strategies; cognitive changes, 34886
schizophreniform disorder; visual learning; visual memory; cognitive impairment; executive functions; psychomotor speed; category learning functions; decision making; uncertainty, 19461
Scholastic Assessment Test; general cognitive ability; general intelligence; college students, 24305
school readiness; social skills; cognitive skills; language skills; Head Start program; group interaction; health outcomes, 12112
selective attention; cognitive control of attention; stimulus salience; stimulus complexity; rejection of distractors; theories; perception of distractors; perceptual load; working memory, 30749
selective attention; executive functions; criminal psychopaths; prison inmates, 1683
self perceptions; worry; memory; cognition; cognitive functioning; subjective memory; objective memory, 3371
semantic dementia; object usage; relearning; cognitive functions; rehabilitation program, 29754
semantic processing; words; cognitive resources; N400; event related potentials; right hemisphere; semantic complexity level; female adults, 7064
sensory functioning; cognitive functioning; ability level; cognitive ability; cognitive change; vision; hearing; memory; speed; verbal ability; sensory change; aging; cognitive decline, 7452
serum cholesterol; precursors; cholesterol metabolites; cognitive performance; aging population, 3716
severe brain injury; cognitive performance; malingering; neuropsychological assessment; test performance, 15062
sex differences; mental ability; cognitive ability; IQ, 3353
sex offending behaviour; assessment; challenging behaviour; intellectually disabled; definitions; assessment models; client intentions; criminal intent; communicative intent, 28900
sex; laterality effects; gender related differences; spatial requirements; cognitive functions; handedness, 34002
shoulder pain; circulation strokes; cognitive deficits; stroke patients; questionnaire completion; complex disability; AbilityQ; ShoulderQ; neurological disability; communicative deficits, 12498
situational interview; patterned behavior description interview; validity; correlates; perceived fairness; cognitive ability; advance knowledge of questions; interview performance, 18176
skill switching; savants; brain damage; savant skills; frontotemporal lobe; magnetic stimulation, 34081
sleep quality; cognitive ability; chronic insomnia; drug therapy; benzodiazepines; older adults, 5410
sniff magnitude test; University of Pennsylvania Smell Identification Test; nonnative English speakers; children; olfactory function; cognitive abilities; linguistic abilities, 24185
social functioning; executive function; cognitive remediation therapy; program; functional outcome; schizophrenia; symptom change, 23172
Social Sexual Awareness Scale; test development; test validation; high risk sexual behavior; sexual consent; intellectual functioning; adaptive functioning; mental retardation, 24165
sociality; social brain; evolution; social bond formation; fitness benefits; cognitive capacities; baboons; humans, 6699
spatial cognitive function impairment; verbal performance; spatial disorientation; spatial task performance; self-motion; visual flow, 6578
spatial test items; item analysis; item dimensionality; confirmatory factor analysis; visualization; Computerized Swedish Enlistment test battery, 33487
sport psychology; indigenous performing artists; mental skills training program; goal setting; self-confidence development; team building; cultural awareness, 20977
stereotype threat; intellectual test performance; Black college students; White college students, 12164
stereotype threat; intellectual test performance; Black college students; White college students, 12162
stigma effects; mental illness history; test performance; identity threat; intellectual performance, 25534
stress reactivity; infants; infant temperament; cognitive competence; attachment security; salivary cortisol; stress; strangers; anger proneness; cognitive competence, 18984
striatal size; glucose metabolic rate; verbal learning; normal aging; age-associated cognitive decline; striatum volume, 15684
Stroop Color and Word Test; neuropsychological evaluations; demographic characteristics; African American adults; executive function; normative tables; normative data; performance effects, 9450
Stroop-Color Word Test; sensitivity; specificity; executive function deficits; childern; adolescents; developmental disorders; attention deficit hyperactivity disorder; ADHD, 33550
student knowledge; Programme for International Student Assessment; student patterns; academic achievement; students' thinking; nominal cognitive variables, 33134
subchronic phencyclidine; mice; attentional set-shifting task; schizophrenia, 21866
subclinical depression; generative inference making; aging; generative reasoning; working memory; linear order reasoning; older adults; younger adults; processing limitations; study time restriction, 21347
subjective effects; psychomotor effects; herbal medication; valerian; cognitive effects; drug dosages; diazepam, 24812
substance abuse treatment initiation; major depression; cognitive status; behavioral health service use; demographic factors, 32801
synaptic transmission correlates; mental ability; nerve conduction velocity; cognitive abilities; reaction time, 30860
syntactic dependencies; grammatical structures; cognitive characterisation; morphosyntactic categories; semantics, 18347
talented teenagers; gender role attributes; motivational dispositions; communal tendencies; cognitive role; talent development; masculinity; femininity, 7432
task switching; executive control; choosing, 33773
task switching; task alternation; bivalency cost; bivalent stimuli; top-down processes; endogenous processes; response style; response errors; performance; cognitive ability, 395
temporal lobe damage; Herpes simplex virus encephalitis; learning disabilities; brain anatomy; intellectual functioning, 29184
test anxiety; test expectancy; retention; intelligence levels, 12700
Test of Memory Malingering; forensic psychiatric setting; validity; dissimulation of cognitive impairment; competency to stand trial, 3206
Test of Workplace Essential Skills; cognitive skill assessment; subscales performance; gender; language; reading text; document use; numeracy; working-age adults; group differences; item analyses, 24314
testosterone; depression; cognitive ability; older men; cognitive loss; sex hormones; behavior, 23388
thalamic dysfunction; schizophrenia; sensory information; emotional functions; cognitive functions; neurochemical abnormalities; imaging abnormalities; neuropathological abnormalities, 28693
The Test of Memory Malingering; normative data; cognitively intact; cognitively impaired; elderly patients; dementia; psychometric validation, 21160
theory of mind; cognitive ability; autistic children; phonological syntax language impairment; autism; mental state, 13535
theory of mind; executive functioning; planning ability; inhibitory control; individual differences, 22029

therapeutic alliance; neurocognition; schizophrenia; treatment adherence; cognitive behavior therapy, 32305
thyroid function; depressed mood; cognitive performance; aging population; serum thyroid stimulating hormone level; Maastricht Aging Study; verbal memory, 27846
time estimation; central executive functioning; Alzheimer's disease; short-term memory; working memory; attention, 13987
Towers of London; Towers of Hanoi; problem solving; measurement characteristics; executive functioning; short-term memory; shifting task; inhibition, 22027
trait emotional intelligence; happiness; personality; cognitive ability; emotional self efficacy, 10585
transdermal nicotine; cognitive deficits; motor deficits; Parkinson's disease, 11659
transformational leadership; vision; inspirational communication; intellectual stimulation; supportive leadership; personal recognition, 33263
traumatic brain injury; county jail inmates; prisoners; cognitive ability; psychiatric disorders; emotional characteristics; prevalence; neuropsychological status, 1686
treatment development; neuropharmacology; cognition; schizophrenia; cognitive deficits, 5279
treatment discontinuation; long-term anticholinergic treatment; elderly schizophrenia patients; cognitive functions; adverse effects; memory impairment; cholinergic blocking drugs, 35523
type 2 diabetes mellitus; cognitive decline; old age; neuropsychological test performance; cognitive ability, 29000
validity; Telephone Interview for Cognitive Status; post stroke patients; cognitive function; dementia, 12500
vascular dementia; mixed dementia; Alzheimer's disease; galantamine; safety; efficacy; cognition, 8503
verbal aggression; executive functioning; Taylor aggression paradigm; winning & losing; adolescent males & females, 4144
verbal fluency tests; schizophrenia; defective memory; executive functioning; psychomotor speed, 28749
verbal fluency; nonverbal fluency; Spanish-speaking children; executive functions; nonverbal fluency; verbal fluency; clinical developmental neuropsychology; age effects, 34285
verbal fluency; schizophrenia; negative symptoms; letter verbal fluency; category verbal fluency, 22550
verbal memory; mental rotation performance; visual-spatial ability; mental rotations test; cognitive processes; dopamine deficiency; orientation ability; cognitive function, 4985
verbal working memory deficits; methylenedioxymethamphetamine; cognitive functioning; reading span; computation span, 29400
verbal working memory; spatial working memory; attention deficit hyperactivity disorder; memory impairment; response time; executive function, 25950
visual memory; interrogative suggestibility; attention; gender differences; cognitive control; early adolescence, 22028
visual recognition memory; infant recognition memory; medial temporal lobe; developmental change; cognitive abilities; attention; declarative memory, 13205
visual search; executive functions; executive processes; working memory, 33794
visual search; individual differences; symbol-digit substitution test; feature encoding; memory, 9564
visual systems; Roelofs effect; single reference frame; cognitive judgments; object location; frame offset; sensorimotor responses; Roelofs illusion, 27451
vocational rehabilitation program; neuropsychological tests; verbal intelligence; memory function; problem solving; cognitive efficiency; Multiple Sclerosis, 18148
wakefulness; fatigue; executive dysfunction; treatment, 8161
Wechsler Intelligence Scale for Children; WISC-III; cognitive strengths; cognitive weaknesses; test-retest; subtests; special education; students, 24197
white matter lesions; education; cognition; white matter hyperintensities; WMH, 15903
Williams syndrome; developmental disorders; language; cognitive skills; language acquisition, 32096
Wisconsin card sorting test; age-related differences; category performance; perseverative errors; executive functioning; test version effects; education effects, 33820
Wisconsin Card Sorting Test; poor performance; good performers; schizophrenic patients; cognitive decline; illness duration; age, 10807
word task; print; symbolism; child development; cognitive abilities, 899
working memory; decision making; somatic markers; executive functions; verbal buffering, 33858
working memory; executive functioning; severe closed-head injury; self-ordered pointing, 4886
working memory; perceptual speed mediation; age-associated changes; cognition; education; intellectual engagement, 10173
working memory; phonological ability; visuospatial ability; executive functioning; National Curriculum test scores; primary school students, 20838
working memory; spatial memory; visual memory; object memory; executive function, 18410
working memory; test association; Letter-Number Sequencing; Wisconsin Card Sorting; Digit Span Forward; spatial working memory; information sorting; non-sorting tasks; schizophrenia patients, 19476
working memory; vocabulary; arithmetical reasoning; intellectual disabilities, 19795
worst performance rule; IQ; intelligence quotient; gifted; Spearman's law, 4129
worst performance rule; multitrial cognitive tasks; general intelligence, 3351
writing abilities; agraphia; acalculia; anomia; dementia of Alzheimer's type, 13916
Yerkes Dodson law; emotional arousal; performance; ecological reframing; information; cognitive functions; attention; cue-utilization theory, 33795

Cognitive Ability [See Also Mathematical Ability, Reading Ability, Spatial Ability, Verbal Ability]—Books

Visual information processing, 21299

Cognitive Ability [See Also Mathematical Ability, Reading Ability, Spatial Ability, Verbal Ability]—Chapters

Advances in assessment of cognitive abilities and achievement with the Woodcock Johnson III, 3162
Anthropology from a pragmatic point of view, 399
Cognitive ability, 6011
Cognitive aging and Down syndrome: An interpretation, 13823
Cognitive ecology: Foraging in hummingbirds as a model system, 21444
Cross-battery assessment of nonverbal cognitive ability, 134
Expertise and mental disabilities: Bridging the unbridgeable?, 16372
Expertise, competence, and creative ability: The perplexing complexities, 16316
The General Ability Measure for Adults, 122
Genes and behaviour: cognitive abilities and disabilities in normal populations, 15470
Grammatical impairment: An overview and a sketch of Dutch, 4820
Intellectual assessment of deaf people: A critical review of core concepts and issues, 23071
Mental status examination, 181
Naglieri Nonverbal Ability Tests: NMAT and MAT-EF, 129
On abilities and domains, 15925
Pragmatic disability in children with specific language impairments, 4829
The search for general abilities and basic capacities: Theoretical implications from the modifiability and complexity of mechanisms mediating expert performance, 16308
Test of Nonverbal Intelligence: A language-free measure of cognitive ability, 124
Trait complexes, cognitive investment, and domain knowledge, 16305
Visual factors in cognitive dysfunction and enhancement in Alzheimer's disease, 23028
Visual processing strengths in Down syndrome: A case for reading implication?, 22755
What causes individual differences in cognitive performance?, 15994

Cognitive Appraisal—Serials

anger arousal determinants; aversive conditions; physical pain; anger related cognitions; autonomic responses; emotion theorists; appraisal theory, 24532
anger arousal determinants; aversive conditions; physical pain; anger related cognitions; autonomic responses; emotion theorists; appraisal theory, 24522
anger arousal determinants; aversive conditions; physical pain; anger related cognitions; autonomic responses; emotion theorists; appraisal theory, 24534
anger arousal determinants; aversive conditions; physical pain; anger related cognitions; autonomic responses; emotion theorists; appraisal theory, 24523
anger arousal determinants; aversive conditions; physical pain; anger related cognitions; autonomic responses; emotion theorists; appraisal theory, 24526
anger arousal determinants; aversive conditions; physical pain; anger related cognitions; autonomic responses; emotion theorists; appraisal theory, 24525
appraisals; racial identity; multiracial Asians; Asian Americans; outmarriage; phenotype; cultural exposure; cultural knowledge, 31341
choice behavior; choice justification; self; cognitive dissonance; competence; North Americans; social acceptance; Japanese; cross cultural differences, 31528
chronic pain; back pain; physical activity; client adjustment; fear-avoidance beliefs; catastrophizing; patient beliefs; control appraisal, 26075
competition; cognitive appraisals; emotions perception; adaptive approaches; athletes; positive emotions; challenge; theoretical model; sport context, 27139
evaluative expectations; peer recommendation; consumer satisfaction; negative appraisals, 36064
perceived emotional intelligence; self-efficacy; secondary school teachers; positive utilisation; emotional appraisal; empathic sensitivity; positive regulation, 26876
personality; threat; cognitive & emotional reactions; stressful intercultural situations; individual differences; appraisal, 34724
social construction; anger; social-constructionist theory; attribution; social rules; anger appraisals; anger-related responses, 25306
social support; behavioral interaction; support experiences; stressful task; attachment style; couples, 34660

Cognitive Assessment—Serials

adoloscents performance; comparison; functional cognitive performance; mental health facilities; community; cognitive functional; performance scores, 15047
assessment psychology; behavioral assessment; neuro-cognitive assessment; personality assessment, 14970
Biber Cognitive Estimation Test; dementia of the Alzheimer's type; dementia syndrome of Parkinson's disease, 33541
brain-damaged patients; arabic numerals; kanji numerals; kana; semiological quality; phonological processing; Gerstmann's syndrome; Wernicke aphasics; neural mechanisms, 16832
cocaine abusers; anxiety effects; Trail Making Test; drug abuse treatment programs, 15081
cognitive ability; aging; cognitive assessment; change in cognitive functioning; National Adult Reading Test; Raven's Standard Progressive Matrices Test; test reliability; test validity, 18150
cognitive assessment; cognitive models; cognitive therapy; intellectual disabilities, 35436
cognitive assessment; neuropsychological assessment; Asians; test validity, 187
cognitive assessment; schizophrenia; neurocognitive assessment batteries; neurocognitive function; Brief Assessment of Cognition in Schizophrenia (BAGS); test sensitivity, 25643
cognitive change; biological age; chronological age; cognitive decline; older adults; cognitive change prediction; Victoria Longitudinal Study, 28143
cognitive changes; psychometric properties; cognitive tests; neuropsychological assessment; monitoring; reliability; stability; age; IQ; test-retest reliability; practice effects; reliable change, 24285
cognitive deficits; cognitive assessment; cognitive enhancement; neurocognition; psychopharmacology; schizophrenia; test selection; cognitive battery; National Institute of Mental Health, 33547
cognitive evaluation; interpersonal attraction; target individual; attitude similarity, 22292
cognitive performance; older adults; healthy aging; health status; objective measures; self reports; episodic memory; perceptual speed; attention, 22129
cognitive problems; Mini-Mental State Exam; cognitive functioning; assessment; cognitive test; dementia; Mexican-Americans; Hispanics; elderly, 18077
cognitive screening; tape recorder; test administration; memory disorder clinic; hostel accommodation; memory impairment; oral word association test; verbal fluency, 15083
Cognitive Testing Battery; concurrent validity; Huntington's disease; cognitive profile; dementia; depression; differentiation, 6299
cognitive tests; misinterpretation; race; stereotype threat; African American students; White students; SAT performance, 12161
computerised cognitive battery; older adults; test-retest reliability; Examen Cognitif par Ordinateur, 21095
construct validity; PASS processing scores; achievement correlation; age difference; test score variance; Cognitive Assessment System; Woodcock-Johnson Revised Tests of Achievement, 12456
deficit syndrome; social functioning; social anhedonia; neurocognitive functioning; schizophrenia patients; emotional experience, 7873
difference scores; cognitive assessment; reliable component analysis; reliability, 30384
down syndrome; intellectual impairment; intelligence quotient; cognitive assessment; special needs; Stanford Binet: fourth edition, 18149
executive function deficits; assessment; Parkinsons patients; Tower of London-Drexel; demented patients; depressed patients; test validity; patient differentiation; stimulus-bound score; utilization, 14972
executive function; preschool-age children; clinical assessment; everyday context; scale development; Behavior Rating Inventory of Executive Function, 30447

functional decline; cognitive impairment; functional assessment; cognitive assessment; geriatric patients; schizophrenia; cognitive changes, 4627
functional status; cognitive functioning; elderly patients; clock-drawing test; schizophrenia; institutionalized patients, 3214
hypoglycemia; response error patterns; retest reliability; cognitive function; psychomotor function; reaction time; impairment, 63
information processing measures; Canadian Forces personnel; general cognitive ability; incremental validity; training performance; predictive validity, 30507
inhibitory control; preschoolers; action inhibition; attentional inhibition; executive functioning; Dimensional Card Sorting Task, 31177
intellectual structure; multiple intelligences; Six Arts program; ancient Chinese educational program; Gardner's theory; Lin Chongde; theory of intelligence; contextual influences, 10171
Kingston Standardized Cognitive Assessment; revised version; neuropsychological assessment; dementia; Alzheimer's disease; geriatric assessment, 18157
laboratory cognitive tasks; attention-deficit hyperactivity disorder, 24267
Mattis Dementia Rating Scale; cognitively intact medical patients; elderly urban adults; cognitively impaired medical patients; clinical utility, 3207
multi-source interference task; dorsal anterior cingulate cortex; dACC activation; functional magnetic resonance imaging; cognitive interference, 12816
neurocognitive assessment; clinical trials; antipsychotic drugs; drug efficacy; schizophrenia, 3277
parental assessments; children's competencies; school subjects; abilities; parents' education & gender; academic education; vocational education; child's gender; parents; preschool age children, 12159
PASS theory; Attention Deficit Hyperactivity Disorder; reading disability; Cognitive Assessment System; planning; attention; simultaneous processing; successive processing, 32007
reaction time; early stage dimentia; diagnosing Alzheimer's disease; immediate prose recall; confrontation naming; digit symbol substitution; cognitive function, 11298
research-based assessment; dyslexia; cognitive measures; reading disabilities; middle school students; elementary school students; spelling skills, 4783
retest effects; longitudinal assessments; cognitive functioning, 30389
simultaneous processing; fluid intelligence, cognitive assessment; deductive reasoning; cognitive functions; spatial visualization abilities, 24941
social phobia; cognitive assessment measure; test validation; Appraisal of Social Concerns; item content; patient concerns; reliability; validity, 30466
Spearman's hypothesis; general intelligence; Blacks; Whites; intelligence quotient; intelligence test; psychometrics; General Aptitude Test Battery; Junior Aptitude Test, 18152
subthalamic nucleus; behavioural effects; high frequency stimulation; surgical intervention; cognitive assessment; Parkinsons disease, 13935
traumatic brain injury; rehabilitation; treatment outcome; neurocognitive assessment, 30475
web-based quizzing; exam performance; in-class quizzing, 33061

Cognitive Assessment—Chapters

Advances in assessment of cognitive abilities and achievement with the Woodcock Johnson III, 3162
Cross-battery assessment of nonverbal cognitive ability, 134
Gender issues in personality, cognitive, and vocational assessment of women, 14992
Intellectual assessment of deaf people: A critical review of core concepts and issues, 23071
Neurocognitive assessment, 16648

Cognitive Behavior Therapy—Serials

aggressive drivers; psychophysiology; aggressive driving behavior; cognitive behavioral treatment program; blood pressure; heart rate; skin resistance, 2032
Albert Ellis; rational emotive behavior therapy; cognitive behavior therapy; psychotherapy, 26278
alcohol abuse prevention programs; psychoeducation; cognitive behavior therapy; alcohol related problems; college students, 35871
alcohol dependence treatment; Acceptance and Commitment Therapy; valued life directions; quality of life; cognitive-behavioral interventions, 20181
anxiety disorder; diabetes; cognitive intervention; panic; chronic medical problems; safety behavior, 20174
anxiety disorders; cognitive behaviour therapy; Canadian mental health; Canadian psychologists; economic burden, 32306
assault related variables; treatment outcome; trauma related variables; posttreatment severity; posttraumatic stress disorder; cognitive behavioral treatment; adults; assault victims, 29283
assessment strategies; cognitive-behavioral treatment; generalized anxiety disorder; social phobia; separation anxiety disorder; diagnostic evaluation; psychosocial treatments; children; adolescents, 11405
attention training; anxiety; psychotherapeutic techniques; cognitive behavior therapy; vulnerability factors; mood improvement, 35438
auditory hallucinations; depression; cognitive behavior treatment; elderly patient, 29286
auditory hallucinations; depression; cognitive behavior treatment; elderly patient, 29282
batterer counseling programs; program evaluations; reassaults; cognitive-behavioral approach, 35432
behavior therapy; cognitive-behavior therapy; anxiety disorders; learning theory; treatment design methods, 35430
binge eating disorder; cognitive-behavioural therapy; management; obesity, 5201
biofeedback-assisted relaxation; cognitive-behavioral treatment; gastric bypass surgery; anxiety; food phobia; exposure hierarchy, 20184
borderline personality disorder; STEPPS group treatment program; cognitive-behavioral systems-based group treatment; Systems Training for Emotional Predictability and Problem Solving, 32334
bulimia nervosa; cognitive-behavior therapy; weight change; body mass index, 25988
cardiovascular system; exercise; emotional stress; body phobia; cognitive behavioral treatment; body consciousness; heart rate; schizophrenic disorder; sensory feedback; inkblot, 16352
child trauma; children's mental health services; epidemiology; diagnosis; environmental adversities; group cognitive behavioural therapy; risk factors; child psychopathology; child-based evidence, 28784
childhood traumatic grief; traumatic event; death; cognitive-behavioral therapy; fear; sadness; therapeutic process; bereaved children, 35429
childhood traumatic grief; treatment; community trauma; terrorism; effective interventions; mental health needs; cognitive-behavioral therapy; client-centered therapy, 35398
chronic depression; maintenance treatment; cognitive behavioral analysis system of psychotherapy; treatment efficacy, 32311
chronic fatigue syndrome; cognitive-behavioural therapy; cognitive functioning, 19901
clinical perfectionism; binge eating disorder; psychopathology; cognitive-behavioral analysis, 32317
cognitive behavior therapy; behavior modification; Piagetian developmental theory; developmental psychology, 32307
cognitive behavior therapy; chronic fatigue syndrome; therapy manual; therapists' adherence & perceptions; effective treatment, 35428
cognitive behavior therapy; first episode psychosis; schizophrenia; positive symptoms; unusual experiences, 32308
cognitive behavior therapy; guidelines, 26290
cognitive behavior therapy; social phobia; treatment outcome; cognitive processes; psychopathology, 32319
cognitive behavior therapy; therapists; computerized self help, 20173
cognitive behavior therapy; treatment guidelines; anxiety disorders; depression; eating disorders; therapists, 26289
cognitive behavioral psychotherapy; childhood sexual abuse treatment; abuse trauma symptoms; post-traumatic stress disorder, 35441
cognitive behavioral therapy; adolescents; psychosis; early intervention, 32321
cognitive behavioral therapy; depressed alcoholics; serotonergic medications; depressive symptoms; relapse prevention; depression outcome; substance induced mood disorder, 8019
cognitive behavioral therapy; insomnia; individual therapy; group therapy; telephone consultations, 32259
cognitive behavioral therapy; older adults; homework assignments, 20183
cognitive behavioral therapy; treatment effectiveness; dissociative seizures; psychosocial functioning; employment status; mood, 20179
cognitive behavioral therapy; treatment effectiveness; panic disorder; managed care setting; supported psychotherapy; treatment as usual, 32303
cognitive behavioral treatment; posttraumatic stress disorder; personality disorder; comorbidity; treatment outcome; rape; sexual abuse, 20182
cognitive behavioural psychotherapy diploma course; psychiatrists; training, 8935
cognitive behavioural therapy; shared learning programme; outcome evaluation; brief training programme, 26287
cognitive behavioural treatment manuals; Delphi study; consensus; factors, 26277
cognitive impairment; drug abstinence; cocaine abusers; cognitive behavioral treatment, 10963
cognitive-behavior therapy; psychotic symptoms; schizophrenia; family interventions; psychosis; mild intellectual disabilities, 35433
cognitive-behavioral anger management training; military setting; occupational setting; treatment outcome; self-reported anger; demographic factors, 16984
cognitive-behavioral approach; drama therapy; role-playing; irrational thinking; emotional experience; substance abuse addiction treatment, 8443
cognitive-behavioral couple treatment; posttraumatic stress disorder; Vietnam combat experiences; relationship satisfaction, 35439
cognitive-behavioral family treatment; childhood obsessive compulsive disorder; individual therapy; group therapy; symptom severity; distress; parents; siblings; family functioning; accommodation, 11322
cognitive-behavioral intervention; coping skills; incarcerated youth; program development; program evaluation, 26780
cognitive-behavioral interventions; generalized anxiety disorder; cognitive-behavioral group treatment; acceptance; mindfulness, 11385
cognitive-behavioral interventions; HIV intervention; unprotected sex; male partners; female condom use; gender specific family planning; self insertion practice; gender sensitivity, 11712
cognitive-behavioral stress management; immune function; breast cancer; emotional well-being, 20456
cognitive-behavioral stress management; interpersonal relationships; breast cancer; immune function; physiology; distress; life attitude, 20451
cognitive-behavioral therapy; anxiety disorders; clinical setting; cognitive parent training, 5202
cognitive-behavioral therapy; anxiety disorders; pharmacologic treatment; pharmacotherapy, 23101
cognitive-behavioral therapy; body image assessment; body image disturbances, 34921
cognitive-behavioral therapy; family therapy; child therapy; pediatric bipolar disorder; treatment effectiveness evaluation; treatment integrity; treatment adherence; parent satisfaction, 29285
cognitive-behavioral therapy; generalized anxiety disorder, 31791
cognitive-behavioral therapy; inpatient treatment; multiple somatoform symptoms; group therapy, 23122
cognitive-behavioral therapy; panic disorder; therapy delivery methods; computer-augmented CBT; therapist-delivered CBT; number of therapy sessions; therapeutic outcomes; computers, 2035
cognitive-behavioral therapy; schizophrenia; social skills training; antipsychotic medication; positive symptoms; depression; relapse prevention; coping; symptom management, 14085
cognitive-behavioral therapy; schizophrenia; therapeutic relationship; clinical skills, 35442
cognitive-behavioral treatment; cardiovascular reaction; neuroendocrine reaction; stress; women; assisted reproduction; autonomic response; systolic blood pressure; heart rate, 8431
cognitive-behavioral treatment; depression; comorbid borderline personality traits; personality dysfunction; depressive symptoms, 32313
cognitive-behavioral treatment; incarcerated women; substance abuse disorder; posttraumatic stress disorder; Seeking Safety, 8910
cognitive-behavioral treatment; panic disorder; fear of fear; mediational hypothesis; treatment efficacy, 32318
cognitive-behavioral treatment; pediatric posttraumatic stress disorder; cognitive-behavioral methods; community & school mental health settings; multimodality trauma treatment protocol, 11397
cognitive-behavioral treatment; PTSD; posttraumatic stress disorder; severe mental illness; consumer education; anxiety management; social skills training; exposure therapy; follow-up care; model, 14084
cognitive-behavioral treatment; social phobia; anxiety; panic, 20178
cognitive-behavioral treatment; tortured asylum seekers; treatment outcome; post-traumatic stress disorder; anxiety; depression, 26273
cognitive-behavioral treatment; trichotillomania; perfectionism; treatment outcomes, 8437
cognitive-behaviour therapy; psychosis; anger; hallucinations; delusions; aggression, 20150
cognitive-behavioural intervention; brief group intervention; changes in diagnostic status; children with anxiety disorder; nonanxious parents, 11374
cognitive-behavioural therapy; (CBT); therapeutic interventions; Schizophrenia treatment; therapy efficacy; policy endorsement; CBT practice, 5207

cognitive-behavioural therapy; patient psychoeducation; schizophrenia; treatment efficacy, 32260
comorbid substance misuse; functioning; health economy outcomes; schizophrenic patients; caregivers; cognitive-behavioural treatment programme; motivational intervention; family intervention, 8432
comorbid substance misuse; functioning; health economy outcomes; schizophrenic patients; caregivers; cognitive-behavioural treatment programme; motivational intervention; family intervention, 8428
comorbidity; major depression; conduct disorder; cognitive-behavioral treatment; adolescents; treatment evaluation, 26262
computer-aided treatment; self-help; cognitive behavior therapy; anxiety disorders; depressive disorders; self-help clinics, 14065
computerised cognitive-behavioural therapy; clinical efficacy; primary care; anxiety; major depression, 35440
computerised cognitive-behavioural therapy; clinical efficacy; primary care; anxiety; major depression; cost effectiveness, 35437
Control Of Violence for Angry Impulsive Drinkers; cognitive behavioral treatment; drinking; aggression, 8435
Coping Power program; classroom intervention; aggressive children; substance use; delinquency; school-based aggressive behavior; cognitive behavioral intervention, 20857
delusions; cognitive behaviour therapy; perception, 26288
depression; anxiety disorder; phobias; mental health problems; occupational impairment; interpersonal impairment; cognitive behaviour therapy, 20155
depressive disorders; cognitive-behavioral psychotherapy; cognitive-behavioral treatment; cognitive-behavioral interventions; cognitive-behavioral therapy; children; adolescents, 32268
depressive symptoms; elementary schoolchildren; cognitive-behavioral treatment; affective education; problem-solving; cognitive restructure, 26276
dietary restraint patterns; cognitive-behavioral therapy; bulimia nervosa; Eating Disorders Examination Restraint subscale; Three-Factor Eating Questionnaire Cognitive Restraint scale, 24183
dog phobia; specific phobia; treatment outcome; active imaginal exposure; cognitive-behavioral treatment; cynophobia; coping responses, 8421
drug abstinence; substance use disorders; antidepressant medication; depressive symptoms; comorbidity; alcohol dependence; cognitive behavioral therapy, 32781
early detection; prevention; psychosis; early intervention; at risk population; cognitive-behavioural therapy; positive and negative symptoms; amisulpride, 28707
eating disorders; motivational interviewing; cognitive behavioral therapy; weight disorders; treatment, 32254
emotion-focused treatment; unipolar mood disorders; bipolar mood disorders; SPAARS approach; emotion; emotional disorders; cognitive behavioral therapy; theories, 16986
emotional processes; psychotherapy; emotion; humanistic psychotherapy; cognitive behavioral psychotherapy; psychodynamic psychotherapy; therapeutic change; depth of experiencing; emotion research, 16948
evidence-based psychotherapy; cognitive-behavior approaches; behavior therapy; cognition, 20187
eye movement desensitization and reprocessing; psychotherapy integration; psychodynamic therapy; humanistic therapy; cognitive-behavioral therapy; assimilative integration, 35402
family check up; young adolescents; substance use; parent monitoring; family centered intervention, 20177
fatigue; graded exercise therapy; primary care; cognitive behavior therapy, 16987
fluoxetine; cognitive-behavioral therapy; major depressive disorder; combined treatment effectiveness outcomes, 35367
group cognitive-behaviour therapy; hypnotherapy; Irritable Bowel Syndrome; psychotherapy; psychological interventions, 19891
guided self-change; bulimia nervosa; cognitive behavioural therapy; treatment effectiveness, 5206
HIV; negative thoughts; pain response; pain experience; neuropathic pain; cognitive-behavioral treatment, 8430
homework problems; cognitive behavior therapy; homework compliance; task completion, 32310
hypnosis; cognitive behaviour therapy; depression; anxiety; academic performance; therapeutic progress; dysphoric feelings, 32272
hypnosis; pain management; acute pain; chronic pain; cognitive-behavioural intervention; neurophysiology; relaxation; imagery, 32529
hypnotherapy; cognitive-behavior therapy; psychological intervention; medical treatment; cancer patients; cancer care, 22886
insomia; generalized anxiety disorder; cognitive behavior therapy; severity; symptoms, 26274
insomnia; negative impact; etiology; pharmacotherapy; behavioral treatments, 11146
interdisciplinary approach; obesity; cognitive-behavioral-nutritional therapy; physical exercise; body weight; relaxation; psychosocial difficulties, 23167
interdisciplinary pain management program; rehabilitation clinic; chronic pain; patient functioning; analgesic drug elimination; pain; treatment outcome; cognitive behavioral therapy, 17122
Internet-based self-help; tinnitus; treatment process; cognitive behavioral therapy; self-help, 14082
Internet-based treatment; telephone contact; recurrent headache; cognitive behavior; self help; dropout rates, 14083
interoceptive exposure-based smoking cessation program; cognitive-behavioral treatment; panic disorder, 20190
interpersonal psychotherapy; cognitive behavior therapy; psychodynamic psychotherapy; major depression, 35399
intrusive memories; cognitive behavioral treatment; emotional impact; posttraumatic stress disorder; phenomenology, 25716
lifetime history; sexual abuse; clinical presentation; treatment outcome; depressed adolescents; cognitive-behavioral therapy; systemic behavioral family therapy; nondirective supportive therapy, 16904
major depression; bulimia; pathology; preventive intervention; adolescent girls; cognitive-behavioral intervention; body dissatisfaction; negative affect; dieting; symptoms, 8427
mankind; concept; cognitive behavior therapy, 2042
marijuana smoking adults; brief interventions; evaluation; outcomes; motivational enhancement therapy; multicomponent therapy; cognitive-behavioral therapy; case management; delayed treatment control, 29770
motor vehicle accident; survivors; cognitive behavioral therapy; supportive psychotherapy, 26229
neurochemical analyses; pediatric obsessive-compulsive disorder; cognitive-behavioral therapy; symptom severity, 5192
obsessive compulsive disorder; empirically supported treatments; panic disorder; social anxiety; cognitive-behavioral therapies; dissemination; practitioners, 34905
obsessive-compulsive disorder; cognitive-behavioral therapy; symptom presentation; therapeutic outcomes; patients; categorization; mental compulsions; treatment response; symptom categories, 2029
obsessive-compulsive disorder; intrusive thoughts; contamination fears; obsessions; cognitive-behavioural model; OCD; appraisal, 25740
panic disorder; agoraphobia; cognitive behavioral treatment; treatment; treatment efficacy; treatment utility, 35435
panic disorder; cognitive behavior therapy; bodily sensation; catastrophic misinterpretation; positive cognition; negative cognition, 34896
panic disorder; group cognitive-behavior therapy; brief therapist contact; anxiety; telephone contacts; treatment outcomes, 20152
paroxetine; behavior therapy; posttraumatic stress disorder; PTSD, 20103
personality disturbance; manual-assisted cognitive behavior therapy; personality disorders; recurrent self-harm, 20189
pharmacotherapy refractory posttraumatic stress disorder; Cambodian refugees; cognitive-behavioral therapy; treatment resistance; antidepressants; combination treatment, 8436
posttraumatic stress disorder; cognitive-behavior therapy; adaptive behaviors; treatment contract; acute distress; high stress; motivation; high risk, 11402
posttreatment symptoms; motor vehicle accident survivors; posttraumatic stress disorder; PTSD; cognitive behavioral treatment; supportive psychotherapy, 8407
primary anxiety disorders; cognitive-behavioral therapy; child psychotherapy; treatment outcomes; adolescent development; depression; substance use, 16983
primers; cognitive behavioral therapy, 11396
problem drinker characteristics; problem drinker motives; moderation management self-help groups; cognitive-behavioral conceptualization, 20645
professional development programme; rural areas; mental health service; program development; professional training; cognitive behavioural strategies, 35976
prognosis; cognitive behaviour therapy; generalized anxiety disorder; clinical effectiveness, 25708
prolonged exposure; imagery-based cognitive restructuring component; industrial accident victims; post traumatic stress disorder; cognitive-behavioral analysis; imagery rescripting & reprecessing, 20180
psychoanalytic psychotherapy; cognitive-behavioral psychotherapy; unconscious mental life; awareness; insight; consciousness; learning; change, 8409
psychopathic personality; interpersonal characteristics; motivational readiness to change; demographics; working alliance formation; cognitive-behavioral group therapy; partner violence; males, 16945
psychopathology; patient characteristics; medical costs; healthcare utilization; cognitive-behavioral treatment; somatization, 22815
psychosocial intervention; geriatric patient; fears; distress; implantable cardioverter defibrillator; defibrillator discharges, 20127
psychotherapy; cognitive-behavioral therapy; therapist affirmation; psychotherapeutic outcomes; psychotherapeutic processes; time-limited psychotherapy, 26245
punishment; psychology; cognitive-behavioral therapy; social control; therapists, 23640
rational emotive therapy; cognitive behavior therapy; psychotherapist; Albert Ellis; Zen Buddhist, 26279
rehabilitation; violent adult offenders; cognitive-behavioral interventions, 26779
relapse prevention; cognitive-behavioral model; alcohol problems; drug problems; addictive disorders; treatment efficacy, 23628
residential treatment; psychoanalysis; psychoanalytic research; troubled youth; group care; cognitive behavioral therapy, 23571
schizophrenia patients; cognitive behavioral therapy; treatment, 11406
school-based program; depression prevention program; program evaluation; cognitive-behavioral therapy, 29284
self appraisal; impromptu speech performance; symptom severity; post-event rumination; social phobia; cognitive behavioral treatment, 14081
self-help treatment; weight loss; body weight; cognitive behavior therapy; obesity, 23168
sequential treatment; medication; cognitive behavioral therapy; chronic insomnia, 23108
sexual abuse; posttraumatic stress disorder; cognitive-behavioral therapy; behavior problem; child-centered therapy, 20140
short term effectiveness; Coping With Depression course; cognitive behavioral intervention; psychoeducation; major depression; at risk populations; subclinical depressive symptoms, 8426
short-term treatment; interpersonal avoidance; cognitive-behavioral treatment; Generalized Social Phobia; Avoidant Personality Disorder; Beck; behavior change, 35434
smoking cessation trial; fluoxetine; mood changes; cognitive-behavioral therapy; drug effectiveness, 29777
social anxiety; anger experience; anger expression; depression; social anxiety disorder; pretreatment profile; treatment attrition; treatment response; cognitive behavioral group treatment, 8429
social functioning; psychotic symptoms; low self-esteem; psychosis; cognitive behavioural intervention, 19450
social phobia; cognitive behavior therapy; effectiveness; clinical practice; transportability; sample selection criteria; effect size, 8434
social phobia; cognitive behavioral therapy; sample characteristics; effect size; sample restriction; exclusion criteria, 26206
social phobia; preadolescent children; cognitive-behavioral intervention; psychoeducation; cognitive strategies; behavioral exposure; child psychotherapy, 26280
social workers; depressed adolescents; cognitive behavior therapy; brief therapy; routine care, 26284
somatization disorders; primary care; group therapy; cognitive behavioral treatment, 22827
South African counsellors; cognitive behavioural therapy; trauma; training workshop effects; cultural realities; social conditions; comunity health centres, 36001
special reading disabilities; emotional factors; learning problems; achievement behavior; scholastic performance; cognitive skills; cognitive-behavioral intervention program, 35116
spiritually augmented cognitive behavioral therapy; psychotherapeutic processes; psychotherapeutic techniques; existential techniques; spirituality; mental health; recovery; meaning, 35431
standard cognitive behavior therapy; extended cognitive behavior therapy; social anxiety disorder, 26282
startle responses; motor vehicle accidents; accident survivors; symptom severity; cognitive behavior therapy, 35196
supportive therapy; schizophrenia; psychosocial interventions; cognitive behavioral therapy; social cognition; social support; therapeutic alliance, 23147
therapeutic alliance; neurocognition; schizophrenia; treatment adherence; cognitive behavior therapy, 32305
therapeutic jurispudence; offender responsivity; offender rehabilitation; risk; need; correctional staff; cognitive-behavioural model of change, 26761
thought suppression; obsessive-compulsive disorder; cognitive behavior therapy, 32315
three-stage model; treatment plan; cognitive-behavioral treatment; depression; treatment strategies, 11403
trauma; psychosis; cognitive behaviour therapy; post-traumatic stress disorder; PTSD, 25699

treatment effectiveness evaluation; cognitive-behavioral interventions; schizophrenia; psychosocial functioning; symptom severity; self-concept; psychiatric symptoms, 29281
treatment outcome; cognitive-behavioral therapy; multidimensional family therapy; substance-abusing adolescents; therapy techniques; evidence-based treatments, 29252
treatment; incarceration; sexually-abused adolescent females; psychosocial functioning; gender-specific cognitive-behavioral therapy; abuse history, 10873
treatment; self efficacy; coping; alcohol dependent patients; group psychotherapy; psychodynamic therapy; short-term psychotherapy; cognitive behavioral therapy; outcomes, 32290

Cognitive Behavior Therapy—Books

Cognitive therapy with children and adolescents: A casebook for clinical practice (2nd ed.), 16989

Cognitive Behavior Therapy—Chapters

Cognitive-behavioral therapies, 16645
Cognitive-behavioral therapy for obsessive-compulsive disorder and body dysmorphic disorder, 5210
Facilitating understanding and management of attention-deficit/hyperactivity disorder, 16991
Modular therapy for adolescents with major depression, 16994
Personality disorders among children and adolescents: Is it an unlikely diagnosis?, 16997
Play therapy with a sexually abused child, 16999
Recovery maintenance and relapse prevention with chemically dependent adolescents, 16899
Strategies to modify low self-esteem in adolescents, 17002
Stress and immunity, 16644
Treatment of a sexually abused adolescent with posttraumatic stress disorder, 16998
Treatment of academic skills problems, 16993
Treatment of adolescent eating disorders, 16953
Treatment of adolescents and young adults with high-functioning autism or Asperger syndrome, 16992
Treatment of family problems, 16956
Treatment of obsessive-compulsive disorder, 16996
Treatment of social anxiety disorder, 16990
Treatments for oppositional defiant disorder, 17000
What makes for an effective treatment?, 17001

Cognitive Complexity—Serials

cognitive load; consumers; emotion-laden choices; conflicting goals; coping effects; consumer abilities, 33346
complex system aspects; school children; mental models; coding scheme; expert understanding; novice understanding; Structure Function Behavior theory; knowledge representation, 18329
conceptual complexity; conceptualization; multiagent model; learnability; concept learning; working memory, 18340
linguistic styles; deceptive communication; dubitative ambiguity; elliptic eluding; cognitive complexity, 10483
pattern simplicity; null distribution; concept learning; complexity, 33789
personality motives; traumatic events; memory; distress; cognitive complexity; September 11th terrorist attacks; personal traumatic experience; psychological symptoms; stress-related growth, 22106
racial diversity; complex thinking; college students; perceived novelty; integrative complexity; opinion composition, 32996
relational complexity; perceptual comparisons; cognitive comparisons; response time; levels of abstraction; relational working memory, 24444
self-complexity; construct validity; individual cognition; depression; anxiety; social desirability; self concept, 34734
speaking samples; writing samples; picture description; personal narrative; productivity; efficiency; coherence; mode of expression; task elicitation; cognitive distance; verbal working memory, 7337
spontaneous flexibility; cognitive complexity; simple structures; complexity task; time pressure; causal role, 4407
supervision; group work; models; cognitive complexity; group counselors; intervention, 26808
task switching; task alternation; bivalency cost; bivalent stimuli; top-down processes; endogenous processes; response style; response errors; performance; cognitive ability, 395
temporal event referencing; temporal connectives; acting-out comprehension tasks; cognitive complexity; language, 34301

Cognitive Deficits [See Cognitive Impairment]

Cognitive Development [See Also Intellectual Development, Language Development, Perceptual Development]—Serials

acquisition; action control; cognitive development; executive functions; action-effect associations, 15944
action imitation; autistic spectrum disorder; emulation; cognitive development, 25969
age differences; cognitive flexibility; spatial stimulus-response mapping; sorting rule; feedback; switch cues; performance errors, 34267
age differences; infant category learning; stimulus features; familiarization; attention; cascade correlation, 24979
age related differentiation; cognitive abilities, 24986
artifacts; seeking information; functional information; information seeking motivation, 24967
artificial three-dimensional object; object recognition; cognitive development; cross-modal integration; intra-modal integration; multimodal object representation; configural object recognition; brain, 12667
autism spectrum disorders; neuroanatomy; MRI; preschool children; brain volumes; cognitive functioning, 13780
autistic behavior; adaptive behavior; fragile X syndrome; daily living skills; IQ; intelligence quotient; child cognitive development, 4767
blood lead; bone lead; prenatal period; children; exposure; intelligence quotient; IQ, 11131
bottom-up processing; infant development; cognitive development; category learning; visual recognition, 31146
brain development; neurophysiology; infant cognition; child cognition; cognitive abilities, 10211
categorization asymmetry; infants; humans; nonhuman animals; perceptual cues; head; body; global gestalt information; familiarization/novelty-preference, 22040
category representations; subordinate-level categorization; visual preference procedures; infants, 31175
causal inferences; domain-specific knowledge; conditional probabilities; preschoolers; cognitie development, 13208
cetacean brains; brain expansion; encephalization levels; mammals; neocortex; cognitive capacities, 21632
child causal inferences; backwards blocking; Bayesian reasoning; preschoolers; cognitive development; patterns of events; age, 24983
child development; ecological contexts; media role; physical development; behavioral development; cognitive development, 28047
childhood amnesia; theoretical explanation; quantitative changes; age-related changes; memory development, 13184
childhood epilepsy; perinatal asphyxia; neonatal seizures; motor disability; neurodevelopment; Bangladesh, 8208
childhood experience; memory development; infantile amnesia; non-verbal memory; memory paradigms; explicit verbal recall, 13196
children developing knowledge; mental awareness; pretense, 31187
children's perceptions; facial maturity; adolescents; young adults; judgments; physical fitness; cognitive ability; sociability, 18916
clamping; motivation; memory; pleasure; pain; desire; fear; percepts, 18412
clock copying; clock drawing; neurocognitive development; elementary school aged children; executive function; visuo-construction; visual-motor coordination; neuropsychological correlates, 18914
cognitive development; Cognitive Abilities Scale; developmental needs, 21106
cognitive development; prenatal stress, 7377
cognitive development; preterm birth; brain injury; brain plasticity, 10192
cognitive development; spatial problems; maturational constraints; learning experience; concrete operations; culture; implicit vs explicit theory; children; US vs Mexico; Piaget, 10194
cognitive developmental; reading achievement; elementary school children; reading ability; classroom environment; age differences, 17699
cognitive outcomes; rural environment; Kenya; neuropsychological battery; test development; Kaufman Assessment Battery for Children; cerebral malaria; reliability; validity, 18156
conceptual confusions; developmental continuum; learning; training; Vygotsky; Wittgenstein, 28036
conditional reasoning theories; hypotheses; age related developments; children; adolescents; deontic; causal conditionals; inferences, 24956
congenital malformations; psychomotor development; mental development; cleft lip; child development, 16635
cortical regions; computational cognitive neuroscience; memory functions; early memory; hippocampus; prefrontal cortex; posterior cortex; working memory; memory development, 12870
counterfactual statements; theory of mind; counterfactual thinking; preschool children, 15953
counting strategies; developmental changes; developmental pattern; counting skill; adaptation; cognitive development, 13168
crack cocaine; prenatal exposure; social development; emotional development; intellectual development, 10141
cultural self-constructs; autobiographical memory; self-description; cross-cultural differences; European American children; Chinese children; self-concept; child development; cognitive development, 7404
developmental outcomes; Bayley Scales of Infant Development; drug exposed children; mental development; psychomotor development, 73
developmental perspective; pediatric brain injury; cognitive deficits; developmental lag; achievement; neurocognitive recovery, 1844
developmental shifts; knowledge clustering, 31138
discourse structures; narratives; preschool children conversations; daily interactions; metadiscourse comments, 24959
early cognitive development; tuberous sclerosis; intellectual functioning; motor processes; mental retardation; infants; risk factors, 32089
early development; scaling ability; distance information; two-dimensional maps; referent spaces; mapping tasks, 31195
early gender identity development; cognitive theories; sex roles; infants; toddlers, 34349
early gender identity development; cognitive theories; sex roles; infants; toddlers, 34304
early mathematical experience; black children; white children; cognitive development, 22046
early memory development; preverbal children; memory processes, 13172
early memory; scientific thinking; personal events; human memory development, 13187
editor; Rudolph Schaffer; cognitive development; attachment theory; wariness, 32868
elementary schools; young children; reading comprehension; cognitive achievement; cognitive development; math development; instruction characteristics, 17705
embodied meaning; negative priming; memory; models of cognition; symbols; grounding; perception; action; language, 18379
embodied memories; negative priming; suppression, 18392
embodied memory; structural mapping; cognitive representation; grounding, 18389
epidermal growth factor; neonatal rats; EGF receptor signaling; neurobehavioral effects; adult social development; cognitive development; motor impairment; sensorimotor gating; tyrosine hydroxylase, 12772
event-mapping task complexity; prior information; infants, 7407
executive control; young children; multidisciplinary approaches; cognition, 31143
false belief understanding; maltreated children; socioeconomic status; cognitive development, 10172
false belief understanding; theory of mind; executive control; card sorting; children, 18923
false belief; counterfactual conditionals; developmental dissociation; counterfactual reasoning; complex & simple travel scenarios; child development, 24969
false-belief understanding; low-income population; verbal ability; social competence, 13203
fantastical beings; children beliefs; age differences; fantasy orientation, 34258
fantasy/reality distinction; young children; fantasy orientation, 24978
first memories; childhood amnesia; emotional trauma; abuse; positive memories; negative memories; verbal memory; visual memory; right hemisphere, 18920
gender differences; cognitive outcomes; influential factors, 20845
genetic contributions; environmental contributions; general cognitive ability; longitudinal stability, 31169
goal directed behavior; infant encoding; intentional behavior; random behavior; infant attribution; human action; morphologically unfamiliar agent; approach behavior, 34295
grammatical acquisition; infants; syntax; poverty of stimulus argument; linguistic structure, 31125
grammatical acquisition; infants; syntax; semantics, 31192
habituation; childhood development; developmental course; attention; infant cognition; novelty preference; age differences, 22032
habituation; high risk infants; test-retest reliability; attention; cognitive development, 901
homosexual men; heterosexual men; neurocognitive performance; neurodevelopment; cognitive abilities; developmental stress; human sex differences; developmental instability; environment, 13202
illness understanding; children's ontological knowledge; ontological categories; children's illness conceptions; exemplar; naive theory generalization, 4097
immanent justice responding; traditional developmental theories; developmental changes; cognitive reasoning; adults; children; bad behavior; negative consequences, 24973
infant categorization development; connectionist modeling; concept acquisition; infant cognition, 24940
infant response; others' intention; re-enactment; intended acts; developmental ability, 34294
infants expectations; infant physical reasoning; occlusion; containment; covering events; violation-of-expectation method, 34263

infants expectations; infant physical reasoning; occlusion; containment; covering events; violation-of-expectation method, 34282
infants expectations; infant physical reasoning; occlusion; containment; covering events; violation-of-expectation method, 34266
infants; syntax; grammatical acquisition, 922
Latino identity; reconstructing identity; cognitive development; Latino college students; ethnic identity, 36199
learning; memory; inductive inference; category information; induction; cognitive development; childhood development, 31185
levels of body knowledge; early childhood development; visual habituation; visual discrimination; body representation schema; abstraction; visuospatial ability; emotion; information storage, 34288
logical reasoning; cognitive development; modus ponens inference; errors; age differences; retrieval; cognitive interference, 943
mastery motivation; cognitive functioning; academic achievement; human sex differences, 13180
maternal fever; intraventricular hemorrhage; non-verbal intelligence; cognitive limitations; long-term sequelae; preterm delivery; cognitive deficits, 4849
maternal rigidity; infancy; intelligence; school age; preterm, 18913
maternal writing mediation; kindergartners; literacy promotion; school; literacy skills; socio-cultural factors; socioeconomic status; SES; spelling; reading comprehension; linguistic knowledge, 28062
mathematical disabilities; child development; ability level; learning strategies, 19788
mathematical proficiency; emergent mathematic skills; preschool children; executive functions; working memory; inhibitory control; shifting abilities, 31144
mathematics pedagogy; English mathematics curriculum; teaching strategies; mathematical learning; cognitive processes; multisensory learning; self esteem; preschool students, 33070
media exposure to suicide; early experience; cognitive development; comprehension; social influences, 929
memory development; young children; memory strategies; verbal memory; recall; short term memory; memory capacity; metamemory; utilization deficiency, 24977
mental development; cognitive development; psychomotor development; motor development; breast-feeding; parents; infants, 22034
mental state discourse; theory of mind; internalization; social understanding; self-other understanding; mind development; social competence, 25066
metacognitive language; story texts; conceptual understanding; mental states; production & comprehension; metacognitive vocabulary; kindergarten children, 24970
metacognitive skills; intelligence; domain generality; domain specificity; metacognitive development; age differences, 34299
metaethical cognition; epistemic reasoning; reasoning development; moral judgments; intuitionism; subjectivism; transsubjectivism; adolescents, 34281
Mondrian; painting; artistic style; conceptual development; postconventional stage; judgement criteria, 10080
mother-child interaction; child development; symbolic play; cognitive development, 7393
mother-child interaction; maternal distancing; infant development; memory performance; competence; declarative memory, 940
mothers; behavior modification; pretense; pretend play; real world comprehension; infant development; cognitive development; cognition; pretender behaviors; mother-toddler communication; signal value, 7389
narrative texts; writing ability; expository texts; text construction; text conceptualization; discourse functions; linguistic forms; age differences, 24932
natural maps; wayfinding; natural map misalignment; individual differences; anticipation; spatial ability, 31196
negative emotionality; temperament; infant-mother attachment relationship; fear; anger; cognitive development; distress; intelligence quotient, 25028
newborns face preference; top-heavy patterns; inner features, 24938
Newell test; theory; cognition; cognitive theories; classical connectionism; ACT-R theory; language; cognitive development; symbolism, 18050
nongeometric object information; visuospatial memory; cognitive development; age differences; spatial organization; categorization; spatial learning, 914
number words; number acquisition; counting; rhythm; coordination; learn by rote, 939
object individuation; infancy; infants, 24958
object permanence; infant cognition; agent-based model; robotics; simulation, 15980
object permanence; twenty four hour delay; disappearance; memory; spatial understanding; object identity; different locale; infants, 24966
parent-child interactions; early literacy development; low-income households, 4099
parental guidance; spatial-graphic representations; preschoolers understanding; creative behaviors, 31189
Piagetian perspective taking development; metacognitive development; theory of mind development; mentalistic knowledge; mental states; individual & cultural differences; primate species differences, 34273
premature delivery; diabetic mothers; pregnancy; cognitive development; brain development; infant development, 10209
prenatal cocaine exposure; cognitive outcomes; cognitive impairments; high-risk population, 24981
prenatal cocaine exposure; cognitive outcomes; cognitive impairments; high-risk population, 34297
prenatal cocaine exposure; cognitive outcomes; cognitive impairments; high-risk population, 34276
prenatal stress; cognitive development; infant temperament; maternal stress; fetal development; pregnancy-specific anxiety, 7350
preschooler magical explanations; physical law violations; social law violations; mental law violations, 24902
preschoolers; physical laws; social laws; mental laws; mental states; intentional states; human action, 24946
pretending; children; imitation game; trying; signs of effort; signs of playfulness; pretense, 18937
psychological distancing; Rod Cocking; representational thought, 10210
psychological functioning; biological processes; cognitive states; death; psychobiological functioning; age differences; cognitive development; childhood development, 13163
psychological gerontology; Germany; social policy; old age; personality development; cognitive developments; social relationships, 22131
psychological theories; cognitive development; false-belief task; human cognition; attribute beliefs; children's attributions, 18924
purification; children's conceptions; Americans; Hindu Indians; age differences; cultural differences; contagious essence, 24950
reasoning; design in nature; purpose; intention-based accounts; intuitive theists; artificialists; conceptual imagery; imagination; childhood development, 24954
reflective judgment model; reflective thinking; epistemology; epistemic assumptions; late adolescence; adulthood; complex reasoning; development; theory; research strategies, 18335
representational capacity; object-based attention; chunking; perceptual grouping; infants, 13173
representational development; planning; reflection; symbolic thought; early childhood models; High/Scope; Tools of the Mind; Reggio Emilia; developmental psychology, 10174
retroactive interference; storage processes; retention test; memory; cognitive development, 13186
risk; psychosis-like experiences; urban & rural areas; cognitive development; psychotic disorders; rates; schizotypal personality; IQ; neuropsychological function; memory; attention, 28744
science instruction; personal epistemologies; cognitive structures; developmental stages; cognitive resources; beliefs, 20822
selective attention; sensory stimulation; intersensory redundancy; perceptual development; cognitive development; infancy, 24929
selective mutism; dizygotic twins, 1742
sentence comprehension; focus participles; children; language acquisition, 937
social interaction; cognitive development; perceptual role-taking skills; deaf children; hearing children; theory-of-mind; affective role-taking, 26183
social situatedness; artificial intelligence; cognitive development theory; epigenetic robotics; natural intelligence; Vygotsky, 17964
teachers; school fights; gender; cognitive developmental domain approach; moral reasoning; intervention; cognitive developmental domain theory; public health; environmental psychology, 12094
Thatcher illusion; face processing; infant development; second-order relational information; face inversion; face discrimination; spatial information processing, 34264
theoretical differences; developmental stages; uncorrelated stimuli; computational models; attention; correlation detection; infants, 24990
traumatic events; traumatic experiences; memory development; infantile amnesia, 13171
twin adolescent pairs; puberty; cognitive development; school attitude; parent child relationship, 7375
understanding; intentional action; passive movement; self-judgment; body movement, 34287
verticality tasks; horizontality tasks; water level tasks; testing procedure; developmental effects; drawings; two dimensional graphic versions; three dimensional versions, 31128
very low birth weight; neuropsychological development; child development; adolescent development; cognitive development; perceptual-motor development, 18941
visual selective attention; conceptual negative priming; cognitive development; childhood development; age differences, 13201
vocabulary spurt; word learning; inflection point; language development; logistic; quadratic, 24947
working memory capacity; pragmatic inference; pragmatic implication; sensitivity; logical responses; children; felicitous statements; pragmatically enriched contexts; adult response inhibition, 24944
working memory skills; educational attainment; English; mathematics; science; national curriculum assessments; children; age differences, 14662
working memory; childhood development; cognitive development; age differences, 13177
working memory; resource demand effects; retention interval; card counting span performance; time limits; cross age consistency, 7397
young children; explanatory abilities; cognitive development; physical principles; psychological principles; biological principles, 18940
young children; learning; living things; conceptual change; science education, 28092
younger children; older children; adults; serial learning; internal representation; serial list, 13183

Cognitive Development [See Also Intellectual Development, Language Development, Perceptual Development]—Books

Child development through sports, 10156
The developing person through childhood and adolescence (6th ed.), 7374
Developmentally appropriate middle level schools (2nd ed.), 4089

Cognitive Development [See Also Intellectual Development, Language Development, Perceptual Development]—Chapters

Child development and the PITS: Simple questions, complex answers, and developmental theory, 891
Developing childhood proclivities into adult competencies: The overlooked multiplier effect, 15924
The development of object segregation during the first year of life, 15995
Does exposure to music have beneficial side effects?, 7409
Dynamic assessment of the evolving cognitive functions in children, 1721
Piagetian conceptual systems and models for mathematizing everyday experiences, 23851
Private speech: Cornerstone of Vygotsky's theory of the development of higher psychological processes, 4121
The role of metatextual knowledge in text comprehension, 22054
The search for general abilities and basic capacities: Theoretical implications from the modifiability and complexity of mechanisms mediating expert performance, 16308
Toward building a better brain: Neurobehavioral outcomes, mechanisms, and processes of environmental enrichment, 5948
When is metacognition helpful, debilitating, or benign?, 22053

Cognitive Discrimination—Serials

abstraction levels; orangutans; categorization; natural concept formation, 12744
basic arithmetic operations; sensory modalities; recognition; preverbal infants; visual objects, 13189
basic-level category discrimination; concepts; infancy; categorization; object examination task; cognitive development; familiarization, 924
cerebral regions; discrimination task; higher order motion; motion processing, 21575
cognitive color; color perception; color categorization; color coding; color naming; Stroop effect; spatial color organization; color memory; neuropsychology, 21247
dot symmetry; symmetric traits; developmental instability; genome; symmetry detection abilities; starlings, 18448
idea generation; production blocking; information processing; brainstorming groups; cognitive process; group processes; cognitive interference, 3366
information processing limitations; temporal discrimination; cognitive psychology; temporal span; Weber fraction, 21335
mass nouns; count nouns; grammatical distinction; language convention; cognitive individuation hypothesis; competing linguistic functions, 3380
neural activity; priority processing; prefrontal cortex; top-down control; stroop task; fMRI; task relevant information; attentional control; frequency; neural activity, 3681
search strategies; personal preferences; decision making; correct choice; relevant cues; success; adaptive behaviors, 21340
semantic discrimination; semantic tasks; linguistic task; cerebellum; overt articulation; brain activation, 3809

speed-accuracy trade-off locus; reaction time; lateral readiness potential; speeded decision; Erikson flanker task; line discrimination; lexical decision; response deadline; adaptive tracking; stress, 21343

Cognitive Dissonance—Serials

adaptive functioning; private logic; superiority; cognitive consistency; maladaptive behavior; dissonant thoughts; social functioning; treatment strategy; emotional reorientation; Adlerian theory, 2087

attitude change; self-esteem; cognitive dissonance; self attributes; self-affirmation, 7625

bias; individual expertise; task importance; predicision alternatives reevaluation; cognitive dissonance theory, 24420

choice behavior; choice justification; self; cognitive dissonance; competence; North Americans; social acceptance; Japanese; cross cultural differences, 31528

cognitive dissonance; anger; asymmetrical frontal brain activity; motivational tendencies, 34030

cognitive dissonance; environmentally responsible behavior; consistent behavior, 21009

cognitive dissonance; explicit attitudes; implicit attitudes; situational pressure; counterattitudinal position; propositional consistency; cognitive consistency, 28420

dissonance reduction; cognitive dissonance; dissonance theory; forced compliance; multiple value repertoires; values, 28438

emotional dissonance; emotional exhaustion; cabin attendants; depersonalization; human service burnout, 17842

labor supply; job search; cognitive dissonance; discrimination; neoclassical theory, 12242

Multi-Center Dilemma Project; cognitive conflict; repertory grid technique; personal construct theory; social phobia; irritable bowel syndrome; implicative dilemmas; health, 22404

President Clinton; perjury; need for prosecution; adult attitudes; preference for consistency; self esteem; political party affiliation; self theory, 7693

self-affirmation; self-consistency; dissonance phenomena; self-esteem, 25373

tobacco smoking; college students; cognitive dissonance; health-risk manipulation; nicotine addiction; intervention; quit smoking, 32802

trance logic; posttraumatic stress disorder; phenomenological analysis; avoidance traumas; phenomenology, 25693

vicarious processes; perceived speaker attitudes; cognitive dissonance; conformity; group and individual behavior; attitude changes; empathy, 31497

Cognitive Dissonance—Chapters

Inducing hypocrisy as a means of encouraging young adults to use condoms, 17278

Cognitive Dysfunction [See Cognitive Impairment]

Cognitive Functioning [See Cognitive Ability]

Cognitive Generalization—Serials

centrality hypothesis; dependency structures; artifact categories; target concepts; property projection, 18327

developmental shifts; knowledge clustering, 31138

entrenchment; grammaticality judgment tasks; overgeneralization errors; verb argument structure; age differences; children vs adults, 15983

gray seal; Halichoerus grypus; pointing; directional cues; generalization; operant conditioning, 9773

image representation; image space; intrinsic generalization; low dimensional representation; spectral histogram; linear representations, 9241

information; category; generalization; logical structure; label, 31533

memory consolidation; sleep; perceptual learning; spoken language; generalization, 3296

practice; memory reactivation; memory generalization; infants, 18917

psychological contract generalizability; China; Western culture; contract forms; organizational citizenship behavior; instrumentality mediation, 17824

visual pattern recognition; visual generalization; generalization; honeybees, 27633

Cognitive Hypothesis Testing—Serials

causal learning; causal maps; inference; formalism; directed graphical causal models; Bayes nets, 10182

causal structure; intervention; observation; probabilistic data; learning paradigm; temporal cues; causal model, 24447

elementary school children; comprehension; hypothetical beliefs; hypothesis-testing process; statements of preference; age differences; cognitive development, 34269

self generated causal hypotheses; verbs; distinctiveness information; consensus information; type of questions; attribution of responsibility, 7644

Cognitive Impairment—Serials

abnormal visuospatial performance; neurocognitive deficits; saccade abnormalities; oculomotor behavior; neurofibromatosis 1; impaired visuomotor maturation, 16788

accidents; minor injuries; cognitive failures; antidepressants; sleeping tablets; psychomotor function; cognitive function, 2235

adjunctive donepezil; cognitive impairment; schizophrenia; cognitive functions; treatment outcome; acetylcholinesterase inhibitors, 26440

adolescent ecstasy users; MDMA; cognitive deficits; divided attention; brain function; hippocampal dysfunction; developmental impact; 3,4-Methylenedioxymethamphetamine; neurotoxic effects, 25884

age differences; memory; hippocampus; adult mice; aged mice, 12889

age-related memory loss; physiological knowledge; physical illness; modern medical concepts; old age; memory loss illness; Gulliver's Travels; Middle Ages; modern times; Cartesianism; Iatromechanism, 16627

aggression; maladaptive behaviors; psychiatric disorder; psychiatric services; intellectual disability; mental retardation, 19797

aging; dementia; geriatric patients; wandering, 19974

aging; HIV infection; cognitive decline; psychomotor decline; Parkinsonism, 35231

aging; spatial memory performance; spatial memory deficits; transcription factors; signal transduction; memory impairment; long-term memory; hippocampal CREB; male rats, 9823

alcohol; induced memory impairment; trace fear conditioning; hippocampus-specific effect; alcohol amnesic effects; contextual cues; memory; delay fear conditioning, 18814

alpha lipoic acid; animal models; cognitive impairment; oxidative stress; neurodegenerative disorders; rats; Alzheimer's disease; dementia; glucose; energy metabolism; memory, 781

Alzheimer disease; mental disorder; geriatric mental health; cognitive symptoms; neurological causes, 35302

Alzheimer disease; mild cognitive impairment; dementia; risk factor; pathology; diagnosis, 32149

Alzheimer's disease; cerebrovascular disease; cognitive deficits; dementia; mixed dementia; post-stroke dementia; stroke; vascular dementia, 5064

Alzheimer's disease; cognitive impairment; verb comprehension; neurophysiological correlates; cortical activation, 1845

Alzheimer's disease; executive function ability; task instruction; inhibitory deficits; interfering effects; shifting disabilities; Stroop Test, 35248

Alzheimer's disease; mild cognitive impairment; MCI; healthy aging; cerebral structural characteristics; hippocampus, 22902

Alzheimer's disease; myelin breakdown; cognitive decline; aging; myelin; neuropathology; cognitive functions, 13925

Alzheimer's disease; myelin breakdown; cognitive decline; aging; myelin; neuropathology; cognitive functions, 13921

Alzheimer's disease; myelin breakdown; cognitive decline; aging; myelin; neuropathology; cognitive functions, 13959

Alzheimer's disease; myelin breakdown; cognitive decline; aging; myelin; neuropathology; cognitive functions, 13920

Alzheimer's disease; myelin breakdown; cognitive decline; aging; myelin; neuropathology; cognitive functions, 14020

Alzheimer's disease; myelin breakdown; cognitive decline; aging; myelin; neuropathology; cognitive functions, 13919

Alzheimer's disease; myelin breakdown; cognitive decline; aging; myelin; neuropathology; cognitive functions, 13985

Alzheimer's disease; myelin breakdown; cognitive decline; aging; myelin; neuropathology; cognitive functions, 13934

Alzheimer's disease; relational integration; executive function; relational complexity; prefrontal cortical dysfunction, 20070

Alzheimer's disease; semantic selection ability; semantic impairments; verb generation; selection demands; lexical fluency, 11302

Alzheimer's disease; vaccines; mutated amyloid precursor protein gene; amyloid pathology; cognitive dysfunction; immunisation; molecular pathology; transgenic mouse model; pathogenesis, 2298

amantadine; executive dysfunction syndrome; dementia; neuropsychiatry; geriatric psychiatry, 22927

amateur boxing; cognitive impairment; cognitive function; head injury, 32194

amyloid precursor protein; spatial memory processes; recognition performance; mice; Alzheimer's disease, 9821

amyotrophic lateral sclerosis; frontotemporal dementia; cognitive dysfunction; motor neuron diseases; cognitive impairment; neuropathological features;abstract reasoning; nonverbal fluency, 5068

androgen receptor gene; CAG; polymorphism; cognitive decline; cognitive impairment; glutamine, 7485

anxiety disorder; subjective memory loss; elderly; prediction; future cognitive decline; depression, 1345

apolipoprotein E4; allele; depressive symptoms; cognitive decline; middle-aged; elderly; Alzheimer disease, 4565

apraxia; selective deficit; motor imagery; left hemisphere damage; mental rotation; visual stimuli; hands, 8315

attentional control; information processing slowness; traumatic brain injury; attentional impairment, 29176

auditory hallucinations; cognitive impairment; hippocampus; schizophrenia, 5069

autism; functional neuroanatomy; theory of mind; executive function; cognitive impairment; neurodevelopmental syndrome; face recognition; mentalization; Aspergers syndrome; cortical connections, 35070

autism; neuropsychological disorders; coping; brain disorder; impairment, 35066

bedtime medication regimen; daytime sleep; challenging behaviors; intellectual disabilities; trazodone; aggression; self-injury; physical restraint; comorbid psychiatric diagnoses, 20323

binocular depth inversion illusion; regular cannabis users; cognitive impairment; executive functioning; memory; personality, 1667

blood pressure; cognitive impairment; memory impairment; elderly; rural population, 8288

body image distortions; sensory impairment; motor impairment; orthopaedic surgery, 22983

body weight changes; risk factor; functional impairment; weight gain, 29527

brain nerve growth factor; cognitive impairment; mild Alzheimer disease; severe Alzheimer disease; choline acetyltransferase; disease discourse, 8283

category specific deficits; Alzheimer's disease; picture naming; ceiling effects; control groups, 8269

category-specificity; naming impairment; visuo-verbal disconnection; neuroanatomy; semantics; brain lesions, 11250

cell cycle; neuronal cell death; disease stages; Alzheimers disease; mild cognitive impairment, 23020

cerebellothalamocortical system; cognitive impairment; motor impairment; nonamnesic alcoholism; corticopontocerebellar system; brain volume abnormalities, 11019

cerebellum; prefrontal cortex; thalamic volumes; adolescent-onset schizophrenia; multiple brain lesions; functional dysconnectivity, 31769

cerebrospinal fluid; plasma antichymotrypsin levels; Alzheimer disease; severity; physiological correlates; cognitive impairment; neuritic plaques; systematic inflammatory diseases, 4986

cerebrospinal fluid; sulfatides; ST; incipient dementia; Alzheimer's disease; cognitive impairment; phosphatidylinositol; biomarker; CSF, 1846

cerebrovascular disease; vascular cognitive impairment; verbal retrieval; neuropsychological assessment; vascular dementia; at risk patients, 34763

childhood closed head injury; executive function; outcome relations; injury severity; pediatric populations; brain effects, 16752

chromosomal deletion syndrome; learning disabilities; attention deficits; neurocognitive anomalies, 35215

chronic schizophrenia; verbal memory impairment; neuropsychological deficits; clinical symptoms; conceptual disorganization; cognitive deficits; deficient word fluency; negative symptoms, 25661

clozapine; intellectual disability; treatment resistant psychosis; adults, 35575

cognition; brain structure; schizophrenia; neurocognitive deficits; disease course; antipsychotic medications; neuroanatomy, 19443

cognition; mania; depression; cognitive deficits, 1447

cognitive ability; psychosocial activity; bilateral frontal lobe injury; cognitive deficits; dysexecutive problems, 29191

cognitive assessment; cognitive models; cognitive therapy; intellectual disabilities, 35436

cognitive consequences; epilepsy; memory impairment; verbal memory; epileptic surgery; temporal lobe epilepsy, 11246

cognitive decline; cognitive function; genetic risk factors; aging; Alzheimer disease; APOE gene, 6821

cognitive decline; delirium; cognitive impairment, 25519

cognitive decline; dementia; cognitive impairment; natural history; old age; memory problems, 16059

cognitive deficits; adult rats; lead intoxication; regional specific inhibition; constitutive nitric oxide synthase; subchronic lead doses; hippocampal long-term potentiation; perforant path, 12999

cognitive deficits; cognitive assessment; cognitive enhancement; neurocognition; psychopharmacology; schizophrenia; test selection; cognitive battery; National Institute of Mental Health, 33547

cognitive deficits; eating disorders; anorexia nervosa; bulimia nervosa; neuropsychological deficits; psychosocial development, 25994
cognitive deficits; schizophrenia, 28697
cognitive disabilities; independent living; transition process; parents; family; adult life; siblings, 25942
cognitive disability; motor disability; complex disability; International Classification of Functioning, Disability and Health; paediatric neuro-rehabilitation, 28540
cognitive dysfunction; nervous system; neuropsychiatric symptoms; systemic lupus erythematosis; sleep; quality of life, 35216
cognitive dysfunction; neuropsychiatric abnormalities; multiple sclerosis; affect & mood disorders; behaviour disorders; memory; information processing speed; executive function; treatment, 34759
cognitive dysfunction; obstructive sleep apnea; OSA; treatment; patients; sleepiness; partial reversibility; positive airway pressure; CPAP; treatment outcomes, 2291
cognitive dysfunction; schizophrenia; clinical symptoms; psychopathology; treatment; drug therapy; negative symptoms, 22544
cognitive effects; treatment withdrawal; benzodiazepine; cognitive function, 23213
cognitive factors; Postconcussion Syndrome; symptoms; head injury; depression; pain; subjective expectation; treatment-seeking behavior, 22944
cognitive function; antipsychotic medications; ziprasidone; Positive and Negative Syndrome Scale improvement; long-term patient outcomes; schizophrenia, 11497
cognitive function; chronic granulomatous disease; inherited immunodeficiency; phagocytes; superoxide; metabolites; frequent hospitalizations; social development; educational development, 22867
cognitive function; cognitive performance; dysthymia; anxiety-depressive disorder; major depression; minor depression; episodic memory; mental flexibility; cognitive impairment, 16389
cognitive function; life span; cognitive impairment; etiology; protective factors; physical disorders, 4544
cognitive functioning; cognitive deficits; neuropsychology; MRI T2 hyperintensities; neurofibromatosis type 1, 8135
cognitive functioning; unmedicated adult outpatients; effort hypothesis; cognitive speed hypothesis; cognitive dysfunctioning; allergic rhinitis; memory retrieval; effort; memory; major depression, 7821
cognitive functioning; unsafe driving behavior; cognitive impairment; health; dementia, 4179
cognitive gerontology; dementia detection; cognitive decline; assessment; diagnostic reliability; centenarian study; external cognitive functioning; performance varibility; very aged participants, 34377
cognitive impairment; American population; age-specific prevalence; total life expectancy; elderly person, 7479
cognitive impairment; associative recognition; conscious recollection; item recognition memory; item familiarity; schizophrenia, 7855
cognitive impairment; cognitive decline; risk factors; dementia; elderly; aging, 10294
cognitive impairment; cognitive functioning; neurotoxins; MDMA; drug use patterns, 19663
cognitive impairment; cognitive profile; idiopathic Parkinsons disease; demographic variables; medical variables, 23015
cognitive impairment; dementia; longitudinal brain change; entorhinal cortex; ERC atrophy; hippocampus; cerebrospinal fluid, 6338
cognitive impairment; drug abstinence; cocaine abusers; cognitive behavioral treatment, 10963
cognitive impairment; epilepsy; Mild Epilepsy Neurocognitive Disorder, 19944
cognitive impairment; euthymic bipolar patients; verbal learning; memory, 28657
cognitive impairment; frequency bands; AD patients; correlation dimension; Alzheimer disease; complexity measure; magnetoencephalography; MEG; neural complexity, 16838
cognitive impairment; Geriatric Depression Scale; Orientation- Memory-Concentration-test; major depression; test validity; test reliability; psychometrics; older ill inpatients; screening tests, 24242
cognitive impairment; inpatient rehabilitation outcome; depressive symptoms; hip fracture; elderly patients; rehabilitation participation, 26706
cognitive impairment; laterothalamic infarcts; lateral thalamic stroke; executive functions; verbal fluency, 13915
cognitive impairment; mammographic screening; vulnerable population; older women; breast cancer; screening; medical ethics, 29171
cognitive impairment; mortality; cognitive status; cognitive decline; older Mexican Americans; cognitive functioning, 22980
cognitive impairment; multiple sclerosis; abnormal performance; neurological symptoms; neurological disability, 16731
cognitive impairment; neurological impairment; mood disorders, 19387
cognitive impairment; neuropsychology; Hispanic women; immunity; macrophage; fingerprinting; monocyte-derived macrophages; MDM; HIV-1-associated dementia; HAD; biological markers, 1806
cognitive impairment; prevalance; incidence; dementia; diagnostic criteria; predictive validities; age, 10649
cognitive impairment; progressive dementia; cognitive functioning; late-life depression; Apolipoprotein E; Alzheimer's disease; age of onset; at risk populations, 11234
cognitive impairment; risk factors; aged community members; prevalence; social participation; personal attributes, 28153
cognitive impairment; schizophrenia; maintenance electroconvulsive therapy; neuropsychology, 23318
cognitive impairment; social functioning; extensive bilateral prefrontal pathology; head injury; implicit cognition, 35250
cognitive impairment; substance abuse; neuropsychology, 19703
cognitive impairment; visuospatial neglect; right hemispheric lesion; risk factors; stroke outcomes; stroke recovery, 13909
cognitive impairments; depressed mood; Parkinson's disease; neuropsychological functioning; early disease course, 8318
cognitive impairments; neurologic impairments; psychiatric disorders; special issue, 19259
cognitive impairments; traumatic brain injury; assistive technology for cognition intervention; web based interventions, 32486
cognitive inflexibility; prefrontal serotonin depletion; neuropsychiatric disorders, 24662
cognitive mechanisms; executive deficits; reality distortions; executive functions; confabulation; meningioma; motivation; memory, 19261
cognitive neuroscience; cognitive functioning; language processing; face recognition; attention; language; memory; perception, 12904
cognitive performance; cerebral injury; neuropsychological performance; cognitive impairment; MR markers; MS patients; verbal learning; memory; multiple sclerosis, 16743
cognitive performance; Clinical Dementia Rating 0.5; prevalence; aged; mild cognitive impairment; Alzheimer's disease; Tajiri Project, 35311
cognitive plasticity; learning potential; mild cognitive impairment; mild Alzheimer's disease; dementia; prediction; at risk populations; disease course, 1842
cognitive remediation training; cognitive deficits; schizophrenia; functional outcomes; work therapy; memory; computerized training, 16432
cognitive screening; tape recorder; test administration; memory disorder clinic; hostel accommodation; memory impairment; oral word association test; verbal fluency, 15083
cognitive slowing; target detection skill; pre-demented subjects; Alzheimers disease; cognitive processing; dementia, 22900
cognitive tasks; neuropsychological deficits; children; increased familial risk; schizophrenia, 22531
confrontation naming; neuropsychological tests; Boston Naming Test; mild cognitive impairment, 27344
context processing; dorsolateral prefrontal cortex; schizophrenia; cognitive deficits; evoked potentials, 7885
conventional neuroleptic treatment; cognition; schizophrenia; antipsychotic agents; cognitive impairment, 26406
coping behavior; schizophrenia; neurocognitive deficits; personality; visual memory; verbal memory; executive function; neuroticism; extroversion, 22547
coronary bypass surgery; side effects; cognitive change; cognitive function; treatment outcomes; neuropsychological decline; prediction; microembolisms, 5460
correlated cognitive change; coupled cognitive change; aging; cognitive age effects; older adults; dementia; cognitive ability, 8309
decision-making abilities; mental illness; impaired cognition; bipolar disorder; consent capacity; mania, 25577
declarative memory impairments; metabolism; physical activities; sleep deprivation; military combat course; neuropsychological parameters; biochemical parameters, 26160
deficit syndrome; schizophrenia; symptom domains; secondary negative symptoms; primary negative symptoms; pathophysiology research; pharmacological response; antipsychotics; psychopathology, 16424
delirium; dementia; elderly general medical inpatients; cognitive impairment; stay length, 23594
Dementia Deficits Scale; dementia; impaired deficit awareness; self-awareness; cognitive functioning; emotional functioning; functional deficits; patient assessment; test validity; reliability, 33583
dementia diagnosis; positive predictive value; cognitive problems; clinical utility, 16840
Dementia Rating Scale; cognitive impairment; Alzheimers disease; dementia, 15072
dementia with Lewy bodies; butyrylcholinesterase activity; cognitive deficits; cognitive function; temporal cortex; acetylcholine; cholinergic activities, 16809
dementia-related problem behaviors; nursing home placement; older people; time to placement; dementia patients; home and community based programs; long term care, 22987
dementia; autosomal dominant hereditary spastic paraplegia; cognitive impairment, 29151
dementia; cognitive impairment; death rates, 22953
dementia; cognitive impairments; elderly patients; acute stroke patients; risk factors, 29083
dementia; dementia detection; dementia documentation; delirium; delirium detection; delirium documentation; geriatric wards; cognitive impairment; hospitalized older individuals; medical records, 13967
depression; mice; animal model; cognitive impairment; attention deficit disorder; hypothalamic-pituitary-adrenal axis; behavior analysis; trkB receptor, 3736
depressive symptoms; Alzheimers disease; mood disturbances; neuroticism; cognitive impairment, 35285
depressive symptoms; neurocognitive impairment; treatment adherence; antiretroviral therapy; HIV-infected persons; sexual activity; drug injection, 35616
depressive symptoms; physical health; caregivers; cognitive impairment, 12005
differential impairment; attention; paranoid schizophrenia; nonparanoid schizophrenia, 16428
distress proneness; cognitive decline; aging, 34397
donepezil; dementia with lewy bodies; cognitive impairment; visual hallucination; drug effectiveness, 35509
down syndrome; intellectual impairment; intelligence quotient; cognitive assessment; special needs; Stanford Binet: fourth edition, 18149
dual-task performance; cognitive impairment; cognitive status; aging, 19994
dural arteriovenous fistula; ischemic stroke; cognitive changes; dementia; aphasia; symptoms; stroke; neurocognitive evaluation; neuropsychology, 19975
dyscalculia; Turner syndrome; cognitive deficits; arithmetic; genetics, 11135
dyslexic children; working memory functions; writing performance; parallel processes; adaptive processes; reading performance; memory deficit; perception, 1719
early pathology; Alzheimer's disease; mild cognitive impairment; early treatment; health care costs; early diagnosis, 19968
effective screening; Alzheimer disease; cognitive impairment; primary care; dementia; older patients, 35332
electrical injury; cognitive dysfunction; progressive neuropsychological impairment, 1785
emotional self regulation; problem solving deficits; traumatic brain injury; group treatment; higher level outpatients; neuropsychological rehabilitation; logical thinking; reasoning, 2490
emotional withdrawal; drug response; late life depression; elderly patients; cognitive impairment, 13581
environmental enrichment; spatial learning; gene expression; brain-derived neurotrophic factor; learning impairments; long-term cognitive deficit; molecular deficit; developmental lead exposure; rats, 3563
epileptic patients; stuporous encephalopathy; cognitive impairment; topiramate; sodium valproate; drug-induced encephalopathy; coprescription, 23391
epileptic seizures; epilepsy syndrome; electroencephalographic recording; cognitive function; reaction time, 8317
epileptiform EEG; cognitive impairment; cognitive function; seizures; transient cognitive impairment; epilepsy, 19943
episodic recognition memory; memory impairment; midazolam; word-frequency effect; retrieving-effectively-from-memory; memory retrieval, 14160
error analysis; brain damage; cognitive impairment; cognitive processes, 32190
estrous cycle; estrogen; corticosterone secretion; cognitive decline; aging; maze performance; apoliprotein E knockout female mice; wild-type mice; reactivity of hypothalamic-pituitary-adrenal axis, 9927
etiology; vascular dementia; type 2 diabetes mellitus; stroke; genetic factors; apolipoprotein E; lipoproteins; older Mexican Americans; Alzheimer's disease; dementia, 22945
euthymic bipolar patients; familial vulnerability; schizophrenic patients; executive dysfunction; Stroop test; probands; unaffected relatives, 10730
event-related brain potential changes; stroke patients; cognitive impairments; drug administration; cognitive functions; choto-san administration, 15825

executive deficits; visuospatial deficits; chronic progressive external ophthalmoplegia; Kearns-Sayre syndrome, 22790
executive dysfunction; activities of daily living; schizophrenia; neuropsychological tests; ecological validity, 28740
executive dysfunction; attention-deficit/hyperactivity disorder; neuropsychology; neuroimaging; neuropathology; etiology; brain, 19768
executive dysfunction; dementia; subcortical vascular dementia; neuropathology; neuropsychology, 35305
executive functioning; age-related cognitive decline; normal adults; cognitive functioning; age-related effects; cognitive ability; executive control; age differences; verbal fluency, 3375
executive functioning; normal aging; elderly adults; behavioral dysexecutive symptoms; daily life functioning, 7451
expectancy violations; sensitivity; health aging; mild cognitive impairment; executive dysfunction; expectancy bias, 19966
factor structure; neuropsychological battery; cognitive impairment; Alzheimer disease; Consortium to Establish a Registry for Alzheimer's Disease; CERAD neuropsychological battery; CERAD, 27343
fexofenadine hydrochloride; alcohol; sedation; psychomotor speed; reaction time; car-driving task; hydroxyzine hydrochloride; nonspecific impairment; information processing, 15799
fibromyalgia; neuropsychological impairment; depression; fatigue; pain; cognitive complaints; psychomotor speed; attention; executive functioning, 1793
fragile X disorder; fragile X mental retardation protein; biological markers; cognitive impairment; executive function; sex differences; mutation vs premutation; genotype; phenotype, 1783
fragile X syndrome; attention switching problem; event-related electrical potentials; human females; cognitive deficits, 22796
fragile X syndrome; psychopharmacology; behavior problems; cognitive function, 35508
frontal deficits; alcoholism; evoked potential; cognitive impairment, 22679
frontal lobe dysfunction; schizophrenia; cognitive deficits; anxiety; symptom awareness, 31765
frontotemporal dementia; emotional processing impairments; emotion recognition; temporal lobe; facial expressions; frontal variants; temporal variants, 32180
functional decline; cognitive impairment; functional assessment; cognitive assessment; geriatric patients; schizophrenia; cognitive changes, 4627
functional disability; cognitive impairment; psychiatric manifestations; language difficulties; dementia patients; mirror image; misidentification; disease stage, 13983
functional impairment; functional status; older adults; Japan; cognitive functioning; aging; self-rated health; interpersonal differences; functional change; old age, 7467
galantamine; cognitive benefits; cognitive decline; vascular dementia; Alzheimer's disease with cerebrovascular disease, 11675
gender differences; cognitive functioning; cognitive abilities; brain structure; cognitive decline rate, 34368
generalized epilepsy; focal epilepsy; etiology; cognitive impairment; neuropsychological deficits; neuropsychological aspects; psychological pathology, 20004
genetic influence; mild mental impairment; early childhood; monozygotic twins; dizygotic same-sex twins; dizygotic opposite-sex twins; verbal ability; nonverbal ability; concordance, 13799
geriatric neuropsychiatry; cognitive impairment; dementia, 4503
girls; ADHD; Rey-Osterrieth Complex Figure; executive processing deficits; grapho-motor skill, 11082
global information; implicit processing; Balint syndrome; bilateral parieto-occipital damage; multiple visual objects identification deficit; event related potentials, 19999
glutamate receptors; schizophrenia; NMDA receptor dysfunction; G-protein coupled receptors; psychopharmacology; cognitive deficits, 32463
head symptoms; body symptoms; depression; physical comorbidity; patients; cognitive impairment, 20043
healthy subjects; schizophrenic patients; antagonist properties; receptor antagonist; increasing evidence; cognitive functions; possible mechanisms; oral administration; glutamate receptor, 8540
healthy subjects; schizophrenic patients; antagonist properties; receptor antagonist; increasing evidence; cognitive functions; possible mechanisms; oral administration; glutamate receptor, 8519
hemispheric malformation; cortical development; congenital malformations; cerebral hemisphere; early childhood; epilepsy; cognitive delay; contralateral hemiparesis; genetic mechanisms, 35286
hereditary spastic paraparesis; cognitive impairment; spastin mutations; disease progression; mutation carriers; dementia, 8165
herpes simplex virus; cognitive deficits; bipolar disorder; cognitive functioning, 19367
hippocampal accetylcholine; neurotransmission; cognitive processes; acetylcholine release; muscarinic receptor; impaired cognition; knockout mice; hippocampus, 12779
hippocampal adaptation; mild cognitive impairment amnestic type; encoding; mesial temporal lobe; elderly; face repetition; memory problems; aging, 20003
hippocampal function; cognition; cognitive disruption; schizophrenia; hippocampus; rodents; information processing; learning, 30878
HIV; cognitive dysfunction; attention; perceptual span; human immunodeficiency virus; information processing, 11184
homocysteine; hyperhomocysteinemia; folate; B12; B6; one-carbon metabolism; cognitive impairment; cerebrovascular disease; cerebral atrophy; vascular dementia; Alzheimer's disease; Parkinson's disease, 5026
human tissue bill; mental capacity bill; human tissue use; genetic information; inadequate legislation; mentally ill; qualifying consent; therapeutic research, 36530
Huntington's disease; hospital admission; motor activity; agitation; disinhibited behavior; executive dysfunction syndrome; frontal lobe, 22972
hypertension; aging; attention; memory; executive functioning; cognitive impairment, 4953
information processing deficits; multiple sclerosis; screening instruments; clinical utility; working memory; processing speed, 30473
intellectual ability; legal process; male remand prisoners; intellectual impairments; criminal justice system; understanding, 33412
intellectual disabilities; generic residential services; older people, 32734
intellectual disabilities; memory clinic; cognitive function; cognitive decline; older people, 4516
intellectual disabilities; mental impairments; long-term rehabilitation; psychiatric patients; high security psychiatric hospitals; placement needs, 35844
intellectual disabilities; physical disabilities; prehistory; early civilization; human evolution; social responses; causal analysis, 28541
intellectual disabilities; postsecondary education; disabled youth, 19777
intellectual disability nursing; residential care; Irish nurses; intellectual disability services, 29731
intellectual disability; attitudes toward; Japanese adults, 25967
intellectual disability; developmental disability; atypical antipsychotic drugs; schizoaffective disorder; aripiprazole; drug therapy, 26366
intellectual disability; marital intimacy; parental perceptions; parents; children; low-income countries; gender differences; marital relation; Southern India, 28562
intellectual disability; mental disability; aetiology; risk factors; social deprivation; malnutrition, 35132
intellectual disability; psychopathology; quality of life; schizophrenia spectrum psychoses, 34755
intellectual functioning; neurocognitive deficits; schizophrenic patients; cognitive impairment; learning disability; cognitive deficits; cognitive function; neurodevelopmental damage, 35307
intellectually disabled individuals; treatment services; sex offenders; sexual offences, 35610
inter-rater reliability; cognitive impairment; neuropsychological performance; HIV infected individuals; HIV-associated cognitive impairment; Memorial Sloan-Kettering Staging; HIV-dementia, 15075
interpersonal dependency; schizophrenia; neurocognitive impairment; clinical symptoms, 31773
isolated executive impairment; frontal neuropathology; mild cognitive impairment; executive function; memory; language; visuospatial function, 32159
job stress; burnout; job satisfaction; intellectual disabilities, 32035
Journal of Intellectual Disabilities; research, 35123
Kernel functional categories; computational complexity; French-speaking children; functional categories; clauses; language impaired children; normally developing children; language asymmetry, 8100
ketamine; acute effects; memory functioning; cognitive functioning; psychotic symptoms; dissociative symptoms, 10026
laboratory investigation; frontotemporal dementia; assessment tools; structural imaging; functional imaging; cognitive impairment; cerebrospinal fluid biomarkers, 5047
language comprehension; working memory; traumatic brain injury; adolescents performance, 29155
late dementia; patient survival; Dutch nursing home patients; total impairment; Alzheimer's disease; patient history, 22962
left inferior temporal lobe lesions; anomia; temporal lobe damage; naming impairment; naming performance, 29092
lesion laterality; lesion volume; decision-making impairment; frontal lobe damage, 19960
linguistic deficits; neuropsychological deficits; crossed conduction aphasia; brain lesion; brain hemispheres, 11228
linguistic distinction; mass count distinction; information processing; Alzheimer's disease; mild cognitive impairment, 29180
lithium-associated cognitive impairment; negative cumulative cognitive effects; neuropsychological impairment, 11538
logical reasoning deficits; schizophrenia, 10785
long term neuropsychological deficits; cerebellar infarctions; young adult twins; linguistic deficits; cognitive functions; linguistic functions, 13941
long-term memory enhancement; aging; aged impaired memory; rats; spatial memory; BIBN-99; memory performance; spatial learning; reference memory, 3967
magnesium therapy; traumatic brain injury; sensorimotor functions; cognitive impairments; bilateral anterior medial cortex; bAMC, 15757
magnocellular visual processing; language processing deficits; dyslexia; reading impairment, 35104
major depression; declarative memory; antidepressive treatment; cognitive impairment; recovery; memory disorder, 31728
major depressive episode; cognitive deficits; quality of life; non-demented adults; mood; cognition; activities of daily living; role functioning; relationship satisfaction, 7836
marijuana abuse; neurotransmission; frontal cortex; visuospatial attention; attentional impairment; executive function; THC administration; serial reaction time; rats; divided attention, 18811
Mattis Dementia Rating Scale; cognitively intact medical patients; elderly urban adults; cognitively impaired medical patients; clinical utility, 3207
medical assessment; pain management; traumatic brain injury; cognitive deficits; dysautonomia; behavioral deficits; dysautonomia; neuropathic pain; comorbidity; spasticity; heterotopic ossification, 29221
memory deficits; retrieval processes; amyotrophic lateral sclerosis; memory impairment, 22973
memory impairment; axonal atrophy; synaptic loss; protopanaxadiol; saponins; cognitive disorder; Alzheimers disease; ginsenoside; mouse model, 24713
memory impairment; learning impairment; methyl-phenyltetrahydropyridine; nicotinamide; mice, 24857
memory indices; Alzheimer's disease; at risk population; mild cognitive impairment; event-related brain potential; hippocampal volume; verbal memory; neuropsychology; neuroanatomy; electrophysiology, 20035
mental health problems; psychiatric care; general mental health; mental health clinics; intellectual disabilities; mentally retarded adults; mental health services; common mental health, 25465
midlife cognitive performance; cognitive decline; cigarette smoking, 16233
mild cognitive impairment; Alzheimer disease; aging; clinical trials; cognitive ability, 22409
mild cognitive impairment; amnesic Alzheimers disease; awareness; memory; cognitive deficits; dementia; impaired insight, 35330
mild cognitive impairment; cerebrospinal fluid; dementia with lewy bodies; Alzheimeer's disease; neurodegeneration; dementia therapy; biochemical markers; total tau; beta-amyloid, 8251
mild cognitive impairment; cognitive function; dementia; conceptualization; Alzheimer's disease, 19255
mild cognitive impairment; consolidation; dementia of the Alzheimer type; lost access; acquisition; intertrial free recall performance; gained access; memory, 13981
mild cognitive impairment; dementia of Alzheimer's type; differential diagnosis; Rey Auditory Verbal Learning Test; subjective memory complaints; neuropsychological marker; normal aging, 19973
mild cognitive impairment; dementia; major depression; diagnosis; clinical management, 35303
mild cognitive impairment; dementia; prevalence; classification; cognitive deficits-type impairment; amnestic-type impairment; elderly, 13970
mild cognitive impairment; MCI; dementia; neuropsychometric performance; neurologic evaluations; elderly patients; cognitive performance; functional performance, 4172
mild cognitive impairment; MCI; Financial Capacity Instrument; financial capacity; Alzeimers disease; AD; dementia; psychometric capacity measure; FCI, 3139
mild cognitive impairment; neuropsychological studies; transitional phase; normal aging; dementia; subtle deficit; Alzheimer's disease; disease progression; pharmacological studies, 11292

mild cognitive impairment; normal aging; memory loss; dementia; Alzheimer's disease; treatment; diagnosis; evaluation; pharmacologic treatment; non-pharmacologic treatment, 1929
mild cognitive impairment; risk factors, 13971
mild cognitive impairment; subclassifications; predictive validity; prevalence; dementia, 1831
mild cognitive impairment; temporoparietal cortex; MCI patients; Alzheimer's disease; AD, 22920
mild traumatic brain injury; regional cerebral blood flow; chronic symptomatic patients; neuropsychological deficit, 4973
mismatch negativity potentials; cognitive impairment; schizophrenia; cognitive status; event-related potentials, 28681
modafinil; chronic schizophrenia; cognitive deficits; cognition set shifting; attentional set shifting, 29394
monosyllabic words; disyllabic words; bilateral hippocampal damage; continuous recognition; hippocampal function; impaired recognition; memory damage, 20057
multiple sclerosis; MS; comprehensive evaluation package; sickness impact profile; home environment; disability levels; home visits, 8121
naming; nouns; verbs; noun verb dissociation; grammatical deficits; language production, 20009
neural correlates; cognitive impairment; facial emotions; children; adolescents; autism spectrum disorders; emotion interpretation, 19781
neurocognitive correlates; childhood diabetes mellitus; type 1 diabetes; hypoglycemia; hyperglycemia; neurocognitive outcome; cognitive performance, 19847
neurocognitive impairment; HIV; viral replication; seroconversion; RNA; cognitive impairment, 13893
neurocognitive impairments; schizophrenia; psychosis; treatment outcome; epidemiology, 7902
neurodegenerative diseases; nitric oxide synthase activity; cognitive performance; apolipoprotein e-deficient mice; nitric oxide; hippocampal; aging, 3667
neurological impairment; central nervous system infections; child development; childhood infections; neurocognitive impairment, 13929
neurological impairment; cognitive impairment; leaded gasoline encephalopathy; chronic gasoline abusers, 29099
neuropathology; seizure control; cognitive outcome; anterior temporal lobectomy; Ammon's horn sclerosis; complex partial seizures; atypical mesial sclerosis; low grade tumor; neuropsychological tests, 17210
neuropsychological changes; Parkinson's disease; cognitive decline; executive functions; disease course, 11226
neuropsychological deficits; chronic fatigue syndrome; cognitive impairment, 19841
neuropsychological deficits; elderly; schizophrenia; early onset; Alzheimer's disease; dementia; cognitive deficits; encephalopathy, 4623
neuropsychological deficits; information processing deficits; mild traumatic brain injury, 20020
neuropsychological deficits; neuropsychological syndromes; artistic representations; artistic expression; visual deficits; visual cognition; artists, 31690
neuropsychological deficits; vascular cognitive impairment-no dementia; cognitive performance; behavioral performance; post-stroke patients, 35315
neuropsychological dysfunction; obsessive-compulsive disorder; frontal lobe; basal ganglia; cognitive impairment, 16455
neuropsychological effects; executive function; verbal memory; clinical implications; normative comparisons; baseline performance; cognitive decrements; cognitive domains; cognitive effects, 5409
neuropsychological evaluation; personality disorder; functional decline; diogenes syndrome; cognitive impairment; dementia; psychological assessment, 31838
neuropsychological executive functions; adolescent sex offenders; nonsex offenders; neuropsychological deficits, 35062
neuropsychological functioning; homeless men; psychological factors; cognitive functioning; cognitive impairment, 32186
neuropsychological functioning; late life depression; cognitive impairment; unipolar major depression; cognitive function, 31726
neuropsychological impairment; borderline personality disorder, 19574
neuropsychological impairment; methamphetamine dependence; HIV infection; comorbidity, 10671
neuropsychological impairment; traumatic brain injury severity; dose-response relationship; cognitive deficit, 8295
neuropsychological performance; dementia; depressed patients; cognitive outcomes; cognitive impairment; depression; functional ability; clinical variables, 8221
neuropsychological test performance; cognitively-impaired-not-demented patients; cognitive impairment; dementia, 35318
neuropsychological tests; mild cognitive impairment; vascular cognitive impairment; Alzheimer's disease; differential diagnosis; test validity; dementia, 24288
neuropsychological tests; mild cognitive impairment; vascular cognitive impairment; Alzheimer's disease; differential diagnosis; test validity; dementia, 188
neuropsychology; obstructive sleep apnea-hypopnea syndrome; cognitive deficit patterns, 35165
neuropsychology; sports; boxing; neuropsychological tests; neuropsychological testing, 14812
nicotine gum; antisaccade errors; schizophrenia; cognitive impairment; reaction times, 20347
nicotine; cognitive deficits; schizophrenia; physiological dysfunctions; tachyphylaxis, 28706
Niemann-Pick disease type C; neurometabolic disorder; cognitive decline; movement disorders; ataxia; chorea; dystonia; myoclonus; vertical supranuclear gaze palsy; seizures; psychosis; dyskinesia, 16779
NMDA receptor glycine modulatory site; cognition enhancement; schizophrenia; negative symptoms; dissociative anaesthetics, 32428
number processing; basal ganglia dysfunction; Fahr's disease; cognitive decline; frontal dysfunction, 22924
nursing home residents; traumatic brain injury; cognitive impairment; physical disability, 14436
obsessive compulsive disorder; neurobiology; neuropathology; cognitive impairment; neuroimaging, 19507
orbitofrontal cortex; theory-of-mind; reasoning; autism; neural impairments, 25965
Paced Auditory Serial Addition Task; neuropsychological test; cerebral dysfunction; brain mapping, 9859
parietal lobe dysfunction; concurrent performance; interlocking finger test; neurocognitive test; cognitive deficits, 15051
Parkinsons disease; dementia with Lewy bodies; cognitive impairment; psychiatric symptoms; diagnostic differentiation; neuropathology, 35245
paroxetine; cognitive impairment; frontotemporal dementia; disinhibition; impulsiveness; apathy; altered appetite; stereotypic behaviors, 23232
patient distortions; psychotherapy; borderline personality disorder; psychotherapists; distorted thinking; cognitive deficiencies; subconscious manipulation of relationships, 32255
percutaneous endoscopic gastrostomy; cognitive impairment; older adults; ethical questions; dementia presentations; verbal aphasia; decisional capacity; geropsychiatry; communication ability, 29466
perirhinal cortex; brain lesions; visual discrimination; learning; rhesus macaque monkeys, 12817
physical function; activities of daily living; cognitive impairment; nursing home residents, 23579
picking behaviour; cognitive impairment; geriatric patients; care providers; behavioural symptoms; psychiatric symptoms, 29132
plasticity; mild cognitive impairment; cognitive decline; dementia; risk factors, 35263
postsecondary education accessibility; intellectual disabilities; legislation; academic goals, 19776
postsecondary education; intellectual disabilities; disabled youth; outcomes, 20881
postsecondary education; learning disabilities; cognitive disabilities; intellectual disabilities; community colleges, 20875
prefrontal cortex activity; memory impairments; depression; brain mechanisms; cognitive deficit, 34841
progressive cognitive decline; highly intelligent older adults; prediction; mild cognitive impairment; premorbid intelligence; IQ-adjusted norms; preclinical Alzheimer's disease, 11291
proxy research consent; decisionally impaired; common good rationale; bodily integrity; science, 17308
proxy research consent; decisionally impaired; common good; bodily integrity, 17317
psychiatric disorders; cognitive disorders; Parkinson's disease; comorbidity; severe depression; cholinesterase inhibitors, 26154
Psycholinguistic Assessment of Language Processing in Aphasia; aphasia; cognitive neuropsychology; neuropsychology; cognitive impairments; cognitive neuroscience, 27309
psychological distress; family carers; intellectual disabilities; urban conurbation, 32033
psychosocial indexes; temporal processing abnormalities; developmental dyslexia; reading abilities; visual processing deficits; auditory processing deficits, 25973
psychotic symptoms; intellectual disabilities; schizoaffective disorder; psychotic disorders; adolescents; intellectual disability; mental retardation; psychosis; schizophrenia, 34761
quality of life; mild cognitive impairment; Alzheimers disease; patients attitudes; informants attitudes, 20039
reactive oxygen species; thioflavin s-positive amyloid plaques; Alzheimers disease; neuronal damage; cognitive failure; free radicals; transgenic mice; multiphoton; in vivo imaging; oxidative stress, 15544
reality orientation; traumatic brain injuries; acute care rehabilitation; post-traumatic amnesia; North Star Project; TBI, 17428
receptor agonism; cognitive deficits; schizophrenia; muscarinic receptors; pirenzepine binding; frontal cortex; central nervous system, 32216
respiratory function; nutritional status; cognitive status; elderly; functional ability; mood disorders; activities of daily living, 8711
Rey-Osterrieth Complex Figure Test; visual memory impairment; recognition trial; suspect effort; verbal memory impairment, 6345
saccade tasks; executive dysfunction; schizophrenia; working memory; cognitive mechanisms; dysexecutive syndrome; schizophrenic patients; inhibitory impairment, 16440
savant syndrome; intellectual impairment; developmental disorder; autism; neuropsychology; savant skills, 25946
schizophrenia; cluster B personality traits; neurocognition impairment; child abuse history, 22548
schizophrenia; cognitive impairments; neural bases; clinical treatment, 4628
schizophrenia; cognitive performance; psychotic episode; cognitive impairment; onset; premorbidity; psychiatric patients, 7861
schizophrenia; intelligence; intellectual impairment; neuropsychology; aging; neurodevelopement; age differences; IQ, 4631
schizophrenia; psychopathology; duration of initially untreated psychosis; cognitive function; neuropsychology, 25658
schizophrenia; self monitoring ability; neurocognitive impairment; cognitive performance; psychopathological correlates, 34876
schizophreniform disorder; visual learning; visual memory; cognitive impairment; executive functions; psychomotor speed; category learning functions; decision making; uncertainty, 19461
schizotypal symptoms; genetic risk; schizophrenia; impaired neuropsychological performance; co-twins; schizophrenia, 7878
schizotypy; depressive symptoms; neuropsychological impairment; cognitive impairment; major depression; paranoid symptoms, 26172
scopolamine-induced memory impairment; Z-ajoene; oil-macerated garlic products; dose-dependent; water maze, 34187
search strategies; cognitive impairment; spatial working memory; reference memory; TgCRND8 mice; mouse model; Alzheimer's disease, 24616
selective antagonist; schizophrenia; anterior cingulate cortex; cannabinoid receptor; cognitive impairment; impaired attention; normal cognition, 13649
self-assessed cognitive dysfunction; objective performance; outpatients; schizophrenia; rehabilitation program; neuropsychological performance, 25666
semantic dementia; object decision; conceptual regularities; patients, 5055
semantic interference deficits; mild Alzheimer's disease; mild cognitive impairment; dementia, 11269
semantic knowledge; mild cognitive impairment; Alzheimers disease; memory impairment; dementia; famous face recognition, 35280
semantic memory impairment; supra modal deficit; dementia; conceptual class; visual attribute processing; input output modalities; semantic processing, 8219
sensory functioning; cognitive functioning; ability level; cognitive ability; cognitive change; vision; hearing; memory; speed; verbal ability; sensory change; aging; cognitive decline, 7452
September 11; terrorist attacks; Alzheimers disease; mild cognitive impairment; memory; emotions; healthy older adults; emotional response, 19953
severe dementia; memory books; memory impairments; cognitive deficits; communication skills; discourse; cues, 17409
shape index; schizotypal personality disorder; neuropsychological performance; cognitive abnormalities; caudate nucleus volume, 10858
social workers; cognitively disabled people; animalization; social work community; Argument from Marginal Cases; social work ethics, 8969
source monitoring; autonoetic agnosia; schizophrenia; cognitive deficits; positive symptoms; psychotic symptoms; risperidone; olanzapine; haloperidol, 5300
spatial cognitive function impairment; verbal performance; spatial disorientation; spatial task performance; self-motion; visual flow, 6578
spatial learning; contextual learning; ketamine; rats; pilocarpine epilepsy model; acepromazine; cognitive impairments, 24829

spatial memory deficit; hippocampal transcript profile; gene expression; cognitive deficit; age differences; C57BL/6NLA mice, 24642
stereotypes; cognitive impairment; newspaper articles; senior moment; memory lapses; functional incompetence; ageist attribution, 34370
stroke; traumatic brain injury; cognitive impairment; driving performance; Drivers Screening Assessment; fitness; test validity, 30478
substance abusing patients; classification accuracy; cognitive impairment; Neuropsychological Assessment Battery, 30472
surgical procedures; pain measurement; children; profound cognitive impairment; post-surgical pain, 16638
symptom validity tests; disability benefits; HIV; cognitive deficits; Hiscock Digit Memory Test; neurocognitive disorder, 8176
synthetic peptide ligand; neural cell adhesion molecule; NCAM; exploratory behavior; memory; rodents; avoidance; impaired learning; C3; rats; mice; neuronal plasticity; neuronal development, 727
systemic infection; cognitive decline; Alzheimer's disease; interleukin 1beta, 22952
systemic lupus erythematosus; working memory impairments; processing speed deficits; multiple sclerosis, 11171
teaching staff; cognitively impaired; impaired residents; self-protective behaviors; educational program; staff knowledge; staff skill; staff confidence; long-term care residents; patients, 12029
Ten Questions Questionnaire; neurological impairment; test validity; test reliability; psychometrics; rural community, 27340
Test of Cognitive Abilities; detection strategies; neurocognitive feigning; manipulation check; brain injured patients; magnitude of error; floor effect; reaction time; neuropsychological assessment, 11231
test validity; mild traumatic brain injury; Meyers Short Battery; test reliability; psychometric properties; cognitive impairment; neuropsychological assessment, 33580
testosterone; depression; cognitive ability; older men; cognitive loss; sex hormones; behavior, 23388
thalamic vascular lesions; communicative abilities; language alteration; cognitive ability; attention; memory; executive functions, 22990
thematic integration processes; cognitive deficits; Broca's aphasia; Wernicke's aphasia; priming; syntax; semantics; pragmatics; lexical decision, 11282
topiramate; polypharmacy; intractable epilepsy; cognitive effects; neuropsychological function, 17176
transient ischaemic attacks; brain atrophy; potential vascular risk factors; cognitive impairment; ischaemic lesions, 14017
traumatic brain injury; cognitive disorder; screening test battery; neuropsychological tests, 9446
traumatic brain injury; Wisconsin Card Sorting Test; Wisconsin Card Sorting Test short torm; cognitive impairment, 12506
treatment development; neuropharmacology; cognition; schizophrenia; cognitive deficits, 5279
treatment resistance; anorexia nervosa; cognitive impairment; motivation; insight; Ulysses Agreement, 5655
type 2 diabetes mellitus; cognitive decline; old age; neuropsychological test performance; cognitive ability, 29000
unawareness levels; cognitive deficits; functional outcome; traumatic brain injury patients; family members; psychiatric symptoms; behavior; daily functioning; vocational outcomes; cognitive ability, 19995
verb deficits; Alzheimer's disease; agrammatic aphasia; lexical organization, 11267
verbal memory impairment; thalamic infarct; cognitive processing, 13997
verbal memory; general cognitive dysfunction; specific cognitive processes; significant psychopathology; specific cognitive deficits; schizophrenia patients, 7901
visual backward masking performance; offspring; parents with bipolar disorder; euthymic patients; family history; cognitive dysfunction, 34836
visuoconstructive performance; hemispatial inattention; schizotypy; cognitive/neuropsychological deficits, 25631
visuospatial memory; cognitive rehabilitation; visual information processing; prognostic variables; schizoaffective disorders; psychiatric disability; schizophrenia, 17420
visuospatial variant; mild cognetive impairment; MCI; memory capacity; visual motor processing; young normal; older normal, 16795
vitamin B12; folate; frontotemporal dementia; behavioral and psychological symptoms of dementia; cognitive impairment; behavioral assessment; Alzheimer's disease, 19972
wandering; wayfinding; dementia; persistent walking; repetitive walking; spatial disorientation; eloping behavior, 35247
Williams syndrome; genetic disorders; developmental disorders; development; cognitive phenotypes; brain; neurocomputational constraints, 11158
Wisconsin Card Sorting Test; poor performance; good performers; schizophrenic patients; cognitive decline; illness duration; age, 10807
working memory deficits; decision making impairments; substance dependence, 10968
working memory deficits; prenatal disruption of neurogenesis; cognitive consequences; methylazoxymethanol; pregnant rats; mitotic inhibitor, 34152
working memory; numerical information; mathematical disabilities and ability; cognitive impairment; children, 32026

Cognitive Impairment—Chapters

Agenesis of the corpus callosum, 14953
Central auditory processing, 4823
Cognitive aging and Down syndrome: An interpretation, 13823
Genes and behaviour: cognitive abilities and disabilities in normal populations, 15470
Information processing in children with specific language impairment, 4821
The neuropsychology of chronic drug abuse, 16511
The role of spatial working memory deficits in pathological search by neglect patients, 23030
Visual factors in cognitive dysfunction and enhancement in Alzheimer's disease, 23028

Cognitive Load [See Human Channel Capacity]

Cognitive Maps—Serials

behavioral dynamics; human locomotion; human walking; obstacle avoidance; route selection; locomotor paths; steering dynamics; path planning, 33770
causal learning; causal maps; inference; formalism; directed graphical causal models; Bayes nets, 10182
cognitive mapping; community-based family intervention; fruit intake; families; consumer-oriented intervention; vegetables, 35706
cognitive mapping; spatial learning; traumatic brain injury; spatial orientation deficits, 13969
cognitive maps; unidimensional regression bidimensional regression; computational methods; spatial distortion; statistical variables; geometry; two-dimensional data sets, 3252
concept maps; knowledge representation tool; cognitive representations; computer-based concept mapping tool; dynamic imagery; abstraction level; Web browser, 21032
creative thinking; cross-domain concept mapping; academic achievement; academic learning; information integration; interactive model; brain function; seventh graders, 28094
early development; scaling ability; distance information; two-dimensional maps; referent spaces; mapping tasks, 31195
eye movement responses; healthy participants; movement amplitudes; response methods; number magnitude; manual response; spatial numerical association of response codes, 18280
graphic organizers; reading comprehension; learning disabilities; cognitive maps; semantic organizers; framed outlines; visual displays, 19786
head direction cell activity; navigation task; cognitive mapping strategy; spatial behavior; rats; thalamus, 30862
hierarchical cognitive map; spatial navigation; computational model; distance perception, 9251
hierarchical neural network architecture; fingerprints block directional images; cluster merging; self-organized feature maps; back-propagation neural networks, 6157
hippocampus; relational memory task; transverse patterning; activation maps, 30835
managerial control; managers; post acquisition processes; cognitive map structure; trust; control; commitment; cooperation; success; failure, 27051
navigation task; virtual environment; monkey; brain; behavioral analyses; virtual space; spatial cognition, 30775
optical maps; spatial orientation; direction perception; visual cortex; cats, 21701
performance appraisal; cognitive mapping; cognitions; perceptions; repertory grid technique, 23977
preferred orientations; cortical surface; computer simulations; principal component; receptive fields, 3263
response selection; brain regions; human information processing; neural mapping; cognitive processes, 7053
response-repetition costs; cognitive representation; response compatibility; compatibility benefits; dual tasks; psychological refractory period; action selection; context-specific representation, 21346
route directions; standard instructions; explicit instructions; information content; conciseness; spatial discourse, 12633
simon effect; horizontal position; stimulus position; faster responses; simon task, 18303
sound localization; barn owls; auditory space; low-order neurons; space representations; place-coding neurons; pathways; binaural cues; frequency bands; isomorphic map; neural networks, 6927
spatial information; temporally organized mental maps; spatially organized mental maps; distance discrimination, 27494
spatial learning; complete physical map; partial maps; spatial knowledge; mental representations; mental maps; text; direction perception, 33843
spatial learning; hippocampal neurons; spatial behavior; cognitive map; young animals; aged animals; aging; environmental cues, 15986
spatial representations; spatial abilities; structural equation models; large-scale space; small-scale space; cognitive mapping; children; environmental cognition, 10202
spatial syntax; cognitive maps; environment; sketch maps, 27178
task switching; cognitive control; task representation; stimulus dimensions; task features; hierarchical representation; hierarchical organization; structured task; shift costs, 18337
temporal sequences; self-organizing maps; map formation; sequence processing; temporally asymmetric learning, 30312
visuospatial cognition; brain representation; object-centered space; monkeys; humans; neural maps; neurons; hemispatial neglect; visual abilities, 8287
vividness of visual imagery; congenitally blind; mental imagery; sensory modalities; imaging capacity; sighted people, 29194

Cognitive Maps—Chapters

Coding near and far space, 23024
The exploration of space and objects in neglect, 23041
Spatial anisometry and representational release in neglect, 23026
Spatial neglect, 23034
Visual peripersonal space in humans, 21301

Cognitive Mediation—Serials

cognition; classical conditioning; operant conditioning; mental representations; cognitive involvement, 18336
cognitive mediation model; news reliance, 30656
cognitive mediators; sex-related differences; mathematical abilities; mental rotation; lexical access, 9647
conflict adaptation effect; conflict monitoring; anterior cingulate cortex; prefrontal cortex; conflict susceptibility; episodic memory; attentional selection; stimulus specific repetition priming, 9668
cross-age peer-mediation; mediation teaching style; mediators; learners; cognitive level, 20827
episode psychosis; ptsd symptoms; traumatic event; posttraumatic stress disorder; retrospective appraisals; psychotic symptomatology; police involvement; traumatic symptoms; mental health act, 25471
executive control; brain systems; neuroimaging; working memory; attentional processes; attentional selection; behavior; language function; verbal goal representations; brain systems interaction, 15286
keyword mediators & differing amounts of practice; retrieval of Spanish-English vocabulary pairs; students; mnemonic mediation; awareness, 434
keyword mediators & differing amounts of practice; retrieval of Spanish-English vocabulary pairs; students; mnemonic mediation; awareness, 411
lexical-syntactic representations; word form representations; word production; lexical retrieval; Welsh speaking patient; aphasia; lexical access; grammatical gender; nouns; syntactic mediation, 8102
social phobia; social anxiety disorder; cognitive-behavioral group therapy; exposure group therapy; wait-list control group; cognitive intervention; treatment conditions; cognitive mediation, 29220
thought action fusion; obsessive compulsive disorders; negative affect; cognitive bias; anxiety disorders; emotional distress; depression, 1511
verbal mediation; cognitive process; verbal nature; canonical colors; color specific objects, 15952

Cognitive Processes [See Also Associative Processes, Chunking, Classification (Cognitive Process), Cognitive Appraisal, Cognitive Discrimination, Cognitive Generalization, Cognitive Maps, Cognitive Mediation, Comprehension, Concentration, Concept Formation, Decision Making, Fantasy, Ideation, Imagination, Intuition, Mental Rotation, Metacognition, Naming, Problem Solving, Rumination (Cognitive Process), Schema, Social Cognition, Thinking, Thought Suppression]—Serials

accelerated age-related decline; visual information processing; first-degree relatives; schizophrenia, 19424
acetylcholine; histamine; cognition; brain functions, 15482
acetylcholine; memory; cognitive functions; neural systems; neural plasticity; neurochemistry; neurophysiology, 564

acoustic dissimilarity judgments; auditory warning signals; perceptual processes; cognitive processes; urgency dissimilarity judgments; mental representation, 308
ADAPT; transcoding numbers; verbal to arabic numerals; memory retrieval; developmental data; mild retardation, 18003
adaptations; adaptation failure; occupational safety; cognitive activity; procedures; practical consequences, 14800
adult age differences; cognitive functions; cognitive ability; ability level; vocabulary; list recall; speed; working memory; text recall; aging; dedifferentiation; differentiation, 7486
adult memory; test-retest reliability; inter-rater reliability; information processing; multiple sclerosis; MS; Adult Memory and Information Processing Battery; AMIPB, 196
African American women; White women; cognitive appraisal; breast cancer; coping, 11193
age differences; localized attentional interference; spatial separation; visual field; older observers; younger observers; age distance interaction; attention, 15969
age differences; switch Costs; task switching; prosaccade; antisaccade tasks; working memory; stimulus-response mappings; task activation; task deactivation; task sets; age, 15936
age; cognitive demands; choice strategies; task demands, 15934
aging; Alzheimer's disease; phasic alerting; spatial orienting; precuing task, 19976
aging; auditory discrimination; automatic sound processing; controlled sound processing; auditory processing; deviant stimuli indexing; neural activity, 15930
aging; causal contingency; contingency detection; causal learning; response outcome contigencies; age differences; response rate; response rate adaptation, 15972
alcohol; behavioral control; behavioral inhibition; information processing deficit; reaction time; response suppression; response alternation; prepotent responses, 693
Alzheimer's disease; arithmetic fact retrieval processes; arithmetic strategy selection, 1839
Alzheimer's disease; electroencephalographic coherence; cortical networks; disconnection; reduced coordination; cooperation; sensorimotor networks; frontoparietal networks; interhemispheric networks, 32138
Alzheimer's disease; memory; cognitive abilities; personality change; dysfunction; nerve cell death; information processing; drugs; treatment; neurodegenerative process, 32173
Alzheimer's disease; semantic selection ability; semantic impairments; verb generation; selection demands; lexical fluency, 11302
angry cognitive bias; trait aggression; impulsivity; substance users; anger; aggression; tryptophan; Methylenedioxymethamphetamine, 16500
anomaly detection; visuospatial skills; mental rotation; right cerebral hemisphere advantage; perceptual abilities; cognitive processes, 30875
anterior cingulate cortex; conflict monitoring; conflict adjustments; cognitive control; neuronal mechanisms, 12850
anticipation stress; incidental memory; memory performance; levels of processing; LOP; speech characteristics; false recognition; psychophysiological responsivity; anxiety; cognitive functioning, 931
anticipatory processing; social anxiety; anxiety state; social phobia, 31833
anxiety; threat in children; cognitive inhibition; threat processing; child inhibition, 19546
aphasia; auditory anomaly detection; filler-gap dependencies; sentence comprehension, 11243
aphasia; short term memory span performance; words; numbers; verbal span; nonverbal span; lexical ability; semantic processes; phonological processes, 26151
appearance-related information; implicit processing; words, 30690
apprehension; perceptual mode functioning; inferential mode functioning; skill learning; competencies; supplemental mental activity, 33823
artificial grammar learning; cognitive implicit learning; classification judgments; information sources; knowledge of abstract rules; chunk strength; neural regions; neural activation; letter strings, 18590
artificial grammar learning; implicit memory; implicit learning; recollection; processing fluency; classification decisions; fluency heuristics; recognition decisions, 3357
associative memory; morphological neural networks; autoassociative vs heteroassociative morphological memories; spurious memory; kernel method; dual kernel method; fixed point, 9278
attachment-based treatment program; borderline personality disorder; mentalization; individual psychotherapy; group psychotherapy, 5158
attachment; mentalization; theory of mind; family treatment; family therapy; family development; therapeutic interventions, 5230
attention impairments; cranial irradiation; chemotherapy; childhood cancers; information processing skills, 32531
attention resources; visible speech encoding; adult age differences; auditory-visual language processing; facial features, 30642
attention; cognition; predators; foraging; brain; evolutionary ecology, 33956
attention; orientation; perceptual representations; mental representations; spatial attention; neural systems; directed attention, 18258
attentional blink; task difficulty; perceptual processing demands; signal detection, 24381
attentional control; cue processing; fronto-parietal network; frontal lobe; parietal lobe, 12899
attentional control; dorsolateral prefrontal cortex; anterior cingulate cortex, 27727
attentional control; information processing slowness; traumatic brain injury; attentional impairment, 29176
attentional cuing; processing capacity changes; hazard functions; mental performance; visual attention; statistical techniques; response time; hypothesis tests, 30696
attentional networks; alerting; orienting; executive function, 21398
attentional networks; development; executive control; children; adults; orienting; alerting, 22042
auditory comprehension; Wernickes aphasia; inhibition; language processing, 29186
auditory hallucinations; source monitoring; cognitive processes; voices; phenomenology; reality monitoring; delusions; psychosis, 4624
auditory stimuli; hierarchical models; visual stimuli; auditory motion; visual motion; event-related potentials; selective attention; processing, 18312
autism; superior spatial abilities; high functioning individuals; non-social cognitive operations, 13784
autobiographical memory; somatic change; cognitive change; sleep apnea; affective disorders; depression; sleep apnea patients, 28655
automatic controlled information processing; error detection; attentinal variables; information processing demands; pharmacy dispencing tasks; cognitive performance, 6468
automatic mental processes; intent; cues, 6574
background music; shooting performance; flow states; asynchronous music effects; netball players; athletic performance; emotional control; cognition control, 9151
basal forebrain neurons; behavioral responses; cognitive processes; neuronal responses; task performance; reinforcement; rewards; learned significance; monkeys, 18625
basal ganglia; brain-damaged individuals; behavioral neurologists; functional neuroimaging; deep brain structures; complex activities; semantic priming; new directions; empirical work; complex issue, 3616
basal ganglia; electrical activity; cognitive processing; simple sensory stimuli; brain; primary motor control; motor cortex; premotor cortex; event related potential; P300; epilepsy surgery, 3699
behavioral response; perceptual decision; sensory stimuli; oculomotor commands; monkeys; oculomotor activity; behavioral context, 12951
biased reasoning; self-relevance; feedback reactions; feedback valence; expectedness; consistency; adaptive responses; negative feedback; health risk feedback; cholesterol level; positive feedback, 12666
bilingual children; reading disability; nonbilingual children; second language acquisition; working memory; pseudoword reading; language procficiency; phonological memory; short term memory; reading, 13212
bilingualism; aging; cognitive control; Simon task; older adults; executive function, 25085
binary multinomial processing tree models; cognitive processes; memory; recall; forgetting, 30723
body position; imagery tasks; visual mental imagery; repetitive transcranial magnetic stimulation; non-upright position; supine position; lateral position; body tilt; gravitational frame of reference, 3326
bottom up explanations; top down explanations; reversible figures; cognitive processes, 33720
bottom-up processing; infant development; cognitive development; category learning; visual recognition, 31146
boys; girls; cognitive strategy; video games; learning; gender differences; children, 18911
brain activation; phonological loop; cognitive strategies; functional magnetic resonance imaging; fMRI; subvocal rehearsal, 7059
brain oscillations; cognitive systems; frontal inhibitory control; alcoholism; human information processing; neurocognitive model, 13744
brain regions; optimization procedure; experimental stimuli; research directions; visual presentation; experimental tasks; functional magnetic resonance imaging; reproducibility maps; inference, 591
brain; reading; functional anatomy; single word reading; reading acquisition; reading disability; cognitive processes, 27513
caffeine; fatigue; cognitive processes; information processing; behavioral effects; EEG; event related potentials; adenosine; dopamine, 3362
category learning; shape representations; dimensional perception; shape dimensions; visual perception; cognitive processing; categorization; visual processing; visual differentiation, 3295
central executive; working memory; inhibition; dual task management; frontal cortex; neuropsychology, 3596
central information processing; gating; auditory evoked potential; schizophrenia, 24721
cerebellum; information processing; feedforward control; Pavlovian eyelid conditioning, 6958
cerebral blood flow change; ketamine; BOLD signal; fMRI; functional magnetic resonance imaging; cognitive state change, 3862
cerebral information transfer; word processing; short-time phases; cortex sites; transient neural networks; abstract processing; concrete noun processing, 3708
cerebrovascular response; cognitive tasks; schizophrenia; cerebral hemoglobin oxygenation; left frontal area; verbal fluency test; letter number span test, 28753
childhood anxiety; information processing abnormalities; anxiety disorders; psychiatric problems; anxiety complaints; stress disorder: social phobia, 19548
chimpanzees; social cognition; social behavior; intentional actions; human experimenter discrimination, 33951
chimpanzees; understanding; psychological states of others; goal-directed activities; theory of mind; social cognition; human-ape differences, 21489
Chinese Room argument; artificial intelligence; cognitive science; philosophy; machines; mind, 33397
Chinese; relative clauses; subject-verb-object languages; sentences; processing, 4042
cholinesterase inhibitor; timing behaviour; cognitive enhancement; mental processes; learning; memory; metrifonate; drug dosages, 27859
choreographic cognition; inception; refinement; new dance work creation; professional choreographer; dancers; phenomenology, 18829
classification system; personality psychology; data classes; personal report data; mental processes; convergent thinking; divergent thinking; personality assessment, 34647
clothing cues; children identification accuracy; clothing bias; lineup identification, 27229
cognitive abilities; alzheimers disease; cognitive process; patients, 20031
cognitive adaptation theory; mental health; motivational analysis; self-determined motivation; positive self-perceptions; perceptions of control; optimism, 31534
Cognitive Aspects of Survey Methodology; quality of life assessment; self-report; cross-cultural similarities; cross cultural differences, 21242
cognitive behavior therapy; social phobia; treatment outcome; cognitive processes; psychopathology, 32319
cognitive busyness; evaluative information; recall; impression formation; information processing; intergroup context, 34596
cognitive busyness; individual differences; impression formation processes; expectancy condition; moderating effects; high expectancy; need for cognition, 1206
cognitive control signals; neural prosthetics; paralyzed patients; goals of movements; monkeys, 30863
cognitive control; prefrontal cortex; functional organization, 6925
cognitive control; primary motor cortex; cingulate motor cortex; lateral prefrontal cortex; anterior cingulate cortex; brain mechanisms, 12864
cognitive decline; information processing speed; cognitive performance; serum IGF-1; elderly; insulin-like growth factor, 8235
cognitive deficits; schizophrenia; conflict processing, 7888
cognitive disabilities; powered wheelchair; preschool children; wakefulness; alertness; limb use; training, 17423
cognitive effects; psychomotor effects; valerian; triazolam, 9996
cognitive efficiency; circadian typologies; morning type; evening type; visual search; logic reasoning; spatial reasoning; mathematical reasoning, 313
cognitive engagement; boys; ADHD; attention deficit hyperactivity disorder; story comprehension; central information; incidental information; academic difficulties, 11087
cognitive event-related brain potentials; drug assessment; drug effects; electroencephalographic measures; alcohol; tobacco; caffeine, 3797
cognitive failures; morningness-eveningness dimensions; personality; anxiety, 28494

cognitive generation; bipolar depression affect; mood functional substrates; functioning magnetic resonance imaging; picture stimuli; bipolar affective disorder; cognitive generation, 34837
cognitive learning models; social learning models; drug dependence models; tobacco dependence; adolescent tobacco smokers; measurement; assessment instruments; drug expectancies; self-efficacy, 31914
cognitive learning principle; role acquisition strategies; professional actors; active learning device; active experiencing principle, 30731
cognitive neuropsychology workshop; cognitive functions; physical pathology, 18586
cognitive neuroscience; cognitive sciences; perception; decision-making; attention; language; action, 15303
cognitive neuroscience; psychophysiology; Michael G. H. Coles, 7128
cognitive operations; simultaneous presentation; working memory; dual task practice, 30733
cognitive organization; human body representation; object representation; visual stimuli; experience, 24369
cognitive performance; cheerful mood; Kava-kava; emotional reactivity; visual attention; short-term memory; recognition, 27946
cognitive performance; comfort perception; fabrics comfort; comfort ratings; visual vigilance, 6573
cognitive process; project completion time estimation; optimistic predictions; future focus manipulation; individual differences; personality traits; task domains, 9640
cognitive processes; alcoholics anonymous; change experience; self-help groups; belief systems; recovery; drug abuse, 8852
cognitive processes; comprehension; language; cognitions, 15867
cognitive processes; conceptual integration; mental operation; human beings; cognitive blending, 30692
cognitive processes; functional magnetic resonance imaging; mental chronometry; hemodynamic response; neural activation, 15434
cognitive processes; memory distortions; false confessions; memory illusions; false memories; coercion, 30720
cognitive processes; neuropsychology; intelligence; disabilities; PASS theory; Luria, 12634
cognitive processes; task switching; visual perception; electrophysiology, 12687
cognitive processes; working memory; mathematical problem solving; at risk populations; serious math difficulties; age differences; elementary school students, 35113
cognitive processing; eyeblink activity; semantic priming effect, 33802
cognitive processing; monozygotic twins; chronic fatigue syndrome, 19867
cognitive processing; mothers; children undergoing bone marrow/stem cell transplantation; maternal adjustment; fear; intrusions; avoidance; distress; hospitalization; recovery, 16285
cognitive psychology; clinical psychology; psychotherapy; anxiety disorders; cognitive processes, 20146
cognitive psychophysiology, 7123
cognitive schema theory; public relations; financial analysts; acquisition announcements; sensemaking perspective; firms; stakeholders, 9127
cognitive science agents; embodiment; situatedness; robotics; internal representation schemas; animal intelligent behaviour; embeddedness; self awareness; virtual animals; virtual world, 12382
cognitive slowing; target detection skill; pre-demented subjects; Alzheimers disease; cognitive processing; dementia, 22900
cognitive strategies; mood; performance; defensive pessimists; strategic optimists, 31588
cognitive system; symbols; constituent processing; distributed representation; sub-symbolic representation; integrated approach; cognition; biology; Adaptive Character of Thought Rational, 9660
cognitive theories; emotions; feeling; cognitivism; evaluative content; emotional object; formal property, 18423
cognitive theories; selective attention; brain disorders; emotion; face recognition; cognition; Higher Order Representational theories of consciousness; frame problem; affective computing, 3423
cognitive transformation; resilience; coping behavior; adverse events; life experiences; bereavement, 25389
cognitive variables; learning oriented climate; physical activity intention; self-regulation; confidence-efficacy; attention-concentration; willingness to engage; strategy to use, 23908
cognitive vulnerability; cognitive style; depression; dimensional structure; categorical structure; taxometric analysis, 13590
cognitive vulnerability; depressed children; depressed adolescents; depression; negative schemas, 19404
cognitive vulnerability; depression; developmental antecedents, 34813
collaborative learning; web-based learning; knowledge acquisition; conventional learning scenario; social communication; message exchange; cognitive load; learner participation, 17644
color; location; top-down processes; visual selection, 18281
compensatory cortical activation; cognitive task; multiple scelerosis; cognitive processes, 13855
competitive anxiety; self-confidence; anxiety perceptions; cognitive symptoms; somatic symptoms, 27140
complex communication; self; interdisciplinary communication; interdisciplinary theoretical perspective; contingent communications; social environment; self reference; cognitive autonomy, 22150
compound letters; global processing; local processing; element heterogeneity; visual perception, 9590
concrete thinking; distant time; future time; mental representation levels; time construal; abstract thinking; insight; mental representations; creative cognition; temporal distance; problem solving, 30666
consciousness state; natural working language; Agent-action-Objective model; structural relations; mental activity; mind process, 12719
constructivist perspective; measurement strategies; developing strategies; strategy development; teaching experiment; cognitive processes; linear measurement; case studies, 12139
consumer inference; processes; bases; judgment contexts; induction; deduction; stimulus-based inference; memory-based inference, 27162
context; cognitive processes; rationalism; epistemology; ethics; communication, 21952
control processes; frontal cortex; memory; functional anatomical correlates, 21550
controlled attention; aging; conflict processing; context processing; neural correlates; age differences, 12896
convex hull; crossing avoidance; solution heuristics; traveling salesperson problem; cognitive processes, 33809
cooperative learning; transfer of learning; cognitive factors; social factors; group collaboration; member learning, 31503
coping processes; cognitive appraisals; stress; coping effectiveness; goodness-of-fit model, 9148
correlated cognitive change; coupled cognitive change; aging; cognitive age effects; older adults; dementia; cognitive ability, 8309
cortical activations; auditorily paced finger tapping; somatosensory feedback; primary somatosensory cortex; primary sensorimotor cortex; cognitive process; neuromagnetic sources, 21738
counting strategy; counting errors; task difficulty, 18910
cross-cultural similarities; mental structures; categorization; English language; North American culture; universality, 33826
cues; reduced cue effect; high processing motivation; persuasion; subjective information relevance; relevance override, 9673
Deanna Kuhn; psychology professor; developmental psychology; science education; thinking; inquiry; argument; values; metacognition; microgenetic study of change; development & cognition, 32888
deception detection; self awareness; right hemisphere; theory of mind; self; laterality; asymmetry; mental state attribution; hemispheric differences; undergraduate students; information processing, 9667
deception; lying; questions; response time; cue; cognitive processes; deceptive answers; decision; construction; truth; cognitive mechanisms, 6600
deductive rationality; reasoning; implicit processes; explicit processes; logic; dual processing; timing constraint; inferences, 386
degeneracy; redundancy; cognitive anatomy; neuroscience; neurodevelopment, 15502
depotentiation regulation; long term potentiation; dentate gyrus; rats; dopamine receptors; synaptic transmission; hippocampal plasticity; cognitive processes; D2-like receptors agonists, 3938
depression; implicit memory; mood congruent memory bias; cognitive processes; emotions, 28628
depressive symptoms; functional disability; aging, 4174
design process; task analysis; scenarios; cognitive perspective; task based knowledge; HCI knowledge; symbiosis; synergy; task models, 17942
dieting; working memory; preoccupying cognitions; impaired cognitive function, 24517
digit symbol substitution performance; education; Wechsler Adult Intelligence Scale scores; measurement year; adult age effects; education effects; measurement year effects, 15957
direct distance; route distance; implied temporal distance; situation model components accessibility; narratives, 368
discordant sensory information; graphic production; individual differences; information processing strategies, 9652
discourse macrolevel; processing ability; traumatic brain injury; brain injured children; group summary; interpretive lesson statement; narrative text; transformed information; discourse ability, 16742
dissociation; conversion; somatization; medically unexplained illness; model, 35173
dopamine transporter gene DAT1 polymorphism; attention deficit/hyperactiviei disorder; methylphenidate; genotypes; allele status; cognitive ability, 19758
Down syndrome; multimodal inhibition; inhibition of return; information processing capabilities; visual cues; verbal cues, 25986
dreaming; theoretical approaches; cognitive; neurobiological; brain mapping; limbic activation; paralimbic activation; hallucinations; reality testing; dreaming phenomenon; mental representation, 15348
dual process model; conceptual combination; perception; semantic similarity; comparison; integration; attribution, 9648
dual task performance; traumatic brain injury; divided attention; mental effort, 29093
dual-task interference; cross-task compatibility; visual encoding; reaction time; central processing; auditory choice, 24358
dysfunctional thinking; social anxiety; separation anxiety; generalised anxiety; anxiety disorders; children; social phobia; fear, 19510
early experience; developmental outcome; mental process; developmental neurobiology; clinical practice; behavior, 34256
early maternal deprivation; auditory information processing; adult rats; prepulse inhibition; information processing deficits; schizophrenia; genetic factors; environmental factors, 18567
ecology; language; spatial cognitive tasks; orientation systems; linguistic relativity hypothesis; cultural practice impact, 18932
education effects; Iowa Gambling Task; emotion-based learning systems; decision-making, 21331
educational psychology; problem-based learning; sociocultural view of learning; specialized language; teachers; enculturation; jargon, 29940
EEG frequencies; cognitive processes; specific task processes; mental calculation; verbal working memory; spatial working memory, 30896
electroencephalography; cortical information processing abnormalities; posttraumatic stress disorder, 31794
electromagnetic field; human attention; mobile phones; facilitation effect, 7311
electrophysiological index; event related potentials; working memory load; humans; working memory-specific n-back tasks, 3793
electrophysiology; attention-deficit disorder; hyperactivity disorder; event-related potential; ERP; ADHD; early preparatory processes; auditory & visual attention systems; frontal inhibition system, 22717
electrophysiology; event-related potentials; automatic early semantic processing; recognition potential, 9913
emotion processing; non-clinical psychosis; alexithymia; schizophrenia, 25394
emotion recognition; stressful situations; stress induction; facial expression; decoding performance; Internet experiment, 30670
emotional disorders; anxiety; depression; emotion-congruent cognitive biases; hierarchial models; selective attention, 13580
emotional information processing; disrupted parental bonding; secure parental bonding; cognitive specificity; avoidance; attentional processing; mood; vulnerability, 19190
emotional intelligence; emotional task performance; facial expressions; expression recognition; emotions; emotional information processing, 25315
emotional memory; emotional adjective endorsement; negative attributional style; seasonal affective disorder; winter symptom level; summer symptom remission; emotional processing, 13586
emotional processing; distraction; claustrophobic fear; in vivo exposure; fear activation, 31827
emotional prosody; word valence; emotional information; sex differences; semantics; emotional comprehension; event related potentials; stroop effect; cognitive processes; speech perception, 6593
emotional stimuli; rapid serial visual presentation; immediate recall; repetition blindness; words, 24370
emotionally relevant context; negative & irrelevant & neutral stimuli; evoked cardiac response; stimulus processing; primary bradycardia; late decelerative component; stimulus valence, 680
enhanced processing; speech sounds; blind individuals; perceptual sensitivity; attentional sensitivity, 20086
entorhinal cortex; ERC; Alzheimers disease; AD; atrophy rate; ERC volume loss; aging; memory performance, 4988

environmental destination strategies; spatial strategy; lesions; temporal lobe; hippocampal function; caudate nucleus; imaging; neuropsychological results, 27716
environmental scenes; rapid affective processing; human facial expressions, 27177
error analysis; brain damage; cognitive impairment; cognitive processes, 32190
error processing; anterior cingulate cortex; error related negativity; magnetic imaging, 7062
event-based prospective memory; multinomial model; prospective memory processes; preparatory attentional processes; retrospective memory, 24518
event-related brain potentials; cognitive processing; music; tone, 7057
event-related potentials; cognitive information processing; psychophysiological research; clinical studies; higher mammals; neurophysiological research, 571
event-related potentials; semantic information processing; emotional facial expressions; cognitive psychology; cognitive process; semantic attribution; linguistics; N400; expectancy violation, 3408
evidence-based psychotherapy; cognitive-behavior approaches; behavior therapy; cognition, 20187
executive dysfunction; attention-deficit/hyperactivity disorder; neuropsychology; neuroimaging; neuropathology; etiology; brain, 19768
executive function; 1st grade children; 2nd grade children; inhibitory control; behavior problems; externalizing behavior; internalizing behavior; sequencing ability, 10257
executive function; memory updating; random generation; schizotypal disorders, 1464
executive processes; deceptive responding; behavioral responses; event-related brain potentials; truthful responses; recognition; perceived stimuli; remembered stimuli, 18333
executive system; visuo-spatial memory functioning; recall; short-term memory, 307
experience; processing bias; aggressive words; forensic population; aggressiveness; hostility; impulsivity; violence; word recognition; anger; attention; prisoners, 19729
expertise; evaluatative extremity; task characteristics; performance vs advisory expertise; configural vs featural processing; judgment; stimulus characteristics; memory storage, 9638
eye blinks; information processing; sensory-motor processing; task performance; preadolescents, 24761
eye movements; information processing; reading; oculomotor control; word processing; language processing; psycholinguistics; computer models, 12662
eye movements; reading; methodology; experimentation; theory, 12661
eye movements; reading; parafoveal pragmatics; noun-verb relationship; reading time; lexical processing, 12645
face perception; N170; familiar faces; unfamiliar faces; event related potentials; repetition, 3781
face recognition memory; configural processing; event-related potentials; child and adolescent development; upright, inverted and contrast-reversed faces; age effects, 18641
face recognition; peripheral identification; configural processing, 9567
facial memory; slow wave amplitude; event-related potentials; facial expression; working memory; brain; mood-congruent memory bias; major depression, 34820
facilitated processing; emotional pictures; non-emotional attention task; processing sustainment; attention; emotion; event related potentials, 7077
false memories; distinctive information; impoverished relational-encoding; critical lures; retrieval; distinctiveness heuristic; visual stimulation, 24497
false memory effect; nonconscious processes; false memory; words, 33874
false memory effect; nonconscious processes; false memory; words; conscious recollection, 33854
false memory; stereotype behaviors; cognitive resources; stereotype attitudes; eyewitness testimony; memory distortions, 10551
familiarity; selective attention; familiar faces; facial identity; facial expression; speeded-classification; identity judgments; irrelevant expression variations; parallel route hypothesis, 21332
fast mapping; multiple words; vocabulary acquistion; preschool age; word meaning, 10217
feedback processing; heart rate; error processing; performance feedback, 7087
female dominance; female co-dominance; ecological causes; cognitive causes; social causes; sexual causes; aggression; group cohesion; food distribution; diet; sexual attraction; virtual world; models, 9787
field dependence; adult attachment styles; secure individuals; mbivalent individuals; avoidant individuals individual differences; information processing, 15302
figurative language processing; cognition; time course; eye fixation, 33801
filicide; murder; parent; child; intellectual functioning; mental health; psychopathology; perpetrators, 13695
financial markets; information sources; foreign exchange market; circular pattern; news; rumors; market information processing; news media technology; news speed; news accuracy, 24894
finger writing movements; neural activation; recognition; Japanese ideographic characters; visual language; motor representation; visuospatial imagery processes; kanji, 3675
formal reasoning; everyday reasoning; logic; insight; language; mental models; information integration; inference; alternative possibilities coordination; narrative comprehension; cognitive operations, 24465
freedom; rationality; free action, 31609
frontal lobe; prefrontal lobe; self-awareness; mental state attribution; neurocognitive process; blood oxygen level-dependent activity; self-face viewing, 21666
frontoparietal areas; functional connectivity; short term memory; spectral coherence analysis; transfer function; electroencephalographic study, 30836
functional circuitry; working memory; prefrontal neurons; dopamine D2 receptor; cognitive processes, 12894
functional event-related potential; temporal processing; frequency processing, 3773
functional status; executive control function; aging; prediction; Freedom House Study, 28149
galantamine; donepezil; Alzheimers disease; ease of use; tolerability; cognition; activities of daily living, 14154
gambling; fluid intelligence; executive function; letter fluency, 12647
gamma-band EEGs; autonomic responses; mental arithmetic; heart rate; blood pressure; lung flow; voice response; mental arithmetic task; MAT, 12927
gender; children; social interaction; argumentation; social influence; cognitive change, 874
generation effect; cognitive operations; recall test; aging; divided attention, 25108
generative verbal responding; derived relational networks; reinforcement; novel instructions; control; instructional control, 33871
genetics; cognitive processes; distraction; event-related potential; slow wave; working-memory, 34278
grammatical & nonlinguistic information; grammatical gender; gender stereotypicality; person information; mental representation; language, 33856
graphic jokes; children's representational activity; comprehension, 31118
group analysis; mental processes; hermeneutics; relational experiences; psychoanalysis; group-analytical model; mind; individual-environment interactions, 20218
group play/activity therapy; playrooms; learning disabled preadolescents; problem behavior; school-based intervention; humanistic principles; elementary students, 8420
health psychology; behavioral medicine; cognitive factors; individual difference factors; life-threatening diseases; belief systems, 20438
helping others; action research; emancipation; knowledge system participation, 6431
hemisphere asymmetries; false recognition; memory processes; word recognition; visual fields, 3402
hemispheric activation; spatial attention; line bisection error; pseudoneglect phenomenon, 18578
hemispheric asymmetries; cognitive modeling; unilateral visual neglect; cognitive disorders; line bisection task; nervous system connectivity; neural network simulation, 16800
hemispheric processing; sex-related differences; hemispheric-related influences; neurobiology; emotionally influenced memory; brain; cognition, 9702
heuristic processing; avoidance motor signals; approach motor signals; conjunction fallacy; analytic processing; cognitive processing style; conjunction error; avoidance; motor actions; judgment, 18353
high self-esteem; low self-esteem; attentional bias; bias reduction training; rejection information; inhibition, 34661
high-priority affective stimuli; visual search; names; emotionally charged words; verbal stimuli; attention; capacity limitations, 12713
higher cognitive processing; hemodynamic changes; prefrontal cortex; attention, 18615
hindsight bias; visual perception task; outcome knowledge; metaperception; fluency misattribution theory, 30668
hippocampal atrophy; magnetoencephalography; magnetic resonance; mesial temporal lobe; cognitive patterns; neurophysiological activity, 13973
HIV; cognitive dysfunction; attention; perceptual span; human immunodeficiency virus; information processing, 11184
holistic processing; word identification; visual properties; preschool children; epilinguistic knowledge; visuo-semantics; logographic processing; analytic processing; printed words; reading, 13178
homework performance; background media; radio music; music videos; television soap opera; high school students; homework time spent, 17712
human cognition; schema; language; mental content; nonconceptual world, 15288
human deception; cortical excitability; cognitive process; lie detection; emotional components; motor cortex; deceptive responses; truthful responses; cognitive activity, 6936
human information-processing; cognition; perception; theoretical history; empirical history; experimentation; statistical methods, 33834
human mind; information-processing; cognitive psychology; cognitive approach; clinical psychology, 18055
hypertension; brain; prefrontal regions; executive functions; cognitive functions, 8201
idea generation; production blocking; information processing; brainstorming groups; cognitive process; group processes; cognitive interference, 3366
idiosyncratic cognitive schema; cognitive case formulations; intraindividual idiographic approach; clinical validation; cognition items; factor analysis; symptoms; distress, 33811
imagery; spiders anxiety; cognitive processes; early memories; cognitions; spider phobia, 25737
images; cognitive processes; drug craving; motivating experience; substance dependence; cognitive modelling; flashbacks; Tiffany's theory of craving; elaborated intrusion theory of craving, 25894
impaired hippocampal function; novel words detection; schizophrenia; declarative memory task; cognitive performance; hippocampal volume, 19498
impulsiveness; executive control; working memory; self-report measures; memory scanning, 31614
individual competence; consciousness; measurement; Agent-action-Objective model; information processing; analytic descriptive approach; synthetic reflective strategy, 13166
individual differences; attitude structure; cognitive information; cognitive attitudes; cognitive responses; persuasion; affective attitudes, 10537
individual differences; saving; human-computer interaction; computing error; non-specialist computer users; computing losses; cognitive failure; attention; computers, 9211
individual differences; social judgment; stereotypes; cognitive load, 10524
individualization; process-oriented learning; electronic self access; cognitive psychology; second language learning; computer assisted instruction; cognitive processes; individual preferences, 36102
information compression; multiple alignment; search; human cognition; software model; information retrieval, 17983
information processing limitations; temporal discrimination; cognitive psychology; temporal span; Weber fraction, 21335
information processing model; cortical regions; left parietal region; left prefrontal region; motor region; symbol manipulation, 24646
information processing; behavioral mimicry; context dependence; field dependence; cognitive style, 12678
information processing; differential sensitivity; response-time measures; cognitive processing; attention allocation; selective attention; stimuli relative; attentional resources; P300; cues, 18415
information processing; eating disorders; modified Stroop task; dot probe task; memory; attention, 25993
information processing; intelligence; interstimulus interval; response uncertainty; reaction time; motor processes, 12628
information processing; schizophrenia patients; atypical antipsychotic medications; sensory gating deficits; mid-latency evoked responses, 25615
information sharing; group decision errors; group decision making; counterfactual mind sets, 34600
information-processing biases; emotional stroop; forensic populations; sex offenders; violent offences; pedophiles; sexual words; stroop effect; response latency, 35060
inhibition; distractor interference; prepotent response inhibition; proactive interference; random number generation; task-switching ability; cognitive failures; span recall; intrusive thoughts, 12638
inhibition; executive functioning; ADHD symptoms; sex differences, 11068
inhibitory control; obsessive-compulsive disorder; cognitive disinhibition, 22582
input modality; conceptual representation; words; pictures; auditory stimulation; visual stimulation; brain region activation, 24725
insight; violent behavior; schizophrenia; forensic insight, 34863
intelligence; personality; cognitive domains; self attribution of ability; cognitive functions; Big Five personality factors, 4447

interactive whole class teaching; National Literacy Strategy; NLS; discourse styles; primary teachers; computerised observation; cognitive engagement; classroom pedagogy; professional development, 17636
intergroup relations; ingroups; outgroups; information processing; bias, 25257
interhemispheric interaction; global local processing; mathematically gifted adolescents; average ability youth; college students, 18612
interpolation; extrapolation; human behavior; neural network; computation; brain; nervous system; sensorimotor & cognitive tasks; function learning; auditory-visual behavior; visuomotor transformation, 21036
intimate relationships; external stress; cognitive processes; marriage; contextual factors; marital quality; perceptions, 10370
intracortical circuitry; brain; information processing; neurons; neuroscience; minicolumns; macrocolumns; mental disorders; neuronal cellular function; pathology, 30839
intrinsic theory; inner awareness; mental-occurrence instances; cognitive awareness; appendage theory; stream of consciousness; equivocal remembrance theory, 18429
inverse base-rate effect; cues; eliminative inference model; attention-shifting; attentional theory, 377
inverse base-rate effect; cues; eliminative inference model; attention-shifting; attentional theory, 394
irrelevant information; knowledge activation; ambiguous homographs; information suppression; baseball knowledge, 12651
irrelevant speech effect; working memory; positron emission tomography; attentional modulation; phonological processing; human brain; regional cerebral blood flow; PET experiment, 3643
joined objects; amodal completion; 3D shape; visual organization; spatial position, 9580
knowledge based inferences; general knowledge; acquired brain injury; knowledge processing differences, 26168
language processing; grammar; brain dynamics; EEG; fMRI, 21572
language processing; syntactic language; event-related brain potentials; temporo-parietal lesions; verb argument structure; basal ganglia lesions; healthy participants; integration process, 5019
language; brain activity; cognitive ability, 27823
language; embodied brain; animal models; language evolution; neuroanatomy; language skills; language processing; brain, 18566
lateralized readiness potential; reaction time; event related potential; task processing; task switching; task cueing; stimulus-locked; response-locked; switch cost, 3778
left brain damage; right brain damage; implicature; processing ability, 32154
left visual field; lexical decision accuracy; nonverbal auditory stimulation; lateral dominance, 9686
levels-of-processing; word recognition; schizophrenia; classification; semantic processing, 7893
lexical decision; hemispheric division of labor; error monitoring; hemispheric specialization; cognitive load, 24680
lexical orthographic processing; phonological processing; word recognition, 6589
lexical processing; lexical characteristics; eye fixation; reading; fixated words; frequency characteristics; parafoveal words, 12643
literature; brain function; mind; literary scholar; poet; poetry writing; poetic techniques; mental processing; conscious; unconscious; mystic experiences, 30881
local processing bias; lineup performance; witnesses; perpetrator, 9287
logical connectives; mental representation; language; cognition; reasoning, 24471
long looks; cognitive engagement; attention deficit hyperactivity disorder; ADHD; causal relations; comprehension, 13795
long-term amnesia; closed-head injury; cognitive functions, 5033
low birthweight; school performance; neurological impairment; non-verbal intelligence; obstetric risk, 7406
magnetoencephalography; writing systems; language-specific cortical maps; neuroanatomy; brain activation; word recognition; language, 631
major depression; reaction time; aging; processing stages, 34816
managers; self-serving bias; performance evaluation; counterfactual thoughts; prefactual thoughts; subordinate performance; weak performance; external references; leadership focus, 17810
maternal care; cognitive performance; emotional reactivity; pregnancy stress, 7352
mathematical learning difficulties; PASS cognitive processes; children; intervention; special education, 5943
mathematics; learning disabilities; memory deficit; cognitive deficit; arithmetical competencies, 11092
media use; media effects; individual explanations; information processing; social problems; crime; welfare; attribution, 15896
medical adherence; aging; automatic processes; health behavior; blood glucose monitoring; cognitive processes; self-care tasks, 26534
memory consolidation; reconsolidation; dissociable stages; wake; sleep; memory processing; recall; motor tasks, 3301
memory function; Taiwanese Americans; older adults; sleep; physical activity; depression; memory self-efficacy, 28151
memory impairments; memory span; dual task condition; MDMA; ecstasy users; random letter generation; visuospatial processing; working memory; cannabis use, 25914
memory skills; illiterates; test artifact; strategy differences; illiteracy; neuropsychological assessment; memory, 15066
Menninger Clinic; mentalization; hospital treatment, 5098
mental aging; mental health; homeostatic hormonal processes; adaptational hormonal processes; youthful attitudes; cognitive processes, 28043
mental architectures; stochastically interdependent components; mental task, 15126
mental attention; gifted children; mainstream children; mental attention capacity; cognitive inhibition; speed of processing, 18919
mental effort; vigilance; EEG, 30906
mental effort; vigilance; resource depletion; stimulus presentation, 12672
mental images; goals; psychopathology; traumatic experiences; traumatic experiences, 25506
mental model; social context; information processing; social environment; construction of mental clique; memory; learned sentiment structure; model-based retrieval, 16272
mental operators; use specificity; task performance; acquisition context; natural order of events; prognosis task; retrognosis task; digit pairs; causal context; neutral context; reasoning; practice, 24455
mental representation; radicals; Chinese characters; priming; low-frequency targets, 12635
mental representations; numbers; stimulus modality; event-related potentials; auditory stimulus; visual stimulus; mental addition, 18651
mental state attribution; other orientation; other behavior prediction; mental processes; electrical activity; neural processes; action preparation, 15564
mental walking; time production task; mental imagery; imagery tasks; arousal level; internal clock speed; temporal homology; sound stimuli, 33815
mentalizing; psychopathology; Professionals in Crisis program; attachment relationships; impulse control; mental states; treatment failure; intervention; patients; staff, 5652
message framing; cognitive elaboration; motivation, 33355
metacognitive training; mathematical word-problem solving; computer-based environment, 17717
metaphor comprehension; cognitive concepts; inherent circularity; schemas, 3372
methodological implications; Gadamers notion of statements; statements; speculative language; phenomenological research; phenomenological methods; conversational approach; reflexivity, 27432
methylphenidate; cognitive functioning; mental retardation; attention-deficit/hyperactivity disorder; attention; inhibition; immediate memory; children, 25984
midazolam; conscious processing; controlled processing; conscious memory processes, 18381
mindfulness; definition; measurement; meditation, 30695
mindfulness; emotion regulation; change; therapy; measurement; definition, 30654
mindfulness; operational definition; model; temporal stability; situational specificity; behavior; experiences; psychological processes; measurement; conceptual framework, 30657
mindfulness; operational definitions; psychological processes; meditation; self-regulation; attention; acceptance, 30669
missing letter effect; letter-detection errors; reading; structural processing; eye movements, 33792
modafinil; delayed nonmatching; position swim task; rats; cognition; narcolepsy; learning; memory, 34185
modelling intuition in retail site assessment; cognitive mapping; decision-making; retail location; analogue method; qualitative knowledge; visualization; sense making, 12330
models of representation; interactive model; cognitive processes; encoding model; internality; mental representation, 18359
models of representation; interactive model; cognitive processes; encoding model, 3349
mood-induced body image; subjective mood; cognitive priming; disparagement effect; enhancement effect, 22363
mother child relationship; toddler years; antecedent factors; affect dysregulation; family antecedent correlates; cognitive correlates; socioemotional correlates, 18970
motion perception; two-thirds power law; curvilinear motions; visual motion; anticipation error, 24387
motivational intervention; learning disabilities; cognitive processes; writing ability; instructional programs, 36216
motor functions; cognitive functions; rats; auditory discrimination; hippocampal theta; cognitive processes; locomotive activity; P300 event related potentials; robotic model of P300, 7078
motor preparation; memory search task; event-related brain potentials; ERPs; lateralized-readiness potential; LRP; serial & parallel processing, 27790
movement execution; visual information; kinematics; aimed stylus movements, 30651
Multi-Center Dilemma Project; cognitive conflict; repertory grid technique; personal construct theory; social phobia; irritable bowel syndrome; implicative dilemmas; health, 22404
multidimensional anxiety; content-specificity effects; preferential processing; threat; memory, 9561
multidimensional structure; repetitive thought; worry; rumination; processing; well-being; multidimensional scaling; valence; purpose; affect; adjustment; health; personality; women with breast cancer, 387
multimedia learning; integrated model; motivation; cognitive factors; theoretical models; educational psychology; cognitive theory, 27527
multimedia; cognition; multimedia interactivity research; users; functional interactivity; cognitive interactivity; cognitive processes, 33075
multiple trauma; life satisfaction; trauma patients; anxiety; depression, 171
multiplication practice; product verification; integrated structures model; retrieval-induced forgetting; cognitive processes, 33817
multisensory executive functioning; prefrontal circuitry; task switching, 24681
muscimol injections; perirhinal cortex; information processing; emotional learning; conditioned fear, 34177
mythological content; teleosemantics; ideological theory; mental content; mapping, 9695
name game; group size; recall; learning names; acceptability; bonus information, 12701
narrative; coherence; human cognition; cognitive penetrability; exaggeration; thinking, 33785
narratives; space; time; life; mind; detail distortion, 33835
naturoids; technology; cognitive model; natural objects, 30279
need to evaluate; personality; cognitive & behavioral & affective political processes; political attitudes; beliefs, 34653
nervous system; neurons; neuronal networks; neuroscience; neurotransmitters; cognition; brain, 15472
neural activity; priority processing; prefrontal cortex; top-down control; stroop task; fMRI; task relevant information; attentional control; frequency; neural activity, 3681
neural correlates; predicate-argument structure; language; prelingustic mental representation; neural pathways; categorization, 9656
neural correlates; thought suppression; cognitive control; brain regions, 3733
neural mechanisms; general fluid intelligence; individual differences; attentional control; prefrontal cortex; working memory; neural activity, 21574
neural mechanisms; general fluid intelligence; individual differences; attentional control; prefrontal cortex; working memory; neural activity, 21587
neural networks; neural correlates; cognitive-affective integration; covert decision making; ventromedial prefrontal cortex; amygdala; nucleus accumbens, 9280
neuroanatomy of cognition; neuroanatomy; cognition; human cognition; mental activity, 18618
neuroanatomy; schizophrenic subsyndromes; schizophrenia; cognitive processes; brain activation, 1478
neurocognitive enhancement; mental dysfunction; social problems; ethical problems, 26489
neurodevelopmental characteristics; learning impairments; double-deficit hypothesis; reading; neuropsychological domains, 35115
neuroimaging; cognitive functions; imaging technology; neurobiology, 18591
neuronal synchronization; selective color processing; human brain; selective attention; gamma band responses; induced alpha band; event-related potentials; neuronal dynamics, 18593
neuropsychological effects; obstructive sleep apnea, 4839
neuropsychological functioning; schizophrenia; treatment; antipsychotic drugs; visual memory; visual perception; verbal memory, 23246

neuropsychology; autobiographical memory; neural networks; cognitive processes, 3645
neurotransmitter extracellular levels; acetylcholine; cognitive processes, 15561
neutralization; obsessional problems; obsessive compulsive disorder, 7943
newborns; visual preferences; face perception; perceptual constraints; visual processing, 13213
nocturnal cognitive arousal; insomnia; older adults; sleep; psychological adjustment, 4834
nonautomatic processes; activity regulation; historical analysis; evolution; activity theory; mental activity, 21056
nonconscious processing; facial identity; famous persons, 33830
noun phrases; verb-argument structure; semantics; pragmatics; syntax; simple sentences; event-related potentials; online processing; animacy; verbs; sentences; P600; N400; electrophysiology, 15657
number processing; analogue equivalents; arithmetic sums; IQ-dependent, 12657
number processing; mental calculation; developmental dyscalculia; mathematics disorder; arithmetical performance; test validity; test standardization; Greek schoolchildren, 33491
numerical surface form; operand parity; cognitive arithmetic; odd-even; addition; multiplication; parity comparison; digits; number words; strategies; retrieval, 9641
object processing; representation; levels of specificity; perirhinal cortex; object identification; domain level naming; basic level naming; anterior and posterior inferior temporal cortex; neurons, 18616
object recognition; visual perception; contextual processing; scene perception; neuropsychology, 33705
obsessive-compulsive disorder; memory biases; threat-relevant information; anxiety disorders; attention, 31820
obsessive-compulsive disorder; selective attention; anxiety; Stroop Task; information processing, 7925
obsessive-compulsive disorder; task switching; backward inhibition, 31817
older listeners; spoken language; audiometric hearing loss; hearing impairments; auditory processing problems; cognitive processing; noise; memory load; stress; therapeutic interventions, 8348
on-line story representation; boys; attention deficit hyperactivity disorder; encoding; information; achievement; academic performance; cognitive processes; narratives, 22735
one missing letter effect; assessment methods; reading; target letters; function words; content words; frequency; rapid serial visual presentation; cognitive processes, 15299
online language processing; disfluent speakers; disfluency; fluency; listener interpretation; biases, 34215
orbitofrontal function; executive functions; orbitofrontal cortex; emotion; personality; neuropsychology, 24677
ordinal process dissociation; automatic processes; controlled processes; equations; ordinal relations; inclusion tasks; exclusion tasks; memory, 15328
organizational script strategy; shared meta-scripts; continuous learning; mission briefing & debriefing protocols; cognitive demand; requisite variety; high reliability; armored brigade; Israel, 2944
park settings; urban settings; exercise; mood; feeling states; cognitive strategies; exercise environment; females, 6093
patient-therapist attachment; borderline personality disorder; transference-focused psychotherapy; state of mind; reflective function; mentalization, 5161
pedagogical content knowledge; learning orientation; cognitive processes; movement patterns; dribbling activities, 12131
Penn Conditional Exclusion Test; Wisconsin Card Sorting Test; divergent validity; convergent validity; work function; executive function; test forms; cooperativeness, 21143
perceived complexity; grouping effect; band patterns; symmetry, 9601
perceptual categorization; organizational processes; complex visual patterns; perceptual system; knowledge access; cognitive system; infants; learning, 10203
perceptual encoding; cognitive load; stereotype-inconsistent information; stereotype-consistent information; encoding flexibility; social cognition, 28431
perceptual grouping; visual perception; perceptual constancy, 9592
perceptual processing; response selection; neural mechanisms; brain regions; neural mapping; perceptual discrimination; brain activation; cognitive processes, 7054
perceptual processing; task set reconfiguration; stimulus contrast; response-stimulus interval; early processing; task switching; switch cost; reaction times; errors; cognitive control, 314
perseveration; inhibition failure; preschool children; inferences; word meanings; cognitive inhibition; cognitive flexibility; lexical inference task, 905
personal relevance; analytic processing; message repetition; persuasion; repetition, 28418
personality characteristics; emotional eating; cognitive characteristics; purging anorexics; bulimics; external eating; body dissatisfaction, 13844
personality disorders; cognitive theory; Thoughts Questionnaire; reliability; validity; dysfunctional thought patterns, 10859
personality transformation; extensive cognitive changes; behavior changes; quantum change, 28454
personalized product recommendations; advertisement response rates; direct mail persuasion; advertising techniques; information processing; brand attributes, 27172
PET; working memory: visual attention; divided attention; switching attention; neural basis of behavior; cognition; prefrontal cortex; temporal cortex; cerebellum; visual stimuli, 15476
phonological loop; working memory; executive components; addition strategies; addition skills; counting; calculation; first grade children, 18934
phonological processing; divided visual field; visual field presentation; right handers; left handers, 30691
phonological processing; spelling; English as second language; auditory discrimination; semantics; adolescents, 5834
phonological sequence learning; second language vocabulary acquisition; short-term store capacity; individual cognitive differences; undergraduates, 26947
phonotactic probability; neighborhood density; speech production; lexical representation; onset density; picture naming tasks, 12680
photo-elicited narratives; narratives; sociotemporal shift; informants narratives; political disappointment, 18845
physical attractiveness; attractive others; selective processing; attentional capacity; recognition memory; selective attention, 7636
physical auditory information; lexical auditory information; physiological studies; processing hypothesis; language specificity; lexical categories; positive potential; brain potentials, 3340
physiological processes; social-cognitive processes; aggressive children; cognitive processes; peer provocation; social skills; young children; boys, 1023
pidgeon anticipation; local statistical information; serial response time task; repeating locations; random locations; spatial location; global information; response-to-stimulus intervals, 12734
pigeons; item-specific information; category-level information; categorization; human faces; abstraction levels; visual discrimination, 475
Piper methysticum; kava; cognitive impairment; intoxication; eye saccades, 1648
planning; naming; reading; complex numerals; conceptual preparation; response uncertainty; morphemes; phonemes, 18342
plausibility; concept coherence; distributional word coherence; plausibility judgments, 33782
political scientists; political attitudes; response latencies; mental constructs; response time data; models, 33610
positive affect; cognitive control; distractibility; cognitive flexibility; stability; perseveration, 12636
positron emission tomography; bilinqual mental lexicon; congates; non-cognates; phonological retrieval, 559
postevent reconstrual; uncontrollable events; anticipatory construal; moderate expectations; extreme expectations; view consistency; outcome knowledge; negative event; event anticipation, 12685
postexercise dimension ratings; assessment centers; situational specificity hypothesis; assessor cognitive processes; general impression model salient dimension model; job performance, 12265
postmodern principles; responsive reading assessment; high-stakes assessment; cognitive processes, 30491
posttraumatic stress disorder; cognitive theory; multirepresentational cognitive theorizing; prototypical models; schema theories; psychopathology; mental representation; network theories, 13655
prefrontal cortex; cortico-subcortical circuit; executive control; executive function; cognitive processes; information processing; brain; brain-damaged patients; subcortical regions, 15289
prefrontal cortex; functional organization; memory, 21377
prefrontal cortical dysfunction; schizophrenia; schizoaffective disorder; neurocognitive assessment, 22558
premenstrual syndrome; subjective symptomatology; cognitive functioning; prevalence, 4892
problem solving; external memory aids; working memory; cognitive processes, 30734
problem-solving performance; problem complexity; problem solving; planning behavior; strategies, 363
process dissociation; item information; order information; phonological similarity; information processing; memory processing; retention; numerical estimates, 33812
processing speed; aging adults; psychoacoustics; speech perception; cognitive processing; comprehension; age-related differences; auditory temporal processing; noise, 7474
processing strategies; visual field location; information processing, 6577
prosodic information; negative component; on-line processing; brain potentials; prosodic processing; semantic processing; French, 18310
prospective memory; aging; meta-analytic review; automatic processes; event based tasks; time based tasks; retrospective memory; free recall; age-related decline, 15955
prospective memory; executive processes; cues, 30583
prototype symbolization; hooded crows; abstract selection rule; indifferent symbols; symbolizing ability; elements number, 9774
proverb interpretation; schizophrenia patients; cognitive processes; symptomatology; psychiatric patients; word association, 7900
psychic space; symbolic processes; clinical narrative; conscious; unconscious; differance; treatment; free association, 14108
psychological adjustment; social variables; disposition; breast cancer; emotional intelligence; social support; social constraints; social-cognitive processing model; traumatic event adaptation, 20458
psychological refractory period; input interference; dual-task performance; speeded responses; age differences; stimulus salience; parallel processing; cognitive control; age related decline, 33796
psychological refractory period; stopping; control; stimulus processing; starting; interference; responses; response inhibitions; response terminations, 373
psychological refractory period; visual tasks; psychological theories; functional magnetic resonance imaging; response delay, 24439
psychometric properties; Coping Strategies Questionnaire; Cognitive Coping Strategies Inventory; chronic pain patients, 6363
pupillary responses; attentional allocation; cognitive ability; visual backward masking task; cognitive processing; processing efficiency; resource allocation, 18418
pupillometric measures; cognitive processes; emotional processes; pupillary motility; pupillary responses, 18685
race model; nonparametric approach; null hypothesis testing; redundant signals effect, 6411
reading comprehension skills; young adults; childhood diagnoses; dyslexia; cognitive processes, 4788
reading comprehension; metacognitive knowledge; developmental perspective; linguistic knowledge; speed components; processing speed; reading skills; first language; second language reading; components, 13214
recognition decisions; sentence context; encoding; retrieval; sentence stem; expectation; integrality, 24481
recurrent major depressive disorder; psychomotor retardation; cognitive function; executive function; cognition; depressive duration; apathy; anhedonia; cognitive deficits, 19383
reductionism; physicalism; substance dualism; mental phenomena, 34206
redundant target effect; modality stimuli; switch costs; reaction times; modality switch effect; processing gains, 27498
regulatory focus goals; message framing; persuasion; gain frames; loss frames; promotion; perceived risk; processing fluency, 9665
regulatory focus; temporal distance; goal importance; retrospective judgments; temporal perspective; temporal effect; cognitive processes, 3370
reinforcement sensitivity theory; emotional information processing; separable subsystems hypothesis; joint subsystem hypothesis; impulsivity; anxiety, 31571
relevant information processing; conceptual processing; solutions; problem solving; priming; insight, 18323
religious beliefs; belief activation; belief application; belief components, 13297
repetition blindness; nonwords; lexical decision; cognitive precesses; word recognition; mental types activation; sublexical level; word-nonword pairs; identical repetitions; word encoding, 15287
repetition effects; aging; age differences; performance; younger adults; older adults; cognitive processes; priming; response repetition; reaction times; cognition, 6585
representational knowledge; knowledge units; multinomial model; model parameters; mental operators; abstract content; congruent items, 30683
representational redescription; procedural rigidity; drawings; information processing; representational change, 897
response selection; brain regions; human information processing; neural mapping; cognitive processes, 7053
response selection; cortical regions; brain activation; cognitive processes; neural networks, 7075

response shift; health related quality of life; epistemology; theories; measures; cognitive processes; assessments, 23457
retrieval inhibition; recognition; memory; closed-head injury; free-recall; directed forgetting, 11169
Richard Stanley Lazarus; obituary; stress; appraisals; coping, 2584
Right Shift Theory; handedness; brain specialization; genetics; speech; left & right brain specialties, 18553
route directions; standard instructions; explicit instructions; information content; conciseness; spatial discourse, 12633
saccade generation; reading; word-based processes; word reading; eye fixation, 12688
saccade stepping interactions; motor plan; obstacle avoidance; obstacle contact; young adults, 6552
saccades; dorsal-stream visual processing; ventral-stream visual processing; saccadic eye movements; cognitive processes; interference effect; visual subsystem, 24365
schizophrenia patients; theoretical proposals; visual mental imagery; conscious perception; behavioral measures; attentional factors; reality monitoring, 7857
schizophrenia; cognition; ziprasidone; atypical antipsychotics; executive functioning; vigilance; attention; verbal fluency; olanzapine; risperidone, 13630
science/clinical science interface; treatment development; mindfulness; basic & clinical scientists; cognitive processes; psychotherapy outcome; research, 30689
searching behavior; localized search; information encoding; food; spatial orientation; spatial learning; generalization, 12735
selective activation; cognitive processing; letter recognition; letter processing; cortical regions; object recognition; fMRI, 15518
selective processing; food words; insulin-induced hypoglycemia; cognitive processing; food stimuli, 28985
self esteem; implicit attitudes; Implicit Association Test, 6272
self handicapping; stressful reactions; athletes; emotive oriented coping; cognitive state anxiety; emotional reaction; anxiety responses; coping strategies, 9152
self report instruments; task performance; cognitive psychology; models; methods; questionnaire design, 21238
self-choice effect; response choice; relational processing; multiple-cue; retrieval cues; recall, 21394
self-complexity; negative moods; positive memories; mood-incongruent recall; mood regulation; knowledge structure, 24515
self-perceptions; exercise behavior; middle-aged women; cognitive processes; exercise decisions; possible selves; self-regulatory mechanisms; self-efficacy; outcome expectancy; exercise intervention, 4437
self-regulated strategies; test-taking motivation; test conditions; consequential testing; non-consequential tests; college examinees; essays; multiple choice; performance prediction; expectancy value, 12184
semantic knowledge; organisation; meaning evocation process, 24416
semantic memory impairment; supra modal deficit; dementia; conceptual class; visual attribute processing; input output modalities; semantic processing, 8219
semantic retrieval; semantics; semantic association; neurophysiology; executive processes; prefrontal cortex; temporal lobe, 27770
semantics; cross-cultural style; US students; Hong Kong students; theories of reference; philosophical cases; cognitive differences, 24449
semiotics; signs; perception; interpretation; cultural perception; natural perception, 31464
sense of agency; perceptual identification; misidentification; physical action; cognitive processes; action awareness; schizophrenia, 33685
sensory processes; conscious perception; cognitive neuroscientists; anterior cingulate; medial prefrontal cortex; frontopolar cortex, 30846
sentence comprehension; children; individual differences; language mediated eye movements; real time; anticipatory eye movements; online language processing, 7391
sentence context; visual speech cues; auditory speech cues; cognitive variables; McGurk illusion; sensory inputs; audiovisual integration process, 33678
sentence processing; grammaticality judgment; parsing; syntactic choice; digging in effect; self organizing models, 12676
separation anxiety disorder; social phobia; generalised anxiety disorder; processing bias; anxiety disorders; anxiety-related bias, 19539
sequential action; connectionist approach; temporal representations; models; network mapping; contextual information; apraxia, 15282
sequential lineup; simultaneous lineup; discriminability enhancement; witnesses; relative decision strategy; bias affect; absolute decision strategy; height encoding; transfer-appropriate processing, 18018
sequential processing; comprehension; hierarchical graphs; eye movements, 21334
serotonin depletion; brain serotonin; catecholamines; monoamine neurotransmitters; noradrenaline; dopamine; cognitive processes; attention; learning; memory, 21874
severe global agraphia; reading; spelling; lexical blocking; anagrams, 32152
sex differences; orbital prefrontal cortex; cognitive tasks; age differences, 24462
sex differences; verbal reasoning; spatial ability; cognitive ability; spatial processing, 33781
signed languages; cognitive linguistics; cognitive dimensions; spoken languages; iconicity; metaphor; metonymy; gestures, 31080
simultaneous processing; fluid intelligence; cognitive assessment; deductive reasoning; cognitive functions; spatial visualization abilities, 24941
situation awareness requirements; situation awareness skills; infantry subject matter experts; infantry small unit leaders; decision making; performance, 33326
skill learning; mirror reading; repetition; acquisition; neural process; performance; reaction time, 3398
sleep deprivation; task-shift costs; extradimensional shifts; intradimensional shifts; cognitive tasks; stimulus-response mappings; judgment; reaction times, 33798
sleep disordered breathing; cognitive changes; racial differences; cognitive performance; older adults; apneic events, 26027
slow components; online components; emotional stroop task; emotional intrusion effect; disruptive effects; negative stimuli, 12650
social anxiety; cognitive processes; mental processes; stressful social event; anticipatory anxiety; social phobia, 19535
social anxiety; post-event processing; data retrieval; autobiographical memories; socially anxious individuals; memory recall; ruminative responses, 34904
social cognitive predictors; creatine use; non-use; male undergraduates; recreational resistance training; self efficacy; outcome expectancies, 27142
social desirability; self report; cognitive processes; response times, 10535
social information; generalized social phobia; social interaction; social cues; negative outcome absence; positive outcome presence; feedback, 22574
social phobia; depression; information processing bias; coherence; specificity; sad stimuli; social threat stimuli; physical threat; positive stimuli; cognitive bias, 31696
social phobia; selective attention; attentional bias; dot probe task; social threat words; concurrent depressive disorder, 1530
social status; number representations; mental representations; semantic distance, 31525
source memory; item memory; memory retrieval; encoding; prefrontal medial cortex; shape; spatial location; event related MRI; left & right prefrontal cortex, 15581
spatial memory; cognitive mechanisms; terminology definitions; special section introduction; history, 27555
spatial organization; mental representation; ordinal sequences; Spatial Numerical Association of Response Codes, 18322
spatial organization; three dimensional objects; visual search performance; visual object perception; processing; constituent parts, 33704
spatial updating; nested environments; cognitive process, 18367
spatial working memory; verbal working memory; central executive functioning, 24503
spatiotemporal differences; cognitive processes; event-related potentials; luminance; spatial frequency; visual stimuli, 18297
speed-accuracy decomposition technique; analysis of cognitive processing during word recognition; college students, 6586
spider phobia; harm; safety; phobic information processessing, 19517
spontaneous flexibility; cognitive complexity; simple structures; complexity task; time pressure; causal role, 4407
spontaneous trait inferences; false recognition; attentional resources; trait judgments; faces recognition; behavior traits; automaticity; cognitive processes, 3378
stereotyped behaviors; information processing; social status; socioeconomic status; biased processing; group stereotypes; human sex differences; stereotyped attitudes; sex roles, 10550
stimulus analysis; response organization; Contingent Negative Variation; extraversion; cognitive information processing; motor preparation; event related potentials, 15710
stimulus magnitude; stimulus scope; subjective value; preferences; feeling valuation; calculation valuation; value functions; step functions; value, 12716
stimulus onset asynchrony; occupational stereotypes; speeded classification; category verification; classification tasks; anticipatory control; racial stereotypes, 18346
stochastic resonance; sensory information processing; perception, 27768
strategies; mental arithmetic calculation; written arithmetic calculation; grade school children; mathematics; cognitive functioning, 2790
strategy difficulty; strategy progression; initial training; mouse-based strategy; script-based strategy; order of introduction; editing task, 24520
strategy shift affordance; strategy choice; young adults; older adults; skill acquisition; scanning-based processing; memory-based processing; age differences, 33879
stress process; psychological health; self-efficacy expectations; coping strategies; cognitive structures, 34682
Stroop task; desired reward; competition; attentional control; unconscious control; conscious control; effective; ineffective; word recognition processes, 33800
stroop task; executive control; event-related potential; task execution; brain activation; prefontal cortex, 18585
structural equation model; auditory processing; reading success; Woodcock-Johnson Psycho-Educational Battery-Revised data norms; cognitive performance; oral language skills, 13164
subdissociative dose; ketamine; working memory; planning; attention; perceptual processing; executive processes; psychopharmacology, 7203
sublexical processing; visual word recognition; Chinese characters; repetition blindness, 9693
sublexical representations; visual word recognition; perceptual process; long-term memory, 33779
summary measurement; health-related quality of life assessments; cognitive processes; diversity, 21168
survey instruments; cognitive methods; theories; cognitive testing; survey instrument development; survey questionnaires, 21231
survey methodology; cognitive aspects; psychometric models; cognitive models; item response models; quality of life assessment, 21212
sympathetic innervation; parasympathetic innervation; pupillary dilation; sustained processing; task difficulty; tropicamide; dapiprazole; light conditions; darkness, 18802
syntactic priming effects; lexical items; picture description, 34279
system design; human factors engineering; cognitive task allocation; manufacturing systems; organizations, 36474
systems based preclinical curriculum; problem based learning; learning environment; cognitive behavior; social issues; student attitudes; faculty members, 20729
task competition; irrelevant task preparation; stimulus-evoked competetion; invalid preparation; task-specific inhibition, 15292
task design; cognitive task analysis; job design; job performance; methodology, 33374
task difficulty; presentation mode; arithmetic ability; computer presentation; response latency; response accuracy; auditory information processing; modality of presentation; interference effects, 18162
task inhibition; task switching; manual choices; numerical judgment; unconditional double-press response; just abandoned task; performance cost; response mode inhibition; response-cue interval, 24442
task performance; rapid visual information processing; sustained attention deficits; parahippocampal gyrus; attentional abilities; decreased activation; enhanced activation, 586
task preparation; functional magnetic resonance imaging; prefrontal cortex; cognitive control processes; task preparation; task execution, 24653
task switching; hierarchical task structure; task repetition benefit, 18339
task switching; task alternation; bivalency cost; bivalent stimuli; top-down processes; endogenous processes; response style; response errors; performance; cognitive ability, 395
task-related coupling; high-frequency signals; low-frequency signals; visual cortical areas; occipital visual areas; epileptic patients; cortical cooperativity; electrical activity; visual task, 12908
technical aspects; cognitive aspects; social processes; jazz improvisation; cognitive linguistics; categorization, 31023
temperament-related differences; reaction time; augmenting-reducing; cognitive processes; stimulation; cortical attenuation, 24765
temporal difference; higher-order learning; humans; environmental stimuli; predictions; neurobiology, 30739
temporal organization; neuroendocrine mechanisms; brain; neurocognitive mechanisms; consciousness; mental disorders; sleep disorder; neuronal mechanisms; pineal gland; melatonin, 12771
temporal processing; dyslexia; poor adult readers; motion coherence; spatial perception; word identification, 8068

terrorism; relational frame theory; human behavior; contemporary behavior; human language; human cognition, 13767
test anxiety research; individual differences; attitudes; cognitive processes, 36172
text-leveling systems; reading accuracy; reading fluency; second-grade students; decoding difficulties, 30031
thematic integration processes; cognitive deficits; Broca's aphasia; Wernicke's aphasia; priming; syntax; semantics; pragmatics; lexical decision, 11282
THEME method; temporal patterns; cognitive processes; choice behavior; schizophrenia; mood disorders; schizoaffective disorder; severe anxiety disorders; mania; diagnosis; drug treatment; gender, 19324
theory; musical forces; tonal music; melodic expectation; computer models; artificial intelligence; cognitive processes; cognitive science; music psychology; listeners, 31035
threatening faces; facilitated perceptual processing; event related brain potentials; facial expressions, 24708
timesharing; ideomotor compatibility; mutual interference; responses; simultaneous two-choice tasks; stimulus-response relationship, 3361
timesharing; ideomotor compatibility; mutual interference; responses; simultaneous two-choice tasks; stimulus-response relationship, 371
Tower of London; neuroimaging; problem structure; planning; structural properties; cognitive processes, 33804
training-dependent reorganization; digit representations; string players; somatosensory evoked magnetic fields; somatosensory cortex, 27816
Transcendental Meditation; prisoners; psychosocial factors; cognitive risk factors; criminal behavior, 8897
transcranial magnetic stimulation; motor evoked potential; muscle activation; cognitive processes; motor processes; cortico-spinal excitability, 7037
trauma films; intrusive memories; concurrent tasks; dual representation; mood; dissociation; heart rate; visuospatial pattern tapping; encoding conditions; verbal distraction; recognition measures, 12642
trauma; meaning making; cognitive processes; adaptation; traumatic experiences, 25385
trust; child information acquisition; reliable informant; testimony; acquired beliefs, 34314
TV program difficulty; preferences; television viewing; toddlers attention; moderate-discrepancy hypothesis; infants attention; TV entertainment; auditory features; visual features; content features, 24478
two-digit numbers; compatibility effect; number comparison; number magnitude; mental number line; unit-decade-compatibility; decade decision; unit comparison decision; vertical perceptual arrangement, 24458
unconscious priming; color priming; form priming; cortical information processing hierarchy, 33707
understanding; inversion concepts; addition; subtraction; multiplication; division; math problems, 6590
vascular lesions; basal ganglia dysfunction; interstimulus interval; attentional engagement; semantic priming task; semantic processing; critical conditions; lexical processing; prime-target pairs, 4981
vector knowledge acquisition; sense of direction; cognition, 9670
ventromedial prefrontal cortex; emotional information; cognitive information; cognitive-affective integration; nucleus accumbens; hippocampus; amygdala; neurocomputational model; decision making, 9896
verbal aggression; executive functioning; Taylor aggression paradigm; winning & losing; adolescent males & females, 4144
verbal fluency; semantic category fluency; initial letter fluency; automatic controlled processing; attention deficit hyperactivity disorder, 32000
verbal fluency; word retrieval; semantics; lexical processes; semantic organization; brain lesions; cognitive processes; frontal lobe; priming, 9681
verbal intelligence; performance intelligence; reasoning ability; cognitive functioning, 33825
verbal mediation; cognitive process; verbal nature; canonical colors; color specific objects, 15952
verbal memory impairment; thalamic infarct; cognitive processing, 13997
verbal short-term memory; visuospatial working memory; fluid intelligence; working memory; latent-variable approach; spatial reasoning; domain-specific storage; executive-attention, 21378
veridicality; nonconventional cognitions; transpersonal psychology; measurement, 27428
violation of expectancy; looking time; rhesus macaques; representation of number, 6679
visual attention; cortical anatomy; neural information processing; neural network model; cortical feedback, 18417
visual attention; feature integration; stimulus features; cognitive processes, 24363
visual discrimination; compound processing; configural processing; elemental processing; honeybees; individual experience; learning, 3476
visual field; shift distance; attentional shifting; attentional orienting; visual spatial attention; reaction time; planning, 24678
visual function; aphasia; neurogenic language disorders; visual information processing; visual acuity; colour perception; visual fields; visual attention; oculomotor functions, 29123
visual information processing; craving; evoked potentials; heroin dependence, 3895
visual inspection time; Parkinson's disease; cognitive processing; processing deficits, 20002
visual motion processing deficits; developmental dyslexia; reading skills, 25980
visual motion; visual flow speed; mental task performance; eye movements; heart rate; multitasking; postural control; cognitive processing; disorientation; standing posture; concurrent cognitive tasks, 15173
visual perception; Gestalt psychology, 9587
visual scanpath evidence; facial expressions; social phobia; hypervigilance; eye contact avoidance; threat; information processing, 31806
visual search performance; target saliency; task difficulty; ageing; Alzheimer's disease; attention shifting; target processing, 11300
visual search; executive functions; executive processes; working memory, 33794
visual selective attention; conceptual negative priming; cognitive development; childhood development; age differences, 13201
visual spatial processing; childhood stroke; asymmetry; visual-spatial deficits; brain injury; visual field, 19936
visuospatial cognition; brain representation; object-centered space; monkeys; humans; neural maps; neurons; hemispatial neglect; visual abilities, 8287
visuospatial mental rotation; motion imagery; visual imagery; oculomotor performance; cognitive processes; eye movements; problem solving; creative thinking, 7124
vocational psychology; culture; career psychology; constructivism; social constructionism; knowledge; meaning; social processes; dominant discourse; historical construction of knowledge, 27038
voluntary action; parietal cortex; human behavior; willed action; brain activity; brain damage, 16824
web-site structure; human cognitive functions; cognitive performance; surface design; structure design; website impression, 17939
Weber's law; interval timing; scalar property; chronometric counting; response distribution; stimulus duration, 21254
white matter hyperintensities; blood pressure; episodic memory; cognitive tasks; aging, 3834
women; sex; hostility; power; suspicion; sexually aggressive men; cognitive associations; mental representations; sequential priming; lexical decisions; priming paradigm; female images, 19141
word learning; dogs; language acquisition; fast mapping; learning; memory, 27619
word processing; word recognition; neural responses; neural systems; morphological complexity; syntactic class, 24666
word processor; writing process; writing environment; writing profiles; pausing patterns; revision patterns; experienced writers; writing mode, 7341
word repetition; discourse context; lexical repetition; language processing; coreferential processing; repeated names; event-related potentials, 24710
working memory process; dopamine receptor agonist; agroclavin; visual recognition; delayed visual differentiation; delayed spatial selection tasks; cognitive processes; monkeys; long-term memory, 9829
working memory; conscious experience; consciousness; Global Workspace theory; cognitive architecture; Intelligent Distribution Agent model, 21361
working memory; mental arithmetic; cognitive processes; learning strategies; phonological disruption; visuospatial interference; age differences; children, 18930
working memory; phonological processing; developmental reading disabilities; cognitive processes; visuospatial processing, 28932
working memory; writing processes; dual-task technique; memory slave systems; short-term storage; working memory processing; attention; executive function; resource allocation; parallel coordination, 15331
working-memory system; central executive; phonological loop; maintenance processes; inhibition processes; information relevancy; verbal information; frontal lobe; brain damage; Alzheimer's dementia, 8218
workplace safety performance; conscientiousness; cognitive failure; workplace accidents; working conditions; safety behavior; individual differences, 2956
worry; intolerance of uncertainty; positive beliefs about worry; negative problem orientation; cognitive avoidance; cognitive model; adolescents, 22036
worst performance rule; multitrial cognitive tasks; general intelligence, 3351
younger children; older children; adults; serial learning; internal representation; serial list, 13183

Cognitive Processes [See Also Associative Processes, Chunking, Classification (Cognitive Process), Cognitive Appraisal, Cognitive Discrimination, Cognitive Generalization, Cognitive Maps, Cognitive Mediation, Comprehension, Concentration, Concept Formation, Decision Making, Fantasy, Ideation, Imagination, Intuition, Mental Rotation, Metacognition, Naming, Problem Solving, Rumination (Cognitive Process), Schema, Social Cognition, Thinking, Thought Suppression]—Books

The cognitive neuroscience of music, 7013
Everyday mind reading: Understanding what other people think and feel, 3440
Experiences of depression: Theoretical, clinical, and research perspectives, 10773
The geography of thought: How Asians and Westerners think differently ... and why, 4219
International review of research in mental retardation, Vol. 26, 13822
Machine consciousness, 17985
Perceptual organization in vision: Behavioral and neural perspectives, 15226
The physiology of cognitive processes, 3738
Visual information processing, 21299

Cognitive Processes [See Also Associative Processes, Chunking, Classification (Cognitive Process), Cognitive Appraisal, Cognitive Discrimination, Cognitive Generalization, Cognitive Maps, Cognitive Mediation, Comprehension, Concentration, Concept Formation, Decision Making, Fantasy, Ideation, Imagination, Intuition, Mental Rotation, Metacognition, Naming, Problem Solving, Rumination (Cognitive Process), Schema, Social Cognition, Thinking, Thought Suppression]—Chapters

Adaptationism and psychological explanation, 21070
Affective influences on social judgments and decisions: Implicit and explicit processes, 4414
Asymmetries in affect-laden information processing, 10558
Attention-deficit/hyperactivity disorder and self-regulation: Taking an evolutionary perspective on executive functioning, 13806
Attitudinal process versus content: The role of information processing biases in social judgment and behavior, 4429
Axioms and tests for the presence of minimal consciousness in agents, 17987
Biases in social judgment: Design flaws or design features?, 4419
Central auditory processing, 4823
Cognitive functioning in deaf adults and children, 23072
Cognitive maps in rats and men, 35
The cognitive organization and use of general knowledge, 9699
Cognitive processes in strategic management: Some emerging trends and future directions, 6006
Comparison between langauge and music, 7015
Consciousness in meme machines, 17988
Construal level theory of intertemporal judgment and decision, 15317
Constructive cognition, personal goals, and the social embedding of personality, 16275
Cross-cultural psychology, intelligence, and cognitive processes, 16144
Dissociation and modularity: Reflections on language and mind, 15998
Diversity and creativity in work groups: A dynamic perspective on the affective and cognitive processes that link diversity and performance, 2947
Do Martians see red?, 403
Enhancing ideational creativity in groups: Lessons from research on brainstorming, 1200
Evolutionary psychology and artificial life, 21071
Functional neuro-imaging and models of normal brain function, 15617
A history of psychological theory and research in mental retardation since World War II, 13825
L. S. Vygotsky and A. R. Luria: Foundations of neuropsychology, 3122
The link between child sexual abuse and risky sexual behavior: The role of dissociative tendencies, information-processing effects, and consensual sex decision mechanisms, 1641
The logic of passion, 16321
Modules, brain parts, and evolutionary psychology, 21065
The neurocognitive bases of developmental reading disorders, 16547
A new approach to the cognitive neuroscience of melody, 7022

Overcoming the ironic rebound: Effective and ineffective strategies for stereotype suppression, 4425
Parallel distributed processing: Explorations in the microstructure of cognition, 3084
Parallel processing in the bisected brain: Implications for callosal function, 15634
Parallel systems for processing language: Hemispheric complementarity in the normal brain, 15612
Perceptual organization and grouping, 15237
Persuasive effects of presence in immersive virtual environments, 3037
Private speech: Cornerstone of Vygotsky's theory of the development of higher psychological processes, 4121
Psychological tools and mediated learning, 2804
The quest for universals in temporal processing in music, 6545
Reflexive and reflective judgment processes: A social cognitive neuroscience approach, 3748
Remembering: A study in experimental and social psychology, 440
A review of mentation in REM and NREM sleep: 'Covert'' REM sleep as a possible reconciliation of two opposing models, 18431
The role of homotopic and heterotopic callosal connections in humans, 15613
The roots of musical variation in perceptual similarity and invariance, 6546
Routes to posttraumatic growth through cognitive processing, 19566
The search for relational learning capacity in *Cebus Apella*: **A programmed 'educational" approach, 21443**
The social identity of peacekeeping, 2999
Social syntax: The if-then structure of social problem solving, 6778
Some cognitive tools of literacy, 2800
Toward a developmental evolutionary psychology: Genes, development, and the evolution of human cognitive architecture, 21072
Unconscious processing in neglect, 21259
Unified theory, 10476
Using state of awareness judgements to improve eyewitness confidence-accuracy judgements, 22055
V: Internal sources: Visual images, and inner speech, 3382
VIII: Unconscious and 'fringe'' processes, 3433

Cognitive Processing Speed—Serials

Adjusting-Paced Serial Addition Test; temporal threshold; response correctness interval; information processing speed; working memory; problem difficulty; neuropsychological tests; presentation mode, 9452
adult cognition; processing speed; working memory; episodic memory; cognitive change; aging; individual differences; age-related cognitive function changes, 7463
adult memory; test-retest reliability; inter-rater reliability; information processing; multiple sclerosis; MS; Adult Memory and Information Processing Battery; AMIPB, 196
age-related cognitive slowing; spontaneous motor tempo; processing speed; internal timing mechanism; working memory, 30655
chess skill; chess performance; speed effects, 27123
choice-reaction times; positive facial expressions; negative facial expressions; cognitive processes; motor processes, 3850
cognition; infancy; attention; memory; look duration; reaction time; recognition, 31180
cognitive abilities; mixed effects models; modeling age; retest processes; longitudinal studies; age-related effects; memory; spatial ability; speed, 25094
cognitive decline; information processing speed; cognitive performance; serum IGF-1; elderly; insulin-like growth factor, 8235
cognitive functioning; unmedicated adult outpatients; effort hypothesis; cognitive speed hypothesis; cognitive dysfunctioning; allergic rhinitis; memory retrieval; effort; memory; major depression, 7821
cognitive speed; attention-deficit/hyperactivity disorder; learning disabilities; sluggish cognitive tempo; hyperactivity; impulsivity; symptoms, 35083
control of time course of cognition; tempo naming task; lexical processing; cognitive processing speed; lexical errors; time pressure; task complexity, 33805
diagnosis; sluggish cognitive tempo items; attention-deficit with hyperactivity disorder; gender differences; inattentive factors; impulsive factors; sluggish factors, 28919
diffuse axonal injury group; information processing speed; stroop neuropsychological screening test; traumatic brain injury, 29111
drug interactions; reaction time; event-related potentials; temazepam; alcohol; P300; attention; processing speed, 3568
event related potentials; verb gap identification; verb gap resolution; gapping; time course; sentence processing; sentence comprehension, 24734
expertise; attention; speed; accuracy; sensorimotor skills execution, 27479
fear-relevant stimuli; preferential processing; identification speed; fear module; fear processing; visual search task; set size effect, 33662
Flynn effect; inspection time; Peabody Picture Vocabulary Test; processing speed; intelligence, 9671
functional brain mapping; brain regions; functional segregation; dynamic scenes viewing; information processing, 27711
information processing speed; chronic fatigue syndrome; working memory deficits; psychiatric comorbidity; cognitive impairment, 11143
inhibition; cognitive performance; mathematical models; age differences; cognitive functioning; irrelevant thoughts; cognitive processing speed, 24939
locus of age effects; complex span tasks; working memory functions; processing speed; storage capacity; young adults; older adults, 926
Longitudinal Aaging Study Amsterdam; interindividual differences; cognitive aging; individual differences; developmental changes; cognitive performance; long-term performance, 34399
mental attention; gifted children; mainstream children; mental attention capacity; cognitive inhibition; speed of processing, 18919
mixed design; blocked design; stimulas evaluation; underaddditive effects; reaction time; noncontingent stages; stimulus, 6598
multicollinearity; cognitive data; independent variables; picturing data; age acquisition; visual familiarity; naming speed, 6587
naming speed deficits; reading disabilities; double-deficit hypothesis; phonological processing, 35114
number words; bilingualism; number translation; cognitive processing speed; semantic mediation; contextual association; Dutch; French, 33787
outcomes of aggressive behavior; processing of sentences; processing times; positive and negative consequences; aggressive reactions; provocation; mood; trait aggressiveness, 31556
Parkinson's disease; brain activity; cognitive resources; grammar; information processing speed; IPS; working memory; WM; patients, 16766
performance effect; processing speed; performance ratings; judgments; target performance; halo effects; context effect, 27046
personality; information processing speed; intelligent performance; independent influences; inspection time; arousal; Raven's matrices, 9632
phonological processing; syntactic awareness; naming speed; reading; spelling; first grade children, 7396
prenatal alcohol exposure; neurophysiological encoding; environmental events; attentional regulation; processing speed, 34159
preview eccentricity; lexical decision task; eye movements; lexical decision time; nonwords; words, 30667
processing speed; aging adults; psychoacoustics; speech perception; cognitive processing; comprehension; age-related differences; auditory temporal processing; noise, 7474
processing speed; cognitive ability; aging; genetic variance; fluid ability, 34374
processing speed; intellectual assessment instruments; constructs; interpretative utility, 30361
processing time hypothesis; missing-letter effect; familiar words; word identification; letter identification; target letters; visual presentation, 3374
reading comprehension; metacognitive knowledge; developmental perspective; linguistic knowledge; speed components; processing speed; reading skills; first language; second language reading; components, 13214
reading difficulties; early intervention; kindergarten; prediction; reading skills; phonological awareness; letter sound knowledge; naming speed; letter name knowledge, 23889
relational complexity; perceptual comparisons; cognitive comparisons; response time; levels of abstraction; relational working memory, 24444
retest practice; speed ability relationship; practice sessions; general intelligence; reaction time; elementary cognitive tasks; skill acquisition ability; memory; attention; psychometric intelligence, 15298
schizophrenia; schizophreniform disorder; schizoaffective disorder; cognitive processing speed; long term memory deficit; central executive function, 1477
semantic hyperpriming; normal aging; lexical decision; cognitive slowing; attention, 1034
smell identification deficits; olfaction; schizophrenia; Trail Making Test; cognitive function; cognitive processing speed, 34871
speed-accuracy trade-off locus; reaction time; lateral readiness potential; speeded decision; Erikson flanker task; line discrimination; lexical decision; response deadline; adaptive tracking; stress, 21343
speed-accuracy tradeoff; recognition accuracy; recognition memory; incidental learning conditions; recollection process, 27531
speed; memory ability; age factor; scores; performance; WAIS-III Digit Symbol; WMS-III; Wechsler Adult Intelligence Scale; Wechsler Memory Scale; adult lifespan; age-related decline, 33579
stimulus-response translation; manual modality; vocal modality; age-related slowing; working memory functioning, 30710
subclinical depression; generative inference making; aging; generative reasoning; working memory; linear order reasoning; older adults; younger adults; processing limitations; study time restriction, 21347
syntactic processing; age; speed of processing; inferior frontal; regional cerebral blood flow; rCBF; Positron emission tomography; PET; sentence comprehension; parietal lobe, 15488
systemic lupus erythematosus; working memory impairments; processing speed deficits; multiple sclerosis, 11171
task difficulty; presentation mode; arithmetic ability; computer presentation; response latency; response accuracy; auditory information processing; modality of presentation; interference effects, 18162
training conditions; retention interval; artificial grammar; conscious mental model; memories; learning, 30709
visual processing; acquisition speed; global feature classification; global information; local feature classification; humans; pigeons; visual stimuli, 24544
visual processing; natural scenes; rapid categorization; image recognition; event related potentials; bottom up and top down processing, 21569
Wechsler Adult Intelligence Scale-III Processing Speed Index scores; traumatic brain injury; working memory; motor speed; perceptual processing, 8263
Wechsler Adult Intelligence Scale-Revised; eye movement measuring equipment; substitution tests; Digit Symbol Test; test performance; specificity; psychomotor speed; cognition, 12509
Wechsler Adult Intelligence Scale; index scores comparison; Type I error rates; Working Memory Index; Processing Speed Index, 33521
word length effect; luminance increment paradigm; printed word perception; word recognition; developmental pattern; phonological length; word naming; on-line word identification; speed naming, 28063
working memory; aging; self-ordered pointing test; age differences; processing speed; monitoring, 28066
working memory; perceptual speed mediation; age-associated changes; cognition; education; intellectual engagement, 10173

Cognitive Psychology—Serials

affective state; information processing style; means-end theory; consumers attitudes; cognitive psychology; decision making; products, 36452
Akaike information criteria; nonnested models; Akaike weights; cognitive psychology, 21227
cognitive anxiety; somatic anxiety; athletic performance; beach volleyball; self-confidence, 36433
cognitive neuropsychology; special issue; Eleanor Saffran, 18599
cognitive psychology, 27435
cognitive psychology; clinical psychology; psychotherapy; anxiety disorders; cognitive processes, 20146
cognitive psychology; contingency based behavior analysis; philosophy; theory; intraorganismic structure; environment organism interaction, 6219
cognitive psychology; medical faculty; gender schema; recommendation letters, 23733
cognitive psychology; research journals; periodicals; interest topics, 13138
cognitive psychology; social environment; biomedical psychiatry; eliminative materialism; ethics; moral philosophy; moral psychology; neuropsychology; mental behavior; brain behavior; reductionism, 18838
cognitive psychology; terrorist attacks; stressful everyday events; memory, 12656
cognitive psychology; universal laws; physics, 21062
cognitive revolution; clinical psychology; cognitive psychology; psychotherapy, 20176
cognitive science agents; embodiment; situatedness; robotics; internal representation schemas; animal intelligent behaviour; embeddedness; self awareness; virtual animals; virtual world, 12382
comparative perspective; comparative psychology; cognitive perspective; behavioral phenomena; cognitive psychology; metacognition, 3460
cooperative learning activities; cognitive psychology course; group activities; educational program evaluation, 30021
dual process account; human reasoning; evolution; non human species; system dichotomy, 27521
human development; symbol-minded; symbol systems; symbolic media; symbolic development, 28039

human experimental psychology; quantitative analysis of behavior; cognitive psychology; bridging gaps; categorization; decision-making; SQAB 2003 conference, 24361
human mind; information-processing; cognitive psychology; cognitive approach; clinical psychology, 18055
individualization; process-oriented learning; electronic self access; cognitive psychology; second language learning; computer assisted instruction; cognitive processes; individual preferences, 36102
information processing limitations; temporal discrimination; cognitive psychology; temporal span; Weber fraction, 21335
information systems; human computer interaction; undergraduate programs; cognitive psychology; curriculum, 20809
linguistic meaning; ontological subjectivity; cognitive psychology; linguistic forms; mental life; meaning; pragmatics; semantics; semiotics; structuralism; epistemic objectivity; intentionality, 18857
logicomathematic structural methodology; contemporary psychology; semantic information; experimental methods; cognitive processes; experimental design; cognitive science; epistemological issues, 18061
mental imagery; neuroimaging; scientific psychology; cognitive science; comprehension, 30843
mental models theory; relevance theory; reasoning; peoples performance; cognitive psychology, 18345
multidisciplinary creativity; cognitive-historical case study approach; Herbert A. Simon; cognitive style, 362
psychoanalysis; neuroscience; cognitive psychology, 32417
self report instruments; task performance; cognitive psychology; models; methods; questionnaire design, 21238
self-validating presentation; response timing; cognitive paradigms; cognitive psychology; software; computer-based paradigms, 30684
social situations; moral reasoning; moral emotions; mental representations; emotional reactions; mental faculties; cognitive theory; modular system, 9779
survey measurement; survey errors; cognitive aspects; statistical model; survey methodology; social scientific model, 12569

Cognitive Psychology—Books

Advances in psychology research, Vol. 14, 3113
Perspectivism in social psychology: The yin and yang of scientific progress, 10475

Cognitive Psychology—Chapters

Cognitive psychology, 402
The missing subject of mind: Toward an inner reformation of cognitive science, 15314
The resting parrot, the dessert stomach, and other perfectly defensible theories, 9698

Cognitive Rehabilitation—Serials

in-house' alphanumeric paging system; prospective activity impairments; traumatic brain injury; therapeutic applications and intervention; assistive technology for cognition, 29760
assessment; treatment; mild traumatic brain injury; mTBI; cognitive rehabilitation; violence victims; head injuries; psychotherapists; neuropsychology; interstitial cystitis; biofeedback; headaches, 1902
brain injury; children; neurodevelopment; coping behavior; parent child relationship; intervention, 13936
brain injury; computer-assisted training; memory retraining programmes; amnesia, 32189
cholinergic drugs; cognitive training; Alzheimer's disease; dementia; education level; drug treatment; donepezil; affective states; interdisciplinary treatment, 32516
cognitive disabilities; powered wheelchair; preschool children; wakefulness; alertness; limb use; training, 17423
Cognitive Log; Cog-Log; Orientation Log; O-Log; traumatic brain injury; TBI; attention; memory; executive functioning; visuospatial ability, 18159
cognitive recovery; emotional adjustment; encephalomyelopathy; dysarthria; psychotherapeutic intervention; persistent vegetative state, 14457
cognitive rehabilitation; cognitive science; brain injury, 32756
cognitive rehabilitation; schizophrenia; rehabilitation approach; training duration; task performance, 5197
cognitive remediation training; cognitive deficits; schizophrenia; functional outcomes; work therapy; memory; computerized training, 16432
cognitive-motor interference; CMI; stroke patients rehabilitation; brain injury; cognitive performance; dual-task gait decrement, 14456
diagnosis; rehabilitation; acquired deep dyslexia; stroke; cognitive models; reading: lexical route; priming paradigm; word picture associations, 8887
early-stage Alzheimer's; awareness of difficulties; cognitive rehabilitation outcomes; awareness; mood; behavior; executive function; psychological factors; prospective study; behavior problems, 19959
fMRI; cognitive rehabilitation therapy; severe traumatic brain injury; neuropsychological testing, 32312
implicit learning; memory rehabilitation; errorless learning; vanishing cues; treatment effects; amnesic patients, 5665
individualized treatment protocol; pretrial forensic inpatients; patients competency restoration; competency; deficit focused remediation; legal rights education, 8405
individualized treatment protocol; pretrial forensic inpatients; patients competency restoration; competency; deficit focused remediation; legal rights education, 8422
learning trials; multiple sclerosis; repetition effect; recall ability; cognitive rehabilitation, 23602
lexical retrieval problems; anomic aphasia; phonological cueing treatment; semantic cueing treatment; words, 17475
N140 component; attentional training; stroke; training effect; somatosensory event related potentials; patients; middle cerebral artery area; spatial attention, 22940
professional views; right hemisphere brain damage; service referral; deficit patterns; speech and language pathologists; neurologists; neuropsychologists; occupational therapists, 16737
schizophrenia patients; memory tasks; cognitive remediation; reaction time task; cognitive performance; enhancement therapy, 29280
schizophrenia; neuropsychology; cognitive training; neurocognitive impairments; computerized vs noncomputerized interventions, 2039
sexually intrusive behaviour; traumatic brain injury; cognitive rehabilitation, 29096
social functioning; executive function; cognitive remediation therapy; program; functional outcome; schizophrenia; symptom change, 23172
visuospatial memory; cognitive rehabilitation; visual information processing; prognostic variables; schizoaffective disorders; psychiatric disability; schizophrenia, 17420

Cognitive Rehabilitation—Chapters

Cognitive routes to the rehabilitation of unilateral neglect, 23607

Cognitive Restructuring—Serials

attention training; anxiety; psychotherapeutic techniques; cognitive behavior therapy; vulnerability factors; mood improvement, 35438
cognitive restructuring intervention; psychosocial interventions; chronic pain treatment; disabled persons, 32218
post-apartheid; work restructuring; South Africa; democracy; liberalization; racial equity; pressure competence; managerial strategies, 23954
prolonged exposure; imagery-based cognitive restructuring component; industrial accident victims; post traumatic stress disorder; cognitive-behavioral analysis; imagery rescripting & reprecessing, 20180
stress-management interventions; female athletes; muscle relaxation; cognitive restructuring; adaptive coping strategies, 35678

Cognitive Science—Serials

category learning; cognitive neuroscience; sensory neocortex; perceptual representation; lateral prefrontal structures; anterior prefrontal structures; neostriatum; category exemplar, 12851
Chinese room argument; artificial intelligence; computationalism; cognitive science; essentialism; functionalism; indeterminacy; philosophy of mind; semantics, 12386
cognitive neuroscience; cognitive functioning; language processing; face recognition; attention; language; memory; perception, 12904
cognitive neuroscience; cognitive sciences; perception; decision-making; attention; language; action, 15303
cognitive neuroscience; Michael S. Gazzaniga, 12770
cognitive neuroscience; reading; brain lesions; neuroimaging techniques; brain; reading disorders, 27514
cognitive rehabilitation; cognitive science; brain injury, 32756
cognitive science agents; embodiment; situatedness; robotics; internal representation schemas; animal intelligent behaviour; embeddedness; self awareness; virtual animals; virtual world, 12382
conceptual representation; different perspectives, 3355
epigenetic robotics; developmental psychology; cognitive science, 17999
information encoding; neural ensembles; decoding algorithm; hippocampal neuron spiking activity; neurons; foraging rats; stochastic state-space model, 21539
John Bissell Carroll; factor analytic studies; psychometric research; quantitatitive cognitive science, 11993
logic; semantic theory; cognitive science; conditional reasoning, 27520
logicomathematic structural methodology; contemporary psychology; semantic information; experimental methods; cognitive processes; experimental design; cognitive science; epistemological issues, 18061
special sciences; multiple realizability argument; psychophysical reductionism; mind-body problem; physicalism, 24366
Spinoza; affective neuroscience; emotions; ethical naturalism; cognitive science, 18822
training; cognitive sequences; syntactic comprehension; agrammatic aphasics; aphasic patients; agrammatism, 13955
visual recognition; visual pathway; cognitive neurology; neural system; neuroimaging; ventral occipito-temporal regions, 15204

Cognitive Science—Books

The mind and its stories: Narrative universals and human emotion, 4004
The parallel brain: The cognitive neuroscience of the corpus callosum, 15607

Cognitive Science—Chapters

Expert systems, 17994
Explaining consciousness at multiple levels, 3439
Toward a social psychology of person judgments: Implications for person perception accuracy and self-knowledge, 4416

Cognitive Style [See Also Cognitive Complexity, Conceptual Tempo, Field Dependence, Impulsiveness, Reflectiveness]—Serials

academic performance and achievement; hierarchical thinking style; judicial thinking style; monarchic thinking style, 36176
affective state; information processing style; means-end theory; consumers attitudes; cognitive psychology; decision making; products, 36452
Alexithymia; Aspergers syndrome; feelings; emotions; cognitive style, 25454
ambiguity tolerance; psychological mindedness; magical thinking; magical ideation; locus of control; personality variable; cognitive style, 25320
anxiety; cognitive style; Stroop Color-Word Test, 24198
childhood attachment experience; adulthood cognitive vulnerability; state dependence; social desirability hypotheses; mood; depression, 19211
cognitive control; emotion; behavioral activation; individual differences; prefrontal cortex; reward responsiveness; personality psychology, 13477
cognitive strategies; emotion regulation; coping; depressive symptoms; life stress; human sex differences; depression, 10586
cognitive style; attachment style; depression; anxiety; young adults; symptomatology; tripartite model of depression & anxiety; negative affectivity, 19213
cognitive style; bipolar disorder; self esteem; dysfunctional attitudes; personality style; unipolar disorder, 1445
cognitive style; counselor training; readiness level; supervisors role; disposition, 32930
cognitive style; creative leadership; problem solving, 13479
cognitive style; verbal learners; individual differences; visual learners; learning preference; cognitive ability; college students; spatial ability; general achievement, 2791
cognitive styles analysis; cognitive styles; computerized measure; test reliability; test validity, 21122
cognitive vulnerability; attachment; attachment theory; models; anxiety; depression; negative interpersonal experiences; symptoms, 19221
cognitive vulnerability; cognitive style; depression; dimensional structure; categorical structure; taxometric analysis, 13590
computer-based education; computer-aided education; cognitive styles; computer performance; performance effectiveness perception, 26915
constructive thinking; antisocial behavior; drug use; adolescent boys; family history; substance use disorder, 1372
cooperative learning; adult learners; traditional instruction; academic achievement; learning styles; college students; psychology course, 23893
coping; coping dispositions; coping skills; adaptive functioning; stress; context; stressful life circumstances; coping styles, 7689
coping; disposition; context; coping styles; coping responses; stressful encounters; personality; personality traits, 7690
critical thinking dispositions; thinking styles, 12690
culture; creativity; innovation; cross cultural differences; creativity approaches; social structural factors; cultural impact; cognitive style; personality; cultural values, 7713
decision-making style; mental abilities; habit; style; military officers; personality traits, 15301
differential activation hypothesis; cognitive vulnerability; depression relapse; mood-induced cognitive reactivity; risk factors; suicidal behavior; cognitive style, 34771
empathising; systemising; Asperger Syndrome; gender differences, 25759
exploratory factor analysis; Kirton adaption innovation inventory; confirmatory factor analysis; chi-square statistics; construct validity; correlated errors; cognitive style, 12447
field dependence; field independence; complex motor skills; sporting activity; athletes, 33761
gender differences; rational thinking; relative weight; frequency data; positive trends; negative trends; news reports, 4019

handedness; response style; Tower of Hanoi task; response time; novel objects; novel environment; comparative laterality, 34080
high school students; theory of personality types; critical thinking; thinking styles; critical thinking; creative thought; psychological types; perceived competence; theory of mental self-goverment, 20871
immersion vs nonimmersion program, attitudes toward learning French & learning orientation & communication, native English speaking male vs female 14–18 yr old 10th–12th graders, 5849
individual differences; deductive reasoning; intellectual ability; thinking style; logic; syllogisms; indicative selection, 12653
information acquisition strategies; cognitive structure; arithmetic; operators; operands; problem solving, 18361
learning approaches; personality types; student development; style constructs, 30046
learning orientation; adaptability; hotel expatriate manager experience; occupational success; cross-cultural training program, 12277
learning style diversity; teacher education; learning style preferences; teaching styles, 33036
learning styles; individual differences; cognitive style, 30708
learning styles; student success; primary school students, 14657
learning types; learning preferences; learning styles; individual differences; teaching methods, 12699
mate-selection decisions; cognitive styles; decision-making; intuition, 31511
multidisciplinary creativity; cognitive-historical case study approach; Herbert A. Simon; cognitive style, 362
need for cognitive closure; political attitudes; voting; attributional style; person blame dimension; system blame dimension, 31398
online learning; learning style; teaching methods; student attitudes; student satisfaction, 33065
personality; cognitive orientations; social orientations; subjective wellbeing; Chinese students, 28523
personality; learning approaches; academic performance; educational achievement, 26922
personality; trait structure; concrete thinkers; sampling; meaning structure; measurement error; five factor model; word meaning; cultural mechanism; structural differences; personality correlates, 31551
pessimistic explanatory style; rate acceleration; increased anxiety; obtained scores; false feedback; basketball; anxiety; sports achievement, 2973
postnatal depression; defense style; cognitive style; locus of control; stress of motherhood; new mothers, 10753
processing style; framing effects; decision task; cognitive style; decision making; analytic-holistic psychology, 4365
questioning styles; student learning; learning styles, 33159
reconviction prediction; Psychological Inventory of Criminal Thinking Styles; male English prisoners, 14983
Revised Approaches to Studying Inventory; psychometric properties; structure; management education; learning styles research; approach to learning; management undergraduate students, 33592
ruminative responses; distractive responses; dysphoria; history of depression; life satisfaction; depressive symptoms; negative affectivity, 16394
self-report ratings; ratings content; experienced emotion; verbal reports; valence focus; experience focus; individual differences; emotion language; phenomenological experience; cognitive structure, 31555
special reading disabilities; emotional factors; learning problems; achievement behavior; scholastic performance; cognitive skills; cognitive-behavioral intervention program, 35116
sports; anxiety symptom interpretation; cognitive biases; repression; performance expectations; golfers; optimism; pessimism; sport performers; high-anxiety; low-anxiety, 27131
Sternberg-Wagner Thinking Style Inventory; NEO-PI-R; cross-cultural replication; five-factor personality model; personality traits, 30404
suicidal ideation; cognitive bias; hopelessness; perfectionism; major depression; hospitalization, 25775
theory; practice; art education; media education; photography education; phenomenology; learning approaches; college students, 5904
thinking styles; language proficiency; South African students; native language, 7328
thinking styles; preferred teaching styles; university students; effective teachers, 30069
thinking styles; vocational purpose; self-rated abilities, 25307

Cognitive Techniques [See Also Cognitive Restructuring, Cognitive Therapy, Self Instructional Training]—Serials

agenda setting; writing techniques; group focus; cognitive technique; social climate; member involvement; member behavior; group members, 35449
Bertrand Russell; cognitive therapy; psychological problems; painful emotions; emotional problems; cognitive solutions, 16985
chronically abused women; leaving battering situation; cognitive problem-solving intervention model; stages of change; crisis intervention model; independence, 23166
cognitive defusion technique; self-relevant negative thoughts, 20185
cognitive rehabilitation; schizophrenia; rehabilitation approach; training duration; task performance, 5197
diachronic thinking; temporal organization; science education; spatial thinking; thinking skills; geological transformation, 5825
memory skills; illiterates; test artifact; strategy differences; illiteracy; neuropsychological assessment; memory, 15066
Mental Skills Training; Sport; Cognitive-somatic techniques; Ability to self-monitor, 36420
relationship between attentional styles and effective cognitive strategies; effect on performance; associative condition; dissociative condition; attentional style, 36417
schizophrenia; neuropsychology; cognitive training; neurocognitive impairments; computerized vs noncomputerized interventions, 2039
stress management; secondary school teachers; behavioural strategies, 33027
treatment; serial rape; behavioral techniques; cognitive techniques, 5200

Cognitive Therapy—Serials

A. T. Beck; cognitive therapy; A. Ellis; rational emotive behavior therapy; development; philosophy; scientific foundations; client beliefs; guided discovery; cognition; client-therapist relationship, 5203
anomia; self-generation; phonological cues; phonological access; oral reading strategies; naming treatment; chronic nonfluent aphasia; reading therapy; apraxia of speech, 17473
attachment theory; separation anxiety disorder; cognitive-behavioral treatment, 5216
autoerotic asphyxiation; avoidant personality disorder; systematic desensitization; comorbid depression; sexual masochism; asphyxiphilia; hypoxiphilia, 5167
borderline personality disorder; cognitive analytic therapy; individual psychotherapy; staff supervision; day hospitals; therapeutic communities; community mental health centers, 20188
borderline personality disorder; personality disorders; cognitive therapy; psychodynamic therapy; pharmacology; treatment outcome; psychotherapy, 19573
bulimia nervosa; cognitive behavioral group therapy; self help; eating disorders, 23086
bulimia nervosa; cognitive behavioral therapy; clinical significance; treatment outcome, 23170
bulimia nervosa; self help intervention; cognitive-behavioral therapy; eating disorder; CD-ROM, 23087
childhood depression; cognitive behavior therapy; videoconferencing; telehealth; treatment effectiveness, 9244

social phobia; cognitive therapy; individual treatment; group treatment, 2038
social phobia; self perception changes; treatment; cognitive-behavioral therapy; exposure therapy; socially stressful situations, 32275
social phobia; social anxiety disorder; cognitive-behavioral group therapy; exposure group therapy; wait-list control group; cognitive intervention; treatment conditions; cognitive mediation, 29220
therapist competence; cognitive-behavioral therapy, 2628
therapy components; delusions; psychosis; cognitive therapy, 2034
treatment adherence; group cognitive behavioral treatment; chronic insomnia, 5233
treatment developments; cannabis use disorder; cannabis abuse; cannabis dependence; cognitive-behavioral interventions, 26713
treatment strategies; psychosocial intervention; cognitive interventions; attention deficit hyperactivity disorder; adults; structured skill building, 23103
treatment; expressive aprosodia; cognitive interventions; linguistic interventions; imitative interventions, 35904
tryptophan depletion; major depression; cognitive therapy; selective serotonin reuptake inhibitor antidepressants, 23100

Cognitive Therapy—Books

Cognitive therapy with chronic pain patients, 2278
Soothe your nerves: The Black woman's guide to understanding and overcoming anxiety, panic, and fear, 1955

Cognitive Therapy—Chapters

Child-focused cognitive-behavioral therapies, 23173
Facilitating understanding and management of attention-deficit/hyperactivity disorder, 16991
Marital dyads, 2081

Cohabitation—Serials

cohabitation; education level; occupation status; psychiatric outpatients; bullying; peer rejection; psychosocial adjustment, 25511
cohabitation; family instability; marriage; childhood family experiences, 28252
cohabitation; housework; marital intentions; sex differences, 28237
engagement; cohabitation; marital outcomes; interpersonal commitment; couples; couple interaction; marriage; interpersonal commitment; relationship quality; relationship confidence; time points, 25122
household labor; cohabiting couples; household division; marital conflict; divorce; time constraint; Moscow, 28240
lesbian marriage; gay marriage; marriage rights; marriage responsibility; same-sex marriage; cohabitation; theoretical perspectives; political aspects, 28331
marriage; feminism; heterosexual marriage; gender inequality; cohabitation, 31294
married individuals; cohabitating couples; cohabiters who marry; well-being, 22207
mortality; smokers; non-smokers; passive smoking; living together, 25882
older adults; new partner relationships; repartnering; remarriage; consensual unions; cohabitation; living apart together; social networks; kin bonds, 22204
partner-killing; women; cohabiting; marital relationships; age difference, 22705
postdivorce re-partnering; divorce; mother-adolescent relationship; divergent realities; mothers; adolescents, 31360
problematic issues; marriage; newly married couples; premarital education; marital programs; gender differences; parental status; cohabitation status; age differences, 1096
remarriage; unmarried cohabitation; partner relationships; bereavement; divorce; living arrangements, 28259
women; violence risk; common-law unions; cohabitation; Canadian women; cohabiting unions, 31851

Cohesion (Group) [See Group Cohesion]

Cohort Analysis—Serials

alcohol consumption; birth cohort; smoking patterns; Great Britain; age differences; men; women, 4311
clinically abusive relationships; physical abuse; injury treatment; nonclinically abusive relationships; psychopathology; current characteristics; clinical consequences; gender; developmental risks, 19716
educational attainment; educational progress; ethnicity; social class; social background; education authorities, 33131
Medicare; Medicaid; costs; per capita expenditures; schizophrenia; age cohort; depression; dementia; medically ill patients, 5521
mortality; smokers; non-smokers; passive smoking; living together, 25882
spatial modulations; Nicaraguan Sign Language; age cohorts, 11316

Coitus [See Sexual Intercourse (Human)]

Coitus (Animal) [See Animal Mating Behavior]

Cold Effects—Serials

cardiac output; cerebral blood flow; skin blood flow; peripheral vasoconstriction; total peripheral resistance; cerebrovascular resistance; mean arterial pressure; cold face stimulation; diving reflex, 669
cold stress; sympatho-adrenomedullary system; pituitary-adrenocortical axis; rats; isolation; crowding; noradrenaline; adrenocorticotropic hormone; corticosterone; cytosol glucocorticoid receptor, 24752
personality traits; responses to environmental temperature exposure; discomfort rating; Big Five; neuroticism; extraversion, 3849
thermoregulation; schizophrenia; neuroleptic medication; heat stress; cold stress, 28692

Colitis [See Also Ulcerative Colitis]—Serials

postnatal maternal separation; stress responsivity; colitis; corticosterone; acoustic startle responses; dextran sulfate sodium, 21790

Collaboration {See Cooperation}

Collective Behavior [See Also Riots]—Serials

boundaries; nature; tourism, 12328
capacity-building; community development; at risk youth; rural environments; risk assessment; collective efficacy; political changes; community health; action research project, 14410
collective action; community psychology; health psychology; participation; Paulo Freire; social change, 14037
collective action; ethnicity; race; social construct; Hindu nationalism; ethnic studies; racial studies; sociology, 16127
collective action; feminist self-labeling; life experiences; feminist identity development; social identity theory; women-focused collective activities; feminist attitudes; conservatism, 25198
collective action; intergroup relations; environmental activism; efficacy, 19110
collective action; motivations for individual and group enhancement; group identification; relative deprivation, 31516
collective action; prospect theory; economic groups; coalition building; Chile, 31399
collective approach; well-being; group performance; anxiety; chat groups; collective efficacy; task performance; electronic groups, 4379
collective behavior; criminal activity; social structure; social changes; urban areas; gangs, 22708

collective efficacy; individual efficacy; collegiate athletes; self-efficacy; teams, 24044
collective efficacy; perceived motivational climate; self-efficacy; rowing; goal orientation, 20981
collective efficacy; team performance; college football players, 25278
collective efficacy; team performance; women's intercollegiate ice hockey, 36435
collective efforts; public goods game; volunteering; rock-paper-scissors dynamics; cooperation, 13438
collective identity; multidimensionality, 10485
collective identity; negative portrayal; urban residents; success story; Queen Anne Memorial Garden; urban decline; neighborhood revitalization; leisure activity; narratives, 2976
collective orientations; teams; team member; theoretical issues; empirical issues; idiocentrism; allocentrism; individualism; collectivism; team tasks, 19102
collective self-esteem; social self-discrepancy; self standpoints; other standpoints, 19106
collective violence; nonviolent alternatives; nonviolent action; behavioral dynamics, 13280
collective violence; terrorist acts; contemporary science; behavior analysis, 13770
collectivism; group cohesiveness; group performance; individualism; intragroup conflict; culture differences, 4368
collectivism; individualism; Cameroon, 28501
collectivism; organizational commitment; employee performance, 33221
cooperative exchange models; cooperative games; conflict measures; collective decision-making; group conflict, 13442
crowd violence; apartheid; South Africa; psychoanalytic theory; group behavior; sense of self; posttraumatic stress disorder; trauma, 4497
cultural norms; ethnic norms; American individualism; Japanese collectivism; dependece; cross cultural differences, 16139
cultural psychology; culture; race; ethnicity; social groups; power; inequalities; culture; heterogeneity; cooperative relationships; individualism; collectivism; social thought; mind, 28052
culture; cultural heterogeneity; cooperative relationships; individualism; collectivism; social thought; mind, 28231
culture; gender; race; ethnicity; cultural psychology; power; inequality; conflict; human rights; cooperative relationships; individualism, 28048
decision-making process; economic development; regional development agencies; government levels; negotiation; collective decision-making; United Kingdom; Labour policy programme, 13290
divided government; balancing hypothesis; split ticket voting; collective behavior; political elections; public opinion, 13365
dragline attachment; solitary species spiders; aggregation; collective responses; social spiders, 18492

feminist strategies; representing the Other; collective resistance; cultural survival; solidarity; social movement; testomonio; indigenous literary genre; third world; collective experience, 22138
friendship expectation; collectivism; individualism; social structures; intimacy potential, 28387
group decisions; individual decisions; Centipede game; game theory; group behavior, 34595
group dynamics; symbolic-interpretive perspective; group members; symbol usage; individual processes; relational processes; collective processes, 25265
group efficacy; collectivism; group performance; group dynamics; cross cultural differences; self efficacy, 10496
individual differences; cultural variation; cultural orientation; behavior; personal individual-collective primacy; personal individualism-collectivism; nationality; social obligation-based compliance, 28449
individualism; collectivism; perceived task interdependence; teamwork attitudes; Irish blue-collar employees; employee attitudes, 36349
individualism; collectivism; self esteem; life satisfaction; feelings of mastery; Turkish university students; Turkish academicians; cross cultural differences; cultural experience, 16302
individualism; collectivism; social capital; cultural differences, 7526
industrial conflict; collective bargaining; industrial relations; collective decisionmaking; cooperative strategy; substantive incentives; trade unions; strikes, 14775
information management; pluralistic ignorance; selective disclosure; normative consensus; information bias; egocentric bias; social networks; existing norms, 1215
learning processes; work organization; metal industry company; experiences; knowledge sharing, 36389
metatheory; social identity research; theorists; intergroup behavior; motivation; self-categorization, 25236
moral community; collective action; strategic games; common culture; business firms; common perception; firm functioning, 9115
network theory; small groups; social networks; self-interest; social exchange; collective interest; cognitive theories; homophily, 25272
neural mechanisms; collective intentionality; we-mode process; brain; shared attitudes, 34004
organizational superiors; leaders; collective trust; collective identity; critical incidents; team processes; superior-subordinate relationship; evaluation, 14793
police perceptions; public disorder; crowd conflict; outgroups; policing methods; attributions, 9320
politics; voters; political failures; collective belief logic; rational irrationality, 16181
qualitative comparative analysis; research strategies; variable-oriented research designs; case-oriented research strategies, 12561
qualitative comparative analysis; research strategies; variable-oriented research designs; case-oriented research strategies, 12570
self-categorization theory; crowd violence; social action; social identity; crowd psychology, 31519
social inclusion; hope; collective hope, 34408
social psychology; People Power II; nonviolent protesting; Philippines, 10307
teacher efficacy; goal consensus; organizational coupling; individual efficacy; collective efficacy, 36089
United States Postal Service; USPS; commemorative programs; Celebrate the Century; collective memory; postal stamps; postmodernity; political heterogeneity; iconography; consumer democracy, 3118
vices; self maladies; merged faith; Western culture; eclectic autonomous faith; collective faith; borrowed selves, 22179
voter turnout; collective action outcomes; stochastic learning theory, 22234
voter turnout; collective action outcomes; stochastic learning theory, 22235
women empowerment; women equality; relational characteristics; nurturing; connection; collectivity; interdependence; gender disequilibrium, 28323

Collective Behavior [See Also Riots]—Chapters

Group creativity and collective choice, 1202
The impact of collectivism and situational variations on the motivation to achieve in Singapore, 4151
Political symbols and collective moral action, 16192
Utilitarian and ontological variation in individualism-collectivism, 6070
Working together: Balancing head and heart, 20449

Collective Unconscious [See Also Archetypes]—Serials

end of meaning; birth of man; history of consciousness; unconscious; C.G. Jung's psychology project; logical interiorization, 31644
metaphysics; meaningfulness; myths; Jungian psychology, 30355

College Academic Achievement—Serials

A level grades; intelligence; achievement; ability; physician career; medical students; predictors; undergraduate training; personality traits, 35991
academic performance; overseas study quality; Taiwanese graduate students; english writing skills; engineering degree; loneliness; majoring, 5917
academic performance; university students; educational experience; performance determinants, 17698
academic resilience; Mexican heritage students; academic success; personal motivation; family support; college culture; poverty, 23871
college GPA; college retention; commuter college; false attributions; high school grade inflation, 5936
college outcomes; psychosocial factors; study skill factors; academic self-efficacy; achievement motivation; academic goals; grade point average; institutional commitment; contextual influences, 14667
college students; foreign language; attention-deficit/hyperactivity disorder; academic performance, 19774
introductory psychology; introductory courses; cumulative learning; students; course performance; psychology courses; educational value, 17708
lecturer feedback; early childhood students; academic achievement; learning tool; essays; preservice learners, 36096
motivational conflict; college freshman; college counselors; academic performance, 14705
parenting styles; college academic achievement; GPA, 14664
personality traits; motivation; goal specific cognitions; Five Factor model; self determination theory; planned behavior theory; degree performance; undergraduate students, 12158
racial stereotypes; gender; African Americans; predominantly White colleges; predominantly Black colleges; academic self-concept; student performance; major, 30051
reflection; education degree; career achievements; work assessment; business undergraduates; story telling, 23809
school attendance; test scores; course success; college students, 2780
school leavers; mature age students; academic performance; learning strategies; academic achievement, 20841
self-efficacy; self-esteem; academic performance; postgraduate students, 26928
theory-based university admissions; creative skills; college performance; ethnic groups; admissions testing, 33597

College Athletes—Serials

affect related performance zones; performance; collegiate tennis players, 20975
African American male students; intercollegiate atheletics; academic success; student athletes; low graduation rates; student service programs, 17701
amateur boxing; cognitive impairment; cognitive function; head injury, 32194
athletes attributions; team performances; male athletes; female athletes; college athletes; self esteem; internality; externality; gender differences, 24045
athletic coaches; preferred leadership; leadership behavior; gender; competition level; task dependence; task variability; student athlete preferences; interactions, 17907
athletic trainers; health services; student athlete; university health service; intercollegiate athletics; medical record keeping; primary care physician; medical care; training services, 23949
Black female athletes; university students; panopticonics; academic success; athletic success; elite collegiate athletic program; surveillance; control; discipline, 8998
collective efficacy; individual efficacy; collegiate athletes; self-efficacy; teams, 24044
construct validity; Head Injury Scale; collegiate athletes; concussion symptoms; self report, 6346
doping; recreational drug use; French elite student-athletes; cigarette; alcohol use; cannabis; attitudes, 25234
drinking motives; alcohol consumption; alcohol-related consequences; intercollegiate athletes, 13406
gender; ethnicity; self-esteem; disordered eating; college athletes, 31575
National Collegiate Athletic Association News; intercollegiate athletics; gender representation; female athletes; gender equality; media coverage, 24892
psychiatric symptoms; student athletes; psychopathology, 13562
religious faith; intercollegiate athletes; non-atheletes, 34462
sport; femininity; masculinity; intercollegiate athletics; intercollegiate media guide covers; gender differentiation, 24037
stress; coping strategies; female athletes; university swimmers; university transition, 20782

College Degrees [See Educational Degrees]

College Dropouts—Serials

family therapy; business couple family; university dropout; despair; reluctance; family dynamics; parents domination; boundaries problems; symbiotic survival; family member communication, 14101
optimism; attributional retraining; test anxiety; academic achievement; voluntary course withdrawal; academic risk factor, 33137

College Education [See Undergraduate Education]

College Entrance Examination Board Scholastic Aptitude Test—Serials

college admissions; standardized tests; primary grades; gender differences; SAT; ACT; PSAT, 21187
individual differences; school characteristics; academic achievement; extracurricular academic activities; socioeconomic background; learning ability; Scholastic Aptitude Test scores, 33593
intellectual growth effects, repeated test taking, SweSAT; Swedish Scholastic Aptitude Test, 30488
stereotype threat; cognitive test scores; outcome criteria; minority groups; women; SAT grades; performance relationships; test score differences; data sets, 14999
talent search; out-of-level testing; student participation; experience gain; parent perceptions; gifted peers; student perceptions; 7th graders; 8th graders, 17762

College Environment—Serials

academic resilience; Mexican heritage students; academic success; personal motivation; family support; college culture; poverty, 23871
campus climate; student investigators; gays; lesbians; bisexuals; transgendered; self-perception; self-awareness; sexual identity, 36180
campus environments; minority students; college campuses; racial tension; diverse school; interracial friendships; ethnic lines, 23911
college campus; psychiatric medications; mentally ill; college students, 11473
college students; alcohol consumption; limited Greek university systems; addictions counselors, 1157
college students; drinking-related arrests; college towns; policies; high-risk drinking behaviors; gender; extra curricular activities; arrest prevalence; student characteristics, 32790
electronic voting system; lecture interactivity, 26891
gay identity development; college environment; self identity; college students; sexual identity, 31435
gender differences; higher education; bullying; organizational structure, 30065
learning environment; postgraduate students; student sojourners; Transformer students; Strategist students; Conserver students; skill learning; knowledge enhancement; student growth; characteristics, 12023
musculoskeletal injuries; university staff; faculty; office environment; ergonomics; risk factors; work-related musculoskeletal disorders; WRMDs; university setting; occupational health, 33311
parental support; psychological adjustment; sense of belonging; hostile campus racial climate; drug use; binge drinking; ethnic group differences; college freshmen; African Americans; Whites, 26965
psychological barriers; matriculation; African Americans; college students; White institutions, 2702
residential college students; homesickness; place attachment; home; residential life; self-esteem; ego identity; internal locus of control; social support; visits home; distance from home; transition, 12185
school spirit; colleges; universities; college environment; college students; student attitudes; measurement; data collection, 17738
social norms; drinking levels; social marketing; alcohol consumption; college environment; college students perceptions, 34584
universities; challenges; self-image; external image; self-respecting university, 23765

College Environment—Chapters

Everything I ever needed to know I learned in Seminar 101: Organizing the first year for dynamic interactive learning, 2764
Teaching technology in an online, distance education environment, 2766

College Graduates—Serials

career preparation; graduating college seniors; US colleges; intellectual growth; career development; minority graduates; college seniors, 17706
college graduate experiences; first year employment; corporate environment, 36353
college graduates experience; employment first year; college recruitment; graduates socialization; organizations, 36348
educational achievements; experimental school; school effectiveness; individual differences; graduates, 33143
employment success; job satisfaction; graduates; program evaluation; fisheries management, 33165

graduate employability survey; career pathways; undergraduates; career development; successful employment, 36065
higher education; graduates; work experience paradox, 12232
network resources; job search; urban China, 9075
school-to-work transition; transition processes; university graduates; education policy; public policy; guidance; counseling, 17785
College Major [See Academic Specialization]
College Students [See Also College Athletes, Community College Students, Education Students, Nursing Students]—Serials
Academic Competence Evaluation Scales-College Edition; self-report instrument; structural validity; concurrent validity; grade point average; college students, 21183
academic dishonesty; college students; binge drinking; predictors, 13726
academic performance; obsessive-compulsive features; college students, 22588
academic performance; university students; educational experience; performance determinants, 17698
academic stress; stress reactions; cross cultural differences; American students; international students, 20861
achievement motivation; gifted college students; perfectionism; achievement goals, 30099
African American; Latino; European American students; stigma; student perceptions; university instructors; stereotypes; ethnic diversity; classroom dynamics, 36043
alcohol abuse prevention programs; psychoeducation; cognitive behavior therapy; alcohol related problems; college students, 35871
alcohol abuse; college students; feature films; alcohol recovery; alcohol abuse education, 11920
alcohol abuse; reward intervention; intoxication; college students; blood alcohol concentration; differential reinforcement; university parties, 13738
alcohol consumption; drug use; goal orientation; college students, 25231
alcohol consumption; social atmosphere; educational intervention program; college students; bartenders; student pubs, 16229
alcohol drinking behavior; drinking changes; temporal variability; freshman year; risk factors; heavy drinking; college students, 16226
alcohol education; student binge drinking; alcohol prevention programs; alcohol demand reduction; alcohol use; restricted drug access, 35894
alcohol expectancies; gender differences; undergraduate students; student organizations; fraternity members; sorority members; environmental interactions, 13409
alcohol expectancies; public university; college students; heavy drinking; alcohol misuse; response rate; epsodic heavy drinkers; EHD; alcohol cessation, 16507
alcohol screening; referral services; college health centers; substance abusers, 35873
alcohol use; college students; pluralistic ignorance; social influence; substance abuse; student attitudes; perceived norms; personal concern; gender differences; peer influence; peers, 1162
alcohol-impaired driving; university students; countries; legislative practicives; attitudes; drinking and driving; prevalence; traffic accidents, 28878
alcohol-induced memory blackouts; college students; experiences, 19706
American Indian students; Ivy League universities; societal beliefs; societal statements; higher education; marginalization; surveillance; oppression; cultural integrity, 26955
American university students; German university students; autonomy; competence; self-determination theory; informational feedback; educational contexts; perceived pressures; well being, 14665
anal intercourse; sexual risk behaviors; trends; sexual history; college women, 16212
at-risk college students; credit mismanagement; financial risk; credit misuse; financial aid, 31313
authoritarian attitudes; aggressive attitudes; American students; college students, 9018
behavioral components; student suicidality; family issues; college students; family background, 22619
binge alcohol drinking; undergraduate students; high vs low frequency drinking; predictors, 22270
binge drinkers; counseling interventions; motivational interviewing; harm reduction; stages of change; adverse consequences; college students' drinking habits, 2864
binge drinking; college students; predictors; gender difference; campus drinking perceptions, 11020
binge drinking; college students; social problem-solving abilities, 34581
biographical data; biodata measure; situational judgment inventory; college student performance; college entrance tests; Big Five personality constructs; racial subgroups scores; student selection, 15106
campus environments; minority students; college campuses; racial tension; diverse school; interracial friendships; ethnic lines, 23911

student affairs; undergraduate research; student learning; student development; student affairs programs, 33085
universities; challenges; self-image; external image; self-respecting university, 23765
university student government; science university; educational benefits; university community; student; liberal arts, 23750

Colleges [See Also Community Colleges]—Chapters

Community concerns about participatory research, 18248
Pluralistic ignorance and alcohol use on campus: Some consequences of Misperceiving the social norm, 16237
Prevention science: Participatory approaches and community case studies, 18243
Student reflections on community research practices and their implications, 18236
University-community partnerships: A framework and an exemplar, 18246

Colon Disorders [See Also Colitis, Constipation, Diarrhea, Fecal Incontinence, Irritable Bowel Syndrome]—Serials

adulthood loss; colorectal cancer; stomas; bowel control; adult identity; health professionals; carers, 35237
cancer patients; bowel cancer; treatment; decision-making, 22884
cancer screening; diagnosis; colorectal cancer; experiences; UK Flexible Sigmoidoscopy Trial, 11203
colorectal cancer prevention; African Americans; preventive behavior; church member outreach; prevention information; lay advisor, 35684
colorectal cancer; primary heath care; diagnosis; cancer screening; guidelines, 29065
computer based cancer risk communication; risk perception; colorectal cancer prevention; risk communication aid; tool effectiveness, 35233
coping strategies; quality of life; adolescents; inflammatory bowel disease, 29035
Crohn's disease; anorexia nervosa; dual diagnosis, 10642
Crohns disease; psychotherapy; psychodynamic therapy; relaxation; glucocorticoid therapy; psychosocial status; disease course; psychosocial status, 29232
depressive mood; relapse; inflammatory bowel disease; anxiety; disease course; Crohn disease; ulcerative colitis; psychological status; health related quality of life; disease activity, 16364
distress; demographic & medical & family history & loss variables; genetic testing; colorectal cancer patients, 4932
fecal occult blood test; colorectal cancer screening; self-report accuracy; carpenters, 13900
ghrelin; malnutrition; anorexia nervosa; short bowel syndrome; peptide hormone, 4523
psychosocial issues; pediatric inflammatory bowel disease; at risk population; adjustment, 26050
relatives; colorectal cancer patients; screening behavior; social interaction; public awareness campaigns, 11627

Color [See Also Achromatic Color, Hue]—Serials

affective characterizations; drawing size; drawing color; children, 24936
attentional capture; perceptual sensitivity; spatial distribution; color singleton; target detectability, 33886
background color; spot stimuli detection; visual field location; reaction time, 30611
brightness; color; borders; spatial coding; motion; illusory spatial jitter; low-luminance-constrast boundary, 332
cognitive color; color perception; color categorization; color coding; color naming; Stroop effect; spatial color organization; color memory; neuropsychology, 21247
color classification; matching-to-sample procedure; long-term training; color names; chimpanzees, 9763
color memory; anomalous trichromacy; memory color matching; matching time; protanomals; deuteranomals; color vision, 15219
color perception; color naming differences; color terms; color salience; visual neurophysiology; cognition; color naming behavior; languages; Vietnamese language speakers; English language speakers, 15207
color stimulation; handwriting performance; learning disabilities; attention deficit hyperactivity disorder; graphomotor control, 32001
color; Britain; Ireland; folklore; traditions, 22189
color; human vision; chromatic variations; luminance variations; inhomogeneous illumination; color vision, 15210
color; location; top-down processes; visual selection, 18281
color; luminance motion; luminance-varying pattern; perception; motion processing, 6527
color; texture; scene classification; visual form agnosia; object perception; neuroimaging, 32187
cones; chromaticity; color system; color adaptation; cardinal axis; chromaticity; post receptoral processes, 6523
consumer cognitive categories; environmental cues; consumer reactions; shopping intentions; price fairness; shop interior decoration; lighting; interior color, 3013
cortical crosstalk; binding problem; color; achromatic form; motion; neural activity; retinogeniculate encoding; synchronization; segmentation; equiluminant images; stabilized images, 30838
dividing attention; motion; color; dynamic random dot patterns; dual-task conditions; visual attributes, 30627
elderly people; clothing color; intercountry differences; intergenerational differences; Japanese consumers; Korean consumers; color satisfaction; racial consciousness; public morals; aging rate, 16271
experimental color-matching functions; mathematical determination; numerical data; unreal primaries; RGB CIE-1931 primary system; color-representation system, 15214
group behavior; money; colors; group choice, 19127
home cage color; Mus musculus; anxiety; body weight; cage color preferences; food consumption; laboratory mice, 12728
influence of color; chromatic color; achromatic color; emotions; Holtzman Inkblot Technique; neurotic disorders; borderline inpatients; schizophrenics, 24258
intelligent system; magnetic field; cathode ray tube; deflection yoke tuning; colour misconvergence; radial basis function neural network, 17982
magnocellular pathway; reading; word recognition; color; contrast sensitivity; parvocellular pathway; visual pathway, 6492
motion; color; cueing; stimulus onset asynchrony, 27750
multiple-choice tests; colored paper; differential test performance; white paper, 27390
object recognition; visual stimuli shape; visual stimuli color; event related potential; selective attention, 18294
oculomotor capture; color; top-down control; stimulus onset; selective attention, 6511
perceptual grouping; change detection; location change; color cues, 30603
priming; object individuation; surface features; pattern information; color information; young infants; features priming; functional value information; object identity, 10216
projectivist representationalism; color; phenomenal consciousness; subjectivism, 10086
race; skin color; psychology; trivialization; African descent; human social conditions, 31340
Spanish colour word; linguistic relativity; color sequence, 18858
spatial filtering; color difference; visual difference, 6506
spectral spaces; color spaces; psychophysical metamers, 21289
top-down contingencies; peripheral cuing; color; location; cue similarity; perceptual priming; attentional reallocation; visual perception, 331
verbal mediation; cognitive process; verbal nature; canonical colors; color specific objects, 15952
visuospatial attention; color; abrupt-onset cues; visuospatial processing; color priming; peripheral cuing, 27574

Color Blindness—Serials

behavioral evidence; color vision deficiency; behavioral phenotypes; discrimination task; normal color vision; male chimpanzee; Pan troglodytes; modified Ishihara pseudo-isochromatic plates; stimuli, 15363
chromatic edges; chromatic surfaces; chromatic constancies; cerebral achromatopsia; luminance differences; luminance contrast; chromatic borders; colour appearance; luminance change, 18286
color; direction of exogenous attention; achromatic observer, 5089
motion detection; zebrafish; optomotor response; spectral sensitivity function; Danio rerio; color vision; cones; wavelength, 21757
secondary schools; visual experience; human relations; red-green color blindness; dyschromatopsia; X-linked anomaly; psychological aspects, 23049

Color Constancy—Serials

blackbirds; condition-dependent traits; canonical ordination; carotenoid colouration; male quality, 15384
chromatic edges; chromatic surfaces; chromatic constancies; cerebral achromatopsia; luminance differences; luminance contrast; chromatic borders; colour appearance; luminance change, 18286
color vision; primary visual cortex; chromatic context; color constancy; visual area; V1; internal cone-input structure; color perception; neurons; receptive fields, 3654
dynamic cone response; color appearance models; color luminance; power model; hue change; color saturation; constant color chromaticity; CIECAM97s, 15206

Color Contrast—Serials

anchoring; Munsell System; Natural Color System; color evaluation; chromatic variables; color diiferences; fixed range scale; value; saturation; color reflectance; luminance; gray-scale method, 15195
brightness; color; borders; spatial coding; motion; illusory spatial jitter; low-luminance-constrast boundary, 332
color contrast; low luminance; interstimulus intervals; physiological properties; schizophrenia patients; luminance contrast; visual processing; visual pathways, 7896
multiple-choice tests; colored paper; differential test performance; white paper, 27390

Color Perception [See Also Color Constancy, Color Contrast]—Serials

anchoring; Munsell System; Natural Color System; color evaluation; chromatic variables; color diiferences; fixed range scale; value; saturation; color reflectance; luminance; gray-scale method, 15195
attentional capture; display size; spatial distance; color; visual search, 24398
Beck effect; context presence; stimulus type color stimuli; color discrimination; background stimuli, 21284
behavior selection; learning strategies; hawkmoth; place approach strategy; foraging; computational model; color vision; adaptive processes, 33905
behavioral evidence; color vision deficiency; behavioral phenotypes; discrimination task; normal color vision; male chimpanzee; Pan troglodytes; modified Ishihara pseudo-isochromatic plates; stimuli, 15363
binocular summation; luminance contrast; binocular visual system; visual reaction time; chromatic changes; stereopsis; chromatic contrast, 6505
brain encoding; second cortical visual area; hue perception; V2; hue representation; cone responses; color encoding, 3613
chromatic edges; chromatic surfaces; chromatic constancies; cerebral achromatopsia; luminance differences; luminance contrast; chromatic borders; colour appearance; luminance change, 18286
chromatic properties; color information; retina cone photoreceptors; spectral sensitivities; neural network; retinal cone mosaic responses; sensory signals; luminance selectivity; visual cortex, 6151
chromatic strength; color difference; constant hue; color gray; color attributes, 6517
closed coloured shapes; honeybees; wavelength receptor; floral scape; pollinators; visaul cue, 6670
cognitive color; color perception; color categorization; color coding; color naming; Stroop effect; spatial color organization; color memory; neuropsychology, 21247
color classification; matching-to-sample procedure; long-term training; color names; chimpanzees, 9763
color memory; anomalous trichromacy; memory color matching; matching time; protanomals; deuteranomals; color vision, 15219
color perception; color naming differences; color terms; color salience; visual neurophysiology; cognition; color naming behavior; languages; Vietnamese language speakers; English language speakers, 15207
color perception; perceptual learning; language, 24394
color variability; wine color; glass wine sampler; color difference, 6504
color vision; Alzheimer's disorder; geriatric patients; object recognition; color cues; dementia; short-term memory; cognitive ability, 13930
color vision; lateral geniculate nucleus; color analysis; visual cortex; brain area; light absorption; retinal cone photoreceptors; lateral geniculate nucleus; psychophysics; action potentials, 6499
color vision; primary visual cortex; chromatic context; color constancy; visual area; V1; internal cone-input structure; color perception; neurons; receptive fields, 3654
color; direction of exogenous attention; achromatic observer, 5089
color; human vision; chromatic variations; luminance variations; inhomogeneous illumination; color vision, 15210

color; luminance; visual speech perception; face display types; audiovisual speech perception; auditory noise, 12602
colored grounds; Mexican hat function; microspreading; chromatic pit lines; small figures; luminance distribution; tippit, 6515
cones; chromaticity; color system; color adaptation; cardinal axis; chromaticity; post receptoral processes, 6523
dichoptic suppression; intraocular color activation; interocular color activation; colour vision; retina, 6529
dynamic cone response; color appearance models; color luminance; power model; hue change; color saturation; constant color chromaticity; CIECAM97s, 15206
experimental color-matching functions; mathematical determination; numerical data; unreal primaries; RGB CIE-1931 primary system; color-representation system, 15214
female tamarins; visual cues; primates; eutherian mammals; trichromatic colour vision; ripe fruits detection; cone opsin polymorphism; platyrrhines; chromatic distinction; dichromatic males, 6673
hues; saturation; brightness; attention; color perception, 21264
individual psychology; human experience; color perception, 30594
industrial color reproduction; color experiences; psychophysical scaling; industrial color; chromatic color; color samples; lightness; colorfulness, 21268
infant colour categories; pre-linguistic infants; color perception; habituation; dishabituation; primary boundaries; secondary boundaries; novel stimuli, 34274
lateral geniculate nucleus; chromatic information; primary visual cortex; cortical layers; trichromatic primate retina; visual scene; afferents axons; color circuit; monkeys, 6857
meaning; alphanumeric-colour synaesthesia; digits; letters; colored ambiguous graphemes; stimulus context; color; photisms, 8345
metabotropic glutamate receptor; gabaergic feedback; glutamate uptake; luminosity-type horizontal cell; LHC; light response; carp retina, 15539
modelling divergence; luminance; chromatic detection performance; surfperch habitats; Emiotocidae; habitat irradiance; photoreceptor absorbance; photopigments, 34101
motion detection; zebrafish; optomotor response; spectral sensitivity function; Danio rerio; color vision; cones; wavelength, 21757
multidimensional space; hue; form; perceptual processes; decisional processes; multidimensional space; regression model, 6493
neon color effect; color perception; light reflection; chromaticity; line segments; complementary color pairs; visual system; illusory colors, 33729
neuronal synchronization; selective color processing; human brain; selective attention; gamma band responses; induced alpha band; event-related potentials; neuronal dynamics, 18593
nonliteral imagery; perceptual performance; texture segmentation; multisensor fusion; usefulness evaluation; multisensor imagery; region recognition; color rendering; scene content; image-rendering, 24374
Parkinson's disease; visual choice; reaction time; color signals; auditory choice; pitch stimuli, 19992
projectivist representationalism; color; phenomenal consciousness; subjectivism, 10086
rats; spectral sensitivity; cone-driven electroretinogram; cone pigments; spectral identity; b-wave, 6787
receiver bias; colourful signals; response biases; animal recognition mechanisms; domestic fowls, 6681
remote illumination; adaptation mechanisms; remote adaptation; color sensation; color shifts; hue shift; achromatic illuminations; retinal color-coded cells, 21295
reverse correlation; neurophysiology; linear transducers; spiking neurons; receptive fields; visual neurons; spatial processing; color processing, 21675
secondary schools; visual experience; human relations; red-green color blindness; dyschromatopsia; X-linked anomaly; psychological aspects, 23049
simon effect; horizontal position; stimulus position; faster responses; simon task, 18303
spectral absorption characteristics; morphological characteristics; southern hemisphere lamprey; Geotria australis; retinal photoreceptors, 6792
synaesthetic color experiences; photisms; attention; visual search; digits; background color; alphanumeric-color synaesthete, 8351
task-specific impairments & improvements; motion form conjunction; color form conjunction; expectations; transcranial magnetic stimulation; cortical visual area V5, 3626
top-down search strategies; attentional capture; color singleton; shape singleton; feature search, 21292
ultraviolet vision; visual perception; color perception; photoreceptors; light waves; bats, 3463
unconscious priming; color priming; form priming; cortical information processing hierarchy, 33707
visual function; aphasia; neurogenic language disorders; visual information processing; visual acuity; colour perception; visual fields; visual attention; oculomotor functions, 29123

Color Perception [See Also Color Constancy, Color Contrast]—Chapters
Effects of modal versus amodal completion upon visual attention: A function for filling-in?, 15616
Functional measurements of human ventral occipital cortex: Retinotopy and colour, 3336
Searching for the neural mechanism for color filling-in, 15643
The uses of colour vision: Behavioural and physiological distinctiveness of colour stimuli, 3335

Color Pyramid Test [See Projective Personality Measures]

Color Saturation—Serials
chromatic strength; color difference; constant hue; color gray; color attributes, 6517
colored grounds; Mexican hat function; microspreading; chromatic pit lines; small figures; luminance distribution; tippit, 6515
dynamic cone response; color appearance models; color luminance; power model; hue change; color saturation; constant color chromaticity; CIECAM97s, 15206
dynamic range; color gamut; software applications; pixel values; residual image; original range image, 6525
hues; saturation; brightness; attention; color perception, 21264

Colostomy—Serials
interhemispheric transfer; redundancy gain; visual field; reaction time; corpus callosum; colostomy, 8227

Coma—Serials
focal cerebral damage; general anaesthesia; hydroxybutyrate; lactone; butyrolactone; cerebral ischemia; cerebral hypoxia; head injury induced coma; excitoxicity, 3572

Coma—Chapters
IX: Consciousness as a state: Waking, deep sleep, coma, anesthesia, and dreaming, 3434

Combat Experience—Serials
alcohol dependence; combat experienced soldiers; chronic posttraumatic stress disorder; increased aggression; comorbid alcohol dependence; verbal aggression levels; physical manifest aggression, 19155
care barriers; mental health problems; combat duty; major depression; anxiety; posttraumatic stress disorder, 31695
cavum septum pellucidum; monozygotic twins; combat exposure; posttraumatic stress disorder, 19545
combat veterans; posttraumatic stress disorder; attentional bias inhibition; Stroop task; threat; combat video; speech giving; stressor content; word content; color naming; theoretical explanations, 19520
emotional deficits; military-related posttraumatic stress disorder; process disturbances; emotion content; symptomatology; emotional numbing; alexithymia, 25729
guerilla life; armed forces; traumatic experiences; sexual exploitation; patriarchial practices; adolescent girls; combat exposure; child abuse; International Humanitarian Law, 7498
mental health problems; posttraumatic stress; anger; combat exposure; psychometric properties; Dimensins of Anger Reactions; Vietnam veterans, 24240
NEO Personality Inventory; personality disorders; PTSD; Vietnam war veterans, 7787
posttraumatic stress disorder; clonidine; growth hormone response; combat-related PTSD; depression; comorbidity; noradrenergic activity; receptors; combat exposure; sympathetic system, 8532
posttraumatic stress disorder; personal world assumptions; combat stress reactions; veterans; disease course, 31797
posttraumatic stress disorder; symptoms; Gulf War veterans; combat exposure; trauma exposure, 25734
postwar health care use; military experiences; combat experience; deployed women; Gulf War; service related exposures, 9161
quetiapine; refractory symptoms; post-traumatic stress disorder; PTSD; psychotropic medications; symptomatic improvements; side effects; Vietnam veterans; drug dosages; combat veterans, 17084

Comfort (Physical) [See Physical Comfort]

Commerce [See Business]

Commercials [See Television Advertising]

Commissioned Officers—Serials
military officer jobs; job performance; military officers; Irish Defence Forces; contextual predictors, 6097
personality change; officer cadets; personality variables; military environment, 13467
situation awareness requirements; situation awareness skills; infantry subject matter experts; infantry small unit leaders; decision making; performance, 33326
situation awareness; transformational leadership; leadership style; operational readiness; interpersonal influence; senior military officers, 33324

Commissurotomy—Serials
callostomy; epilepsy; human brain function; callosal lesions; seizures; Lennox-Gastaut syndrome; behavioral changes, 11637
divided visual field; hemispheric specialization; temporal discrimination; split brain patient; visually presented stimuli; stimulus duration; stimulus intervals, 8246
hemispheric specialization; callosotomy; hand-head positions; finger configurations; imitation, 11268
right hemisphere involvement; attentional blink; split-brain patient; visual information processing, 26138
semantic information; disconnected hemispheres; split-brain patients; daily lives; corpus callosum, 24676
temporal representations; cortex; split-brain patient; cortical contributions; subcortical contributions; visual field, 19985

Commissurotomy—Chapters
Functions of the corpus callosum as derived from split-chiasm studies in cats, 15633
Parallel processing in the bisected brain: Implications for callosal function, 15634
Sensorimotor integration in the split brain, 15644
Stable and variable aspects of callosal channels: Lessons from partial disconnection, 15623

Commitment [See Also Organizational Commitment]—Serials
attachment; commitment; family; maquiladoras; Mexico; turnover, 2907
attitude change; advocacy; cognitive response; effects of distraction; racial beliefs; Whites; Blacks; stereotypes; prejudice; commitment, 10531
business commitment; trust; business relationship perceptions; models; economics; social interaction; decision making; socioeconomic exchange; forestry businessmen, 6013
business-to-business relationships; economic interaction; commitment; trust; continuity expectations; Marks & Spencer; suppliers; social construction, 6036
commitment to treatment; borderline personality disorder; premature termination; psychotherapy; engagement; therapeutic strategies, 32262
conflict; commitment; implicit theories of relationships; growth belief; heterosexual romantic relationships, 22289
deliberative mindset; predictive validity; relationship closeness; implemental mindset; dating students; school to work transition; relationship status; ratings; perceived partner commitment, 1178
divorce rates; cross cultural differences; economic independence of women; reduced emotional commitment of spouses to marriage; Europe; Africa, 10380
effort-reward imbalance; work overcommitment; cortisol; blood pressure; biological correlates; work stress, 24769
globalization; control-commitment dilemma; bureaucratic control; managers; top management; governance strategies; leadership style, 27052
globalization; telecommunication services; strategic alliance; organizational change; organizational culture; cultural diversity; crisis; control-commitment dilemma, 27114
Journal of Cross-Cultural Psychology; cross-cultural psychology; commitment; continuity; creative adaptation, 13310
life planning; young women; paid work; time perception; young adulthood; commitments, 22247
marketing orientation; marketing concepts; trust; commitment; sponsorship; business to business relationships, 9119
military career role; reflected self-image; commitment; career self; career identity; actual self, 27085
parental authority; identity style; identity commitments; social-cognitive identity; family authority, 25321
perceived differential treatment; interaction with supervisors in work unit; leader-member exchange theory of leadership; employee commitment; social entity, 27090
Project on Elite Athlete Commitment; PEAK; Sport Commitment Model; external validity; athlete attitudes; interview process, 284
Project on Elite Athlete Commitment; PEAK; Sport Commitment Model; model constructs; model generalizability, 283
psychological distress; adolescents; German unification; commitment; self efficacy beliefs; political system; social change, 34355
public goods provision; revocable commitments; voluntary contributions; real time protocol of play, 9565
relationship infidelity; former romantic partner; sexual infidelity; emotional infidelity; forgiveness; distress; gender; commitment, 31468
resource allocation; group decision mkaing; prior individual consideration; commitment; decision biases; organizational decision making, 12310

romantic relationships; relationship commitment; love; equity; university students; relationship alternative perception; steady dating relationship; respondents feelings; relationship evaluation, 16249
social psychology; relationship commitment; research; history; close relationships; attention to alternatives, 10464
transactional model; relationship commitment; jealousy; relationship insecurity; emotional arousability; dating relationships; marital relationships; couples, 1188
Trust and Relationship Commitment; Determinants of Donor Behavior; United Kingdom Voluntary Sector; Trust in voluntary organization; giving behavior; Charitable Behavior; Private Sector, 31541
university teaching; higher education institutions; ethnic diversity; racial studies; value commitments; ethnicity; ethnic studies; subject benchmarking; ethnic diversity, 16135

Commitment [See Also Organizational Commitment]—Chapters

Predicting and indulging changing preferences, 15318
Sustaining delay of gratification over time: A hot-cool systems perspective, 16312

Commitment (Outpatient) [See Outpatient Commitment]

Commitment (Psychiatric) [See Also Outpatient Commitment]—Serials

civil commitment; personality disorder; bipolar affective disorder; eating disorder; self harm; decision making; comorbidity, 12399
Civil commitment; Wisconsin Supreme Court; informed choices; medication; mental illness; liberty rights; citizens; court decision; incompetence; treatment decisions; law, 6194
eugenics; institutionalization; Illinois law; commitment law; psychologists role; intelligence testing; professional challenges; female professionals; mental testing; feeblemindedness; eugenics, 33413
psychiatric hospitalization; readmission; psychiatric inpatients; demographics, 14442
sexually violent predators; civil commitment; interrater reliability' risk assessment; likelihood of reoffense, 33553
treatment modalities; patient satisfaction; forensic psychiatric hospital; involuntary forensic psychiatric treatment, 26613

Communicable Diseases [See Infectious Disorders]

Communication [See Also Animal Communication, Augmentative Communication, Electronic Communication, Interpersonal Communication, Nonverbal Communication, Persuasive Communication, Scientific Communication, Verbal Communication]—Serials

4th year medical students; humanities; medical education; communication; reflective activities; writing activities, 23668
applied communication; organizational tension, 33291
attachment ambiguities; constituent ordering; word order, 24869
biological sex; masculinity; femininity; physiological responses; emotional responses; behavioral responses; communication situations; psychological responses, 28473
caregiver-implemented teaching strategies; daily routines; children's communication outcomes; toddlers; developmental delay; intervention; family; indoor play routines; outdoor play routines, 22744
cell phone design; Needs Analysis and Requirement Acquisition; NARA; disabled people; user requirements; telephone communication; assistive technology, 15121
Chinese classrooms; Chinese perspective; willingness to communicate; heuristic model; English language; Confucianism; social psychological variables; Chinese cultural values; communication, 13128
citizen coping; community notification; released sex offenders; crime; coping; locus of control, 33447
coalition bargaining; communication; experimental economics; multilateral bargaining; bargaining outcomes, 16246
cognitive performance; social atmosphere; communication; motivation; health aspects; laptop classrooms; strain, 26912
communicating information; decision making; participation; physician-patient communication; patient understanding, 23369
communication apprehension; communication competence; desire for control; self-perceived communication; willingness to communicate, 25370
communication difference; male athletes; female athletes; sport teams; sex differences, 36439
communication; anorgasmia; couple counseling; sexual dysfunctions; heterosexual couples; sexuality; etiology; treatment, 29009
communication; linguistics; pragmatics; language; context, 21951
communication; sender receiver relationships; topic focus; writer focus; reader focus; reader persona; target audience; center stage, 7309
communicative gender construction; lens-model approach, 34526
communicative spontaneity; high support needs; augmentative and alternative communication systems; classroom setting, 2835
communicative spontaneity; high support needs; augmentative and alternative communication systems; classroom setting; antecedents; effectiveness, 2834
complex communication; self; interdisciplinary communication; interdisciplinary theoretical perspective; contingent communications; social environment; self reference; cognitive autonomy, 22150
computer-supported collaborative work; health-care information systems; group communication patterns; patient service environment; sociology; computer science; organizational science; psychology, 11815
context; cognitive processes; rationalism; epistemology; ethics; communication, 21952
copy testing; advertising; communication systems, 33329
corporate communication; organizational communication; management communication; project marketing; project strategy development, 9120
crying; perceived helplessness; coping appraisal; emotions; communication, 9730
cultural differences; Chinese society; Chinese management; error communication; hierarchical structure; bureaucracy; Chinese companies; business organizations; employees; joint ventures, 7608
cultural identities; multicultural setting; multiculturalism; counseling; psychotherapy; globalization; language; meanings; verbal communication; non-verbal communication; value systems, 32276
culture; Spanish speaking; pituitary adenoma; communication; self-presentation; doctor patient relationship; treatment; poor continuity; preventative screening, 1818
deaf; short message service; communication; interpersonal relationships; intimacy, 29205
deception detection; cues; gender differences; lie communication, 31526
DEMO methodology; organisational modelling; knowledge information system; organisational infrastructure; organisational behaviour; business processes; norms, 6043
doctor-patient relationships; communication process; chronic pain, 35197
dynamic information flow; cooperative information sharing; team agents, 27198
environmental control; environmental satisfaction; communication; psychological stress; ergonomics training, 36470
family therapy; business couple family; university dropout; despair; reluctance; family dynamics; parents domination; boundaries problems; symbiotic survival; family member communication, 14101
food safety; risk communication; scientific experts; general public attitude; risk management; risk analysis; science communication model, 5738
gender issues; gender; positive dialogue; gender clashes; gender roles; gender sensitive psychotherapy, 31413
genetic counseling; miscommunication; prenatal genetic service providers; Mexican-origin clients; amniocentesis refusal rate; genetic testing, 20499
gestural communication; bonobo; empathy; alterity; carnal intersubjectivity; phenomenology constructivism; communicative praxis, 6694
graphs; tables; psychological science; communication, 233
group dynamics; communication; fantasies; ethnicity; moral recognition; self concept; teaching, 36142
health communication; Santali meanings of health; health issues; theories of health; health beliefs; polymorphic; barriers; socio-politico-cultural structure; salvation; agency, 32508
hearing aid; hearing impaired people; group communication education programs; older people; Keep on Talking; Active Communication Education, 6243
homeland security; anti-terrorism; mass casualty situations; Special Medical Augmentation Response Team Medical Command, Control, Communications, Telemedicine system; technology usage, 7346
human computer interfaces; spoken dialog system; tutoring like interaction; social interaction; prosody, 9215
independent literacy; atypical communication; literacy development; language impairment; interactive literacy; communication impairment, 32065
infant communication; mother-infant relationship; risk measurement; construct measurement; mental health risk, 24186
information and communication technology; socioeconomic status; information technology; gender; rural-urban location, 14859
information technologies; communications technologies; ICT-based concept mapping techniques; creativity; literacy tasks; writing achievement, 36135
instructor credibility; college student; in-class communication; out-of-class communication, 36062
integrated marketing communication; organizational challenges; communication campaigns; communication messages; task specialization; institutional identity; multifaceted identity, 20951
interdependent information; group decision making; information exchange; dyad decisions, 19117
interpersonal interaction; communication forms; self-regulation; personality traits, 13437
jab lines; narrative jokes; script opposition; communication; punch line; narratology; joke organization, 10079
masculinity; agarian; cooperative ways of organizing; contradictions; tensions; democracy, 33294
mathematical ability; unidimensional model; multidimensional item response theory; communication ability; scoring items; student proficiency classification, 6374
messages; communication strategies; health information; audience, 11723
Minspeak icons; tertiary education; Unity software; cultural context; associations; vocabulary, 24097
miscommunication; sharing of love; group relationships; autistic states; encapsulated states, 32353
motivated information management; human behavior; communication; theory, 28384
multimedia performance; communication; virtual drama; interactive; Goffman's dramaturgical perspective; Hyme's ethnography of communication; patterns; virtual community; social interaction, 31093
neurolinguistic development; deaf children; early language experience; hemispheric specialization; cued speech; sign language, 8342
organizational behavior; applied perspectives; tension; paradox; contradiction; irony; irrationality; organizational environments; communication, 33305
palliative care; families; ethnic backgrounds; information sharing; cancer, 32129
post earthquake crisis communications; corporate advertising; corporate strategy motives; social responsibility; communal relationship building; self interest; impression management, 33367
public communication; cannabis policy; federal government; opposition parties; policy documents; legal texts; media reports; call reports, 33409
relational communication; organizational communication; focus group approach; retrospective interview technique; organizations; auditing staff relationships, 9118

Community Psychology—Chapters

Community development: Enhancing the knowledge base through participatory action research, 18237
Culturally anchored research: Quandaries, guidelines, and exemplars for community psychology, 18242
Participatory action research: General principles and a study with a chronic health condition, 18235
Poverty and community, 10336
Psychological approaches to community health: Community health psychology, 20444
The role of religion and spirituality in community building, 839
Using psychology for injury and violence prevention in the community, 20450

Community Services [See Also Community Mental Health Services, Community Welfare Services, Crisis Intervention Services, Home Visiting Programs, Public Health Services]—Serials

acquired immunodeficiency syndrome; human immunodeficiency virus; HIV; AIDS; community intervention; prevention program; program evaluation, 20525
adolescent drug use; drug prevention program; middle schools; communities, 11908
after school enrichment program; early intervention action; community programs; program delivery; troubled youth; Ada Sheriffs Youth Foundation; decentralized youth program development, 2861
American Indian adolescents; substance abuse; epidemiological information; prevention strategies; intervention methods; Alaska Native youth, 13743
attrition; families; demographic characteristics; child functioning; system of care program; child and family services, 20577
bereavement service; children, 8591
Brian Stagoll; family therapy; social justice initiative; community health initiatives; psychiatrist, 35993
building community; lesbian; gay; bisexual; transsexuals; youth; social services, 28176
building community; rural settings; gay; lesbian; bisexual; transgender; youth & adult alliance; gay-straight alliance; community based program, 28361
buprenorphine treatment; Australian community settings; Buprenorphine Implementation Trial; opioid dependence; methadone maintenance treatment, 26731
California Public Employees Retirement System; linking participants; disability; community-based health coaching; disability-prevention strategies; chronic illness; fitness; patient education, 23431
Camp Approach; substance dependence; community-based treatment; rural community; stigma, 32761
cancer screening; informed decisions; communities; health care setting; decision making; preferences; values; cost effectiveness, 16692
chaplains; community based clergy; palliative care journals; scholarly articles; research articles; nonresearch articles; rabbi; priest; minister; pastor; imam; religious professionals, 11850
children community service; service co-ordination; complex healthcare needs; health care services, 26665
children community services; service co-ordination; complex healthcare needs; health care services, 26663
chronic disease prevention; women; community health worker program; program effectiveness; treatment compliance; preventive care, 32585
collaboration; community-based HIV interventions; community-based organizations; Latino youth; HIV prevention; adolescent sexual behavior, 26528
Community Awareness Motivation Partnership Teen Theatre intervention; CAMP; safe sex behavior; adolescence; health promotion; contraceptive use; behavioral ecological model, 2438
community based programs; measurement; program sustainability; theory; Program Sustainability Index (PSI), Structural equation modeling (SEM), principal axis factor analysis; family programs, 29690
community cancer care; psychosocial support; radiation oncology; psychosocial assessment, 9414
community coalition; prevention; policy changes; law changes; Drug and Alcohol Abuse Coalition, 2521
community development; violence prevention; public health; community empowerment; program effectiveness; resource utilization; methodological pluralism; theoretical diversity; interdisciplinarity, 5623
community health care; child health services; non-government sector; client satisfaction; health services utilization; health service costs; decision making; professional education, 14358
community health workers; decision making; low income women; mothers; pregnant women; health outcomes; empowerment; self sufficiency; self determination, 26654
community intervention; mental health services; public health; health care delivery, 32688
community learning disability teams; caseload management; discharge procedures; team structures; decision making, 11844
community policing; line officers; organizational change; departmental ranks; police department; non-White, 6214
community service utilization; behavioral model; elderly people; help seeking; new program implementation; supportive communities, 11825
community sex education; adolescent girls; sexual health education; Human Immunodeficiency Virus infection; rural Uganda; HIV-related counseling, 35694
community support; adults perceptions; knowledge; systems; life experiences; learning; system facilitator; elder living communities, 20582
community support; adults perceptions; knowledge; systems; life experiences; learning; system facilitator; elder living communities, 20568
community-based services use; economic eligibility criteria; home-based services; functional eligibility criteria; frail elderly, 29590
community-based services; evidence-based practices; community health services; intellectual disability, 23540

complex healthcare needs; disabled chidren; palliative care; social care; community services; education; healthcare services; healthcare delivery, 26590
criminal court diversion; community-based justice; community involvement; criminal offence; project evaluation, 33431
cross-cultural working; community learning disabilities; clinical issues; cultural sensitivity; health care services, 35810
decision making; cultural competence; child welfare; ethnically & racially diverse families; community environment; agency structure; family characteristics; child welfare system; casework, 5598
disabled students; postsecondary settings; public school systems; college access; employment training; community activities; college activities; service availability, 19277
evidence based preventive services; community health clinics; low income; population characteristics; health screening; ethnic minority; immunization; private doctors; primary health care, 11802
evidence-based interventions; Nurse-Family Partnership; Assertive Community Treatment; Oregon Therapeutic Foster Care; program development; community-based strategies, 20548
exercise; fitness program; adults; developmental disabilities; case report; group intervention; inclusion practices, 32577
family empowerment intervention; case management; intervention strategies; juvenile justice system; high-risk youth; juvenile assessment centers; early intervention; service delivery; family services, 2535
family support services; service delivery; well being; cost effectiveness, 26668
family-community preventive intervention program; African American families; youth substance use; sexual activity onset; rural families; basic research paricipation; theories, 32710
food assistance programs; food banks; Canada; food donations; hunger; food insecurity; distribution; supply limitations; community groups; government, 23546
forensic community programs; community support; rehabilitation; mentally ill offenders; NCRMD patients, 20679
forensic patients; adjustment; quality of life; psychiatric disabilities; community outreach services; client satisfaction; social integration; problem behaviors; self esteem; coping, 11831
functional multisystem resource; children; complex needs; family; disabilities; community mental health services, 17296
grassroots promotion; community health; human rights; disabled individuals; needs; support; Slovak Republic; chronic illness; quality of life; postcommunism; advocacy, 5608
health campaigns; community organizations; health information, 29565
health care delivery, rural communities; Rural Health Outreach Initiative; RHOI; interdisciplinary collaborations; professional education; social service needs; medical education; health care, 2437
health care needs; medical care; children disablities; palliative care services; community care; life quality, 26566
health care organizations; interagency collaboration; social service agencies; collaborative projects; chronic care needs; older adults; service delivery; care delivery, 2435
healthy marriages; early intervention; youth outreach; youth development programs; ecological approach; high risk couples; adolescents; faith communities, 2448
hearing aid; hearing impaired people; group communication education programs; older people; Keep on Talking; Active Communication Education, 6243
HIV-positive individuals; service utilization; service barriers; gender differences; transmission risk; community-based services; service needs; unmet needs, 5611
home based services program; community based services program; home care clients; client needs; care planning; problem identification; case managers, 35732
homeless people; mental illness; community integration; housing, 35814
homosexuality; Muslim attitudes; Netherlands; Yoesuf Foundation; community organization; Muslim community; Dutch society; homophobia; xenophobia; social service providers, 28354
inclusive schools; community-based prevention; innovative practice; school communities; substance abuse; health promotion; poverty; violence; learning difficulties; AIDS; youth-at-risk, 5610
individual empowerment; community health workers; self sufficiency; self determination; decision making; low income mothers, 26642
juvenile delinquency; sexual offense; residential placement;community based programs; adjudication; lengths of stay, 25927
mail survey; community preferences; mental health services; Severely Mentally Ill; Community Safety and Environment; Service Quality; Community Mental Health Goals; community service priorities, 30521
managed care organizations; community-based care; social services; geriatric health care; area agencies on aging; process evaluation; strategic alliances, 5555
marriage; community-based marriage intervention; churches; ministry organizations; marriage mentoring program, 2070
Medicaid waivers; health deliveyr; cost effectiveness; community based physical disability waiver; home care; service needs; service access, 29682
mental health; medical needs; homeless; health professionals; urban setting; family physicians; family therapists; family psychologists, 29683
motivating staff; community agencies; supervisors; feedback; work environment, 17813
multisystemic treatment; child welfare services; antisocial behavior; home-based intervention; community-based intervention, 35802
needs assessment; community-based service systems; urban service district; matching needs and services, 8785
opioid detoxification; opioid dependence treatment; buprenorphine-naloxone detoxification; community treatment providers; community-based treatment programs, 26709
oppurtunity; telehealth technology; care coordination; Community Care Coordination Service; clinically complex patients; complication reduction; hospital admissions; emergency room visits, 11767
palliative care; rural areas; community hospitals; terminal care, 29665
Parenting Wisely; parent training; low-income families; single-parent families; CD-ROM instruction, 20536
partnerships; participation; community residents; health promotion; health prevention; Highfield Community Enrichment Project; service providers, 14417
perceptions; positive outcomes; support staff; community mental retardation services; burnout; mental health, 14766
perceptions; positive outcomes; support staff; community mental retardation services; burnout; mental health, 32946
physical activity promotion program; delivery agents; physical activity characteristics; community implementation; self-efficacy, 35996
police-social work teams; crisis teams; community services, 35804
policy implementation; agency personnel policies; organizational development; employee attitudes; organizational commitment, 33309
positive social behavior; positive individual behavior; gang youth; African American males; positive youth development; community-based organizations, 954
positive youth development; developmental systems theory; African Americans; gang youth; community-based organizations, 1018
prevention coalitions; community prevention; community readiness; perceived effectiveness, 26649
prisoner community reentry programs; prisoner release; community social service support; parole; recidivism, 2542
problem drinkers; alcohol abusers; community services; informal support; drinking patterns; alcohol consumption, 13760
psychiatric responses; community trauma; natural disasters; man made trauma; community-based interventions; preparedness, 36482
psychological training; field training; participatory action research approach; postgraduate students; community prevention; psychological practice; Rapid Assessment Procedures, 5767
psychometric characteristics; community-based treatment; service delivery; treatment adherence; Wraparound Fidelity Index; test validity, 24291
public health nurses; rural village benefits; elderly; preventive measures, 26651
recruitment goals; community advisory board; adults; community-based health promotion; collaborative relationships; educational attainment; community senior center; intervention study recruitment, 2446
residential treatment; community services; integrated care; troubled children and adolescents, 23578
rheumatoid arthritis patients; community-based intervention; effectiveness; feasibility; writing intervention; expressive writing; patient adherence; home-based videotaped instructions, 11827
rural areas; integrated human services; social work; Canada; collaborative human services; rural model; rural communities, 11835
rural settings; psychology; practitioners; challenges; rural residents; training; development, 5596
service evaluation; service delivery; goal setting; community-based rehabilitation; acquired brain injury; treatment outcome, 5666
service learning; caring; gifted youth; mutual respect, 14701
service learning; gifted adolescents; creative problem solving; student development; Community Action service learning project, 2856
service learning; social justice; campus health; educational environment; health promotion; community colleges; community health, 35698
service utilization; HIV-positive patients; community-based services; sexual activity; Chicago primary care clinics; gender differences; transmission risk; service barriers; HIV/AIDS care, 23504
sex offenders; community treatment programs; treatment outcomes; recidivism; risk factors, 20570
sheltered; homeless youth; life skills; service needs; psychosocial factors; service utilization, 29678
social context; workplace health promotion; Costa Rica; Germany; Spain; Sweden; health services; hazard reduction; health and safety enforcement agencies; municipal works; lifestyle hazards, 11732
social exclusion; poverty; social care; family support services; health, 11832
social program intervention; service learning; learning programs; behavioral intervention; academically heterogeneous groups; mentoring programs; at risk students, 20818
specialist early intervention; first-episode psychosis; community-based care, 35776
staff attitudes; intellectual disabilities; educational levels; empowerment attitudes, 35999
substance abuse; Canadian population; diagnosis; Assertive Community Treatment clients; ACT; client self-reports; drug abuse; alcohol abuse; tobacco abuse; service planning; service delivery; Canada, 22678
telemedicine; health & mental health services; success criteria; rural health needs, 9235
The National Research and Development Centre for Adult Literacy and Numeracy; Great Britian; government-funded project; adult language; higher education; volunteer & community organizations, 29959
Theoretical Evaluation Self-Test; community clinical practice; test validation, 27310
tobacco industry; tobacco control advocates; youth access restrictions; community organizations; youth tobacco products access; public health policy, 11895
transition services; service needs; students with disabilities; service availability; medical service; adult living; professional guidance; psychological guidance; continuing education, 12191
Tri Ethnic Center; community readiness model; community mobilization; community intervention efforts; youth developmental level; health nutritional problems; substance abuse prevention, 5625
Willowbrook Futures Project; person-centered planning; processes; outcomes; intellectual disabilities; problem behavior; interdisciplinary service planning, 14414
work social agency; self esteem; Machiavellianism, 12431
youth violence; delinquency; mental health service delivery; full-service schools; community schools; consultation; collaboration, 9049

Community Services [See Also Community Mental Health Services, Community Welfare Services, Crisis Intervention Services, Home Visiting Programs, Public Health Services]—Books

Community rehabilitation in neurology, 5146
A new look at community-based respite programs: Utilization, satisfaction, and development, 23548

Community Services [See Also Community Mental Health Services, Community Welfare Services, Crisis Intervention Services, Home Visiting Programs, Public Health Services]—Chapters

Comment on the utility of the ADDGS evaluation for policy and practice, 23554
The EPICS model in engineering education: Perspectives on problem-solving abilities needed for success beyond schools, 23858
Exemplars of successful Alzheimer's demonstration projects, 23555
Factors related to client satisfaction with community-based respite services, 23556
Profiles of respite use, 23552
Successful strategies for serving diverse populations, 23549

Community Welfare Services—Serials

care services; older people; older service users; carers; care managers; care services arranging; care services delivering; care services receiving; England, 8767
culturally & ethnically diverse populations; working relationship; child welfare workers; culturally competent relationships; communities; collaborative alliances; stereotyping, 5628

health care programmes; costs; benefits; welfarism; extra welfarism; economic evaluation; quality adjusted life years, 5524
health promotion partnership; Israel; inhibiting factors; multisectoral cooperation; health professionals; partnership enhancement, 17212
immigrants; economic well-being; women leaving welfare; households earning; employment; sociodemographic characteristics, 32695
learning disabilities; care planning; professional practice; health welfare, 17297
mental health services; life expectancy; human sex differences; maternal mortality rate; infant mortality rate; literacy; health welfare; social welfare, 17313
New Zealand; counseling services; service provision; walk-in counseling agency; client utilization, 14068
organizational cooperation; elderly protection; protective services; public welfare agencies; network structures; organizational roles, 32706
public schools; child welfare agencies; collaborative efforts; caseworkers; educators; students; foster care; barriers, 5595
residential facility; developmental disabilities service system; Self-Directed Personal Services, 29687
single mothers; violent victimization; individual welfare; public entertainment; residential neighbourhood; lifestyle, 28807
substance use; civil society organizations; nongovernmental organizations; drug demand reduction, 35883
university; community-based partnership; mentors; socioeconomic status; low-income youth; after-school program; participation; non-profit agencies; teacher education, 4353
urban Indian child welfare services; child welfare agency; Native American community organization; child welfare; court personnel; culturally responsive curriculum; Indian Child Welfare Act, 5616
welfare practice; social work; Australia; rural practice; educational institutions; teaching social work; teaching welfare work; web-based information courses, 12019

Commuting (Travel)—Serials

business trips; travel stress; stress management; coping strategies; business travelers; family; organization; cross cultural differences, 20938
environmental impact; cars; public transportation; social dilemma, 17955
traffic accidents; insurance companies; seriousness; work; commuting; victims; major injury; leisure time injury; death; heavy vehicles; drivers; working hours, 9227
travel distance; outpatient drug treatment; client retention; treatment completion; length of stay, 11897

Comorbidity—Serials

adjunctive medication; long-acting risperidone; schizophrenic symptoms; comorbid conditions; drug side effects, 17070
adjunctive oxcarbazepine; anxiety disorder; affective disorder; hypoantremic seizure; comorbidity, 11508
adolescent depression; externalizing problems; comorbidity models; inpatient sample, 25554
adolescent personality; novelty seeking; harm avoidance; reward dependence; lifetime cigarette smoking; Attention-Deficit/Hyperactivity Disorder; ADHD; symptoms; comorbidity, 8062
adult attention-deficit/hyperactivity disorder; prevalence; diagnosis; treatment; comorbid psychiatric disorders; primary care, 19760
age of onset; DSM-IV syndromal and subsyndromal comorbity; bipolar disorder; attention-deficit/hyperactivity disorder; ADHD; early adolescents, 4541
alcohol abuse/dependence; anxiety disorders; unipolar major depression; comorbidity, 22492
alcohol dependence; combat experienced soldiers; chronic posttraumatic stress disorder; increased aggression; comorbid alcohol dependence; verbal aggression levels; physical manifest aggression, 19155
alcohol dependence; gender differences; comorbidity; PTSD, 7766
amyotrophic lateral sclerosis; frontotemporal dementia; nonfluent progressive aphasia; disease overlap; cognitive impairment; motor involvement, 32171
Angelman syndrome; autism spectrum disorders; diagnosis; communicative skills; social skills developmental delay; developmental deviance; comorbidity, 32015
anterior temporal lobectomy; veterans; comorbidity; postoperative seizure; quality of life; employment status; epilepsy; outcome, 11660
antidepressants; brain monoaminergic systems; behavioural effects; depression; anxiety disorders; comorbidity, 26407
antidepressants; diagnosis; treatment; psychiatric disorders; physical disorders; comorbidities; Kleine Levin Syndrome; autoimmune basis; antiepileptic drugs; schizoaffective disorder; children, 34778
antiepileptic drugs; comorbid anxiety disorders; epilepsy patients; treatment, 11305
antipsychotic drugs; guidelines; patients with complicating conditions; congestive heart failure; cognitive impairment; diabetic neuropathy; diabetes mellitus; obesity; dyslipidemia; drugs to avoid, 14113
antisocial personality disorder; Michigan Alcoholism Screening Test; alcohol dependence severity, 34766
anxiety disorder; panic disorder;geriatric patients; generalized anxiety disorder; comorbidity; health care seeking, 25727
anxiety disorders; depression; comorbidity; risk factors, 10728
anxiety disorders; physical illness; comorbidity; somatic disorders; gender differences; substance abuse; depression; family history information; medical history, 13536
anxiety disorders; substance use disorders; drug dependency; psychiatric comorbidity, 13557
anxiety disorders; substance use; conduct disorders; risk factors; major depressive disorder; comorbidity; Axis I disorders; psychiatric disorders; adult twins; hazard rates; gender differences, 7747
anxiety; depression; comorbidity; prevalence; distribution, 28612
Ashkenazi Jewish extraction; familial dysautonomia; atypical absence epilepsy, 16621
assessment; treatment approaches; general guidelines; depression; epilepsy; children; adolescents, 4532
asthma; anxiety disorders; comorbidity; epidemiology, 25472
attention deficit disorder with hyperactivity; comorbidity; self-report; symptomatology, 18143
attention deficit hyperactivity disorder; gender differences; gender effects; ADHD; adults; psychiatric comorbidity; cognitive functioning, 19741
attention deficit hyperactivity disorder; pharmacotherapeutic treatment; treatment strategies; substance use disorders; comorbidity; risk factors, 22422
attention-deficit hyperactivity disorder; disruptive behaviour disorders; child psychiatry; adolescent psychiatry; psychostimulant medication; psychosocial intervention; comorbid conduct disorder, 13789
attention-deficit hyperactivity disorder; obsessive compulsive disorder; comorbidity; empirically derived taxonomy, 25458
attention-deficit/hyperactivity disorder; adulthood; comorbidity; antisocial disorders; mood disorders; anxiety disorders; substance abuse disorders; health care cost; social cost; occupational cost, 19740
attention-deficit/hyperactivity disorder; risk factors; substance abuse; treatment; comorbidity; psychotherapy; drug therapy, 20129
autism; childhood gastrointestinal disorders; comorbidity; epidemiology, 28556
autism; theoretical model; comorbidity; etiology; emotional communication, 25941
axis II comorbidity; early-onset panic disorders; panic disorder patients; psychiatric disorders; severe clinical symptoms; Japanese, 19318
balance dysfunction; childhood anxiety; separation anxiety; vestibular impairment; comorbidity, 25450
basal ganglia; tourette syndromes; obsessive-compulsive disorder; cognitive deficits; comorbid asperger; infrathalamic nuclei; thalamic nuclei; hypoxic-ischaemic necrosis, 4968
behavioral activation treatment; comorbidity; depression; anxiety; treatment, 8441
Behavioral Couple Therapy; alcohol dependence; comorbidity; depression; anxiety; personality disorders; marital problems, 32299
benign epilepsy of childhood with centrotemporal spikes; BECTS; abnormal neuroimaging; brain lesions, 16762
bilateral subthalamic nucleus stimulation; Parkinson disease; adjustment disorder; psychiatric disorders; personality change; comorbidity; treatment outcome; treatment side effects; quality of life, 23392
bilateral subthalamic nucleus stimulation; Parkinson disease; adjustment disorder; psychiatric disorders; personality change; comorbidity; treatment outcome; treatment side effects; quality of life, 23383
bipolar disorder; comorbidity; rational treatment selection; multimodal treatment; polypharmacy; heuristic modeling, 35548
bipolar disorder; personality disorders; depression; hypomania; mania; manic depressive symptoms; suicidal; comorbid patients, 19296
bipolar disorders; personality disorders; treatment; comorbidity; USA; Europe, 19345
bipolar-panic disorder; comorbidity; bipolar disorder families; siblings, 28593
body dysmorphic disorder; anorexia nervosa; disturbed body image; differential diagnosis; comorbidity, 22407
borderline personality disorder; bipolar disorder; comorbidity; lamotrigine; anticonvulsive, 22513
borderline personality disorder; emotional disorders; comorbid disorders; behavior disorder; child maltreatment, 25810
borderline personality; psychotherapy research; psychotherapy outcome; comorbid conditions; alcohol dependence; treatment outcome; multiple comorbidity; sexual masochism; racism, 5159
bulimia nervosa; comorbidity; avoidant personality disorder; behavioral inhibition; serotonin; social submissiveness, 16350
bulimia nervosa; inpatient treatment; eating disorder; comorbid personality disorders; treatment resistant bulimia, 14453
bulimia nervosa; major depressive disorder; dysthymia; comorbidity, 26000
bulimic pathology; depression; substance abuse; comorbidity, 10679
cannabis; illicit drugs; drug abuse; drug dependency; comorbid usage; phenotypic causation model; correlated liabilities model, 25859
changes in alcohol drinking; drinking consequences; untreated at risk rural drinkers; untreated at risk urban drinkers; gender; illegal drug use; psychiatric comorbidity, 19648
childhood asthma; internalizing disorders; comorbidity; asthma diagnosis; asthma attack; depression; anxiety, 19877
childhood Attention Deficit Hyperactivity Disorder; conduct problems; adult psychopathy; male inmates; childhood symptomatology; adult antisocial outcomes; comorbid subtype, 19247
chronic episodic disorders; comorbidity; women, 1359
chronic fatigue syndrome; myalgic encephalomyelitis; psychiatric comorbidity; functional impairment; diagnostic criteria; symptom severity; disability, 16361
chronic obstructive pulmonary disease; pulmonary rehabilitation programs; COPD patients; anxiety disorders; quality of life; comorbidity; treatments, 8360
chronic pain; clinical depression; comorbidiy; physician symptoms; psychological symptoms, 34776
chronic posttraumatic stress disorder; primary care patients; comorbidity; psychosocial impairment; treatment participation, 16461
clinical management; obsessive-compulsive-bipolar disorder; comorbidity, 28778
co-morbid personality disorder; suicidal behavior; increased risk; psychosis, 22462
co-morbidity; male suicide completers; mental disorders; diagnostic profile, 7981
co-occurring substance use; delinquent behaviour; early adolescence; problem behaviors; middle school students, 31906
cognitive behavioral treatment; posttraumatic stress disorder; personality disorder; comorbidity; treatment outcome; rape; sexual abuse, 20182
cognitive impairment; multiple sclerosis; abnormal performance; neurological symptoms; neurological disability, 16731
cognitive-behavioral intervention; primary care patients; co-occurring anxiety; depression; primary care, 5199
cognitive-behavioral treatment; depression; comorbid borderline personality traits; personality dysfunction; depressive symptoms, 32313
comorbid anxiety disorder; obsessive-compulsive disorder; posttraumatic stress disorder; generalized anxiety disorder; social phobia; screening, 16947
comorbid bulimia; binge eating; impulsivity; reward sensitivity; alcohol abuse/dependence; bulimic women; Card Arranging Reward Responsiveness Objective Test; validity; etiology, 10708
comorbid cannabis; panic disorder, 19525
comorbid depression; health resource utilization; epilepsy; health care coverage; symptoms, 25444
comorbid disease; comorbid injuries; parkinsonism; comorbid conditions; expenditure pattern; resource use, 5050
comorbid factitious disorder; breast cancer; conversion disorders; psychiatric help; active dissimulation, 22794
comorbid gambling; psychiatric outpatients; antisocial personality disorder; pathological gamblers; psychiatric outpatients; avoidant personality disorder; compulsive personality, 34764
comorbid medical illness; rate of relapse; clinical remission; major depressive disorder; antidepressant treatment; continuation therapy, 35538
comorbid mental disorders; psychiatric disorders; substance use disorders; alcohol abuse; drug abuse; self-report scale; Psychiatric Diagnostic Screening Questionnaire; psychiatric outpatients, 19710
comorbid pain; depression treatment response; primary care; health-related quality of life; antidepressant therapy, 17027
comorbid personality disorder; suicide; major depression; psychopathological suicide predictors, 22447
comorbid psychiatric disorders; environmental risk factors; therapeutic opportunities; epidemiological data; diagnosis; epilepsy patients, 11241
comorbid substance misuse; psychosis; schizophrenia; substance misuse treatment, 16894

comorbidity; anorexia nervosa; bipolar disorder; adolescence, 34772
comorbidity; anxiety disorders; antisocial behavior; antisocial personality disorder, 19339
comorbidity; autism; learning disability; dual diagnosis, 32016
comorbidity; bipolar disorder; obsessive compulsive disorder; children; adolescents, 16384
comorbidity; depression; epilepsy; health-related quality of life; epileptic seizures; seizure severity; mild-moderate depression; major depression, 1321
comorbidity; developmental coordination disorders; learning disabilities; attention-deficit/hyperactivity disorder; perceptual-motor dysfunction; severity; children, 4520
comorbidity; major depression; conduct disorder; cognitive-behavioral treatment; adolescents; treatment evaluation, 26262
comorbidity; major depression; migraine; headaches; migraine-related disability; risk factors, 22398
comorbidity; pervasive developmental disorder; attention deficit hyperactivity disorder, 25460
comorbidity; posttraumatic stress disorder; depression; prisoners of war; war veterans, 19294
comorbidity; prognostic information; cancers; prediction, 26058
comorbidity; psychiatric disorder; substance abuse; depressive disorders; inpatients; psychopathology; disorder severity; substance withdrawal; attention deficit hyperactivity disorder, 19644
comorbidity; psychiatric disorders; medical disorders; Kleine Levin syndrome; neuropsychiatric disorder; eating disorders; psychiatry; neurology; antiepileptic drugs; substance abuse; polypharmacy, 34753
comorbidity; schizophrenia; obsessive compulsive disorder; symptoms, 10718
comorbidity; subthreshold disorders; anxiety disorders; depressive disorders; diagnostic activities; clinical presentation; treatment strategies, 10720
comorbidity; subthreshold disorders; full-syndrome disorders; non-psychotic disorders; epidemiology; Oregon Adolescent Depression Project; psychiatric disorders, 25525
comorbidity; treatment processes; posttreatment abstinence; drug abuse; comorbid mental disorder, 32777
conduct disorder; comorbidity; attention deficit hyperactivity disorder; early-onset; inpatient treatment, 1317
congenital anomalies; comorbidity; adaptive behavior; child characteristics & development; CHARGE association syndrome, 35209
Consultation-Liaison Psychiatry; medically ill patients; depression; length of stay; comorbidity, 29210
conversion disorder; psychiatric comorbidity; frontal lobe pathology; diffuse axonal injury; neurological testing, 35171
coping behavior; outcome; major depressive disorder; axis I comorbidity; depressive disorder not otherwise specified; rumination; active distraction; cognitive distraction; dangerous activities, 7852
corticotropin-releasing factor; somatotropin-release-inhibiting hormone; posttraumatic stress disorder; secondary psychotic symptoms; comorbidity; neurobiology; neuroendocrine patterns, 7944
defense mechanisms; panic disorder; disease severity; comorbidity; Brazilian patients, 10826
demographics characteristics; social adjustment; posttraumatic stress disorder; alcohol dependence; comorbidity; education level; employment; income level; premature therapy termination; risk, 7796
dependent behavior; drug abuse; eating disorders; prevention programs; mental health problems; major depressive episode; comorbid disorder; separation anxiety, 7778
depersonalization disorder; phenomenology; precipitants; antecedents; comorbidity; treatment, 1344
depressed subgroups; treatment; patient retention; major depression; depression severity; treatment dropouts; comorbid medical conditions, 1905
depression prevention programs; program efficacy predictors; program evaluation; social costs; economic costs, 8732
depression status; work loss; health care costs; primary care; medical comorbidity, 4588
depression; anorexia nervosa; comorbidity; adolescent females, 22405
depression; pancreatic cancer; epidemiology; insurance claims, 1414
depressive disorders; nicotine dependence; smoking; smoking cessation; comorbidity; smoking sustenance, 19669
depressive symptoms; substance abuse; cortisol responses; corticotropin-releasing hormone; adrenal cortisol response; stress; adrenocorticotrophin; comorbidity, 7739
diagnosis; major depression; Parkinsons disease; non-motor symptoms; comorbidity, 35334
dissociative disorders; classification rate; psychiatric patients; symptom severity groupings; dissociative disorder rate; affective disorders; borderline personality disorder; comorbidity; diagnosis, 16382
double disability; blindness; hearing loss, 35345
drug therapy; neurosteroid concentrations; psychiatric morbidity; breast cancer; major depression; adjustment disorder; women, 5432
drug-drug interactions; immunosuppressants; transplanted tissues; side effects; autoimmune disorders; comorbidity; pharmacologic treatment; pharmacokinetics, 29436
DSM-IV disorders; comorbidity; Brazilian schoolchildren, 25509
eating disorder; anxiety disorder; human females; comorbidity, 25692
eating disorder; psychiatric symptoms; anorexia nervosa; inpatient treatment; comorbidity; bulimia, 22774
eating disorder; suicide attempts; comorbid major depression; eating-disordered women; comorbid disorders; anxiety disorder; parasuicide, 19825
electrodermal activity; low back pain patients; co-morbid depression; suffering, 28984
emotional disturbance; K-12 students; comorbid disorders; language deficits; public schools; academic characteristics; social adjustment, 10928
epilepsy; learning disability; mental illness; behavioural disturbances, 22751
epilepsy; psychiatric comorbid disorders; depression; anxiety; psychotic disorders; attention deficit disorders; psychiatrists; psychiatric evaluation; neurologists, 11263
epilepsy; quality of life; depression; undertreated disorder, 4521
etiology; comorbidity models; Neale and Kendler model-fitting approach; model validity, 25484
external validators; comorbidity; oppositional defiant disorder; attention deficit/hyperactive disorder; Ukrainian children, 25791
eye movement desensitization and reprocessing; somatoform pain disorder; PTSD; co-morbid depression; elderly patient; traffic accident, 20092
folie a deux; incubus syndrome; delusions; comorbidity; capgras syndrome, 7891
gender differences; drug use patterns; medical presentation; opioid dependency; medical comorbidity; HIV-infected African Americans, 31656
gender identity disorder; cross gender identification; diagnostic features; psychiatric comorbidity; sex reassignment therapy; psychiatrists, 25501
gender identity disorder; cross gender identification; psychiatric comorbidity; diagnostic features; sex reassignment therapy; psychiatrists, 25512
gender identity disorder; psychiatric comorbidity; cross gender identification; diagnostic features; sex reassignment therapy; psychiatrists, 25530
gender influences; attention-deficit and hyperactivity disorder; clinical features; comorbid psychopathology; familial risk factors, 22718
general population; life satisfaction; psychiatric disorders; mental disorders; specific phobia; composite international diagnostic interview; significant correlation; diagnostic subgroups, 25481
generalized anxiety disorder; major depressive disorder; life satisfaction; comorbidity; functional impairment, 22472
generalized anxiety disorder; referred children; referred adolescents; comorbidity, 25725
genetic disorders; learning disabilities; identification; treatment; reading disabilities; cognitive profiles, 28547
genetic disorders; learning disabilities; Klinefelter Syndrome; Turner Syndrome; Neurofibromatosis Type 1; Duchenne Muscular Dystrophy; cognitive profile; education, 28548
head symptoms; body symptoms; depression; physical comorbidity; patients; cognitive impairment, 20043
health care utilization; attention-deficit hyperactivity disorder; psychiatric comorbidities; children, 32636
health care utilization; dementia patients; psychiatric comorbidity; service use; mental disorders; hospitalization, 22966
homicide; dual diagnosis; antisocial personality disorder; comorbidity; major mental disorders; substance use; mentally ill offenders, 22415
ictal magnetoencephalography; visual hallucinations; status epilepticus; comorbidity; spike complexes; temporal area, 16805
information processing speed; chronic fatigue syndrome; working memory deficits; psychiatric comorbidity; cognitive impairment, 11143
jail diversion programs; serious mental illness; co-occurring disorders; substance abuse disorders; violent offenses; outcomes, 12410
kleptomania; obsessive-compulsive spectrum disorder; affective spectrum disorder; comorbid psychiatric diagnosis; first degree relatives, 28589
late-life depression; comorbid anxiety; side effects; interpersonal psychotherapy; anxiety; depression; treatment response; elderly, 8372
liaison psychiatry; palliative care; psychiatric disorders; psychiatric co-morbidity; patient insight; symptom control; patient satisfaction; doctor communication, 20601
life stress; comorbid schizophrenia; substance abuse; posttraumatic stress disorder; psychosis; traumatic life experiences, 28570
long-standing illness; psychological morbidity; emotional problem; health survey; consultation patterns; cancer patients; mental illness; primary care, 2375
low physical function; instrumental activities; standardized clinical measures; IADL; rehabilitation; elderly inner-city women, 17421
major depression; chronic obstructive pulmonary disease; depressive symptoms; comorbidity; drug side effects, 34751
major depression; dysthymia; comorbidity; psychiatric disorders; psychotropic medication prescription; psychotherapy, 19398
major depression; mental health service needs; African American; urban; lifetime prevalence; comorbidity, 22496
major depression; nefazodone; mood; anxiety symptoms; drinking behavior; depressed alcoholics; comorbidity; alcohol dependence, 35034
major depression; Parkinsons disease; comorbidity; epidemiology; etiology; neuropathology; antidepressant treatment, 35304
major depression; relapse; alcohol use disorder; adolescents, 31920
major depression; suicidal ideation; physical illness; primary care patients; comorbidity, 25494
major depression; suicidal ideation; physical illness; primary care patients; comorbidity, 25461
manic state; pure mania; depressive mania; social phobia; suicide; intra-episodic social phobia; panic disorder; intra-episodic panic disorder; major depressive disorder; mania; suicidality, 7741
medical comorbidity; fluoxetine augmentation; dose increase; treatment-resistant depression; antidepressant treatments; major depressive disorder, 23286
medication use; autism; psychiatric comorbidity; autistic adults; learning disabilities; hypothyroidism; neuroleptic drugs, 13792
megalencephalic leukoencephalopathy; intermittent photic stimulation; neurological impairment; developmental motor; epileptic patients; epileptic seizures; subcortical cysts, 5083
mental disorders; health care utilization; disease prevalence; comorbidity; anxiety & mood disorders; somatoform syndromes; health status; gender; German Health Interview and Examination Survey, 25520
mental disorders; malignant tumors; psychological disorders; somatic pathology; maxillofacial region; larynx, 10650
mental health problems; epileptic children; emotional problems; behavioral problems; psychiatric disorders prevalence; parents attitudes; epilepsy, 10652

methamphetamine; drug abuse; premorbid characteristics; comorbidity; psychosis; psychotic symptoms; amphetamine users, 8003
Mexican-origin population; United States born vs immigrants; comorbidity; drug disorders; psychiatric disorder; alcohol abuse; human sex differences; California, 1358
milnacipran; fibromyalgia syndrome; co-morbidity; depressive symptoms; serotonin and noradrenaline reuptake inhibitor, 20366
Mini International Neuropsychiatric Schedule; clinical utility; patient acceptance; patient views; co-morbid conditions; diagnosis, 9426
Mississippi PTSD Scale; scale evaluation; posttraumatic stress disorder; comorbidity; major depressive disorder; Rasch measurement, 33540
mixed anxiety-depression; generalized anxiety disorder; depression; anxiety disorder; risk factors; elderly, 19341
mood disorders; epilepsy; risk factors, 16775
mood disorders; multiple sclerosis; Parkinson's disease; stroke; epilepsy; comorbidity; clinical characteristics; epidemiology; quality-of-life; neurological diseases; recovery; depression, 5011
mood swings; depression; anxiety disorders; bipolar spectrum disorders; hypomania; cyclothymia; hyperthymia; mood variability; visual documentation; quantitative method; subsyndromal mood fluctuations, 16377
neuropsychological impairment; methamphetamine dependence; HIV infection; comorbidity, 10671
nonverbal ability; language impairment; genetic mediation; environmental mediation; comorbidity; twins; co-twin, 11129

obsessive compulsive disorder; comorbidity based subgroups; psychiatric disorders; OCD spectrum disorders; psychopathologic classes; clinical characteristics; first-degree relatives, 22590
obsessive compulsive disorder; comorbidity based subgroups; psychiatric disorders; OCD spectrum disorders; psychopathologic classes; clinical characteristics; first-degree relatives, 22576
obsessive-compulsive disorder; axis-II disorders; personality disorders; comorbidity; anxiety; Turkish populations, 28582
obsessive-compulsive disorder; comorbidity; personality disorder; clinical severity; anxiety disorders; outpatients, 25705
obsessive-compulsive disorder; comorbidity; social phobia; panic disorder; trichotillomania; skin picking; eating disorders, 7762
obsessive-compulsive disorder; epilepsy; surgery; comorbidity; mesial temporal lobe, 13540
obsessive-compulsive disorder; functional impairment; psychiatric illness; prognosis; comorbidity, 31825
obsessive-compulsive disorder; neuropsychiatric disorder comorbidity, 25723
obsessive-compulsive disorder; posttraumatic stress disorder; symptoms; comorbidity; treatment outcomes, 1517
obsessive-compulsive disorder; sudden onset; phenomenological features; collecting compulsions; comorbid depression; therapeutic response, 22504
obsessive-compulsive disorder; tourette's disorder; pediatric autoimmune neuropsychiatric disorders; temporal association; streptococcus, 1371
onset age; illness duration; comorbidity; obsessive compulsive disorder; tic disorders; mood disorders; anxiety disorders; eating disorders; body dysmorphic disorder; etiology; trichotillomania, 16452
outpatient mental health services; community services; HIV positive people; comorbid psychiatric illnesses; service delivery; health care access, 26667
painful physical symptoms; major depression disorder; comorbid depression, 31719
panic attacks; depression; anxiety symptoms; substance use behaviors; late adolescence, 34929
panic disorder; blood-injury phobic avoidance; drug treatment; retrospective study; chart analysis; comorbidity; pharmacotherapy; agoraphobia; treatment-outcome; experimental replication, 17074
panic disorder; hyperventilation; cardiovascular morbidity; heart rate; cardiomyopathy; comorbidity, 16459
panic disorder; major depression; comorbidity; psychopathology, 25503
panic disorder; obsessive-compulsive disorder; obsessive-compulsive symptoms; prevalence; comorbidity, 28782
panic disorder; primary care; panic attack; anxiety disorders; major depressive disorder; pharmacotherapy; cognitive behavioral therapy; patient psychiatrist relation, 23091
panic symptoms; panic attacks; psychiatric comorbidity; aging; panic disorder phenomenology; risk factors; age differences, 10834
parenting behaviors; depressive symptoms; conduct problems; African American children; co-occurence, 4563
Parkinson disease; psychosis; comorbidity; acetylcholinesterase inhibitors; atypical antipsychotics; drug therapy; epidemiology; risk factors; treatment matching, 35336
periodic limb movement disorder; restless legs syndrome; behavioral anomalies; cognitive anomalies; sleep disruptive habits; insomnia, 4852
personality traits; psychiatric comorbidity; alcohol dependence; alcohol abuse; life experiences, 35044
pervasive developmental disorder; childhood-onset schizophrenia; comorbid disorder; phenotypic variant; adult-onset disorder; premorbid developmental abnormalities, 25491
pharmacological treatment; comorbid psychopathology; adolescents; alcohol use disorders; antidepressants; benzodiazepines; lithium; stimulants; antipsychotics; depression; trends, 11475
phenomenology; childhood psychosis; psychiatrically referred youth; psychotic phenomena; delusions; hallucinations; comorbidity, 34860
pleiotropy hypothesis; generalized anxiety disorder; major depressive disorder; cormorbid disorders; family co-aggregation; gene vulnerability; genetic correlation; family comorbidity; family heredity, 16398
post-traumatic stress disorder; white Americans; chronic pain management; psychologic functioning; black American adults; emotional health; pain disability; comorbidities, 17165
postdisaster disorder; posttraumatic stress disorder; floods; mudslides; major depressive disorder; comorbidity, 34798
posttraumatic stress disorder; alcohol abuse; childhood secondary trauma response; substance abuse; comorbidity, 34765
posttraumatic stress disorder; epidemiology; incarcerated juvenile delinquents; emotional trauma, 34783
posttraumatic stress disorder; insomnia; comorbidity; depression; worry; panic; seeking treatment; PTSD; risk factors, 31660
posttraumatic stress disorder; paroxetine; serotonin reuptake inhibitor treatment; comorbidity; major depression; cortisol secretion; autonomic reactivity; neurobiology; subjective symptoms; PTSD, 20406
posttraumatic stress disorder; rescue workers; earthquake; psychiatric disorders; comorbidity, 34918
pre-literacy skills; speech sound disorders; comorbid language impairment, 22416
prevalence; comorbidity; affective disorders; suicide attempts; first depressive episodes; bipolar II diagnoses, 4583
prevalence; comorbidity; impact; DSM-IV disorders; intellectual disability; anxiety disorders; mood disorders; disruptive disorders, 19793
problem gamblers; problem drinkers; dextroamphetamine; priming; motivation to gamble; comorbidity, 10955
psychiatric co-morbidity; motor vehicle accidents; accident survivors; chronic posttraumatic stress disorder, 24103
psychiatric comorbidities; clinical characteristics; depressive disorders; prevalence rates; neurological disorders; DSM criteria; epilepsy, 11264
psychiatric comorbidity; addicted physicians; substance use disorders, 10966
psychiatric comorbidity; adolescent drug abusers; substance abuse disorders; psychiatric disorders; treatment outcomes; family therapy; cognitive behavioral therapy, 20166
psychiatric comorbidity; family history; kleptomania, 4560
psychiatric comorbidity; inpatient treatment history; bulimia nervosa; psychopathology; psychiatric inpatient treatment; psychotherapeutic inpatient treatment; suicide attmempts; underweight, 13841
psychiatric comorbidity; mental disorders; diagnosis; predictive value of tests; sensitivity; specificity; primary health care, 1784
psychiatric comorbidity; optimal treatment strategies; health-related quality of life; seizures; psychological functioning; health; epilepsy patients, 11251
psychiatric comorbidity; predictor; nortriptyline; treatment-resistant major depressive disorder, 11540
psychiatric comorbidity; primary care patients; anxiety disorders; diagnostic comorbidity; patterns; frequency, 19552
psychiatric diagnoses; psychiatric disorder co-occurrence; child sexual abuse history; abuse survivors; treatment seekerspost-traumatic stress disorder, 19330
psychiatric diagnosis; psychosocial impairment; scoring; reliability; cognitive functioning; comorbidity; psychiatric symptoms; children, 1373
psychiatric disorder; antisocial personality disorder; crack cocaine users; alcohol; cannabis; depression; posttraumatic stress disorder; comorbidity, 31925
psychiatric disorders; cognitive disorders; Parkinson's disease; comorbidity; severe depression; cholinesterase inhibitors, 26154
psychiatric disorders; comorbidity; antiepileptic drug treatment; epilepsy patients, 11242
psychiatric disorders; opioid addicts; neurotic disorders; depression; detoxification, 1642
psychiatric illness; dysthymia; health status; comorbidity; mood; social adjustment; coping; child development; family function; primary care; health & social service use; burden of illness, 13585
psychiatric morbidity; asthma severity; quality of life; inhaled corticosteroids, 8607
psychopathology; sexual abuse; comorbidity; severity; psychosocial functioning; girls; environmental risk factors; victims, 1614
psychosis; schizophrenia; epidemiology; substance abuse; substance dependence, 13635
psychosocial dysfunction; posttraumatic stress disorder; comorbidity; trauma exposure; symptom severity; functional impairment, 25728
psychosocial service utilization; bipolar disorder; comorbidity; Systematic Treatment Enhancement Program, 20539
quetiapine; gabapentin; treatment-resistant schizoaffective disorder; crack cocaine addiction; cormorbidity, 29402
rapid-cycling bipolar disorder; obsessive-compulsive disorder; akathisia; quetiapine, 2226
reading comprehension; reading disability; attention-deficit/hyperactivity disorder; phonological processing skills; comorbidity; reading skills; word decoding; cognitive control functions, 19770
relapse; marijuana dependency; outpatient treatment; substance abuse treatment; comorbidity; major depression; attention deficit hyperactivity disorder, 35895
schizophrenia; elderly patients; comorbid diseases; schizophrenia management; special management; time of onset; treatment approaches, 19418
school refusal; social phobia; academic difficulties; learning difficulties; functional outcomes; employment; education; dysthymia; comorbidity, 14678
serious mental illness; community-based psychiatric treatment; comorbid medical conditions; medical comorbidity; community psychiatric services; medical illnesses; adults, 25490
serotonin transporter; major depression; alcoholics; serotonergic neurotransmission; alcoholism; cormorbidity; polymorphism; alleles, 11007
serum testosterone levels; comorbid depression; major depressive episode; chronic schizophrenic patients; antipsychotic medications; inpatients, 11507
severe mental illnesses; SMI; health; medical comorbidities; diabetes; schizophrenia; antipsychotic medications, 22533
sexual dysfunction; treatment; sex offenders; comorbidity; sexual health; life satisfaction; quality of life; sex offense recidivism, 26775
sleep disturbances; chronic disease; older adults; comorbidities; sleep problems; Sleep in American survey, 25456
sleep respiration; comorbidity; panic disorders; posttraumatic stress disorder; nightmare disturbance; non-rapid-eye movement sleep; REM sleep, 10840
smoking cessation; substance abuse treatment; substance abusers; psychiatric comorbidity; smoking behaviors, 32808
social anxiety disorder; major depression; pediatric primary care; depressive disorders; comorbidity, 25702
somatoform disorders; functional impairment; comorbidity; anxiety disorders; depressive disorders; disorder prevalence, 31659
somatoform disorders; internal medical inpatients; psychiatric disorders; comorbidity, 22806
specific phobia; anxiety disorders; stiff man syndrome; illness duration; non-motor symptom; motor disorder; psychogenic movement disorder; comorbidity, 16771
speech disorders; co-occurring disorders; non-speech disorders; language disorders; stuttering children; treatment services, 13848
stability; comorbidity; diagnostic thresholds; depression; anxiety; community-based samples; young adults, 1386
substance abuse treatment; treatment agencies; opinion leaders; co-occurring disorders; mental health disorders; technology transfer agents, 20748
substance abuse; recovery; mental illness; social supoprt networks; relapse; boredom; loneliness; temptations to use; stress; co-occuring disorders, 28557
substance abuse; schizophrenic patients; anti-parkinsonian drugs; risk factors, 7736
substance dependence; bipolar disorder; comorbid; perceived symptom improvement; integrated group therapy, 22475
substance use disorders; treament outcomes; adolescents; psychiatric comorbidity; anxiety disorder; conduct disorder; attention deficit hyperactivity disorders, 26741
substance-related disorders; mentally ill jail inmates; co-occurring mental disorders; social work implications, 8909
suicidal ideation; generalized anxiety disorder; major depression; asthma; comorbid mental disorders; drug use; alcohol use, 11182
suicidal ideation; psychiatric comorbidity; attempted suicide; suicide attempts; eating disorders subjects; suicidality, 19273
suicidal ideation; suicidal behavior; substance use; Greek male conscripts; personal coping resources; behavior severity, 16477
suicide attempts; veterans; treatment seeking; pathological gamblers; comorbid conditions, 1331
suicide risk; Somatization disorder; psychiatric outpatients; suicide attempts; comordiity; personality disorders; major depressive disorders, 28990
suicide; mental disorders; disease management; suicide prevention; treatment effectiveness, 8658
Symptom Check-List 90R; DSM-IV symptom disorders; comorbidity; axis I disorders; axis II disorders; clinicians; personality disorders, 30459
thyroid disorders; Alzheimer's Disease; older people; geriatric patients; outpatient population; cognitive function, 11304
topiramate; treatment of Comorbid Night Eating Syndrome; PTSD; posttraumatic stress disorder; night eating episodes; sleepwalking episodes, 29393
Tourette syndrome; psychopathology; adolescent patients; clinical characteristics; symptoms; comorbidity, 35265
Tourette's disorder; caregiver burden; psychiatric comorbidity; parents; asthma, 4847
trait vulnerability; generalized anxiety disorder; depressive diagnoses; comorbidity; psychological measures, 34897
treatment of depression; epilepsy patients; transcultural issues; comorbidity; psychotherapy; drug therapy; treatment access & acceptability, 4522
treatment outcome; exposure and response prevention therapy; obsessive compulsive disorder; schizophrenia; comorbidity, 32324

treatment strategies; sleep disturbance; major depression, 7822
treatment-seeking alcoholics; childhood abuse; sexual abuse; physical abuse; comorbid affective disorders; anxiety disorders; suicide attempts; childhood trauma; parental dysfunction, 35038
trichotillomania; lithium; comorbidity; bipolar disorder, 2144
type 2 diabetes; mental illness; schizophrenia; comorbid conditions; communication ability; denial of illnes; social withdrawal; antipsychotic medications; insulin resistance; glucose intolerance, 22402
winter seasonal affective disorder; childhood inattentiveness; dysphoria; adult obesity; carbohydrate craving; 7 repeat allele dopamine 4 receptor gene; weight gain; attention deficit; disease course, 10750
womens experience; substance abuse; mental health conditions; dual diagnosis; co-occuring condition, 22419
work disability; psychiatric comorbidity; inflammatory rheumatic diseases; illness severity; physical functioning; depression severity, 26047
working definition; developmental dyslexia; comorbidity; teacher knowledge, 7988
young offenders; suicidal behavior; substance abuse; comorbidity; prediction; juvenile delinquency; risk factors; housing stress, 1590

Comorbidity—Books
Attention-deficit/hyperactivity disorder: A clinical guide to diagnosis and treatment for health and mental health professionals (3rd ed.), 1701
The prevention of anxiety and depression: Theory, research, and practice, 8386

Comorbidity—Chapters
The comorbidity of anxiety and depression, and the implications of comorbidity for prevention, 8395
Developmental coordination disorder in Swedish 7-year-old children, 1702
The effects of drug abuse on sexual functioning, 4549
Epidemiology and comorbidity, 22659
The nature of anxiety and depression: Implications for prevention, 8396
Psychiatric assessment and treatment of depression in dementia, 1884
Psychopathology and intellectual disability: The Australian child to adult longitudinal study, 13559

tacit skills; learning environments; workplace learning; knowledge; work performance; competences, 36251
tacit skills; skills recognition; learning outcomes; adult learning; work re-entry; practitioners; personal competences; workplace education; workplace training; job knowledge, 14723
teaching curriculum; technological competence; early childhood, 29982
wellness promotion; life competency; school psychology; healthy living promotion, 12093

Competence [See Also Professional Competence]—Chapters

Adaptation among youth facing multiple risks: Prospective research findings, 4163
Cultural sensitivity and cultural competence, 2615
Developing childhood proclivities into adult competencies: The overlooked multiplier effect, 15924
Differential use of cerebral mechanisms in bilinguals, 15996
The early progress of able young musicians, 15990
Expertise, competence, and creative ability: The perplexing complexities, 16316
Holistic contextual perspectives in risk, protection, and competence among low-income urban adolescents, 4165
Intelligence as adaptive resource development and resource allocation: A new look through the lenses of SOC and expertise, 16310
Neuropsychological evaluations in the context of competency decisions, 3218
On abilities and domains, 15925
The quadripartite model revisited: Promoting positive mental health in children and adolescents, 16995
A resilience framework for research, policy, and practice, 4093
Sometimes necessary, never sufficient: False-belief understanding and social competence, 7447
Trait complexes, cognitive investment, and domain knowledge, 16305

Competence (Social) [See Social Skills]

Competency to Stand Trial—Serials

adjudicative competency; juvenile population, 33424
amnesia; competency to stand trial; defendants; legal processes, 6200
capital punishment; special offender; factorial survey design; mentally retarded offenders; mental capacity; public policy, 12402
competence to stand trial; Ninth Circuit Court; defendant; mental illness; client competence; defense attorney; mental health evaluator; decision-making abilities; court rulings, 6201
competency restoration; judicial trial; mental retardation patients; incompetency; training program; formal training; judicial system; mental health; formal training tool; Slater Method, 5669
competency restoration; judicial trial; mental retardation patients; incompetency; training program; formal training; judicial system; mental health; formal training tool; Slater Method, 5670
competency to stand trial; demographic variables; psychiatric variables; criminal defendants; predictor variables; mental health examiners; restorability, 12406
competency to stand trial; Dusky standard; Evaluation of Competency to Stand Trial-Revised; validity, 6319
competency to stand trial; petitioned juvenile defendants; juvenile competence; special education needs; mental health treatment; treatment planning, 14506
competency to stand trial; petitioned juvenile defendants; juvenile competence; special education needs; mental health treatment; treatment planning, 14505
courts; competency to stand trial; forensic evaluation; mental health professionals; concordance rate; judges, 27236
forced medication; criminal defendant; antipsychotic drugs; competence to stand trial; Second Circuit Court of Appeals, 9303
forcible medication; courtroom competence; legal rights; psychotropic drugs; medical ethics; physicians' dual loyalty, 27224
forensic aspects; Aspergers syndrome; offending; antisocial behavior; fitness to plead; legal insanity, 28893
individualized treatment protocol; pretrial forensic inpatients; patients competency restoration; competency; deficit focused remediation; legal rights education, 8422
individualized treatment protocol; pretrial forensic inpatients; patients competency restoration; competency; deficit focused remediation; legal rights education, 8405
Jurisprudent Therapy; competency; mental retardation; legal system, 32034
Jurisprudent Therapy; competency; professional psychology; psychologists; law; legal system, 33407
juvenile competence to stand trial; psychologists; forensic evaluations; psychological assessment; forensic tests; test usage, 166
mental health practice; testamentary capacity; jurisprudent therapy; elderly, 32659
mental health professionals; competency to stand trial; opinions, 33427
mental health professionals; juvenile legal evaluation; legal competency; juvenile competency evaluation; evaluation techniques; commitment criteria; youth client descriptions; legal issues, 33425
psychological assessments; evaluation of competency; competency to stand trial; ATP scales; feigning screens, 24272
psychotic disorders; psychiatric symptoms; ability to stand trial; at risk population; legal ability; legal impairment; hallucinations; hostility; depression; diagnosis, 19731

Competency to Stand Trial—Chapters

Neuropsychological evaluations in the context of competency decisions, 3218

Competition—Serials

aggression; altruism; polyembryonic wasp soldiers; kinship; resource competition; kin selection theory; competition; Encyrtidae; parasites; broods; clonal division; reproductive larvae, 30791
alliance formation; inter alliance rivalry; alliance competition; group dynamics; competitive engagements; firm specific variables, 6038
animal behavior; pigeons; competetive feeding; animal foraging; wheat; maize, 27670
anxiety responses; competition; intensity; perceptions; intrusions; somatic anxiety; cognitive anxiety; self confidence; competitive athletes, 24047
athletic performance; elite athletes; trampolinists; situated cognition analysis; course of action; competition activity; elementary units of meaning; psychological preparation; self confrontation, 14808
body image; self-esteem scores; eating disorder; dieting; beauty pageant contestants; pageant participation; competition; surveys, 4810
Brazilian scientific community; growing competition; stress; burnout; contributions to science; university level science students; science professors; post-doctoral fellows, 14634
collaborative efforts; health promotion; competitive environment; nutrition agencies; joint campaigns; advocacy; autonomy; discredited market system; individual integrity, 17223
competition; achievement motivation; Chinese classrooms; Chinese students, 26927
competition; cognitive appraisals; emotions perception; adaptive approaches; athletes; positive emotions; challenge; theoretical model; sport context, 27139
competition; visual working memory; selective attention, 30575
competitive ability; predation risk; Eurasian perch; Perca fluviatilis; habitat use; growth, 18529
competitive anxiety; self-confidence; anxiety perceptions; cognitive symptoms; somatic symptoms, 27140
competitive situations; gender socialization; healthy competition; hypnotic methods; hypnosis; competitive strivings; women, 32494
competitors recognition; male golden hamsters; dominant relationships; subordinate relationships; aggressive encounters; behavioral responses, 27668
discontinuity effect; intergroup relations; individual relations; competition, 34619
dominance; territoriality; competition; conditional breeders; conditional mating; variegated pupfish; Cyprinodon variegatus, 24592
economic growth; national samples; competitiveness, 13373
emotional intelligence; matrix organization; interpersonal relations; employee competition; decision making; organizational change, 27111
emotional states; athletes; precompetition; postcompetition; actual measurement & report; retrospective measurement & report, 2974
environmental dynamism; manufacturer-supply relationship; downstream environment; relational governance; manufacturer collaborative belief; supplier knowledge; interparty learning, 14758
experimental oligopolies; competition; Cournot markets; industry, 36379
export information; information use; competitive advantage; business performance; decision making, 12350
female competition; monogamy; gossip; stigmatization; aggression, 34539
female receptivity; last-male sperm precedence; sperm competition; bruchid beetle; prior oviposition; copulations, 18481
financial institutions; financial service; financial retail sector; empowerment; competitiveness; employee attitudes, 6028
generic advertising; public good; inter-firm cooperation; adaptive aspirations; declining sales trends; competing stores, 12307
group choice; habitat matching; impulsiveness; temporal discounting; competitive success, 4344
group communication; group competition; digital communities; web-based interaction; text messaging, 30303
implicit goals; explicit goals; projection; conscious goals; unconscious goals; learning goal; performance goal; actual goal; interpersonal consequences; predisposed goal; priming; competitive goals, 15338
insect feeding; competition for food; fruitworms larvae; fruit color; food foraging behavior; host plant modification, 18500
intangible resources; firm sustainability; firm profits; competitive advantage; Tobins q; performance differences, 33306
inter-organizational cooperation; intra-organizational cooperation; agile manufacturing; competition; quality of production, 36407
internet; organizations; competition; information overload; technology, 30116
intrasexual competition; individual differences; sensational interests; mating effort; sexual partners; age differences; sex differences; undergraduate students, 13496
intrinsic motivation; recreational activities; intergroup competition; cooperation; performance; enjoyment, 22297
local bandwagon effect; culture; competition; cultural niches; homophily model; distancing model; sociodemographic segments; cultural practices; society segment; dual ecology; cultural form, 1075
male orb web spiders; Metellina segmentata; mate guarding; seasonal morphology changes; size; exclusion; male-male competition, 12761
male-male competition; female proximity; social behaviour; social structure; reproductive skills, 6711
marketplace mythology; power; market structures; competitive characteristics, 33334
mate attentiveness; breeding; long-term pair bonding; house finch; competitive ability; mate quality; behavioural interactions; affiliative behaviour, 18503
maternal androgens; begging behavior; competitive ability; Larus ridibundus; yolk androgens; black headed gull chicks, 12747
mental training program; pre-competitive anxiety; self-confidence; tennis performance; junior player, 30245
multidimensional model of momentum; psychological momentum-performance relationship; team-efficacy, 19128
multimarket contact; multiunit organizations; division contact; division competition; franchised fast-food industry, 36383
nonprofit organizations; nonprofit competition; charitable programs; fee-based; American Red Cross; competitive strategies, 20944

organizational culture; human resource management practices; managers; competitive strategy; organizational performance, 36363
patch size; aggression; foraging; house sparrows; competitor number, 27657
perspective taking; rules of the game; focusing; bounded rationality; Monty Hall; acquiring a company; ultimatums; failures; competitive decision making, 9683
physical competition; athletes; sexual partners; phenotypes; fighting ability; competitive sport; educational level; physique, 16211
precompetition emotions; bodily symptoms; task-specific qualities; athletic performance predictors; karate athletes, 30248
precompetition self-confidence; self-discrepancies; performance; cognitive anxiety, 36419
resource competition; grooming partners; grooming relationships; female baboons, 6706
schizophrenia; lexical competition; word identification; schizophrenia symptoms; thought disorder; spoken words, 22566
self-presentational behavior; cognition; affect; competition; sports; self-handicapping behavior; stereotypes; social physique anxiety, 14811
service organization; competitive performance; organizational systems; health care insurance; competitive advantage, 2932
sexual selection; scramble competition; mate location; mate choice; eucalypt leaf beetle; chrysophtharta agricola; mating system, 27666
sight singing requirements; ratings based large group choral festivals; junior high school; senior high school, 33088
social dominance evolution; game theoretical model; winner and loser effects; rank differentiation; conflict, 9797
social dominance evolution; transitive hierarchies; rank differentiation; winner and loser effects; conflict; game theoretical model, 9796
social loafing; competitive context; inter group competition, 20966
sperm competition; extrapair copulations; mate guarding; Serinus serinus; mating behavior; extrapair paternity; sexual competition; birds, 12754
spider monkeys; party size; fruit abudant season; fruit scarce season; relationships; scramble competition; fruit availability; association index; fission & fusion social organization, 15423
sport competition; coping strategies; perceived goal attainment; affective states; anger-dejection, 27125
stock market dynamics; internet price competition; discount rates; pricing objectives; internet stocks; hybrid e-tailors; existing customers; financial markets, 9201
task complexity; marketing; evaluation of potential entrants; threat; decision making; marketing managers, 3035
team innovation; goal interdependence; team reflexivity; organizational competition, 36401
temporal fluctuations; prey densities; predator interference; foraging competition, 30802
testosterone; cortisol; rowing ergometer competition; individual differences; gender differences; hormone behavior relationships, 34124
Theory of Realistic Conflict; competition; institutional settings; intergroup status; decisions; interdependence; ingroup; out-group, 7611
training goals; competition goals; goal setting; performance enhancement technique; sports; athletes, 17913
verbal aggression; executive functioning; Taylor aggression paradigm; winning & losing; adolescent males & females, 4144
wage discrimination; foreign competition; interindustry concentration; import penetration; domestic competitions; racial wage disparity, 30110
Who Wants to be a Millionaire; quiz shows; countries; cross cultural analysis; globalization; knowledge hierarchy; television program, 31087

Competition—Chapters

Case Study 9A. Conflict resolution in the spotted hyena, 6779
Juvenile male emigration from natal one-male troops in Hanuman langurs, 3558
The resting parrot, the dessert stomach, and other perfectly defensible theories, 9698

Complementary Medicine [See Alternative Medicine]
Complexity (Cognitive) [See Cognitive Complexity]
Complexity (Stimulus) [See Stimulus Complexity]
Complexity (Task) [See Task Complexity]

Compliance [See Also Treatment Compliance]—Serials

alcohol withdrawal symptoms; client suggestibility; client compliance, 26720
antecedent variables; child noncompliance; treatment; young children; outpatients; problematic behavior; task demand; parental presence, 11416
attribution; compliance; responsibility inference; causation; incentive; motivational contexts, 1211
child noncompliance; toddler behavior problems; prediction; behavior stability; behavior change; maternal behavior; child gender; mothers; mother-child relations; externalizing behavior, 7440
command hallucinations; compliance; resistance; coping strategies; illness experience, 26185
complementary care; physican perceptions; compliance; patients, 8946
compliance behavior; child temperament; caregiver-child interaction; caregiver behaviors; daycare quality; preschool children; predictors; classroom settings, 34517
compliance; similarity; unit relationship; request, 7606
diary compliance improvement; reporting schedules; auditory signalling; diary protocol; diary entries; self-reported compliance; verified reporting compliance; chronic pain, 1752
differential negative reinforcement; noncontingent escape; compliance; problem behavior; autism, 2050
disrupt-then-reframe technique; social influence; compliance; disruption; reframing; sales scripts; persuasion techniques, 27148
door-in-the-face technique; request compliance; donation solicitation; computer communication; website, 24082
goal-directed approach; compliance gaining behaviors; conversational goals; conversational constraints, 31490
health professionals; empowerment; treatment; health professionals role; health care provider; patients; compliance, 8926
homework compliance; homework assignments; psychotherapy research; assessment, 26246
homework compliance; psychotherapy outcomes; therapeutic processes; client commitment; psychotherapeutic techniques, 16940
individual differences; cultural variation; cultural orientation; behavior; personal individual-collective primacy; personal individualism-collectivism; nationality; social obligation-based compliance, 28449
interrogative suggestibility; self-deception; compliance; psychoticism; neuroticism; prison inmates; impression management, 27219
New York law implementation; driver cell phone use; gender; age; vehicle type, 12369
parental teaching; child compliance behavior; parenting techniques; noncompliant children; parent child relations; at risk populations; antisocial behavior problems, 16172
partial compliance; patient consequences; schizophrenia; antipsychotic medication, 11510
participant observation; noncompliance; smoking; smoke-free ordinance; stand-alone bars; California, 10438
personality dimensions; psychoticism; extraversion; neuroticism; prison inmates; college students; university students; compliance behavior; Eysenck personality dimensions, 34678
product instructions compliance; product instructions; process-cause information; instruction-based behavior; intention, 17932
social desirability; interrogative suggestibility; compliance; adolescent behaviors; personality; institutionalized adolescent males, 11972
social response context model; social influence; cultural evidence; compliance; contagion; independence, 22311
teacher motor performance data; South Carolina Physical Education Assessment Program; teacher competency; teacher compliance; state assessment program; data compliance; scoring rubrics; high schools, 14655
touch; helping behavior; spontaneous help; compliance, 7613
treatment effects; generalization effects; autism; errorless academic compliance training; cooperation, 14707
use of please; please requests; plead request; compliance rate, 19116
youth tobacco access; assessment validity; standard compliance protocol; tobacco consumption; familiarity protocol, 10245

Comprehension [See Also Number Comprehension, Verbal Comprehension]—Serials

age differences; language comprehension; perceptual symbols; response times, 24875
aphasia; cerebral infarct; Arabic number writing; errors; semantic representation; syntactic comprehension; verbal number comprehension; transcoding; handwriting kinematics, 29143
aphasia; fluent; nonfluent; inference comprehension; priming effects; meaning, 26180
bioethics; informed consent; comprehension; decision making; schizophrenia; psychosis; aging; research participation; routine vs enhanced consent procedure, 10781
brain areas; lesion analysis; language comprehension; brain-injured patients; left hemisphere stroke patients, 22928
causal question asking; student questions; comprehensibility rating; causal chain length; effects; causal relations; reader knowledge; metacognitive awareness; antecedent question; school grade level, 12154
child understanding; conceptualization; scientific inquiry, 26933
chimpanzees; understanding of mental states; theory of mind; paradigm shift, 21434
classroom discourse; mathematics teaching; culturally diverse; elementary students; contribution; mathematics classroom; sense making; teachers; reasoning, 2757
cognitive deficits; schizophrenia; conflict processing, 7888
cognitive engagement; boys; ADHD; attention deficit hyperactivity disorder; story comprehension; central information; incidental information; academic difficulties, 11087
cognitive processes; comprehension; language; cognitions, 15867
cognitive test anxiety; text comprehension; recall; external evaluative pressure; student memory, 21364
communicating information; decision making; participation; physician-patient communication; patient understanding, 23369
communicative gestures; speech acts; children; direct communicative act; indirect communicative act; deceitful communicative act; ironic communicative act; mental representations; inference, 22026
complex system aspects; school children; mental models; coding scheme; expert understanding; novice understanding; Structure Function Behavior theory; knowledge representation, 18329
comprehension; complex reference object formation; singular pronouns; plural pronouns; syntactic structure, 33668
comprehensive rehabilitation; close relatives; family adjustment; traumatic brain injury; long-term adjustment; emotional adjustment, 14430
computational model; story comprehension; simulation results; inference process; story coherence; story recall, 9650
computers; model of mind; human-computer interaction; computational objects; intersubjective relationships; robotic creatures; psychodynamic understanding; psychoanalytic discourse; virtual realities, 13525
condom usage; self report measures; validity; test comprehension, 9458
constructivist perspective; measurement strategies; developing strategies; strategy development; teaching experiment; cognitive processes; linear measurement; case studies, 12139
context use; control children; pragmatic comprehension; specifically language impaired children; SLI children; contextual processing, 8103
disabilities; physical explanations; biological explanations; social-psychological explanations; childrens understanding; physical disability; blindness; ADHD; learning disability, 31186
elementary school children; comprehension; hypothetical beliefs; hypothesis-testing process; statements of preference; age differences; cognitive development, 34269
elementary school children; understanding; television advertising; China, 18890
episodic situation model; factorisation; primary school pupils; comprehension; problem-solving strategies; situation model; word problems; procedural models; arithmetic, 13170
event-related potentials; coherent representation; language comprehension; semantic information; negative deflection; sentence processing, 7894
event-related potentials; multiple brain networks; semantic comprehension; spatiotemporal source analysis, 33981
false-belief understanding; low-income population; verbal ability; social competence, 13203
Filipino children; understanding; peace; war; peace-attaining strategies, 10146
formal reasoning; everyday reasoning; logic; insight; language; mental models; information integration; inference; alternative possibilities coordination; narrative comprehension; cognitive operations, 24465
gifted learners; understanding; knowing; intellectual bar; teaching for understanding; constructivism, 14700
graphic jokes; children's representational activity; comprehension, 31118
graphic symbol utterances; production; comprehension; augmentative communication systems; alternative communication systems; sentence structure; graphic symbol display, 32824
graphs; interpretation; scientists; iterative process; familiarity, 9677
high school students; geometric transformations; technological tool; geometry; mathematics education; Geometer's Sketchpad, 2784
human evolution; epistemological beliefs; open-minded thinking; animal evolution; biological evolution; cognitive disposition; student understanding; knowledge level, 17742
idiom comprehension; metapragmatic knowledge; contextual characteristics; linguistic convention; idiom familiarity level; age differences; children, 22037

idioms comprehension; language-based learning disabilities; word meaning, 25978
instructional techniques; common knowledge; virtual learning environment; tutorial group; understanding; tutor contributions; E-learning, 36125
international reading association; IRA; decision making; understandings; beliefs; teachers; reading teacher preparation programs; teacher education, 17603
iSTART; Interactive Strategy Training for Active Reading and Thinking; reading strategy training; comprehension; science texts; Web-based application, 33015
language comprehension; human brain; language disorders; sensory areas; lateralization; location; functional magnetic resonance imaging; fMRI; language stimulus; cortical processing, 3717
language comprehension; words; sentences; visual objects, 28030
language comprehension; working memory; traumatic brain injury; adolescents performance, 29155
language lateralization; joke comprehension; handedness; event-related brain potentials; anterior electrode sites; language representation; hemispheric asymmetries, 21497
lateralization; language functions; auditory functions; spoken language comprehension; phonemes; left hemisphere, 21585
lexical decision; semantic priming; verbal humor; joke understanding; meaning activation; initial meaning; intended meaning, 6597
lexical effects; language understanding; neural networks; language processing; lexical knowledge; phoneme perception; speech perception; coarticulation, 345
lexical effects; language understanding; neural networks; language processing; lexical knowledge; phoneme perception; speech perception; coarticulation, 346
long looks; cognitive engagement; attention deficit hyperactivity disorder; ADHD; causal relations; comprehension, 13795
magnetoencephalography; temporal lobe; magnetic resonance imaging; language comprehension task, 379
mathematical word problems; reciprocal teaching; teaching methods; academic achievement; comprehension strategy, 26914
media exposure to suicide; early experience; cognitive development; comprehension; social influences, 929
memory monitoring; comprehension abilities; schizophrenic patients; verbal comprehension; encoding, 28694
mental animation; mechanical system; dynamic processes; instructional treatments; spatial visualization; verbal description; mental models, 9653
mental imagery; neuroimaging; scientific psychology; cognitive science; comprehension, 30843
metacognition; explanation; understanding; knowledge; cognitive development; age differences; awareness; explanatory depth, 10197
metaphor comprehension; cognitive concepts; inherent circularity; schemas, 3372
metaphor comprehension; right-brain damage; visuo-verbal material; verbal material, 29175
Miranda rights; juvenile offenders; false confessions; capacity to confess; special education; IQ; age, 9306
misunderstanding; standardized language; research interviews; language interpretation; interviewing methods, 18225
mothers; behavior modification; pretense; pretend play; real world comprehension; infant development; cognitive development; cognition; pretender behaviors; mother-toddler communication; signal value, 7389
N400; P600; event-related brain potentials; language comprehension; Italian language; sentence comprehension, 27972
one-to-one tutoring; monitoring accuracy; learning gains; students' understanding, 33117
output hypothesis; second language learning; comprehension; semantic processing; syntactic processing; psycholinguistic mechanisms, 4044
paraphrase procedures; schizophrenia treatment; comprehension problems; health outcome measures; systematic assessment; treatment outcomes; health conditions; respondent comprehension, 16889
parental guidance; spatial-graphic representations; preschoolers understanding; creative behaviors, 31189
pathological gambling; high school students; DSM-IV-MR-J test items; test reliability, 12488
priming; auditory comprehension; aphasia; neutral lexical probes, 29192
processing speed; aging adults; psychoacoustics; speech perception; cognitive processing; comprehension; age-related differences; auditory temporal processing; noise, 7474
prosody; lexical-semantics; event-related potentials; affective message, 34096
psychiatric disabilities; comprehension; research article, 1382
referential understanding; videos; chimpanzees; orangutans; children; Pan troglodytes; Pongo pygmaeus; Homo sapiens; visual cues; visual search, 9770
relational concepts; knowledge; following directions; concepts; comparative & superlative; directions; understanding instructions; children; US vs China, 12169
resource allocation theory; dual-task methods; aphasia; clinical assessment; language comprehension task; visual-manual tracking task; dual-task conditions, 29152
schizophrenia; cognitive impairment; metaphor recognition; irony; personality traits; language comprehension; semantics; pragmatic language, 16437
schizophrenia; William Faulkner; language; The Sound and the Fury; literature; comprehension; psychopathology, 10077
schizophrenia; William Faulkner; language; The Sound and the Fury; literature; comprehension; psychopathology, 10078
schizophrenia; William Faulkner; language; The Sound and the Fury; literature; comprehension; psychopathology, 10076
schizophrenia; William Faulkner; language; The Sound and the Fury; literature; comprehension; psychopathology, 10073
science apprenticeship program; comprehension; nature of science; scientific inquiry; high-ability secondary students, 17616
self-explaining; learning; text; diagram; metacognitive strategy; information; human circulatory system, 9700
semantic refractory access disorder; semantic organisation; proper nouns; person names; brand names; conceptual knowledge, 19965
semantic refractory access dysphasia; spoken word comprehension; matching-to-sample performance; visual processing; semantic processing; verbal comprehension; visual comprehension, 20072
semantic word processing; global aphasia; cognitive function; word comprehension; left hemispheric redundancy recovery, 20079
semantics; gesture; gesture classification; gesture comprehension, 24878
sequential processing; comprehension; hierarchical graphs; eye movements, 21334
social constructionist approach; intersubjective understanding; conversational activity; discursive psychology; research interviews; discourse analysis, 1078
social understanding; theory of mind abilities, 19153
speaking; monitoring addressees; understanding, 9645
story comprehension; story production; narrative comprehension; human communication; neuropsychology; interrelation; neuroimaging, 27761
tacit understanding; relational understanding; embodied understanding; video cued narrative reflection; practice-based understanding; videotaped interaction; reflective narrative, 6450
terrorist atrocity; Shankill Bombing; terrorism; understanding, 22710
understanding; inversion concepts; addition; subtraction; multiplication; division; math problems, 6590
understanding; symbolic processing; infants; toy model-real exemplar relations; categorization; conceptual development; lexical development, 13216
video recordings; interview transcripts; learning environment; curriculum materials; computer activities; science classes; middle school students; science contest understanding; online resources, 17640
virtual teams; learning module; adult learners; group dynamic; Computer-Supported Collaborative Learning technology; research, 34605
Web use; satisfaction; performance; linguistic inconsistency; language interfaces; direct manipulation; text-based interface; hybrid interfaces, 4022
word familiarity; word recognition; text comprehension; silent reading; vocabulary acquisition; eye movements, 12684
working memory span; situation model processing; comprehension; memory processing; working memory capacity, 24511
written production; proper nouns; dates; aphasia; oral production; comprehension impairment, 26167

Comprehension [See Also Number Comprehension, Verbal Comprehension]—Chapters

An essay concerning human understanding (selections), 401
Exploring the functional neuroanatomy of music performance, perception, and comprehension, 7020
An inquiry concerning human understanding, 398
The neural correlates of action understanding in non-human primates, 3743
New essays on human understanding (of ideas), 400

Comprehension Tests—Serials

attentional demands; reading comprehension; third graders, 36152

Compressed Speech—Serials

acoutic analysis; pathological voices; MPEG system; audio signal; mp3; sound quality; music compression; speech compression; bitrate; normal voices; high fidelity; dysphonic voices; voice parameter, 15836
presentation level; compression; sentence recognition; speech recognition; modulated noise; hearing; audiological factors, 32205

Compulsions [See Also Compulsive Repetition]—Serials

compulsive behavior; eye blink; Prader-Willi syndrome; neurochemistry, 32088
compulsive features; eating disorders; childhood trauma; sexual abuse, 19322
compulsive hoarding; hoarding behavior, 7949
compulsive smoking; nicotine dependence; unidimensional construct; physical dependence; smoking behavior; Fagerstrom test; social problems; Rasch analysis, 10971
compulsive traits; impulsive traits; serotonin; bulimia nervosa, 1697
Diagnostic Screener for Compulsive Buying; cross cultural transferability; compulsive behavior; consumer behavior, 18192
drug seeking; cocaine self administration; addiction; compulsive behavior; rats, 34184
neural correlates; washing; checking; hoarding; symptoms; obsessive compulsive disorder, 31813
obsessive compulsive disorder; treatment outcome; initial presentation; naturalistic treatment; exposure; ritual prevention; outpatients; African Americans; Caribbean Americans; Caucasian Americans, 8439
obsessive-compulsive symptoms; attention deficit; mild mental retardation; risperidone treatment; aggression; children; chronic tic disorder; adverse effects, 23238
orbitofrontal cortex; compulsive behaviors; obsessive-compulsive disorder; neurocognitive correlates; executive basis; neural underpinnings, 25711
Prader-Willi syndrome; maladaptive behavior; compulsive behavior; older adults, 19853
Sexual Addiction & Compulsivity; research, 10898
Transcendental Meditation; autonomic nervous system; compulsive behavior; obsessive thoughts; frontal lobes; prison inmates; rehabilitation, 8904

Compulsions [See Also Compulsive Repetition]—Chapters

Self-control and sexual behavior, 13390
To buy or not to buy?: Self-control and self-regulatory failure in purchase behavior, 13724

Compulsive Gambling [See Pathological Gambling]

Compulsive Neurosis [See Obsessive Compulsive Disorder]

Compulsive Personality Disorder [See Obsessive Compulsive Personality Disorder]

Compulsive Repetition—Serials

body-focused repetitive behaviors; affective variables; behavioral expression; proximal effects; distal effects; skin picking; nail biting; anxiety; depression, 34808
psychoanalytic perspectives; trauma survivors; social theoretical perspectives; childhood sexual abuse; psychodynamic theories; traumatic repetition; dissociation, 7782
repetitive behavior; erratic gross-motor body movements; autism; visual stimulation, 11078

Compulsivity (Sexual) [See Sexual Addiction]

Computer Anxiety—Serials

computer anxiety; teacher candidate; candidate students, 14635
computer experience; computer anxiety; models; sex differences, 4068
computer technology; Computer Anxiety Scale; covariance modeling; German college students, 18091
gender differences; computer anxiety; computer attitudes; anxiety; Y2K computer problem; Y2K preparations, 10092
initial computer experience; subsequent computer experience; computer anxiety, 34213
teacher anxiety; internet anxiety; high school teachers; Internet Anxiety Scale, 5839
test validity; measurement; computer self-efficacy; computer anxiety; Internet test version; paper-and-pencil test version; test development; sampling, 9378

Computer Applications [See Also Artificial Intelligence, Computer Assisted Design, Computer Assisted Diagnosis, Computer Assisted Instruction, Computer Assisted Testing, Computer Simulation, Groupware, Hypermedia, Hypertext]—Serials

ADHD; treatment algorithm; Children's Medication Algorithm Project; community mental health center; Swanson, Kotkin, Agler, M-Flynn and Pelham Scale; data collection; web-based instruments; Internet, 12545
alcohol consumption; efficacy evaluation; normative feedback intervention; heavy-drinking college students; perceived norms; drinking behavior; computerized information; typical drinking, 28866

anomaly detection; sequence learning; computer security applications; machine learning; instance based learning; hidden Markov models, 12384
anonymity; computer-mediated communication; direct communication; group norms; social influence; attitude change; category norms, 4380
arc-consistency algorithms; backtrackers; time-complexity; space-complexity; maintain arc-consistency, 36512
artificial neural networks; production scheduling; business applications, 9272
blending scenarios; informal argumentation; universal access; interactive computer based products; services; human computer interaction communities; wisdom; human factors, 9207
body image satisfaction; body image measurement; computer digital imaging; computer manipulation, 34707
boolean functions; search space; hard task; cryptography, 33383
brain injury; computer-assisted training; memory retraining programmes; amnesia, 32189
chronic stroke patients; visual field defect; cortical level; visual evoked potential; rehabilitation; computer assisted training; perimetry, 11886
cognitive behavior therapy; therapists; computerized self help, 20173
cognitive behavioral treatment; anxiety disorders; computer-supported treatment; virtual reality exposure therapy, 16981
cognitive remediation training; cognitive deficits; schizophrenia; functional outcomes; work therapy; memory; computerized training, 16432
collaboration; social interaction; mixed media environment; media space; human computer interaction, 3044
communication mode; computer-mediated communication; group support systems; idea generation, 33398
community discourse; web forum; anonymity; computer-mediated communication; local issues, 28162
computer algebra systems; mathematical classrooms; self-regulated learning, 17650
computer based treatment; aphasia treatment; computers; speech and language therapy, 35905
computer interfaces; interface designs; world wide web; guidelines, 21019
computer mediated communication; trust evaluation; human computer interaction; social dilemma; games, 9213
computer security; cryptology, 33386
computer supported visualization; quality systems; design teams; design process; prototypes; quality standards, 14860
computer system; clinician time; phobia; panic disorder; self relaxation; psychotherapy, 17110
computer systems; microswitches; vocal utterances; persons with multiple disabilities, 19268
computer treatment; mental health problems; multimedia programs; anxiety; depression; cost effectiveness; psychotherapy, 16911
computer-aided treatment; self-help; cognitive behavior therapy; anxiety disorders; depressive disorders; self-help clinics, 14065
computer-assisted intervention; Fast ForWord Language program; academic performance; oral language competency; phonological processing abilities; basic reading skills; classroom behavior, 5915
computer-assisted language learning; language teaching, 36115
computer-based education; computer-aided education; cognitive styles; computer performance; performance effectiveness perception, 26915
computer-based intervention; nutritional counseling; health promotion; fruits consumption; vegetables consumption; dietary intervention; fat intake, 11743
computer-based program; child maltreatment; life events; research collaboration, 13719
computer-generated advice letters; smoking cessation; treatment outcomes, 29771
computer-mediated negotiated interaction; lexical acquisition; decision making, 34228
computer-supported monitoring; patient treatment response; information technology; psychotherapy, 16936
computer; communication; human behavior; e-mail; mobile phones; memory, 17948
computerized assessment; ethical issues; computer applications; psychological test administration; clinicians; client; computerized test construction; computerized test administration, 26856
computerized assessment; treatment guidelines; bipolar disorder; patients; bipolar disorder; clinician adherence, 18122
computerized content analysis; leadership research; leadership; linguistic basis; President Bush; rhetoric; media coverage; 9/11 attack; symbolic elements; contextual elements, 21954
computerized feature systems; identifying suspects; crime scenarios; criminal investigation; eyewitness identification success; retrieval system; photos; previous offenders; mug shots, 36539
computerized task conditions; second language learning; foreign language development; adult learners; explicitness, 33136
computers; aphasia, 36466
computers; internet; webcam; internet spectatorship; gender difference; feminism, 13141
concept maps; knowledge representation tool; cognitive representations; computer-based concept mapping tool; dynamic imagery; abstraction level; Web browser, 21032
constructivist counseling; counseling; internet counseling; Web designing; therapeutic issues; negative cognitions; precipitating events; emotions, 32297
cross-national differences; website appeal; framework for assessment; website feature appeal; user evaluation; individual mechanisms; societal mechanisms; inter-nation differences, 30517
cryptographic mapping; algorithms; intelligent systems; block ciphers, 33401
data exchange; common data format; repertory grid data; matrix-structured form; statistical analysis; computer software; Extended Markup Language; XML; current analysis programs; sample applications, 24352
decision making; information systems; web-based decision support systems, 33396
discourse structure; global revision; university students' writing; episode analysis; computer-generated notation; computer medium; text production, 7321
drivers; automobiles; vehicle navigation systems; safety impact; motion, 33376
dysfunctional thoughts; classification; computer module; COGNO; automatic feedback; cognitive therapy, 32320
educational contexts; primary classroom; classroom interaction; classroom dialog; teachers; pupils; computerised system; Classroom Interaction System; primary school, 17743
electronic commerce; automobile dealerships; adopter categories; Web site maturity; strategic understanding; technological understanding; retailing, 17936
electronic mail; e-mail interface; acquired cognitive-linguistic impairment; interface design, 1874
electronic mail; e-mail; talking; objects; conversation, 3041
electronic voting system; lecture interactivity, 26891
elementary in-service teachers; computer use; elementary classrooms; technology; learning, 12134
emotional facial expressions; computer-morphing animations; expression naturalness; rate of change, 30754
European Year of People with Disabilities; awareness of disabilities; information technology; accessibility; design; coping strategies; individual needs; software design; World Wide Web; special needs, 4023
experience sampling techniques; computerized data collection; research design, 3269
flight crew; aircraft performance; area navigation; aircraft flight management computer; pilots; human factors; safety implications; instrument landing system; radio facilities; RNAV approaches, 14868
gender differences; computer scientists; internet usage; internet users; nurses focus groups; gender values; gender stereotyping practices, 15884
group communication; group competition; digital communities; web-based interaction; text messaging, 30303
human-computer interaction; technology; children; entertainment; education; user-centered design, 17940
human-computer interface; computer-supported cooperative work; knowledge management; expertise; mobile computing; micronote taking behavior, 21018
human-computer interfaces; regional lower frequency; upper alpha frequency; on-line indexes; mental activity; EEG, 27174
human-robot interaction; robotics; computer-supported cooperative work; technology, 36476
hypertension treatment; medical informatics applications; health care system; informatics utility; informatics status; informatics future, 8199
individual differences; subjective information; computer technology; quality decisions; classroom work; pupil progress; decision making; curriculum, 23758
infant operant kicking procedure; computerized stimulus control; computerized measurement; kicking; mobile procedure; auditory reinforcers; visual reinforcers, 15963
information and communication technology; evaluation; France; ICT; educational settings; computer applications; Internet; decentralized education management; communication, 5837
information filtering; automatic filtering; Web users, 33394
information systems; action research; uncontrollability; contingency; subjectivity; business process improvement, 33387
information technology; gender issues; labor market; skilled migrants, 34433
input device; touchscreens; early childhood education; junior primary settings, 23823
international children's digital library; digital books; online viewing; book reading access; community libraries; design; digital archive; children books, 17642
Internet applications; lectures; online learning; group work; innovation management; learning pedagogies, 12127
interpersonal communication; information technology; personal information; cultural contexts; cultural settings; cultural values; Middle East, 9253
journal information; editorial; online journal availability; electronic version; Annals of Behavioral Medicine; e-version, 1928
K-means clustering; computer applications; computer software, 6416
labor market; computer technology; wage differentials; cost efficiency; computer skills; computer adoption, 33218
mediated conversation; human computer interaction; talking; things, 3040
minimal invasive education; learning; computer; Internet, 21385
model-based interaction design; structural models; functional models; product design, 30296
motor fault diagnosis; fuzzy neural network; predictive maintenance plan; electrical machines, 24113
multilingual touch-screen; audio computer-assisted self-interviewing; technology; English language; non-English language; software system, 24090
neighborhood formation; collaborative filtering; personalization features; web applications; collaborative recommender systems; robustness; noise; information retrieval, 36508
network attack detection; network intrusion; genetic programming; detection rate, 33390
on-line pattern analysis; evolving self-organizing maps; ESOM; data processing; neural algorithms; constructive network structure; incremental learning ability, 14888
online language processing; disfluent speakers; disfluency; fluency; listener interpretation; biases, 34215
online urban legends; computer-mediated communication; cyberspace; internet; folklore; oral culture; online environment; multimedia, 13133
operant conditioning; technology; computerized touch-screen system, 30559
optimization techniques; modern communications; computer security; automated design; security protocol, 33400
performance assessment; domain knowledge; intelligent database design tools; design synthesis, 30310
personal computer; self-directed search; student preferences; paper-and-pencil; Internet, 33012
personal cybernetics; humanistic intelligence; sensory mediation; visual perception; reality augmentation; computer-generated information; human-computer interaction, 6136
personal websites; interpersonal perception; personality impressions; informant reports; e-perceptions; self-expression; self-reating, 28519
personalized electronic program guide; programme information; artificial intelligence; television viewing; user profiling, 34236
personnel selection; single-stage selection decisions; computer programs; selection procedures; statistical methods, 15124
pragmatic psychology; forensic psychology; psychology-law; database systems; legal research; Psycholegal Lexis Proposal; case archive systems; databases, 14904
pre-school culture; media culture; multimedia functions of computer; interactional processes; sociocultural perspective; constructivist approach, 30060
protected health information (PHI); personal computers; security software program; patient care; handheld devices, 36034
psychiatric disorders; anxiety disorder; eGroups; major depression; virtual psychiatric clinic, 34788
psychological treatment; regular psychotherapy; Internet applications; communication tools; therapist contact; social support; Internet; behavioral treatment; computer applications; clinicians, 14075
PsyScript; scripting experiments; Macintosh application, 12375
pupil recall; interactive storybook; greater recall, 17679
query selection; collaborative filtering; algorithm, 12377
reference resolution processes; language processing; Japanese e-mail, 4021
research methods course; experimental laboratory course; software selection; computer applications; computer skills; teaching, 29986
schizophrenia; neuropsychology; cognitive training; neurocognitive impairments; computerized vs noncomputerized interventions, 2039
search time; temporal constraint satisfaction problem; artificial intelligence; computer science; computational linguistics; temporal reasoning system, 30309

SeeWord; reading; word processor; dyslexic school pupils; software, 23930
Silicon Valley; Scotland; students; teachers; computers in classroom; home computers; frequency of use; information technology in schools, 5852
social phobia; generalized anxiety disorder; computer-assisted therapy; group therapy; self-monitoring; relaxation; cognitive restructuring; self-control desensitization, 14098
student use; online study questions; test performance; question feedback; educational program evaluation, 29983
synchronous computer-mediated communication; group processes; social identity; group identification; interaction patterns; group performance; learning process; online community; students, 13436
talking touchscreen; outcomes assessment; low literacy; cancer patients; care, 16698
task difficulty; presentation mode; arithmetic ability; computer presentation; response latency; response accuracy; auditory information processing; modality of presentation; interference effects, 18162
Task Window; Telephone Triage Assistant; triage; junior nurses; task time; proactive task support; online resources, 17976
teaching improvement grants; higher education; professor thinking; instructional choice; technology, 23816
technical documentation; minimalism; action centered design; manuals; online help; computer systems; design principles; instruction, 9250
technological developments; clinical psychology; psychotherapy; technical applications, 16910
textual information; display design; supervisory tasks, 33393
theory; musical forces; tonal music; melodic expectation; computer models; artificial intelligence; cognitive processes; cognitive science; music psychology; listeners, 31035
topic-ranking algorithms; multi-labeled documents; additive online algorithms; category ranking, 14872
user modelling; news Web sites; word sense based techniques; bilingual sites, 33391
virtual teams; distributed learning groups; collaborative learning and understanding; group interaction; educational learning, 36113
Web-based technology; human participants; computational models; experimentation tool, 9521
Windows program; sampling distribution function; multistage selection decision, 30556
word processor; text management; software; qualitative data analysis; data; Microsoft Word; tagging text; retrieving text; themes, 18222
word processors; spell checking; prototype spell checker; SP; interactive spell checker, 17938

Computer Applications [See Also Artificial Intelligence, Computer Assisted Design, Computer Assisted Diagnosis, Computer Assisted Instruction, Computer Assisted Testing, Computer Simulation, Groupware, Hypermedia, Hypertext]—Books

Universal access in HCI: Inclusive design in the information society, Vol. 4, 9218

Computer Applications [See Also Artificial Intelligence, Computer Assisted Design, Computer Assisted Diagnosis, Computer Assisted Instruction, Computer Assisted Testing, Computer Simulation, Groupware, Hypermedia, Hypertext]—Chapters

META—A Software Package for Meta-Analysis, 275
Predoctoral internship: The APPIC computer match, 2644
Presence 2010: The emergence of ambient intelligence, 3085

Computer Assisted Design—Serials

computer networks; design decisions; visual analysis; design parameters; average message length; average message delay; visualization; network operating costs; cost delay tradeoffs, 17970
computer supported cooperative work; computer programs; computer supported diagram development; collaborative software; collaborative work, 21012
information technologies; humorous agents; humorous acronyms; acronym ironic re-analyzer; incongruity detector; computational humor, 12360

Computer Assisted Diagnosis—Serials

bipolar disorder; computer-based system; longitudinal course; data collection; electronic assessment; ChronoRecord software, 10772
computer-mediated measurement; subjective ratings; white matter hyperintensities; vascular dementia; neuropsychological performance, 35283
continuous recording; simutaneous recording; functional magnetic resonance imaging; electroencephalogram; clinical applications; stepping stone sequence; echo planar sequence; brain mapping, 3211

Computer Assisted Instruction [See Also Intelligent Tutoring Systems]—Serials

postsecondary institutions; assistive technology; disabled students; academic success; equal electronic access; electronic architectural modifications, 36230
argument; dialogue; discussion; synchronous computer-mediated communication, 33108
artificial intelligence; collaborative learning; learning activities; online student interaction; distance learning; knowledge sharing, 33100
artificial intelligence; constructivist theory; traditional art form; teaching/learning environment, 24108
asynchronous discussion; collaborative learning; networked learning; online communities; group awareness; role development; content analysis; critical event recall, 33062
attention behaviour; primary school children; secondary school children; attention disorders; school performance; computer assisted instruction, 20824
audio; animation; multimedia instruction; spatial ability; multimedia computer program; high school biology, 29996
augmentative & alternative communication; autism; computers; literacy; speech-generating devices; spelling; talking word native processing software, 4760
AutoTutor; learning environment; natural language dialogue; intelligent tutoring systems, 33071
career guidance system; Australian Council for Educational Research; ACER; SIGI Plus; education systems; System for Interactive Guidance; computer-assistance education, 23956
CD ROM memory training; within session autonomy; computer skills acquisition; computerized memory training, 33373
Chinese characters; instructional learning objects; instructional software design, 26895
classroom implementation; instructional activities; educational software; extensive writing; educational goal; computer software; writing, 33106
cognitive performance; social atmosphere; communication; motivation; health aspects; laptop classrooms; strain, 26912
cognitive theory; multimedia learning; personalized version; nonpersonalized version; narration; human respiratory system; conversational style; formal style; personalization; transfer tests, 23883
collaborative inquiry learning; web-based learning; world wide web; knowledge exploration; exploratory problems; explore; think, 17622
collaborative learning; web-based learning; knowledge acquisition; conventional learning scenario; social communication; message exchange; cognitive load; learner participation, 17644
computer based instruction; letter-sound correspondences; matching to sample; stimulus equivalence; children, 20812
computer based training; cognitive activity; metacognitive activity; training environments; multimedia; training evaluation; individual differences, 21014
computer mediated communication; computer assisted language learning; CMC; CALL; foreign language learning; ESL classrooms; student interaction; online interaction; student perceptions, 4074
computer-assisted instruction; interactivity; web based learning system; distance education, 23800
computer-assisted language learning; language teaching, 36115
computer-assisted learning; intellectual disabilities; cognitive abilities; physical disabilities; photograph preferences; multiple disabilities, 16553
computer-based education; computer-aided education; cognitive styles; computer performance; performance effectiveness perception, 26915
computer-based instructional methodology; college; motivation; The University of Southern Colorado; Pueblo; Colorado; regional comprehensive institution; enhanced teaching; USC, 17630
computer-based technological applications; psychotherapy training; information technology; computer-mediated communication, 16906
computer-based training; immigrant latinos; user instructions development; computer-based instruction; formal education, 33047
computer-mediated communication; collaboration; communication tools; sound social spaces; virtual learning environments; student interaction, 36119
computer-mediated-communication; oral proficiency; German language, 12138
computerized instructional management system; curriculum-based instruction; math achievement; urban schools; treatment group; Accelerated Math intervention, 12137
computers; learning; teaching process; student performance; secondary school students, 17647
concept mapping; Web searches; Web-enabled application; World Wide Web; educational settings; Web-based information; Web search engines; Web browsers; data mining technique, 26896
Courseware for Observational Research Version 2; COR V2; multimedia programs; scientific method; teaching; systematic observation, 33050
curricular treatments; high school classes; student attitudes; science classes; relevance of science; questionnaire development; computer based activities, 9486
design strategies; science students; mathematics students; representation; learning; curriculum; instruction goals, 33064
DIAGNOSER; Internet; classroom instruction; assessment; learning; feedback; concepts; ideas; misconceptions; student responses; errors, 30503
digital tool integration; Pacesetter Program; digitally based assessment model; diverse curriculum; cultural diversity; technological society; interpretation task; media literacy, 17639
digitized second language videotext; multimedia; computer-based listening skills; computer assisted instruction; foreign language learning, 36111
distributed learning; distance education; online learning; collaborative problem solving; educational opportunity; computer-based learning; graduate training; pedagogy model; competency-based outcomes, 32924
educational effectiveness; face-to-face interaction; postgraduate course; group dynamics; online chats; course design; facilitation style, 33058
educational opportunity; learning environment; effective learning; social aspects; World Wide Web; multimedia; Malay digital folklore; storytelling, 2727
educational psychology; educational technology; edutainment software; learning; long term effects, 23820
electronic books technology; e-books; children; devices; book builder; learning time; questions; book building time, 2751
electronic voting system; lecture interactivity, 26891
electronic voting system; logic lectures; electronic handsets; students; television shows, 26911
elementary school children; English language; Spanish language; verbal guidance; individual differences; multimedia mathematics learning; computer experience level; discovery based multimedia games, 36127
evaluation; technology; technology based training; technology based education; distance education; educational quality; evaluation; design integration strategies; military training; methodology, 6143
evaluative learning tool; self directed learning; medical education; professional development; computer software, 17519
group participation; computer-supported module; special education policy; disabilities; decision making process; problem-based learning; individual satisfaction; group collaborative skills, 30087
Hamilton Depression Scale; inter-rater reliability; web-based standardized education program; rater training, 5774
Human Use Regulatory Affairs Advisor; HURAA; research ethics; intelligent learning modules; human subjects; computer-based training; Web, 32977
ICT; literacy development; reading education; elementary school students; interactive moral tale; group discussion, 2744
individualization; process-oriented learning; electronic self access; cognitive psychology; second language learning; computer assisted instruction; cognitive processes; individual preferences, 36102
innovation cycles; information technology; language teaching, 36131
inservice training; computer; information technology; IT; childhood teachers; childhood education; teacher attitudes; teacher experience; Greece; educators, 2754
instructional computing; Western New York; elementary grade teachers; classroom instruction; elementary grade teaching, 2741
instructional design and technology; dissemination; empirically supported & manual-based therapies; web-based training applications; treatment manuals, 32230
instructional design and technology; dissemination; empirically supported & manual-based therapies; web-based training applications; treatment manuals, 32245
instructional design and technology; dissemination; empirically supported & manual-based therapies; web-based training applications; treatment manuals; psychological intervention design; social process, 32214
instructional design and technology; dissemination; empirically supported & manual-based therapies; web-based training applications; treatment manuals, 32252
instructional materials; traditional instruction; multimedia resources; geographic location; distance education; digital video; web-based learning system; Internet; web-based lectures, 17652

instructional techniques; common knowledge; virtual learning environment; tutorial group; understanding; tutor contributions; E-learning, 36125
intellectual disabilities; computer simulation application; ATM access; computer based training, 11881
interactive computer-based simulations; ICBS; teaching practices; teachers' attitudes; teachers' beliefs; physics course; concepts; intentions, 12111
internet; communication medium; education technology; learning environment; teaching methods; educational software; Web; educators; component architecture, 33067
interpersonal relationships; synchronous interaction; structured dialogue system; collaborative argumentation; relational regulation, 36143
introductory psychology classes; instructional technology; teaching methods; student performance; computer assisted instruction, 17627
introductory psychology course; online instruction; cyberspace; teaching, 17660
introductory statistics class; multimedia instruction; student learning; statistics text; SPSS instruction; ActivStats, 18205
iSTART; Interactive Strategy Training for Active Reading and Thinking; reading strategy training; comprehension; science texts; Web-based application, 33015
learning environment; college teachers; learning tools; electronic learning; teaching methods, 36128
learning skills; computer assisted learning; student response; lecturer response; course management; pedagogic change; business students, 12123
learning; computer-mediated communication; computer-based tools; pedagogy; discussion skills, 31054
MBA students; online degrees; e-learning; technology; online courses; higher education, 17671
mental animation; mechanical system; dynamic processes; instructional treatments; spatial visualization; verbal description; mental models, 9653
mobile learning environment; wireless handheld network; constructivist environments; pedagogical practice; collaboration, 36148
multimedia learning; integrated model; motivation; cognitive factors; theoretical models; educational psychology; cognitive theory, 27527
multimedia learning; students; interactive self-explaining environment; design of agent-based microworlds; cognitive theory, 2743
multimedia system; educational effectiveness; internet; computing; teaching material; learning environment; project management; Web-Enhanced Multimedia System for Project Management, 33087
multimedia; cognition; multimedia interactivity research; users; functional interactivity; cognitive interactivity; cognitive processes, 33075
online instruction development; Internet; virtual education; distance education; universities; communication vehicle, 17684
online instruction; teaching environment; teaching methods; learners; instructor; resident instruction; computers; web; communication; professors, 17617
online learning; learning style; teaching methods; student attitudes; student satisfaction, 33065
online pedagogical models; teaching; online teacher role; Web-based learning; Web-based instructional design, 26916
positive evidence; explicit rule presentation; explicit negative feedback; Spanish word acquisition; second language acquisition; computer assisted study, 28013
positive reinforcement; instructional software; biological psychology; internet-based tutorial; educational resources, 17634
preservice teacher education program; communications technology; learning; on-line discussion; education studies; student teachers, 8994
primary school; developing problem-solving; problem-solving abilities; artificial intelligence; hypermedia learning environments; classroom instruction; Logiocando, 2734
problem-based learning; hypermedia technology; sixth grade students; students performance; students attitudes; cognitive tools; non-gifted students, 23768
reflection prompts; tutor feedback; web based learning environment; self-regulated learning competence, 26913
school experience course; multimedia; teacher education; multimedia tutorial programme; pre service teachers; school systems; teaching strategies, 17589
special education teachers; instructional activities; instructional designers; elementary students; faculty members; software design; group settings; special needs children; software development, 2832
synchronous computer-mediated communication; group processes; social identity; group identification; interaction patterns; group performance; learning process; online community; students, 13436
system based strategies; conflict management; collaborative concept mapping; computer mapping; students attitude; students interaction, 26889
teacher beliefs and practices; computer-based exploratory mathematics; mathematical investigations' school program, 33079
technology; pre-service teachers; field experience; teaching; multimedia; teacher attitudes; teaching method, 33028
traditional instruction; academic achievement; computer-assisted instruction; elementary students; software packages; CAI; statistics, 2715
undergraduate psychiatry; computer-assisted learning; CAL-PSYCH; student responses, 2740
video based & computer based instruction; video clips; sharing; teacher direction following; social greetings; social skill acquisition; social skills; autism, 36228
virtual reality; computer-based simulation; immersion level; personalized speech; nonpersonalized speech; science learning; educational games; retention; problem solving, 14648
visualization assessment; visualization training; spatial skills; VIZ Website; response times; accuracy; spatial cognition, 33049
web based instruction; dietetic training program; problem based learning, 33053
web-based library instruction; information skills; Internet; implementation; cognitive aspects; instructional aspects; college students; information literacy, 12115
Web-supported learning; educational computer software; business students; social sciences; program evaluation; student attitudes; teacher attitudes; overseas students, 5862

Computer Assisted Instruction [See Also Intelligent Tutoring Systems]—Chapters

Building a pedagogical model for synchronous distance learning courses, 2762
Facilitating interaction in web-based instruction, 2767
The impact of new technology on music appreciation courseware created and used for a college distance learning course, 2773
Learning cubes: A model for online education, 2771
Lessons learned from blended biology classes, 2763
Model development sequences, 23852
Sense of presence in virtual training: Enhancing skills acquisition and transfer of knowledge through learning experience in virtual environments, 3082
Teaching technology in an online, distance education environment, 2766
The virtual anesthesia machine: An educational experiment in interactive, real-time web simulation and philanthropy, 2769

Computer Assisted Testing—Serials

assisted self-adapted test; computerized adaptive test; psychometrics; psychological characteristics; anxiety, 15100
clinical assessment; computerized testing method; psychological assessment services; Internet, 15039
cognitive styles analysis; cognitive styles; computerized measure; test reliability; test validity, 21122
computer-administered exams; student anxiety; introductory psychology students, 33096
computer-based assessment; guessing; mark proportion; learning objectives; multiple choice assessments, 14978
computer-related technology; assessment; school psychologists; professional practice; ethical issues, 36015
computer; paper; assessment medium; children performance; mathematics; English children, 30034
computerized adaptive testing; counseling; education; item response theory, 33214
computerized adaptive testing; item exposure; generalized partial credit model, 24166
computerized adaptive testing; multiple-form structure; testlets; Law School Admission Test, 24163
computerized assessment; ethical issues; computer applications; psychological test administration; clinicians; client; computerized test construction; computerized test administration, 26856
concepts; concept mapping; structural knowledge assessment; mental representation organization; TPL-KATS-Concept Map, 6132
exposure control; computerized adaptive testing system; partial credit model; content balancing restrictions; item selection; Sympson-Hetter technique, 9345
incremental item banking; computerized adaptive testing; cancer; quality of life; treatment, 12527
item selection; computerized testing; psychometric properties; anxiety; comfort; response review; perceived control; perceived performance, 225
iterative process; law school admission test; computer simulations; control parameters; Sympson-Hetter method; computerized adaptive testing; item-exposure control, 18232
knowledge based systems; professional information technology skills; examination; computer based assessment, 9242
lognormal model; response times; computerized adaptive tests; Bayesian posterior predictive checks; classical procedures; examinee behavior, 15160
marmoset monkey; computerized tasks; attention; working memory; CAmbridge Neuropsychological Test Automated Battery; neuropsychological tests, 21436
multidimensional adaptive testing; latent traits; adaptive item selection; measurement efficiency, 33621
multiple-choice questions; Resource Allocation Paradigms of Pittsburgh; story comprehension; passage dependency; auditory story comprehension; software environment, 27269
Neurocognitive Driving Test; computer based assessment; driving ability; acquired brain injury; hospital based evaluation, 195
patient video clips; neurology examination interpretation; computer-based test questions; text-based questions; item statistics; reliability; medical students, 18067
prevalence; psychiatric disorders; adolescence; self-administered computerized DISC, 19350
primary care settings; computer assisted alcohol screening; computer assisted alcohol intervention; alcohol problems; primary care; patients; harmful alcohol, 2495
psychotherapy training; trainees; individualized training procedure; feedback; computer-assisted training; case conceptualization, 29871
quality of life research; new technology; computer assisted interfaces; alternate form reliability; computer assisted approaches, 21091
sensitive questions; computer-assisted self-interviewing; self-administered questionnaires; disk by mail; special populations; primary school children; visually impaired; deviant adolescents, 9346
standard score differences; computer-based test; relative standing; test preparation; educational measurement; medical students, 15102
statistical test; criterion-referenced tests; efficiency; power maximization; optimal design; computerized adaptive test, 267
test design; item quality; item bank size; psychometric properties; computer-based credentialing examinations, 9369
test taker attitudes; computerized version; Test of English as a Foreign Language; TOEFL; test acceptance; admissions tests; test performance; cross cultural differences; computer attitudes, 9488
test validity; test reliability; analog scale display; mood assessment; hand-held computer, 95
time limits; human development; exam performance; internet quizzes; computer-assisted, 17695

Computer Attitudes—Serials

children; internet use; education; literacy; learning; research priorities; public concerns; pornography, 15910
computer technology; Computer Anxiety Scale; covariance modeling; German college students, 18091
computer training; computer experiences; training interests; psychosocial rehabilitation program; computer use; psychiatric disability; psychiatric patients, 17470
consumer behavior; buying behavior; technological innovation; internet; retailers; marketing; online shopping, 33339
gender differences; adolescent perceptions; school computing; age differences; grade level; skill level, 5922
gender differences; computer anxiety; computer attitudes; anxiety; Y2K computer problem; Y2K preparations, 10092
gender differences; computer scientists; internet usage; internet users; nurses focus groups; gender values; gender stereotyping practices, 15884
home computer availability; home computer use; age differences; income; disabilities; age cohorts, 21003
interaction effects; measurement error; electronic mail; emotion; technology adoption; Monte Carlo simulation, 9232
internet usage; gender differences; gender gap; internet; internet access; sex inequality, 15894
Internet; search engines; information retrieval; user attitudes; computer experience; computer perceptions, 4070
loyalty; computer terminals; anthropomorphism; consistency; human-computer interaction; long-term social relationships; computers, 36467
test validity; measurement; computer self-efficacy; computer anxiety; Internet test version; paper-and-pencil test version; test development; sampling, 9378

Computer Based Training [See Computer Assisted Instruction]

Computer Conferencing [See Teleconferencing]

Computer Games—Serials

boys; girls; cognitive strategy; video games; learning; gender differences; children, 18911
childhood obesity; activity level; television viewing; video game playing; gender differences, 15921

collaborative virtual role-play environment; stories characterization; children's imaginative writing; computer game; Ghostwriter, 21035
health consequences; health benefits; videogames; therapeutic setting, 23426
illegal gambling; gambling business; Vietnamese cafe; video poker machine; social structure; gambling procedures, 34999
implicit self-esteem; classical conditioning; computer game; self-relevant information; smiling faces, 25317
nightmare content; dream content; media influence; television viewing; computer game playing; television; nightmares; pleasant dreams; psychological well-being; Flemish adolescents, 15351
online computer gaming; adolescent gamers; adult gamers; age differences; player characteristics, 17919
peer tutoring; computer games; children; physical interaction; perceptual user interface, 17643
psychophysiological responses; appraisal dimensions; computer game; emotion-relevant events; intrinsic pleasantness; goal conduciveness, 30956
sex differences; video game playing; game genres; interpersonal needs; inclusion; affection; control; social perceptions; gender, 34528
therapeutic use of videogames; children; adolescents, 5112
video game playing; adolescent leisure activity; health outcomes, 17962
video game playing; television viewing; secondary school children; cultivation theory, 16040
video games content; video game ratings; content descriptors; teen ratings, 14878
video games; female body; female identity; interactivity; virtual reality; fantasy, 21950
violence exposure; video games; television; movies; internet; media violence exposure; desensitization; empathy; attitudes towards violence; children, 16010
violence; violent video games; college students; aggressive acts; criminal vignettes; computer games; desensitization, 12324
violent electronic games; hostile attributional style; aggression-related norms; German adolescents; gender differences, 16022
violent video game exposure; aggressive behavior; computer games; violence; cognitions; affect; physiological desensitization; helping behavior; general aggression model; violent TV, 34946
violent video game habits; adolescent hostility; aggressive behaviors; school performance; parental monitoring, 16012
violent video game playing; aggressive behavior; aggressive cognition; aggressive affect; cardiovascular arousal; helping behavior, 15999
violent video games exposure; automatic aggressiveness, 16037
violent video games; aggressive behavior; young women, 1163

Computer Games—Chapters

Staying there: An activity-based approach to narrative design and evaluation as an antidote to virtual corpsing, 3083

Computer Literacy—Serials

CD ROM memory training; within session autonomy; computer skills acquisition; computerized memory training, 33373
multimodal feedback; older adults; memory change; computer experience; sensory perception, 31275
older adults; computer training; systems approach; training programs, 28144
senior government executives; Internet use; economies; information technology; electronic-government program; information technology literacy, 33377

Computer Mediated Communication—Serials

aggressive interactions; problematic messages; flaming; computer-mediated communication; miscommunication, 13139
Agnostic Refuge; online congregation; agnosticism; motivating factors; agnosticism, 19026
alternative medical consultation; pateints attitude; general practioners; primary care; telephone consulting; electronic mail, 35765
argument; dialogue; discussion; synchronous computer-mediated communication, 33108
artificial intelligence; collaborative learning; learning activities; online student interaction; distance learning; knowledge sharing, 33100
asynchronous discussion; collaborative learning; networked learning; online communities; group awareness; role development; content analysis; critical event recall, 33062
collaborative knowledge; educational dialogue; knowledge development; online peer discussion; critical thinking; argumentation; educational design, 33082
collective approach; well-being; group performance; anxiety; chat groups; collective efficacy; task performance; electronic groups, 4379
communication mode; computer-mediated communication; group support systems; idea generation, 33398
community discourse; web forum; anonymity; computer-mediated communication; local issues, 28162
computer assisted learning; training schemes; self-assessment; group skills; group activity; collaboration, 31262
computer mediated communication; computer assisted language learning; CMC; CALL; foreign language learning; ESL classrooms; student interaction; online interaction; student perceptions, 4074
computer mediated communication; Japan; elderly people; social support relationships; social interaction; virtual communities; online experience, 15837
computer-based technological applications; psychotherapy training; information technology; computer-mediated communication, 16906
computer-mediated communication; face-to-face interaction; creative performance; group performance; creative process; virtual reality, 17797
computer-mediated communication; negotiated interaction; decision-making tasks; intermediate level learners, 17941
computer-mediated-communication; oral proficiency; German language, 12138
computerized communication system; aphasia; aphasic language production remediation; processing support; treatment impact, 20673
creative process; creative product; creative performance; computer-mediated communication; information technology; chat group; face-to-face communication; video conferencing; college students, 12352
cyberspace; emotional expression; Pennebaker Disclosure Effect; email; writing treatment; moderator search, 35598
demographic data; hackers flow experience; computer hacker motivation; Flow-based model, 24094
digitized second language videotext; multimedia; computer-based listening skills; computer assisted instruction; foreign language learning, 36111
distributed interactive communication; computer generated environment; communication modalities; incentives; stressful conditions; human behavior; communication; problem solving, 21011
door-in-the-face technique; request compliance; donation solicitation; computer communication; website, 24082
drug abuse; cognitive-behavioral skills; violence; adolescents; computer intervention; high-risk youth, 11937
E-government; Chinese government; content analysis; national and provincial web sites; internet; technology; commercial potential; government web sites; e-knowledge; e-service, 31097
e-mail; psychotherapy; therapists; adjunctive model; communication; crisis intervention, 2005
educational effectiveness; face-to-face interaction; postgraduate course; group dynamics; online chats; course design; facilitation style, 33058
email; recipient list size; priority signs; electronic helping behavior, 34211
empathy; online interpersonal trust; online communication; textual IM; empathic accuracy; response type; instant messaging; online communities; personal email communication, 34209
face-to-face talk; computer-mediated discussion enhancement; discussion content; collaborative process; primary school students; horror stories, 2753
group decision-making; personality dimensions; leaderless group discussion; face-to-face groups; computer-mediated groups; leadership; initiative; judgment; interpersonal sensitivity, 4382
group norms; evolution; general to operationalized state; computer mediated learning teams, 4352
human-computer interaction; technology; children; entertainment; education; user-centered design, 17940
instructional materials; traditional instruction; multimedia resources; geographic location; distance education; digital video; web-based learning system; Internet; web-based lectures, 17652
interaction effects; measurement error; electronic mail; emotion; technology adoption; Monte Carlo simulation, 9232
internet use; social interaction; depressed individuals; psychosocial distress; psychosocial health, 4020
Internet users; individual differences; managing and purpose of e-mail; identifying information; usage; Germans, 34214
language dominance; interpersonal deception; computer-mediated communication; personality traits; nonverbal behaviors; paralinguistic behaviors, 24095
learning experience; higher education; student interaction; communication skills; computer-mediated communication; social construction, 31051
learning; computer-mediated communication; computer-based tools; pedagogy; discussion skills, 31054
letters; emails; letter & email style & content; male & female friends; gender differences; summer, 34216
modelling method; groupware applications; socio-technical systems; CSCW; participatory design; SeeMe; Computer Supported Cooperative Work, 36469
online communications; electronic mail; e-mail communication; English language teaching; Greece; language learning potential; language teaching; foreign languages; primary school; primary education, 2742
online discussion; online community; group dynamics; messages; lurking; posters; lurkers, 18851
online interaction; technology; project-based learning; isolated learners; interpersonal communication; learner communities, 17648
online urban legends; computer-mediated communication; cyberspace; internet; folklore; oral culture; online environment; multimedia, 13133
Playboy.com; ethos; sexual identity; online groups; World Wide Web; rhetorical assuagement, 33366
politeness strategies; speech; sociolinguistic; men's voice mail messages; women's voice mail messages; apologize; soften criticism, 21961
reading; vertical text; computer screen; horizontal eye movements; horizontal text; usability, 36472
reference resolution processes; language processing; Japanese e-mail, 4021
relational intimacy; gender; group composition; task type; computer-mediated communication; face to face interaction; interpersonal relationships, 31485
religiosity; internet use; mediated communication; media scholars; technology; internet activity, 18839
small business sector; information systems; IS; computer-mediated communications; IS implementation; information technology; economy, 3071
students' interpretation; students' contribution; computer-mediated discussions, 20856
uncertainty avoidance; online information; cross-cultural comparison; significant interaction; cross-cultural research; behavioral changes; decision context; online bidding; auctions; eBay, 4024
virtual teams; computer-mediated communications; team processes; team performance; cohesiveness; status; counternormative behavior; communication; authority relations; networking, 2905
visibility; persistent conversation; distributed learning community; computer-mediated environments; speaker-audience relations; speaking participants; listening participants; online conversations, 13129

Computer Mediated Communication—Chapters

Effects of communication medium and goal setting of group brainstorming, 4389
Electronic brainstorming: Theory, research, and future directions, 1193
Grounding 'subjective views''situation awareness and coreference in distance learning, 3059
The illusion of being creative, 3086
Interaction manifestations in multi-player games, 3064
Measuring presence: Subjective, behavioral and physiological methods, 3081
On the relationship between presence and usability: A situated, action-based approach to virtual environments, 3080
Persuasive effects of presence in immersive virtual environments, 3037
Quality of experience in virtual environments, 3079
Real time text-to-emotion engine for expressive Internet communications, 3058
Staying there: An activity-based approach to narrative design and evaluation as an antidote to virtual corpsing, 3083
Supporting social presence through asynchronous awareness systems, 3065
Telewindows: Case studies in asymmetrical social presence, 3061
User presence in mobile environments, 3077

Computer Peripheral Devices [See Also Video Display Units]—Serials

automatic teller machines; electronic self service system; merger; banking services; business; financial transactions; human computer interaction; procedural knowledge, 21013
head movement image; image processing; HMI-controlled computer mouse; spinal cord injury; disabled people; microprocessor technology; mouse cursor direction, 6144
precision demands; mental pressure; muscle activation; hand forces; computer mouse tasks; upper extremity, 30238
rats; computer-generated stimuli; joystick manipulation; cursor control, 30780
text-typing task; head operated device; cursor keys; disbled person; arm movements; stimulus response compatibility; cognitive demands; traditional keyboard, 35176

Computer Programming—Serials

boolean functions; algorithms; evolutionary heuristics; cryptography, 33392
boolean functions; search space; hard task; cryptography, 33383

configuration management; software projects; Lyee, 12356
end users testing; software development; programming environment; screen transition paradigm; end users; Lyee, 12354
human computer interaction; end-user requirement; program generation tools, 12355
individual characteristics; computer programmers; temperament; knowledge; skills; prediction; success, 4467
network attack detection; network intrusion; genetic programming; detection rate, 33390
optimization techniques; modern communications; computer security; automated design; security protocol, 33400
programmable cellular automata; all one polynomial; Montgomery multiplication architecture, 33402
SIMLOAD program; simplicity of fit; measurement scales; alpha coefficients; factor scale development; simple structure; factor analysis, 9341
software development; software maintenance; program generation; user requirement; static analysis techniques; Lyee, 12357
software; mathematical structure; program execution; programmers; word-based programs; program structure; Lyee, 12353
topic-ranking algorithms; multi-labeled documents; additive online algorithms; category ranking, 14872
Vickrey pricing; constraint programming; truthfulness; auction agents; nogood learning; combinatorial auctions, 36502

Computer Programming Languages—Serials

automated word generation; first order logic; software requirements; Unified Modelling Language; conceptual models; Lyee, 12374
boolean functions; search space; hard task; cryptography, 33383
computer programming language; undergraduate college students; education students; learning theory; constructionist technology, 2730
generalized graded unfolding model; parameter estimates; computer program; item response theory; individual differences, 9517
PsyScript; scripting experiments; Macintosh application, 12375
software; programming languages; global information infrastructure; research and development community, 21029
visualization method; numerical data; natural language interface; human-computer interaction; natural language, 36496

Computer Programs [See Computer Software]

Computer Searching—Serials

arc-consistency algorithms; backtrackers; time-complexity; space-complexity; maintain arc-consistency, 36512
cognitive interference; intrusive thoughts; information search behavior; Internet use; information processing load; self-evaluative thoughts, 10094
collaborative ranking; community-based web search; search engine; user queries; Web search queries; personalization, 36501
concept mapping; Web searches; Web-enabled application; World Wide Web; educational settings; Web-based information; Web search engines; Web browsers; data mining technique, 26896
correlation information; Web users; web servers; web log; browsing behavior; sequential classifiers; model compression method; latest-substring rules; association rule mining, 3074
demographics; motivational factors; consumer Web use; Internet; Web surfing time; product search; online shopping, 70990
evolutionary computation; operator adaptation method; search strategy; neural networks; structure optimization, 9270
hybrid learning; short term load forecasting; data clustering; Turkey electricity demand; hourly electric consumption; cluster input data; online forecasts, 14874
interactive information retrieval; clustering; spatial proximity; web; search engines; web users, 33389
Internet; search engines; information retrieval; user attitudes; computer experience; computer perceptions, 4070
non-academic enquiries; Boolean logic; Amazon Online Catalogue; British Library Catalogue; Library of Congress Catalogue; homosexuality; anti-gay literature, 10427
online psychological research; logotherapy; research validity; internet; test security, 14965
online research; ethical responsibility; legal responsibility; law; internet users; distressing information; online communication; internet researchers; online disclosure, 15839
online shoppers; online buying behavior; Internet users; information-seeking patterns; attitudinal variables, 20991
personal epistemology; metacognitive process; thinking; online searching; beliefs; knowledge; research methodology; epistemic theories, 18330
personalized information ordering; online recruitment; job search engine; user preferences; search query, 9230
planned behaviour; search engines; learning tool; online information search; information retrieval, 36465
task specificity; prior knowledge; hypertext structure; search strategies; incidental learning; discipline expertise, 2706
user satisfaction; interactive experience; satisfaction ratings; user expectations; usability; Human Computer Interaction; computer searching, 3043
video recordings; interview transcripts; learning environment; curriculum materials; computer activities; science classes; middle school students; science contest understanding; online resources, 17640
web accessibility; webmaster perceptions; disabilities; system designers; web development, 21017
web based publishing; health related content; Cancer Meta Spider, 7308

Computer Searching—Chapters

Predoctoral internship: The APPIC computer match, 2644
The virtual anesthesia machine: An educational experiment in interactive, real-time web simulation and philanthropy, 2769

Computer Simulation [See Also Neural Networks, Virtual Reality]—Serials

Air Traffic Control Laboratory Simulator; human performance; experimental conditions; medium-fidelity simulator; low-fidelity simulator; cognition research, 30561
alignment effects; computer-simulated environment; virtual environments; cognitive load; orientation estimates, 33375
Bayesian independent component analyzers; image modeling; signal processing; data compression; data modeling, 6150
behavior selection; learning strategies; hawkmoth; place approach strategy; foraging; computational model; color vision; adaptive processes, 33905
computational model; story comprehension; simulation results; inference process; story coherence; story recall, 9650
computational model; thalamocortical circuit operations; inhibitory postsynaptic potentials; hierarchical clustering; categorization; neuroanatomy; neurophysiology; algorithms, 24620
computer simulations; cellular neural network; CNN; tabu search; template learning, 14873
connectionism; attitude learning; positive and negative evaluations; computer simulation; asymmetry; false negative beliefs; false positive beliefs; approach; avoidance behavior; contingent feedback, 3090
directional harmonic model; harmonic resonance theory; perceptual grouping; computer simulation; collinear contours; Ehrenstein illusion; Kanizsa figure; orthogonal contours; illusory contours, 3324
distributed interactive communication; computer generated environment; communication modalities; incentives; stressful conditions; human behavior; communication; problem solving, 21011
distributed system; people flow simulation; airport terminal; distributed computing environment; data flow behavior; real-world system; middleware; local area network, 17967
dopamine modulated cortical activation; glutamatergic cortical cells; NMDA & non-NMDA receptors; firing rate; prefrontal cortex; dopamine biochemistry; glutamate response; computational modeling, 9261
dynamical minimalism; social psychology; parsimony; theory construction; emergent properties; computer simulations, 25246
eyewitness identification; memory; decision model; computer simulation model, 3056
hierarchical cognitive map; spatial navigation; computational model; distance perception, 9251
innovation; social norms; computer simulations; social network; social change, 28394
intellectual disabilities; computer simulation application; ATM access; computer based training, 11881
interactive computer-based simulations; ICBS; teaching practices; teachers' attitudes; teachers' beliefs; physics course; concepts; intentions, 12111
learning support design; discovery learning; computer simulation, 36147
multilayer perceptron; MLP; computer simulations; feedforward network; bottom-up approach; neural network; neuron; sensitivity, 6166
multilevel simulated environment; vertical asymmetry; spatial memory; direction judgments, 33884
programming language; quantitative models; online simulations; Web browser; source code; visual backward masking, 9511
Rescorla-Wagner model; learning theory; Pavlovian conditioning; interactive simulation, 30013
scientific discovery learning; triple scheme; learning support design; interpretative support; experimental support; reflective support, 15333
self-validating presentation; response timing; cognitive paradigms; cognitive psychology; software; computer-based paradigms, 30684
simulation engines; visualization engines; hierarchical neural architecture; eLoom; Flatland; graph simulation software tool; neural networks, 9231
spatial navigation; virtual rats; hippocampal formation; hippocampal theta oscillations; cortical regions; prefrontal cortex; virtual environment, 9239
trends; complexity theories; computation; social sciences; problem topology; neural networks, 33385
visual perception; binocular disparities; visual images; coarse-scale-to-multiscale progression; fine-scale-to-multiscale progression; systems learning; simulations, 6152
visual salience; reference resolution; simulated three dimensional environments; visual saliency algorithm; situated language interpreter; reference resolution framework; natural language interfaces, 36503

Computer Simulation [See Also Neural Networks, Virtual Reality]—Chapters

'Being there'' and the role of presence technology, 3087
Evolutionary psychology and artificial life, 21071
Measuring presence: Subjective, behavioral and physiological methods, 3081
User presence in mobile environments, 3077
The virtual anesthesia machine: An educational experiment in interactive, real-time web simulation and philanthropy, 2769

Computer Software [See Also Decision Support Systems, Groupware, Word Processing]—Serials

activity schedules; autism; computers; PowerPoint®, 21030
alcohol dependence; alcohol abuse; substance abuse; substance dependence; computer therapy; software program; Drinker's Check-Up; problem drinkers, 14492
augmentative & alternative communication; autism; computers; literacy; speech-generating devices; spelling; talking word native processing software, 4760
automated word generation; first order logic; software requirements; Unified Modelling Language; conceptual models; Lyee, 12374
bipolar disorder; computer-based system; longitudinal course; data collection; electronic assessment; ChronoRecord software, 10772
bulimia nervosa; self help intervention; cognitive-behavioral therapy; eating disorder; CD-ROM, 23087
character recognition; hand held scanner, data collection; printed material, 288
classroom implementation; instructional activities; educational software; extensive writing; educational goal; computer software; writing, 33106
computer based cancer risk communication; risk perception; colorectal cancer prevention; risk communication aid; tool effectiveness, 35233
computer software; executives; advice-sharing networks; work-related advice; advice relationships establishment; advice types; information exchange, 17826
computer supported cooperative work; computer programs; computer supported diagram development; collaborative software; collaborative work, 21012
computer system; clinician time; phobia; panic disorder; self relaxation; psychotherapy, 17110
computer systems; microswitches; vocal utterances; persons with multiple disabilities, 19268
computer technology; money management software system; personal checking accounts; mental retardation, 16551
computer technology; naming; Multicue; cues; word finding; aphasia; verbal communication, 35902
concepts; concept mapping; structural knowledge assessment; mental representation organization; TPL-KATS-Concept Map, 6132
conceptual framework; digital literacy; survival skills; cognitive skills; motor skills; sociological skills; emotional skills, 29973
configuration management; software projects; Lyee, 12356
data exchange; common data format; repertory grid data; matrix-structured form; statistical analysis; computer software; Extended Markup Language; XML; current analysis programs; sample applications, 24352
educational psychology; educational technology; edutainment software; learning; long term effects, 23820
employees difficulties; stress; computer software; technology; employee options; work environment; employers; technostress; stress reduction, 36351
end users testing; software development; programming environment; screen transition paradigm; end users; Lyee, 12354
generalized graded unfolding model; parameter estimates; computer program; item response theory; individual differences, 9517
information compression; multiple alignment; search; human cognition; software model; information retrieval, 17983

information technology; communication technology; classroom practice; digital photography; software applications, 36138
internet; communication medium; education technology; learning environment; teaching methods; educational software; Web; educators; component architecture, 33067
Internet; weblogs; social software; Web interactivity; psychiatry; medicine, 27970
item response theory; goodness of fit statistics; performance assessments; probability functions, 18204
K-means clustering; computer applications; computer software, 6416
latent class analysis; statistical packages; grouping methods; binary data, 18207
latent growth curves; incomplete data; structural equation modeling; multilevel software, 24325
market research; Internet based research; conferencing software; qualitative research; virtual synchronous group interviews; online research; Hotline Connect; cyberparents; online interviewing, 6446
mass customization; wedding gowns; internet; bridal web sites; design features; interactive illustrations, 30292
merchandise management; intelligent software agent: business-to-business electronic commerce; retail industry; GA; Rule Induction Algorithm; B2B EC; electronic commerce; EC, 17978
Minspeak icons; tertiary education; Unity software; cultural context; associations; vocabulary, 24097
model with internal restrictions on item difficulties (MIRID); estimation; parameter values; model parameters; item response theory models; computer program, 9518
multilingual touch-screen; audio computer-assisted self-interviewing; technology; English language; non-English language; software system, 24090
observational learning model; computer software training; skill acquisition; computer task performance, 9074
pluralistic societies; translation; software localization; learning, 24092
programmed instruction tutoring system; Java; learning performance; software self-efficacy; interface design; competency-based tutoring, 24091
qualitative data analysis; software tools; word-processing functions; Microsoft Word, 18216
quantile maximum likelihood; estimation technique; distribution parameters; experimental data; response time data; software program, 9503
research methods course; experimental laboratory course; software selection; computer applications; computer skills; teaching, 29986
retrospective statistical power analysis; SAS macro; interval estimation; point estimates; interval estimation algorithm, 9513
rhythm recognition; computer program; interactivist perception; complex rhythms, 21033
SeeWord; reading; word processor; dyslexic school pupils; software, 23930
self-validating presentation; response timing; cognitive paradigms; cognitive psychology; software; computer-based paradigms, 30684
simulation engines; visualization engines; hierarchical neural architecture; eLoom; Flatland; graph simulation software tool; neural networks, 9231
software development; software maintenance; program generation; user requirement; static analysis techniques; Lyee, 12357
software; mathematical structure; program execution; programmers; word-based programs; program structure; Lyee, 12353
software; medical students; web pages, 17530
software; programming languages; global information infrastructure; research and development community, 21029
speech content analysis software; feigned depression; lexical choices; transcript analysis; neutral stimulus, 33466
TPL-KATS-card sort; structural knowledge; software tool, 12379
user requirements; software requirements; guidance support; user centric requirements; Lyee; LyeeALL, 12358
visuospatial neglect; image analysis techniques; figure-copying performance; brain-damaged patients; algorithms; image analysis software, 30528
Web-supported learning; educational computer software; business students; social sciences; program evaluation; student attitudes; teacher attitudes; overseas students, 5862
Windows program; sampling distribution function; multistage selection decision, 30556
zone of proximal development; ZPD; tessellations; TesselMania! Deluxe; Vygotskian environment; K-8 classroom; transformation study; prediction exchange; defending reasons; rotation; reflection, 2755

Computer Software [See Also Decision Support Systems, Groupware, Word Processing]—Chapters

IDA: A conscious artifact?, 17990
META—A Software Package for Meta-Analysis, 275

Computer Supported Cooperative Work [See Groupware]

Computer Training—Serials

CD ROM memory training; within session autonomy; computer skills acquisition; computerized memory training, 33373
computer skill training; symbolic mental rehearsal; behavior modeling; declarative knowledge; cognitive skill; productivity; reciprocal peer training, 23961
computer training; computer experiences; training interests; psychosocial rehabilitation program; computer use; psychiatric disability; psychiatric patients, 17470
Internet; aphasia; Internet training, 36105
minimal invasive education; learning; computer; Internet, 21385
observational learning model; computer software training; skill acquisition; computer task performance, 9074
older adults; computer training; systems approach; training programs, 28144

Computerized Databases [See Databases]

Computers [See Also Computer Games, Digital Computers, Microcomputers]—Serials

adaptation; cognitive constraints; task constraints; computer-based tasks; methods; strategies; task demands, 3350
audio; animation; multimedia instruction; spatial ability; multimedia computer program; high school biology, 29996
clinical assessment; computerized testing method; psychological assessment services; Internet, 15039
clinical psychology services; computer technology usage; mental retardation; developmental disabilities; scientist practitioner model, 11768
cognitive-behavioral therapy; panic disorder; therapy delivery methods; computer-augmented CBT; therapist-delivered CBT; number of therapy sessions; therapeutic outcomes; computers, 2035
community technology center; policy implications; youth; social good; low income neighborhood; policymaker rhetoric; internet acess, 13131
computer science; help seeking scales; instrumental help seeking; help seeking benefits; help seeking; avoidance; psychometric properties; academic motivation; Perceived Benefits of Help Seeking scale, 24218
computer security; cryptology, 33386
computer teaching; learning stories; narrative theory; online educational experiences; educational multimedia; evaluation strategies, 30023
computer text type; recall; working memory capacity; traditional text; hypertext; reading time, 3392
computer training; computer experiences; training interests; psychosocial rehabilitation program; computer use; psychiatric disability; psychiatric patients, 17470
computer use; socioeconomic status; gender; high school seniors; computers in schools; democratizing effect; social inequalities; home computers; cultural capital, 8977
computer users; anxiety; PC & Macintosh; personal computers, 13498
computer; communication; human behavior; e-mail; mobile phones; memory, 17948
computers; aphasia, 36466
computers; model of mind; human-computer interaction; computational objects; intersubjective relationships; robotic creatures; psychodynamic understanding; psychoanalytic discourse; virtual realities, 13525
depressive symptoms; internet activities; college freshmen; college freshmen; social support, 23913
digital divide; social stratification; computers; Internet access; race; gender; rural; social-economic factors; African Americans, 10348
educational reform; technology; counselors; educators; computers; Internet, 33213
electrophysiology; quantitative electroencephalography; transcerebral magnetic fields; compact disc; computer sound card; shakti treatment, 30907
emotional expression; modality; affective arousal; linguistic output; computer; paper paradigm; writing longhand; typing; stressful experience; emotional arousal; essay content, 24867
end-user satisfaction; enterprise resource planning systems; standardized information system; reengineering; interface characteristics, 24866
gender differences; adolescent perceptions; school computing; age differences; grade level; skill level, 5922
gender differences; computer anxiety; computer attitudes; anxiety; Y2K computer problem; Y2K preparations, 10092
haptic glove; tactile vision; navigational information; wearable computer; camera system; visual impairment, 14030
individual differences; saving; human-computer interaction; computing error; non-specialist computer users; computing losses; cognitive failure; attention; computers, 9211
information and communication technology; socioeconomic status; information technology; gender; rural-urban location, 14859
initial computer experience; subsequent computer experience; computer anxiety, 34213
instructional computing; Western New York; elementary grade teachers; classroom instruction; elementary grade teaching, 2741
internet-based focus groups; information; face-to-face focus group; computer, 14875
job satisfaction; metropolitan; police department; work environment; mobile computing terminals; police work, 3054
loyalty; computer terminals; anthropomorphism; consistency; human-computer interaction; long-term social relationships; computers, 36467
moral agents; information processors; moral rights; ethics; technical societies; computers; philosophical areas; information, 36510
nonspecific work-related upper extremity disorders; movement strategies; forearm; sustained personal computer use, 14798
ostracism; computers; self-esteem; belonging; internet ostracism; social exclusion, 28441
overconfidence; decision making; product introduction; managers; computer industry, 23991
patient driven computers; cost effective prevention; primary care services; prevention practices; computer technology; computerized care; health promotion planning, 17254
personalised e-training; computer use; multiple attribute decision making; Simple Additive Weighting, 30278
physical workload; speech recognition; computer input devices; musculoskeletal workload; computer work, 30295
rats; computer-generated stimuli; joystick manipulation; cursor control, 30780
research methods course; experimental laboratory course; software selection; computer applications; computer skills; teaching, 29986
sociometric membership group; computer-supported interaction; school setting; children, 26962
technical documentation; minimalism; action centered design; manuals; online help; computer systems; design principles; instruction, 9250
technological developments; clinical psychology; psychotherapy; computer, 16909
The Tube; television; television viewing; cartoons; Pokemon; Internet; risk factors; fantasy; virtual reality; computers; brain; psychoanalytic theory; abnormal brainwaves, 1305
visually impaired adults; copy typing; personal computer use; compensatory strategies; visual impairment; posture; working habits; technology; line of vision, 5091
word prediction; written communication skills; learning disabilities; handwriting problems; written work; computer word processing; occupational therapy intervention, 17460

Computers [See Also Computer Games, Digital Computers, Microcomputers]—Books

Human - computer interaction: Theory and practice (Part I), 9217
Human - computer interaction: Theory and practice (Part II), 9254
Internet television, 13144

Computers [See Also Computer Games, Digital Computers, Microcomputers]—Chapters

Level-headed mysterianism and artificial experience, 17993

Concentration—Serials

group discussion; time pressure; learning information; group performance; task completion; small groups; Attentional Focus Model; information restriction, 19121
labyrinth; therapeutic tool; problem-solving; mental focus; meditation; mind-body integration; family therapy, 34801
memory; concentration; xylene; perception; cognitive functions; professional exposure, 24031
mental skills package; performance consistency; improved performance; performance measures effects; cricket players; scoring measures, 9154
plasma concentrations; anxiolytic neurosteroids; anxiety; human male; pregnenolone; progesterone; allopregnanolone; tetrahydrodeoxycorticosterone, 24652

Concept Formation [See Also Cognitive Discrimination, Cognitive Generalization]—Serials

abstraction levels; orangutans; categorization; natural concept formation, 12744
addition development; substraction development; conceptual knowledge; procedural knowledge; grade, 17697
Artemisia Gentileschi; art history; woman artist; creative processes; psychoanalytic conceptualizations, 27963
Artemisia Gentileschi; art; woman artist; psychoanalytic conceptualizations, 27965
basic concepts; Bracken Basic Concept Scale; measurement; interview, 9372

basic-level category discrimination; concepts; infancy; categorization; object examination task; cognitive development; familiarization, 924
caregiving conceptualization; caregiving effects; family caregiver; caregiver burden; caregiver appraisal; caregiver research, 9538
causal information; categorization; illusion of explanatory depth; pattern tracking; divison of cognitive labor; children; adults, 3356
causal model theory; conceptual representation; categorization; causal knowledge; category features, 382
child understanding; conceptualization; scientific inquiry, 26933
childhood learning; museum intervention; classroom intervention; science learning; low-income children; concept complexity; content knowledge, 23892
childrens misconceptions; biological concepts; life; aging; reproduction; illness; death; children knowledge, 34289
cognitive processes; conceptual integration; mental operation; human beings; cognitive blending, 30692
collaborative problem solving; preservice science teachers; learning environments; curriculum materials; social interaction; analogy; physics inquiry lessons, 17612
complex system aspects; school children; mental models; coding scheme; expert understanding; novice understanding; Structure Function Behavior theory; knowledge representation, 18329
concept abstraction; aging dog; successive discrimination; size concept; concept learning; size concept tasks, 30778
concept formation; language evolution; tools; evolutionary processes; hierarchical order; neural networks; hominids; neural nets; Wernicke area; Broca area; eem warming period; learning; memory, 3091
concept mapping; academic achievement; self-regulation; self-efficacy; English as a second language; learning strategies, 26920
conceptual complexity; conceptualization; multiagent model; learnability; concept learning; working memory, 18340
conceptual organization; script categories; taxonomic categories; evaluative categories; foods, 18933
conceptual representation; different perspectives, 3355
correlated attributes; human infants; novel category exemplars, 18909
culture; childrens knowledge; cosmology; earths shape; day-night cycle, 24980
design strategies; science students; mathematics students; representation; learning; curriculum; instruction goals, 33064
distinctive features; correlation; conceptual structure; conceptual system; dissociation, 12663
diverse instruction; information diversity; mental models; children; earth shape; core beliefs; conceptual change; induction; scientific reasoning, 7383
early intervention program; intervention effectiveness; Bracken Basic Concept Scale-Revised; Bracken Concept Development Program; Head Start students; concept acquisition; receptive language skills, 15110
explicit reflective inquiry; instructional approach; implicit approach; 6th grade students; science understanding, 5847
forgiveness; literature; positive emotions; parents; children; immoral behavior; change of heart; more-than-dyadic process; repentance encouraged, 25042
global art practices; artistic appropriation; cultural change; cross-cultural communication, 21943
illness understanding; children's ontological knowledge; ontological categories; children's illness conceptions; exemplar; naive theory generalization, 4097
infant categorization development; connectionist modeling; concept acquisition; infant cognition, 24940
information integration; category learning; aging effects; quantitative model, 15947
learning; objects; mathematics education; ethnomathematics; mathematical concepts; mathematical thought; material qualities; arts and crafts; geometric patterns; visual knowledge; anthropology, 17683
mathematical giftedness; problem solving experiences; gifted students; accelerated algebra; generalizations; abstractions, 17765
moral examplarity; differing conceptions; moral rationality; moral personality; moral exemplars; prototype procedures; personality rating; personality profile; typologies; justness; caring; bravery, 16273
number words; childhood concepts; numerosity, 24976
parental messages; adolescent conceptualization; parental reaction; parental discipline; perceived appropriateness, 34353
pattern simplicity; null distribution; concept learning; complexity, 33789
plausibility; concept coherence; distributional word coherence; plausibility judgments, 33782
poor construct conceptualization; research validity; construct validity; statistical conclusion validity; internal validity; external validity, 7290
prefrontal lesions; performance; executive function test; frontal lobe dysfunction; executive deficits; concept formation; Twenty Questions, 22905
prenatal attachment; theoretical issues; conceptualization; concepts, 13345
preschoolers; physical laws; social laws; mental laws; mental states; intentional states; human action, 24946
pretending; children; imitation game; trying; signs of effort; signs of playfulness; pretense, 18937
problem solving; schema induction; schema formation, 18318
producing and understanding noun-noun compounds; language; Constraint theory; conceptual combination; word familiarity, 36505
psychoanalytic inquiry; psychoanalysis; conceptualizations; superego, 25440
psychological science; misconceptions about psychology; strength of beliefs; prior beliefs; misinformation; conceptual change, 17716
relational concepts; knowledge; following directions; concepts; comparative & superlative; directions; understanding instructions; children; US vs China, 12169
relational unconscious; unconscious life; conceptualization; psychoanalytic theory, 16342
scientific problem-solving; metacognitive monitoring; problem-solving strategies; crystallized intelligence; seventh graders, 13206
selective attention; working memory; concept identification; adult age differences; sorting stimuli; abstract cues; interference control; age-related increase; perseverative errors, 18328
self-compassion; psychological functioning; healthy attitude; self kindness; common humanity; mindfulness, 22355
semantic memory; conceptual knowledge; semantic representations; conceptual representations; Eleanor Saffran, 18550
social interaction; memory effects; protagonists statements; nonverbal behaviors; communication; mental representations; behavior recognition, 27488
social psychology theory; explanatory power; dual-mode attribution processes; conceptualization; social judgment; decision making; construal-level theory; self-regulation, 25247
theories of categorization; psychological essentialism; minimalism; beliefs about causal laws, 3377
understanding; symbolic processing; infants; toy model-real exemplar relations; categorization; conceptual development; lexical development, 13216
worldviews; worldview approaches; psychological construct; component dimensions; integrated theory; worldview function; research agenda; social reality, 13453
young children; learning; living things; conceptual change; science education, 28092

Concept Formation [See Also Cognitive Discrimination, Cognitive Generalization]—Chapters

Local conceptual development of proof schemes in a cooperative learning setting, 23844

Concept Learning [See Concept Formation]

Concept Validity [See Test Validity]

Concepts—Serials

aggression; forms of aggression; conceptual analysis; stimulus-based classification; clinical classification; causal factors; negative aggression, 34986
autonoetic consciousness; recollective experience; consciousness states; autonoetic awareness; brain-damaged man; episodic memory; consciousness concepts, 16803
awareness; early stage Alzheimer's disease; models; conceptual frameworks; neuropsychological & psychiatric & psychosocial factors; biopsychosocial model; intervention; care, 26129
basic concepts; Bracken Basic Concept Scale; measurement; interview, 9372
behavioral neuroscience; motivation concepts; homeostasis; drives; incentive motivation; brain concepts, 24610
brown capuchin monkey; evolution of cooperation; inequity aversion; reward, 453
career; fans; sport supporters; contemporary sport; Chicagoan concept; status passage; career path; ice hockey, 17909
category-specific deficits; conceptual representations; category specificity; semantic knowledge; semantic features; knowledge domain; meaning; statistical model; hybrid account, 860
centrality hypothesis; dependency structures; artifact categories; target concepts; property projection, 18327
citizenship; citizenship education; psychological models; individual cognition; citizenship concepts, 31401
concept analysis; forensic risk; risk assessment, 33410
concept identification; informative tutoring feedback; task completion; information; motivation; task engagement; effort; persistence; performance satisfaction; self efficacy; achievement, 30729
concept of instinct; drive; triebe; Freud; theory of motivation; new paradigm, 1297
concept of spirituality; psychology of religion; C. Jung; M. Eliade, 4209
concepts; concept mapping; structural knowledge assessment; mental representation organization; TPL-KATS-Concept Map, 6132
concepts; relational structure; structural analysis; item response theory; interactions between the items; local item dependency; modeling, 6415
conceptual organization; Alzheimer's Dementia; Alzheimer's Disease; semantic memory; Chinese patients; categorization, 4965
conceptual representation; different perspectives, 3355
conceptual system; semantic memory; exemplar models; feed-forward connectionist nets; situated simulation theory; architecture; representation; abstraction; stability; organization, 3348
constructionist perspective; analytic encounter; duality; thirdness; self-consciousness, 10638
creative thinking; cross-domain concept mapping; academic achievement; academic learning; information integration; interactive model; brain function; seventh graders, 28094
dictionary learning algorithms; dictionary elements; succinct expression; dictionary entries; algorithms; synthetic data; coding efficiency; sparse representations; FOCUSS, 3256
disability; dependence; old age; fear; dependence; Canada; social constructions; attitudes towards disability; reconceptualizing disability; human experience; elderly patient treatment, 16067
distinctive features; correlation; conceptual structure; conceptual system; dissociation, 12663
dual process model; conceptual combination; perception; semantic similarity; comparison; integration; attribution, 9648
emotion concepts; distinctiveness; abstract words; concrete words; recall; priming; lexical decision, 33771
health disparities; measurement issues; conceptual issues; psychometric issues; self-report measures; discrimination; socioeconomic status; acculturation, 14344
Implicit Association Test; categorization; concept association; affective valence; racial stereotypes, 25298
inductive inference; expectations; conceptual hierarchy; hierarchical levels; priviledged level; conceptual coherence; living kind features; artifact concepts; generalization strength; knowledge gains, 9646
inductive validity; concept advancement; trust; researchers; qualitative methods; data collection, 6440
information presenting modes; specialized terminologies; term recognition; orienteering, 13115
learning concepts; complementary types of processing; material appropriate processing; elaboration, 26926
mankind; concept; cognitive behavior therapy, 2042
meaningful patterns; college classroom; physics course; structured weekly journals; conceptual performance; knowledge coherence; instructors; questions, 12119
metaphor comprehension; cognitive concepts; inherent circularity; schemas, 3372
mindfulness; definition; measurement; meditation, 30695
mindfulness; operational definition; model; temporal stability; situational specificity; behavior; experiences; psychological processes; measurement; conceptual framework, 30657
neural systems; word retrieval; concept retrieval; temporal lobe; conceptual knowledge; brain lesions, 21566
object concepts; objects parts; action; part-generation task, 12632
peer support; concept analysis; health care; nursing science, 5480
philosophical theories of concepts; Fodor; Peacocke; Wittgenstein; private language argument; constraints; explanation of relation between thought & language; cognitive psychology, 3360
pictorial short-term memory; pictorial components; conceptual components; pictured scenes; verbal titles; rapid sequencing; picture recognition; decoy pictures; fleeting memory, 21389
preschoolers; learning tasks; conceptual orientation; cultural influences; American; Chinese; learning behavior; personal virtue, 24962
primary school students; History; temporal cognition; English National Curriculum, 33073
psychoanalytic concepts; thirdness, 10635
psychological processes; creativity; innovation; initiative; work roles; process differentiation; concept integration; leadership preferences; cross-cultural differences, 36350
psychology issues; conceptual issues; self; person; individual; purpose; goal; direction; intention; reductionism; causality; reify; depersonalization; hermeneutics; scientism; causal relations, 22320
public health; ascetic pleasure; ecstatic pleasure; pleasurable activities; carnal pleasure; disciplined pleasure; religion; well-being, 14319

recovery following bereavement; concept; meaning; existential phenomenology; life crisis; human development, 25318
relational concepts; knowledge; following directions; concepts; comparative & superlative; directions; understanding instructions; children; US vs China, 12169
resilience; concept; theories; history of psychology, 25360
selective attention; working memory; concept identification; adult age differences; sorting stimuli; abstract cues; interference control; age-related increase; perseverative errors, 18328
self-esteem; self-image; self-concept; self-identity; definitions, 22324
self-esteem; self-meaning; self-identity; self-image; self-concepts, 22325
semantic relevance; semantic disorders; concept representation; semantic memory; models; category specificity, 18261
sensorimotor simulations; conceptual representations; prior activation; perceptual symbols theory, 21249
social cognition models; theory of reasoned action; theory of planned behavior; health belief model; protection motivation theory; pragmatics; concept, 28414
social constructivism; medical model; disability theory; US; conceptual paradigms; Americans With Disabilities Act; disability definitions; civil rights protection, 6184
speeded categorization; reaction times; typicality information; categories; natural concepts, 392
structure of words; structure of concepts; lexicon; linguistics, 24881
subgoal learning approach; transfer; statistics; conceptually oriented equations; elaborations; studying; computationally oriented equations; solution procedures, 2776
theories of categorization; psychological essentialism; minimalism; beliefs about causal laws, 3377
therapeutic alliance; psychotherapy; psychiatry; concept, 29242
topical profiling; everyday talk; conversation topics; topical patterns; topical emergence & co-ocurrence & inventories, 34225
trained teachers; classroom; teacher education courses; teacher's concepts; teacher role; professional identity, 33029
traumatic events; psychological trauma; single construct application; conceptualization; posttraumatic stress disorder; describing responses; emotional responses; natural disasters; calamitous events, 13658
vision enhancement; severe visual impairment; computer vision enhancement; scene content classification; concept identification; mediation; neural networks; Markov random field model, 6129

Concepts—Chapters

Piagetian conceptual systems and models for mathematizing everyday experiences, 23851
The prefrontal cortex: Categories, concepts and cognition, 3752
Productivity in organizations, 3247
Sociocultural theory and the practice of teaching historical concepts, 2725
Virtual machines and consciousness, 17995

Conceptual Imagery—Serials

concept maps; knowledge representation tool; cognitive representations; computer-based concept mapping tool; dynamic imagery; abstraction level; Web browser, 21032
conceptual frameworks; conversion; logical gap; incommensurability; science; witchcraft; world view, 14957
hemisphere differences; moderately imageable words; high image nouns; low image nouns; right visual field; left hemisphere, 6915
mental imagery workshop; athlete's use of imagery; girls high school basketball; Sport Imagery Questionnaire (SIQ), 36426
mental imagery; neuroimaging; scientific psychology; cognitive science; comprehension, 30843
reasoning; design in nature; purpose; intention-based accounts; intuitive theists; artificialists; conceptual imagery; imagination; childhood development, 24954
vividness of visual imagery; congenitally blind; mental imagery; sensory modalities; imaging capacity; sighted people, 29194

Conceptual Tempo—Serials

diagnosis; sluggish cognitive tempo items; attention-deficit with hyperactivity disorder; gender differences; inattentive factors; impulsive factors; sluggish factors, 28919

Conceptualization [See Concept Formation]

Concurrent Reinforcement Schedules—Serials

concurrent chains; acquisition of preference; pseudorandom binary sequence; fixed interval; response allocation; response sensitivity; schedule delay; discrimination; key peck; pigeons, 3477
initial-link durations; terminal-link durations; concurrent-chains schedules; terminal-link delay; pigeons; response percentages; contextual-choice theory; delay-reduction theory, 24571
pigeons; free food; choice; reinforcer delay; concurrent chains, 3483
reinforcer magnitude; reinforcer rate; concurrent reinforcement; higher response rates; changeover behavior; multiple schedules; arousal; references; pigeons, 12752
reinforcer ratio; unequal reinforcer distribution; cumulative effects; choice; key peck; pigeons, 3480
temporal discounting; reinforcer durations; reinforcer magnitude; reinforcer delay; pigeons; human choice; concurrent-chains, 24572

Concurrent Validity [See Test Validity]

Concussion (Brain) [See Brain Concussion]

Conditioned Emotional Responses [See Also Conditioned Fear]—Serials

anxiety models; conditioned fear; mouse; rapid eye movement sleep; sleep, 9772
conditioned fear; fear memory generalisation; inbred mice; Pavlovian fear conditioning; defensive behavior; stress; anxiety; training intensity; stimuli salience; emotional sensitisation, 30771
conditioned fear; fear memory generalisation; inbred mice; Pavlovian fear conditioning; defensive behavior; stress; anxiety; training intensity; stimuli salience; emotional sensitisation, 3481
emotional arousal; delay eyeblink condition; associative learning; physiological arousal; unconditioned stimulus; unconditioned response, 3845
habituation to temperature taking procedure; emotional fever; body temperature; stress; group housing; rats, 3837
rat; context dependent fear conditioning; exploratory behavior; glycosaminoglycans; heparin derived oligosaccharide; neophobia; open field behavior; spatial learning, 10016

Conditioned Fear—Serials

acetylcholine; memory encoding; memory retrieval; fear conditioning; tone induced fear; shock induced fear; Hasselmo cholinergic modulation model; hippocampal disruption; scopolamine; physostigmine, 15801
adrenergic transmission; conditional fear; mice; temporal massing; conditional stimulus; yohimbine; memory acquisition; temporal spacing; extinction; propranolol, 21427
adrenergic transmission; conditional fear; mice; temporal massing; conditional stimulus; memory acquisition; temporal spacing; extinction, 21669
auditory fear conditioning; fear extinction; tone-evoked activity; infralimbic subregion; medial prefrontal cortex; electrical stimulation; conditioned freezing; tone onset; response gating; amydala, 18647
chronic corticosterone; glucocorticoid receptor antagonism; basolateral amygdala; fear conditioning; rats, 24798
classical fear conditioning; auditory cues; memory enhancement; cortisone injections; learning; male rats, 9843
conditioned fear; fear memory generalisation; inbred mice; Pavlovian fear conditioning; defensive behavior; stress; anxiety; training intensity; stimuli salience; emotional sensitisation, 3481
conditioned suppression; rats; initial conditioning task; water licking behavior; fear conditioning; extinction, 33920
contextual fear conditioning; lateralized expression; immediate early gene c-fos; central & basolateral amygdalar nuclei; rats; freezing; Fos; protein product, 12883
contextual fear conditioning; protein synthesis inhibitor; context memory formation; amygdala; hippocampus; cues; shock; rats; muscimol; GABA agonist, 12845
D-cycloserine; conditioned fear extinction; N-methyl-D-aspartate agonist; unconditioned stimulus; rats; reinstatement effect, 21867
delay fear conditioning; phospholipase signaling; hippocampus; frontal cortex; learning; memory; phosphatidylinositol, 24716
dorsal hippocampus; noncompetitive NMDA receptor blockade; classical fear conditioning; conditioned freezing; tonic stimulation; sensorimotor functions; N-methyl-D-aspartate; rats; dizocilpine maleate, 3870
dorsal striatum lesions; tone fear conditioning; contextual fear conditioning; lesioned rats; memory tasks, 12828
electrolytic lesions; ventral hippocampus; dorsal hippocampus; conditioned fear expression; inhibitory avoidance; elevated T-maze; anxiety; rats, 24715
fear conditioning; amygdalar lateralization; left & right amygdalae; acquisition; retention; electrolytic lesions; rats, 12804
fear conditioning; unconditional stimulus; short-latency facilitation; interstimulus interval; conditional response; tone conditional stimulus; eyeblink reflex; time course; grid-shock; rats, 18456
fear conditioning; virtual reality; anxiety; startle reflex, 24521
fear expression; time course; delay fear conditioning; rats; trace conditioning; hippocampus; temporal specificity; fear-potentiated startle, 21425
fear-potentiated startle; contextual freezing; median raphe nucleus; serotonergic mechanisms; conditioned fear responses; cues, 30873
footshock intensity; generalization; auditory-cued fear conditioning; rats; acoustics, 24554
genetic mapping; spatial learning; place navigation; fearful behavior; quantitative trait locus; mice, 15467
hippocampus; neural cell adhesion molecule; spatial memory consolidation; fear conditioning; rats; synaptic plasticity, 620
ibotenic acid lesions; dorsal hippocampus; contextual fear conditioning; mammillary body lesions; hypothalamus; mice, 30840
intracellular dopamine contents; rat brain; conditioned contextual fear; acoustic startle reaction extinction; caudate nucleus; prefrontal cortex; nucleus accumbens, 9889
lateral amygdala; feedforward inhibition; excitatory synaptic transmission; cellular mechanism; brain structure; dopamine suppression; long-term potentiation; LTP; fear conditioning, 15429
N-methyl-D-aspartate; NMDA; glutamate receptors; hippocampus; conditioned fear; extinction; rodents; protein kinases; avoidance training; memory retrieval; memory consolidation, 9891
neurobiology; neurobehavioral system; conditioned fear; unconditioned fear; amygdala, 34063
neurotransmitter norepinephrine; fear conditioning; noradrenergic transmission; adrenergic agonists; phosphorylated creb; behavioral change; contextual memory; cue memory; c-Fos; mice, 21822
Pavlovian conditioning; dyspneic suffocation fear; carbon dioxide concentration; behavioral freezing; analgesia; unconditioned stimulus intensity; panic disorder; conditioned response, 659
pavlovian fear conditioning; aversive conditioning; inhibitory avoidance; nicotinic cholinergic neurotransmission; muscarinic cholinergic neurotransmission, 15590
Pavlovian fear conditioning; electrolytic lesions; ventral hippocampus; dorsal hippocampus; freezing behavior; rats; auditory conditioned stimuli; muscimol infusion, 12863
prefrontal administration; long term memory; fear conditioning; rats; prefrontal cortex; trace conditioning; Pavlovian conditioning; extracellular signal regulated kinase phosphorylation; dopamine, 34175

Conditioned Inhibition [See Conditioned Suppression]

Conditioned Place Preference [See Place Conditioning]

Conditioned Reflex [See Conditioned Responses]

Conditioned Responses [See Also Conditioned Emotional Responses, Conditioned Suppression]—Serials

amygdala; conditioned memory modulation; avoidance; freezing; shock-paired cues; appetitive preference; muscimol; conditioned neurohormonal responses; conditioned fear, 12844
amygdalar circuit; taste aversion; conditioned behaviour; noradrenaline; protein synthesis; rats, 21536
anticipatory behavior; Pavlovian paradigm; Pavlovian-to-Instrumental Transfer; rats; appetitive conditioned responding; conditioned stimulus; unconditioned stimulus, 33943
appetitive latent inhibition; stimulus preexposure; sign tracking responses; goal tracking reponses; rats, 9754
basal ganglia; amygdaloid body; caudate nucleus; putamen; globus pallidus; claustrum; thalamus; neostriatum; conditioned reflex behavior, 27796
C57BL/6J mice; cocaine; conditioned drug effects; Pavlovian conditioning; contextual sensitization; US-CS pairings; number of drug-context pairings; conditioned responses; extinction; testing context, 3944
cerebellar neuronal activity; conditioned eyeblink responses; Pavlovian conditioning; temporal relationships; conditioned stimulus; unconditioned stimulus; brain, 6859
cerebellum; classical conditioning; decerebrate; eyeblink; hippocampus; trace conditioning, 21617
cocaine sensitization; behavioral response; conditioned effects; novel open-field environment; locomotor stimulant effects; repeated cocaine treatment; behavioral sensitization, 27933
cocaine sensitization; behavioral response; conditioned effects; novel open-field environment; locomotor stimulant effects; repeated cocaine treatment; behavioral sensitization, 27865
conditional discrimination; exclusion choice; pigeons, 18444
conditional responses; rats; basolateral nuclear complex of the amygdala; artificial cerebral spinal fluid; reflexes; neuroanatomy; N-Methyl-D-Aspartate receptor antagonist, 13031
conditioned reinforcement; differential modulation; goal-directed behavior; psychomotor stimulant; rewarding properties; incentive motivation; amphetamine; locomotor activity; cues; drug addiction, 21876

conditioned taste aversion; rats; context exposure duration; conditioned responding; context associations; contextual cues, 9753
dopamine D3 receptor ligands; nicotine conditioning; nicotine associated cues; environmental effects; nucleus accumbens, 13029
drug sensitivity; locomotion activaton; cocaine; mice; conditioned locomotion, 791
drug-seeking behavior; conditioned stimuli; stimulus control; discriminative stimuli; cocaine; heroin; drug availability; conditioned reinforcers; rats, 714
duration samples; retention-test ambiguity; detection; conditional discrimination; retention intervals; intertrial intervals; pigeons, 18468
furosemide; food avoidance; conditioned response; natriuretic drug; anorectic activity; sodium loss, 24824
lesioning; rats behavior; entopeduncular nucleus; conditioned reflex; discrimination; open field, 9885
linear system theory; matching theory; Herrnstein's hyperbola; reinforcer magnitude; reinforcement rate; reinforcer value; rats; single-alternative responding, 15372
long-term depression; transgenic mice; wild-type mice; protein kinase; Purkinje cells; classical eyelid conditioning; learning-dependent timing; conditioned eyelid responses; motor memory, 474
long-term depression; transgenic mice; wild-type mice; protein kinase; Purkinje cells; classical eyelid conditioning; learning-dependent timing; conditioned eyelid responses, 471
neural processes; bicucculine disinhibited cat motor cortex; operant conditioned reflex; forepaw support; local disinhibition; m-methyl-d-aspartate; NMDA, 9861
odor learning; oviposition; host location; Leptopilina boulardi; parasitism; retention; conditioned response; odor memory; olfactory plasticity, 12725
orbitofrontal function; operantly conditioned responses; response extinction; preschool-age children; gender differences, 24911
schedule induced drinking; lick dependent delays; rats; d-amphetamine; negative punishment; unsignalled food delivery delays, 15792
second-order conditioning; second order autoshaping; conditioned stimulus response; excitatory association; conditioned response; associative learning; sensory information; SOP model; pigeons, 9776
selective impairment; fornix-transected rats; sham-operated rats; nonspatial memory; odor-guided task; relational memory; hippocampus, 9842
self-injurious behavior inhibiting system; contingent electric shock; conditioned punisher; severe head banging; preschool child, 23178
spatial stimulus; stimulus response; response correspondence; Simon effect; response locations; response codes, 18254

Conditioned Stimulus—Serials

amygdala; c-Fos protein expression; conditioned aversive stimuli; unconditioned aversive stimuli; freezing; rats, 24568
anticipatory behavior; Pavlovian paradigm; Pavlovian-to-Instrumental Transfer; rats; appetitive conditioned responding; conditioned stimulus; unconditioned stimulus, 33943
attention; auditory cortex; gamma activity; arousal; neocortex; cats; conditioned stimulus, 18577
classical conditioning; animal feeding behavior; behavioral conditioning; conditioned stimulus; tactile stimulation; neural pathways; snails, 6954
clozapine; dopamine; serotonin; muscarinic receptor; discriminative stimulus properties; antipsychotic drug; dose discrimination; rats, 13064
conditioned stimulus duration; unconditioned stimulus; preexposure effect; rats, 33929
conditioned stimulus; stimulus duration; training; extinction; ring doves; autoshaping; stimulus interval; temporal specificity; streptopelia risoria; extinction session, 27613
contextual conditioning; conditioned stimulus; learning; age-related differences; infant rats; adult rats, 9755
cover stimulus effect; stimulus similarity; pigeons; conditioned stimulus; unconditioned stimulus; stimulus-duration-equality effect; stimulus duration, 21431
discriminative stimulus effects; morphine; naltrexone; squirrel monkeys, 15822
discriminative stimulus effects; mu opioid agonists; heroin; behavior; morphine; methadone; nafadotride; rats; flupenthixol; SCH23390; eticlopride; BP897; dopamine $D_{2/3}$ antagonists, 18722
discriminative stimulus effects; mu opioid agonists; heroin; nalbuphine; dopamine receptor agonists; morphine; methadone; quinelorane; quinpirole; 7-OH-DPAT; behavioral effects; rats, 18723
discriminative stimulus effects; SKF 38393; rats; dihydrexidine; ABT-431; dinapsoline; A-86929; D_1 receptor full agonists, 18742
drug-seeking behavior; conditioned stimuli; stimulus control; discriminative stimuli; cocaine; heroin; drug availability; conditioned reinforcers; rats, 714
equivalence formation probability; stimuli familiarity; training sequence; equivalence relations, 21324
functionally similar stimulus relations; equivalence-equivalence test; matching; analogical reasoning, 21329
learning; arbitrary conditioned stimulus; ecological conditioned stimuli; sexual conditioning; unconditioned stimulus; pavlovian conditioning, 27612
mean rate; unconditioned stimuli; interval distribution; conditioned stimuli; linear combination; temporal learning; cs duration; food cup, 27620
neutral stimuli; rats; sensory preconditioning; inhibitory form, 27614
nicotine; Pavlovian appetitive conditioning; rats; visual cues; rewarding outcome; conditional stimulus; naloxone, 30996
overexpectation; response loss; sustained stimulus compounding; rabbits; nictitating response; conditioned stimuli, 33931
Pavlovian conditioning; pigeons; conditioned stimulus; unconditioned stimulus; unconditioned response, 6674
place conditioning; conditioned preference; ethanol injection; aversion; learning; conditioned stimulus; rewarding effects, 465
probability; stimulus equivalence; mild mental retardation; conditional discriminations; linear series structure, 35128
second-order conditioning; second order autoshaping; conditioned stimulus response; excitatory association; conditioned response; associative learning; sensory information; SOP model; pigeons, 9776
stimulus compounds; human Pavlovian conditioning; skin conductance conditioning; elemental processing; configural processing; associative learning, 33867
superconditioning; irrelevant conditioned stimuli; discrimination learning; reinforcement; rats, 18467
temporally massed conditional stimulus presentations; fear extinction; spaced presentations; mice, 464
unconditioned stimuli; conditioned stimuli; flavor conditioning; simultaneous relation; sequential relation; extinction; rats, 27617
unconditioned stimulus; conditioned stimulus; Pavlov's theory of conditioning; signalization; stimulus-subtitution, 3475

Conditioned Suppression—Serials

amphetamine hypophagia; tolerance; suppression learning; stereotyped movements; rats; behavioral adaptation; temporal licking, 21927
conditioned fear inhibitors; fear conditioning; ABA fear renewal paradigm; theories of extinction; rats; feared cues; co-present cues; conditioned suppression; rats, 9725
conditioned lick suppression; trial number; second-order conditioning; compound stimuli; temporal relationship; behavioral control; conditioned inhibition; rats, 27634
conditioned suppression; rats; initial conditioning task; water licking behavior; fear conditioning; extinction, 33920
context similarity; renewal; fear; relapse; phobias; animal models; conditioned suppression; rats, 3575
hypothesis testing; stereotype suppression; stereotypical judgments; political correctness; confirmation biases; social interactions, 1207
inner speech; cues; articulatory suppression; task cuing paradigm; task goal retrieval; cue type; dual-task study; nonnegligible retrieval demand, 15293
latent inhibition; preexposure; context effects; context specificity; conditioned lick suppression; rats, 9777
motor cortex stimulation; human motor cortex; excitatory effects; inhibitory effects; ipsilateral muscles; muscle activity; corticospinal excitability, 15647
Pavlovian backward conditioning; outcome specificity; instrumental transfer; learning retardation; conditioned inhibition, 9760
response inhibition; response force; stop-signal paradigm; response probability; response stopping; reaction time, 352
response suppression learning; lemurs; preference bias, 24566
safety signals; avoidance learning; classical conditioning; inhibition; summation tests; retardation tests; licking suppression, 24561
sequential feature negative discriminations; simultaneous feature negative discriminations; elemental learning; human Pavlovian conditioning; occasion setting, 24483

Conditioning [See Also Autoshaping, Aversion Conditioning, Classical Conditioning, Conditioned Stimulus, Operant Conditioning, Place Conditioning, Preconditioning, Unconditioned Stimulus]—Serials

anterior cingulate cortex; remote contextual fear memory; neuroanatomy; pharmcological factors; genetics; permanent memory storage; mice, 24673
anxiety models; conditioned fear; mouse; rapid eye movement sleep; sleep, 9772
appetitive conditioning; rats; associative learning; computational comparator hypothesis, 33934
associative learning theory; experimental psychology; Pavlovian conditioning; associationism, 3394
associative mechanosensory conditioning; proboscis extension reflex; honeybees; antennal stimulation, 24567
causal reasoning; causal conditionalizing; contingency learning, 6603
cerebellum; classical conditioning; decerebrate; eyeblink; hippocampus; trace conditioning, 21617
conditional discrimination learning; bilateral medial temporal lobe amnesia; eyeblink conditioning, 8244
conditioned defeat; hamsters; aggressive behavior; territoriality; conditioned defeat duration; animal sex differences, 3515
conditioned lick suppression; trial number; second-order conditioning; compound stimuli; temporal relationship; behavioral control; conditioned inhibition; rats, 27634
conditioning; residual emotionality effects; odor stimuli; predator stimuli; stress; emotion; emotional responses; animal behavior, 9743
contextual fear conditioning; lateralized expression; immediate early gene c-fos; central & basolateral amygdalar nuclei; rats; freezing; Fos; protein product, 12883
contextual fear; stres; Wistar rats; fear conditioning; corticosterone levels, 3503
contextual stimulus; latent inhibition; appetitive conditioning; systemic amphetamine; drug dosages; rats, 27927
defensive behavior; conditioned stimulus; rats; temporal conditioning; amygdala kindling; convulsion; time; electrical brain stimulation; anticipation; attack, 12806
defensive behavior; rapid conditioning; cues; cat odor; rats, 12736
dentate gyrus; mammalian learning; stereotypical behavior; auditory conditioning; intertrial intervals; hippocampus; spatial behavior; memory, 3714
dorsal premotor cortex; striatum; neuronal activity; learning-related changes; hippocampus; monkeys; conditioned visuomotor learning, 34007
essential tremor; neurological movement disorder; disability; biobehavioral conditioning model; aging; comorbid social anxiety, 26149
ethanol; conditioned flavor preferences; sugar conditioned preferences; fat conditioned preferences; rats; conditioned stimuli, 27601
evaluative conditioning; self-evaluation; attitude formation; assimilation; contrast; interpersonal attitudes, 1282
exploratory activity; fear conditioning; R6/2 gene; Huntington's disease; transgenic mouse model; huntingtin gene; polyglutamine; protein; fear conditioning, 6820
fear conditioning; amygdalar lateralization; left & right amygdalae; acquisition; retention; electrolytic lesions; rats, 12804
fear conditioning; anorexia nervosa; novel paradigms; pathologic fear, 22775
fear expression; time course; delay fear conditioning; rats; trace conditioning; hippocampus; temporal specificity; fear-potentiated startle, 21425
ibotenic hippocampal lesions; discriminative fear conditioning; mice, 21570
latent inhibition; signal value; unconditioned stimulus; attenuated conditioning; conditioned stimulus, 33926
lateral parabrachial nucleus; c Fos like immunoreactivity; apomorphine; conditioned consumption reduction; cooling lesions; rats; reinforcing properties; conditioning; LiCl, 12820
methylazoxymethanol acetate treatment; prepulse inhibition; latent inhibition; acoustic startle reflex; schizophrenia; locomotor activity; cognition; emotionality; fear conditioning; Wistar rats, 15761
monkeys; long term retention; food array size selection; reverse-reward contingency; nonpreferred food; transposition; self control, 12730
neuroscience; Pavlovian conditioning, 3441
nicotine; contextual fear conditioning; ethanol-induced deficits; learning; ethanol-nicotine coadministration; mice, 7189
olfactory discrimination; honeybees; patterning discriminations; negative patterning; positive patterning; olfactory conditioning; proboscis extension response; bilateral input; olfactory stimulation, 3479
Pavlov; conditioned behavior; neurophysiology; operant behavior, 3388
Pavlovian conditioning; adjustment; knowledge; animals, 3486
placebo effect; nocebo effect; cognitive mechanisms; unconscious conditioning; expectation; analgesic responses; motor performance; hormonal responses; pain, 21246
rats; nicotine exposure; conditioned reinforcement; intra-NAc amphetamine, 27929
receptive field plasticity; auditory cortex; conditioning; memory; stimulus-stimulus learning; stimulus generalization; acetylcholine; auditory simulation; tone; nucleus basalis, 634

recovery effects; extinction trials; navigation task; Morris swimming pool; spatial learning; training; rats, 480
satiation; nutrients; postingestive effects; conditioning process; food preferences; reward effects; food intake; food reward, 30936
selective serotonin reuptake inhibitor; citalopram; tianeptine; anxiety disorders; fear conditioning; chronic treatment; acute treatment; rats, 27862
spontaneous recovery; conditioned flavor preference; rats; extinction; calories, 24575
temporal characteristics; motor neurons; neuronal firing synchrony; predictive synchronous firing; monkeys; conditioning; spike-timing-dependent plasticity; premotor neurons, 24735
temporal relationship; conditioned inhibition; temporal control; associative structure; conditioned stimulus; temporal coding; posttraining manipulation; training excitor-unconditioned stimulus, 27611
transfer effects; visual-spatial conditional learning; rats; selective lesions; medial septal/vertical limb of diagonal band; medial/septal diagonal band; cholinergic neurons, 6913
transitive behavior; hippocampus; pigeons; non-spatial learning; memory representations; transitive learning; vertebrate species; conditional discriminations; brain lesioned, 27793
unconditioned stimulus; conditioned stimulus; Pavlov's theory of conditioning; signalization; stimulus-subtitution, 3475
Conditioning (Avoidance) [See Avoidance Conditioning]
Conditioning (Classical) [See Classical Conditioning]
Conditioning (Escape) [See Escape Conditioning]
Conditioning (Eyelid) [See Eyelid Conditioning]
Conditioning (Operant) [See Operant Conditioning]
Conditioning (Verbal) [See Verbal Learning]
Condoms—Serials
Chinese college students; student attitudes; condom use; sex; vulnerability; HIV infection; sexually transmitted disease; sexual risk taking, 25230
cognitive-behavioral interventions; HIV intervention; unprotected sex; male partners; female condom use; gender specific family planning; self insertion practice; gender sensitivity, 11712
college students; communication-skills training; relationship-specific education; condom use; sexual partners; couples; risk information, 32607
condom acceptability; human males; urban population; sexual risk taking; college students; homosexuals, 25228
condom availability programs; Massachusetts; high schools; condom use; sexual behavior; adolescents sexual practices; community discussion, 16208
condom negotiation strategies; cultural differences; gender differences; interpersonal communication; communication styles; verbal-direct strategies, 29534
condom usage; self report measures; validity; test comprehension, 9458
condom use; attitudes; HIV infection prevention; alcohol use; emotional barriers; cultural traditions; complacency, 32591
condom use; casual partners; sex acts; unprotected intercourse; sexual encounters; sexual behaviour, 11186
condom use; HIV-infected patients; alcohol problems; alcohol consumption level, 28550
condom use; intentions; Rwandan secondary school students; attitudes; male students; female students, 34562
condom use; sexually transmitted disease; at risk populations; low income populations; African Americans; preventive behaviors; males; STD clinic, 34545
condoms; delayed application; safe sex; young adults; heterosexuality; condom usage; unprotected sex; withdrawal, 25210
condoms; HIV prevention; alternatives, 35674
female condom; technology; empowerment; media; female health movement; HIV-prevention; sexual health, 29530
gender differences; condom-related behaviors; Mexican adolescents; attitudes; HIV infection; unprotected sex, 28119
health promotion efforts; unprotected intercourse; sexual behaviors; HIV infection; condom use; substance abuse treatment; risk factors; sexually transmitted diseases, 19637
HIV infection; AIDS epidemic; epidemiology; at risk populations; condom use; needle use promotions; intervention strategies, 32600
hiv prevention efforts; prison inmates; hiv related behavior; condom use; planned behavior; needle sharing; risk behavior, 13888
HIV prevention; heterosexual contacts; risk management; sexual contacts; communication; condom use; sexual risk management; heterosexual relationships, 11178
HIV risk; sexually transmitted diseases; microbicides; condom use; mathematical models; sex acts, 17224
HIV-infection; condom reliability; HIV-negative partners; HIV/AIDS; safer sexual behaviour, 9467
HIV; AIDS knowledge; health beliefs; condom usage; women, 11688
individual intentions; condom use; theories; individual decision making; behavioral intentions, 26524
injecting drug users; condom usage; demographic characteristics; vulnerability perception; sex partners; self-efficacy; response efficacy; social norms; sexual behavior, 14329
Nigerian university students; white South African adults; black South African adults; condom use, 25225
partner influence; condoms; gender differences; ethnic differences; HIV risk, 13389
scale development; scale validation; condom influence strategy questionnaire-short form; condom use persuasion; structural equation modeling; confirmatory factor analysis; latent variable modeling, 207
self-help intervention; condom use; young women; HIV risk; sexually transmitted disease, 8690
sexual abstinence; sex education; human immunodeficiency virus; AIDS prevention; faithfulness; condoms; politics, 32575
sexual behaviors; Latino college students; condom use; risk factors; HIV; AIDS; sexual activity, 34546
sexual risk behaviour; AIDS prevention programmes; television series; condom use, 11737
social network; HIV-related risk behaviors; protective behavior; condom use; condom norms; urban disadvantaged drug users, 5489
student attitudes; condom usage; sexual behavior; safer sexual practices; HIV; AIDS; celibacy; monogamy; free experimentation; health education, 26538
Condoms—Chapters
Alcohol myopia and condom use: Can alcohol intoxication be associated with more prudent behavior?, 16311
Inducing hypocrisy as a means of encouraging young adults to use condoms, 17278
Conduct Disorder—Serials
adolescent conduct problems; functional family therapy; multisystemic therapy; Oregon treatment foster care; risk factors; alternative treatments, 1925
adolescent mothers; maternal antisocial behavior; child conduct problems; social competence; negative parenting, 31890
aggression; gabapentin; escape; childhood conduct disorder; adult parolees; GABA, 16470
alcohol consumption; injuries; emergency room attendance; violence; depression; conduct problems, 25780
aldehyde dehydrogense; alcohol dehydrogense; conduct disorder; gene status; alcohol dependence; ethnicity; American college students; ethnic differences; lower rate; risk rates; protective factors, 19679
American Indian adolescents; conduct disorder; residential substance abuse treatment programs; gender differences, 5683
antisocial personality disorder; early intervention; prevention; conduct disorder, 31841
attention-deficit hyperactivity disorder; disruptive behaviour disorders; child psychiatry; adolescent psychiatry; psychostimulant medication; psychosocial intervention; comorbid conduct disorder, 13789
attention-deficit hyperactivity disorder; substance abuse; conduct problems; adolescents; pemoline safety; pemoline efficacy; drug therapy, 20484
behavioral assessment; behavioral disruptions; conduct problems; treatment, 22624
childhood Attention Deficit Hyperactivity Disorder; conduct problems; adult psychopathy; male inmates; childhood symptomatology; adult antisocial outcomes; comorbid subtype, 19247
childhood conduct problems; families; mental health services; childhood aggression, 20541
childhood onset; gender differences; girls; boys; conduct disorder; single delayed onset pathway; childhood onset; risk profiles, 19617
children of mothers with postnatal depression; later child violence; conduct disorder; psychosocial factors; family environment; attention deficit disorder with hyperactivity; comorbidity, 1583
clonidine; psychostimulants; hyperactive children; aggression; oppositional defiant disorder; conduct disorder; attention deficit hyperactivity disorder, 20331
comorbidity; major depression; conduct disorder; cognitive-behavioral treatment; adolescents; treatment evaluation, 26262
conduct disorder symptoms; parental alcoholism; stepfather families; risk factors; intact families; parental psychiatric disorders; antisocial personality disorder; depression; social phobia, 22623
conduct disorder; causal theories; neutral terminology, 22632
conduct disorder; clinician diagnoses; Diagnostic Interview Schedule for Children; test validity, 30448
conduct disorder; comorbidity; attention deficit hyperactivity disorder; early-onset; inpatient treatment, 1317
conduct disorder; parent training; Project Head Start; child outcomes; critical parenting, 22645
conduct disorder; pharmacological treatments; experimental guidelines; treatment, 2150
conduct disorder; reading problems; prevention interventions; substance abuse; low reading achievement; conduct problems; children; negative health; Canada; school entry, 17690
conduct problems; residential care; token economy, 23175
conduct-disordered adolescents; hard drug; outpatient treatment program; psychometric evaluation; retrospective reports; frequency reports; initial session; parent reports; illicit drug, 25789
cortisol levels; conduct disorder; adolescent mothers; aggressive symptoms; salivary cortisol, 19581
cortisol levels; conduct disorder; adolescent mothers; aggressive symptoms; salivary cortisol, 19624
criminal behavior; antisocial behavior; hyperactivity; conduct disorder; women; institutional care rearing; childhood precursors; adolescent factors, 31980
defense mechanisms; adolescent conduct disorder; adjustment reaction; adolescent development, 16471
diagnostic consistency; conduct disorder; assessment; diagnostic criteria; social context; Diagnostic and Statistical Manual of Mental Disorders, 9419
divalproex sodium; conduct disorder; adolescent males, 5349
elementary school based preventive intervention; conduct problems; middle school outcomes, 20885
elementary school children; attention-deficit/hyperactivity problems; oppositional defiant; conduct problems; disruptive behavior problems; classroom intervention trial; developmental trajectories, 30067
environmental & genetic influences; conduct problems; twin study; children & adolescents; heritability, 25844
executive functioning deficits; attention deficit hyperactivity disorder; autism; cognitive processes; oppositional defiant disorder; conduct disorder; comorbidity, 22728
family psychosocial characteristics; attention deficit hyperactivity disorder; conduct problems; oppositional defiant disorder, 19771
genes; parent-child interaction; family environment; intergenerational transmission; risk factors; family background; conduct disturbance; depression; twins; spouses; children, 19282
heart rate; electrodermal activity; aggression; psychopathy; conduct problems; antisocial spectrum; heart rate reactivity; resting levels; task levels; meta analysis, 27840
internalizing antecedents; conduct disorder; externalizing disorders; behavioural patterns, 34995
language impairment; aggressive behavior; adult delinquency; conduct disordered youth; incarcerated youth; speech impairments; attention deficits; internalizing problems, 26011
mental health service utilization; conduct disorders; social functioning; comorbidity; mental disorders; family and social factors; children, 2415
military-style treatment programs; adolescents; academic problems; conduct problems; social-emotional functioning; program completion; Minnesota Multiphasic Personality Inventory-Adolescent; boot camp, 23642
monoamine oxidase A genotype; conduct disorder; genotype-environment interaction; risk factors; exposure to familial adversity; childhood environment; male twins, 28809
parent management training; conduct disorder; child care; parent training, 20214
parent-child interaction therapy; conduct problems; parent training programs; oppositional behavior; preschool-aged children, 26305
parental alcoholism; adolescent psychopathology; comorbidity; parental psychopathology; alcohol dependence; substance use; conduct disorder; depression, 35043
parental meta emotion philosophy; conduct problem children; peer relations; emotion coaching; awareness, 25822
parents of young children with ADHD; attention deficit/hyperactivity disorder; comorbid disorders; oppositional defiant disorder; conduct disorder; parental psychopathology; substance abuse, 4504
perceived school climate; effortful control; early adolescent adjustment; student perception; conduct problems; depressive symptoms, 26865
personality; emotional problems; conduct problems; adolescents; adjustment problems, 28111
prolactin levels; long-term risperidone treatment; conduct disorder; subaverage intelligence; disruptive behavior disorders, 11486
psychopathology; pathways of growth in aggressive behavior; boys; psychosocial development; adult criminality; conduct disorder; antisocial personality disorder; disease course; urban environments, 1616
psychopathy; personality disorders; disruptive behaviors; childhood onset; neuropsychiatric disorders; antisocial personality disorder; neuropsychological abilities, 1554

reactive aggression; proactive aggression; children; adolescents; psychiatrically referred youth; age; child abuse; agression correlates; disruptive behavior disorders, 19589
social communication deficits; conduct disorder; pragmatic language skills; pragmatic competence; antisocial behavior; autism, 25799
tattling; likeability; residential care; social status; peers; caregivers; social skills, 22625
treatment outcome; dual diagnosis; antisocial youth; forensic inpatients; adolescent offenders; conduct-disorder symptoms, 32845
Conduct Disorder—Books
Conduct and oppositional defiant disorders: Epidemiology, risk factors, and treatment, 22654
Conduct Disorder—Chapters
Classification and assessment, 22662
Community-oriented interventions for conduct disorder: Theoretical progress needing empirical support, 23114
Course and outcomes, 22657
Epidemiology and comorbidity, 22659
Epilogue, 22660
Familial and genetic factors, 22665
Family-based interventions, 23202
Individual and psychosocial risk factors, 22655
Initial impact of the Fast Track Prevention Trial for Conduct Problems: II. Classroom effects, 2850
Parent-child interaction therapy: A dyadic intervention for the treatment of young children with conduct problems, 5235
Prevention programs, 23115
Cones (Eye)—Serials
cannabinoid receptor agonist; WIN 55212-2; voltage gated currents; retinal cones; goldfish, 7181
chromatic properties; color information; retina cone photoreceptors; spectral sensitivities; neural network; retinal cone mosaic responses; sensory signals; luminance selectivity; visual cortex, 6151
cones; chromaticity; color system; color adaptation; cardinal axis; chromaticity; post receptoral processes, 6523
dynamic cone response; color appearance models; color luminance; power model; hue change; color saturation; constant color chromaticity; CIECAM97s, 15206
metabotropic glutamate receptor; gabaergic feedback; glutamate uptake; luminosity-type horizontal cell; LHC; light response; carp retina, 15539
motion detection; zebrafish; optomotor response; spectral sensitivity function; Danio rerio; color vision; cones; wavelength, 21757
photoreceptors; age-related changes; structural changes; functional chenges; rod cells; cone cells; juvenile mice; adult mice; aged mice; retinal pigment epithelium; epithelium pigmentation, 6798
rats; spectral sensitivity; cone-driven electroretinogram; cone pigments; spectral identity; b-wave, 6787
short-wavelength-sensitive cones; human retina; spatial perception; fetal retina; postnatal retina, 31103
Confabulation—Serials
cognitive mechanisms; executive deficits; reality distortions; executive functions; confabulation; meningioma; motivation; memory, 19261
confabulations; false beliefs; positive emotional bias; neurological patients; medial frontal lesions, 32191
memory monitoring; comprehension abilities; schizophrenic patients; verbal comprehension; encoding, 28694
misinformation; recall; cognitive interview; mnemonics; young children, 22035
recall; recognition confabulation; schizophrenia; psychotic diorder; bipolar disorders; symptomatology; cognitive domains; computed tomography; auditory event-related potentials; schizoexecuphrenic, 31710
Confession (Legal) [See Legal Confession]
Confidence (Self) [See Self Confidence]
Confidence Limits (Statistics)—Serials
confidence intervals; null hypothesis significance testing; graphically based data interpretation; statistical power, 252
effect size confidence intervals; tests of close fit; analysis of variance; contrast analysis; F test improvement, 18227
mathematics education research; effect size; confidence interval reporting; null hypothesis statistical significance testing, 21076
meta analysis; statistical power; standard error; effect size; confidence intervals, 6430
neuropsychological tests; correlation coefficient; temporal order memory; particular relevance; inferential methods; summary statistics; confidence limits; normative sample; regression line, 3271
reliability measurement; alhpa; coefficient alpha; inferential statistics; Cronbach's coefficient; reliability index; confidence intervals; consumer research; sample size; correlations; alpha estimate, 6405
sampling distribution; discrimination; false alarm rate; confidence levels, 30535
standard Pearson correlation coefficient; bootstrap standard error estimate; confidence intervals; selection ratio; sample size, 30526
Confidentiality of Information [See Privileged Communication]
Confirmatory Factor Analysis [See Factor Analysis]
Conflict [See Also Arguments, Family Conflict, Riots, Violence, War]—Serials
aging; internal struggles; internal conflicts; cultural values; nursing home placement; elderly; death; adjustment, 1296
anterior cingulate cortex; behavioral conflict; experiment duration; behavioral measurements; Stroop, 27726
anterior cingulate cortex; conflict monitoring; conflict adjustments; cognitive control; neuronal mechanisms, 12850
armed conflict; African child soldiers; global economy; social group, 16095
award ceremony rituals; organizational field evolution; performance; conflicts; horizontal linkages; Grammy Awards, 36243
career orientation; work family conflict; work interference; complex relationship; strain based; behavior based; time based, 13322
Chinese managers; American managers; normative conflict; national origin; shame; revenge seeking, 9107
cognitive deficits; schizophrenia; conflict processing, 7888
collectivism; group cohesiveness; group performance; individualism; intragroup conflict; culture differences, 4368
compromise formations; unconscious conflicts; psychoanalytic review; Western films; frontier myth; identification; spectators, 4007
conflict adaptation effect; conflict monitoring; anterior cingulate cortex; prefrontal cortex; conflict susceptibility; episodic memory; attentional selection; stimulus specific repetition priming, 9668
conflict escalation model; verbal aggression; physical aggression; structural equation model; model development, 27303
conflict management metaphors; problem communication; interpersonal conflicts; written journals; tonal qualities, 10500
conflict management strategies; dual identity perceptions; separate groups perceptions, 19107
conflict partner; respondents perceptions; humor effects; humor motives; humor qualities; humor reactions, 6618
conflict prevention; OSCE; United Nations; UN; Organization for Security and Cooperation in Europe; conflict management; institutionalization, 18040
conflict related behavior; social desirability; Conflict Dynamics Profile; interpersonal conflict; psychometrics; test reliability; test validity, 30366
conflict research; emotional response; gender differences; adolescent perception; hypothetical situation realism, 31226
conflict settlement; games; bargaining; social norms, 19103
conflict theory; individual risk taking; group risk taking; internal conflict; nonimpulsive decisions; reactions; feelings; defense mechanisms; methodological problems; military training; young males, 4345
conflict theory; racial profiling; police traffic stop practices; racial factors; socioeconomic factors; arrest practices, 6215
conflict; attendance at mandatory divorce education program; parents, 12418
conflict; commitment; implicit theories of relationships; growth belief; heterosexual romantic relationships, 22289
conflict; group creativity; France; United States; brainstorming; debate; criticize; competing views; dissent, 31500
conflict; power; status; concepts; perspectives; institutional rules; research; political science; psychology; sociology; group behavior, 10507
CONFLICTALK instrument; adolescent conflict; conflict management; conflict management message styles; peer mediator-conflict manager programs; conflict styles, 12522
Conflicting Standards Dilemma; coping styles; gender appropriate behavior; traditional standards; nontraditional standards; femininity; masculinity, 25204
Consortium on Negotiation and Conflict Resolution; African American public school children; intragroup interactions; Conflict Resolution Education program; intragroup conflict behaviors, 14944
constructive conflict; school improvement; controversy; reform, 23834
cooperation despite disagreement; healthcare; health care providers; health care patients; conflict resolution; bioethics; politics; morality; health care policy, 14615
cooperative exchange models; cooperative games; conflict measures; collective decision-making; group conflict, 13442
cross cultural differences; international conflict; sociopolitical context; developmental issues; war; enemy; friends, 13370
cultural boundaries; conflict dynamics; classification; conflict; climbers, 13428
decoupling task; relationship conflict; intragroup emotional processing; intragroup conflict processes; group members; negative emotionality; interactional norms, 33310
demographic changes; racial conflict; minority groups; multiculturalism; racial hierarchy, 34472
direct discussion; interpersonal warmth; nonverbal expression; integrative decision making; China, 10508
dissociation; enactment; self conception dilemma; internal conflict; countertransference involvement; clinical illustration; affective clues; multiple consciousness; unitary mind; single-mindedness, 22394
diversity faultlines; conflict experience; performance; morale; groups, 22298
diversity; team efficacy; intrateam conflict; team performance; intentions to remain in team; MBA students, 4340
domestic violence; gender; therapeutic factors; partner abuse; gender role conflict; partner abuse prevention groups, 3109
emotional regulation; romantic relationships; concealing feelings; dating couples; relationship conflict, 4376
error; event related potentials; functional magnetic resonance imaging; unsuccessful response inhibitons; conflict monitoring, 7061
expected utility theory of war; temporal domain; political similarity; international conflict; international interaction game; Kendalls tau b, 16180
experimental psychologists; fundamental differences; behavior analysts; operant approach; traditional experimental methods; Yerkes Laboratories of Primate Biology; history of psychology, 6220
female oedipal complex; aggression; competitive aggression; traingular conflicts; inhibition; object relationships; mothers; sexuality; mother-daughter relationships, 7727
gender role stereotypes; parent-adolescent conflict; early adolescence, 25161
global violence; promoting world peace; violent conflict; global era; human sciences; compliant governments; compliant governments, 7507
high conflict couples; divorce; intervention; public policy, 19047
home to work conflict; work qualities; emotional distress; anxiety; depression; sex differences; gender differences, 14773
identity configurations; identity formation & development; contemporary society; personal identity conflicts; sociocultural conflict, 34709
identity conflict; identity centrality; women; identity interference; well being; science performance; identity conflict; central scientist identity, 19149
impoliteness; dynamic aspects; prosodic aspects; communicative strategies; face attack; social conflict; disharmony, 4323
industrial conflict; collective bargaining; industrial relations; collective decisionmaking; cooperative strategy; substantive incentives; trade unions; strikes, 14775
intergroup conflict; self-directed negative affect; out-group derogation, 19111
international conflict resolution; motivation; ineffective resolution strategies, 18047
interpersonal conflict; conflict styles; independent self-construal; conflict behavior; face-negotiation theory, 4370
interpersonal conflicts; borderline personality disorder; relationship patterns; Core Conflictual Relationship Theme-Leipzig-Ulm/Logically-Unified, 22603
interpersonal consflict; emotions; cognitions; beliefs; coach-athlete relationship; closeness; coorientation; complementarity, 9146
intractable conflicts; identity-based conflicts; virulent ethnocentrism, 18046
intrapersonal reciprocity; intrapersonal interactions; conflict; genes; reciprocal altruism; subjective experience; genome, 3582
intrapsychic conflicts; pre-service teacher; secondary school students; physical education class; self-confrontation interviews, 8982
job stressors; political skill; role conflict; strain; psychological anxiety; somatic complaints, 36346
male life history; redfronted lemurs; Eulemur fulvus rufus; intersexual conflict; unusual sex ratios, 18510
managed care organizations; patient care; care managers; professional conflicts; medical necessity, 8786
marital conflict; children's emotional responses, 18891
masculine gender role stress; negative affect; negative attributions; verbal aggression; physiological reactivity; intimate conflict situations; aggressive responses, 28495
memory; prior instances; relative judgments; conflict detection, 33864

mood effects; verbal communication; sadness; verbal evasiveness; conflict situations; equivocation; cognitive strategies; equivocal communication, 28464
moral theories; siting controversies; involuntary risks; rights, 36543
mothers; ambivalence toward children; babies; toddlers; conflicts; aggression; psychoanalytic theory; feminine psychology; parent/child interaction; childrearing; achievement; roles; life goals, 7726
negative mood regulation expectancies; attachment representations; conflict behaviors; college students; romantic relationships; late adolescents, 25007
New Testament; interpersonal relationships; relationship patterns; attachment theory; core conflictual relationship theme, 13296
nurse practitioner; primary care; managed care organizations; ethics consultation; ethics education; moral dilemmas; obligation conflicts; nursing responsibility; trustworthiness, 8964
occupation; brief dynamic therapy; Mann's model; central conflict; occupational therapy, 5711
Ohio School Conflict Management Initiative; cost-benefit analysis; school program benefits, 14702
parent-health care provider conflict; children with cancer, 14386
peer mediation; educational settings; mediation program; school conflict, 14704
peer victimization; early adolescence; injury trigger; injury mechanism; school exposure; age differences; sex differences; physical violence physical injury, 4137
people attribution; terrorist attack; group dominance; civilization clash; World Trade Center; Western values; Muslim values, 28432
police perceptions; public disorder; crowd conflict; outgroups; policing methods; attributions, 9320
political decision making; organizational politics; conflict processes; relationship conflict; academic departments, 36365
political opinion; political communication networks; political discussion; disagreement; ambivalence; political isolation; presidential candidate preference; political engagement; election turnout, 13366
population growth; carrying capacity; conflict; population growth model; multitrajectory model; reproductive behavior; population behavior, 13282
prayer; politics; communal conflict; public events; women's prayer session; mass demonstrations; multifocal events; qualitative fieldwork; ethnographic model; onsite participant observation, 4364
primary health care delivery; military personnel; patient satisfaction; quality of care; physical environment; conflict conditions; Israeli Defense Forces; medical staff attitude; clinics, 17339
psychotherapy; money; seduction; transference; conscious wishes; unconscious determinants, 20255
reasoning strategies; student behaviour; medical students; professional lapse; professional conflict, 17512
reconstructive memory; adolescent-parent conflict interactions; perception change; attachment-related representations; immediate perceptions, 1092
relationship patterns; dynamic psychopathology; core conflictual relationship themes; defensive functioning, 25445
relationship quality; communication; lesbians; positive behaviors; conflict; gay males; negative behaviors; couples; social support; heterosexuals, 1186
resistance to collaboration; stakeholders' frames; environmental conflicts; Voyageurs National Park; mediation success; failure, 27179
response conflict; spatial judgment; viewpoint alignment, 18298
sexual antimonies; modern societies; sexual liberalism; sexuality; sexual relations, 25222
sibling bond; sibling impact; development; pathology; conflict; brother, 5249
sibling conflict; parasitic wasps; animal social behaviors; spiteful behavior; negative relatedness, 33959
social animals; animal aggression; mortality rate; fighting abilities, 3494
social conflict theory; Anglo-American nursing theory; individualism; mental health care; social conflict perspective; individualized care, 23656
social dominance evolution; game theoretical model; winner and loser effects; rank differentiation; conflict, 9797
social dominance evolution; transitive hierarchies; rank differentiation; winner and loser effects; conflict; game theoretical model, 9796
social status; allostatic load; glucocorticoids concentrations; social conflict; stress hormones; social support; competition; animals, 18486
sport psychology; applied research; athletes; coaches; research; intervention; conflict, 24038
superego; moral systems; conflict; conscience; inner judge, 25438
task conflict; relationship conflict; group performance; trust; performance feedback; intragroup conflict, 10503
teacher student relationships; child characteristics; conflict; closeness; academic orientations; behavioral orientations; socioeconomic status, 36061
television advertising; materialism; parent child conflict; unhappiness, 960
temperamental reactivity; situational conflict; emotion-regulatory abilities; emotion regulation; temperamental dispositions, 10272
terrorism; international conflict; Transcendental Meditation-Sidhi; crime prevention, 8903
theoretical perspectives; therapeutic processes; conflict theory, 20222
Theory of Realistic Conflict; competition; institutional settings; intergroup status; decisions; interdependence; ingroup; out-group, 7611
war; gender; culture; Mozambican women refugees; war related violence; male combatants; post traumatic stress disoder; symptoms; battlefield; social conflict, 22163
work family conflict; selection; optimization; compensation; work roles; family roles; family stress; work stress, 4221
workplace friendship; friendship deterioration; personality; life event distraction; conflicting expectations; promotion; betrayal; emotional stress, 27109

Conflict [See Also Arguments, Family Conflict, Riots, Violence, War]—Chapters

Labor unions and occupational safety: Conflict and cooperation, 2913
Leadership in a diverse workplace, 2883

Conflict Resolution [See Also Mediation]—Serials

adolescent-parent relationship; middle-class African American families; conflict; conflict resolution; family processes, 1123
alternative dispute resolution; legal disputes; procedural preferences; decision control; process control; control over choice of substantive roles; social status; role; mediation type, 33446
attachment-based psychoanalytic psychotherapy; clinicians; conflicts resolving, 29272
co-operative conflict resolution; aircraft self-separation; classroom environment; Airborne Separation Assurance System; safety, 21028
conflict management strategies; dual identity perceptions; separate groups perceptions, 19107
conflict management styles; traditional organisations, 30173
conflict negotiations; couple relationship; discursive approach; marriage therapy; blaming; expectations, 32362
conflict prevention; OSCE; United Nations; UN; Organization for Security and Cooperation in Europe; conflict management; institutionalization, 18040
conflict resolution skills; student views; bullying; student-teacher collaboration; adolescent students, 2819
conflict resolution training; Turkish elementary school students; conflict resolution strategies; treatment effectiveness evaluation, 26893
conflict resolution; art terapy; art therapists; empathy; compassion, 9316
conflict resolution; marriage; forgiveness; retaliation; benevolence; marital satisfaction; avoidance, 13325
conflict resolution; racial relations; ethnic relations; cultural studies; ethnic politics; teaching; Marxism; globalization; transnationalism; anthropology; economics; textbooks, 16141
conflict settlement; games; bargaining; social norms, 19103
CONFLICTALK instrument; adolescent conflict; conflict management; conflict management message styles; peer mediator-conflict manager programs; conflict styles, 12522
Confucian ideology; conflict strategies; Chinese family business; dual-concern conflict; conflict management, 34481
Consortium on Negotiation and Conflict Resolution; African American public school children; intragroup interactions; Conflict Resolution Education program; intragroup conflict behaviors, 14944
cooperation despite disagreement; healthcare; health care providers; health care patients; conflict resolution; bioethics; politics; morality; health care policy, 14615
cross-cultural conflict resolution; schools; intervention strategies; counselors; school violence; poor conflict resolution skills; problem solving, 33203
defense mechanisms; self-reported violence; stranger reactions; partner interaction; conflict resolution; men, 25836
domestic violence; conflict resolution skills; addictive behaviors; intimate relationship; emotional abuse; sexual abuse; Puerto Rican gay male couples; physical abuse; family of origin, 28849
domestic violence; family court; domestic court mediation; reconciliation services, 36544
emotionality; agreeableness; conflict; dispute resolution decisions; situational & cultural differences; formal procedural preferences; person perception; negative trait attributions, 34636
expressed anger; online mediation; productive anger; resolution rate; angry responses; reputation; dispute value; anger precursors; dispute resolution reciprocation, 18043
family members; conflict resolution strategies; parent-child conflict; sibling relationships; family functioning; marital conflict; mothers; fathers; siblings; family relations, 10372
family-child judicial dispute; judicial dispute resolution; JDR; pretrial resolution; child welfare; child protection matters; settlement conference; family law; conflict resolution, 14918
final-offer arbitration; Nash equilibrium; fair settlement; dispute settlement; disputants; loser's offer, 6422
friendship satisfaction; Korea; friendship expectations; cross cultural differences; feelings; conflict management; Canada; university students; friendship functions; collectivism, 1187
friendships; aggressiveness; relationship quality; conflict management; rule-breaking behavior, 22057
group interventions; dispute resolution; separated parents; parent education; marital conflict, 12421
intergroup conflict; identity affirmation; leadership; recognition; ARIA model, 18042
international conflict resolution; motivation; ineffective resolution strategies, 18047
International Criminal Tribunal for the Former Yugoslavia; ICTY; political factors; criminal trial; conflict resolution; law; international crime; international community; victor's justice, 12422
interpersonal conflict resolution; strategies; interpersonal relations; early paternal involvement, 16176
intractable conflicts; identity-based conflicts; virulent ethnocentrism, 18046
marital conflict; representations of family relationships; child perceptions; peer conflict strategies; aggression; parental behavior, 25013
mathematical modeling; conflict resolution; heterosexual couples; emotional inertia; repair effectiveness; gay and lesbian couples, 10421
mediation; child dependency disputes; dispute resolution methods; parental attitudes; justice psychology; trust psychology, 18041
mediation; parent intervention strategies; child dispute resolution; mothers, 13352
medical futility; paternalism; Hippocratic tradition; medical ethics; conflict mediation; life saving treatment; physicians; doctor patient relationship; individual autonomy; abandonment, 36021
mental health facilities; school-based health center; conflict resolution; health center personnel; social workers; interdisciplinary conflicts; school personnel; organizations, 5956
moral reasoning; conflict resolution strategies; conflict resolution skills; prosocial skills, 13234
Ohio School Conflict Management Initiative; cost-benefit analysis; school program benefits, 14702
optimum development; skills transfer; conflict-handling skills; outdoor management development; managerial skills, 36308
parental violence; family of origin; conflict management; dating couples; at risk population; communication; aggression; affect; distress, 28846
peer mediation; educational settings; mediation program; school conflict, 14704
personality traits; conflict management style; narcissistic personality; self-differentiation; divorced parents, 10381
persuasive arguments; negotiations; conflict resolution; beating around the bush; self-interest, 19119
psychometric properties; intergenerational conflict; Intergenerational Congruence in Immigrant Families-Parent Scale; immigrant families; Chinese American immigrant parents; conflict amelioration, 14990
resistance to collaboration; stakeholders' frames; environmental conflicts; Voyageurs National Park; mediation success; failure, 27179
retributive approaches; therapeutic approaches; holistic approach; suspected sexual abuse; restorative approaches; conferencing, 35391
social conflict situations; ethnic group membership; problem solving; Roma children; social helplessness; social competence, 22082
social perspective taking; aptitude conceptualization; interpersonal conflict resolution, 31478
social skills; intellectual disabilities; problem solving; conflict management, 35126
spousal dysphoria; marital conflict resolution; destructive emotions; constructive emotions; couple interaction, 13324

state role; managing ethnic tensions; Malaysia; ethnocratic state; ethnic politics; multiethnic developing societies; reconciliation; state politics, 13305
system based strategies; conflict management; collaborative concept mapping; computer mapping; students attitude; students interaction, 26889
team problem solving; emotion management; emotional intelligence; conflict resolution; performance; team performance; individual performance, 27103
territorial disputes management; international conflict; political leaders; conflict behavior; national leaders; foreign policy; policy change; military expertise, 16182
third-party sanctions; punishment; social norms; egalitarian distribution norms; cooperation norms; norm violation; norm enforcement; reciprocity, 22283
transition to parenthood; loss; abuse; resolution; adjustment; unresolved loss; sensitive caregiving; childhood loss; at risk mothers, 19062
within-group discussion; intergroup conflicts; collective effort; in-group members; team games; between group communication; conflict resolution; group competition; group incentive, 16247

Conflict Resolution [See Also Mediation]—Books

The psychology of peace: An introduction, 1053

Conflict Resolution [See Also Mediation]—Chapters

Case Study 9A. Conflict resolution in the spotted hyena, 6779
Ensuring diversity is positive: Cooperative community, constructive conflict and civic values, 5937
The role of students in resolving conflict, 5938
Transcending self and other: Mahayana principles of integration, 836

Conformity (Personality)—Serials

attribution; conformity; out-group; human emotions; intergroup relations; infrahumanization, 7649
informative intervention; group decision making; normative influence; task difficulty; conformity; overconfidence; group performance, 1177
mortality salience; creativity; conformity; connectedness; worldview defense; terror management; death, 31537
social pressure; group recall; perceived group members; conformity; individual recall; performance, 18398
values structure; religiosity; support; solidarity; conformity; benevolence; leadership; achievement; human enhancement; Northern Sotho speaking people; African vs German culture, 22197
vicarious processes; perceived speaker attitudes; cognitive dissonance; conformity; group and individual behavior; attitude changes; empathy, 31497

Confusion (Mental) [See Mental Confusion]

Congenital Disorders [See Also Cleft Palate, Drug Induced Congenital Disorders, Hermaphroditism, Microcephaly, Prader Willi Syndrome, Spina Bifida]—Serials

congenital anomalies; comorbidity; adaptive behavior; child characteristics & development; CHARGE association syndrome, 35209
Congenital Heart Disease-TNO/AZL Adult Quality of Life; health-related quality of life; congenital heart disease; test development; test validity; young adults, 24295
congenital heart disease; CHD; academic outcomes; children; cyanotic CHD, 16717
congenital hypotonia; multiple cranial nerve involvement; ocular motor apraxia; facial hypomimia feeding; brain abnormalities, 8296
congenital malformations; psychomotor development; mental development; cleft lip; child development, 16635
delayed visual maturation; infants; auditory neuropathy; auditory dyssynchrony; hearing impairment; abnormal brainstem auditory evoked potentials; otoacoustic emissions; visual fixation, 16864
developmental disability; intellectual disability; mental retardation; psychiatric disorder; Rubinstein Taybi syndrome, 13815
epileptic women; offspring; congenital malformations; pregnancies; maternal antiepileptic drugs; serum folate concentrations, 5010
fukutin-related protein gene; gene mutations; mental retardation; cerebral cysts; congenital muscular dystrophy; laminin alpha2; alpha-dystroglycan, 13552
hearing loss; hearing aid; epidemiology, 8350
hemispheric malformation; cortical development; congenital malformations; cerebral hemisphere; early childhood; epilepsy; cognitive delay; contralateral hemiparesis; genetic mechanisms, 35286
impulsivity; congenital hypothyroidism; thyroid hormone; neonatal thyroid screening; replacement hormone; early treatment; thyroid gland, 35199
inner ear anomalies; middle ear anomalies; congenital heart disease; CHARGE association; coloboma of the eye; heart defects; choanal atresia; growth retardation; genital hypoplasia, 13905
neuropsychological status; acquired brain dysfunction; congenital brain dysfunction; cerebral palsy; myelomeningocele; social problem solving; traumatic brain injury, 1880
normal pressure hydrocephalus; congenital hydrocephalus; head circumference, 35300
Periconceptional folic acid; primary care providers; neural tube defects; female members; birth defects; Multivitamins, 2340
psychosexual development; genetic males; cloacal exstrophy; social experience; aphallic males; sex-assignment; child experiences; collaboration; intervention, 32106
self-concept; congenital visual impairment; achievement motivation; self-determination; disabled people; normal people, 29198
spatial abilities; prenatal androgen abnormality; mental rotation; congenital adrenal hyperplasia, 1772

Congenital Disorders [See Also Cleft Palate, Drug Induced Congenital Disorders, Hermaphroditism, Microcephaly, Prader Willi Syndrome, Spina Bifida]—Chapters

Agenesis of the corpus callosum, 14953

Congenitally Handicapped [See Congenital Disorders]

Conjoint Measurement—Serials

conjoint measurement models; additivity; subtractivity; numerical representation; binary relation, 30525
conjoint measurement models; marginal traces; numerical representation; incomplete preferences; preference relation; decision analysis, 24318
generalized factorizable automorphisms; conjoint structures; conjoint measurement, 6404
patient preferences; cigarette cessation; alcohol cessation, 26718

Conjoint Therapy—Serials

conjoint psychotherapy; family therapy clinics; self-report measures; couples; marriage therapy, 35467

Connectionism—Serials

cognitive modeling; Connectionist Analogy Builder; analogical comparisons; knowledge representation, 3070
conceptual development; infant category learning; adult category learning; perceptual development, 24949
connectionism; attitude learning; positive and negative evaluations; computer simulation; asymmetry; false negative beliefs; false positive beliefs; approach; avoidance behavior; contingent feedback, 3090
connectionism; discourse processing; inference; recurrent networks; reasoning; logical ordering; narratives; coherence, 18004
family strengths; coincidences; connectedness; spreading generosity; unsatisfied curiosity, 28249
hemispheric asymmetries; cognitive modeling; unilateral visual neglect; cognitive disorders; line bisection task; nervous system connectivity; neural network simulation, 16800
infant categorization development; connectionist modeling; concept acquisition; infant cognition, 24940
infant categorization; simple connectionist networks; developmental connectionist models, 24985
knowledge resonance; category learning; connectionist model; Hebbian learning rule, 21034
language acquisition; atypical phenotypes; connectionist models; developmental disorders; Williams syndrome; past-tense formation; computational models, 1796
learning; articulated behavior; hierarchical neural network architecture; sensory motor learning; behavior generation; chunking, 6162
neural networks; connectionist; intention; exercise; theory of planned behavior; beliefs; attitudes, 2342
orthography; German language; words; nonwords; connectionist learning models; reading development; whole-word approach; English language; cross-language learning rate; nonword decoding accuracy, 15958
priming; recognition; amnesia; amnesic patients; repetition priming; connectionist learning model; learning rate; neuropsychological dissociations; memory systems, 1858
sequential action; connectionist approach; temporal representations; models; network mapping; contextual information; apraxia, 15282
simulation; connectionism; folk psychology; mind-reading; simulation theory; theory-theory; connectionist architecture, 10083
temporal binding; connectionist recruitment learning; delayed lines; temporal correlation hypothesis; distributed synchrony, 9266
visual encoding learning; reading fluency; letter recognition; fixated text images; connectionist model; Encoder, 27551
visual object processing; categorization experiments; perceptual categorization; object representation; infant categorization, 24989

Connectionism—Chapters

A connectionist model which unifies the behavioral and the linguistic processes: Results from robot learning experiments, 6167
Connectionist modeling of language: Examples and implications, 15879

Connective Tissues [See Also Bones]—Serials

interscapular brown adipose tissue; cold exposure; strenuous exercise; deiodinating activity; rats, 7107
joint hypermobility syndrome; trait anxiety; clinical expressions; connective tissue disorder, 35174

Connotations—Serials

connotative meanings; language acquisition; connotations; collocations, 31136
emotional connotations; words; rostral frontal cortex; retrosplenial cortex; brain, 18560
metaphorical meanings; contrastive-cognitive analysis; semantic derogation; animal metaphor; conceptualization; English; Spanish; gender differences; cultural differences, 21960
semantic priming; episodic affective priming; naming responses; connotation, 24472

Conscience—Serials
